# INTERIOR TOWN AGAIN RAVAGED BY FIRE

## CUSTOMS SITUATION WILL BE PROBED TO VERY BOTTOM PROMISES KING

### Another Serious Fire Visits Town of Burns Lake; Store Destroyed

E. Imeson suffers loss of property valued at \$28,000; Royal Bank is badly scorched again

BURNS LAKE, July 28.—Burns Lake was visited by another disastrous fire this morning, the blaze being on the opposite end of the same street where last year's blaze caused so much destruction. The general store and warehouse of the G. E. Imeson Co. was completely destroyed and the Royal Bank building was again badly scorched.

The alarm was sounded at 3 o'clock, but so strong a hold the flames have that by 5 o'clock the store and warehouse is totally destroyed, none of

### AMBINO HITS MORE HOMERS

Joe Goslin, Returned from Banishment, Helps Washington to Defeat Chicago.

EW YORK, July 28.—Babe Ruth's thirty-first home run yesterday enabled the Yankees to defeat Louis in a tight game. Rice, St. Louis, also hit a homer, tying three runs.

Joe Goslin, suspended by Washington several days ago for different playing, returned to game yesterday and helped Senators defeat Chicago by hitting a triple and a single, stealing one base and figuring in put-outs.

Jackson and Lindstrom of the New York Giants hit homers, but Tsburg won out through errors Meusel.

National League  
Chicago 0, Boston 1.  
Cincinnati 3-2, Brooklyn 6-0  
St. Louis 9, Philadelphia 5.  
Pittsburg 4, New York 3.  
American League  
Washington 7, Chicago 21.  
New York 6, St. Louis 2.  
Others postponed, rain.

### RAILWAY BOARD COMING HERE

Chairman H. A. McKeown and Commissioner Frank Oliver Due in City.

H. A. McKeown, chairman of the board of railway commissioners, and Frank Oliver, commissioner, will arrive from Vancouver soon and on Friday morning will open a session here to hear claims for equalization of freight rates.

### FOURTH TEST MATCH RESULTS IN DRAW

MANCHESTER, July 28.—The fourth test match resulted in a draw after a close third day's play, the scores being 335 for Australia and 303 for England for five wickets. The visitors are playing in Surrey today.

### VANCOUVER EXCHANGE

C.P.R.	Bid.	Asked.

L. & L.	.09%	.12
Premier	2.13	2.18
Silver Crest	.12	
Marmot	.07%	.10

### WOMAN STOLE CHURCH MONEY

Male Companion Also Wanted For Lootin' Collection Plates at Edmonton

EDMONTON, July 28.—Two suspects, a man and a woman, are being looked for by police in connection with the theft of the First Presbyterian church collection on Sunday. Officers, however, have but a poor description of the suspects and little progress has been made towards their apprehension.

The thieves broke the roll-top desk in the secretary's office of the First Presbyterian Church Sunday afternoon and stole the collection from the morning service. Over \$100 in small silver and a few bills were taken.

#### Walked Through Church

The collection was being kept in the office until the night's takings were added to it. The thieves walked through the church, up a flight of stairs and into the church offices.

Officers of the church report seeing two suspicious characters about the church during the afternoon but state that not much attention was paid to them as it is a common practice for strangers in the city to come to the building.

#### IMMIGRATION WOULD THEN BE UNNECESSARY

How English Speaking People Might Well Emulate French

OTTAWA, July 28.—George C. Wright, grandson of Philemon Wright, who founded this city, at a Kiwanis luncheon where he was guest of honor, said he had lived among French-speaking Canadians for many years and found little difference between them and their English-speaking brethren. There were some qualities which the English could imitate with advantage. One was the more general interest the French took in public affairs, and the other the raising of large families. The latter, if generally followed, would make it unnecessary to bring in people from other countries.

#### STRIKE SITUATION REMAINS UNCHANGED

Government's Bill Providing For Reorganization of Industry Passes House of Commons

LONDON, July 28.—The government's bill providing for reorganization of the mining industries passed its third reading in the House of Commons last night. So far as is known, there is no change in the coal strike situation.

#### AGED INDIAN DIES SUDDENLY IN SOUTH

Abraham Stott Sold For \$150 Interest in Mine Which Later Netted \$500,000

QUESNEL, July 28.—Abraham Stott, aged 56, old time prospector of the Cariboo district, is dead. Shortly after coming to the Cariboo thirty-two years ago, Stott had a fortune almost in his grasp but he sold for \$150 his half interest in a claim that later yielded its new owner half a million dollars in gold.

The westbound train due this afternoon at 3:30 o'clock is on time.

### ROBERT FORKE TURNS LIBERAL

Grits and Progressives to Join Forces in Brandon Constituency

BRANDON, July 28.—"I know I have done my duty and I am not here to apologize for my actions at Ottawa during the last session," said Robert Forke, former leader of the Progressives, at the convention here yesterday when he was again nominated. "Without the aid and support of the Liberals we cannot win this constituency of Brandon. I do not care what name I go to Ottawa under. My vote and my actions will be just the same."

It is believed that the former Progressive leader will receive the endorsement of the local Liberals at a meeting tomorrow.

#### ANTI-RUM RUNNING DISCUSSIONS END

Complete Agreement on Plans to Prevent Liquor Smuggling Into United States.

LONDON, July 28.—Anglo-American anti-rum running discussions ended yesterday with the complete agreement on eight far reaching recommendations designed to hinder liquor smuggling into the United States it was announced. The text of the agreement will not be published until the scheme is actually put into operation.

### Bootleggers Must Pay Income Tax Just as Persons Engaged in Lawful Business Have To

LONDON, July 28.—Bootleggers must pay Dominion income tax just the same as persons engaged in lawful business, according to a decision of the judicial committee of the privy council given yesterday in the appeal of the Canadian minister of finance against a decision of the Supreme Court of Canada in the case of Cecil R. Smith, of Windsor, Ontario. The appeal was allowed and Smith was ordered to pay costs. Considerable interest was shown in the case.

In 1920 Smith filed returns showing his income to be \$3,500, but the authorities refused to accept this return and, after investigation, found Smith's income was \$92,000 and assessed him on that basis.

The Supreme Court overruled the decision of the Exchequer Court, holding that, if the definition of the taxation act was wide enough to include income derived from the liquor business, prohibited in Ontario, it would also be wide enough to include gains from burglary or highway robbery.

#### NOMINATIONS

Brandon — Robert Forke, Progressive.  
Kootenay West—W. K. Esling, Conservative.  
Yale—Grote Stirling, Conservative.

VANCOUVER, July 28.—A million dollar bylaw for the purchase of property necessary for the civic centre scheme is likely to be submitted to the ratepayers in October. It was announced yesterday. A block of land immediately east of the Central School will be offered by private interests for \$400,000.

### Shipping Distressed, Crops Damaged and Wires Crippled as Result of Florida Storm

JACKSONVILLE, July 28.—Riding a wind which at times reached a velocity of 100 miles an hour, a storm which came out of the Caribbean Sea on Monday, hit the lower Florida coast on Tuesday, leaving in its wake distressed shipping, damaged crops and crippled wires. Miami reports damage of \$100,000, mostly to the pear crop, while other points sustained damage by the heavy seas breaking along the shore and cutting adrift many private yachts. The Italian steamer Ausaldo San Giorgio is in distress with a broken rudder off Jupiter Inlet with several vessels standing by to take off the crew of thirty.

### RESIGNS FROM GOV'T SERVICE

P. S. Bonney Leaves Post of District Forester to Take Important Position With Pacific Mills.

P. S. Bonney, district forester here for three and a half years, has resigned from that office to take a position as manager of the timber department for the Pacific Mills. The resignation will take effect about August 15 and Mr. Bonney will be in future located at Ocean Falls. An efficient and popular official, Mr. Bonney's departure from this district will be generally regretted, but his many friends will be pleased to know that the change will be considerable of a personal improvement.

Mr. Bonney has been in the service of the Forest Branch for thirteen years, with the exception of three and a half years he spent overseas. His first work with the department was forestry exploration in the Nass River district.

Following that he was at headquarters in Victoria and was then district forester in the Tete Juanne 'ache district before going to the prairies as prairie lumber markets commission. The war intervened and, on his return to Canada, Mr. Bonney was made district forester at Prince George, later being transferred to Prince Rupert.

Mrs. Bonney and family, who have been south for some time, will take up their residence at Ocean Falls with Mr. Bonney.

### Smuggling of Alcohol with Fatal Results in Spite of New Minister

SARNIA, Ont., July 28.—If the Liberals are returned to power in September, the customs situation will be probed to the very bottom with the commission of three judges investigating the whole problem from the Atlantic to the Pacific, declared Rt. Hon. W. L. Mackenzie King here last night at the first meeting in Western Ontario.

"Mr. Stevens, minister of customs, announced that Mounted Police were to be strung across the border," said Mr. King, "yet we read that thirteen people died as a result of drinking poison liquor smuggled into this country. Will we make a new issue in the campaign? If I made that kind of an appeal it would be similar to the present Conservative campaign."

### WHALING FLEET IS DOING WELL

Rose Harbor Has Taken 160 Mammals and Naden 22.

Mrs. Nellie Mork Succumbed About Midnight in Prince Rupert General Hospital.

The death occurred about midnight in the Prince Rupert General Hospital last night of Mrs. Nellie Mork, 411 Seventh Avenue West, and infant child. Deceased arrived here from Norway last fall and her husband is a fisherman, at present being out plying that trade. She was young in years and has two brothers in Seattle.

Funeral arrangements are in the hands of the B.C. Undertakers.

### INTERESTING EXHIBIT OF NORTHERN ORE

Portland Canal and Alice Arm Represented in Display.

A nice display of high grade ore from the Portland Canal and Alice Arm districts is on exhibit in the windows of the Prince Rupert Transfer and Taxi Company. The display includes high grade silver ore from the Alice Arm Lake Rose property, a sample of ore from the Marmot Metals mine, Portland Canal district, carrying chief values in zinc and gold; lead silver ore from the Ore Mountain mine, and ore carrying large quantities of silver lead and gold from the Kitsault Mining Co.'s property situated near the Lalose property.

### BIG INCREASE IN RAILWAY EARNINGS

Showings of C.N.R. for First Six Months of This Year Eleven Million Better Than Last.

MONTREAL, July 28.—An increase of \$11,100,000 in the net earnings for the first six months of this year as compared with the same period last year is shown by the Canadian National Railways.

### MANY LIVES LOST IN JAPANESE FLOODS

Press Despatches Bring in News of Death Toll to Tokio

TOKIO, July 28.—Loss of 36 more lives in floods caused by heavy rains in three villages in Chuseindo province on Monday is reported in a press despatch received here. Previously 50 had been reported dead in the recent floods in that province.

Fire Again Causes Loss to Columbia River Lumber Co., of Golden.

GOLDEN, July 28.—Another camp of the Columbia River Lumber Co., near Mohrley was destroyed late Monday by forest fires. All the crew is safe, but the cut of logs and equipment was destroyed. The company has suffered a loss of \$200,000 during the past week.

Knock your town and you'll get the knocks back.

### Racial Inferiority Should Not Enter.

Any exclusion measure is bound to breed the feeling on the part of those excluded that they are considered inferior, but the country responsible for the exclusion should not act in a racially superior manner. Australia has acted in such a manner it made a mistake which naturally will be resented by the Japanese. An Oriental exclusion measure should not be brought about from such a cause or be looked at in that light. The Japanese should be intelligent enough to see that a white country does not want to be overrun with yellows to the disadvantage of its own people any more than Japan would want to be overrun with whites, under similar conditions. The inferiority aspect might not enter so readily if the matter were looked at from a national rather than a racial viewpoint.

### Danger of Japanese American Situation.

When a man of the authority of General MacBrien, chief of staff of the Canadian militia, publicly speaks of the rivalry between the United States and Japan for authority in the Pacific Ocean, it would seem that some danger must lie therein. It is a matter in which Canada is directly concerned and it is to be hoped that the bogey of a war between the United States and Japan on the question may never materialize. The other nations of the world should give the matter their serious consideration and take such action as to render such a catastrophe impossible.

### Vancouver Province Hoists War Flag.

The Vancouver Daily Province has rather astonished its readers, if not itself, by descending from the Olympian heights and mingling on the battlefield with warriors of common clay. Editorially the Province has hitherto maintained a perfectly Julian detachment when mere mortals fought and struggled in the political arena. It has observed the fortunes of the struggle with philosophic calm and when the results were known has offered its cool congratulations and its tempered sympathy respectively to victors and vanquished.

But all this is to be changed. For the present campaign at least the Province will be seen in the forefront of the fight boldly cheering on the Meighen legions. The Hastings Street newspaper has declared itself. It is Conservative—until the last vote is counted. At least this is a fair conclusion from the long exposition it published on Wednesday of Mr. Meighen's policy, approving it so far as it was stated at Ottawa, and expressing the confident anticipation that it would be satisfactorily enlarged at subsequent meetings.

It is for the best all round that the Province should declare where it stands plainly and unequivocally. It is not that hitherto it has never leaned one way or the other, but that its leanings had rather to be inferred indirectly from columns other than those on its editorial page. To the uninitiated this was at times, if it may be said, just a little misleading. But there are no doubts now. The Province "has gone Conservative" and everybody knows what to expect.—Vancouver Star.

### FASCIST EXTREMISTS TO BE SUPPRESSED

#### Stern Measures Adopted by the Government

ROME, July 28.—A current of discontent has been discovered among "Extremist elements" of the Fascist Party and stern measures have been adopted to curb it. The trouble is attributed to friction between local and general Fascist authorities and unwillingness of some Extremist groups to accept the edicts of the centralized authority. An example of the manner in which the government is dealing with the situation is to be found at Savona, where Amilcare Duponloup, leader of an Extremist faction, has been arrested charged with heading a dissident movement.

This was revealed by a government spokesman who explained that the Premier had directed the newspapers to stop publishing incendiary material tending to keep alive "the bellicose terminology and spirit." Savona has been in a turmoil

for some time and Duponloup's arrest followed a series of incidents in which five post workers were hurt. Duponloup, who is a former army captain, has been removed to Genoa. The local press says the Fascist Party intends to go the limit in crushing movements such as Duponloup's and has determined that petty squabbles must be forgotten in order that all the nation's energy may be concentrated on solving national problems.

A "psychological demobilization" of the Italian people has been ordered by the Premier, Benito Mussolini, as a means of convincing the world of Italy's peaceful intentions.

This was revealed by a government spokesman who explained that the Premier had directed the newspapers to stop publishing incendiary material tending to keep alive "the bellicose terminology and spirit."

### VOTERS' LISTS TO BE REVISED FOR ELECTION

#### Law Requires Complete Revision of Polling Subdivisions

OTTAWA, July 28.—In answer to an enquiry as to the voters lists which will be used for the general election, the chief electoral officer said:

"The procedure for preparation of lists will be exactly the same as that followed at the general election last year. The Dominion Elections Act does not provide for the use of former Dominion lists except at by-elections, when these are held within two years after a prior Dominion election in the same electoral district.

"Indeed, no other rule could be adopted, since to prepare the necessary copies of all lists, which would be required at a general election would take nearly three months. This difficulty was referred to in my report to the House of Commons last January."

It is understood the procedure in all provinces except Prince Edward Island, Saskatchewan and Manitoba will be that provincial lists will be employed as a basis for preparation of those to be used at the Dominion election. In rural polling divisions, provincial lists will be corrected, names being struck out and added by rural registrars as circumstances require.

In urban polling divisions all names on provincial lists will be transferred to the Dominion lists, and in addition the urban registrars will add the names of those voters who apply personally for registration, or on whose behalf application is made by a relative or employer when the voter is ill or away from home.

Preliminary lists thus prepared by urban registrars will be corrected by revising officers, who will be either local judges or substitute revising officers they nominate. In Prince Edward Island, Saskatchewan and Manitoba the procedure will be the same as in other provinces except there will probably be no provincial lists available for use as a basis for the work of the registrars.

### THE MAN IN THE MOON says:

In the hot weather you can rely upon women showing more backbone.

A man who recently kept himself alive for seven days by eating grass is now trying to chew the end.

A good way to get rid of fleas is to catch one and paint it yellow. It will then return to its mates and they'll all die of color blindness.

A woman with a melting smile should make a good showing in an ice cream eating contest.

A good wife laughs at her husband's jokes.

I read of a woman who ran away with a pet monkey but it did not state whether or not she left her husband behind.

It's hard work these days trying to be funny with the end of the month only three days distant.

The man who can't lick a postage stamp should not have visions of ever meeting Dempsey.

When undecided what to do this wet weathero swimming.

Never try to leave on a train leaving at 12:50 because it's ten to one if you catch it.

People who live by their wits are seldom witty.

Bald headed men usually sit in the front row of the vaudeville show to enable the spectators behind to see the reflection of the stage on their domes.

These boyish bobs are all right for girls but what is to become of the hair ribbon makers.

If you see a man purchasing a compact at the druggists it does not necessarily follow that he is endeavoring to retain that schoolboy complexion.

### CROP SITUATION IS FAVORABLE

#### Rain is Generally Needed, According to Bank Report.

Wheat is practically all headed out in the prairie provinces, but will require rain in many localities to produce a satisfactory yield, according to the Bank of Montreal crop report. In parts of Alberta and Saskatchewan the crops have suffered from extreme heat and lack of rain. Hail has done damage in scattered areas. In Quebec the past week has been favorable to growth and all crops show improvement. In Ontario good harvesting weather has prevailed and farmers have made good progress with the harvest. In the Maritime provinces crops generally continue to make good headway. In British Columbia cooler weather and light showers have benefitted the fruit crop. Details follow:

#### Prairie Provinces

**Alberta**, Western and Northwestern Areas—All crops on well-tilled lands are continuing to show satisfactory progress, but crops on other lands have suffered to some extent from recent hot dry weather, except in parts where recent rains have benefited. Scattered hail damage, but losses not very important. Southeastern area—Hot and dry weather continues and previously reported fair to poor prospects have weakened somewhat.

**Saskatchewan**, Northern Area—Crops are progressing fairly well, but more rain is required. Southern area—Wheat practically all headed out and in most places filling well. Some districts suffering from burning. A considerable amount of hail damage has been done in scattered areas.

**Manitoba**—Satisfactory conditions continue and prospects are for a good average crop. Usual scattered hail damage has occurred, but this has been offset by beneficial accompanying rains.

**British Columbia**—A heavy yield of grain is expected. Harvesting of oats has commenced. The grasshopper plague is about over and aggregate loss is small. Roots promise an average yield. Early potatoes and tomatoes are now shipping. All fruit is sizing rapidly but a shortage of irrigation water is causing some concern. Picking of Duchess apples will commence shortly, probably ten days earlier than usual. An excellent crop of hops is expected. Pasturage is good, but rain is needed.

### TEN YEARS AGO in Prince Rupert

Stephen Hoskins, government agent, passed through town this morning on his way home from Victoria.

Another detachment of recruits for the Vikings of Canada regiment, left for Winnipeg today. They are O. Simonson, Albert Edward, C. A. Phillips and E. Dix. They were recruited by Sgt. Krag.

E. H. Shockley has returned to the city after an absence of several months, the latter part of which was spent in the town of Trail. Mr. Shockley reports very brisk at the Smeiter city.

The ancient car chugged up to the gates of the ferry. The gate-keeper, demanding the usual fee, called out, "Two dollars for the car."

The owner looked up with a pathetic smile. "Sold," he said, and got out.—Motor Life.

#### WATER NOTICE

#### Diversion and Use

TAKE NOTICE that Somerville Cannery Company Limited, whose address is Gore Avenue, will be entitled to a license to take and use 25 cubic feet per minute of water out of unnamed streams, which flows northerly and drains into Ferguson Bay, Masset Inlet, about 4 miles N.W. of Masset, N.W. of Queen Charlotte Island District. The water will be diverted from the stream at a point 6 chains in a south westerly direction from T. W. Ferguson's lot 1571, Q.C. Dist., and will be used for industrial purposes.

Another notice was posted on the ground on the 4th day of July, 1926. A copy of this notice and an application thereunto and to the "Water Act" will be filed in the office of the Water Recorder or in the office of Robert B. C. Obregon, to the Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is July 20, 1926.

# The Music Itself!

is what you hear in its true beauty  
when the Orthophonic Victrola plays

"Where's the band?"

—And with that query a squad of railroad workers in a little Quebec village craned its necks to "see the parade". The music was coming from a new Orthophonic Victrola in a neighboring home.

In Winnipeg, the other day, a prominent organist stopped in the street to listen to the strains of pipe organ music floating from a window above. Mystified—led on by the touch of a master organist, he followed the music to its source, a new Orthophonic Victrola.

## GYROS AGAIN DEFEAT SONS

**Good Game of Baseball to 5-3 Score Last Evening.**

In a good game of baseball last night the Gyros defeated the Native Sons of Canada by a 5-3 score. The doubtful weather rather interfered with the attendance but the crowd on hand were treated to a good brand of ball and got their money's worth.

A feature of the game was a steal from third base to home by Harry Menzies for the Sons. The Gyros did some good hitting making several two base hits and Haveland made a long drive over centre field for three bases. In the sixth inning there was a double play from Haveland to Mitchell on second and from Mitchell to Frizzell on first. The Native Sons evidently missed Balfour's hitting. Balfour was unable to play and W. Mitchell took his place. Mitchell caught a good game considering the slight amount of practice.

**Batteries—Gyros, McKeown and Schenker. Native Sons, W. Mitchell and Lambie.**

P. LaPorts umpired the balls and strikes and Gordon the bases. The teams took the field as follows:

**Gyros—McKeown, c; Schenker, p; Frizzell, 1b; G. Mitchell, 2b; Morand, ss; Haveland, 3b; Geo. Hill, lf; Skinner, cf; Tulloch, rf.**  
**Native Sons—W. Mitchell, c; Lambie, p; V. Menzies, 1b; L. Astoria, 2b; Farquhar, ss; H. Menzies, 3b; Dido Gurvich, lf; J. Hatchford, cf; J. McNulty, rf.**

**Standing of teams to date:**

	W. L. Pct.
Native Sons	6 4 .600
Gyro Club	5 5 .500
Terminals	3 5 .375

## DEMPSEY AND TUNNEY HAPPY

**Both Satisfied to Fight in Chicago—Bout May Yield Millions**

**CHICAGO, July 28.** — Forty years between heavyweight championship fights is a long time, but probably there are still a few old timers here who saw John L. Sullivan wallop Jack Burke for a win here in 1886 who also will be on hand to see Jack Dempsey and Gene Tunney climb through the ropes some time in September.

The long awaited announcement that Chicago had been chosen for the 1926 version of the championship go, with the date either Sept. 11 or Sept. 18, has just come through from Promoter Tex Rickard and everybody seems to be happy.

"Entirely satisfactory to me," was Dempsey's comment at Colorado Springs.

"That's just great," Tunney echoed in New York.

It will be ten rounds to a referee's decision, the principals will divide fifty-five per cent of the gate which Rickard expects to amount to near \$2,000,000 and \$100,000 will go to a charity fund.

### Y-MACS LINE-UP

The line-up for the Y-Macs in the Intermediate football game tonight will be as follows: Hacker; C. Cameron and R. Reid; L. Bond, A. Phillips and H. Heilbronner; A. Strachan, B. Hunt, J. Strachan, S. Dickens and H. Gathorn.

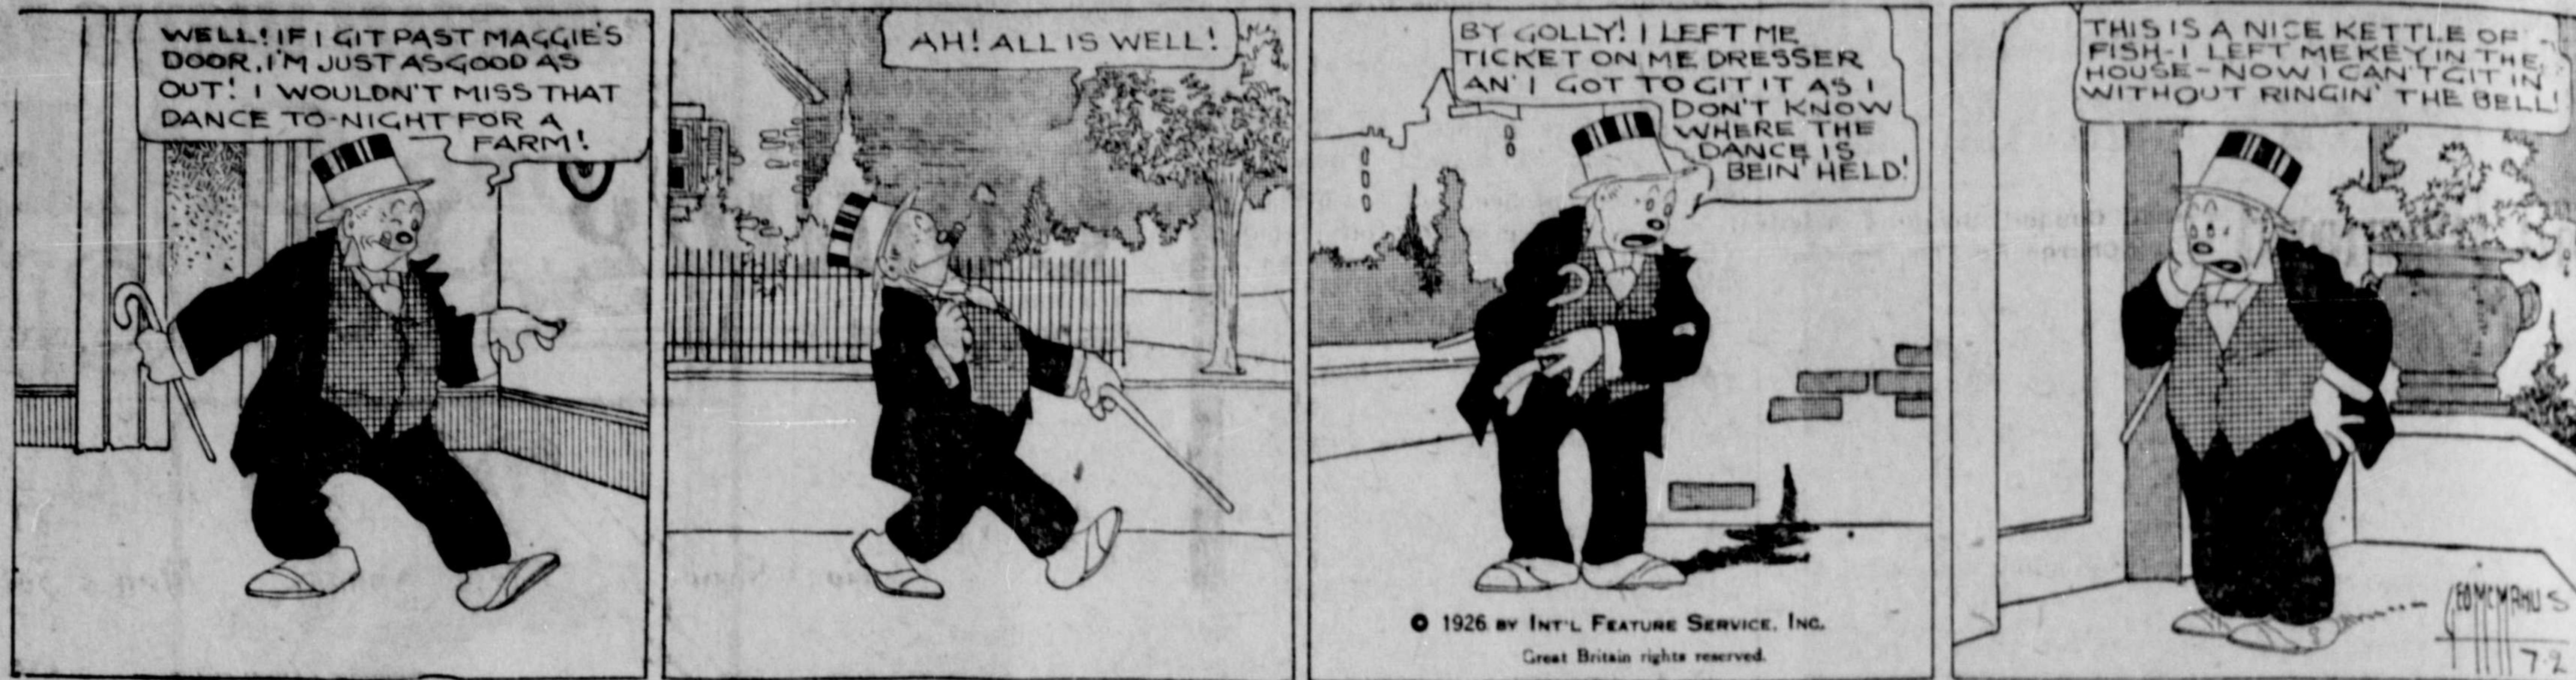

### ALMOND MENTIONED AS A POSSIBLE GRIT CANDIDATE IN SOUTH

**VANCOUVER, July 28.** — Ald. H. Almond is being prominently mentioned as Liberal candidate for Burrard to oppose General J. A. Clark, and Dugald Donaghy, former member for North Vancouver, is being pressed by the Liberals to run against Hon. H. H. Stevens in Vancouver Centre.

### WEATHER REPORT

Government Telegraphs, 8 a.m.  
Terrace: Rain, calm, temp. 55.  
Anyox: Rain, calm, temp. 61.  
Stewart: Rain, calm, temp. 54.  
Hazleton: Rain, calm, temp. 55.  
Telegraph Creek: Cloudy, calm, temp. 50.  
Smithers: Rain, calm, temp. 60.  
Burns Lake: Part cloudy, temp. 54.  
Prince Rupert: Part cloudy, fresh southeast wind, temp. 56.

## BRINGING UP FATHER

## ALASKA EXPORT IS INCREASING

**Value of Products Sent from Territory to States 182,325 Higher Than June 1925.**

**KETCHIKAN, July 28.** — The Alaska commodities shipped to the states last month totalled \$2,193,136, according to the monthly statement issued by J. C. McBride, collector of customs. The total was \$182,325 larger than the value of shipments for June last year.

Halibut, most of which was shipped from Ketchikan, showed a gain of approximately \$100,000 while canned salmon decreased for the month about the same figure. Fresh salmon gained about \$50,000. Total halibut shipments aggregated \$158,525 and salmon \$70,242. Canned salmon shipments totalled \$251,430.

The highest value of the month was attained by copper ore, being \$1,200,213, compared with \$825,951 for the same period a year ago.

Cured salmon shipments, much of which was from Ketchikan, totalled \$138,664. Blue fox skins valued at \$3,050 were shipped out while other skins aggregated nearly \$37,000.

Palladium ore from the Ketchikan district shipped during the month totalled \$30,004. Marble shipments, the greatest quantity of which was taken from the Tokoem marble quarries, aggregated \$25,250.

Wood, timber and lumber shipments for the month were valued at \$33,979.

Total value of the Alaska products shipped out reached \$2,038,267; products of the United States returned were valued at \$137,950 and the total value of foreign products was \$16,919.

**QUEEN OF ROUMANIA DRIVES LOCOMOTIVE**

**Surprises Subjects With Display of Skill by Driving 50 Miles on Hour**

**RESITA, Rumania, July 28.** — The versatile Queen Marie of Rumania has surprised her subjects with a display of mechanical skill by driving a locomotive at 50 miles an hour. The engine, the first ever built in Rumania was the product of the great metallurgical works at Resita in the Banat region, formerly belonging to the Austrians.

Queen Marie christened the locomotive, then, garbed in a blue

duster, leather gloves and high boots, she climbed into the cab and seized the throttle. Her Majesty drove the huge machine about three miles with the chief engineer of the Resita plant at her side. The King and the Prime Minister, General Averescu, also were in the cab.

Thousands of peasants flock to the railroad tracks to watch the royal steam engine whiz by.

Afterward the Queen declared that "driving a locomotive is far more exciting and harder work than merely steering an automobile."

**JAIL IS PREFERRED TO PAYING UP FINES**

**Many Liquor Act Offenders in Alberta Were Unable to Secure Necessary Cash**

**EDMONTON, July 28.** — Only something like 20 per cent of the fines imposed in the local police court during the month of June, for infractions of the liquor law, were paid, the majority of the offenders preferring to go to jail, according to the police report for the month of June, forwarded to Mayor Hatchford by Chief of Police Shute.

Arrests made during this month numbered 72, identical with those for the previous month. There were 112 summonses issued during the month, as compared with 75 for the month of May, and Chief Shute ascribes this to a more vigorous enforcement of the city by-laws. 192 complaints were turned over to the detective department for investigation. This was 19 less than the previous month.

Property reported as being lost or stolen amounted to \$5,844, of which the police recovered \$4,941. The city coffers benefited to the extent of \$521 in fines, which is \$400 less than the previous month, while total fines imposed for infringements of the liquor act amounted to \$1,510.

**WIRELESS REPORT**

8 a.m.

Digby Island — Part cloudy, fresh southeast wind; barometer 29.88; temperature 56; heavy swell; 8 p.m. spoke motorship Linda bound Victoria for Craig, Alaska, at Inverness; 8 p.m. spoke tug Cape Scott 25 miles north of Lowe Island northbound; 8 p.m. spoke steamer Devere bound Akutan for Bellingham; 9 a.m. spoke steamer Jeffreys Head bound Point Clegg.

Mrs. William McIntomine and family have left for the boundary country where they will take up residence. Mr. McIntomine having become interested in mining at Beaverdell. Their home has been purchased by J. V. Clegg.

Mrs. William McIntomine and family have left for the boundary country where they will take up residence. Mr. McIntomine having become interested in mining at Beaverdell. Their home has been purchased by J. V. Clegg.

**QUEEN OF ROUMANIA DRIVES LOCOMOTIVE**

**Surprises Subjects With Display of Skill by Driving 50 Miles on Hour**

**TORONTO, July 28.** — (Canadian Press). — "Neat and efficient work as a motor mechanic" was the verdict of an observer who watched Miss Isobel Cockshut handle unaided amid the noonday traffic of the city street, a refractory car. With hood raised, a piece of waste in one hand and a spanner in the other, she delved into the intricacies of the motor, an adjustment here and another there, and soon the six cylinders again purred their smooth rhythm up Jarvis, over the Rosedale bridges into the grounds of the Lieutenant-Governor's residence.

**ENGLISHMAN'S STRENGTH ALMOST SUPERHUMAN**

**WATFORD, Eng., July 28.** — J. C. Price of Gloucester is known as "the strong man of the west." He bends a four-inch horseshoe nail double with his hands, and holding a bar of horseshoe steel in his teeth he takes one end in each hand and bends the bar into a loop. Recently he lifted 430 pounds of iron from the ground to his knee.

Price has been a blacksmith for 30 years. He is 43 years old. His height is 5 feet 10 inches and he weighs 224 pounds. He has a chest measurement of 50 inches.

The Berlin policeman is provided with an india rubber club. This should be handy when, in taking notes, he spells a word wrongly.—London Opinion.

It makes them smile—it's sure worth while.

## GARBAGE BYLAW MATTER CLOSED

**City Council Sustains Nightsoil Charge For The Present Year.**

A recommendation from the finance committee that the garbage bylaw not be repealed until the end of the year and then a plebiscite be taken to ascertain the wishes of the public on the question was, after a lengthy discussion, adopted by the city council last night. Ald. Stephens, not agreeing with the plebiscite clause, cast the only dissenting vote, while Ald. Casey, Ald. Joe Greer, Ald. Brown, Ald. W. J. Greer and Ald. Perry voted in its favor.

Mayor Newton said he did not believe the council was right in flouting the wishes of the people. He felt that the outside residents should be given some sewerage accommodation and did not believe it was fair to charge them for the nightsoil service. He would consequently like to see the council omit the nightsoil aspect of the matter until the end of the year and was not in favor of the recommendation of the finance committee.

Ald. Casey stated that a delegation had waited upon the council to find out if it were possible to come to some understanding on the matter. This had not borne fruit, and the delegation had been

**WATER NOTICE**

**Diversion and Use.**  
TAKE NOTICE that Standard Mine Corporation whose address is 121 Front St. West, Vancouver, B. C., will apply for a license to take and use 2,000 miner's inches per day of water out of South Fork of Prince Creek, which flows easterly and drains into Bear River, about sixty miles north of Dease Lake.

The water will be diverted from the stream at a point about three miles upstream from its mouth and will be used for mining purposes and for hydraulic power leases of McNamee Creek.

This notice was posted on the ground on the 24th day of June, 1926.

A copy of this notice and an application pursuant thereto for the "Water Act, 1914," will be filed in the office of the Water Recorder at Telegraph Creek.

Objections to the application may be made with the said Water Recorder,

Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

The date of the first publication of this notice is July 12, 1926.

insistent that the bylaw be repealed forthwith. However, the bylaw had been passed and the estimates made and it was understood the revenue accruing therefrom would be collected. The estimates had been cut to the last five cent piece and on top of that they found they were some \$28,000 behind in the cost of the Skeena Highway and road out to the cemetery, both of which undertakings would be a direct charge on the city. They had to obtain \$28,000 which they had not reckoned upon. They had arranged to collect the garbage and night soil revenue from the points where the service was given. What was the council going to do? They had set out to spend an amount of money and were spending it. The end of the year was coming and they were supposed to have revenue enough to meet running expenses. The charge in his opinion was a fair charge but, whether it was fair or unfair, there were over three hundred people who had petitioned against it. The plebiscite on the bylaw was not to save the face of any person getting defeated at the polls but to determine the will of the people of the community. If the people were then in sympathy with what the mayor thought or he thought but it was up to the people. Up to the end of the year they must collect this revenue and they had to go through with it and, for that particular reason, he hoped the council would endorse the recommendation of the finance committee. If it was not right the people would so say late.

**Ald. Stephens**

Ald. Stephens stated he was not in favor of the recommendation and did not think it should be made the matter for a plebiscite any more than was the light, water or phone. If the council thought it was right he did not think it was a matter to be voted upon. He had supported the bylaw and he believed it was right. The ground he took was that no such recommendation as to a plebiscite was necessary if the council thought it was a right action.

The time the mayor should have taken his stand was when the bylaw was passed and other members of the council should have given it their serious thought. He had no reason to go back on his decision then. If he thought they had made a mistake in passing the bylaw or that it was unfair he would say right at once. He believed every sewer that was not a private sewer had been paid for in the price of the lots purchased in the city. Those who had not got sewers since that time had put them in at their own cost and in this case people had paid nightsoil charge for those in whom they were not interested.

**GAIN PEERAGE,  
LOSE IDENTITY**

**Englishmen Endanger Glory of Their Early Careers in Accepting Titles**

(By the Associated Press) LONDON, July 28. — British public men need some sort of Lucy Stone League to protect them against losing the glory of their early careers when they are converted into peers and assume a lordly title.

Lord Oxford and Asquith is an example. As plain "Mr. Asquith" he was known to everyone in the empire. As premier he had the greatest glory which can come to a British subject. All other Asquiths and Askwicks took a back seat for the premier.

And further take notice that action, under section 37, must be commenced before the issue of such Certificate of Improvements.

## ANNUAL CAMP ALPINE CLUB

### Mountaineers From All Over the World Are Now at Jasper Park.

JASPER, July 28.—More than fifty mountain climbers have left or passed through Jasper this week on their way to attend the annual meeting of the Canadian Alpine Club in the Tonquin Valley, about thirty miles southwest of park headquarters. Their immediate destination was Geikie, the first station west of Jasper, on the Canadian National Railways. Here they detrained and commenced the long hike into the Tonquin over the Meadow Creek trail. Most of the party have already reached camp, though several planned to pitch camp on the pass and utilize two days on the trip.

These fifty Alpinists represent only the vanguard of the main body, which is expected to number considerably more than one hundred. Among them are a large number of women, probably the largest proportion of women climbers ever attending the camp. A distinct international flavor is lent to the gathering by the presence of climbers from the United States and Great Britain, as well as from various parts of India. Among the better known Alpin-

ists already on their way to the not accompany the members into camp are Dr. J. W. A. Hickson, Montreal, president of the Canadian Alpine Club; Howard Palmer, New London, Conn., president of Mount Edith Cavell, Throne of the American Alpine Clubs; R. B. Mountain and Mount Fraser. If Hartley, Bibby and John H. Hoag, London, England, members of the Alpine Club; F. D. Waterman, Summit, New Jersey, a prominent American engineer and an Alpinist of distinction, and W. McHardy Forman, London, England, member of the Alpine Club.

Deputy Minister of Lands, G. R. NADEN, Lands Department, Victoria, B. C., 29th June, 1926.

#### WATER NOTICE

NOTICE IS HEREBY GIVEN that Standard Mines Corporation, whose address is 626 Peelers St., Vancouver, B. C., holds a license to take and use 2,000 inches' per day of water out of Third North Fork of McBride Creek, which flows eastwardly down into Dease River about sixty miles north of Hazelton.

The water will be diverted from the stream at a point about two miles up Third North Fork from its mouth and will be used for mining purposes upon a hydraulic placer lease of McBride Creek.

This notice was posted on the ground on the 18th day of June, 1926.

Objection to the application may be made to the said Water Recorder or to the Watermaster of Water Board, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

The date of the first publication of this notice is July 15, 1926.

STANDARD MINES CORPORATION, Applicant  
By B. J. O'REILLY, Agent.
