## PRAIRIE CROPS ARE GREATLY IMPROVED

### BOTH POLITICAL LEADERS CONTINUE CAMPAIGN WITH UNABATED VIGOR

#### Liberal Leader Promises More Tax Reductions if Is Returned to Power

TIMMINS, Aug. 21.—The Liberal leader, Right Hon. W. L. McKenzie King's return to Ontario was marked by the busiest of his campaign. Brief platform station meetings were held at various places and last night a meeting was held here. The Robb budget with its tax reductions was the chief subject of discussion, but the constitutional issue was also dealt with. "I need not come to you with prophecy. I have only to tell you the past year," said the former premier. "Everyone in Canada has benefitted directly from the tax reductions made by the last Liberal Government, as Mr. Robb has stated on other platforms."

Mr. King promised that if the Liberals were returned to power, further taxation would be taken off.

#### SEAN FALLS WINS LACROSSE

SEAN FALLS, Aug. 21.—The Killarney Cup in Game 1 last night at Vancouver and the B. C. Champions.

SEAN FALLS, Aug. 21.—Oceanic last night won the senior lacrosse championship of British Columbia defeating Richmond in the latter's own grounds by a score of 10 to 2, in the final game of the season.

The first game, played earlier in the week ended in a six-all tie. The contest for premierships was very close.

Seaside, the holders, captured the Killarney Cup by defeating the other provincial champions for the Mann Cup.

#### WEDDED SELF AFTER WEDDING

BRIDGE MAN CUT OWN THROAT Home of Bride in Nova Scotia

BRIDGE MAN, N.S., Aug. 21.—Herbert Beverstein, 33 years of age, of Cambridge, Mass., collector of antiques, was found lying on the floor with his throat cut a few minutes after having ascended the stairs with the avowed intention of shaving. The tragedy occurred here at the home of his bride, Lourena Robinson, who he married Thursday and who was to have left him today for Cambridge.

#### SUNKEN INDIANS CAUSED BURNING VANARSOL HOUSE

COLM McLeod is Fined \$100 and Costs at Terrace for Supplying Liquor.

COLM McLeod, of Vanarsdol, fined \$100 and costs by St. Mary Magistrate E. T. Kenney Terrace this week for supplying liquor to Indians of Vanarsdol. The intoxication of Indians, police allege, caused burning down of a house on terrace.

#### NOTICE TO LIBERALS OF SKEENA RIDING

The Liberal committee rooms, 303 Third Ave., next to the Electric Bakery, will be open every afternoon and evening until election day.

#### REMAINS OF MARTIN FOTLAND GO SOUTH

Members of Oddfellows and Canadian Legion Will Act As Escort.

The remains of Martin Fotland, master of the halibut schooner Lincoln, who lost his life in an explosion aboard that vessel this week, will be forwarded tonight by the steamer Prince George to Seattle, where interment will take place. Deceased was an Oddfellow and a member of the American Legion, having served during the war. An escort consisting of H. M. Hale, George McAuley and Charles Lansdown, of the Oddfellows, and Charles Youngman, J. H. Tait and Harold Shaw of the Canadian Legion, will accompany the remains from the parlor of the B. C. Undertakers to the G. T. P. Wharf.

#### ANOTHER REBELLION IN SOUTH AMERICA

Rebels Evacuate Quezalgua, Burning Part of Town—San Marcos Reoccupied by Government.

MANAGUA, Aug. 21.—The mayor and several non-combatants are reported to have been killed when rebel forces evacuated Quezalgua, burning part of the town, including the largest distillery in Nicaragua.

The government forces re-occupied San Marcos after a sharp skirmish in which rebel losses were severe.

The government is granting no exemptions in recruiting troops. Two thousand recruits were despatched to reinforce the garrisons throughout the country.

There is no disorder in Managua.

#### FOLEY WON IN TEN ROUND BOXING MATCH

VANCOUVER, Aug. 21.—Vic Foley and Hector McDonald, both Vancouver bantamweight boxers, went ten rounds here last night, Foley winning the decision by a wide margin.

#### CANCELS FISH TRAP LICENSE

End of Season Has Arrived and Action is Taken by Conservatives

Adam Mackie, Inspector of Fisheries here, has received a telegram from Major Motherwell in regard to the fish traps which reads as follows:

"Department advises Premier directs that licenses for salmon trap nets adjacent to northern boundary authorized this year be cancelled forthwith. Understand Canadian Fishing Company has already dismantled one trap and the remaining one will be dismantled this week. Kindly govern yourself accordingly."

It is noted by local fishermen that the fishing season is practically at an end so that the cancelling of the license now means nothing. They state that sockeye fishing ends today and the run of other fish is practically over. The traps would have stopped fishing soon anyway, they say.

#### MANY CANADIAN HALIBUT BOATS

Total of 197,800 Pounds Was Sold at Fish Exchange This Morning.

Four American and thirteen Canadian halibut boats sold catches totaling 197,800 pounds at the Fish Exchange this morning. The four American vessels sold 87,500 pounds and 13 Canadians 110,300 pounds. Prices were from 14.3c and 8c to 16.7c and 19c for American fish and from 14.3c and 9c to 14.7c and 10.2c for Canadian. The day's arrivals were as follows:

**American**  
Rainier, 50,000, and Wave, 5,000, to the Canadian Fish & Gold Storage Co.  
Anna J., 22,000, to the Pacific Fisheries.  
Rainier, 10,500, to the Booth Fisheries.

**Canadian**  
Minnie V., 5,000; Allie, 14,000; Cape Swain, 9,000; Cape Spencer, 12,000, and Torberg, 5,000 to the Canadian Fish & Gold Storage Co.  
Dolphin, 9,000, and White Lily, 5,000, to the Booth Fisheries.  
Verna, 9,000; Point May, 4,300; Cape Spear, 11,000; Ternon, 10,500, and E. Lipsell, 7,000, to the Allin Fisheries.  
Pair of Jacks, 8,000, to the Royal Fish Co.

#### SIGNS POINT TO LIBERAL VICTORY

(Ottawa Citizen)

Signs point unmistakably to the return of the Liberals to power next month, after the "passing show" of 1926 has ended its brief and hectic day, and there is no doubt that the new cabinet minister from Nova Scotia will be Colonel Ralston.

#### ONLY ONE FREIGHTER LOADED IN VANCOUVER GRAIN DURING WEEK

VANCOUVER, Aug. 21.—Only one freighter loaded grain at Vancouver elevators during this week. It was the Canadian Freighter, of the government fleet, which took 47,210 bushels, bound for Avonmouth.

#### Prairies Will Ship as Much Grain This Year as Last as Result of Increased Acreage

WINNIPEG, Aug. 21.—There will probably be just as much wheat shipped from the prairies this year as last, according to the report of the Free Press, Saskatchewan in particular has undergone a remarkable change since the last report and both Manitoba and Alberta have more than held their own, following late rains.

The estimate of crop is based on considerable increased acreage in Alberta and Saskatchewan over last year. This will make up for any deficiency in yield over last season or very nearly so.

#### Urges Establishment of Silk Fibre Plant in Prince Rupert; Spruce Could be Used in Work

That Prince Rupert offers an ideal site for the establishment of a fibre or artificial silk manufacturing establishment is the opinion of W. R. Bucknall, representative of the C. R. Gregg & Co., firm of wholesale silk and China dealers, who is a business visitor in the city. Spruce wood, one of the main constituents of fibre silk, abounds in the district, and the damp climate, with plenty of fresh water, is another advantage.

In Cornwall, England, Mr. Bucknall states, there is a \$3,000,000 fibre silk plant which is now working to capacity, but is still unable to fill the demand.

J. A. McLeod, British Columbia manager of the C. R. Gregg & Co., which has branches in Vancouver, Toronto, Winnipeg and Yokohama, was also a visitor in the city today making the round trip on the steamer Catala.

#### STEAMER SANK ON THE LAKE

Four Lives Thought to Have Been Lost But Sixteen Picked up in Lifeboats

CLEVELAND, Aug. 21.—The steamer Harold I. Gerken, pounded by gigantic waves whipped into fury by a fifty mile gale, sank eight miles off Erie, Penna., this morning with the possible loss of four lives. Two lifeboats containing 16 men were picked up but the other boat with four aboard is missing.

The vessel, which was heavily loaded, sprang a leak, and filled quickly.

#### Meighen Interrupted at His Meeting in Calgary When an Uproar Followed the Word Liar

CALGARY, Aug. 21.—For a few minutes Meighen's meeting here last night was in a storm. The Premier had been speaking on the effect of the Liberal tariff "tinkering" on the iron and steel industries of Nova Scotia. Meighen charged that the Liberal candidate was fighting the election on a policy of secession.

"Liar!" came from the back of the crowd.

The hall was at once in an uproar and shouts of "Throw him out!" prevented the premier from continuing his speech as a number of persons moved in the direction of the interrupter.

"Let him alone," observed Mr. Meighen, as the noise quieted down. "I hope the audience don't mind this man, as every man has to earn his pay," and the audience broke into laughter.

Mr. Meighen continued and there were more interruptions.

#### YOUNG WOMAN DIED IN HOSPITAL TODAY

Mrs. Emily Margaret Garner Leaves Widower and Two Young Children.

Faely this morning in the Prince Rupert General Hospital the death occurred of Mrs. Emily Margaret Garner. Deceased, who was but 20 years of age, was the daughter of Moses Scott of Port Simpson. She is survived by the husband, Albert Garner, of Sunnyside, and two young children. Funeral arrangements are in the hands of the B. C. Undertakers.

#### DAVIS CUP HONORS GO TO JAPAN AT MATCH YESTERDAY

MONTREAL, Aug. 21.—Climbing the Davis Cup honors for Japan, Harada Tawara defeated Paris Chacon of Cuba 6-4, 6-3, 6-2 here yesterday afternoon, thereby winning the right to meet the representative of France.

#### SAW NO SIGN OF AN ERUPTION AT BOGOSLOF

CORDOVA, Aug. 21.—When the coast guard cutter Haida passed Bogoslof Island she reported today that the island showed no sign of eruption. She said she would stop on the return from the Aleutians to investigate.

#### GAINS LIKELY IN ONTARIO

Liberals Behind Progressive Leader and Expect to Elect Him.

TORONTO, Aug. 21.—While it is very early yet to gauge the political opinion of the province, it would seem as if the Liberals are going the right way about the campaign here to make several gains at least. They are swinging in with the Progressives who, until recently, were dominant provincially and among others are supporting former Premier Drury. The result is likely to mean that some Conservatives who were seen in the last House will find themselves nosed out.

#### VANCOUVER MAN DIES AT WINDSOR, ONTARIO

World Pool Plan is Ambitious.

The plan of the wheat pools to control the wheat market of the world by establishing a huge world wheat pool is an ambitious one, but whether it is too large to be carried out can only be proved by testing it.

The pools are really big experiments in socialism. They are organizations for the protection of the producers. The progress of these organizations will be watched because of the interest in such experiments and also because of the fact that the pools are interested in Prince Rupert, through the leasing of the elevator here.

Miners' Strike is Nearing the End.

It is true that a large section of British miners have accepted a compromise, it looks as if the strike was nearing an end. Once sections begin to slip away, there is little hope for finally winning out.

While many people here will regret to see the miners beaten, others will be glad to see the strike at an end, even though it is a long distance from here. It has been going on a long time and strikes always have a limit to the time they can last.

Cutting Grain in Bulkley Valley.

Prince Rupert is particularly interested in the grain growing in the Bulkley Valley, especially after statements made by Conservatives at the last election that no more grain would be grown there than previously and that the elevator would not benefit the farmers of that part of the province.

Glad People Read Editorial Articles.

Judging from the small response received, sometimes the editor of a newspaper gets to think that nobody reads his articles. From the furor caused by a little humorous statement the other day, it is clear that they are being read and that many people are interested in the views expressed.

We welcomed the criticism received over that particular article and hope that the people who read that will continue to read so that they may be further enlightened. Before the campaign is over there will be a lot more things to say and some of them may prove interesting.

Developing Mines in This Vicinity.

The development of the new mineral property at Topley into a shipping mine is one of the great events of this year, if it succeeds, as it seems likely to do. Apparently this development is so easy that it requires very little capital and not much time to make it a success.

This seems likely to prove an age of mining development in this district. One by one properties are being brought into the condition of producers. The Duthie mines at Smithers are shipping very rich ores and this Topley proposition promises to outstrip even that one.

STANDING OF THE PARTIES

How easy it might be for either side at this election to make a gain in the provinces that would materially affect the results, is shown when the standing of the parties is noted. In considering the relative strength of the old parties it must be remembered that Progressives at this election are campaigning with the Liberals and may, for all practical purposes, be considered Liberal candidates.

There's nothing about Mr. Brady That is narrow or crooked or shady; But his political crest Is the curse of the west; 'Tis a pity for him and his lady.

Now it seems to me Brady will win, Spite of argument specious and thin; What you hear from friend Stork You may take with a fork, And let the Conservative in.

Here's to the winner, be it Stork, Or the teacher that came over from Cork, But let's hope that the best one Will pitch in and work some For the good of his country and port.

We have with us a new politician, Life in Ottawa is his ambition; But that long-legged bird, Whom some think absurd, Will likely regain the position.

MODERN FLAPPER AND HER MANNERS

She rouges her cheeks, And she powders her nose, To her elders she speaks In a manner that shows An entire disrespect for wise maxim or wheeze, And she dresses in skirts that scarce cover her knees, She shocks us, And mocks us, And loves to employ The manner and shape of a fairly load boy. She frightens old fogies with ways that are wild, For they say that she's not like the older day child, And you rather infer, from the stories they tell, That she's more than half way on the highroad to—well, To some place where it's seldom you find a nice gal. Well, we don't understand her, but one thing I'll say, (It's a thought that should make us regard her with awe): In her turn, she'll herself be a mother some day, And, more awful still, p'raps a mother-in-law.

Playing the Game She—Why are you always playing golf? He—It keeps me fit. She—Fit—but for what? He—More golf.

HOT SHOT FOR HON. A. MEIGHEN

Premier Oliver Takes Issue With Him on Number of Questions in Address

VICTORIA, Aug. 21.—"If it hadn't been for the action of the Conservative party and the Senate, with its Conservative majority, many worthy people today would be enjoying the benefits of the Old Age Pensions Bill," declared Premier Oliver, in an address here.

"Dr. Tolmie says that the Conservative party is behind Old Age Pensions. Perhaps so. They might be behind it, but are they pushing it forward or pulling it back? Every remark Mr. Meighen made concerning the bill was a sarcastic remark. They say they are in favor of its principle, but against the methods, stated the Premier.

The speaker continued that an opportunity of improving the Old Age Pensions Bill was presented when the measure reached the committee stage in the House, but the Conservatives failed to take advantage of it.

Unanimous Vote

Premier Oliver said that the B.C. Legislature, in 1924, by unanimous vote, had gone on record favoring Old Age Pensions. When the Old Age Pensions Bill came before the Senate, every B.C. senator voted against it, with the exception of Senator Barnard, who was paired. "Otherwise, I suppose he would also have rejected it," he added.

The speaker referred to Premier Meighen's claim that the Robb budget reduced the burden of wealthy people and increased the cost of the necessities of life. "I have looked up the records of the customs tariffs in Canada and cannot find, generally speaking, any material increase from 1921 to 1925 in the customs tariffs on the necessities of life. In spite of what Mr. Meighen may say, the reduction of taxes and lowering of duties on automobiles does affect the working man as well as the wealthy people. If Mr. Meighen doesn't know that, then he has something to learn," declared the Premier.

Says Treaty Beneficial

Since coming to British Columbia Premier Meighen had found that the Australian treaty was popular here, and his views had been altered. The speaker said that for every dollar's worth of goods Canada bought from Australia she sold in return ten dollars' worth. "I challenge Mr. Meighen to point out any other treaty by which Canada is getting \$10 for every \$1 she spends."

THE MAN IN THE MOON says:

This is an age of sea serpents, Jake says.

This is also an age of politics. And some of the politicians are very serious. Here's to them.

A gentleman or lady who signed a letter "Voter" in yesterday's paper says if the Conservatives need their heads examined, so does the editor, or something to that effect.

Don't worry about the mirror. What your friends think about you is more important.

It is difficult to howl down even a dog.

The world is getting better every day. Men now button their shirts in front.

There's plenty of free speech these days. Between elections they charge an admission fee.

I am wondering if there will be time to go hunting this fall with elections on and ships coming here for grain.

I wonder if a ship were to come here for grain on election day, would the Tories still vote against Stork?

A lot of voters do not care much about the Stork but it must be remembered that he brought us a wonderful baby.

I know a girl who loves to pose And dab the powder on her nose. She looks into her mirror tiny, And to her horror sees it shiny.

**FOREST FIRE WORST HISTORY OF ALBERTA**

Trappers Blamed For Carelessness in Not Putting Out Camp Fires.

EDMONTON, Aug. 21.—Forest fires in Alberta this year have been the worst in the history of the province in the opinion of Axel Smith, one of the pioneer and most experienced woodsmen in the west. The greater portion of the responsibility for this condition, he lays upon the shoulders of the tenderfoot trapper.

"In my travels to the north of Edmonton," said Mr. Smith, "I find that nearly all residents living in the woods are more or less interested in trapping during the winter, catching fox and coyotes and in the latter part of the season around every little lake or slough, muskrats. Here is where the trouble starts for the fire rangers.

**Old Trappers Careful**  
"These tenderfoot trappers have no idea of the danger of leaving a fire burning. Their one object is to get as much fur as they can regardless of results, and many an honest trapper has had to abandon his old stamping ground and seek new fields on account of the destruction wrought by these embryo trappers.

**THE TRUTH ABOUT PURE BEER**

IN the past several years the public has been told many things about beer, yet it is not surprising that many people should not know what beer really is, for the merits of pure beer have been almost entirely neglected by controversialists.

Pure beer is a scientifically made malt solution, derived from malted barley and flavored with hops. In this malted condition the grain is much more nourishing than in its natural state and the beer has many beneficial activities when taken as a beverage.

In the first place pure beer is in itself a complete food, rich in proteins, maltose and dextrin, mineral salts and organic phosphorous compounds. It is superior to either cider or wine in its nourishing qualities. Consumed at the rate of one bottle per meal, it would replace 300 grammes of bread in food value, because of its content of extractives, carbohydrates and proteins.

Pure beer assists valuably in the assimilation of other foods, for, by reason of its hop-bitter principles, its weak alcoholic strength and its dissolved carbonic acid gas, it exerts a beneficially stimulating action on the stomach.

Beer is a beverage rich in vitamins, so necessary to the well being of the human organism and as a defense against disease. It is aseptic, for the wort has been completely sterilized by prolonged boiling in the presence of the hop bitters, which are strongly antiseptic.

The health-giving qualities of the pure beer sold to the people of British Columbia are secured and maintained in the model plants of the Vancouver Brewery Limited, Rainier Brewing Co. of Canada Limited, Westminster Brewery Limited, Silver Spring Brewery Limited, and the Victoria Phoenix Brewing Co. Limited, members of the Amalgamated Breweries of British Columbia, which are models of scientific care and cleanliness. They are open for inspection at all times, and visitors are gladly welcomed.

# TENNIS CLUBS GIVE DANCE

Trophies Won at Tournament Presented by Col. Nicholls and Mrs. Marentette.

Under the auspices of the combined tennis clubs of the city an enjoyable dancing party was held in the L. O. D. E. hall last night, the evening's proceedings being featured by the presentation of the cups and medals that had been won in the city and Prince Rupert Tennis Club tournaments. There were about 100 persons present and music was furnished by an orchestra consisting of Mrs. R. P. Ponder, D. Eastman and Howard White. In the course of the evening W. H. Tobey and Max Heilbroner, donors of cups, were publicly thanked by W. Cruikshank and, on motion of Col. J. W. Nicholls, a cheer was given for W. Cruikshank, president of the Prince Rupert Tennis Club, for his zealous work during the season.

The presentations of the season's awards were made to the various winners by Col. J. W. Nicholls, assisted by Mrs. E. W. Marentette. They were as follows:

City championships — Men's singles (Heilbroner Cup), A. H. Carmichael; ladies' singles (Tobey Cup), Miss Caroline Mitchell; men's doubles, R. T. Howard and E. J. Smith; ladies' doubles, Miss Pete Tremayne and Miss Caroline Mitchell; mixed doubles, Miss Pete Tremayne and R. T. Howard.

Prince Rupert Tennis Club Championships — Men's singles, R. T. Howard; ladies' singles, Miss Caroline Mitchell; men's doubles, E. W. Marentette and F. E. Robertson; ladies' doubles, Miss Grace Curtin and Miss Caroline Mitchell; mixed doubles, Miss Virginia Riel and E. W. Marentette.

The committee in charge of the event consisted of W. Cruikshank, E. W. Marentette and A. R. Nicholls. The serving of delightful refreshments at eleven o'clock was under the supervision of Miss Pete Tremayne.

## PRINCE GEORGE MILL TO GO AHEAD AT ONCE

Work to be Rushed Says Paper Published in That Young and Progressive City

Archie McGregor, engineer in charge of J. D. McArthur's sawmill undertaking, arrived in the city on Sunday evening's train accompanied by A. J. McLean, says the Prince George Citizen. He says it is Mr. McArthur's intention to rush the work of building the sawmill on the Hudson's Bay addition as rapidly as possible. The necessary preliminary is the building of the mill spur which will connect up the mill site with the Canadian National Railway system. This will be taken in hand at once and will be commenced as soon as men and teams for the work can be secured. Preference will be given to the owners of local stock on the spur construction, but if the required number cannot be secured the horses will be brought in from Alberta.

Mr. McGregor says it is not the intention of Mr. McArthur to move his big Edmonton mill to this city, as there is still plenty of material available for this mill in its present location. The mill to go in here will be a modern one in every respect, and will have a cutting capacity of at least 150,000 feet board measure on a ten-hour shift. The erection of the McArthur mill and the construction of the necessary river improvements and millpond will be the largest enterprise undertaken in the city since its incorporation, and should result in a marked im-

# BRINGING UP FATHER

Improvement in local conditions as soon as it is got under way. Mr. McLean, who accompanied Mr. McGregor to the city, will have charge of the construction work, and will take up his residence here at once. The buildings formerly occupied by the provincial government on the Hudson's Bay site will be utilized as the camp for the working force during the building of the spur and the erection of the sawmill. It is said there will be an expenditure of approximately half a million dollars on the McArthur enterprise before a stick of lumber is cut for the market.

## TERMINALS ARE WINNERS AGAIN

Defeated Moose in Football Game By Two to Nil.

The postponed Mohley Cup football game between the Moose and Grand Terminals was played last evening before a small crowd of spectators, the latter winning two to nil.

The Moose won the toss and kicked uphill. Both goals had narrow escapes in the first few minutes play, but the Moose generally were the better team, and showed better combination than their opponents. Percy Tinker playing a fine constructive game at left half. A strong breeze made good football difficult, and play was somewhat scrappy in consequence. At the interval the Terminals were leading by a goal put through by a Moose defender.

Ten minutes after the resumption Dickens headed through a second goal for the Terminals. Play was evenly divided, but the Terminals' defense was well on top of the Moose forwards, who missed some good openings. The Moose pressed continuously in the last ten minutes, but failed to score, the game ending in semi-darkness with the Terminals winning by two goals to nil.

Accompanied by a small contingent of fans, the Smithers baseball team motored to Burns Lake on Sunday and after a thrilling nine-inning game with Andy Ruddy's pets were declared the winners by a score of 6 runs to 3. Ideal baseball weather prevailed throughout the afternoon and the fans were treated to another bitter struggle between these two nines. The importation of several players from Vanderhoof added considerable strength to the Burns Lake line-up and the visitors were forced to extend themselves at all stages of the game. The excellent battery work of Roberts and Goodacre was a big factor in the Smithers victory, although the entire team played well, the work of the Lewis brothers in the field being especially prominent. Johnson was in the box for Burns Lake and made a good impression.

### Misfortunes among halibut fishermen--boats in trouble and men sick--landings during week satisfactory

The past several days have been marked with misfortune along the waterfront, particularly among the members of the halibut fleet. Worst among the mishaps was, of course, the explosion last Tuesday afternoon which wrecked the American schooner Lincoln and cost the life of Martin Folland, her skipper, who was well known here and who was highly popular. One of the finest men engaged in the occupation of halibut fishing, many glowing tributes to his memory have been expressed since the tragedy. Capt. Folland was known to be a careful man and, while many theories have been advanced to account for the occurrence of the accident, it may probably never be known just what brought about the explosion in the fume-ridden engine room. The Lincoln accident, as well as that a few days previous on the schooner Eureka, go to show the care that must be observed around gasoline boats, particularly when they are taking on gas. It is but flirting with death to smoke or have any kind of exposed flame or spark about when tanking up.

The jinx has certainly been following the American halibut schooner Fairway lately. The vessel was forced to come into port on Tuesday with a short catch of halibut following the breaking of a cylinder head in Heath Straits after she had had but a half day's fishing out of Seattle. New parts have been ordered from Seattle and Capt. Nick Matheson hopes to be out again early next week. It was only about a month ago that the Fairway broke her crank shaft in Heath Straits and was towed into Seattle by the whaler Gray. These two short trips will just about take the profit out of this year's operations of the Fairway and her men.

### Sick Fishermen

Sickness has also been afflicting the members of the fleet and the hospital has had its full quota of halibut fishermen lately.

Earl Haines of the Ringleader was discharged from hospital

this week but he is planning a trip at an early date to the Mayo Clinic for further treatment.

John Wick, skipper of the Johanna, has been in hospital suffering from a bad wound when he accidentally slashed his hand with a butcher knife.

Axel Olson, skipper of the Rose Spit, is also under tender care at the hospital with a blood poisoned hand which has required several lancing.

Paddy Sheehan of the Verna is laid up with stomach trouble and Ed Prince of the Scrub will have to miss a trip following the chopping off of the end of a forefinger with a gear knife.

Ed. Evans, local fish header, is also a patient in hospital for an operation on his foot.

While everyone regrets so many of the boys being under the weather, it is pleasing to report that all, including the two injured in the Lincoln explosion, are making good progress toward recovery.

Moored alongside the Imperial Oil dock when the explosion on board the Lincoln occurred this week, the 28 foot power boat June B., belonging to H. Bartop of the Naas River, was badly damaged and is now lying at the Suga ways awaiting repairs. The hull of the June B. was sprung from the water line up, the stem was broken and there was considerable damage to the upperworks. A 200 pound anchor was hurled from the deck of the Lincoln into the June B. to add further to the damage. At the time of the explosion, Barton was on the Imperial Oil wharf paying for the gas he had taken on. Had he been aboard his boat, it is possible he might have been injured. As it was, all he suffered was a bad scare.

### It's a Shame

The way poor Capt. "Handsome" Jim Morrison got treated last Sunday on the occasion of his china wedding anniversary was a blooming shame, and should be a matter of complaint to the Seal Cove senate. Quite unsuspecting, Cap. went visiting with his worthy spouse and ran up against a lot of woe. In the first place he found himself amidst a wide circle of friends with a table laden down with the good things of life to eat. This was not so bad but he was forced to take three helpings of meat, and three of "afters," and "Handsome" fell for it just to keep things going smoothly. Then later on I'm darned if the gathering didn't up and present the fish head fisherman with a set of Limoges china. As Jim said: "What's the use of china with a name like that on a

boat"; but of course there he missed his guess because the china ain't on the boat yet. But then the trouble wasn't half over. He hailed a taxi in which to get home and, no sooner was he seated than the clatter of tin cans smote his pearl-like ear, for some foolish person had tied a raft of empty cans on the axle of the car as Jim got inside. Then the taxi driver went crazy and drove Lord Nelson II. all around the city in spite of threats. Well, the skipper even got over that part of the day but the worst was yet to come. Feeling worn out with fatigue and desiring quiet repose, Jim staggered to his couch of rest. Having disrobed faithfully he swung his entire frame on to the bed and sank back with a sigh, but jumped up suddenly with a shout. Yes, sir, if some misguided person had not gone and filled his bed with knives and forks and anyone with a grain of sense realizes the discomfort of sleeping on the blade of a knife all night. Jim said "That was the first time he had ever been attacked in the rear and hoped it would be the last." No wonder he's wasting away to a ton.

The power cruiser Greta M., belonging to the Powell River Paper Co., called in port on Wednesday having on board a party of Powell River people bound on a trip as far north as Wrangell.

### Biological Station

Mitchell & Currie, the contractors, are making good progress with the erection of the Bacon fisheries plant and the biological station on the government wharf and a month or six weeks should see the structure entirely completed. Sub-contracts have been let to Harkin & Ward for electric wiring and fitting and to Smith & Mallett for plumbing. The painting contract will be awarded shortly.

The biological station will be a finely equipped plant with all modern devices for the study of fish life. From bed rock to the top floor right through the building runs a 2 foot square concrete column to which the balances will be anchored to assure accuracy in weighing. The fume closet is another interesting feature in the building.

The recent rainy spell has given a great impetus to the raincoat business on the waterfront, the various ship chandlery shops reporting more sales in that line than anything else during the past week. The new sheriff, Smith Nickerson, was seen on waterfront row Thursday afternoon negotiating for a rain shedder.

Powerboat "Bute," Capt. R. Logie, came in from the trolling grounds during the week end, and after undergoing some minor engine repairs, left for Lowe Inlet.

Louis Locker, the logging magnate, was in port from Lewis Island during the week with his power boat "Lewis Island No. 2."

Pile driving for the new Union Oil Co. station just east of Cow Bay is proceeding rapidly now. The John Currie & Son outfit is being used for the work.

Power boat "Pacific," which has been engaged in gill netting on the Skeena River, came in during the week end, and after renewing exhausts, proceeded to Warke Canal to engage in trolling.

The forestry boat "Embree," which has been here for the past two weeks undergoing tank installation and other work at the McLean shop, will leave next week for Queen Charlotte City where she will be stationed in the services of the department. The new boat, which is being built at the dry dock, will take up work out of Swan-son Bay where the Embree for the last few years has been stationed. J. B. Scott, ranger on the Embree, has now taken up

The Red Cedar, which has been here for three weeks for overhaul and repair work, will be towed back to her station on the north end of the Queen Charlottes as soon as weather permits.

The lighthouse tender Birnie, which has been moored at the Kierberg-Thomson dock for the past two weeks undergoing pilot house alterations, etc., resumed service at the end of this week with the work completed. Woodwork on the vessel was executed by N. M. McLean and engine repairs, etc., by Harry Love.

Halibut landings this week were well up to average, 732,600 pounds being disposed of through the Fish Exchange from Saturday to Friday (inclusive). American boats landed 635,000 pounds and Canadian, 97,600 pounds. Prices averaged around 15c and 9 1/2c for both Canadian and American fish. The total landings for the year to date are: American, 12,640,100 pounds; Canadian, 5,952,000 pounds. Total, 17,692,100 pounds.

Boats landing their catches during the week were as follows: American: Middleton, 24,000; Cedric, 21,000; Eagle, 48,000; Marmol, 44,000; Ivanhoe, 20,000; Ithona, 21,000; Reliance, 9,500; Sentinel, 19,000; Nordic, 19,000; Akutan, 60,000; Attu, 11,000; National, 15,000; Democrat, 16,000; Paragon, 52,000; Atlantic, 22,000; Alki, 6,000; Tye, 13,000; Fairway, 4,000; Sumner, 36,000; Sherman, 15,000; Lincoln, 22,000; Lithuania, 30,000; Spray, 36,000; Wabash, 6,500.

## TOLMIE NOT INVINCIBLE

So Says Carew Martin, Liberal Candidate for Victoria, Who is Opposing Him.

VICTORIA, Aug. 21. — "Some people seem to think that Dr. Tolmie is invincible, but that is not so," declared Carew Martin, Liberal candidate, in a speech here. "What has he done for Victoria, I ask you? Nothing, except get a drydock here and since that time travel around the country as Conservative organizer at a salary of \$10,000 per year. He has come here for a holiday several times, but in future there won't even be a holiday," declared Mr. Martin.

### Says Assertion "Unfounded"

Mr. Martin said that while he was not a native son of Victoria, he was the next best thing to it—a 100 per cent Canadian. Conservative speakers had declared that all favoring annexation and secession were behind Mackenzie King in the election. Such an assertion, he claimed, was unfounded in fact, and misleading in inference.

"I challenge Dr. Tolmie or any other Conservative spokesman, to question the loyalty of Mackenzie King, or the Liberal party in Canada to the great Motherland. The Conservative party must have a weak case if its leaders have to resort to such despicable tactics to advance their cause," Mr. Martin stated.
