PORT ESSINGTON HORROR BEING PROBED

ANOTHER PORTLAND CANAL MINING PROPERTY INVOLVED IN RECENT DEAL

Police Announcement in Murder Case Likely to be Made Very Soon

Within 48 hours the provincial police expect to be able to announce important developments in connection with the murder of Miss Lorella Chisholm, the Port Essington school teacher, Sunday last. Inspector William Spiller stated this morning that officers were still engaged at Port Essington on the matter obtaining evidence and were being given splendid assistance in co-operation wherever possible both by the white and native population there.

Inspector Spiller and Constable Fred Markland made a trip to Port Essington today in connection with the case.

The inquest opened at 1.30 this afternoon before Deputy Coroner J. B. Tannock. Before the taking of evidence was proceeded with, the jurors viewed the body at the parlor of the B.C. Undertakers.

No information
Visitors returning from Essington state that excitement there has been intense and that so far as the public are concerned, there is no information as to the murderer.

The body of the girl was found off the beaten path to which place it had evidently been carried by the perpetrator of the foul deed. All Sunday afternoon searchers passed close to it without making the gruesome discovery and it was only the noticing of a few drops of blood that brought attention to the place of concealment. The body was found face down on the muskeg. Miss Chisholm had been in the habit of taking long walks but not on Sundays. She had been dissuaded from going out alone for fear she might be attacked by wolves or bears but no one seemed to fear any human marauder. This was the first Sunday on which she had gone out. When she failed to return, a visitor from Balmoral cannery set out to look for her but failing, returned and reported and a message was sent to Brown's River on the Estfall to which point it was thought she might have gone. Then the search commenced in earnest and was finally rewarded in such horrible fashion.

SEIZED CASH RUSHED AWAY
Four Armed Bandits Got \$23,000 from Seattle Bank Messenger

SEATTLE, May 27.—Four men yesterday afternoon held up two officers of the Savings Bank and escaped in an auto with \$23,000. For several hours it was believed the robbers had taken a \$20,000 bank draft but the messenger found it last night in the inner pocket of his coat. A bank messenger and a guard were taking \$23,000 to another bank two blocks away when the armed men sprang at them from a motor, seized the satchel, jumped back into the car and sped away.

First Step is Taken Toward Election of a Bishop for the Diocese by the Anglican Synod

The first step toward the election of a bishop for the diocese of Caledonia was taken yesterday when the Anglican Synod, now in session here, deleted canon six which provides for the nomination of the bishop by the Church Missionary Society and substituting for it a paragraph vesting the right of election in the Synod of the diocese. It was reported that so far the sum of \$30,000 had been collected toward the endowment fund which would have to reach \$100,000 before the election of the bishop could take place. At the sessions of the Synod today it is probable that steps will be taken to carry on the campaign for funds with a view to raising the full amount. The constituency is one of the largest in Canada and the need of a Bishop who will administer the diocese is great. It includes practically the whole of northern British Columbia including the Peace River and Atlin, and

Sloan Enthuses Over Mining Situation at Meeting of Institute

SEATTLE, May 27.—The mineral resources of the Pacific northwest constitutes the most enduring asset and mining will flourish long after lumbering and fishing on the present scale have ended, declared Hon. William Sloan, minister of mines for B.C., in addressing a meeting of mining men from all parts of the northwest who are attending the north Pacific section of the American Institute of Mining and Metallurgical Engineers. Mr. Sloan declared in favor of teaching mining subjects in institutions of higher learning to train men for the work ahead of them in the northwest field.

VICTORIA, May 27.—A development program involving the expenditure of \$125,000 is laid out by the new owners of the Independence Gold Mines, adjoining the Premier in the Portland Canal district following a transfer of control of the mine to a financial group with headquarters at Detroit and Portland, headed by Charles Bush, consulting engineer, and J. Taylor his partner. The announcement of the change of control was made here, following the arrival in Victoria of Sam Fitzgerald, manager of the Independence.

MISS CHISHOLM INQUEST TODAY

Evidence of Doctor Indicated That She Had Fought Well for Her Life and Honor

The evidence of Dr. L. W. Kergin at the inquest this afternoon indicated that Miss Lorella Chisholm put up a great fight for her life and honor and lost only her life. The face was badly bruised up, there was a bruise on the left cheek and temple, the lower jaw was broken in two places and the upper jaw in one place. The mouth and throat were choked up with mucus and the clothes were partly torn from the body. There were no marks on the body to indicate that the murderer had been successful in anything but slaying his innocent victim. Undoubtedly she had fought bravely against the assassin and had been struck down by superior force. After hearing the doctor's evidence the inquest was adjourned sine die.

REMAINS OF MISS CHISHOLM GOING TO VANCOUVER BURIAL

H. C. Fraser, inspector of schools for this district, received a telegram today countermanding all previous instructions in regard to the arrangements for the funeral of Miss Chisholm. The family is prostrate with grief and has asked that the body be sent south for interment. There will be a short funeral service this evening at 8 in the Presbyterian Church, Rev. Dr. Cameron and Rev. Canon Rushbrook officiating, after which Mr. Fraser will accompany the remains to Vancouver.

SKELETON HAS BEEN FOUND
Identified as That of Rancher Who Was Lost Year Ago at Rock Bay, Vancouver Island

VICTORIA, May 27.—A year after the disappearance, the fate of Alexander Wright of Rock Bay has been partially cleared up by discovery of a skeleton in the bush near Rock Bay. A message from Constable Dabson of Campbell River told of the finding of the skeleton and its identification that it was the missing man by means of certain gold teeth and the watch in the clothing. There was nothing to indicate that he died from any but natural causes. Wright, who was a rancher, disappeared in May of last year while hunting.

Interest Taken In British Politics.

It is wonderful what a great interest is taken here in British politics just as there is in any great issue in American politics, only probably more so. While the United States is nearer to us than Great Britain, geographically speaking, Great Britain is closer, politically speaking. It is only necessary to stop some person on the street and broach British politics and you have him going. He takes sides just as if he were in the Old Land.

Because of this interest generally, the rift between Lloyd George and Lord Oxford and Asquith reported yesterday excited much comment. Many people here have no sympathy with either, their leanings being toward the party led by Premier Baldwin, but the fact that the Asquith group would probably join the Conservatives if they left the Liberals, makes it of great interest even to them.

More Individuality In British Politics.

In Canadian political life the caucus decides almost everything for the party but the lead of the Prime Minister is also very marked. In Britain they seem to depend even more on their leaders and the rank and file have little to say. The leaders make pronouncements on important questions without consulting their followers with the result that it is rather difficult for the tail-enders to know where they stand. They have a right to express their views and to object to the stand of their leaders but if they do much of that they are likely to find themselves without a seat at the next election. Without the endorsement of the party they can do little, especially if their party puts up another candidate against them.

While individuality is a good thing in all walks of life, there also has to be co-operation and co-operation is best secured through the political caucus. When members of the same faith gather to thrash out details and the discussions are behind closed doors, there can be much plain talking without the enemy seizing on it to influence the country against them. Then it is that policies are evolved or upset.

Queer People In Every Community.

"He is a nice person but just a little queer" is an expression which is sometimes heard. It means that in some respect he is different from the common ruck. There is an outstanding feature about him that his fellows cannot quite understand or appreciate. Possibly the "queer" person is a woman, in which case it is even more noticeable than in a man.

Sometimes these "queer" traits in a person are of a childish nature, an indication of weakness. In others they may be intellectual outcroppings that distinguish them as being above their fellows in that particular respect.

Everyone has heard of the military recruit who thought all the rest of the company was out of step but him. So it is many of the queer people look on the rest of mankind. To him they are all "queer." They differ from him and so cannot be normal.

These differences between persons are marks of individuality and often are to be desired. If developed too much they become a nuisance to the rest of the community and sometimes the persons possessing them are shut up in an institution provided for the purpose where they cannot annoy their fellows.

SHIP THROUGH CANADIAN PORT

Danger of Mixing When Wheat Goes Out Through United States is Proved

INCREASE THAT WAY

Only Way to Protect Home Grower is to Ship Only Through Own Ocean Outlets

The danger of shipping through United States ports and the consequent loss to Canadian growers through doing so is set forth in an article in the Journal of Commerce published at Gardenvale. The article says in part:

The statement made in the last bulletin that "Canadian hard wheat had lost its premier position in the markets of the world and suffered a serious slump in price since being exported in large quantities through United States Atlantic ports" has brought many requests for further information on this point. "This is a matter of greater importance than the difference of a few cents in railway rates," says one writer, "and I would like to see the evidence upon which you base your statements." "Your statement is startling if correct," says another writer.

This is a fine example of how the public may become excited over a condition even to the extent of having a Royal Commission appointed to investigate; but by the time the commission's report is presented the public interest in the matter is so completely dead that the report passes unnoticed, no matter how serious a situation it may disclose.

Immense Increase

The shipments of Canadian wheat through the U.S. Atlantic ports during the last six crop years, were as follows:

Year	Bushels
1919-20	13,023,281
1920-21	54,193,010
1921-22	400,009,466
1922-23	429,871,095
1923-24	141,079,337
1924-25	162,000,000

In the autumn of 1922, reports began to appear to the effect that Canadian wheat, passing in bond through the United States to tide water, was being tampered with and was being mixed with American soft wheat.

In the session of 1923, the speech from the Throne announced that a Parliamentary inquiry would be held into agricultural conditions generally, including matters affecting the grain trade. This announcement was met in the House of Commons by a general demand for the appointment of a Royal Commission. Later in the session a special committee of the House was appointed, which after a number of sittings reported:

Inquiry Made

"That in the opinion of the committee it is advisable and in the interests of agriculture in this country, that a full and searching inquiry should be made into all aspects of the grain trade in Canada, and for this purpose a Royal Commission should be appointed, clothed with full powers, not only from the Dominion Government, but from all provinces desiring to co-operate in such an inquiry."

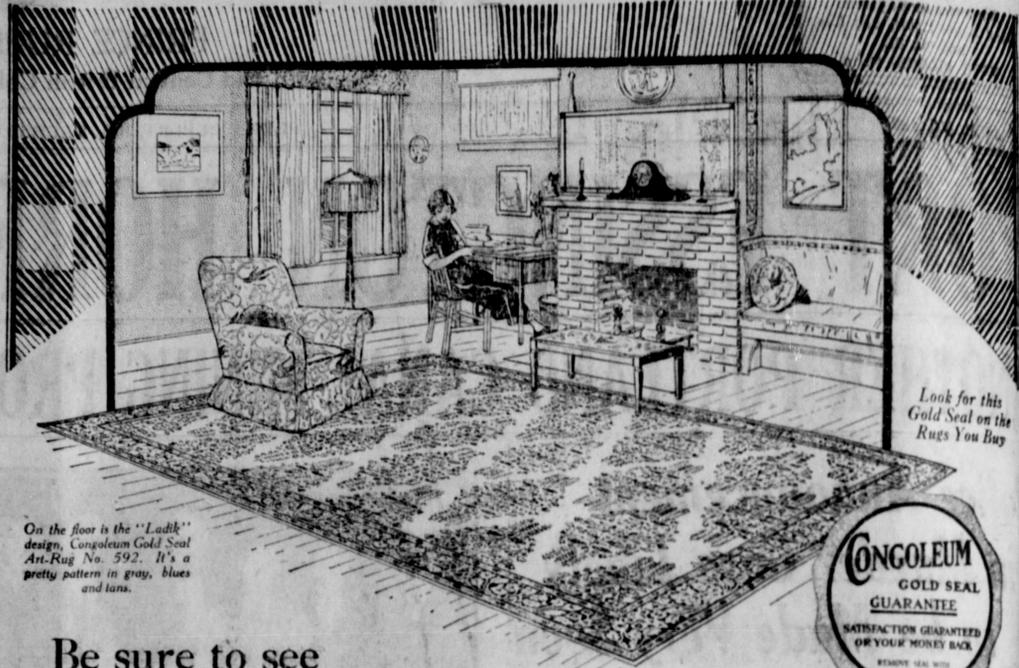

The report was concurred in unanimously by the House, and on May 1, 1923, a Royal Commission was appointed as follows: Judge W. F. A. Turgeon, chairman; Prof. W. J. Rutherford, Prof. D. A. McGibbon, Jas. D. Scott.

The commission made its report to the Minister of Trade and Commerce on January 7, 1925, and was printed for general distribution only a few months ago.

Evidence

The following extract is taken from this report:

"It would appear that certain shipments of Canadian wheat mixed with American soft wheat delivered to apply on straight Canadian certificates have been received in England. The number of instances has not been large. The publicity which these shipments have received in trade circles and the alarm that they have created in Great Britain are significant of the extreme sensitiveness of the British market to any tampering with the quality of grain supplied on Canadian Certificate Final. In tracing statements about illicit mixing of Canadian wheat in the United

States made to us at many points we found invariably that they related to the cases investigated by Messrs. Boyd and Seris and covered in their report submitted on November 24, 1923. Mr. Commissioner Rutherford, however, reports another and more recent instance, that of the steamship "Trevider" from Philadelphia, of the arrival in the Old Country of a cargo of grain under Canadian Certificate Final showing strong evidence of admixture.

Canadians Lose

Inasmuch as the price which the Canadian grain grower receives is mostly determined by the price of which his wheat brings on the Winnipeg market, it would appear that the Canadian grain grower is losing something in the neighborhood of 50¢ per bushel, as a result of the degrading of Canadian wheat that has taken place through the United States Atlantic ports. It would also appear that the

onus for this situation rests with the Winnipeg grain merchant and shipper, who seems to be quite satisfied to continue to ship through the United States Atlantic ports in ever-increasing quantities as long as the Dominion Government does not interfere.

If these merchants are buying the Canadian grain-growers' wheat at the degraded Canadian Certificate price, as determined on the Winnipeg market, and selling in European markets on sample, they must be in receipt of a substantial margin, all of which of course comes out of the grain-growers' pocket.

Waste of Money

It would seem like a waste of money to maintain an elaborate and expensive machinery for the inspection and grading of Canadian wheat and, at the same time, permit any benefits that might thereby accrue to be wiped out because of neglect to see that these grades are maintained until the wheat reaches its market.

In fact, it is worse than wasted, because by attempting to grade and sell on the Canadian Certificate final the chances of the buyer getting a lower grade than he buys, without redress, unless he goes to the expense of proving fraud, lead him to bid lower than he would if bidding on the L.A.Q. plan where he would be assured of a fair settlement.

Under the existing circumstances, the Canadian wheat

Drive Out the Poisons and you Conquer Fatigue

Miss Katie Wilcox, R.R. No. 3, Warton, Ont. writes:—
 "My stomach troubled me and I had frequent headaches. I felt tired all the time and could hardly do my work. I was in this condition for a year. Then I was told about Dr. Chase's Kidney-Liver pills, took several boxes of them and they did me a wonderful lot of good."

FATIGUE and tired feelings, as well as pains and aches are the result of the accumulation of poisons in the system. The liver action is torpid, the overworked kidneys are broken down, the bowels are sluggish—consequently you are suffering.

Rid the poisons from the system by using Dr. Chase's Kidney-Liver Pills and you conquer these discomforts. Digestive troubles disappear when these vital organs are aroused to action. Headaches and biliousness are overcome. You feel well and happy.

AMUNDSEN TO AVOID PUBLIC

Decides to Proceed Direct to Oslo and Will Keep Out of States as far as Possible

NOME, May 27.—Raold Amundsen, leader, and Col. Umberto Nobile, first pilot of the trans-Polar expedition in the dirigible Norge, have announced that they will proceed direct to Oslo, Norway, after leaving Nome for Seattle next month. The explorers will go south on the steamer Victoria and from Seattle will cross the continent to New York where they will embark for Oslo. Their plan is to write a book of 100,000 words on their aerial voyage from Spitzbergen to Teller, Alaska.

Amundsen said that he had refused invitations to visit cities in the United States and had also declined to attend the Sesqui-Centennial exposition, marking the anniversary of the declaration of American Independence, at Philadelphia. Further he said that it had been decided to cross the continent over a Canadian railway in order to avoid the public and the press.

KETCHIKAN HAS RUPERT TIME

Change Made at Alaskan Port to Conform With Coast Standard

KETCHIKAN, May 27.—Pacific coast standard time will be adopted in Ketchikan at 12 o'clock, post meridian, Saturday, May 29, according to a resolution passed by the city council authorizing Mayor Thomas Terry to issue a proclamation changing the time system now in use here. The action was taken upon recommendation of the Commercial Club of Ketchikan, which believes that material benefits will derive from having the same system of time in Ketchikan as is now used in Pacific coast cities to the south. Other southeastern Alaskan communities may be induced to follow the action taken here.

Some inconvenience is expected to arise at first through adoption of the new system but ultimately it is expected that it will be an advantage to this city to have the same system of time as is used in the principal cities where it does business.

AMIENS HAS DIVORCE RECORD IN FRANCE

AMIENS, May 26.—This proud though war-battered city, the capitol of Picardy, has gone its big sister Paris one better. For the proportion of divorces to marriages here is greater even than in the metropolis.

Last year there were granted in Amiens one divorce to nine marriages. Paris, even with the aid of numerous wedlock weary Americans and a host of lawyers specialized in untieing knots, could only boast one out of ten. Up to the present, Amiens holds the all-French record for divorces.

CALIFORNIA TIN MINE RE-OPENED AFTER 25 YEARS

CORONA, Cal., May 26.—The only tin mine in this part of the world has been reopened after nearly twenty-five years inactivity. It is the Temescal mine, closed by its English owners in 1892 owing to low metal quotations in New York. The ore was discovered in 1850. The property passed to a London company in 1890. Sir Henry Balfour and Sir John Stokes were among the owners. A recently organized American company has resumed operations.

Go back Fifteen Years and Dunlop was giving you the first real Anti-Skid: Traction Tread—

Go back Twenty Years and Dunlop was giving you the first Straight Side Tire—

Go back Thirty-Eight Years and J. B. Dunlop was giving you the first Pneumatic Tire the world had ever seen.

The fact that the Dunlop Dealer is willing to stake his reputation on, and invest his money in, Dunlop Tires, shows he has faith in the Dunlop Product, and feels that it is a good investment for you.

The judgment that tells you INDIVIDUALLY to buy Dunlop Tires, Belting, Hose, Packing, Golf Balls, etc., is the judgment of the MANY.

MRS. CHARLES EDENSHAW DIED AT MASSETT ON AFTERNOON OF TUESDAY

One of the leading native women of Massett village passed away at 5 o'clock on Tuesday afternoon last when the death occurred of Mrs. Charles Edenshaw, relict of the late Haida chief and sister of Henry Edenshaw. Her demise is a great loss to the native community of Massett and there is general mourning. The funeral takes place today.

The late Mrs. Edenshaw, who was about seventy years of age, is survived by a large family among her children being some of the best and most favorably known present day residents of Massett Inlet.

ALFRED ADAMS OF MASSETT WAS ON VISIT TO KLAWACK

Alfred Adams of Massett, who is visiting the city as a lay delegate to the Anglican diocesan synod, recently made a gasboat trip with his family and a couple of friends from Massett Inlet to Klawack near Craig, west of Skagway, Alaska, to attend a convention of the Christian Endeavor Union of Alaska. Mr. Adams found the trip one of great interest and visited a number of points in the neighborhood of Klawack. Klawack he found to be one of the most progressive native villages in the country. The natives there are of a high type and, among other institutions, conduct canneries, a sawmill, general stores and a moving picture house. The vil-

SKIDEGATE

Most of the residents around the Inlet have been laid up with influenza and some of the cases have been rather serious. It delayed the native trolling fleet going to Hippo Island but all are recovering and the fleet will be out in strength soon.

The motorship Lillehorn, under charter by the Canadian National, came into Queen Charlotte City with a cargo of coal for the survey steamer Lillooet. It was discharging on a large barge kept for the purpose.

Splendid progress is being made with the repairs and additions to the Alford Bay cannery. When completed the cannery will be able to handle 80,000 salmon a day.

School Inspector Fraser inspected all the schools here recently going to Sandspit, Queen Charlotte, Skidegate and Dead Tree. He expressed himself as much pleased with the work being done.

PREPARATION MADE FOR TOURIST SEASON BY RAILWAY CLEANUP

W. H. Tobey, superintendent of this division of the Canadian National Railways, announces that this week a special effort is being made all along the line to clean up the stations, section houses and the right of way with a view to having everything clean and neat when the tourist business starts. Orders have been sent out to every employee to do his part in this regard.

INTERMEDIATE SOCCER GAME RESULTS IN DRAW

Y Maes and High School Played to Three all Score Last Evening

In the Intermediate League football game last night between the Y-Maes and the High School, the result was a 3 to 3 draw. It was anybody's game all the way through, each team at times holding the lead. Both sides showed improved form from last week.

For the High School, Baisler, Mackay and Mortimer were stellar role while Phillips, Strachan and Dickens, forwards, and Hacker, in goal, showed up well for the Y Maes. Sonny Dickens was referee.

The teams lined up as follows:
Y Maes—Hacker; Reid and Cameron; Roberts, Kelsey and Heilbronner; Gawthorn, Dickens, Strachan, Bond and Phillips.
High School—Kinslor; Bond and Baisler; Parker, Cade and Mortimer; E. Katsuyama, Y. Katsuyama, Mackay, Matheson and Sakamoto.

SPORT CHAT

The Moose and Grand Terminals come up tonight at the Aeropolis Hill grounds in their second football meeting of the season in the Stuart Shield series. In their first match, the Terminals had an easy victory over the Moose by 5 to 1 but the latter team scored over the Gold Storage last week 4 to 3 after the Storage had given the Terminals a close run for their money in the preceding game. A good number of fans are inclined to believe that the Moose have a real good chance of turning the tables on the Terminals tonight and a close match is expected. The Terminals will be at some what of a disadvantage this evening through the fact that Harry Menzies, one of their star defence men, has been banished from the field for a month.

Line-ups for the Senior League football fixture tonight between the Moose and Grand Terminals will be as follows:
Moose—Gawthorn; Murray and Currie; Skinner, Currie and Mitchell; Gurvieh, Hodgkinson, Russell, H. Hamilton and Woodman; reserves, Mack and White.
Grand Terminals—D. Howe, G. Howe and V. Menzies; P. O'Donnell, Dickens and Pearson;

England is cricket mad this summer. A team representing Australia is in the Old Country to defend the mythical "ashes," or win the rubber of five Test Matches to be played between the "Aussies" and England. Interest taken in these games in England can only be compared to that which grips America during the progress of the baseball World Series. The term "ashes" was the invention of a newspaper in 1882 after England had lost a memorable game against the Australians by seven runs. Arising out of that defeat the newspaper published an "In Memoriam" as follows:—"In affectionate remembrance of English cricket which died at the Oval on August 29, 1882, Deeply Lamented by a large circle of sorrowing friends and acquaintances. R. I. P. N. B.—The body will be cremated, and the Ashes taken to Australia." The game will last for three days from 11 a.m. until 6.30 p.m. with forty five minutes interval for lunch and fifteen minutes for tea.

MUSIC SHOULD BE DEVELOPED

Institution of Annual Festival Here Urged by Walter Bates Whose Party Delighted Gyro Club

As a means of having Prince Rupert do its share in the highly important object of the development of national music and art, Walter Bates, Canadian tenor, suggested to the Gyro Club at its luncheon yesterday afternoon that it might well assist in the encouragement of local musical talent by instituting such a project as an annual musical festival where once a year those possessed of talent, particularly the younger people, might meet in competition. Awards for excellence thus displayed might be made to assist in further musical training and those of outstanding ability might be sent further afield to display their talents. Such an annual competition once established, Mr. Bates declared, would be looked forward to the year around and would prove a real incentive to the development of latent musical possibilities.

Music Not Encouraged
Mr. Bates in the course of a brief talk to the club, referred to some Canadian vocalists such as Edward Johnson, Jeanne Gordon,

sealed tenders, addressed to the undersigned, and endorsed for the "Construction and equipment of one forty-foot motor launch," will be received up to noon, June 17, 1926.

Plans, specifications, and form of tender may be obtained at the office of the District Forester, Prince Rupert, on deposit of Ten Dollars (\$10.00) which will be refunded if plans and specifications are returned in good condition within thirty days from June 12, 1926.

The lowest or any tender not necessarily accepted.

etc., who had already become famous in the musical world. He deplored, however, the fact that real encouragement for those musically inclined did not seem to be forthcoming in Canada and that the most of Canadians who had already made a mark had had to go out of the country to receive the necessary assistance and encouragement.

Mr. Bates referred to the effect of music on the national life and declared that the craze for "jazz" had had a deterrent effect on the moral life of the country. Efforts were being made in certain parts of the United States to discourage "jazz." The musical festival idea he suggested as a means of developing the true musical art from the standpoint of art.

Musical Numbers

Mr. Bates' lyric quartette delighted the members of the club and their guests with several entrancing numbers and Mr. Bates himself sang several tenor solos.

Besides the members of the quartette, Mr. Bates, Miss Pickells, Miss Sugden and Mr. Roberts, other guests of the club at the luncheon were Dr. W. T. Kergin, C. H. Orme, U.S. Consul E. A. Wakefield, E. C. Gibbons, John L. Christie, R. Warlock and G. P. Tinker of Prince Rupert; Ex-Governor Davis of Idaho; Capt. Deggis of the United States revenue cutter Cygan, and Norman McLean, purser of the steamer Prince Rupert.

MAP ALASKA FROM PLANES

Ketchikan to be Headquarters for Work Which is to be Done There

KETCHIKAN, May 27.—A new era, with a glorious future for Alaska, foreseen by Alaskans and naval aeronautical officials as the result of the combined aerial mapping expedition of the departments of the navy and the interior, which are on the way here from San Diego.

Ketchikan will be the headquarters of the expedition during the summer. A visit of considerable length will be made during the season by Admiral Robinson, commander of the United States fleet, who will arrive aboard his flagship, the Seattle.

Although the Ketchikan Commercial club had planned to provide quarters ashore for the personnel of the air mapping expedition, the officers and men will live in floating barracks in the harbor.

Mapping of Revillagigedo Island, on which Ketchikan is located, and the back country of Southeastern Alaska will provide accurate plats and data on which plans for future development can be based.

Thirty-two separate cameras, for various duties in connection with the mapping and mosaic work, form the technical equipment, said to be the most complete equipment ever assembled for such work. It will be needed, however, because the expedition itself is the most comprehensive ever organized by an aerial organization in the world. The United States navy, assisted by the American camera industries, is the only organization at this time capable of extensive work in this field.

Ten Years Ago in Prince Rupert

May 27, 1926.

J. W. Stewart, well known here as the active head of the contracting firm of Foley, Welsh & Stewart, is now in Ottawa making arrangements to proceed to France in command of a battalion of railroaders.

S. D. Macdonald, president of the Trades and Labor Council, has received word that the miners at Anxox are about to demand certain concessions from the Granby Co. and that trouble may ensue.

ed out by a fierce bush fire that is raging there. Men are being rushed from all surrounding points to fight the flames and the people are burying their belongings in the hope of saving them.

THE MAN IN THE MOON

A HICK town is one where everybody knows a lot more about everything than the newspapers.

WOMEN would make good after dinner speakers if they could wait that long to tell it.

BABE Ruth has come back. He goes home almost every day.

YOU don't need to be an aviator in order to take a flier in finance and lose your wings.

WHEN a man takes to drink it may be from sheer joy at being free again.

IT is not very difficult to make money, but collecting is a bear.

THE wise ones are those who tell what the other fellow ought to have done.

KETCHIKAN time is to be the same as ours after Saturday. Perhaps the Alaskans will catch our spirit also.

THERE'S one little institution we could easily spare to Ketchikan and that is our "knockers' club." You can have the whole institution, Mayor Torry, without any charge.

REAL hardship is not having enough money to buy cigarettes and not having enough friends from whom to borrow.

THINGS are changing. Rain falls on the just who are picnicking, but not on the unjust who have to pray for forgiveness for their sins at church.

YOU can easily tell the common people. They are the fools who buy wildcat stock.

PLAYERS' CLUB HELD MEETING

Read a Play and Enjoyed Musical and Literary Program at Home of Mr. and Mrs. Bryant

The Prince Rupert Players' Club held their regular monthly meeting last evening at the home of Mr. and Mrs. George Bryant, Fourth Ave., with very close to thirty members present, and a most enjoyable time was spent. The feature of the evening was the reading of a play "The Twelve Pound Look" by J. M.

Barrie, which proved intensely interesting. A. L. Sharp read it. A. A. Connon, president of the club had charge of the program which in addition to the play consisted of songs by Miss Middleton, Mrs. Millar and Miss Dalby, a monologue by Mrs. Milne, a sketch by W. H. P. Fleming and community singing led by J. S. Wilson. The accompanists were Miss Elanda Marsh and Mrs. Cullin with Mrs. Bryant on the mandolin.

Tea was served at the close. Mrs. William Millar, pouring, and a number of young people assisting in serving. Before leaving, the party gave musical honors to the host and hostess and plans were laid for an outdoor meeting next month.

EUCCHARISTIC CONGRESS CHICAGO, JUNE, 1926

The Greatest Event in the History of the Catholic Church in America

C. N. Rys. to Operate Special Trains from Western Canada

Of unusual importance to Roman Catholics is the 28th International Eucharistic Congress in Chicago, Ill., June 23 to 24 next.

The Church dignitaries are duly appreciative of the efforts made by the Canadian National Railways, who have arranged to operate special trains to and from the Congress, and have also made reservations for several hundred people in good hotels at a reasonable expense, and ask their people to make application promptly for the necessary sleeping car and hotel accommodation. The Church authorities were consulted prior to arranging the train service so that the proper departure time from the various centres would be ensured.

Those who desire to use the regular service have the privilege of travelling on the through train which is operated during the summer season from Western Canada to Chicago.

Any agent of the Canadian National Railways will be pleased to give you further particulars and complete all arrangements.

DRY DOCK TO BUILD SCOWS

Awarded Contract by Skeena River Packing Co. for Two Fish Carriers

The Prince Rupert dry dock has been awarded a contract by the Skeena River Packing Co. for the building of two scows, 40 to 44 by 4, which are to be used in packing fish for the Port Edward cannery. They will be built of spruce lumber supplied by the Big Bay Lumber Co. Work on the contract will start at once, delivery to be made about June 15.

SIMPLE MIXTURE STOPS GAS BLOATING

Simple buckhorn bark, glycerine, etc., as mixed in Allerika, often helps stomach trouble in TEN minutes by removing GAS. Brings out a surprising amount of old waste matter you never thought was in your system. Stops that full, bloated feeling and makes you enjoy eating. Excellent for chronic constipation. Allerika works QUICK and delightfully easy.—Ormes Limited, Druggists.

PREPARING FOR MINING WORK

Kalum Lake Properties to be Operated This Year Direction of J. M. Hoar

After having spent a day in town making arrangements for the obtaining of men and material to be used in connection with further development work on mining properties this season in the Kitsumkalum Lake district, Ex-Governor Davis of Idaho, J. T. Ball of Roseburg, Oregon, and J. M. Hoar of Seattle proceeded to Terrace on this morning's train. The Hopper-Davis interests will start work first this year on the Little Beaver property, but will also carry out work on other prospects around Kitsumkalum Lake. It is possible they may acquire further holdings than the eight or nine properties they have now in their hands. It is expected to employ some twenty or so local men and the work, as in the past, will be under the direction of Mr. Hoar. Ex-Governor Davis also expects to spend the most of the season in the district.

SYNOD OPENED ITS SESSIONS

Committees and Delegates Appointed and General Business Carried on

The Anglican synod of the Diocese of Caledonia opened its sessions yesterday afternoon and continued in the evening and is still going on today. There was a full attendance of clerical and lay delegates with the one exception of Rev. Commander Hodgson of Telegraph Creek who was unable to get out.

The first business was the appointment of Rev. A. W. R. Ashley of Stewart as hon. clerical secretary.

The administrator of the diocese, Archdeacon Rix, gave a report of the work of the diocese since the last synod meeting and welcomed the new members into it.

Committees were formed to deal with the report, the members being Rev. Canon Rushbrook, Rural Dean Marsh and Rev. G. Gray.

C. V. Eviit was appointed secretary-treasurer of the diocese and E. Unwin auditor. Delegates and committees follow:

To General Synod: Archdeacon Rix, Rev. J. B. Gibson, R. L. McIntosh and W. E. Orchard.

Provincial Synod: Archdeacon Rix (by acclamation), Canon Rushbrook, Rev. E. Hodson, Rev. G. Gray, P. Tinker, C. V. Eviit, R. L. McIntosh and W. E. Orchard.

Board of Management of M.S.C.: Archdeacon Rix, Rev. Canon Marsh of Lindsay, Ont., Mr. Justice Hodgins of Toronto and Thomas Mortimer of Toronto.

Board of Religious Education: Rev. G. Gray and Canon Marsh of Toronto, A. W. Healey and James E. Jones.

Social Service Council: Rev. Tucker of London, Ont., Rev. J. B. Gibson of Smithers; W. Bassett-Jones and Thos. Mortimer of Toronto.

Diocesan Committee on Oriental Missions: Archdeacon Rix, Canon Rushbrook, Rev. J. Gillett of Massett, P. Tinker, R. Le Pine, Mrs. A. E. Wright and Miss DuVernet.

Executive of the Diocese: Rev. Canon Rushbrook, Rural Dean Marsh, Rev. E. Hodson, Rev. J. B. Gibson, P. Tinker, Bazzetti-Jones, R. L. McIntosh and C. V. Eviit.

Delegates Entertained

Last evening the delegates were entertained at supper by the W.A. of St. Andrews Cathedral in the Cathedral Hall at which a vote of thanks to the ladies was proposed by Archdeacon Rix and replied to by Thomas Adams of Massett.

The financial report of the diocese was read by C. V. Eviit, and also the report of the executive committee.

This morning a service was held in the Cathedral. Rev. E. Hodson of Ocean Falls preaching the sermon and this was followed by lunch in the Cathedral Hall.

ANOTHER NATIVE WEDDING IS HELD

Miss Ethel Gladstone of Kitkatla and Arthur Alexander Mason of Metlakatla Were Married Last Night

The First Presbyterian Church was the scene of another pretty native wedding at 8 o'clock last night when Miss Ethel Gladstone of Kitkatla was united in marriage to Arthur Alexander Mason, of Metlakatla, Alaska. Rev. Dr. Charles J. Cameron officiated and the attendants were Henry Coffinson and Miss Rebecca James both of Kitkatla. The bride was attired in full wedding costume including white gown, veil and bouquet. Two little native girls, daintily attired, acted as flower girls. The ceremony took place in the presence of a congregation of some fifty persons.

After the church service, the party proceeded downtown where the occasion was duly celebrated with banquet, etc.

J. W. McAulay, C.N.R. locomotive foreman, is back from Winnipeg where he attended a meeting of departmental officers.

CITY CHARGED OBSTRUCTION

The corporation of the city of Prince Rupert was defendant in a city police court action this morning when it was charged by A. J. Prudhomme with obstructing a thoroughfare at the corner of Fifth and Fraser Streets through having lumber piled there. The case was adjourned for eight days. S. W. Taylor prosecuted, while E. F. Jones, city solicitor, defended.

"I'll Show You the Town"

A giggling, rollicking, irresponsible comedy. The harrowing story of a sober, young college professor, who chased by four pretty girls, is turned into a sheik, a gay deceiver, a rouser, a wife-stealer, and a desperate character. A tale that proves the adage, "There's safety in numbers" is large gobs of hokum. It all revolves around a revolving folding-bed, with the revolvers of the husbands of the girls in the said bed. Don't miss it. You'll be chuckling for days. Strong cast.
