CANNERY AT SEAL COVE REOPENS TODAY

MACKENZIE KING OPENS HIS WESTERN TOUR WITH BIG SPEECH AT WINNIPEG

Keep Hands off Railway Says Mackenzie King in Opening Western Tour

WINNIPEG, Aug. 4.—"I want to tell Mr. Meighen that the people of Canada want him and everyone about him to keep their hands off the National Railway," declared W. L. Mackenzie King, Liberal Leader, in an address here last night at the opening of his tour of the western provinces. Thousands attended the evening.

In his speech Mr. King made reference to the Canadian National Railways following the declaration in which he stated: "Mr. Meighen had hardly been in office an hour before he was telling the people of the maritimes how the national railway should be adjusted."

The Liberal leader declared that his administration aided the west, "when we saw that the Crow's Nest rates were restored."

Mr. King dealt at length with the constitutional question, particularly as to Mr. Meighen's attitude as made known in his Hamilton address to participation in foreign wars. "I have taken the position that Parliament is supreme," he added, "and I hope when Mr. Meighen comes here he will tell you all about participation in foreign wars."

Mr. King said he wondered what would happen if Mr. Meighen, while the war was on, was refused dissolution. He would not be able to hold an election on the war issue.

Railway Hotel for Vancouver

Government instructs Sir Henry Thornton to proceed with work says despatch.

VANCOUVER, Aug. 4.—The news today carried the following news special: "After a conference here between Sir Henry Thornton and members of the British government it was decided that the government had instructed Sir Henry to proceed with the construction of the Canadian National Railway hotel at Vancouver. The details of the location are not available but it is expected the work will be commenced practically at once."

No Confirmation

While no confirmation of the speech has been received at the hall, Mayor Taylor stated this morning: "I am satisfied from private advices I have received from the east that the project will be ratified by Ottawa within two or three days."

Stevens is on way to coast

Bill to be issued against distillers to recover three quarters of million.

OTTAWA, Aug. 4.—Hon. H. H. Stevens, minister of customs, is for Vancouver this morning. He is sufficiently recovered from his illness which overtook him at the end of the season to spend a week at the department before he left during which time some of the matters dealt with as the proposed prosecution of the Dominion Distillers to recover money from the firm said to have been defrauded in the customs and excise department.

It is understood a writ will be issued at once to recover the money which Hon. Hugh Guthrie, minister of national defense, was last night quoted as saying would be for \$720,000.

Fell into machinery killed James Island

VICTORIA, Aug. 4.—Drawn into the machinery following a fall at the plant of the Canadian Giant Company at James Island, C. H. Adamson, an employee, was badly mutilated yesterday and died shortly afterwards.

Immense sum for elevators

Saskatchewan Wheat Pool to pay over eleven million dollars for system.

REGINA, Aug. 4.—Under the terms handed down by a majority of the board of arbitration, the amount to be paid by the Saskatchewan Wheat Pool for the elevator systems of the Saskatchewan Co-operative Elevator Company Ltd. is \$11,059,310. It is learned here.

Canada's wheat crop estimated at 349,626,000 bushels

OTTAWA, Aug. 4.—Canada's wheat crop for 1926 is estimated at 348,626,000 bushels compared with 411,376,000 bushels last year according to the federal crop report issued yesterday afternoon.

Prof. Russell dies Victoria

Educationalist and Art Critic Was Well Known in British Columbia Capital

VICTORIA, Aug. 4.—E. H. Russell, 59 years of age, professor of mathematics in the Victoria College of Arts and formerly a member of the faculty of the University of British Columbia, died yesterday. He had been ill for some time and it was expected he could not live.

Mr. Russell was formerly a member of the Victoria High School staff and is well known in the capital especially in musical and art circles. He had an outstanding personality and his work is closely allied with the educational life of the province. As an art critic and a musician of no mean ability he will be missed.

New mine on Marmot River

High Grade Group makes good showing with large values.

STEWART, Aug. 4.—Assays made on ore brought in by W. R. Harner and Homer Ficklin from the High Grade group at the head of Magee Pass in the Marmot River section show from No. 1 vein a total value of \$119.40 a ton and from No. 2 vein \$74.50. In No. 1 vein the chief value was silver and in number 2 gold predominated.

The property was discovered and staked last September by Homer Ficklin, he having been sent by W. R. Harner. Very high individual assays have been made of ore taken from the veins, but that just made was from average samples.

A good deal of open work has been done on the property and a pack trail has been built to it.

Fire sweeps over Strawberry Farms Saanich Peninsula

VICTORIA, Aug. 4.—Fire swept over 600 acres of the best strawberry farms in the Saanich municipality burning a garage, a car and a large quantity of horticultural produce. It was brought under control this morning and the danger is believed to be over.

General McRae is candidate in North Vancouver as Tory

VANCOUVER, Aug. 4.—Major General A. D. McRae was chosen Conservative candidate in North Vancouver and G. C. Knight of Burnaby was nominated by the Liberals of New Westminster riding.

Bootleggers shoot two

Killed at fashionable hotel at Los Angeles this morning.

LOS ANGELES, Aug. 4.—In what the police believe to be an outbreak of a bootleggers' war, D. Munson and Harry Moran were slain by a party of gunmen at a fashionable residential hotel here today. Both victims were seated in the lobby when three men appeared at the entrance. Moran, apparently sensing trouble, darted through the door of the adjoining cafe into the street where he was shot down on the sidewalk and died in the hospital two hours later.

The other two men proceeded into the hotel and one fired at Munson who was still seated, several shots lodging in his body, causing instant death.

More seals are killed

Number taken this year over two thousand in excess of 1925

JUNEAU, Aug. 4.—Fishes' Commission O'Malley announced today that 21,303 seals had been killed this season on the Pribiloff Islands, Bering Sea. At the same period last year 19,087 seals had been killed. Seals to the number of 9,500, three years old, have been reserved for breeding by branding this summer. Killing of seals will reopen in the fall.

Seal Cove Cannery Was Re-opened This Morning

Staff of fifty employed there today and salmon being packed by Francis Miller's Company

The Somerville cannery at Seal Cove commenced operations this morning with a staff of some 50 people and is now running full blast canning Skeena River fish and pinks from Massett. The cannery will operate day and night as long as the fish continue to come in. The majority of the help at the cannery is composed of local labor.

Francis Miller, who is operating the cannery, is expected to arrive from the south at any time. Meanwhile Geo. Gray and Alex. Sutherland are jointly managing the Prince Rupert Cannery and the Somerville cannery, and H. F. Robbins is the book-keeper.

The outbuildings have been put in first class shape and new machinery has been installed to take care of the season's pack.

Reaction followed repudiation of denial that J. P. Morgan Co. was boosting General Motors

NEW YORK, Aug. 4.—A story worth seventy million dollars was carried under a reporters hat for two days before being turned. Thomas Cochran, partner of the J. Pierpont Morgan Company, who is bound for Europe, today wired a repudiation of the alleged interview in which he was quoted as predicting an advance of a hundred points in the stock of General Motors, which now develops was obtained on Saturday, but only printed on Monday. When the alleged interview was published speculation in the stock ran riot, reaching a climax with the establishment of a new high record above 214 today.

Following the announcement of the denial the shares broke to 207, thereby starting a reaction in other sections of the stock market.

Run of Sockeye ahead of last year Skeena and Naas Rivers but Rivers Inlet Dropped Off

Sockeye fishing in the Naas and Skeena River districts is a little better than last year, the Skeena being over nine thousand cases ahead of 1925. The height of the pink run is expected this week, while the run of chums and cohoes comes later.

The run of sockeye in the Rivers Inlet district to date has been poor. Whereas the total pack at this time last year was 121,387 cases in this district to date the total is 53,277 cases.

The trollers operating on the west coast of the Queen Charlotte Islands have quit those waters for the season and the natives are engaged in some fishing and cannery work on the islands. The majority of the white fishermen have gone to the Dumas Island and Warke Canal districts.

Following are the figures of the pack for the season up to July 31 for the Naas River, Skeena River and Rivers Inlet districts:

River	Species	Cases
Naas River	Sockeye	9,665
	Springs	5,620
	Steelheads	34
	Cohoos	604
	Pinks	23,434
Skeena River	Chums	3,836
	Total	43,493
	Sockeye	55,841
	Springs	18,150
	Steelheads	174
Rivers Inlet	Cohoos	3,677
	Pinks	45,950
	Chums	3,571
	Total	127,363
	Sockeye	53,277
Total	Springs	365
	Cohoos	427
	Pinks	2,788
	Chums	114
	Steelheads	9
Total	56,980	

Hobo killed for earnings

Another man lost life by capsizing of boat in Okanagan Lake

PENTICTON, Aug. 4.—Two men engaged in fire fighting met death here Monday, according to the opinion expressed by police officers who investigated the fatal shooting of William Hunt. The man is said to have been a tramp who earned \$23 fighting fires. He was killed while sleeping in the "hobo camp" at the railway yards here by a man who then took all his earnings.

Alexander Bertrand of Vancouver, was drowned in eight feet of water at Okanagan Lake when the rowboat in which he was standing up to remove his coat capsized. His companion, Jack Laplante, who was able to swim, made his way to shore.

Fish Arrivals

Only two American boats bring catches and five Canadians.

Two American boats and five Canadians brought their catches here for sale today. The Americans sold at 15c and 8c, while Canadians got 14.60c to 15c for first class and 9c and 9.50c for seconds. Sales were:

American

Sherman, 24,000 to Booth Fisheries.

Raoul Amudsen, 21,000, to Gold Storage.

Canadian

Morris H., 9,000, to Alin Fisheries.

Iris, 3,000, to Booth Fisheries.

Bayview, 4,500 to Royal Fish Co.

Volunteer, 11,000, to Gold Storage.

Sea Maid, 15,000, to Alin Fisheries.

Province wins cricket game

Gets two straight in tournament at Edmonton this week and is leading

EDMONTON, Aug. 4.—British Columbia's representatives have taken the lead in the Western Canada cricket tournament here. They are the only team of the four that can boast of two straight victories. They defeated Saskatchewan yesterday by an innings and two runs, the scores being 184 for 6 wickets compared with the prairie province's 111 in the first innings and 41 in the second.

In the same tournament, the Manitoba eleven defeated Alberta 103 to 58.

Prince and Princess touring the world

SAN FRANCISCO, Aug. 4.—After a two months' tour of the United States Crown Prince Gustaf Adolf and Princess Louise of Sweden sailed today for Hawaii en route to Japan in continuation of their around-the-world tour.

Knock your town and you'll get the knocks back.

Magnetic Leader Liberal Party.

The writer of an article in the Manchester Guardian which was copied into this paper Monday spoke of the lack of personal magnetism of Right Hon. W. L. Mackenzie King, leader of the Liberal party in Canada. The writer could hardly have known Mr. King or he would not have said that. Those who have heard one of the former premier's big speeches will agree that magnetism is the thing he has above everything else. The addresses are not argumentative like those of the Conservative leader, but are inclined to be sentimental in character and declamatory rather than reasoned. In fact, Mr. King is following the footsteps of the great men who have preceded him, such as Sir Wilfrid Laurier and Sir John A. Macdonald.

Westminster Exhibit Something to Beat.

The districts of northern and central British Columbia will have something worth beating at the forthcoming fair. There will be an exhibit from the best shown at the New Westminster Fair. If Prince George or Hazelton or the Lakes District can beat that, they will have attained something worth while.

The Queen Charlotte Islands may be a prominent competitor this year for the interior districts. A promise has been given that a boat will be available to convey produce here in proper time for the fair. If that promise is kept, as it is expected it will be, the forthcoming exhibition should excel all others that have gone before.

This is the time for the growers to prepare for the fair. Doubtless steps will be taken to have each district well represented and to carry out the plans of the management.

Ontario Grain is Small Factor.

Some people speak sneeringly of the small amount of grain produced in the interior valleys of British Columbia, and yet it is noticed that all Ontario expects this year is fifteen million bushels. That is no more than the Peace River district and adjoining territory in Alberta marketed last year without taking into account the huge general areas of the province. It may not be many years before Central British Columbia will equal and possibly exceed the Ontario output. Sneers are out of place in connection with a country of such rich potentialities.

All Will Watch The Battle Royal.

There is to be a battle royal in Vancouver Centre at the forthcoming election when Dugald Donaghy and Hon. H. H. Stevens meet in political clashes. All will be interested in this conflict for both Mr. Donaghy and Mr. Stevens were members of the customs investigating committee and both are able men. With the elimination of a third candidate, an opportunity will be given to see what the electorate think of each man and his policy. It seems almost a pity that there cannot be such a battle in Prince Rupert, but here it promises to be much more one-sided.

Here's a real "shortcake" SHREDDED WHEAT with berries and cream

RESOLUTIONS ARE PASSED

Recommendations For Changes in the Municipal Act to be Made to the Union

The following resolutions to be submitted to the convention of the Union of B.C. Municipalities were recommended to the city council by the finance committee at the council meeting last night.

That in the event of the name of a qualified voter being inadvertently omitted from the voters' list said voter to be entitled to vote upon presentation to the returning officer of a registered certificate of title or other qualification and proof of citizenship. This recommendation was carried.

That the registration of householders and license holders on the voters' list be held during the month of November.

City Clerk Jones recommended that this resolution be not pressed in view of the time required to get the voters' lists printed prior to the municipal election.

That a discount of 5 per cent be substituted for the penalty at present in vogue of non-payment of taxes. This resolution was left over for further discussion with the city treasurer.

That section 25 of the Local Improvement Act be amended to authorize the city in exceptional cases to assess both sides of the street, two-thirds of the cost to be assessed on the side on which the sidewalk is built and one-third on the other side. This resolution carried.

FIRE PROTECTION IN WESTVIEW DISTRICT

At a meeting of the city council last night it was decided to afford additional fire protection to Westview district at a cost of \$350. A recommendation to this effect was made by Ald. Perry, chairman of the board of works, on an estimate submitted by city engineer McLean. This amount is to be expended upon the laying of additional mains and fire hydrants in the vicinity of the Steen residence. The cost of labor on the job will be \$250 and the balance expended upon the necessary material.

Ald. W. G. Greer pointed out that it had first been suggested that a main be laid on the top of the ground but at a small additional cost this main could be made permanent and buried in the usual manner.

BOYS WILL PLAY TO HOSPITAL PATIENTS

The Boys' Band, under Bandmaster Thomas Wilson, will parade to the General Hospital this evening, and at 7.30 o'clock will render the following program to the patients:

- March—"Shelley," F. E. Noel.
- March—"Invercargill," Little.
- Waltz—"Heart Throbs," Hazel.
- March—"Normal," Bennett.
- Serenade—"Idle Fancy," A. N. Other.
- March—"The Scout," F. E. Noel.
- Waltz—"Margaret," Al. Hayes.
- March—"The Matinee," Will Huff.

OFFICERS ELECTED BY STEWART LIBERALS

STEWART, Aug. 1.—At the annual meeting of the Stewart Liberal Association the following officers were elected for the coming year:

- President, Dr. H. S. Williams.
- Vice-President, G. W. Smith.
- Sec.-Treas., D. J. McLean.
- Executive: Miss Kate Ryan, J. P. Hawkinson, W. R. Tooth, Archie Patterson, Charles A. Adam, H. E. Scovil, Ernie Armstrong, Wm. Saunders and G. B. Lawrence.

CURTAILMENT SHOWN UTILITIES DEPARTMENT

A report from Ald. Brown, chairman of the utilities committee, made to the city council last night, giving a comparison of the wages paid in the utilities department for the past three years was laid on the table for a week. The report showed that in 1924 the wages amounted to \$53,509.24; in 1925, to \$55,781.33; while for the first six months of the present year the total amounted to \$49,578.46.

THE MAN IN THE MOON

His Royal Highness

Took down his pen

An editorial

To write to men.

He told of the sins

Of the Liberal gang,

And intimated

They all might hang

From the topmost point

Of the elevator

And thus go aloft

To their creator.

And then he turned

And boasted loud

Of the Tory sky

With never a cloud,

And Brady elected

By fish trap men,

With Drayton and Bury

In power again.

The man who bought the straw hat at the sale has no reason to be pessimistic these days.

These boyish bobs are the junk so far as the hairpin manufacturers are concerned.

Great Britain will scrap 20 warships and yet I hear of local motor boat owners trying to sell their boats.

To hear or not to hear—that is the burning question of the Misses Grundy in Vancouver.

Women's clothes don't amount to much these days but they cost an awful price.

Roll 'em girls, roll 'em, might well apply to the cigarette habit in addition to the stocking habit.

I read of an Alaska reporter who made a fortune in Florida but not in the newspaper business.

The woman who named her little daughter Bridget must have been fond of bridge.

In understand that Babe Ruth will shortly open a college for women. Yes, to teach them how to wield a rolling pin.

He may be a coming young man in the sight of the daughter but he's usually slow on the going according to the old man.

For real amusement try a kippered herring in a sandwich.

Nowadays when a girl takes her music to a party it is usually a gramophone record.

To develop mental alertness try being a pedestrian.

What terrible men these peddlers would be if one believed all the dope the other fellow peddles.

If only the movie people would tell us how a man falls into the water and comes out dry.

If the paying teller greets you with a smile when you enter the bank there's still a balance in your favor.

ALICE ARM

Work was commenced last week of stopping the encroachment of the Kitsault River on the west bank opposite Alice Arm, and when completed the town will be safe from any danger during high water periods.

The Ouray Group, situated in the upper Kitsault country adjoining the Wolf, is regarded as one of the district's big potential mines. It is owned by Dumas and Robertson, and E. A. Egan, and possesses large deposits of high grade milling ore, with the possibility of considerable shipping ore. Returns from assays have given: Gold 0.4 ozs., silver per ton 54 oz.; and copper 11 per cent.

A very quiet wedding took place at the Anglican Church on Monday morning when Miss A. Kolivloch was united in marriage to D. Havreco, Rev. J. S. Brayfield officiated. The happy couple will spend a honeymoon visiting Sound cities.

A shipment of high grade ore from the Marmot Metals, Stewart, was received at the office of Harry Smith Ltd. on Monday. It has received many favorable comments from local mining men.

Canon Rushbrook paid his usual monthly visit last week.

Fred Mattson arrived from Anyox recently and will spend

NEIGHBOR: "Selling?"
OWNER: "No! Sold! Got my price three days after the new roof was finished."

* A Barrett shingle roof makes any house easier to sell

Real Estate Men Know the Answer—

Perhaps you've a friend in the real estate business. Ask him this question—"Does a good roof count in getting the right price for a house?"

You'll get a "Yes" that will snap with conviction.

Barrett Shingles give a good roof. They are fire-safe—handsome—and rugged.

We've seen a lot of roofings—examined them—tested them. And we've selected Barrett Roofings as a product we're glad to endorse. Easy prices. Come in. Let Barrett Shingles talk good roofs to you!

John D. McCaskell was fined \$25 and costs in the city police court this morning by Magistrate McLeod on a charge of being intoxicated in a public place.

City Clerk E. F. Jones left on this morning's train on a holiday trip which will take him as far as the Atlantic coast. During his absence city treasurer Matheson will act as city clerk.

Mr. and Mrs. A. E. Bazett-Jones, accompanied by their sister, Mrs. E. E. Hemingway, of Seattle, arrived in San Francisco a few days ago on a visit to their son, Mrs. Bazett-Jones is slowly convalescing from an attack of bronchial pneumonia.

At the city council meeting last night janitor Exley reported a total of 159 gallons of fuel oil used during the month of July by the city hall heating system. The daily consumption was five gallons at a cost per day of 8c per gallon, a total of 40c.

The line-up of the Y-Mac football team in tonight's intermediate game against the R.C.N.V.R. is as follows: Backer, goal; G. Cameron and R. Ried, backs; A. Strachan, A. Phillips and H. Heilbronner, half-backs; Hunt, Bond, J. Strachan, Dickens and Parkin, forwards.

Fred Stork, accompanied by Mrs. Stork, will sail on the steamer Prince Rupert this afternoon for Skagway, Alaska, en route to Atlin where Mr. Stork will open his election campaign as standard bearer for the Liberal party. They will be absent from the city for about a week.

A report from the superintendent of utilities made to the city council last night showed that the city light department made a surplus of \$481.05 and the telephone department a surplus of \$670.81 during the month of June. The loss on the operation of the water department was not reported.

Lighthouse tender Birnie was taken up on the pontoons at the dry dock this morning for inspection. The John Currie pile driver is also at the dry dock for cleaning and painting prior to taking on the pile driving in connection with the construction of the new Union Oil dock on the waterfront.

Mr. and Mrs. L. J. Williams were arrivals in the city on the Cardena yesterday afternoon from Stewart on route to Juneau, Alaska, for which point they will sail on the Prince Rupert today. Mr. Williams was originally interested in the Rochede Boule mine and now has mining interests in Alaska.

Major Bullock-Webster, leaves on Monday for Ganges, Qualicum, Comox and other summer resorts, where he has been asked to give a series of lectures on "The Drama in Canada." It was thanks to the research work of Mrs. T. S. Boldeiro that much of this, so far unrecorded information, was obtained. Mrs. L. Bullock-Webster and her son Sandro left yesterday to spend a week at Cowichan River, the guests of Mr. and Mrs. H. A. Ross.

HARVEST MIGRATION COMMENCING TODAY

Harvest rates on the Canadian National railway to prairie points went into effect today. These rates are applicable to men seeking harvest work who have obtained letters confirming their engagement by farmers on the prairies. Regular movements of farm hands to the east will commence on Monday, but scarcely any will go from Prince Rupert. J. Campbell, Dominion employment agent, reports a number of men already booked at the special rates along the northern line of the Canadian National. There are very few idle men in the city at the present time and it is doubtful if as many men will be shipped from the district this year for harvest work as last year.

WEATHER REPORT

government Telegraphs, 8 a.m. Terrace: Clear, cal., temp. 61. Anyox: Clear, calm, temp. 69. Stewart: Cloudy, calm, temp. 56. Hazelton: Cloudy, calm, temp. 64. Telegraph Creek: Cloudy, calm, temp. 60. WIRELESS REPORT

8 a.m. Dead Tree Point—Barometer 30.14; temperature 51. Bull Harbor—Overcast, calm, barometer 30.06; temperature 52; sea smooth; 8 p.m. spoke freighter Canadian Farmer bound Ocean Falls for San Pedro 68 miles from Ocean Falls; 8 p.m. spoke tug Lorne towing barges Bingamon and Biscayne in Tolmie Channel bound for Ocean Falls; 8 p.m. spoke tug Cape Scott 16 miles north of Lowe Island northbound; 10 p.m. spoke steamer Lillehorn left Beaver Cove for Port Clements. Digby Island—Cloudy, calm, barometer 30.20; temperature 56; sea smooth; spoke motorship Chialambra bound Ketchikan for Bellingham 8 p.m. 461 miles from Bellingham; 3.30 a.m. spoke steamer Prince John left Queen Charlotte City northbound.

Noon

Dead Tree Point—Barometer 30.14; temperature 66. Bull Harbor—Overcast, calm, barometer 30.12; temperature 56; sea smooth. Digby Island—Overcast, light southeast wind; barometer 30.22; temperature 58; sea smooth. 11.25 a.m. spoke steamer Amur bound Prince Rupert for Granby Bay abeam Portland Point.

Miss Dalla Huntsperger, who has been employed by Max Heilbronner for the past six months, sails this afternoon on the steamer Prince Rupert for her home in Ketchikan, Alaska.

NOTICE.

Street Surfacing.

The Tarvia Distribution Equipment is expected to arrive on Thursday, August 5, and weather permitting, surfacing work will start immediately, commencing on the odd numbered avenues and streets. This will be completed as rapidly as possible and then the alternate avenues and streets will be done. Two coats will be applied at intervals of 24 hours and the delay to traffic should not be more than three days.

Citizens of Prince Rupert are therefore requested to kindly procure supplies beforehand and as the surface will be sticky, to refrain from walking or driving beyond the barricades or signs.

LAND ACT.

Notice of Intention to Apply to Lease Land. In Stikine Division, Cassiar, Land Recording District of Cassiar, and situate at Grand Rapids, on the Stikine River and to the west of Surveyed Lot No. 474. TAKE NOTICE that I, Walter Scott Simpson, of Telegraph Creek, B. C., occupation, rancher, intend to apply for a lease of the following described lands: Commencing at a post planted on the northwest corner of Lot 474, thence south 40 chains; thence West to chains; thence North 40 chains; thence East to chains, and containing forty acres, more or less.

WALTER SCOTT SIMPSON, Applicant.

LAND ACT

Notice of Intention to Apply to Lease Land. In Prince Rupert Land Recording District of Range 1, Coast Land District, and situate on Passage Island. TAKE NOTICE that I, B. Francis, of Ponoka, Alberta, occupation Minister, intend to apply for a lease of the following described lands: Commencing at a post planted at the North West end of Passage Island, near Coast Trigon Station 574, thence south 40 chains; thence East to chains, and containing 1000 acres, more or less.

JOSEPH BRITLAND FRANCIS, Applicant.

Another Brunswick Achievement that will Startle the World

Brunswick TRIUMPHS AGAIN

Due to Its Marvellous Electrical Light Ray Process, Brunswick is the First Recording Laboratory to Successfully Reproduce the Superb Renditions of the Famous Toronto

MENDELSSOHN CHOIR

Music Lovers Everywhere Will Recognize This as One of the Outstanding Musical Achievements of All Time

- 10260—"SCOTS, WHA' HAE" 10262—"ADORAMUS TE"
- "THE STAR SPANGLED BANNER" "EXULTATE DEO"
- Toronto Mendelssohn Choir Toronto Mendelssohn Choir

Few choirs have attained the high musical perfection or international popularity of this remarkable organization.

Brunswick alone, with its exclusive Light Ray Electrical Recording Method, has successfully retained on records all the soul-stirring richness of the entire Toronto Mendelssohn Choir.

In connection with this achievement, it is of interest to know that these selections were recorded at the Toronto Conservatory of Music through the kind co-operation of its officials.

ROAD WORK IN THIS DISTRICT

Much Activity on Islands and Machinery Going on Kalen Island Work.

STEWART GETS SHARE

A considerable amount of road work is being carried out in the northern district by the provincial department of public works this season.

With the intention of completing the road from Queen Charlotte City to Skidegate, Tlell and Port Clements, several gangs of men are at present employed on the islands. It is also the intention of the public works department to connect Port Clements and Massett by road, a distance of some thirty miles. With the completion of this portion of the road the highway will practically make a circuit of the islands.

Work on Islands

The work at present being undertaken on the islands includes construction of a road between Queen Charlotte City and Skidegate, a distance of three and a half miles. A gang of between 30 and 40 men are at present employed on grading and ditching on the Port Clements-Tlell road, and another gang on the reconstruction, including widening and making small diversions on the Skidegate-Tlell road.

Kalen Island Road

A rock crusher, two drill compressors and a 12-ton roller will shortly be put on the Kalen Island roadwork. With the exception of the roller all the machinery is in the city. A gang of 35 men is at present employed on this work. Good headway is being made and surfacing will shortly be commenced.

Stewart District

A good deal of money is being spent in the Stewart district. The heavy rock work on the lower end of the Marmot River road has been completed and the gang there is now extending the road up the valley, the forks of the river being the objective. The portable compressor has been brought over to Stewart to be used in connection with taking off a number of rock points and widening the road between Stewart and Hyder. It is reported that some \$41,000 is available for this work.

Good progress is being made with the new cut-off from Bitter Creek bridge to Bear Lake, it being nearly completed, shortening the main Bear River road approximately a mile between the town and the Lake. Next season it is expected that the Muddy Gulch problem will be solved.

WORKING MEN SHOULD KEEP THEIR BARGAINS DECLARES J. R. CLYNE

LONDON, Aug. 4.—In an address to the Royal Sanitary Institute congress, John R. Clyne, Labor member of Parliament, said that both wage-earners and employers must remember that they cannot get out of the pool of production and service more than their joint energies put into it. Efficiency in management was as indispensable as efficiency in the wage-earners' work. No amount of welfare work would remove any real cause of conflict which was due to unfair conditions, but he would add that workmen who want fair treatment for themselves must treat their fellow-workmen fairly and also keep the bargain which they are generally ready to make—namely, to give a fair day's work for a fair day's wage.

ALASKA SALMON PACK LIKELY TO BE LARGE

Twenty to Forty Per Cent Above Last Year is Official Estimate of Bureau of Fisheries

KETCHIKAN, Aug. 4.—On the showing of canneries recently the Southeastern Alaska salmon pack for 1926 will probably be from 20 to 40 per cent larger than that of last season, it is estimated by agents of the U.S. Bureau of Fisheries. This would make it one of the largest packs in the industry's history.

Agent Dennis Winn, who made a trip of inspection over the entire Ketchikan-Juneau-Sitka-Petersburg district, said that there are plenty of fish everywhere. All the canneries are working at full blast. Virtually

BRINGING UP FATHER

every plant in Southeastern Alaska is considerably ahead of last year's figure at this time.

The run of pink salmon is reported from all sources to be unusually large. Mr. Winn said there were myriads of fish in the waters of Icy Straits, Chatham Strait and Frederick Sound. Owing to the fact that most of the streams in the district are low, not many fish have reached the spawning beds. They are milling in the salt water, waiting for a rise of water in the streams.

Officials do not anticipate any harmful results from the small escapement. The closed season, it is confidently believed, will provide ample opportunity for the salmon to reach the spawning beds.

JAPANESE PLANNING TO SHIP HALIBUT TO UNITED STATES MARKET

(Ketchikan Chronicle)

For some months the Chronicle has been sounding the alarm of the danger to the American fishing fleet, of the threat of the Japanese invasion of the halibut industry. This alarmist talk has been ridiculed, particularly in Prince Rupert.

Professor John N. Cobb, of the Department of Fisheries of the University of Washington, sounded the first serious warning last August at the hearing before the United States Tariff Commission. Following this up, a meeting of halibut vessel owners was held in Ketchikan and agreed upon a plan of action later such representations were made to some of these owners that they retracted their formation.

Recently Reisuke Danne, the Japanese gentleman who is directing the halibut operations from Japan, while in Ketchikan announced that they were going ahead on a larger scale than ever, that they were prepared to spend great sums of money to put the operation on a paying basis. He was perfectly frank about it, saying that the cold storage steamers of Japan will visit the fishing banks, take and freeze the product and then send it to the United States for sale.

NO CHANCE FOR WOMEN CANDIDATES IN EAST

Need is For Brains and Money to Be Successful at Polls.

TORONTO, Aug. 4.—(Canadian Press)—After interviewing ten or twelve prominent women as to their opinion on whether any woman has a chance of nomination in a Toronto riding, the Toronto Globe sums up their conclusions that "Toronto is a man's town, and the federal campaign a man's business." Here is its final discouragement to Toronto women:

"Liberal and Conservative women share alike the same hopeless point of view. In the first place they say the woman that braves the forthcoming political storms will have to be a superwoman; she will have to possess cunning, brains, personal magnetism, pretty clothes and a good bank account. 'She would have

to be a millionaire, like Lady Astor,' sighed one staunch Tory. Lastly, the men of the conventions would have to approve of her. And there's the rub."

Mrs. G. Huestis, vice-president of the local branch of the league of women voters, said: "It is a great pity that the women of Toronto can't get recognition from the riding conventions. Our League of Women Voters, according to its constitution, is unable to place candidates in the field, though we encourage the individual member to go out and work for her choice."

PATRON SAINT IS THE DEVIL

Sheikhs Worship Satan and Have Power of Miracle Declares Follower of Fallen Angel

ALEPPO, Syria, Aug. 4.—Taurus Malak, the "fallen angel" whom God expelled from heaven, is the patron saint of the sheikhs—not those whose handsome profiles thrown against the American screen have made flappers' hearts flutter.

The tribe of the Yazidies, worshippers of Satan, from which the original sheikhs sprang, are nomads living from cattle raising. They number about 12,000 and their habitat is north of Aleppo near the Djebel Souman. Another branch is to be found at Khallar, a small town in the vicinity of Diarkebir.

Ancestry From Heaven

Sheikhs claim they can trace their ancestry from heaven, being direct descendants of Sheik Charaf-Eddin or "the moon." Another early sheikh was Amin, which means "pillar supporting heaven," while a third one was directly related to the sun.

Some of the present day sheikhs claim to have the power of miracle in rendering ineffective the bites of snakes and scorpions.

"Why do you worship the devil," asked an American who had been bitten by a poisonous insect, and, desirous of ascertaining the miraculous power of the sheikhs, had sent for one.

"Satan is the source of all evil and if we ignore him we cannot avoid his wrath. God is the contrary is the essence of kindness and therefore we have nothing to fear from him," was the way the reply was translated.

Divorce Among Sheikhs

There is no divorce among the real sheikhs, in which they differ somewhat from the American species.

Sheikhs marry only the daughters of other sheikhs. The marriage ceremony is very simple. It is a question of mutual consent between the bride and the bridegroom, expressed before one of the older sheikhs. Both newbreds are then branded with red ink on the shoulders and forehead.

The sheik performing the ceremony then takes a branch of a tree and breaking it in two, says: "Remain united until death parts you as force has broken this branch."

WOMEN STRONGER THAN THE MEN BUT USE POWER WRONG

LONDON, Aug. 4.—Women are spoiling themselves by over-education and too much work, declares Sir William Arbuthnot Lane, the well known surgeon. Man is the frail creature and women the strong, but many of them are now going too far. These sentiments were expressed in an interview with the Daily Express.

WOMEN AND BEER PARLORS

Speaker States Those Who Would Deprive Females of Right to Drink

(Vancouver Morning Star) "Alcohol is a product of fermentation and putrefaction, and science of today has conclusively proven that the medical man who uses alcohol as a stimulant is ignorant of its true effect," declares Dr. Ernest Hall, of Victoria, addressing a large meeting of prohibitionists at Chown United Church.

"Alcohol is a narcotic. A brain poison that deadens the higher faculties, steals away our brains and temporarily removes our sense of responsibility," continued Dr. Hall.

"When alcohol begins to act on the higher intellectual processes, the lower faculties run riot. Man becomes morally drunk, though he may be intellectually sober."

Alcohol's Effect Declaring alcohol to be a medium destroying everything which meant evolution, and the absolute opponent of everything that stood for the man's highest and best, Dr. Hall, in a masterly discourse, discussed the effect of alcohol in large and small quantities upon men and upon women.

"Beer, with its alcoholic content," he said, "diminishes our natural caution. It lessens our awareness. It unrofts the processes of evolution and leads men to the lowest levels. The action of alcohol on the human system accomplishes a progressive paralysis and strikes through our conscience and judgment first, dulling our will power and making man the pawn of circumstance."

Warning to Women "As for women," continued the speaker, "alcohol or beer makes an attractive woman appear much more attractive to men; she becomes flushed with liquor, and her modesty is gone. She throws aside reserve. In fact, she becomes a female animal, often too deadened to be aware of sin," he said.

"Knowing this, shall we stand by and see our children ruined, our money squandered on alcohol?" the speaker concluded.

Characterizing as a "death-bed repentance of the brewers" the action taken Wednesday by the B.C. Hotelmen's association in barring women from local beer parlors, Rev. R. J. McIntyre asked:

Questions Motive

Is it on moral grounds that

WATER NOTICE

Diversion and Use

TAKE NOTICE that Somerville Cannery Company Limited, whose address is Gore Avenue, Vancouver, B. C., will apply for a licence to take and use 23 gallons per minute of water out of an unnamed stream, which flows northerly and drains into Ferguson Bay, Massett Inlet, about 4 chains west of N. W. corner Lot 1571, Queen Charlotte Island District. The water will be diverted to the land described as Block A, Lot 1571, Queen Charlotte Dist. This notice is posted on the ground on the 14th day of July, 1926, copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is July 20, 1926. SOMERVILLE CANNERY COMPANY, LTD. Applicant. By F. D. MATHERS, Agent.

LAND ACT.

Notice of Intention to Apply to Lease Land

In Prince Rupert Land Recording District of Coast Range 5, and situated on North Richard Island.

TAKE NOTICE that Alfred Swanson, of Prince Rupert, occupation Mariner, intends to apply for a lease of the following described lands:

Commencing at a post planted at the south end of North Richard Island; thence around the island at high water mark, and containing 50 acres, more or less. ALFRED SWANSON, Applicant. Dated April 27, 1926.

LAND ACT.

Cassiar Land District, Land Recording District of Prince Rupert and situated on Taku Arm, about 2 miles southwest of mouth of Athlone River.

Three Cornered Fights and Their Effect on Election Results Throughout Dominion

Both sides in the political contest are today trying to eliminate three cornered fights whenever these are likely to injure the prospects of their own particular party candidate. Liberals say they stand to gain by the elimination of Progressive candidates and are trying to arrange to have no Progressive opposition to a Liberal and no Liberal opposition to a Progressive.

Similarly, party leaders declare that most labor men are Liberals when there is no labor candidate in the field. Conservatives sometimes benefit from the elimination of a third candidate, but not to the same extent as do Liberals. In order that electors may judge for themselves, the following results from three cornered contests are published:

Table with columns for Ontario, Manitoba, and Alberta, listing constituencies and results for Liberal, Conservative, and Progressive parties.

the places have been defiled and their good reputation ruined by the presence of women of good or ill repute?" he asked.

"It has been known all along," continued Mr. McIntyre, "that women of the street have frequented these places, and it is equally true that men of like repute have consorted with them. If the morality qualification is to be the basis of admission, on what grounds are women only to be excluded? If only those whose lives are pure and unsullied are to be admitted, the beer parlors may suffer a serious decline in patrons," he remarked.

Speaker is Caustic

Or is it for sex reasons? Because she is a woman? After a strenuous battle, women became full-fledged citizens on an absolute equality with men. And if the beer parlors are a good thing for the community (quoting from a brewery advertisement) and if beer "cannot intoxicate or lower man's standards, but calls out all that is chivalrous and noble in him," doesn't it seem small business on the part of the brewer to debar the female of the species from this "nourishing and health-giving drink?" Who needs it more than she does?

Personal Liberty

"What about personal liberty?" continued Mr. McIntyre. "It was that talk of personal liberty the rankest kind of hypocrisy? These people who have been the champions of personal liberty are ready at the flip of a coin to fling it all away! What will business not do to save its life? Personal liberty, alas, perishes from the earth with its last advocate gone."

Declaring the action of the brewers and licensees to be an insult to the intelligence of the better women of the land, a violation of the principle of equal rights, and the setting up of a double standard of life, Mr. McIntyre denounced the move to be a frank admission that the so-called "beer parlor" was a dive, unfit for decent women, and that the beer sold intoxicated and made man, for the time being, unfit to associate with his own wife. An admission that beer lowers a man's power to distinguish between right and wrong, and weakened his resist-

ance to temptation. "Well, if drink produces such results, is it right that it should be sold anywhere?" demanded Mr. McIntyre.

Admission of Weakness

"That latest attempt on the part of the wets has not strengthened their position, but is an acknowledgment that the things said by the prohibitionists when they branded as 'fanatics and slanderers' are true. They have been beaten in two contests lately," the speaker concluded, "and are hoping through a little laughing to mislead the public. But it is the same old business."

GERMAN WOMAN IS ELECTED AS DEPUTY

Frau Klara Philipp an Active Politician Goes to Reichstag From Karlsruhe

KARLSRUHE, Germany, Aug. 3.—To Frau Klara Philipp, wife of the Badenese chief forester, has fallen the distinction of succeeding the late Konstantin Fehrenbach, fourth chancellor of the German Republic, as Center Party deputy in the Reichstag.

Frau Philipp is chiefly known in Germany in circles having to do with social welfare, besides being a leader in the Catholic Centre Party. She first attracted attention as a publicist. With the war, Frau Philipp settled with her husband in Pforzheim, where she devoted her energies to the problem of food rationing, nursing and wayward children.

After the war she entered actively into politics, accepted election to the national executive committee of her party, became a member of the national film censorship board, and lectured at the women's high school in Heidelberg.

GIRLS ARE URGED TO SHOW INDIVIDUALITY

LONDON, Aug. 3.—"Try to be someone who counts and not one of a crowd," is the advice Catherine Countess of Westmorland gives to young girls. "The Countess says thoughtful persons cannot but regret the

READ! READ! the Big West of England Advertisement in Tomorrow's "Daily News"

suggestion of "mass production" there is in a crowd of modern girls, all having hats and frocks which are almost identical and utterly lacking individuality. Even their talk is standardized.

"So few girls dare to be themselves," said the Countess. "They smoke and drink and dance to all hours because they want to be in the swim."

FLYING WOMAN IS A POLICE OFFICER

Thinks Nothing of Going by Plane to Paris or Berlin From London

LONDON, Aug. 3.—Commandant Mary Allen, co-founder of the women's police service in London, has become known as Europe's "flying cop" since she is one of the most travelled police officials in the world.

Commandant Allen, who is credited with knowing more women crooks of all countries than any other woman in the police business, visited the United States two years ago, and has been pretty much on the go ever since.

She thinks nothing of flying to Paris, Berlin or other points in one day, or some important case in which a woman is involved, and back to London the next. The setting up of a women's international police commission was due primarily to efforts of Commandant Allen.

MERGER OF CANADA WITH UNITED STATES URGED BY NEWSPAPER

(Edmonton Journal)

From the office of the Boston Post there are still arriving, addressed to "The Editor of The Journal, Edmonton, British Columbia," copies of that newspaper that continue, boldly displayed, the argument in favor of the merger of Canada and the United States. Further stress is laid on the desirability of cancelling the European war debts in exchange for the incorporation of this country with its great natural wealth, in the American union.

"The world," we are informed, "could then go forward harmoniously and be freed from the growing friction between the nations, which forebodes so much danger in the years ahead." The value that is placed on the wealth of our territory is not too high but we are hardly likely to consent to its being handed over as a means of settling accounts between the United States and the European nations. The suggestion has been received with the same astonishment and resentment in Britain as in Canada.

WOMAN IS PEER, NOT PEERESS, SHE SAYS

LONDON, Aug. 3.—Lady Zouche of Haryngworth regards herself as a peer, and would prefer not to be called a peeress.

"Why use the word peeress when there is no male to represent the line?" she asked. "We twenty odd women who happen to hold peerages in our own right are not peers by accident, any more than men are who happen to inherit a peerage. Why should

I not receive the writ from the King, as my ancestors did before me, and be allowed to exercise the duties and privileges of my position?"

DOUKHOBORS AS SETTLERS

Question of Their Desirability is Being Discussed by Province of Alberta.

EDMONTON, Aug. 3.—Whether or not Alberta wants more Doukhobor settlers is a question now being considered by the provincial government. The matter has come up through the recent request of the Doukhobor Colonization society for information as to the possibilities for settlement in the Peace River country and the likely attitude of the Alberta government towards such a project. As announced at the time, there are said to be 5,000 of these people in Russia who are migrating to western Canada, and the Peace River district is the place that has been provisionally picked out for them.

Premier Brownlee, when asked what action is being taken in the case, said that inquiries are to be made as to the local feeling in the north in regard to such colonization and also as to the experience that the Saskatchewan authorities have been having of late with the Doukhobor colonists in that province. More settlers for the north country will be wanted, the premier says, but careful investigation will be necessary before letting in so large a number of a class of people who have in the other provinces been the cause of more or less trouble in the past.

It is understood that if the migration from Russia materializes there will be an additional movement of Doukhobor settlers from Saskatchewan, who will join their fellow countrymen in the Peace River settlement. In that case their numbers will be so large that they will likely be located in a colony of their own, and it is the question as to whether or not this would be desirable that the government is now investigating. No decision has yet been reached, and the matter will be carefully looked into, says Mr. Brownlee, before an answer is given.

CHURCH UNITY UNITED STATES

In Ohio Seventeen Denominations Join Forces to Provide Pastors in Small Places.

MUCH OVER-CHURCHING

Schools For Pastors Being Established to Conduct Educational Programs.

COLUMBUS, Ohio, Aug. 3.—Seventeen Protestant denominations in Ohio, banded together as the Ohio Council of Churches, have as their goal adequate church equipment, with the services of a resident pastor for every inhabitant of the state.

Combined in the campaign of evangelism, are the following denominations: Brethren, Christian, Church of God, Congregational, Disciples of Christ, Evangelical Church, Evangelical Synod, Methodist Episcopal, Friends, Methodist Protestant, Moravian, Presbyterian, Protestant Episcopal, Reformed in U. S., Salvation Army, United Brethren and United Presbyterian.

Governed By Assembly

The council is governed by an assembly made up of denominational delegates. Its work is financed in part by denominational appropriations, but more largely

denominations among them. County Councils Advise To supplement its work, the state council is seeking to establish strong county councils and has succeeded in half of Ohio's eighty-eight counties. The council undertakes to investigate and conduct educational programs on public questions of moral significance.

There is an annual pastor's convention which was attended in 1926 by 600 ministers from twenty-two denominations. In the summer, an annual school for town and country pastors is conducted here in co-operation with Ohio State University.

by gifts of individual contributing members. Its program reflects the judgment of the denominational delegates as to the activities in which the churches should co-operate. Concerning adequate church establishment, the principles of comity declare: "Every community with a population of 500 or more should have one competent, full-time, well-paid, resident pastor, and the efforts of both the community and the denominational officials should be directed toward bringing this about at the earliest moment."

"In small communities of less than 1,000 population one well-equipped Protestant church with adequate residential pastoral leadership shall be considered sufficient to meet the needs. If additional workers are needed, the pastor might better have assistants for specialized departments."

Urge Merger or Federation

Where over-churching conditions exist, the principals urge that the churches merge, or if such a plan is believed unworkable, that a federated church be established. In the federated church, the affiliations with national and international denominations are maintained by individuals but worship and activities in the community are carried on together.

In a survey, the council found many situations of over-churching and under-churching, of duplication of effort, and of abandonment of churches where they were needed. There are 1,100 abandoned churches in the state, with representatives of nearly all

MAYOR PENDRAY NOT VICTORIA CANDIDATE

Says He Would Have No Time to Go to Ottawa Even if Elected.

VICTORIA, Aug. 4.—Mayor Carl Pendray has declared he would not be a candidate in the forthcoming federal election in Victoria in opposition to Hon. Simon F. Tolmie, minister of agriculture in the Meighen government.

Victoria's chief executive said he had been strongly pressed by scores of friends and many prominent in political circles in the constituency to enter the field at this time against Hon. Dr. Tolmie, but states that he could not consider acquiescing to these demands at this juncture.

"My time is fully occupied now with attending to the affairs of the city, as well as my own business. Even if I were elected, if I allowed by name to be put forward as a candidate, I wouldn't have the time to go back to Ottawa," said Mayor Pendray.

Make Position Clear

The mayor said that in view of the numerous inquiries he had received as to whether he would be a candidate, it was only fair that he should make his position on the matter known at this time.

"I have been twice elected as mayor, and my post of duty is at the hall. I don't favor mixing party politics with the conduct of municipal affairs. My endeavor has been since I was first elected, and will continue to be, in keeping party politics divorced entirely from the administration of the City of Victoria," Mayor Pendray asserted.

NOMINATIONS UP TO DATE IN PROVINCE OF BRITISH COLUMBIA

The following nominations have been made so far:

- Cariboo—J. A. Fraser, Con.; Joseph Graham, Lib.

- Vancouver North—A. D. McKee, Con.
- Vancouver South—L. J. Ladner, Con.; A. Hurry, Lib.
- Victoria—S. F. Tolmie, Con.; W. H. Edgett, Ind.
- Yale—Grote Sterling, Con.; F. B. Cossitt, Lib.

NO RAIN IN VICTORIA FOR FORTY SEVEN DAYS

VICTORIA, Aug. 4.—July, 1926, furnished a new record to place in Victoria's weather annals. A statement given out by Napier Denison, director of the Meteorological Observatory, Gonzales Heights, shows that with the closing of July there was a continuous period of forty-seven days during which no measurable quantity of rain fell in Victoria. In other words, the drought conditions which have been typical of local weather since the beginning of 1925 still maintain with such intensity that they are fated to place a new record on the city's weather chart.

BOBBED HAIR THREE THOUSAND YEARS OLD

JERUSALEM, Aug. 4.—That bobbed hair existed 3,000 years ago and was the preferred style of hair dress among the women of certain early races is the belief of Dr. William Bade, Professor of Old Testament and Semitic Literature in the University of California. Professor Bade's evidence is a marble head of Astarte, the "Queen of Heaven," mentioned in the Bible, which he found among the ruins of Mizpah. The hair of this sacred stone lady is luxuriant, is lopped short at the neck, plastered down on the cranium and is carefully parted in the middle.

DANCING GIRLS OF INDORE DISCHARGED

Economy Program Makes Necessary That Court Beauties Get Other Jobs

KARACHI, Aug. 3.—All the beautiful young dancing girls who flitted about the palace of the Maharajah of Indore whose chief charmer, Mumtaz Begum, cost him his throne, are hunting new jobs. Application of a rigid economy program in the state of Indore called for the discharge of the entertainers.

Their actual salaries, it is explained, were not so much—only about 3,000 pounds a year—but the cost of upkeep was much greater. Large sums it seems were squandered in satisfying their fastidious little tastes for trinkets, veils and perfumes.

HUGE FRENCH LOAN TO BE RAISED, SAYS PREMIER POINCARÉ

PARIS, Aug. 4.—Premier Poincaré announced to the finance committee in the Chamber of Deputies today that as soon as the situation permits, probably at the end of September, the French government will launch a great international loan with the object of consolidating the internal debts of the country and stabilizing the franc.

LORD ASTOR TO GO EAST BY CANADIAN RAILWAYS TO BOSTON

SEATTLE, Aug. 4.—Lord Astor of London, accompanied by his son, Hon. William Waldorf Astor, 19 years of age, arrived here yesterday en route to British Columbia. The father and son will proceed east to New York by way of the Canadian railways and join Lady Astor, who arrived at Boston Monday with the four other children.

NO SERIOUS DAMAGE IN JAPANESE QUAKE

TOKIO, Aug. 4.—Several persons were injured, none seriously, in an earthquake which shook the region about Tokio last night. Although it was considered the heaviest quake since 1924 no serious property damage was done but there was interruption to communication and the tramway lines and lighting systems were out of commission.

A Ruined Holiday

Mistress—Did you enjoy your day at the seaside, Mary?
Mary—No, I didn't, mum, all the picture 'ouses was full, so we had ter wander round the beach and watch the ships all day."—The Passing Show.

WATER NOTICE

Diversion and Use
TAKE NOTICE that Somerville Cannery Company Limited, whose address is Gore Avenue Wharf, Vancouver, B. C., will apply for a license to take and use 10 gallons per minute of water out of an un-named stream, which flows northerly and drains into Ferguson Bay, Masset Inlet, about 50 chains west from S. E. corner Lot 1571, O. C. District. The water will be diverted from the stream at a point about 6 chains from mouth of stream, and will be used for industrial and domestic purpose upon the land described as Block A, Lot 1571, Queen Charlotte District. Last notice was posted on the ground on the 14th day of July, 1926. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B. C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is July 20, 1926.
