BRITISH CHURCHES TRY TO END STRIKE

SKEENA RIVER FISHERMAN LOSES LIFE WHEN SAILING HOME WITH CATCH

Churchmen of Britain Move to Terminate the Strike of Coal Miners

LONDON, July 17.—A further move in the churchmen's program for peace in the coal fields was made this afternoon when Premier Baldwin, in a letter to the Bishop of Lichfield, agreed to receive a delegation from the Anglican and Free Churches on Monday evening.

According to the English newspapers, the churchmen's plan involves supervision of the subsidy for the support of the industry while organization is being effected, but it is believed there is no likelihood of the Government sanctioning a subsidy at the public expense. The Daily Mail reports that there is a proposal afoot to raise a Loan of £20,000,000 secured on the resources of the coal industry and says the miners' executive may meet to consider this next week.

CONFERENCE ON PARK BRIDGE AT VANCOUVER

Members of North Shore Councils Object to Tunnel and Make Recommendation

VANCOUVER, July 17.—Representatives of the councils of the north shore of Burrard Inlet conferred yesterday and went on record as definitely favoring a bridge across the first narrows in preference to a tunnel. They say the proposed shipping federation tunnel proposal should be considered but not favored.

A recommendation will be sent to Ottawa that the span shall be not less than 1400 feet long with a clearance of 200 feet above high water. The width of the driveway to be at least 40 feet, with additional accommodation for pedestrians.

FOREST FIRES UNDER CONTROL

Situation Much Improved With Advent of Cooler Weather on Coast.

VANCOUVER, July 17.—The forest fire situation is greatly improved along the coast and in the interior. With cool weather prevailing, the forest officials expect to have the blazes under control within 48 hours.

The big fire in the Kootenay National Park was brought under control last night.

In Western Washington and parts of Oregon the situation is much improved, but Idaho and Montana reports indicate that the condition is still serious.

CYCLONE STRUCK NEAR MOOSEJAW

Many Thousands of Dollars' Damage to Buildings and Crops on Prairies

MOOSEJAW, July 17.—A cyclone, accompanied by hail, struck the village of Expanse, 31 miles southwest of here, demolishing buildings and damaging or destroying 7,000 acres of crops. The loss will amount to many thousands of dollars. No reports of deaths or injuries have been received.

At Old Wives the residence and barn on the farm of George Dukes was completely demolished, the buildings shattered and small pieces strewn over a large district.

At Estevan a grain elevator was damaged to the extent of \$3,000, small buildings demolished and many residences damaged.

BRIAND GOES OUT OFFICE

Defeated on Finance Bill and Resigns Today After An Acrimonious Debate.

PARIS, July 17.—The Briand ministry resigned this evening when the chamber of deputies vote against the Government's financial bill, the majority being 43 against.

The bill would have given the Government power to deal with the financial situation by decreasing correction measures. The debate was acrimonious.

WARSHIP IS DUE HERE ON MONDAY

H. M. S. Curlew Will Make Four Day Stay in This Port.

H. M. S. Curlew of the Bermuda-West Indies squadron is due here from Esquimalt on Monday for a four-day visit to the port in the course of a Pacific cruise. The visit is being awaited with interest locally and a full program of entertainment for the ship's company is being arranged. The Curlew was last here in 1923. Capt. H. D. Bridges, C.V.O., D.S.O., is in command of the Curlew, which has an entirely new list of officers and men from the time she was last here.

NEW OFFICERS FOR ELECTION

Those Who Officiated Last Year Will Be Dismissed and Others Appointed.

NEW LIST OF VOTERS

OTTAWA, July 17.—Returning officers throughout the country, who conducted the elections last year, have not yet been dismissed and still hold the positions. It is expected that they will be all fired at once and a new Conservative list appointed in their places. It is stated here that the officers who conducted the last election are not satisfactory and as they hold office only "during the pleasure" of the Government, the Government's pleasure will be that they vacate office immediately.

A new voters' list will be prepared, based on the provincial lists with opportunity for additional registrations. The last Dominion list will be ignored, and people who got on it by registration will have to register again if they are not on the provincial list.

CHIEF INSPECTOR OF FISHERIES HERE

Major J. A. Motherwell Has Been on Inspection Trip to Naas and Skeena Rivers.

Major and Mrs. J. A. Motherwell of Vancouver are registered at the Prince Rupert Hotel. Major Motherwell, who is chief inspector of fisheries for British Columbia, came north on the patrol steamer Malaspina recently and has been spending the past few days in the district making his annual tour of inspection on the Naas and Skeena Rivers, accompanied by Adam Mackie, the local inspector. Major and Mrs. Motherwell will proceed on their return south at the first of the week.

BEER PLEBISCITE

VICTORIA, July 17.—Premier Oliver intimates that the Grand Forks-Greenwood beer plebiscite will be held on August 21.

Negotiations Opened for Sale of Union Steamship Company to the Canadian National Railway Co.

VANCOUVER, July 17.—The Province yesterday carried the following despatch under a Montreal date line: "Negotiations have been opened between the Canadian National Railways and the Canadian Government Merchant Marine on one side and the Union Steamship Company of Vancouver on the other for the purchase of the business and steamer service of the latter. No details are available here but it completed the deal will be a large one."

VANCOUVER, July 17.—B. C. Keeley, Pacific Coast manager of the C.G.M.M. stated last night that so far as he was concerned C.N.R. and Canadian Government he knew nothing of the reported negotiations for the purchase of the Union Steamships by the C.N.R. and Canadian Government Merchant Marine.

FULTON WINNER OF KING'S PRIZE

London Veteran, 72 Years Old, Also Won Same Trophy in 1912.

BISLEY, July 17.—Sergeant A. G. Fulton, of the Queen's Westminster Regiment, London, today won the King's prize for the second time, having taken the trophy in 1912.

Fulton is a veteran, 72 years of age. He shot off a tie with three representatives of the British Isles. Seven Canadians qualified for the finals.

WOMAN IS CHARGED WITH MANSLAUGHTER RESULT OF COLLISION

VANCOUVER, July 17.—M. Takuchi died yesterday afternoon from injuries sustained earlier in the day when the motor cycle he was driving crashed into a car driven by Grace Kennedy, who is charged with manslaughter.

Fell from Inverness Cannery Fishing Boat and Was Drowned When Returning with His Catch

When sailing the boat back to the cannery with a catch of ninety salmon yesterday, Joe Etchells, boat puller for Sam Kelly, fell from the stern and before he could be reached sank and was drowned. He was an Englishman about 45 years of age and was well known on the coast, having worked out of Victoria on steamships for many years.

Sam Kelly came in this morning to report the tragedy. He said that he was fishing for Inverness Cannery with the cannery boat and gear with Etchells as boat puller. They were doing well. On the trip in question they had been out some time and were both tired. Etchells had offered to sail the boat in so he, Kelly, lay down and went to sleep. He was awakened by yelling from his partner and looking out saw him struggling in the water some distance behind. He dropped the sail and rowed in the direction of the man, but when within about a boat length of him, Etchells sank.

Kelly says that Etchells was probably sitting on the stern of the boat and being weary fell asleep and dropped off, not awakening until he struck the water.

The deceased had no relatives in this country so far as Kelly knows. He says he had known him for the past fourteen years. He had recently been in the hospital at Vancouver for an operation and they had planned to make a little stake together. They had been working together for about a month.

The body has not yet been found.

JACK DELANEY NOW CHAMPION

Beats Paul Berlanbach in Fifteen Round Fight, Staging Stirring Comeback.

NEW YORK, July 17.—Jack Delaney, light heavyweight of Bridgeport, Conn., won the world's 175 pound championship last night when he secured the judge's decision over Paul Berlanbach in a grueling fifteen round contest.

The stirring rally of the last four rounds gave Delaney the crown. Seemingly stunned by the tremendous punches of the champion, Delaney suddenly came to life and staged a sensational comeback, knocking the crown from Berlanbach's head with a fistie attack.

WOUNDED WHEN BANDITS FIRED

Man Who Prevented Bank Hold-up at Winnipeg Was Shot Probably Fatally

WINNIPEG, July 17.—John Matthewson, the customer of the Portage Avenue and Good Street branch of the Bank of Montreal, who was reported yesterday as having interfered with the operations of three bandits who were holding up the bank, was shot, probably fatally. He was depositing money at the time when the bandits entered and ordered "All hands up" and when the cashier was ordered to hand over the money he jumped at the men. After shooting, the bandits escaped but did not get any of the money.

Wheat Situation is Interesting.

The protein content of Canadian wheat averages so much above that of wheat from other countries that there should be even more price preference for the Canadian farmer than is now obtained, but it is doubtful whether such recognition will come so long as chemical analysis is not given definite weight in the established standards for wheat grading, says the Royal Bank report.

Protein content of the wheat constitutes an index of the gluten content in the flour. Flour with high gluten content is more nutritious, absorbs more water, and will make more loaves of bread per barrel. Standards of bread making in the United States and Canada have reached a point where bakers pay close attention to the chemical content of their materials with the result that they are willing to pay premiums for better flours.

Farmer Falls to Profit by Quality.

To a great extent the farmer has failed to profit by this new criterion of wheat values because his wheat is sold almost entirely by standard grades. The dry land farmer who produces under conditions of high cost both because of summer fallowing and frequent loss of crops is the farmer whose wheat would receive most recognition under this new standard.

In line with the idea concerning the importance of emphasizing protein content is another suggestion pointing out the advantages of a policy of keeping low grades off the market and using these grades for feed purposes. Not only do low grades have a disproportionately bearish effect upon the market but they also tend to injure the reputation of the region from which they are derived.

Last year we called attention to the probability of increasing wheat consumption in the far east as a result of the higher standards of living under the new industrial regime. Figures that have since become available show decreasing rice consumption accompanied by increasing demand for wheat.

AN APPEAL TO EXCURSIONISTS

Those Who Go to Terrace and Other Interior Points Asked to be Careful

The Forest Branch wishes to make a special appeal to citizens going on excursions, fishing parties and engaging in other outdoor recreations over the present week end. The present protracted spell of unusually dry weather with accompanying low humidity conditions, has presented a serious forest fire hazard and it is known from newspaper reports which are not in the least exaggerated, the appalling damage to timber and property, and loss of human life which is now taking place in the southern part of the province.

So far this summer the northern coast and Interior have been singularly free from destructive fires, but summer is now approaching its peak with the hazard increasing. An excursion of many local citizens is taking place to Terrace and vicinity this week end. It is surely not too much to ask them to remember the recent tragedy of the Banff-Windermere road and the conflagrations in Kootenay Park and on Vancouver Island. Repetition of these calamities is not wanted in Northern B.C.

There is therefore only one obvious appeal to be made—Take no chances with matches, cigarettes, camp or picnic fires in or near forested lands. Don't throw lighted cigarettes out of automobiles or train windows.

RAISING FUNDS SUMMER CAMP

Sale at Salvation Army Headquarters is Going On Today.

The girl guards and boy scouts of the Salvation Army are leaving Monday for their camp at Cedarvale and will remain there two weeks. In order to pay the expenses of the camp a sale of work is being held this afternoon at the Salvation Army barracks in charge of Mrs. Whatman.

Refreshments: Miss M. Almon and Miss E. McQuatt, assisted by the girl guards. Plain sewing: Mrs. H. Smith, Mrs. Cook and Mrs. Rae. Fancy work: Miss E. Griffiths and Mrs. Carlyle. Home cooking: Miss E. Leek.

RURAL DEAN MARSH RESIGNS PASTORATE

Ill Health Compels Widely Known District Clergyman to Relinquish His Duties.

After having spent many years at Terrace in charge of the Anglican congregation there, Rural Dean T. J. Marsh, widely known throughout the north, has been compelled to resign from the active ministry owing to ill health. Mr. Marsh will remain in Terrace for the time being at least. His resignation is a matter of regret to his parishioners who will wish him a speedy recovery from his illness.

DESERT AIR LINE

JERUSALEM July 15.—The Cairo-Karachi air-bus service will soon be an accomplished fact, work having already been commenced on hangar construction at the terminus.

It is expected that the new aerial transport system will reduce the present trans-desert traffic and soon, it may be expected, a trip from Egypt or Palestine to India and back will be no more than a week-end jaunt.

Stephen Tingley has left for Prince Rupert where he will spend the remainder of the summer.—Vancouver Province.

Mr. and Mrs. Harry Jackson sail this evening on the Prince Rupert for Vancouver where they propose to take up their future residence.

Passengers sailing on the Catala for the south this morning included P. Wallis, George W. Smith, John Clark, Ed. Dunn, D. R. McDonald, T. W. Almas and H. Blaine for Vancouver, and L. Hinton for Lowe Inlet.

W. S. Harris arrived on last night's train from Hazelton and proceeded by the steamer Prince Rupert to Anyox. After visiting a mining property on Hastings Arm in which he is interested Mr. Harris will return to the city next Tuesday.

As the special train carrying the Canadian National Railway personally conducted tour party was coming west last week it ran into and instantly killed Ole Tangedahl, a Fort Fraser blacksmith, who was walking along the track three miles west of Fort Fraser.

Harold G. Brown of Victoria was a visitor in the city from yesterday morning until this morning. He stopped off on his way to Jasper where he has gone for a holiday. With him was W. H. Thornborough of the agricultural department of the Provincial Government.

A. E. Richards and W. T. Hunter of the Summerland Experimental farm arrived in the city on last night's train from Terrace and will proceed south on the Prince Rupert tonight. They have been making an official visit to the Vanderhof experimental station and stopped off at Terrace enroute west.

Over 600 people will go to Terrace by special train tomorrow to attend the Canadian National Railway's employees' annual picnic. The train, which will consist of eight coaches including a mountain observation car, will leave at 7 o'clock tomorrow morning and will be back shortly before midnight.

Two district boats purchased by local interests --trolling finished at Hippo Island-- halibut landings under average

Two well known district power craft arrived in the city during the past week following their purchase by local buyers. The gasoline cruiser Full Moon, purchased by Dr. W. T. Kerwin from the Belmont-Surf Inlet Mining Co., Ltd., arrived from Surf Inlet on Sunday and on Saturday last the power tug, Azurite, bought from the Granby Consolidated Mining, Smelting & Power Co., Ltd., by Capt. Alfred Swanson and Ole Skog, arrived from Anyox. Both are comparatively large vessels and the purchase prices in each case, it is understood, went well into the four figures. Both vessels will have their future headquarters in Prince Rupert.

The Full Moon, which has now taken up her berth at the floats of the Prince Rupert Rowing & Yacht Club, is the largest vessel moored there and is a decided acquisition to the local pleasure fleet. It is 52 feet long and is powered with a 32-37 h.p. Eastern Standard gasoline engine. It is already a well appointed vessel, but several changes are contemplated by its new owner. It was used at Surf Inlet by the Belmont Co., which is now closing its operations there.

The Azurite, which has been used out of Anyox for several years by the Granby Company for general utility and towing work, is now at the dry dock being converted into a seiner. Last Monday at the Prince Rupert Boat House a crew of men took off the cabin of the vessel and removed in one day some elegant fittings that it probably cost the Granby Company several thousand dollars to instal. The vessel had been used by the officials of the Granby Company for making trips around the district and the appointments of the vessel included three staterooms. All this has been taken out, however, and it is expected the vessel will be ready to proceed to the Queen Charlotte Islands within the next week with Capt. Skog in command. The Azurite is 65 feet long with a beam of 15 feet and is powered with a 55 h.p. Imperial gas engine.

Drifting with the tide may be an economical way of travelling, but neither Charlie Starr nor any of his family are economists to that extent so they did not enjoy an enforced experience along that line up the Estall River last week-end.

With Mrs. Starr and his niece to hear him company, Charlie set out from town last Friday evening on his power boat on cruising bent. The first night out they made beyond Port Essington and the next day ascended the Estall River to the head of navigation at Johnson Creek. After taking in the scenery around there and fighting mosquitoes, they came

LAND ACT

Notice of Intention to Apply to Lease Land in Prince Rupert Land according to District of Haida Coast Land District, and situate on Passage Island.

FAKE NOTICE that I, B. Francis, of Ponoka, Alberta, occupation Minister, intend to apply for a lease of the following described lands:— a post planted at the North West end of Passage Island, near Coast Trigonulation Sta. 544; thence around the island at high water mark and containing 1000 acres, more or less.

stay in this, the most northern of Canada's seaports.

The spring salmon season at Hippo Island is now practically over and the local packers are now making their last trips to that point. Cohoes are reported to be running well at Hippo Island and the canneries on Graham Island have already commenced packing them. A good run of cohoes is also reported from Dundas Island.

Seining operations are now starting in full swing in the district.

The Vancouver gasoline cruiser Arranmore which was seized together with a cargo of liquor by the provincial police last week has been released and the liquor returned, proper custody of same having been established by the owners thereof. The Arranmore was delivering the cargo for export and is said to have been hiding from hi-jackers when the police got hold of her off Banks Island.

Capt. Tom Watts paid a social call on his waterfront friends on Thursday afternoon when the Inverness cannery tender, Florence, of which he is the skipper, came in for supplies.

L. W. Patmore's gasoline cruiser Mary is at the Suga Ways this week having a new keel installed and general overhaul work executed.

The gasoline yacht Epauline sailed on Tuesday for Sitka and Skagway after a four day stay in port. Some thirty local people were the guests of Mr. and Mrs. W. C. Shelly on a cruise aboard the Epauline last Sunday. They went into Shawatlans Lake and then out to the mouth of the harbor, spending the evening at Tremayne Bay. The Epauline is one of the most elegantly appointed pleasure craft on the British Columbia coast and she was inspected with envious eyes by many local persons. Mr. Shelly, who has made a fortune out of bread, was a college chum of Dr. W. T. Kerwin of this city.

The new seine boat and packer Northern Exchange, built by N. M. McLean for J. Field, moved up to the dry dock during the week for engine installation under the direction of Harry Love and will be ready at the first of next week to proceed to Skidegate Inlet under charter to the B. C. Packers.

Bargain in Realty

If anybody wants to get in on a real honest-to-goodness really bargain no better advice could be given them than to date with N. M. McLean of boatbuilding fame who has a couple of the finest view lots in town to offer at a price which Mac says constitutes the biggest bargain offered in this little old burg. Said pair of lots lie on Fourth Avenue East, between Green and Cotton Streets, and Mac is ready to talk business to anybody who would avail himself of a splendid opportunity to get a fine home building site dirt cheap.

Mac is also open to consider any offer for a rowboat and 3 h.p. outboard Elto motor in first class condition, which he says he must dispose of.

Mac is raising all the money he can lay his hands on these days and next week an interesting announcement regarding his future activities may be expected.

The seine boat Jack Point, being operated this season by the B. C. Packers, was in port during the week for engine overhaul at the Star Welding and Repair Shop.

The fish packer Clarence, of native ownership, was in port from Massett this week for overhaul.

Capt. Claude Ketchum left on Wednesday of this week with his tugboat Wigwag for Massett Inlet to fulfil a 30-day charter to a cannery concern.

Halibut arrivals at the port during the past week (Saturday to Friday inclusive) were an under average at 448,000 pounds—224,000 pounds from American vessels and 227,000 pounds from Canadian. With good prices offering all over the coast, there are a number of American vessels that have not been coming into Prince Rupert lately. Some go into Seattle while a number of them having been making Sitka and Seward with their catches. The result is that total landings at these ports have been heavier than usual while a

slight decrease may be noted at Prince Rupert. However, there is no serious drop and this port is still getting her full share of the landings.

The landings at this port for the season to date total 13,780,400 pounds—9,773,200 pounds from American vessels and 4,007,200 pounds from Canadian.

Prices during the week have been very satisfactory going as high as 18.6 and no lower than 14.9c for first class while second class has fluctuated from 8c to 11c. Canadian boats, it is gratifying to note, have been receiving almost as good and some times better bids than the American.

Boats landing their catches here during the week have been as follows:

- American — Kanaga, 48,000 pounds; J. P. Todd, 11,000; National, 18,000; Sunset, 40,000; Liluya, 22,000; Lincoln, 24,000; Wave, 8,000; Omaney, 50,000.

Beer Analyzed By Experts

ALL the Beers purchased by the Liquor Control Board of B. C. from the Vancouver Breweries Limited, Rainier Brewing Co. of Canada Limited, Westminster Brewing Co. Limited, Victoria Phoenix Brewing Co. Limited and the Silver Spring Brewery Limited, who are all members of the Amalgamated Breweries of B. C., for sale at Government Liquor Stores and the Licensed Beer Parlors, have been and will be analyzed from time to time by different expert firms of the continent for the protection of the public.

THE substance of these various analyses instigated by order of the Liquor Control Board shows that the Beers are perfect, the taste agreeable and malty. The foam is creamy and stands up well. The alcohol by weight is about 4.25 per cent. and the extract 5.49 per cent. with an original gravity of about 13.20. These analyses indicate further that the Beers are of good quality, wholesome and free from any foreign substance.

TO make a good Beer with such health-giving qualities it requires a skilled brewmaster and an up-to-date hygienic plant, such as maintained by the above mentioned Breweries. These plants are open for inspection and visits of the public are gladly solicited. Only the best materials obtainable are used in the manufacture of the Beers.

THE Brewing capacity of the above Breweries, members of the Amalgamated Breweries of B. C., is about eight times as large as the present output, which gives best assurance to the public of receiving only fully matured and properly aged Beers for many years to come.

Tonight Only, Saturday at 7 and 9

The Phantom of the Opera

Weird! Wild! Wonderful! Mysterious! Magnetic! Magnificent! A marvel of cinema achievement that stands alone. Baffling, inscrutable, it chills and warms the soul of the spectator. A photoplay that takes a journey of never-to-be-forgotten adventure right into the heart of the City of Light's deepest mystery. A picture that lifts the beholder from the depths of fear and terror to the sublimest heights of beauty and grandeur. A story as impressive as the great Paris Opera House about which it is written. From the lye of Apollo on the very top of this famous structure to the mysterious lake at the bottom of it's five cellars there is breath-taking romance and thrills every inch of the way. Gorgeous ballet and masked ball scenes. Unrivaled cast. Lon Chaney, Mary Philbin, Normay Kerry, John Sainpolis, Gibson Gowland, Edward Cecil, Virginia Pearson, Edith Yorke, Grace Marvin and many others. PATHE REVIEW 50c and 25c
