ATHABASCA ELECTION FRAUD CONVICTIONS

SCHEME TO PLACE NORWEGIAN SETTLERS IN VALLEYS OF INTERIOR B.C.

Two Years Hard Labor Fraudulent Practices Athabasca Election

Deputy returning officers severely punished for initialing ballots and putting wrong papers in boxes

EDMONTON, March 27.—Found guilty of fraudulent practices in connection with the federal election in Athabasca riding last October, sentence of two years hard labor in Prince Albert penitentiary was passed by Mr. Justice Ives yesterday on J. O. Billos, deputy returning officer for Venice poll and H. M. Jenner, deputy for Frog Lake poll.

Billos was charged with putting ballot papers other than those authorized in the ballot boxes and with initialing the backs of ballot papers.

On Wednesday Jenner was found guilty of initialing the backs of ballots but not guilty of stuffing a ballot box.

CONVICTION AGAINST CAPT. PETER RORVIK QUASHED IN VANCOUVER

Mr. Justice D. A. McDonald, in the Supreme Court at Vancouver this week, quashed a conviction and fine of \$150 that was imposed on Capt. Peter Rorvik for fishing last year during the weekly close season. The reason for the reversal of the finding was the failure of Magistrate L. L. Barge, before whom the case was heard at Queen Charlotte City, to swear a crown witness and reduce the evidence to writing. The prosecution against Capt. Rorvik was brought through the Royal Canadian Air Force.

The robbery was a daring one. Five employees of the bank and one customer were forced to lie on the floor in the teller's cage while the robber scooped up the loot.

Stringent Precautions Taken at Ketchikan to Prevent Spread of Smallpox to Alaska from Seattle

KETCHIKAN, March 27.—Health commissioner Devigne yesterday ordered that no passengers not vaccinated within the past ten years be allowed to embark at Seattle for Alaska owing to the prevalence of smallpox at the Puget Sound port.

The danger of the spread of the dread disease in a new settlement especially among natives is so great that it was decided to take no risks. Accordingly the passengers on the steamer Queen were detained until they had been examined by the health officer and nine out of the 26 passengers bound for this port were forbidden to land unless vaccinated before night and none of the through passengers were allowed to come ashore.

Scheme to Place Settlers in Northern Interior from Norway to be Discussed by Government

VANCOUVER, March 27.—W. D. Robb, vice-president of the Canadian National Railways in charge of colonization and Dr. Black, director of colonization, will discuss with members of the provincial government at Victoria on Monday plans for settling land along the railway line in central B.C. from Prince George westward. Arrangements are now under way for placing in this district small groups of Norwegians who are familiar with farming in a wooded country and who have the necessary capital to make a start.

There is a great stretch of land which has already attracted many fine agricultural land bordering on the Canadian National line holds out prospects of great development in the near future.

Labor Minister Was In Luck.

Hon. J. G. Elliott was in luck last Monday when on the eve of an election he was able to prove himself a hero. By the simple little act of saving a few lives during a hotel fire, he probably added a few hundreds if not thousands to his vote. Just how many people he led or carried out of the hotel when it would have been fatal to remain and when they were unable to help themselves is not clearly stated. One headline in a prairie newspaper said ten. No matter what the number, he is a hero and as such should be elected to the House of Commons. We want a few heroes in the government for, judging by what their opponents say, ministers are anything but that generally.

Graham Appointment Should Prove Popular.

When it was announced that Hon. George P. Graham was to give up his position as minister of railways, there was a general feeling of regret both on the part of friends and opponents. It was not at that time known just what work was cut out for him. Mackenzie King was accused by some of knifing his friend, the word "treacherous" and "base" being used with some effect in castigating him.

When the importance of the new position is considered and when it is realized how desirable it is that there should be a wise head directing the activities of the board, it will be realized that the change is perhaps for the best.

Canadian Prosperity Shown By Exports.

The prosperity of a country is usually indicated by the amount of export business she does. Just now Canada is exporting grain, lumber, fish and minerals and also a few manufactured articles. The result is that money flows in from abroad and we are prosperous. The exports exceed the imports. Once the condition is reversed and depression sets in. As a nation we cannot afford to be idle. We must all work in order to add to the general prosperity.

Nearly Three Million Pounds Of Halibut.

About three million pounds of halibut has been landed here so far this year in spite of a spell of bad weather that has made fishing difficult. Most of the fish has been shipped to United States points over the G.N.R.

Salmon fishing is just beginning and it is likely that the landings here will be larger from this time on. All this will help to make things busy around town.

Personality Is A Great Asset.

Personality is a great asset in this life. Many people are born with it and others develop it. Millions never have any. They are just members of the common herd without any distinguishing characteristics.

The best way for a young man to develop personality is to learn to do things. The person who does things and does them well acquires power in the doing. The person who specializes, learning to do just one thing better than his fellows acquires peculiar power along those lines and develops an unusual personality.

The lad who spends his time smoking cigarettes on the corner, hanging around the amusement places or giving the bulk of his time to parties and other social engagements develops none of the personality which distinguishes him as a man who does things. He is liable to become a drifter, joining the thousands of men and women who are of no particular account but who live and pass away unheard of except by their immediate neighbors.

WAR VETERANS HOLD SMOKER

Enjoyable and Well Attended At
Fair in Parlors Last
Evening

An enjoyable and well attended smoking concert was held last evening in the parlors of the Great War Veterans' Association. President J. F. Hutchinson occupied the chair and there was a good program of music, speeches, etc. Refreshments were served in abundance.

Among those contributing to the program were J. Harris, Dock Campbell (Anyox); Bob James, H. Astoria, F. Fortune, F. Piper, George Davis and D. C. Crawford with vocal solos; United States Consul E. A. Wakefield and Mayor S. M. Newton with addresses; Chief Petty Officer G. H. Kench, R.C.N.V.R. with exhibition of club and sword swinging; and the St. Andrew's pipe band consisting of J. McIndewar, J. Sturgeon, W. R. Stewart, R. McKay, S. Currie and Alex Bruce. There was also community singing with Sid Thomson acting as accompanist for the evening.

The affair was arranged by the Association's entertainment committee consisting of G. L. Youngman, Sgt. Jebson and Tom MacKenzie.

PLEASANT SURPRISE FOR MRS. SWANSON

Daughters and Maids of England and Sons of England Invade Her Home For Farewell

A pleasant surprise was given Mrs. Simon A. Swanson last night on the eve of her leaving for a holiday. Members of the Daughters and Maids of England and Sons of England dropped in unannounced and caught her packing up for the long trip to St. Paul where she is to spend a short holiday. She was greatly surprised but welcomed the guests who at once proceeded to make themselves at home. Cards were produced and first prizes were won by Mrs. George Leek and Mrs. Brewerton, with consolation prizes going to Mr. and Mrs. Joe Howe.

Following the cards, refreshments brought by the visitors were served and vocal and instrumental music followed, the party breaking up between one and two o'clock with the singing of Old Lang Syne and farewells to Mrs. Swanson who leaves for the East on tonight's train.

SCHOONER CHIEF SKUGAID ARRESTED

Approximately \$10,000 in Debt is Claimed From Vessel Which Formerly Operated Here

The auxiliary schooner Chief Skugaid, formerly owned locally and for the past few years engaged in liquor carrying from Vancouver to Mexico, has been arrested by the sheriff at Vancouver for debt. Approximately \$10,000 is claimed by the plaintiffs from the vessel.

In one writ, Captain Frederick Brown, master mariner; M. Macgillivray, mate; J. M. Arnison, chief engineer; Peter Kavenagh, second engineer; Geo. Andrew Spencer, steward, and Ernest Thompson, seaman, claim aggregate of \$9000 for wages and disbursements.

Crane Shipyards Company Ltd., in another writ, claim \$600 from the Chief Skugaid for repairs and equipment; and Sankey & White, importers, claim, in a third writ, \$150 for lubricating oil supplied to the schooner.

WRANGELL NARROWS TO BE DREDGED THIS YEAR BY U.S. GOVERNMENT

The United States government is to undertake the dredging of Wrangell Narrows this season according to word that has been received from the south. The sand will be removed with a sea going dredge and a pile driver equipped with a high power pump will be employed to determine the sand depth and exact channel. Pending the becoming available of the government appropriation on May 1, the Alaska Steamship Co. has advanced \$12,000 so that the work may start on April 15. Dredging is expected to begin at Petersburg bar

She Couldn't Sleep Heart Was So Bad

Mrs. J. D. McClinton, Charlottetown, P.E.I., writes: "About a year ago I was greatly troubled with my heart.

and the work should be finished by August 1. The ever increasing use of this narrow passage by coasting vessels has made it necessary to carry out improvements to the channel.

THE MAN IN THE MOON

says:

There are a lot of foolish young women in this city. Jake says he thinks there are nearly as many as there are foolish men.

The girls are sometimes silly. As any goose in the lot. But they cannot equal Billy. For acting and talking rot.

One of the things that won't get you anywhere at this time of year is praying for rain. You'll get it without praying.

At this time of year they catch halibut, in the summer the anglers will catch trout and the trollers get salmon, but there are a lot of queer fish around here that never seem to get hooked.

There's hope for some of us. Next Thursday is the feast of All Fools.

"Didn't it hurt?" inquired the young daughter when she heard her fond parent speak of "hitting the ties."

It may or may not be true that cigarettes spoil the complexion, but it is true that if complexions were all perfect the drug stores would have to go out of business.

Why worry over complexions? My girl friend says to me— "Why worry, when a new one At Orme's I can get," said she.

BRINGING UP FATHER

TERRACE MAN DIES ESSONDALE HOSPITAL

Walter Bell Was Well Known In Interior as Miner and Worker at Mill

TERRACE, March 27.—Dan Mason of Copper City received word on Thursday of the death at Essondale, B.C., on March 2 of his partner, Walter Bell, a well-known and very popular old-timer of this district. The children of the town for whom he showed a great fondness, will regret to hear of his death quite as much as his many older friends.

The late Mr. Bell was born in the St. Clair Lake district, Ont., about fifty-eight years ago, but came to Northern B.C. about 1909 and since that time has spent his summers prospecting on Thornhill Mountain, where he owned several mining claims. His winters were usually spent in Terrace where he drove a team at Little's mill.

On returning from the hills a year ago last fall he was found to have become mentally unbalanced and was taken to Essondale Infirmary in which institution he died.

TELKWA

People are getting their gardens into shape. But, on account of the cold frosty nights, there is not much growth yet.

Mr. G. Slater and his two little girls left on the delayed train on Thursday for Hanna, Alberta, where he intends to settle.

Sid Elmer of the Eldora cigar firm spent Wednesday and Thursday in Telkwa, leaving for points east on the delayed train.

Mrs. Thos. McDonald spent several days during the week visiting her daughters, Mrs. Chapman and Mrs. Goodacre in Smithers.

A good deal of interest is being evinced in an effort to organize a local Sons of Canada lodge.

The Women's Auxiliary to the nursing home has a dance billed for Easter Monday. These monthly dances are proving very popular. They are for such a good cause.

For the purpose of raising money with which to purchase new books, the committee in charge of the local library held a card party on Wednesday night.

A third family under the supervision of the S.S.B. arrived this week and have taken over the Daly place.

After settling up his affairs in the district, Venard Conn left on Thursday for Senlac, Saskatchewan, where he intends to look around before deciding to settle definitely.

It is possible that the return basketball games between Smithers and the Round Lake and Woodmere teams will not take place until after Easter.

R. Parker who has been on the Farlow ranch at Timothy Hill disposed of his effects on Tuesday last and is leaving shortly for the prairie which climate he finds better for his health.

"Fruit-a-tives" drive. Rheumatism for 10 years and have tried many so-called remedies, and several doctors have treated me with no success.

Fortunately, I was recommended to try "Fruit-a-tives" by a person interested in me, and after taking four boxes was greatly helped, and finally completely relieved, and am never without "Fruit-a-tives." — Eli J. Moineau, 2052 Park Avenue, Montreal, Que.

While driving in from holding service at the Woodmere school house on Sunday last, Rev. Mr. Gibson had occasion to do some quick work in clearing the road

of fallen trees which had come down during a short but terrible wind storm.

The younger element in town is very busy fishing. Several nice specimens of trout have been landed lately.

TERRACE NOTES

O. P. Brown of the Northern Development and Mining Co., operating on Thornhill mountain, arrived in town on Tuesday night and left for Prince Rupert on Wednesday morning's train.

T. D. Boneding and M. S. Duke Harris, mining men of New Hazelton, arrived in town on Wednesday morning and left later for Vanarsdol.

The members of the Anglican Church are making preparations for one of their public socials to be held in Progress Hall on Tuesday evening, April 6.

W. S. Anderson of Terrace who has been repairing government machinery in Smithers arrived home on Wednesday morning.

Mrs. J. McDougall, at one time interested in the Tourist Hotel here, returned to Terrace on Thursday on the delayed train.

G. A. Smith, Kalum Lake mining man, was in town on Thursday.

W. Jones, Vancouver, was a business visitor to Terrace on Thursday.

Jas. Burns of Amsbury spent several days in town during the week, returning home Friday morning.

Dan Mason returned on Thursday from a trip to Ketchikan.

Archie Carmichael of Copper City was in town on Tuesday and left on Wednesday morning for Prince Rupert.

CUP DEFENDED SUCCESSFULLY BY REGIMENT

High School Made Good Showing in Effort to Wrest Trophy from Present Holders

The Prince Rupert High School cadets made a good showing in their efforts last night to wrest the Heilbronner cup from the present holders, the First Northern B.C. Regiment, who successfully defended it last night against two teams, one from the High School and the other from the Royal Canadian Naval Volunteer Reserve.

The best score of the evening was made by W. Brass of the Regiment, winner of a spoon while George Bell of the Naval Volunteers, led the challengers in individual score with 93 out of a possible 100. The totals were as follows:

First B.C. Regiment 544

High School 407

Naval Volunteer Reserve 357

The cup is a perpetual challenge trophy donated last year by Max Heilbronner for the next team competing at the miniature ranges and was won at the first shoot by the Regiment which still retains it for another year as a result of last night's competition. The individual scores follow:

SPORT CHAT

Leading whist players of Canada and the United States will assemble in Toronto April 4-5 to compete for various championships and prizes at the 28th annual congress of the Canadian Whist League.

Prominent players from New York, Cleveland, Detroit, Springfield, Ill., and other whist centers across the border will meet a large number of Canadian exponents of the game. London, Hamilton, Woodstock, Ont., Brantford and other centers are sending representatives and the Toronto group promises to be well above the average. Secretary B. M. Woodward and the members of the executive are confidently expecting a very successful meeting.

The piece de resistance of the congress will be the tussle on Friday for the possession of the Goodall Challenge Trophy which carries with it the fours Championship of Canada, now in the possession of the four representing London last year—Messrs. John Connor, W. J. Ashplant, D. A. McDonald, and F. G. Fletcher. These four had quite a surprising win and are endeavoring to repeat on this occasion. The runners-up in this event will be rewarded with the Amsden Trophy and in each case commemoration gold medals will be given.

"Fruit-a-tives" is a natural medicine, made from intensified juices of apples, oranges, figs and prunes combined with tonics. 25c. and 50c. at all dealers.

WATERFRONT WHIFFS

Pleasure boat season opening--herring seining about over though run is still on---spring salmon not very plentiful yet

The buzz of spring activity has now extended to the premises of the Prince Rupert Rowing & Yacht Club where almost every pleasure boat is now undergoing some kind of work in preparation for the boating season which is now quite close at hand and, in the case of some, has already started. The old gridiron at the club has been replaced with a 40 foot five-bent grid which was built during the winter by John Murry. The improvement is appreciated by members of the club having a lot to do. It is hoped by the membership of the club that, before another season opens, the waterfront question may have been settled permitting the club to proceed with its clubhouse project.

A more general herring run is reported this week and during the past few days the fish have been seen in considerable numbers right in the harbor. After three or four weeks of intensive seining at Buffer Cove, where the run was centred this year, the local herring requirements seem now to have been about filled. The Millerd cannery has brought in 250 tons for dry salting purposes and the Canadian Fish & Cold Storage Co. has put up 300 tons for bait. The Bradbury & Velt and Gammon & Watt pounds at Butler Cove have both been filled, each holding about

300 tons, but the outfits are remaining there as long as the run holds out so as not to break into the pounds for present requirements until there are no fish to be caught outside.

Though there are a considerable number of trollers operating there, the run of spring salmon at Buffer Cove does not seem to be very strong yet. Bert Wearmouth is packing fish in regularly on the Narrows for local sale and some of the boats are making occasional runs in themselves. Prices have been so far very satisfactory for those who have been lucky enough to catch the fish, red sprats bringing over 20¢ per pound. At this rate, it does not require very many of the big beauties to make a good day's fishing. The movement of trollers to Langara and Hippo Islands will start next week.

Improvements that have just been made at the wharf of the Imperial Oil Co. brings that plant up to the standard of one of the most up-to-date and convenient service stations for marine customers on the coast. The feature of the new work has been the erection of a new loading shed at the end of the wharf from which diesel fuel, gasoline, distillate and lubricating oils may be distributed automatically to various parts of the wharf where as many as seven boats may be handled at one time. The improvements have been especially designed to give service to the users of diesel fuel, the demand for which has increased manifold during the past few

years. To increase the storage capacity for this fuel, one of the big tanks on the hill in which coal oil was formerly stored has been turned over to its use, two smaller tanks being put in for the coal oil. The old fuel shed is also still in use and the wharf has been fitted out with electric lights for night loading. A new float and stairs is to be put in on the inside of the wharf for the accommodation of pleasure boat customers. The company's old International truck, used for city deliveries, has been replaced by a new Leyland machine of English make and a garage is to be erected at the plant.

Bushby Fleet Busy

With the waterfront coming to life in great style these days, the Bushby towboat fleet was on the hop during the past week. N. M. McLean has finished one of the canneries floats for the Wallace Fisheries and it was towed by the M.T.3, Capt. Reg. Green, to Claxton on Thursday. Next week the second will be taken to the old Commerville Cannery which is to be operated as a camp this season in connection with the Mill Bay cannery. The M.T.3 also figured prominently in connection with the building of the floats and did some handy work in yanking the six foot logs for the floats out of the woods.

During the past week, the M.T.3 took a boom from Silver Creek to Georgetown and made a couple of trips to the mill lumber. On Thursday she brought in three scows behind her, one holding four carloads of lumber for Eastern shipment, another having fish boxes for the Booth Fisheries and the third carrying lumber for the local yards.

Handsome Jim Morrison is as busy as a bumble bee dividing his time between the Tide Rip and the Hanaco, scraping, painting, tarring, carpentering, sailorizing and engineering but not cooking. That is where Jim draws the line. He likes neither cooking nor working too hard but he has to work. He and Johnny Larson are certainly transforming the Hanaco.

The P.R.T. No. 1 handled the C.N.R. ear barge during the week between the Tucks Inlet plant and the ferry slip with a tank car of fish oil, the first that has been shipped since the plant resumed its season's operation recently.

The M.T.3 and P.R.T. started on Friday to shift all the logs from the Prince Rupert Spruce Mill to Georgetown, about a million feet all told. These logs are included in the deal whereby the Big Bay Lumber Co. comes into possession of the local property of the Prince Rupert Spruce Mill.

Nervous Strain of Modern Life

IFE was never lived at such high tension. There is a mania for speed, hurry and excitement. Nerve force is consumed at a tremendous rate and there is little time for recuperation.

But there is a limit to human strength. Sooner or later there comes the nervous breakdown.

There is usually plenty of warning of the approach of nervous exhaustion or collapse. You find you do not rest or sleep well. You are nervous and irritable. Little things annoy and worry you. You may have indigestion and headaches.

To get away from this condition you must have rest. You must help the nerves to get back health and vigor.

The most effective restorative of the nerves is Dr. Chase's Nerve Food. Many have been restored after months or years of the most serious forms of nervous trouble. But prevention is the wiser course. It is so easy to head off trouble by using this great restorative when the warning symptoms come.

You will feel younger and look younger and your friends will notice this and compliment you. Dr. Chase's Nerve Food, 60 cts. a box, all dealers or The Dr. A. W. Chase Medicine Co., Ltd., Toronto, 2, Canada.

class fish dropped from the level of 20c and 22c to 15c. Second class fish remained steady pretty well all week at 8c. A number of vessels, both American and Canadian, are reported to have sold during the past week at such points as Sitka and Seward instead of coming all the way here with catches that were broken on account of the bad weather.

Somewhat under average, halibut landings for the week totalled 567,430 pounds of which 181,500 pounds was from American vessels and 85,930 pounds from Canadian. This brings the total landings for the year to date to 2,975,680 pounds—2,401,200 pounds from American boats and 573,480 pounds from Canadian.

The arrivals for the past week (Saturday to Friday inclusive) were as follows:

American—Radio, 35,000 lbs.; Goney, 5,500; Virginia, 10,000; Hi Gill, 6,500; Valorous, 11,000; Columbia, 21,000; Onah, 5,000; Resolute, 30,000; Constitution, 17,000; Wilson, 13,000; Alton, 26,000; Pioneer, 32,000; Grayling, 9,000; Kanaga, 26,000; Scandia, 32,000; Panama, 15,000; Yakutat, 32,000; Trinity, 16,000; Chelsea, 24,000; Atlantic, 23,000; Republic, 30,000; Alutan, 38,000; Ivanhoe, 14,500.

Canadian—P. Dorreen, 11,500 pounds; Arrive, 900; Ternan, 7,000; Fisher, 8,000; Rose Spit, 12,000; Muirneag, 3,500; Yule, 1,500; Atlin, 6,000; Ringleader, 8,500; Arrive, 530; Cape Beale, 25,000; White Lily, 1,500.

gunwales, the Billy Boy was practically rebuilt during her winter's sojourn in Vancouver, in addition to this, the old 16 h.p. Sterling light duty motor was replaced with a 16 h.p. Enterprise. The popular O.P. will again spend the season here and expects to get in some trolling before starting in the fish packing game. The trip up the coast took about two weeks, running daily by day, and was made in the thick of the recent sloppy weather.

The pleasure boat Leila, belonging to Dr. William Sagers of Port Simpson, and the halibut schooner H. & R. Capt. Ted Shrubsall, were at the McLean Shores this week for cleaning and recaulking.

The big event happened at the G.T.P. wharf shed office this week. The old cat's daughter had her kittens on Thursday—five bouncing felines at that. Two of them looked like their mother and the other three didn't so they must look like their unknown father. The first thing that happened after they happened was for them to talk and everybody around the place has the meow blues now. If old Bill Goldbloom doesn't get hold of them and make genuine fox chokers out of them, there will be another supply of rat dispensers for the coastal vessels.

William Walls, of histionic fame, has taken unto himself the responsibilities and trials of a gas boat owner. Bill has acquired the 18 foot open pleasure boat "Irene" from William Sullivan of the Knox Hotel and for a season will labor over the 3 1/2 Grey engine with which that vessel is powered. It is to be hoped that Bill refrains from taking any of his lady friends on the water until he has become fully acquainted with said motor—otherwise, we fear, they might hear something that mightn't be good for their gentle acoustic senses."

Thor Johnson has sold his pleasure boat "Leinsh" to A. T. Eckoff who will commission the vessel in the fur trading business along the coast.

High Halibut Prices

Continued bad weather interfered with halibut landings at this port during the week. Around the beginning of the week, fares were light but those who did come in received good bids—in fact the highest that have been offered since the season opened. Toward the end of the week, however, the demand fell off and the price for first

The White Desert

A stirring story of the strong, of man pitted against the barriers of Nature. Two-fisted, red-blooded fighters in action; thundering avalanches of snow and ice; the desolation of a railroad construction camp; the tunnelling of the Rockies and a glorious romance. The beauties of the snow-land on top of the Continental Divide of Colorado brought to the screen. All should see the avalanche when the granite spires of the Death Trail crash downwards in an all-consuming rush of destruction, and the man versus woman fight on the edge of a precipice. Strong cast.
