GREAT BRITAIN STILL GRIPPED BY STRIKE

BOTH SIDES PROCLAIM THEIR DETERMINATION OF FIGHTING TO BITTER END

With Transportation Facilities Improving, General Situation in Britain Today Becomes Easier

Orders arise in centres of industrial dispute but nothing of very serious nature has yet occurred

STREET MOBS CLUBBED BY POLICE

Food supplies reaching cities in satisfactory quantities but London milk ration is cut in half

LONDON, May 6.—The grip of the general strike gives no respite and the third day finds both government officials and Labor chiefs proclaiming their determination to fight to a bitter end.

The administration's new mouthpiece, the British Gazette, says: "There can be no compromise of any kind. Either one country will break the strike or the strike will break the country."

It was reiterated again today by the government that no negotiations will be opened until the men have returned to work.

Meanwhile, attempts of the strike sympathizers to halt the volunteer transportation services gave rise to further rioting, the worst disorders being along the Clydeside, the centre of labor radicalism.

Near Edinburgh a train was attacked and passengers were injured with breaking glass. In Edinburgh there were disorders throughout the night with the police wading clubs amid a mass of people. Charges were made in the endeavor to clear the streets of rioting gangsters which sought to stop the emergency tram services.

The mounted police were used in the southeastern section of London where a mob attempted to burn a motor bus.

Further movements of naval and military forces are reported.

From a standpoint of the general public, the situation may be said to be easier, there being a large increase throughout the country of transportation facilities. The London electric service is showing a thirty-three per cent increase over Wednesday. Food is arriving in satisfactory quantities but the milk ration is cut to half of the usual supply.

The voyage marks almost a century of service for the ship.

It is expected to be her trip as a new "Bear" is being built to replace her.

The vessel is due at Nome, Point Barrow July 25, Herschel Island not later than August 5.

LARGE STEEL PLANT REOPENS

Fifty-five per cent of Employees Back at Work at Newport Industry

EWPORT, England, May 6.—One of the largest steel plants in the district resumed work this morning, 95 per cent of the employees reporting for duty.

The plant had shut down when the general strike was called in sympathy with the coal miners went out last week.

REAT LAKES ARE NOW OPEN

Freight to Fort William Arrives on Steamer Glenella

MOSCOW, May 6.—Soviet transport workers union adopted a resolution at a meeting last night not to handle any freight destined for England. This action was taken to prevent any aid being given to efforts to break the strike in Great Britain.

The whole question, it is understood, will be reviewed and there is a possibility that the Dominion Government may see fit to gradually recede from the field.

RUTH'S HOMERS AND MEUSEL'S FAILED TO WIN

Philadelphia Made It Three Straight Over New York Yankees: Pitcher's Duel

NEW YORK, May 6.—Six extra base hits helped Cincinnati defeat St. Louis yesterday while Pittsburgh won the only other National League game played by trimming Boston after a hard pitchers' duel between Meadows and Smith.

In the American League St. Louis bunched seven hits in the ninth which coupled with three errors by Cleveland enabled them to win by a score of eleven to five. Philadelphia made it three straight over the New York Yankees despite homers by Ruth and Meuse.

Washington took three in a row from Boston.

WILL CONFER ON TAXATION

Income Tax to be Matter for Consideration View to Dominion Withdrawing

OTTAWA, May 6.—Preparations are being made for the conference of finance ministers which will discuss the whole question of taxation and will deal, among other things, with the duplication of income tax. At present there is a Dominion income tax, a provincial income tax and in some cases civic income taxes. The result is that incomes are overtaxed and there is considerable dissatisfaction in regard to it.

It was in 1917 that the Dominion income tax was first introduced by Sir Thomas White, finance minister in the Borden Government, and it was then looked on as a war measure.

Prior to that time the only income tax was that imposed by the provinces.

The whole question, it is understood, will be reviewed and there is a possibility that the Dominion Government may see fit to gradually recede from the field.

Labor Amendment Regarding Strike Situation Defeated in Parliament by 317 to 95

LONDON, May 6.—According to figures published by the Trades Union Congress the maximum wage earned by miners for the last half of 1925 was 54 shillings weekly with the average about fifty.

LONDON, May 6.—A Labor amendment to the bill relating to the protection of property was defeated 317 to 95.

The Labor amendment would have hampered emergency regulations by eliminating the clause making it an offence to do injury to railways, roads, electrical works or other public services.

It will still be a crime subject to arrest and imprisonment for any person in the fight to cripple the nation's industries or to interfere with the public utilities.

219 STUDENTS GET DEGREES

Governor's Medal Goes to William Chalmers of Vancouver and Dorothy Dallas Prize

VANCOUVER, May 6.—According to examination results announced today 219 students receive degrees from the University of British Columbia.

The Governor-General's medal, awarded to the student heading the graduates either in arts, science or agriculture, was won by William Chalmers, Vancouver, a graduate in arts.

The Nichol French scholarship was won by Dorothy Dallas. This is the largest financial prize offered and entitles her to \$1200 annually for study in France.

Not Our Strike But All Interested.

Some people act as if the strike in Great Britain were Canada's strike so keenly partisan are they in their views and so anxious for one or other side to win. But the strike is not ours although we must all be interested in its progress and outcome.

As one man on the street said the other day: "It is the biggest thing since the war." Nobody can safely prophesy what will be the outcome. Even people on the spot are not likely to know as they are bound to be influenced by a partisan bias.

Speaking generally here, labor men are anxious for the labor unions to win and those who are not in sympathy with the stand of the unions in this matter hope they will lose.

Newspapers And Such Big Events.

When there is a big event on such as this, it seems to be a current opinion that the newspapers benefit. As a matter of fact they lose. What the newspapers like is for everything to go smoothly all the time.

Just now, as an instance, this paper is spending a good deal above the average daily on telegraph tolls in order that readers may be supplied with the latest news of the strike. No more papers are sold than usual for most of the people of the city read the Daily News anyway. If the strike develops and interferes with business in Canada we shall lose along with everybody else. While we are always anxious to record the news so that our readers may have the latest on everything, we do not stand to gain financially from big news cropping up.

Financial Progress Of This Province.

Details of the financial progress of British Columbia during the last decade have just been made public at Victoria. These show in brief that for every \$100 bond the province sold in the financial market ten years ago it only received \$86.20 in cash, while ever since 1919 provincial credit has improved to such an extent that the average value received in cash for the same \$100 bond works out at \$98.10.

Other statistics included in the statement show that in 1916 current obligations unpaid amounted to \$2,000,000, that accrued obligations unpaid amounted to a similar sum, that Pacific Great Eastern bonds were guaranteed to the extent of \$2,060,000 and no sinking fund had been provided, that Canadian Northern Railway bonds also had been guaranteed to the extent of \$48,000,000, that there was a shortage in sinking funds of less a sum than \$628,000.

It is also a fact that a Civil Service salary list at that time absorbed something like 28 per cent of the revenue of the province, that an anticipated deficit of \$5,400,000 on current account for the year had to be faced, and that there was only the small sum of \$54,000 in actual cash in the treasury.

The situation today, however, is entirely different. All the current obligations of the province are paid in full, and all its accruing obligations are satisfactorily provided for. The sinking funds also are all paid up to date, and there is a surplus of \$1,100,000 in that particular account.

A further evidence of the progress made by the province in the last decade is similarly shown in the following statistics: (1) School population has increased 65 per cent. (2) Agricultural production has doubled, and mining production increased 43 per cent. (3) Timber production has increased 130 per cent. (4) Pulp and paper output has increased 80 per cent, and (5) the industrial payroll has increased 25 per cent in the last three years.

Keep Baby's Skin Soft as Velvet Prevent and Relieve Eczema

Mrs. Albert Bishop, 38 Larchmont St., Amherst, N.S. writes: "In one week my baby was entirely relieved of eczema by the use of two boxes of Dr. Chase's Ointment. He had sores all over his back."

EVERWHERE Dr. Chase's Ointment is known and appreciated by mothers who have with gratitude witnessed the benefit it has brought to their suffering children.

Chafing and cracking of the skin is often the beginning of eczema. The trouble develops where two surfaces of skin rub together—as in the neck, armpits or between the legs of fleshy infants.

Dr. Chase's Ointment applied after the bath brings relief from this condition and prevents eczema.

LADY LAWYER PROVES FOE BOOTLEGGER

Terror to Higher-ups of Those Who Disobey the Law But Old Women Appeal to Her

DALLAS, Tex., May 6.—The woes of the bootlegger in the southwest may not be more heartrending than elsewhere, but he has one that is more persistent than any other. Her name is Mrs. Sara Corey Menezes and she is assistant United States district attorney for this section of Texas.

Federal liquor prosecutions here are in the hands of this relentless little woman, whose only request when she accepted the position was that she be given a man's work. She was taken at her word, and for more than a year she has been responsible for driving the clandestine hooch traffic deeper into cover.

Assistant District Attorney

There is one thing she will not tolerate. She will not be called "a little lady." A Dallas police captain called at the district attorney's office, looked about the office, and announced he wanted to see "a man lawyer."

"Well, I'm the assistant district attorney, won't I do?" said Mrs. Menezes, who was the only person in the office.

The police captain hesitated; it was something new in the human state.

"Well, you see, little lady—

He got not further. About five feet of femininity rose up to its full height, and a fist came down hard on the desk.

"Don't you 'littlelady' me," she said. "You men might as well understand now that I'm not going to be just a clerk here. I'm assistant United States district attorney and I'm going to practice law just like a man does."

The police and others since have found that she was a prophet in her own bailiwick. What she said has all come true.

Every Case a Victory

At her first appearance in Federal court before Federal Judge William Atwell, exalted ruler of the Elks, she disposed of thirty-four liquor cases with the assistance of Shephy S. Faulkner, another assistant U.S. attorney, and every case was a victory for the government.

The largest still-discovered in this section in years was located a few months ago in a desirable residence section of Dallas. Two men were arrested on the premises, but this did not satisfy Mrs. Menezes. She believed there were "higher-ups" who owned the outfit.

Alone she started out to gather the evidence on the "higher-ups" and later she reached them.

One Weak Spot

She says when it comes to prosecuting old women for bootlegging she weakens. One of her first defendants was an old mother of seventy. She did not have the heart to prosecute vigorously so the woman was freed. She can be "hard boiled" though when it comes to the persistent woman offender.

Mrs. Menezes' district covers thirty-four counties and is as large as some states. She was born in Fort Scott, Kas., and read law in her father's office, later taking two years in Kansas University law school.

Ten Years Ago in Prince Rupert

The Grand Trunk Pacific Railway is contemplating the establishment of a summer resort in Jasper National Park on the shore of Lac Beauvert. It is expected that it will attract thousands of tourists to the railway.

With two teams in the league, Catholic Club and Colts, the baseball season in Prince Rupert will open on May 8.

The Full Moon, the Surf Inlet power cruiser arrived here yesterday with F. W. Holler, E. A. Cleveland and F. Bradshaw on board. They report that excavation for the big dam is progressing well and that, before the end of the year, the big concentrating plant with a capacity of 250 tons of ore per day will be in operation.

THE MAN IN THE MOON says:

If a driver gets so he doesn't know he's loaded, he should lose his certificate.

A COTTAGE on a sun-kissed hill,

With only room for you and me;

Besides a babbling mountain rill,

We'd watch the sun set o'er the sea,

And life would seem so sweet,

my dear;

Because we'd realize our wishes;

There's just one thing Ed rather fear;

Say, who would wash the dishes?

IT'S only when birthdays are frequent that we get to learn the value of a dollar store.

SOME people meet their bills, others dodge them, but the wise do not incur them.

WHAT is worrying me just now is whether to pay my grocery bill or buy a boat. Heads I buy, a boat tails I jip the grocer.

THERE once was a girl with beautiful bangs

And a face that was easy to see;

And she loved a boy who was somewhat a shiekh

And handsome as ever could be.

But the lad was poor as the man in the moon

And his prospects were not very bright,

So the beautiful girl just forgot her old love

And an ugly one married last night.

SAFETY PROTECTION BEING DISCUSSED IN STATES BY OFFICIALS

Charge Made that Trap Owners are Being Favored and Young Fish Destroyed by Them

SEATTLE, May 6.—Floyd Hatfield, prosecuting attorney of Island county, attacked Governor Hartley's administration of the state fisheries.

"There has been a policy of discrimination and wanton slaughter of young salmon," he declared, "and a failure to make it endorse proper conservation methods which makes it impossible for me to co-operate with the department, and which will result in complete destruction of the industry if not checked."

Tool Issue in October

Hatfield first complained in October in a letter to the governor against the new regulation of the department wiping out the run of salmon at Whidbey Island. The fisheries board regulations were not enforced.

E. A. Sims, chairman of the fisheries board, answered that if traps are killing tons of young salmon as Hatfield charged, it is his duty to arrest and fine the operators.

Issue Dodge, Charged

Hatfield charged Sims with dodging the issue.

"Your patrol winks at useless destruction by traps yet if a trapper attempts to market salmon under eighteen inches your patrolmen arrest and bring him to me to prosecute," he declared.

AFTER SCALP OF DAN SUTHERLAND KETCHIKAN PAPER ISSUES THREAT

(Ketchikan Chronicle)

Dan Sutherland, nominated at the primary election of Thursday, will get little consolation out of it in that he received the smallest vote he ever received at any election, either primary or general. Yet the Sutherland-Paul forces worked the day and were the only workers, getting out the Indian vote in all the precincts.

The automobiles took them to the polls in numbers and they were the only ones to be favored, so with the dilute accommodations.

It will be different in the fall when every voter will be called upon to decide whether he is to be ruled by the whites or the natives. It will be an issue that cannot be avoided.

BOYS LEADS IN BILLIARDS

Got Start of 626 to 477 Over Jack McMillan in Championship Tournament Last Night

In the first block of the 5,000 point billiard tournament for the championship of British Columbia at the Grand Terminal Billiard Club last night, Sid Boys obtained a lead over Jack McMillan of 626 to 477. At one time Boys was 300 ahead of McMillan but the latter caught up to within fifteen points only to be set back again by Boys making a 96 break. The high runs of the tournament were: Boys — 128, 104 and 96; McMillan — 84, 74 and 57. The time was something over two hours and there was a good crowd of spectators to witness the competition. Jack Judge was referee; W. Stickney, marker and G. S. Russell, scorer.

The players will meet again this afternoon and evening and so on till the 5,000 points is played out.

ATHLETICS AT HIGH SCHOOL

Baseball and Football Leagues are Organized and Have Already Started Season

Senior football and baseball leagues have been organized at King Edward High School and will carry out a schedule of games during the coming summer, football on Wednesday afternoon's after school at the Acropolis Hill grounds and baseball on Friday's.

There are two teams in both leagues bearing the names of their captains. Alex Mitchell and Perry Baile are the football skippers and their first game last week resulted in a score of 4 to 2 in favor of Mitchell's. Last night there was to have been another football game but, as both teams were short of men, it was decided not to count it in the standing.

The first baseball game resulted in Alex Mitchell's team defeating that captained by Ted Tite by a score of 12 to 6.

SPORT CHAT

The annual meeting of the Alice Arm Tennis Club was held last week and 1926 officers were elected as follows: President, Al Falconer; secretary, A. D. Yorke; vice-president, Mrs. H. F. Kerigan; executive, T. Tavener and H. Fowler. The financial statement showed the club to be out of debt so it was decided to reduce the annual membership fee from \$10 to \$8. The club has been invited to join the British Columbia Lawn Tennis Association.

The exhibition games here of Stanley Newman, the British professional billiardist, were a treat to local followers of the green baize table who are now given the opportunity of seeing two more experts in action, this time with something at stake. Ben Self, manager of the Grand Terminal Billiard Club, is to be congratulated on his initiative in bringing Jack McMillan and Sid Boys to Prince Rupert to play for the provincial billiard championship.

The Anox Football Association held its annual meeting last week when officers were elected and arrangements made for the coming season's activities. The 1926 officers were chosen as follows: President, Pete McDougall; vice-president, R. Deeth; secretary, David Wilson. The same constitution as last year will govern the play of soccer in the smelter town this season and the season's schedule of games is now being drawn up.

TELKWA

At a community meeting at Round Lake on May 1, it was decided to hold a big dance on June 3. Special plans are being made to make this dance one to be remembered.

Mr. and Mrs. P. Slavin motorized to Houston on Sunday and

brought back Mrs. Slavin's sister, Mrs. J. Goold and her two children.

Mrs. T. M. Queen entertained a number of her friends at bridge on Tuesday.

A card party arranged by the teachers of the local school on Friday drew a nice crowd. The proceeds are being used to help get new books for the school library.

Although the nights are quite cold, hay crops and gardens are growing steadily.

Mrs. Slavin entertained at tea on Wednesday in honor of her sister Mrs. Goold.

It was with a general feeling of regret that Telkwaites said adieu to Mrs. Howson and Betty who have left for the coast cities enroute to Detroit.

This Thursday is to be a busy day for those in charge of the Nursing Home dance which takes place tonight.

After having done considerable work on the Government Road between here and Moricetown, Frank McDonald is back at his ranch again.

SKIDEGATE INLET IS BUSY THIS SEASON

Two Canneries and Two Salteries Operating and Road Work Proceeding: New Boat Here

Skidgate Inlet is busier than it has been for a long time, according to J. P. Dover, who with M. M. English, manager of the B.C. Packers new cannery at South Bay, was in the city yesterday. There are two canneries operating there this year and two salteries. Also there are more trollers operating at Hippo than usual. Road work is proceeding and everyone on the islands is busy.

INDIANS MAKE RAIN MEDICINE

Contest to be Held to Decide
Which Tribe Can Get Best
Results

SHERMAN, Wyo., May 6.—Medicine men of six Indian tribes of Montana, South Dakota and Wyoming will weave their charms and sound their chants trying to convince the "God of Thunder" to loose rain from the clouds in a feature event of the semi-centennial celebration of Custer's Last Stand to be held in June at the battlefield site of the Little Big Horn River.

They will compete to see who can make the "best" medicine on the last day of the celebration.

The medicine men, each representing a tribe—the Cheyenne, Crow, Blackfeet, Assinibone, Flathead and Sioux—will be more than three score and ten years. The chief medicine man of an Indian tribe must be one of the oldest members of the tribe.

Limbs Painted

Their bodies covered with white clay, and faces and limbs painted with red, orange and yellow hues in weird designs, each Indian will carry a staff, tipped with brilliantly-colored feathers. With a whistle in his mouth he will ride through the Indian camp on the battlefield, blowing the whistle and chanting weird phrases. All the while his arms will be outstretched to the Great Spirit. Each medicine man will be allotted thirty minutes to "mix the medicine" that will precipitate rain.

Bear Tail's Success

In Bear Tail, oldest medicine man of their tribe, the Montana rows of the Pryor reservation have a participant who is expected to "mix heap big medicine." Five years ago, Bear Tail warned the tribe that it would rain on a certain day when a rodeo was to be held. He was jeered by the younger members, but when rodeo day approached, he "mixed medicine" and had his squaw make the tepees fast warning her a big storm was coming.

Not a cloud obscured the sky so the youths prepared for the

It was decided that Mrs. Davis Thomson, under whose direction a similar event was carried out last year, would again have charge of this year's Maypole Dance. The Boy's Band is to be engaged for the day and there will be a full program of races as well as ball games. In the evening there will be a jitney dance at which the crowning of the May Queen will take place.

W. D. Vance, president of the Fair Board, is making arrangements for the balloting in the schools on candidates for May Queen and two maids of honor.
