PORCHER ISLAND MINE MAKES SHIPMENT

MACKENZIE KING DUBS MEIGHEN GOVERNMENT POLITICAL BUCCANEERS

Eighty Tons of High Grade Ore is Shipped Porcher Island Mine

The Patterson and Wright mine, situated at Surf Inlet, near Welcome Harbor, on Porcher Island, is the latest mining property to come in the actual shipping class in northern British Columbia. The mine is owned by A. E. Wright, land surveyor Prince Rupert, and Mr. Patterson, who has lived for the past years at Surf Point. The ore carries values of free milling lead and copper and a small trial shipment was made last year. This week a shipment of 80 tons of high grade ore was made to the Granby Smelter, the first shipment of the season. The ore was got out by hand, but it is understood the owners contemplate putting in machinery, to enable bigger development work to be carried out this fall.

The Belmont-Surf Inlet Gold Mining Company spent some \$40,000 on this property a few years ago and then abandoned it.

700 MEN ARE FIGHTING FIRE

Fire in Southern Interior of British Columbia is Somewhat Abating.

SEVEN, Aug. 7.—Seventeen hundred men are today battling forest fires in the southern interior of British Columbia, but the situation is easier than it has been for a week, according to the forest officials. Two camps at the Spring Shingle Co. were destroyed, a third is in danger and all the personal belongings have been carried for safety. A nearby recently burned over town of Ymir, which has been threatened for several days, is now considered safe unless snow springs up.

CONNECT CITY WITH ELEVATOR

Work From Westview Being Relocated to Make It More Convenient

A revised survey of the road to connect Westview with the city is being made by the city with a view to making it a more convenient route for crossing the railway. Last year the city constructed a road as far as the railway property and since that nothing has been done until this week. Now it is hoped the matter will get under way so that by the time grain is shipped, the road will be completed.

LOST LIVES IN AUTO SMASH

MONTREAL, Aug. 7.—Two persons lost their lives when an auto in which they were travelling got out of control when crossing over the Soulanges Canal bridge. It hit another car, crashed through the railing and fell into the canal. The bodies were recovered and it is believed the victims were Edward Flynn, 45, and his wife, residents of Montreal.

NOTICE TO LIBERALS OF SKEENA RIDING

The Liberal committee rooms, 303 Third Ave., next to the Electric Bakery, will be open Monday afternoon and evening and every afternoon and evening thereafter until election day.

FISH ARRIVALS

Two American and Six Canadian Boats Sold Total of 121,000 Pounds of Halibut This Morning

Two American and six Canadian boats sold a total of 121,000 pounds of halibut on the Fish Exchange this morning. Of this total the Americans landed 57,000 pounds and the Canadians 64,000 pounds. American caught fish averaged around 14c and 8c, and Canadian caught fish around 14c and 9c for first and second class fish respectively.

Following were the arrivals:

American	Canadian
Seattle, 45,000, to Canadian Fish & Cold Storage Co.	Yellowstone, 12,000, to Booth Fisheries.
Erie Roy, 12,000, to Booth Fisheries.	Mayflower, 3,000, to Royal Fish Co.
Ternon, 9,000; Inez H., 4,500; and Bingo, 7,500, to Allin Fisheries.	Prosperity A., 28,000, to Canadian Fish & Cold Storage Co.

TENNIS CHAMPION BEATEN YESTERDAY

SEABRIGHT, N.J., Aug. 7.—In the finals of the Seabright invitation tournament yesterday afternoon Helen Wills, national champion, lost to Elizabeth Ryan, the second ranking United States star 6-4, 6-1 while Vincent Richards vanquished Manuel Alonzo of Spain, 6-2, 10-8.

TWO NOMINATIONS IN SOUTHERN B. C.

VANCOUVER, Aug. 7.—Two nominations took place yesterday in southern B.C. They were Vancouver South—Paul McD. Kerr, barrister, Liberal. Fraser Valley—E. Manuel of Chilliwack, Liberal.

B. C. VICTORS CRICKET WEEK

Secure Dingman Trophy and Western Canada Championship in Edmonton Tournament.

FIVE STRAIGHT WINS
Batting of Sparks and Rivers Was Feature of Yesterday's Final Game.

EDMONTON, Aug. 7.—Registering their fifth consecutive victory in the week's tournament here in which all the western Canadian provincial teams were entered, British Columbia's cricket team won the Dingman trophy and western Canada championship when they defeated Saskatchewan yesterday by a score of 167 for three wickets to 161.

The feature of the British Columbia innings was the fine third wicket stand of Sparks and Rivers which brought the score from 56 to 167. Rivers had 78 not out and Sparks 33 not out. Manitoba defeated Alberta 132 for seven wickets to 130.

BEAR ATTACKS TWO PEOPLE

Men in Hospital and May Not Live as Result of Encounter With Bruin

MERRIT, Aug. 7.—Two men named Proudfoot and Ditcher who were attacked by a black bear apparently crazed by a forest fire in the Nicola woods near Claperton Lake last Thursday, lie in the hospital here today so seriously injured that it is not expected they will recover. They were packed to Merritt on a stretcher twelve miles over rough mountain trails.

Proudfoot, who was seized by the thigh was badly mauled before Ditcher rushed to the rescue and struck the animal on the head with a shovel. This action drew the beast to an onslaught on Ditcher who was grabbed by the shoulder and hurled to the ground with stunning force.

There is little doubt that the two men would have been killed outright had not a man's shirt, hanging nearby on a tree, been blown by the wind against the bear, which turned upon the garment and tore it to shreds. Meanwhile the injured pair crawled behind a stump and the animal dashed off.

CHARGE OF MURDER AGAINST A WOMAN, SOUTH VANCOUVER

VANCOUVER, Aug. 7.—Following the wounding of W. H. Robinson of South Vancouver, who is being treated in the hospital for injuries to the throat inflicted with a razor, information charging attempted murder was laid against the man's wife, who also is in the hospital seriously ill.

CONDITION OF BOIVIN IS CRITICAL TODAY

PHILADELPHIA, Aug. 7.—Hon. George H. Boivin, former Canadian minister of customs, who is sick here with appendicitis at St. Joseph's Hospital, was operated on last night and his condition is critical.

DR. R. G. LARGE WILL MOVE TO PORT SIMPSON

Taking Place of Dr. Sagar Who is Going South to Coquitlam Private Hospital

HAZELTON, Aug. 7.—Dr. R. G. Large has accepted the medical superintendency of the general hospital at Port Simpson and he expects to sever his connection with the local institution about the end of August. Dr. and Mrs. Large have made many friends here who will regret their departure. They will be especially missed in church and musical circles.

It is understood that Dr. Sagar is leaving soon for Coquitlam where he has bought out a private hospital from Dr. Sutherland.

DRIFTED OFF TO ALASKAN COAST

Captain Alex. Saint Gone to Fetch Capt. Christopher and Trolling Boat

The power boat P.R.B.H. 22, A. Saint, formerly the Leila R., left port last night for Ketchikan en route to Prince of Wales Island to render aid to Capt. Christopher, who drifted across the strait from the Queen Charlotte Islands in a 30 foot trolling boat.

From meagre details to hand it is assumed that the engine of the boat broke down and the tide and wind carried the boat on to the shores of Prince of Wales Island. The boat was drifting for four days. Capt. Christopher was able to beach his boat and by tearing out the inside improvised a skiff in which he reached a small settlement on the island.

NINETEEN YEAR OLD AMERICAN GIRL SWAM ENGLISH CHANNEL BEATING PREVIOUS RECORDS

KINGSDOWN, ENGL., Aug. 7.—What is probably the greatest swimming feat in the world was accomplished yesterday by nineteen-year-old Gertrude Ederle, the New York girl, who swam the grim waters of the English channel in 14 hours, 31 minutes, thus becoming the first of her sex to do so.

Leaving Cape Griz Nez in France at 7.08 yesterday morning she arrived here at 9.40 last evening and embarked immediately on the accompanying tug and returned to France, where she has had her training headquarters for some time past.

Besides being the first woman to swim the channel, a distance of over 21 miles, the Yankee girl made a new record for the feat, doing it in better time than any of the five men who managed to get across. The best previous time was made by Sebastian Tiraboschi, an Italian, who swam from Calais to Dover in 1923 in 16 hours, 23 minutes.

Aimee McPherson Identifies Cabin in Which She Was Held and Wishes to Visit It Again

DOUGLAS, Arizona, Aug. 7.—Aimee Semple McPherson, the Los Angeles evangelist, who has been much in the limelight of late, following her alleged abduction to Mexico and the efforts to discredit her story and the investigations of a grand jury, identified the shack in which she declares she was held captive for several days previous to her escape from her abductors and her reappearance here on June 23.

After examining the affidavits and maps and photographs Miss McPherson said "she positively identified" the shack, declaring she would like to visit it if protection was guaranteed for a safe journey in and out of Mexico.

The cabin is an adobe affair. It was discovered by J. B. Hickman, an old time Indian scout and others.

G. T. P. DEBENTURES RISE IN LONDON IN VIEW OF SETTLEMENT

LONDON, Aug. 7.—The Daily Graphic understands that a recent rise in price of Grand Trunk Pacific debentures is due to receipt of a cable from Canada stating that representatives are being sent to Britain to arrange an amicable settlement.

The change of attitude, the papers state, is due to the intervention of Reginald McKenna, chairman of the London, City and Midland Bank, who invited important Canadian interests to express an opinion on the situation.

Mackenzie King Says Members of Government Are Political Buccaneers on Ship of State

ROSTHERN, Aug. 7.—A sweeping attack was launched at the administration of Premier Meighen by Ex-Premier Mackenzie King here last night. Of the ministry he said: "Every one is a political buccaneer. They seized the ship of state, not a tug on the St. Lawrence, and after throwing all the members of Parliament and senators overboard by closing its doors, they start on their joy ride through the country at the people's expense.

"The people of Canada are going to see that these political pirates get their just desserts."

CUSTOMS INQUIRY ADJOURNED AGAIN

Heard Statement of Doucet and Continues in Ten Days

QUEBEC, Aug. 7.—Following a brief session in which a statement was read on behalf of A. J. Doucet, former M.P., by Hon. Boleyn, his counsel, and in which the log book of the customs cruiser Margaret was produced, the enquiry which began here on Thursday, under the presidency of Sir Francois Lemieux, adjourned today. Lemieux continues the investigation of customs conditions at Halifax in about ten days.

Boleyn's statement said that the commission which heard a few witnesses on particular facts, "had not yet reached the essential facts pertaining to the affairs."

INDIANS CUT DOWN LEAD OF YANKEES IN AMERICAN LEAGUE

NEW YORK, Aug. 7.—The baseball series between the Cleveland Indians and the New York Yankees, regarded as important because it gave the former an opportunity to cut down the impressive lead gained by the Yanks, ended yesterday with New York's conquest of two games to one. The winners were outlined in the final conquest, but had piled up an early lead with four runs in the opening inning.

In the National Pittsburg gained a full game, beating Boston. The victory was costly, however, as the young shortstop, Glen Wright suffered an injured leg and it is expected he will be out for several days.

STEAMER ABANDONED NEAR SAN FRANCISCO

SAN FRANCISCO, Aug. 7.—The marine department of the chamber of commerce announced this afternoon that the steamer Norlina, ashore off Horseshoe Point had been abandoned and the crew was returning to San Francisco.

ELECTRIC STORM IN CENTRAL ONTARIO

TORONTO, Aug. 7.—The western central district of Ontario was visited last night with an electrical storm accompanied by a heavy rainfall which damaged standing grain but benefited the root crops.

CYCLONE NEW YORK STATE; MUCH DAMAGE

Trees Tossed Across Fields and Against Houses By Wind

SYRACUSE, Aug. 7.—Lightning of unusual intensity, accompanied by a record-breaking rainfall, formed a miniature cyclone which struck central New York last night leaving in its wake roads strewn with wrecked buildings, tree limbs, tangled electric wires, charred trees and the burned ruins of at least one building.

Sweeping down from the north the storm's greatest force centered near Liverpool, a suburb of Syracuse, where hundreds of salt vats, trees and telephone poles were tossed across fields and against the houses by the wind. Two lightning bolts struck the city, one destroying a barn and splintering a large tree.

The raging torrents of water made the city streets impassable.

NOMINATION IS TONIGHT

North Vancouver to Choose Liberal Who Will Oppose Gen. McRae.

VANCOUVER, Aug. 7.—Political speculation today turned to the possible developments at the Liberal convention in North Vancouver tonight when a candidate will be chosen to oppose General McRae, the Conservative nominee. It is reported that G. G. Metger will be tendered the nomination, despite the fact that he previously announced his intention of retiring from public life, at least temporarily.

It was learned today that R. H. Gale, a former mayor had consented to confer with the Provincial Liberal leaders in respect to his possible acceptance of the nomination in West Kootenay.

Mrs. Falick and child will sail on the Prince George this evening en route to Los Angeles to join Mr. Falick, who is now permanently located in that city.

LADIES MEETING

An organization meeting of all ladies who favor the candidature of J. C. Brady will be held at the Conservative Committee Rooms, opposite the Federal Building, on the evening of August 9. All those who are willing to assist in the election of the candidate are cordially invited. 185

Boost your town and the town will boost you. Knock your town and you'll get the knocks back.

Mackenzie King Looks for Victory.

Right Hon. W. L. Mackenzie King, who was unconstitutionally ousted from power by Governor Byng, says he expects to be returned again at the forthcoming election. He sees a solid Quebec and a solid Saskatchewan and a majority large enough to enable him to form a Government free from all other parties. As some of his supporters say, the only way to secure a party with a majority in Parliament is to return Mackenzie King. Ontario is said to be wavering slightly in favor of the Liberals and Vancouver may yet prove to be as wise politically as Prince Rupert. What seems certain is that the Liberals will lose nothing in this province and they may gain a few seats. They will make substantial gains on the prairies and it is said that the Maritimes are tired of their Conservatism. Under these conditions the proper thing for Prince Rupert people to do, it would seem, is to again send a Government supporter in the person of Fred Stork.

Back Up Merchant Marine in Efforts to Establish Line.

It is understood that the general manager of the Canadian Government Merchant Marine is on his way east for the purpose of trying among other things to arrange for the establishment of a line of steamships giving a regular service between Prince Rupert and Oriental ports. If this is carried out it will be a great thing for Prince Rupert and this city should do its utmost to back up the C. G. M. M. in its efforts. If General Manager Keeley can get that line established it will be a great thing for Canada and particularly for this bit of Canada on the Pacific. No efforts should be spared to urge upon the company the desirability of the establishment of this line.

Alaska Company And Prince Rupert.

We know nothing about the new company that has been formed in Alaska to do shipping between this continent and the Orient, particularly trading on the coast of Alaska, but if they plan to use Prince Rupert, as stated, it will be welcomed here. We want as many strings to our bow as possible. No big city can make progress with only one or two industries or supported by only one or two big concerns. It is multiplicity of trade that makes for advancement. As we become more important, new industries will come of themselves and transportation companies will vie with each other for our trade. Just now, however, we are glad to learn of any concern that contemplates doing business with us.

Doubtless Brady Knows About Bootlegging.

J. C. Brady is reported to have said that the Government of Mackenzie King was in league with smugglers and bootleggers, and of course he knows. He is in the happy position of having a wide experience and being a man of great affairs, so it is easy for him to make these sweeping assertions against the other great men of Canada.

We should like to remind the electors of Skeena that it takes more than a lot of general sweeping charges to discredit men who are giving their life work in the service of Canada. We believe that Mackenzie King is so big a man that he can afford to disregard with disdain the little mosquitoes that try to annoy him. We believe that Mr. Meighen is equally free from the influence of smugglers and bootleggers and we should object just as strongly if Fred Stork were to make such insinuations against him.

Let us try to get away from this sink hole style of politics and have some respect for ourselves and our Canadian nation.

EVIDENCE IN HANSEN CASE

J. W. Nicholls and Diver Tell of Losing and Recovering Money.

FOUND IT IN SACK

Method of Financing Buyers Explained By Controller of Company.

At the continuation of the preliminary hearing in the case of Capt. Harbert A. Hansen, charged with the theft of \$4,000 from the Canadian Fish & Cold Storage Co., in the city police court yesterday afternoon before Magistrate McLeod, William Schelin, the diver who recovered the lost cash box from the bottom of the harbor, on July 27, gave evidence, and J. W. Nicholls, comptroller of the Cold Storage Company, also took the witness stand. Mr. Nicholls identified documents taken from the Chief Zibassa subsequent to the robbery and testified to the amounts paid out to Captain Hansen while acting as fish buyer at Hippo Island for the company.

Diver's Actions

Diver W. Schelin gave evidence to the effect that he had been employed by Capt. A. Swanson to undertake some diving work in the vicinity of the Cold Storage plant on July 27. The diving party landed with their gear on the derick scow which was moored alongside the steamboats at the Gold Storage dock. After searching in different directions from the scow at the bottom of the harbor he scared a devil fish away by clapping his hands and saw a sack near where the devil fish had been. The distance of the sack from the anchor was about 12 or 14 feet and about 12 or 14 feet from the broadside of the scow. He lifted the sack and tapped it with his hand and then gave the signal to go up. When reaching the top of the diver's ladder he handed the sack to one of the Cold Storage staff who in turn handed it to the police, but did not see the sack opened. Witness identified a sack produced in court as similar to the one he had recovered. He was just coming up the ladder when he heard someone say he had found what they were looking for.

J. W. Nicholls' Evidence

J. W. Nicholls, comptroller of the Canadian Fish & Cold Storage Company, next took the witness stand and identified accused, who he stated was working for the company on July 23 last. The present season was the third season Capt. Hansen had acted for the company as fish buyer at Hippo Island.

Accused had been buying fish for the company since April 20 last, both on the Chief Zibassa and the Grier Starratt. Captain Hansen had made the first trip this season to buy fish on April 20 and had received \$4,000 for the purpose of buying fish at Hippo Island, and had no authority to spend the money in any way but to buy fish for the Cold Storage. On the initial trip men buying fish were given a check for a sum of money which would approximately correspond to the amount of fish purchased on a trip. When a boat returns, after having purchased fish it is checked up, the captain is given a cheque for the amount of fish purchased which brought him back to the original amount received.

The first cheque for \$4,000, given to Capt. Hansen this season, was produced in court and identified by Mr. Nicholls. Accused had borrowed \$500 from Mr. Moorehouse on June 14, the cheque representing the fish purchased by Capt. Hansen around June 14 last.

Mr. Ganzales: "If Capt. Hansen had \$4,000 would it have been necessary for him to have borrowed \$500 more from Mr. Moorehouse?" Witness: "No."

Counted the Cash

Witness stated that he had had a conversation with accused, after the robbery was reported on July 23 in his office at the Cold Storage plant and at that time accused was not either under arrest or suspicion. During part of the time the conversation was in progress Mr. Darton had been present. Witness said that when he got back to the office at 2:45 p.m. he found Darton in his office at the telephone, who said that he (Darton) had been trying to find Mr. Johnson or himself and that Bert Hansen had reported to him that the boat had been robbed of

\$4,000. Captain Hansen's story was that he had arrived at the Gold Storage plant at 8 a.m. and had gone through the boiler room when Bernay spoke to him and asked him what he had got on his hip. Hansen had made no reply but waved his hand. Capt. Hansen had gone on the Chief Zibassa and had called down to the engine room to see if T. Moorehouse was on board, but received no reply. He then went to the pilot house and into his cabin where he started to count the money on the table.

Hands Up

He was about half way through counting the money when Capt. Fred Walters of the W. R. Lord, came into the pilot house and said "hands up." Walters asked Hansen for two hooks and Hansen went and got the hooks, returning to the pilot house to finish counting the money. He found that he was \$5 short. He then put the notes into the cash box, the tray containing the silver on top of the notes, locked up the cash box and put the cash box into a drawer under the bunk. He then locked up the drawer and left the cabin, but was not quite sure whether he locked the cabin floor or not. When bringing his money down in the morning he had it in a sack and put the sack inside his shirt on the left-hand side. Accused said that the previous afternoon Mr. Blance had told him to bring the money down to the office. That same night, the Thursday night, he counted his money at home when he found it was 15c short, which he made good. The next morning when going down to the plant Capt. Hansen remembered that he must have been more than 15c short because he recollected having spent some money at Hippo Island before coming in. He had bought some cigarettes in the store and had taken two tickets in a raffle for a gramophone. He left the Chief Zibassa that morning to go home to get the \$5 around 8:55 a.m. On his way toward the mill-site he met first the cook and secondly the deckhand. Captain Hansen said that he went home and got the \$5.

About 11 o'clock he went down in the fore-castle, accompanied by Capt. Pearce of the Fredelia to get a cup of coffee. He had afterwards gone to the general office with Frank Cameron with whom he returned around noon to the Chief Zibassa and had lunch. About 1:55 p.m. he went back into his cabin and found the lock had been forced. Upon discovering this, accused had gone to the engine room and called Tommy Moorehouse and showed Moorehouse the forced lock. After trying to find Mr. Johnson or himself they went up to the office and reported the robbery to Mr. Darton.

Log Book

A log book taken from the Chief Zibassa after the robbery was produced in the court and identified by witness showed \$2,730.00 in notes and packages of silver which had not been broken, and cash elsewhere of \$705.00, a total of \$3,335.00, a difference of \$565 in the total amount. The log showed that fish had not been purchased until April 27.

Mr. Johnson, manager of the Gold Storage plant, had asked Capt. Hansen subsequently if he had at any time used money of the company's for any other purpose than for buying fish, and accused had replied that he had for the purpose of purchasing liquor for the fishermen.

In reply to a question by Mr. Patmore, witness said that he did not know what amount of money accused had expended in liquor for the fishermen, but that Capt. Hansen had been receiving the money from the fishermen and reimbursing the company.

Mr. Patmore: "When you gave him the new cheque for the amount of fish bought did you check up with him to see that his balance on hand was correct?" Witness: "No."

Mr. Nicholls explained that it was possible for a man to run through the whole season without taking a check on his cash, the company paying for the amount of fish purchased, such amount thereby bringing the skipper's money up to the original sum. Capt. Hansen had not been previously reprimanded on any money transaction with the company.

Inspector Spiller

In giving evidence Inspector Spiller told of having a talk with accused before the arrest. Capt. Hansen had then related to him about counting the money to within \$5 of the \$4,000. He (Capt. Hansen) had tried to remember the various denominations of the bills but was not sure on this

RECEIVED By Mistake

Last week, much to our surprise, we received a parcel of ready-to-wear dresses. Now, we are not in the ready-to-wear business and have not the facilities to try on, fit and alter dresses. So we wrote the manufacturer, asking what he wished us to do with these dresses. He replied: "Sell for what you can get." These dresses go on sale today as follows:

Ready-to-wear Dresses

- 10 COTTON CREPE DRESSES at \$1.50 each
3 SPUN SILK DRESSES at \$5.00 each
10 FIGURED GEORGETTES at \$9.75 each
10 COTTON CREPE, FLAT CREPE and CHARMEUSE SATIN at \$13.75 each

Stork's Hardware Limited 710 Second Avenue

point. The captain had put the money into the cash box, the cash box into a drawer and had then locked the drawer and was pretty sure that he also locked the door of the cabin. Capt. Hansen had told of his working on the boat in the morning of the robbery and that he had no reason to suspect that any member of the crew aboard was crooked.

Witness then described approximately at what point the box had been found by the diver, and thought it had not been thrown very far from the point at which it was found.

Provincial Police Sergeant Hannah gave similar evidence. The case was adjourned until Monday.

WATER NOTICE

Diversion and Use

TAKE NOTICE that Somerville Cannery Company Limited, whose address is Gore Avenue Wharf, Vancouver, B. C., will apply for a license to take and use 25 gallons per minute of water out of un-named stream, which flows northerly and drains into Ferguson Bay, Masset Inlet, about 4 chains west of N. W. corner Lot 1571, Queen Charlotte Island District. The water will be diverted from the stream at a point 6 chains in a south westerly direction from N. W. corner of Lot 1571, Q. C. Dist., and will be used for industrial and domestic purpose upon the land described as Block A, Lot 1571, Queen Charlotte Dist. This notice is posted on the ground on the 14th day of July, 1926. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B. C., with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is July 20, 1926. SOMERVILLE CANNERY COMPANY, LTD., Applicant, By E. D. MATHERS, Agent.

SCHOOLMASTERS FROM ENGLAND TOURING
MONTREAL, Aug. 6.—That Canada is looked upon by school teachers and those who have the responsibility of looking after teen age children as a country where much of an educational nature may be learned, is evidenced by the fact that among the Megantic's passengers who are due at Quebec on Saturday are, H. Moorehouse and G. A. White, English schoolmasters who are making a tour of the Dominion from coast to coast over Canadian National lines. They propose spending the month of August gathering first hand information as to the opportunities and conditions throughout Canada.

WEATHER REPORT
Terrace: Clear, calm, temp. 60.
Anyox: Clear, calm, temp. 61.
Stewart: Clear, calm, temp. 62.
Hazelton: Clear, calm, temp. 55.
Smithers: Clear, calm, temp. 63.
Burns Lake: Clear, calm, temp. 50.
Telegraph Creek: Clear, calm, temp. 60.
Whitehorse: Clear, calm, temp. 57.
Dawson: Clear, calm, temp. 50.

THE MAN IN THE MOON says:
There is an election soon to decide who is to be honorary president of the Prince Rupert Board of Trade.
The other day I heard a man say that hell did not impress him. I suppose you can become used to anything.
Let me see who is a good guesser. I will give five votes to Brady for any man who can tell me what it is that is painted in front, shingled behind, and has rooms to let in the attic. Now don't all yell at once or there may a riot.
Some people find it difficult to keep their boats afloat and others cannot sail the matrimonial sea without wrecking something.
Two can live just as cheaply as one if the two happen to be a flea and a dog.

The tourists walked
As tourists will
Across the dock
And up the hill,
And stopped and looked
Across the sea,
Then said we want
To see Brady,
They tell me he's
The rarest brand
Of politician
In all the land.
He wanders off
Footloose and free
And shouts aloud
For liberty—
Would purge his country
From all dross
And save it from
The Liberal boss.
We've climbed the hill
To take a view
Of sentiments
So bright and new.
We never heard
A man to rave
About a country
He would save.
It's new, I tell you
New as Eve,
A wreath on his brow
I wish to leave.

Church Notices

St. Andrew's Cathedral (Church of England)
Sunday Services
Morning 11.00 a.m.
Evening 7.30 p.m.

GEORGE HAZLETT, ACTIVE ALASKAN, DIES AT CORDOVA

CORDOVA, Aug. 6.—George H. Hazlett, 85 years of age, for 28 years a leading figure in Alaska, died Thursday after a week's illness. He was the first mayor of Cordova.

Hazlett came to Alaska in 1898, and after locating a gold site, organized a mining company and had charge of the first construction work on the Copper River of the Northwestern Railroad.

DIED THIS MORNING
The death occurred at the General Hospital early this morning of Miss Helen Seeber, aged 20, of Shannon Bay, Queen Charlotte Islands. Deceased, who arrived in the city on August 5, was born at Kault, B.C., and is survived by her mother, Mrs. Annie Seeber, Salmon Arm, B.C. Funeral arrangements are in the hands of the B.C. Undertakers.

THIEFVAL COMING
Lieut. Ponder, in command of the local unit of the Royal Naval Reserve, has received word from the south that H.M.C.S. Thiepvall, commanded by Lieut. Godfrey, R.C.N., is due to arrive here on August 14 and will remain until August 18.

PURE BEER
Facts of the Brewing Industry in British Columbia
THE Brewing Industry of British Columbia employs hundreds of men with an annual payroll of about three-quarters of a million dollars, using per annum nearly ten million pounds of malt, made from barley grown in Canada, and over one hundred and fifty thousand pounds of hops produced in British Columbia.
It requires over one hundred thousand dollars for fuel, mined in British Columbia, to produce the beer consumed in this province. Many hundreds of thousands of dollars are paid by the brewers annually for materials such as bottles, coppers, crownstoppers, labels and bottle wrappers—all of which are manufactured in Canada.
THE taxes paid by the breweries to the Government amount to over eight hundred and seventy thousand dollars per annum, exclusive of income taxes.
THE citizens of this province must recognize the importance of such an industry and help to build it up; payrolls and industries are building cities and are the foundation of prosperity.
THE Amalgamated Breweries of B. C. are manufacturing good beers, fully matured and aged, a product recommended by physicians on account of its nourishing and health-giving qualities; these beers contain only a very low percentage of alcohol and therefore are the proper stimulant needed when exhausted or overworked, as recognized by medical authorities.
THE Vancouver Brewery Limited, Rainier Brewing Co. of Canada Limited, Westminster Brewery Limited, Silver Spring Brewery Limited and the Victoria Phoenix Brewing Co. Limited, members of the Amalgamated Breweries of B. C., are under supervision of the Liquor Control Board, and their beers are analyzed from time to time by expert firms of the continent upon instigation of the Liquor Control Board, which gives ample assurance to the public that they receive only pure and wholesome beers when bought either in the Government Vendor Store or in licensed beer parlors.
This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia.

MOOSE WINNERS FOOTBALL GAME

Moved Out Ahead in Close Game With Score of 3 Goals to 2

The Grand Terminals and the Moose locked horns last night in the Mobley Cup series, emblematic of the city football championship, the Moose nosing out a victory by the narrow margin of 3 goals to 2.

The Terminals already had a strangle-hold on the cup but the Moose were determined to register their first victory in the series.

The Moose won the toss and kicked down hill. After a determined attack Percy Tinker scored the opening goal for the Moose from a nice centre from Hodgkinson. Shortly after Hodgkinson scored a second goal. The Moose continued to have the better of the play and a shot by Geo. Mitchell was deflected by H. Menzies into the net for the Moose third tally. This reverse put new life into the Terminals, who penned the Moose in their own half for a considerable period. The Terminals were awarded a penalty but Dickens shot wide. After a fruitless corner the Moose returned to the attack, but no additional goals were scored. At half-time the Moose were leading by 3 goals to nil.

On resuming, play was fast and interesting and after ten minutes' play W. Mitchell reduced the lead for the Terminals with a nice shot from a 20 yard range. The combination play of the Moose was superior to that of the Terminals, but several good scoring opportunities were missed. W. Mitchell further reduced the Moose lead with a curling shot. The Terminals tried hard to equalize but the handicap proved too much for them and the Moose ended victors by a 3-2 score. G. Krause was the referee.

SPORT CHAT

Officials of the P.R. Swimming Club report that the club's finances are low and that the public has not been very responsive with their contributions this season. Considerable work has been done at the lakes this year including roofing of the dressing rooms, repairs to floats, rock blasting, etc., which all costs money. Doubtless finances would come in better to swell the club's exchequer if a more proper system of collection was in vogue. While a few people have been asked for, and have paid, their dues of a dollar, there are many in town who would willingly pay dues if they were asked and knew to whom they could be paid. Anyone reading this paragraph, and being desirous of aiding the club officials to carry out their excellent work in providing swimming accommodation at the Salt Lakes, can pay their dues for the present year at the Prince Rupert Boat House to Alex. Saint who is the club secretary. It would seem to be good for someone to make a personal canvass at the lakes during the sunny afternoons and evenings when the lakes are in use.

Decks of playing cards which bore dates from 1714 to 1765 were exhibited recently in London.

King Alfonso of Spain, under the incognito of the Duke of Toledo, recently played a fine game of polo for the El Gordo team against the Hurricanes at Hurlingham. The El Gordos, who received a two goal handicap, defeated the English players 7 goals to 5. King Alfonso scored a fine goal in the fifth chucker and made a brilliant run in the final period which resulted in the last counter for his team.

WHIST DRIVE AND DANCE BY MOOSE HELD LAST NIGHT

A successful whist drive and dance was held last night in Moose Hall by the Loyal Order of Moose. At the conclusion of card playing, dancing was enjoyed to music furnished by Mrs. Ponder's orchestra. Delightful refreshments were served at midnight under direction of Mrs. J. Field after which dancing continued until the early hours. Prize-winners at cards were: Ladies—Mrs. B. Wilson, Miss

BRINGING UP FATHER

Ida Smith, Mrs. G. E. Gulick. Men's — J. McDonald, F. C. Cole, J. McLeod.

Joe Slagard made an efficient master of ceremonies and T. Elliott was of the door.

TRAVEL, BIOGRAPHY AND HISTORY BOOKS ADDED TO LIBRARY

Among the books on travel, biography and history added recently to the public library are the following: "Gipsy of the Horn," by Clements. "Sea Adventurers of Britain," by Dorling. "Roving Through Southern China," by Frank. "On the Roof of the Rockies," by Freeman. "Barren Grounds of Northern Canada," by Pike. "Here's Ireland," by Speakman. "Beyond Khyber Pass," by Thomas. "Romantic 90's," by Le Gallienne. "Intimate Papers of Colonel House," by Seymour. "Mme. de Pompadour," by Williams. "Sir William Van Horne," by Vaughan. "Wellington," by Fortescue. "Six Prisons and Two Revolutions," by Baldwin. "Long Road to Victory," by Buchanan.

Jas. Proctor left the first of the week to visit friends at Calgary.

HAZELTON

Angus McIntosh and his bride, for whom he recently went to Scotland, spent a week in town before going to Prince Rupert to reside.

Chas. Ek, well known prospector, railway construction man, and of late years a Kispitox Valley rancher, was in town the

first of the week after spending quite a time on the Yukon Telegraph line. He has gone out to his farm to get his crop under cover.

The son of Mr. Tredway of Dorreen was a patient at the hospital the first of the week for a few days.

Dr. Wrinch, M.L.A., is now in Toronto with his son Leonard.

Misses Ralphena Wrinch and Jessie Watlie were in Smithers this week.

Rev. J. C. and Mrs. McConaughy, and Misses Frances Long, Hazel Duff and Elizabeth Berg, all of Wilkesbury, Pa., were guests at the Omineca Hotel this week. The party enjoyed good fishing at Hagwaget and Kispitox, but the chief attraction for them was the scenery.

PRINCE GEORGE

William Graham started south on his holidays on Sunday, accompanied by Mrs. Graham. They will spend two weeks in motoring through the south.

Mr. and Mrs. V. N. Bogue started out on a trip this week, which will take them through the Peace River section, going in by way of Summit Lake and coming out via Edmonton. Dr. M. W. Kirk accompanies them.

Mr. and Mrs. Herbert Porter and family left the city on Monday for a trip to the headwaters of the Parsnip River. They motored to Summit Lake and will cover the rest of the way by water transport.

Mayor Taylor recently left the city on a motor trip through the southern portion of the province which will occupy three weeks. He was accompanied by John Ferguson and H. Wood.

F. J. Claxton, the gentleman farmer of Port George, cut his field of wheat on Tuesday, two weeks in advance of any previous year. Although in his 88th year, Frank stepped into the field with a cradle and laid the golden grain down as he was

A Well Known Man

He lives in Prince Rupert. He got a little older. He lost his reading glasses. They had never been quite comfortable. They had been the best he could get. We examined his eyes. He needed distance glasses, as well as reading glasses. He said no. We fitted reading glasses only. He went to Vancouver. He came back with distance glasses. He wears them all the time. Now his reading glasses suit. He is convinced now. It's a great life!

WATERFRONT WHIFFS

Gossip of the waterfront about boats coming and going and the latest news from the fishing grounds

While the volume of halibut landed this week has not been as heavy as for the previous week, prices for both American and Canadian fish have been remunerative and no "kicks" have been registered from either the fishermen or fish buyers. For the period under review the landings started off well but dropped off, as is usual, toward the latter part of the week. On Saturday last the total landings amounted to 192,000 pounds; on Monday to 178,000 pounds, and on Tuesday to 153,000 pounds. On Wednesday the landings totalled 87,500 pounds, on Thursday

need to write in this strain. The swimming club needs the money. The yacht Sueja, owned by Captain Griffiths, head of the Coastwise Steamship and Barge Company, who is on a trip in northern waters, put into Anyox from Stewart on Wednesday. Capt. Griffiths called into port Thursday on his way south en route to his headquarters in Seattle, for which point he left yesterday morning.

Swimming Gala
Capt. A. Swanson, president of the Prince Rupert Swimming Club, has plans under way for the staging of a swimming gala at the Salt Lakes during the month. The date has been tentatively set for Sunday, August 21. Cap promises that the gala will comprise something original in the way of aquatic sports and will include championship races for ladies, men, boys and girls; a comic costume race; fancy and high diving events, canoe races, etc., and given fine weather it will doubtless prove a great day in local amateur swimming circles. Prizes to the value of some \$700 will be offered, including various silver cups up for competition.

How About It?
Speaking of swimming club matters, it is a fact that of all the persons enjoying the benefits of the Salt Lakes in the summer there are very few that have paid a membership this season to the club. There has been considerable work done at the lakes this year, including a new spring board, a new dam, rocks blasted, roofing of the ladies' and men's dressing rooms and other incidental and necessary expenditures, and it is only by public subscription that these expenses can be met.

The annual membership fee is only a dollar, but if everyone who enjoys the salubrious waters at the Salt Lakes paid their mite for the privilege there would be no

insurance and will in future arm herself with a set of auto bumpers in case of any more collisions.

Ben Self, accompanied by his secretary, Harvey Fraser, graced the waterfront with his presence on Thursday afternoon. The topic of conversation overheard was anything but politics. The nautics were glad to renew acquaintance with the two popular locals and everything went off without a hitch—as the darkie said when his mule ran away.

Capt. Fred Parker, owner and skipper of the Wrinkle, has been busy for the past several days in seining at McNichol Creek for sockeye and humpbacks, and has met with no small measure of success. On Thursday morning a ghastly rageday was narrowly averted when the Wrinkle pulled into the dock of the Atlin Fisheries, in a sinking condition, and but for the strenuous efforts of the crew, aided by willing hands from the fish house, the Wrinkle would now be all wrinkles at the bottom of the harbor. When the boat pulled in it was quickly discerned that she was gradually sinking as the result of overloading. Two of the crew manned the pump while two baled for dear life and the fifth member valiantly pitched fish into the slings of the Atlin hoisting plant. It was a near thing, all right.

According to the latest reports from the Naas river district the salmon fishing has been erratic during the past week and the pack is increasing slowly.

The tug Imp, owned by the Pacific Coal and Navigation Co., arrived in port on Wednesday with a scow containing 500 tons of coal from Nanaimo.

The new 60 foot fish packer and seiner has recently been completed at the McLean yards for John Field. John was out on a trial trip on Thursday afternoon and judging from appearances was having a little difficulty in getting the various gadgits ground in.

The Big Bay Lumber Company transhipped a carload of lath from the old Smith mill site at Seal Cove to the local yard this week.

Mrs. George McAfee, accom-

southern laundries a run for their money.

Bob Thomas, the working marvel at the P. R. Boathouse, entertained a number of his friends aboard the Launch 23 on Wednesday evening. The party took a run to Mellakath and enjoyed a picnic on the beach. It is said on the waterfront that unless you have been a guest at one of Bob's picnics you don't know what a picnic is. Of course opportunity is a fine thing sometimes.

John E. Davey, the popular Cold Storage fish buyer, is a changed man now that the family is back from the south. While they were absent it wasn't safe to go within ten feet of John. So downhearted did John get that he started in to clean up the house, while the rest of the family were absent, and the thought struck him that he'd put some new wallpaper on. Well, he just did that to the house but in wandering moments went and plastered the paper on the outside of the house instead of on the inside. However, a little thing like that didn't faze John, who is now busy transferring the wall paper from the outside to the inside.

Capt. Alex. Saint, who has just returned from Anyox on the Leila B. after towing a barge of 80 tons of ore to the Granby smelter from the Patterson Mine on Porcher Island, reports that there is considerable boating activity at the smelter town. The northerners have the motor boat bug badly and the bay at night is crowded with amateur skippers out to test the compasses. Alex. mentioned a good stunt they have up north. When a motor boat goes out the owner chalks up on a blackboard the time he leaves, where he is going to, and what time he expects to be return. If he does not return within a reasonable length of time the Granby Company send out a motor boat to look for him. There seems to be considerable merit in this idea, and might be a good stunt for local motor boat owners to adopt.

Paddy Crone, wharf superintendent at Anyox, is enjoying a two week's holiday at Larcombe Island with his family. Provincial constable Smith of Anyox has his family over at Alton Arm on a camping expedition for the summer months.

A 4 h.p. Easthope engine has recently been overhauled by Capt. Swanson's mechanics for the Babine Lake hatcheries. The engine was shipped east on yesterday's train.

She Was Scared
That certain party got an awful scare this week on the waterfront. While standing in the doorway of her palatial office along came Charles Morris with his flivver at a good rate of speed on a wet plankway. Charlie misjudged the distance by a fraction and in putting on his brakes the car skidded and hit the Woolworth looking building with a good bump. The building shook and that certain party turned the color of sour milk with fright. It is said that she has now taken out accident

Swiped Chicken
It might be unsafe to pack a quantity of booze on a boat with the possibility of highjackers cropping up at any moment, but one would think they could pack a honest - to - goodness roasted chicken on the deck of a boat without fear of same being purloined. However, it remained for the schooner Ringleader to suffer the sad experience of being robbed of a cooked chicken recently. The cook had gone to a lot of trouble roasting the dainty for the night meal and had left it up on deck to cool off, but even cook's miss their guess sometimes. The schooner D. S. T. chanced to be running alongside a little later and espied the toothsome morsel on a shelf on deck. In less time than it takes to tell the D. S. T. had run alongside, lifted the chicken and proceeded on her way. When the cook came on deck to get the chicken the fireworks started, and the crew of the Ringleader did some tall guessing as to how the barnyard dainty had disappeared. After hunting high and low they came to the conclusion that probably an eagle had lifted their dinner, and let it go at that. But the D. S. T. repented of her action a little later and waited for the Ringleader at Six Mile Point where the chicken was handed back to the lawful owners. Did the cook smile? 'Til leave you to guess.

Tom Morrison, chief engineer on the lighthouse tender Estevan, who recently took up permanent residence in Victoria, recently wired for his wonder washing machine to be despatched by express. This washing machine, and combined milk mixer, was the basis of Tom's colossal fortune when he ran a one-man power laundry here with an automatic starter. He is bound to give the

CROWDS ATTEND ARMY SERVICES

Commissioner and Mrs. Rich Preach Effectively Both Outside and in Citadel

Splendid crowds gathered last night on the street corner and also at the inside meeting in the Salvation Army citadel to listen to Commissioner and Mrs. Rich, leaders of the Salvation Army in Western Canada and Alaska, who are here on their way to conduct a native congress at Port Essington.

At the open air meeting the commissioner spoke to men of opportunities and how to grasp them. At the inside meeting Mrs. Rich spoke particularly to young people and urged them to life their eyes to the hills from whence cometh their help. Commissioner Rich at the same gathering spoke to the congregation on the faith of Peter, urging them not to warm themselves at the fires of the world and never to try to fight the battles of the Lord with carnal weapons.

Colonel McLean assisted in the services and the scouts and guards paraded to the services. At the close ten people came out to the altar.

SURPRISE PARTY FOR BRIDE TO BE

Miss Elizabeth Currie Recipient of Many Presents From Visitors Last Night

A surprise party was given last night by Mrs. T. Beattie and Mrs. J. McKechnie at the St. Andrew's rooms in honor of Miss Elizabeth Currie, daughter

A Balance in the Bank

THE allowance of the housewife, or the salary of the business girl, will last longer and go farther if paid into the Bank and withdrawn only as required. The temptation to spend for unnecessary things will be less, and the balance to carry forward each month will be greater.

Ladies will receive courteous, helpful attention from our Staff.

The Royal Bank of Canada

Prince Rupert Branch F. E. Robertson, Manager

NEW HEAD OF ALPINE CLUB

Col. F. C. Bell of Vancouver Succeeds A. F. Wheeler at Annual Meeting Yesterday

TONQUIN VALLEY, Jasper National Park, Alta., Aug. 6. (By Courier).—The resignation by A. C. Wheeler, since 1919 director of the Alpine Club of Canada and his appointment as honorary president in succession to Baron Byng of Vimy, together with the election of Col. F. C. Bell of Vancouver as president of the club were the outstanding features of the annual business meeting held at the main camp yesterday afternoon.

Another important event was the acceptance by the club of an offer made by Major and Mrs. Fred Brewster of Jasper of a permanent Alpine Club hut to be erected in the Tonquin Valley either near the Inkwells in Geikie meadows or on Surprise Point, the selection to be left to the executive committee of the club in consideration of the valuable services of Mr. Wheeler and at the express wish of the donors this hut will be known as the Wheeler hut and it will be built in time for next year's climbing operations.

With the resignation of Mr. Wheeler the position of director of the club is abolished and the meeting recommended for confirmation by ballot of all members an amendment to the constitution placing the functions of the director in the hands of a management committee to be chosen from the executive board and to consist of the president and two members of the executive. The resolution also empowered the executive to proceed along these lines until confirmation by ballot is recorded.

NATIONAL PROHIBITION ASKED IN MANIFESTO

MONTREAL, Aug. 6.—"Prohibition complete and nation wide is Canada's immediate need," says a manifesto issued by the education committee of the council of the dominion temperance alliance. "Citizens who desire national prohibition should support only men who believe in national prohibition," the statement said.

FINE EDITION OF THE KETCHIKAN CHRONICLE

The management of the Ketchikan Chronicle has put out a very fine fisheries edition which was published on August 4. It is well illustrated and shows the industries on which the First City of Alaska flourishes. It is particularly well supported by the merchants of that town in the form of advertising.

KETCHIKAN TO HAVE BROADCASTING STATION

KETCHIKAN, Aug. 6.—A license has been granted R. R. Thornton of Ketchikan to operate a broadcasting station here. He is now in the south securing further equipment for the station, which he announces will be in operation soon.

READING ROOM FOR FISHERMEN

Officials of Union Church Return from Dundas Island After Completing Work

BUILDING WAS ERECTED

Parsons Turn to Manual Labor in Order to Provide Accommodation for Trollers

Officials of the United Church returned yesterday from a stay of several weeks at Dundas Island where they have just completed the erection of a reading room and bath house for the use of the fishermen at that point. The work was done by Captain Oliver and Rev. Robert Scott of the mission boat Crosby stationed at the Queen Charlotte Islands, assisted by Archie Scott, Hugh Dobson and Rev. Evan Baker.

The building, which is quite commodious, about 24 feet by 14 ft. was handed over the Fishermen's Association on Thursday and will be operated under their management. It was made possible through a donation received from the Lion's Club at Vancouver.

In addition to providing for a supply of water for the shower baths, pipes sufficiently large have been installed to provide for the watering of the boats that congregate at that famous trolling ground. It is located close to the fish buying camp and the station recently erected for the Union Oil Company.

The party, with the exception of Mr. Baker is returning to Queen Charlotte Islands today.

HARVEST HANDS FROM BRITAIN

Fifteen Hundred Immigrants Coming to Canada This Week End; Also Families of Settlers

MONTREAL, Aug. 6.—Another heavy immigration movement to Western Canada is due this week end and the Canadian National Railways is preparing to handle over 1,500 passengers through the ports of Halifax and Quebec. A large proportion of these newcomers are farm workers from the British Isles and the continent destined for the western prairies.

The White Star liner Meganic will arrive at Quebec early on Saturday morning with 479 passengers, while Cunarder Albania is also due at that port with 632. The Pennland will reach Halifax the same day with 543 passengers. Special Canadian National trains will operate from Halifax to Montreal, as well as from Quebec to Montreal and Winnipeg.

A special party of women and children are among the Meganic's passengers and comprise the families of British settlers who have become permanently settled in the Dominion.

TOO MANY HARVEST HANDS FOR PRAIRIES

EDMONTON, Aug. 7.—At the Edmonton Trades and Labor Council meeting here it was intimated that too many men were being sent to the prairies to help with the harvest with the result that some of the men now there would find it difficult to get work at remunerative wages.
