unanimously. Ald. Jos. Greer then noved that the joint report of Mr. Little and Mr. McLean be incorporated in the minutes of the meeting. Various nembers of the council took occasion to congratulate Mr. Little on his report. It was also decided that the city solicitor and superintendent of utilities draw up a contract at once between the city and he Cold Storage.

The question as to whether coal or oil ! should be burned in the dry dock power plant was again discussed and it was lecided, on motion of Ald. Jos. Green hat the superintendent of utilities bring n a report as to the difference in cost of the two methods of combustion.

C. P. Riel, manager of the Seal Cov Lumber Co.'s sawmill, was at the meetng and asked if a power rate similar to that given the Cold Storage would be available for his mill. It was explained condition. to Mr. Riel that the same rate of 2c to 16c per kilowatt hour would be given him if he took power in a similar quantity and on similar conditions. The Cold Storge was taking untransformed power at the regular rate as provided for in the bylaw.

Col. J. W. Nicholls, who was present at the meeting, congratulated the council on the decision reached and expressed the hope that the relations between the GRAIN TO THE ELEVATOR sity and company would always be of the most amicable. IMPERIAL CONFERENCE.

Next week the prime ministers of all the British Dominions will meet together in London at another Imperial Conference. The gathering was to have been held last year; but the elections in this country were responsible for its postponement until a more convenient time. It will be remembered that it was Ramsay MacDonald that the meeting should furnish an opportunity for the Premiers to discuss constitutional questions arising out of the ratification of the

Treaty of Versailles and the negotiation of the treaties of Lausanne and Locarno. The Imperial Conference, of course, has no executive power. It is purely High School Literary Society took place consultative and is called from time to time to enable those who direct the policles of the various parts of the Empire to discuss common problems in an informal manner. It is a useful form of interchange if only because it permits a more intimate and exhaustive survey of Dominion affairs than would be possible Hacker, president of the society, debated through years of correspondence between the various Dominion governments. the subject, "Resolved that Vancouver The practical results of some of these gatherings have not been imposing. It will become a greater city than New is none the less good for the Empire that there should be these occasional meet- York," and the negative won by a very ings between the political leaders of the Commonwealth. The mere publicity slight margin. which thy arouse at least directs attention to the Empire and its progress where Douglas Stewart, the first speaker for such educative matter is most needed-in the Old Country.

Some public men and mentioned the vastness and great wealth some newspapers, both in the Dominions and in Great Britain, are continually of New York and said Vancouver had pressing for a common foreign policy for the whole of the self-governing Com- no hope to replace her as the chief city monwealth. But it is difficult to frame a program of common action to cover of the continent. She showed how the every set of elicumstances and very little progress is likely to be made in that fact that New York was surrounded by direction.

CANADA AND UNITED STATES.

The Canadian Prime Minister also will discuss the question of Canada's application of the quota law, which ambassadorial representative to the United States, agreed upon in London, Otta- worked against New York while Vanwa and Washington six years ago. He should be able to dispel the apprehension couver, open to the whole world, would which some Old Country newspapers have manifested in this respect. The relat prosper and develop: She quoted from tionship between Canada and the neighboring republic is altogether different from the relationship, for instance, between Australia and the United States. The reasons are obvious. Of particular importance to all the Dominion representating permits in that city during the past tives, also, is the problem of a better distribution of people throughout the year, of the wonderful climate and 10. Suggestions that there will be plain talk at the coming gathering need not worry anybody. It would be a pity if Dominion statesmen were to gather together for a chat and indulge in nothing more than platitudes. That would be quite unlike British procedure. The Empire has been built by plain talk. It can be strengthened, its members will be able to understand one another better, by still more plain talk.

INTERESTING EVENT LAST NIGHT WHEN SEVENTY WOMEN GATHER-ED AT FESTIVE BOARD

The first complimentary banquet by Women of the Mooseheart Legion in honor of wives, daughters and sisters of members of the Loyal Order of Moose took place last evening in the Boston Hall and was a very successful event. The festivities were opened by the Senior Regent, Mrs. Charles Edwards, who gave an address of welcome and Grace was read by the chaplain, Mrs. F. M. Crosby. Seventy persons then proceeded to taste of the dainties of the festive banquet board. Mrs. Robert McCarthy was very capable toast mistress.

Features of the program were addresses by Mrs. J. Brady and Mrs. A. T. Parkin. The former spoke on women's work and the latter on women's activities in the Empire. The audience was delighted with the planofore solos of Mrs. T. D. Rinde and the elocution of Miss Alice Jounkman. Mrs. Jarvis Mc-Leod, always popular, was heard to advantage in vocal solos.

The toasts were as follows: "His Majesty the King."

"The Supreme Lodge," proposed by Mrs. Thor Johnson and responded to by Mrs. Jack Ratchford.

"Visitors," proposed by Mrs. J. Gawthorn and responded to by Mrs. A. G.

There was also community singing to further enliven an excellent program. After the banquet cards were indulged in, the winners being as follows: First whist, Mrs. A. Nelson; second whist, Mrs. R. McCarthy; first bridge. Mrs. Jarvis McLeod; second bridge, Miss Mary As-

Prepare for Winter Driving Spark Pulos

A new set will assure easier startingbetter performance-save oil and gas.

If you have not installed new spark plugs within the past year, or if your present set has gone 10,000 miles, you will make certain of quicker starting and better engine performance during the coming winter if you install a complete set of dependable Champions NOW.

Hundreds of thousands of motorists who installed new Champions during Champion National Change Week last spring have enjoyed better service since that time. You, too, will experience much more satisfactory motoring if you make it a regular practice to put in new spark plugs once a year.

Stop at your local dealer's and he will supply you with a set of the correct type of Champions for your car.

SPORT CHAT

The American dollar looms large at the present time in the Canadian professional hockey arena. Not only has Detroit bought the Victoria team but now the New York Americans have bought the contract which Newsy Lalonde had with the Saskatoon team. Newsy will for the next three years be bench manager and coach for New York and his Canadian admirers will watch with interest the struggle he may be able to make in winning honors for this wealthy American club.

Frank and Lester Patrick are reported to have received \$100,000 for the transier of the Victoria team to Detroit. Apart from this there seems to be no good reason why professional hockey should not prove a good money maker on the coast, as the games have been well patronized. It is to be hoped that interest in this great national game will continue to grow in spite of the inroads being made by American capi-

The Tired Business Man Tired Brain—Tired Nerves—Tired Body

Is it any wonder that digestive organs fail and the heart's action weakens under such strain?

Nervous Trouble

Mr. Fred Ross, Dresden, Ont., writes:-"I certainly can sympathize with anyone who suffers from nerve trouble. For many months I was afflicted with nervousness, and after going to bed I would toss about for hours unable to sleep. Dr. Chase's Nerve Food was recommended to me, so I gave it a trial. I found it a splendid treatment, as I can now enjoy a good night's rest. For the nerves, the best password I can give is 'Dr. Chase's Nerve Food'."

Was Very Nervous

Mr. A. Jacobs, 243 Clarence St., London, Ont., writes:-"I was so very nervous that I could hardly get to sleep at nights. I was

also troubled considerably with pains in the small of my back. Dr. Chase's Nerve Food has proven wonderfully beneficial to me, and I am now pleased to say that my nerves are very much steadier. I sleep and rest well, and the pains in my back have entirely disappeared.

TODERN business is carried on at tremendous expense to the nervous systems of men.

So great are the worries and anxieties of business and professional life that the end of the day finds the brain, the nerves, the body, tired and limp.

The last ounce of nervous energy seems to have been expended. Is it any wonder that hearts stop beating when the nerve force which controls their action is so completely exhausted?

> If you could only rest and sleep there would be some chance of replenishing by night the nerve force which is exhausted by

> But with the nerves on edge you are restless and irritable. You cannot sit still or relax. You must be ever on the go. You must have excitement and stimulation until finally worn out, a nervous breakdown or failure of the heart's action brings calamity.

> There is a way out of this vicious circle of nervous exhaustion. It is by the use of Dr. Chase's Nerve Food.

> This is the most rational treatment imaginable because it feeds the nerves back to health and vigor. Not directly of course, but through the medium of the blood, which is the source of all bodily nourishment.

> By using Dr. Chase's Nerve Food you will soon find yourself sleeping and resting better, digestion will improve and you will forget the tired feelings in your enthusiasm for new health and happiness.

It will take a little time to get back all your old pep and vigor, but while using this restorative treatment you can be certain that your nervous system is being thoroughly built up and that the beneficial results will be lasting.

As the supply of nerve force in the body is increased your vital organs will resume their natural functions. You will feel the confidence that goes with good health. Your efficiency will improve and you will be able to get the most out of life.

GYROS RESPONSIBLE FOR ANOTHER SUCCESSFUL EVENT LAST NIGHT

Another hoedown dance, given by the Gyro Club for the benefit of its playground, went over strong in the Auditorium last night. Neorly four hundred persons, dressed in all manner of rustic garb, tripped the light fantastic toe from 9 in the evening until 2.30 in the morning and then were only regretful that the night had passed so quickly and the fun was over.

The decoration committee for the event had gone to considerable pains in its work and the result was pleasing. Sheaves of wheat and oats went to lend a further country air to the proceedings and, with overalls and ginghams, straw hats and sun bonnets, it took the minds of many back to the good old days "down on the farm."

There were many special features which made further for the enjoyment of the large crowd.

Lionel Holtby was, as usual, an efficient master of ceremonies while Bill Cruikshank and Leo Waugh handled the crowds at the door.

Music was by a seven-piece orchestra consisting of Charlie Balagno, conductor, Miss Jean Currie, piano; Kenny Rood, saxophone; Bob Arthur, Jr., violin, Billy Balagno, violin; Bill Cooper. banjo; Bob Greenfield, cornet, and Will Browne, xylophone.

Committees in charge of various features of the evening's proceedings were

"What Happened to Jones"

An adaptation for the screen of George Broadhurst's famous stage success. Real, regular, riotous farce. Whalf did happen to Jones? Oh, nothing much. A police raid drove him into a ladies' Turkish bath, then into women's clothes, then into a church where his best girl was being married to his worst friend. Outside of that it was a quiet day for him. What just did happen to Jones? That's what an army of people, a police force, a minister, a bride and her wedding guests and hosts of others wanted to know. Come and find out for yourself and spend one of the enjoyable evenings of the year. Strong cast.

Reginald Denny, Marion Nixon, Melbourne MacDowell, Otis Harlan, John Elliott, Zasu Pitts, Emily Fitzroy, Frances Raymond and many others.
