GOVERNMENT'S PROPOSALS ARE APPROVED

SMITHERS MINING MEN LAY PLANS FOR ACTIVE PROGRAM DURING SEASON

Labor Legislation is Subject of Favorable Comment in Commons

Woodsworth and Heaps both welcome Old Age Pensions as step in right direction; Bourassa is heard

OTTAWA, Jan. 30.—Assurance by the Premier that legislation amending the Immigration Act, the Naturalization Act and the criminal code will be introduced during the present session has been given to J. S. Woodsworth, Labor member for Winnipeg, in a letter which he read in the House of Commons yesterday afternoon.

Other legislation of interest to Labor members will deal with the unemployed and the old age pensions has already been announced. Satisfaction with the government's old age pension bill was expressed by Messrs. Woodsworth and Heaps on the ground that it was the first step in the direction of federal participation in much needed relief.

GRAIN VESSELS BOUND OUTWARD

Number Have Loaded During Week at Vancouver and Take Quantity of Wheat

VANCOUVER, Jan. 30.—A number of grain vessels loaded here during the week and quantity of wheat leaves port. Vessels departing were:

- Canadian Highlander for Liverpool 37,900 bushels, for Avonmouth 9,333 bushels, for London 197,992 bushels.
- Chile for United Kingdom 397,993 bushels.
- Witram for London 93,333 bushels.
- Tiberton to St. Thomas for orders 271,696 bushels.
- Levenport to Golon for orders 275,581 bushels.
- Symonport to St. Thomas for orders 302,000 bushels.
- Kaikyu Maru for Yokohama 9,999 bushels.
- Choyo Maru for Yokohama 24,000 bushels.
- Kongosan Maru for Nagoya 17,500 bushels, for Moji 53,333 bushels.
- Taiyu Maru for Shanghai 259,641 bushels.
- Tokkoh Maru for Shanghai 195,225 bushels.
- Kinkasan Maru for Yokohama 318,353 bushels.
- Storviken for Shanghai 223,000 bushels.
- Manshu Maru for Shanghai 233,000 bushels.

PRAIRIE BANK WAS ROBBED

Two Bandits Got Away With \$1,000 From Commerce Branch at Nutana

SASKATOON, Jan. 30.—Armed with revolvers and wearing black masks, two bandits entered the Nutana branch of the Canadian Bank of Commerce early yesterday afternoon, held up the clerk, Eric Campbell, rifled the till and secured about \$1,000.

VIC FOLEY EARNED CLOSE DECISION IN FIGHT WITH FARRELL

SACRAMENTO, Jan. 30.—Vic Foley of Vancouver, earned a close decision over Young Farrell of Los Angeles in ten rounds here last night.

BERRIES BLOOM IN MID-WINTER

It is becoming quite commonplace to report the blooming of roses and other flowers in Prince Rupert this winter. Something more unique, however, is the report by Frank Rice, B.C.L.S., to the effect that he found salmon berry bushes in full blossom this week on North Dundas Island, a few miles from the tip of the Alaskan pan handle.

GRAIN COMMITTEE BOARD OF TRADE

Appointment Made by President Hanson who Forwarded Names by Wireless

President Hanson of the board of trade was so pressed by work before leaving for the south Friday morning that he was unable to choose the grain committee which he was to appoint for the board. He made the selection during his trip south and Secretary Brookshank announces them today as follows: M. P. McCaffery, F. G. Dawson, C. H. Orme, G. W. Nickerson, M. M. Stephens, H. F. Pullen, and Olof Hanson.

NEW RECORD IN ALTITUDE

Lieut. Macready Rose 35,800 Feet at Dayton, Ohio, Yesterday

DAYTON, Ohio, Jan. 30.—In a specially equipped airplane Lieutenant John Macready yesterday reached an altitude of 35,800 feet, establishing a new American record. He attempted to break the world's altitude record but was forced to descend two hours after he took off because the supercharger failed to function.

Smithers Mining People Elect Officers and Make Plans for Activities During Coming Year

SMITHERS, Jan. 30.—The newly organized Omineca branch of the British Columbia Chamber of Mines, held its first annual general meeting in the municipal office on Wednesday evening and if the meeting can be taken as a criterion of future activities, the great mineral resources of the district are on the eve of a new era of enterprise and a campaign of publicity that should bring this section of the province to the fore.

The president pro tem, L. S. McGill, occupied the chair and in his opening remarks gave an interesting account of the activities that he and A. C. Garde had had with the president and secretary of the B.C. Chamber of Mines regarding the affiliation of this branch with the main body and of the various arrangements made to boost the opportunities of the district.

Officers Elected
Officers were elected as follows:

Hon. president—Hon. W. M. Sloan.
Hon. vice-president—J. F. Duthie.

President—L. S. McGill.
Vice-president—James A. Macdonald.

Sec.-treasurer—H. C. Liffon.
Directors—John R. Turner, C. B. North, Peter Schuifer, Patrick J. Higgins, James Wright, Alex. S. Millar, George W. Smith, W. J. Carr and F. Chettleburgh.

Representative on B.C. board—Alfred Garde.

Future Activities
In making plans for their future work the meeting decided to start a number of activities without delay, some of these being the taking of a census of all mining properties of the district on the regular Chamber of Mines form for this purpose and having the data on file in Vancouver and other places; a series of instructive lectures by prominent geologists and mineralogists; addresses on the mining industry by the minister of mines and others; a re-selection of ore samples for exhibit and making collections to place on display at important mining centres, and for the B.C. Museum, Victoria, and the Chamber of Mines travelling exhibit; the establishment of a reference library of mining reports respecting the this district for the use of local and visiting interested parties.

An endeavor is also to be made to have the Department of Mines at Ottawa place in Smithers a set

of graded and analyzed samples of ore for study and instruction for the prospector and miner.

BIG FLIGHT BEGAN THIS MORNING OF SPANISH AVIATORS

PORTO PRAYA, Cape Verde Islands, Jan. 30.—The Spanish aviators left here this morning for Pernambuco, Brazil, a distance of 1760 miles. They are due to arrive on the South American continent late this afternoon.

ENGLISH CUP FOURTH ROUND

LONDON, Jan. 30.—Results of the fourth round of the English Football Association Cup series are as follows:

- Swansea 6, Stoke 3.
- Cardiff 0, Newcastle 2.
- Fulham 3, Liverpool 1.
- Notts County 2, New Brighton 0.
- Tottenham 2, Manchester U. 2.
- Notts Forest 2, Swindon 0.
- South Shields 2, Birmingham 1.
- Arsenal 3, Blackburn 1.
- West Bromwich 1, Aston Villa 2.
- Sheffield U. 1, Sunderland 2.
- Bournemouth 2, Bolton 2.
- Southend 1, Derby 1.
- Clapton Orient 1, Middlesboro 2.
- Bury 3, Millwall 3.
- Crystal Palace 2, Chelsea 1.
- Manchester City 1, Huddersfield 0.

NOVELIST DIES

LONDON, Jan. 30.—W. L. George, the novelist, died here last night.

Prince John Arrives Today in Tow of Cape Scott to Repair and Overhaul at Drydock

With shaft severed and propeller gone, C.N.R. steamer Prince John, Capt. Neil McLean, arrived safely in port this morning in tow of the Hecate Straits Towing Co.'s tug Cape Scott following the accident at Queen Charlotte City last Tuesday morning, which fortunately results in nothing more than a temporary disruption of the company's services whereas, if it had not occurred in the manner and place it did, disastrous results might well have ensued.

It was when the Prince John had her engines astern while Capt. McLean was making the landing at Queen Charlotte City that the shaft broke clean and the propeller dropped off. The vessel was alongside the wharf so it was not a particularly difficult matter to get her tied up. Had the vessel broken down in Hecate Straits or at some point off shore, it can only be imagined what might have happened, especially in view of the gale on Wednesday which might have prevented assistance being given had their been such at hand.

As it was, while the John was tied up at Queen Charlotte City awaiting her tow, a furious gale came up on Wednesday which threatened to break her away from her moorings against which emergency the anchor was lowered.

Fast Time with Tow
Yesterday afternoon the Cape Scott arrived on the scene at Queen Charlotte City and at 5.39 left there with the John in tow. The passage across the straits during the night was a very smooth one and the 105 miles distance was covered in the very creditable time of sixteen hours.

The Prince John, on arrival here, was tied up at the Grand Trunk wharf but was later taken up to the dry dock where she will undergo repairs, including the installation of a new shaft and propeller. At the same time it has been decided to give the vessel her annual overhaul and she will remain here at least a month. The Prince Charles will take over the run, leaving here this afternoon for Skidegate and points south with Captain McLean and the crew of the John transferred to her.

The Prince John left all her passengers and freight at Queen Charlotte City to be picked up there by the Prince Charles and taken on south.

On Tuesday the tug Cape Scott, which had just arrived at Ocean Falls with the coal-laden barge Drumrock in tow, was notified to proceed to the Prince John's assistance. On first putting out from Beaver Pass, the Cape Scott, on account of the storm in Hecate Straits, was forced to go back by way of Principe Channel. On Wednesday another attempt was made to go across and when 32 miles out the vessel had to put back again to Beaver Pass where she remained in shelter for several hours. Finally the tug left Beaver Pass at 7.15 yesterday morning, reached Queen Charlotte City at 4.15, picking up the crippled steamer and delivering her safely here.

Capt. Hanson is the master of the Cape Scott which will leave this evening for Ocean Falls to pick up the Drumrock again and take her to Nanaimo.

ANOTHER EXPLOSION IN U.S. COAL MINE

TRINIDAD, Colorado, Jan. 30.—Three men were killed and four burned seriously and at least 25 of the 33 survivors more or less scorched in an explosion at the coal mine near Berwind today.

COMMONS EXPECTS TO ADJOURN TO MARCH 15

OTTAWA, Jan. 30.—Adjournment of the House of Commons until March 15 is to be asked by the government at the conclusion of the debate on the address, according to a motion placed on the order paper by Hon. Ernest Lapointe.

HEAVY RAINFALL IN NEIGHBORING CITY

Word received from Ketchikan says that for the first 27 days of January 27 inches of rain had fallen, an average of an inch a day. On January 7, 3.92 inches of rain fell.

PACIFIC STORM BEATS RECORD

Was Worst he Has Known on Pacific, Says Captain of Empress of Asia

SWEPT FROM DECKS

"It was one of the worst storms I have ever experienced on the trans-pacific service," said Captain L. D. Douglas of the liner Empress of Asia, which docked yesterday from the Orient, three days late. The vessel was delayed the last two days by gales and earlier in the voyage by a collision with a Chinese coasting vessel, which she rammed shortly after leaving Shanghai. Ten Chinese perished in the accident, which forced the Empress to halt for minor repairs.

Leona Parks, a member of the Philadelphia basketball team which recently toured Japan, was lost when she was swept overboard by a huge wave in mid-ocean.

LIQUOR CASE OPENS MONDAY

Everything in Readiness to Proceed With Charges Against Consolidated Exporters

The charges under the Government Liquor Act against the Consolidated Exporters Corporation will be proceeded with in the city police court before Magistrate McLymont on Monday morning it was definitely announced this morning by L. W. Patmore, crown prosecutor, when the cases came up for their final remand. The Liquor Board operators who gathered the evidence several weeks ago are in the city again and everything is in readiness to go ahead. Charges in addition to the present nine will be laid.

DAILY EDITION

Saturday, January 30, 1926.

Cow Bay Question And The Aldermen.

Alderman Stephens is such a capable official and does so much good work for the city, that it is with diffidence we take issue with him in connection with this Cow Bay question. However, it seems necessary to deal briefly with his letter of yesterday.

It is admitted that the Cow Bay question has been before the city for the past fourteen years and it is likely to be another fourteen if the matter is dealt with in the terms of the first resolution offered by Mr. Stephens at the last council meeting. If Prince Rupert is not interested in carrying on negotiations, there is no reason why any other place should wish to worry over it.

The fishermen have been asking for improved facilities. It is the duty of the Dominion government to provide this, but the land can only be secured by coming to terms with the provincial government. The terms of the provincial government are the settlement of the riparian rights in Cow Bay so that the railway and industrial sites question may be settled. So it comes in circles and there it is likely to move unless the city moves off its high horse and takes a little interest in the matter. The fishermen are the sufferers from the neglect. Nobody else worries.

Question Of Reporting Long Drawn Out Meetings.

Mr. Stephens accuses the Daily News of failing to report the meeting of the council correctly. The difficulty was that the discussion continued in an informal way for well over an hour and the report had to be boiled down to a column and a half.

It is not the custom of the local newspapers to emphasize anything that will tend to injure the city, hence the reference to local finances was left out. As the proposal of the mayor for the city to build the waterfront improvements was not considered seriously by anyone except himself apparently. It was not necessary in the argument. Mr. Stephens might have continued to recount things that were said for another column or two and still at the end of each paragraph have added, "Did you report that?" We did not. If a lot of the things said at council meetings were reported the aldermen and the mayor would often appear very foolish. The reporter necessarily has to use a great deal of discretion.

We are with Alderman Stephens in all well-considered efforts to improve the city. We have backed him often and he must learn to take a little criticism as well as praise. We hope to back him again a great many times during the coming year for he is the most forceful factor in the council and has a great opportunity to do useful work.

Proposal To Let Work By Contract.

Some criticism has been levelled at the provincial government in connection with the construction of the road to Gallo-way Rapids. Already the province has spent more on their part of the road than the city has on theirs, and the cost of completing it is likely to be heavy. The result is that the government has been recommended to let the work by contract. It is claimed that better results could be secured in that way. The heaviest part of the rock work and filling is now completed and the rest of the construction is much better. As soon as the money can be appropriated, it is understood the work will recommence in the spring, but whether as before or by contract is not yet known. The best possible results, people here are asking, and whichever plan will give that, is the one the government should follow.

ROCHESTER IS NEW CHAIRMAN

School Board Had Its First Meeting of Year Yesterday Afternoon

H. B. Rochester was elected chairman of the school board for 1926 at the initial meeting of the new board which was held yesterday afternoon in the city council chamber.

Mr. Rochester's nomination was moved by Trustee S. D. Johnstone who referred to the ability that had been demonstrated by Mr. Rochester as a trustee last year particularly in connection with the repairing of the Booth School for which he had not been given full credit.

The nomination was seconded by Trustee W. O. Fullon who moved that the selection be unanimous. The question was put by Secretary J. L. Christie and carried with applause, Mr. Rochester thereupon taking the chair.

Mr. Rochester expressed appreciation for the honor that had been conferred upon and stated that he hoped the efforts of the board during the year would be profitable and harmonious. He urged the members to speak their minds freely at all times but do so briefly, avoiding haranguing and useless discussions. Mr. Rochester also welcomed the two new members of the board—G. A. Bryant and Thomas McMeekin. Mr. Bryant said the work would be new to him but he intended to do his best.

The trustees decided to pay a visit of inspection to all the schools on Tuesday morning preparatory to drafting the estimates at the first meeting on Tuesday.

The board decided to call for tenders for a carload of coal for the Borden Street School, bids to be in by Monday evening.

The playshed at Borden Street school was briefly mentioned and will be further gone into when the board visits that school. There is a question as to what style of roof will be put on. A regular pitch roof is provided for in the plans but, so as not to obstruct the view of houses on Borden Street, it has been suggested that there be a flat sloping roof instead.

In The Letter Box

PROTECTIONIST PROPAGANDA

Anyox, B.C., Jan. 28, Editor, Daily News.

I enclose an answer to the protectionist propaganda "The Canadian tariff should be raised to the level of that of the United States," which was the cause of stampeding the ballot-wielder into the ranks of the protectionists, and which will be made use of again unless the farce is exposed.

It is about time that protection under present conditions, which is the greatest swindle of the age, should be exposed. A little study will show that a tariff whether applied to imported tea, wheat, shoes or anything else is a tax and a tax alone, and is not protective in character and that there is no such a thing as a protective tariff. That free trade flourishes under a high tax on imports (tariff) as witness the case of automobiles, with a 35 per cent ad valorem duty and nothing to hinder the entrance of foreign made cars, when the users pay the full tax which they do in such cases.

Protection of the markets is possible only by underselling the imported articles, which is not being done, and which leaves the tariff as an enforced subsidy only.

D. J. SULLIVAN.
 (The article will be published next week. Ed.)

LIBERALS ARE ALL CONFIDENT

Expressions of Opinion Given by Several Members at Meeting Last Night

At the annual meeting of the Prince Rupert Liberal Association held in the Metropole Hall last night, there was a general note of optimism over the success of the party in the past and the prospects for the future. The new president, W. J. Greer, spoke of the handsome majority they had given the sitting member, Fred Stork at the past election and congratulated the members on their good work in a cause which they all had at heart, the triumph of democratic government.

L. W. Patmore, one of the new vice-presidents and a past president of the association, said the opinion was now prevalent that there would be no election for some time to come. He thought the Progressives intended to support the Liberals and help them to carry on for awhile at any rate. While he deplored the small majority with a small group controlling, another election might make no change and he did not think the Premier would be justified in asking for another election just now. The voice of the people had been heard and they had demanded group government. He thought it would be a good thing if they could carry on for a year or two and then, when dissolution took place, he felt confident they would be returned once more.

Country Making Progress

Mr. Patmore made reference to the fact that under the Mackenzie King administration the country was making progress. An adverse trade balance had been turned into a favorable balance. Mr. Meighen had once remarked that the country would not be prosperous until the balance was in Canada's favor to the amount of \$300,000,000 a year. It was nearly that now and he prophesied that under the present administration that figure would soon be reached. The people throughout the country would feel the good effect of it.

The speaker said he thought the cry of higher tariff was only a catch cry for purposes of election, because Hansard recorded a speech of Mr. Meighen's only so far back as 1921 in which he said "Canada can never have a high tariff policy." The reasons given were that the country was so diversified. While the east wanted high tariff the west would not stand for it.

Free and Untrammelled

Mr. Meighen also said at that time that Canada being a producing country, should be free to trade untrammelled by high tariffs. Mr. Meighen had not really changed his mind but just changed his tune.

J. G. Steen spoke of the need of keeping the organization compact and the members posted on political subjects.

Daye Thompson thought the allowing of Premier King to be elected by acclamation indicated that parliament would not go to the country just now. He agreed it was wise to keep posted on political affairs.

Other speakers were Jack Lindsay, J. Johnstone, Jack Judge and Paddy Sullivan.

CHILDREN'S BALL PRETTY AFFAIR

One Hundred Boys and Girls Attended Event in I.O.D.E. Hall Last Evening

Some 100 boys and girls attended the annual children's ball of Queen Mary Chapter, Imperial Order Daughters of the Empire, which was held last evening in the hall on Fifth Avenue. From 7 until 12 o'clock the youngsters enjoyed dancing to the strains of music furnished by Mrs. R. P. Ponder and R. Arthur Jr. With many daintily dressed little girls on the floor, a very pretty scene was presented. Features of the evening were two solo dances—the Sword Dance by little Miss Elizabeth McLeod and the Nodding Tulip Dance by Miss Bilda Wilson Murray. At 10 o'clock, dainty refreshments were served to the delight of all.

The committee in charge of the event consisted of Mrs. Robert Blance (convener), Mrs. S. Darton, Mrs. W. H. Wilson Mur-

ray, Mrs. W. Brass and Mrs. J. G. Steen. A. T. Parkin was master of ceremonies and W. H. Wilson Murray and Robert Blance presided at the door.

LOCAL SHOE MAN MAKES SPECIAL STUDY OF FEET

Friends of Sam Jabour, of Jabour Bros. Ltd. will be glad to learn that he has just completed a course of study in the American School of Podiatry, Chicago. This course is one that has to do with scientific shoe fitting and the elimination of foot and shoe troubles through the application of appliances invented by Dr. Wm. M. Scholl, the well known authority on the feet.

According to Mr. Jabour, many people have gone along for years suffering untold distress with fallen arches, weak ankles, cramped toes, corns, callouses and bunions, etc., not knowing relief was a very simple matter.

He says that he is prepared to show anybody who has foot trouble that this is so. By eliminating these foot troubles, he also declares, neat, stylish shoes can be worn with perfect comfort. Through this special training Mr. Jabour has discovered that most shoe troubles can be traced directly to foot troubles. In the majority of cases of where shoes break down and wear out sooner than they should, it is not the fault of the shoes, but to weak and broken down arches, weak ankles or some abnormal foot condition. When the foot trouble is corrected through the use of the proper Dr. Scholl Appliance, shoes will give much more satisfactory service.

Children's Colds

Are best treated externally. Check them overnight without "sooting" by rubbing Vicks over throat and chest at bedtime. VICKS VAPORUB

MR. JOLICOEUR TELLS HIS EXPERIENCE

Strongly Recommends "Fruit-a-tives" For Kidney Trouble

MR. JOLICOEUR

For years, Mr. Jolicoeur suffered with kidney trouble, headaches, backache, and the heavy, miserable feeling which usually accompanies any weakness or irritation in the kidneys. He tried "Fruit-a-tives" and, in telling the result, his letter says, "After having followed the "Fruit-a-tives" treatment, I have gained thirty-three pounds and I have been well ever since. I am pleased to recommend "Fruit-a-tives" to all those who suffer from Kidney Disease." J. M. Jolicoeur, 318 2nd Ave., Quebec.

"Fruit-a-tives" is one of the wonder discoveries of modern medicine. Made from fresh, ripe oranges, apples, figs and prunes, it acts directly on the kidneys as well as on the liver, bowels and skin. It can be depended upon to relieve kidney trouble and pain in the back. Sold everywhere, 25c. and 50c. a box.

WATERFRONT WHIFFS

Preparing for reopening of halibut season—waterfront is active again—Hanaco sold—Valorous changes registry

Preparations are now fully under way all along the waterfront for the reopening of the halibut season on February 15. Work is proceeding apace on the repairing and testing out the boats after the inactivity of the past two months and the various ways are now getting pretty well booked up for the next fortnight. Machine shops report the number of orders for the halibut fleet on the increase and the wise fishermen, who desire to have their boats ready by the middle of February, will at once speak for the services of the various mechanical wizards if they have any work of this nature to be done.

Both the fishermen and the fish buyers have apparently profited from the lesson of last year when a few days after the season opened there was a glut of halibut on the local market. While the fishermen to a certain extent will probably attempt to prevent the "bunching" of landings which caused prices to take a slump in the spring of 1925, the buyers, on the other hand, will not be so eager to pay high prices for the first day or so's catches only to find that immediately thereafter there will be so much fish offering that it could be bought at any price.

The halibut schooners will be permitted by the customs to clear for the halibut banks within a reasonable time of the opening of the season with the written understanding that no fish will be caught before February 15. American boats that have been spending the winter here and possibly some Canadians will move up next week to Alaska ports so as to be nearer the banks as the season approaches.

The well known boat Hanaco has been sold by Freehour & Jorgensen to Joseph S. Rogers, sales manager of the Rupert Marine Products Co., Ltd.

LAND ACT. Notice of Intention to Apply to Lease Land.

In Prince Rupert Land Recording District of Prince Rupert and situated on north shore of Shannon Bay, Queen Charlotte Islands, B.C. TAKE NOTICE that James Fielding Strang and Robert C. Gosse, of Vancouver, B.C., occupation claimants, intend to apply for a lease of the following described portions at Shannon Bay, Queen Charlotte Islands:— Commencing at a post planted on the shore of Shannon Bay about 200 feet in a southerly direction from south-west corner of Lot 1548, said post being northeast corner of an application to purchase by Jas. Fielding Strang; thence southwesterly following high water mark of Shannon Bay about 700 feet to a post 960 feet south and 767 feet west of south-west corner of Lot 1548; thence west 128.5 feet to the high water mark of an island being an application to lease by Robert C. Gosse; thence northerly, easterly and southwesterly following the high water mark of said island to a point 969 feet south and 1153 feet west of south-west corner of Lot 1548; thence north 230 feet, more or less; thence east 956 feet, more or less, to the point of commencement, and containing 8 acres, more or less.

ROBT. C. GOSSE and JAS. FIELDING STRANG, Applicants. Per Wm. G. Mitchell, Agent. Dated November 10th, 1925.

"GOVERNMENT LIQUOR ACT" NOTICE OF APPLICATION FOR BEER LICENCE.

NOTICE IS HEREBY GIVEN that on the 2nd day of February next the undersigned intend to apply to the Liquor Control Board for a licence in respect to premises being part of the building known as "Commercial Hotel" situated at the corner of First Avenue and Fifth Street, City of Prince Rupert, upon the lands described as Lots 13 and 14, Block 9, Section 1, Map 923, Prince Rupert Land Registration District, in the Province of British Columbia, for the sale of beer by the glass or by the open bottle for consumption on the premises.

Dated this fifth day of January, 1926. DONALD ANDREW McLEOD, HARRY J. WOOD, Applicants.

LAND ACT. Notice of Intention to Apply For Lease of Land.

In the Prince Rupert Land Recording District and situated on Whitesand Island near Dundas Island, Blue Print R.M. 14. TAKE NOTICE that Joseph Stinson Rogers of Prince Rupert, B.C., Secretary, intends to apply for a lease of the following described lands:— Commencing at a post on the shore on the East side of the above described islet, thence 3,000 feet northwest; thence 3,000 feet northeast; thence 3,000 feet south; thence 3,000 feet west to the point of commencement, containing 200 acres, more or less.

HARRIS KERR, By his Agent, Joseph S. Rogers. Dated December 4th, 1925.

LAND ACT. Notice of Intention to Apply to Lease Land.

In the Prince Rupert Land Recording District and situated on Whitesand Island near Dundas Island, Blue Print R.M. 14. TAKE NOTICE that Joseph Stinson Rogers of Prince Rupert, B.C., Secretary, intends to apply for a lease of the following described lands:— Commencing at a post on the shore on the East side of the above described islet, thence 3,000 feet northwest; thence 3,000 feet northeast; thence 3,000 feet south; thence 3,000 feet west to the point of commencement, containing 200 acres, more or less.

Jorgensen to Joseph S. Rogers, sales manager of the Rupert Marine Products Co., Ltd. Definite plans for the Hanaco's future have not yet been made by Mr. Rogers but it is possible that she may be added to the Bushby fleet if business this season warrants. In that case, the Hanaco will return to her old love, the tow boat service, after several seasons in the halibut game. Capt. "Handsome" Jim Morrison is said to have wishful eye on her.

The halibut schooner Valorous, Capt. Ed. Winther, which has been changed from American to Canadian registry, will be one of the trimmest looking vessels of the Canadian fleet this season as a result of an extensive program of overhauling and remodeling that has just been finished on the vessel at the McLean ways. The Valorous, which has been for the past month at the McLean plant, has been practically rebuilt. The work included the putting on of a new pilot house and after deck as well as new planking. When she hits for the halibut banks next month, the Valorous will hardly be recognized by her old friends.

Charlie and Jim Coming

Charlie Starr and Jim Lee are now speeding homewards. When last heard from, Charlie was in Memphis, Tennessee, the home of the magic dice. Jim embarked today aboard the Carmania from Liverpool to Boston and weather reports from the Atlantic indicate that if he wasn't inoculated with a "mal-de-mer" preventative he should have been.

We don't like to be accused of the heinous crime of misreporting but that is just what "Shell" Darton, the fellow who helps the Canadian Fish & Cold Storage Co., show the difference between profit and loss, has gone and done. In other words, he indignantly declares that it was he and not Bob Blance, the company's mechanical wizard, who recently devised the startling invention of hosing down the chimney if the kitchen range is going too strong or the house threatens to go up in smoke when the sawmill next door burns down. It is to be regretted that "Shell" was not given credit at the outset for the brain wave. Bob is a smart fellow else he wouldn't be with the Canadian Fish & Cold Storage Co. but he is not necessarily the only inventor around the dump overs "Shell."

Bob Thomas, that quiet fellow around the Prince Rupert Boat House, got the opportunity last week-end of making a hero of himself and did he fall down on the job? We'll say he didn't. It all happened this way: About 6 a.m. on Sunday morning when Bob was just settling himself to sleep the clock round, a word yelp pierced the still air at that particular point. Bob was up like a shot in his night attire—shirt or pyjamas, we don't know which—and out to the rescue. It turned out that some overloaded and certainly misguided individual had mistaken the clear night air and the calm waters for the main highway and had, consequently, walked over the wharf. When Bob arrived on the scene, said individual was clinging to a dangling rope vociferously calling for help. Bob furnished the required help and getting his man on "terra firma," allowed him to start on his way home—a wetter and a soberer man. The only mistake Bob made was that he did not take down the stranger's name to enter in the log.

Work on Lella R.

The Lella R. returned this week to her headquarters at the Prince Rupert Boat House after having spent a fortnight at the dry dock where her appearance was considerably changed. She

now has a high teakwood pilot house about amidships and new decking has been put on both forward and aft. The engine from the Grier Starrett is now to be installed in her. What the Lella R's new name will be is still perplexing Capt. Swanson. He conceived a bright idea this week, however, namely to call the vessel Hollywood. The idea has a dual purpose—first, in honor of Prince Rupert's many pretty girls, and, second, to attract California big game hunters to use the vessel. Capt. caught the idea last year off a Californian who made the remark that he had seen so many lovely specimens of the gentler sex here that he thought he was back in the movie metropolis.

Capt. Pete Korvik is expected back any day now with the outfit of the N.M. & B. Fish Co., which has been spending the winter in the south.

The boys along the waterfront had the laugh on the landlubbers up town on Wednesday last. Pool rooms having posted the prediction that a record storm was coming that night in from the Pacific and newspapers having hinted as much, the expectation up town seemed to be pretty general that old Father Neptune was coming with all his fury. The weather prophets in the vicinity of Cow Bay, etc., did not take the thing so seriously, however, and they went to sleep that night anticipating just what happened if the storm line—namely, nothing. The far-heralded Pacific storm wasn't felt around this neck of the woods although out in Hecla Straits there was a pretty stiff blow on Thursday that forced a couple of lugboats and the launch Pachena into shelter around Banks Island for several hours.

The lighthouse tender Newington, Capt. Harry Ormiston, is due back from the north end of the Queen Charlotte Islands where the vessel has spent the most of the past week searching for the Rose Spit light which went adrift as well as paying a visit to Langara Light. The Newington is now scheduled for a visit to Cape St. James which she may or may not make before returning to port.

There were a number of Porecher Island visitors in town during the week including Olof Ouse of Jap Inlet who came in aboard the Tekla O., Capt. San Olsen, to get some parts and other articles for his halibut schooner Westerner which is being prepared for the opening of the season. Others from Jap Inlet making the trip on the Tekla O. were Jack Murray, Fred Collins and Fred Hayter. From the south end of Porecher Island was Oscar Olsen of Oona River getting his trawler overhauled. George Keyes of Welcome Harbor also called on his town friends during the week.

Moresby Chartered

J. Field has chartered the power boat Moresby for three months to Charles Raitt, hand logger, who will use the vessel on the Queen Charlotte Islands. If the latter likes the Moresby well enough he may take the notion to annex her permanently. The vessel is about 40 feet long, has a 30 h.p. Union engine and has been used as a seiner.

Joe Nault has been installing an anchor raising device on his troller Spot during the week.

To Build Fish Stations

N. M. McLean has received a contract from the Wallace Fisheries for the construction of two fish buying stations. The buildings, which will measure 60 by 30 feet, will be erected on floats and will be towed back and forwards to such locations as required. About 48,000 feet of lumber will be involved in the structures which are to be completed by April 1.

Rupert Marine Products powerboat P.R.T., Capt. Harris Kerr, made a trip to Georgetown on Thursday with supplies and Mr. and Mrs. Ira Reid, who had been visiting the city. The vessel returned with two scowloads of lumber—one for the elevator and the other for the local yard of the Big Bay Lumber Co.

The Big Bay Lumber Co's power boat Wylena May was in port on Wednesday taking on supplies for the Georgetown mill. C.P.R. steamer Princess Beatrice, Capt. Thomas Cliffe, unloaded 100 tons of cement at the Albert & McCaffery dock today.

Advertisement for Old Port Cut Plug tobacco. Features an illustration of a man smoking a pipe and a pack of tobacco. Text: 'Specially prepared for the pipe smoker who likes his Tobacco "Just a little stronger"'. Package 15c. 1/2 lb. Vacuum (Air-tight) Tin 85c. Manufactured by Imperial Tobacco Company of Canada Limited.

Thomson shops this week being put in readiness for operation as soon as the season opens.

Dr. H. L. Alexander is putting a new engine in his pleasure boat Mig at the Prince Rupert Rowing & Yacht Club.

Why the city fathers cannot settle the Cow Bay Question as far as they are concerned by simply taking the waterfront offered them by the provincial government and then turning it over to the federal government for the putting in of mosquito fleet facilities is puzzling at least a few of the people along the waterfront most interested. Confidence is expressed in a good many quarters that, once the federal government gets the waterfront suitable facilities will soon be forthcoming. The plans as submitted by Mr. Forde, the district engineer, on his recent visit here, seem to be quite acceptable. The trouble about the city fathers is that the more they talk about Cow Bay the less idea they seem to have about how the whole thing could be settled. Some people seem to think that the city ought to take advantage of the offer now made it before something happens and it is withdrawn. What rights the city really has in Cow Bay seems to be somewhat in doubt and it is even said that some of the august councilmen do not know themselves.

The SCENERY IS BEAUTIFUL ---but can you see it?

Like a fog that obscures the landscape, the steam from your wash-tub hides the beauty of life. Instead of pleasant hours of leisure, the wash-tub brings backaches and weariness—robs you of the zest for living. It is so easy to do away with such toilsome drudgery as washing and ironing. Let us take these tasks away from your home this week. Soft Finish Service will meet both your needs and your pocketbook. Just phone us today and tell us when to call for your bundle.

MANY ATTEND BURNS NIGHT

Interesting and Enjoyable Program put on in Presbyterian Church

About three hundred persons were present at the Presbyterian Church last night to fully enjoy a concert of Scottish character, with special reference to Robert Burns, which was held in aid of the church funds, the sum of about \$90 being realized.

The feature of the evening was the eloquent address by Rev. Dr. Charles J. Cameron on the life of Burns. Contributing to the program were also Principal J. G. Brady, who recited "Gode's Saturday Night," Mrs. F. P. Kenny, piano soloist, and Mrs. J. P. McMillan, Mrs. D. D. McTavish of Victoria, Mrs. C. E. Cullin, Mrs. William Millar, Mrs. R. A. Harlow, Mrs. H. C. Fraser, Mrs. Jarvis McLeod and A. Clapperton, vocal soloists. Mrs. Harlow and Mrs. Fraser were accompanists. Mrs. J. H. McLeod was in charge of the arrangements for the program and Thomas McElymount acted as chairman.

GREER HEAD OF LIBERAL ASSN.

Officers Elected at Annual General Meeting Last Night in Metropole Hall
At the annual meeting of the Prince Rupert Liberal Association in Metropole Hall last night, Alderman W. J. Greer was chosen president for the coming year. He was elected by acclamation, having been first vice-president last year.

Don't Neglect Your Feet

Something New

Dr. Scholl's Podo-graph
A photograph of your foot! A wonderful invention by Dr. Wm. M. Scholl, the noted foot authority. In a moment—without removing hosiery—we can make an exact impression of your feet, so clear and simple that you can see for yourself their true condition. It's a pleasure for us to render you this exceptional service absolutely free. Our Foot Comfort Expert will explain to you why you have foot trouble and the best method of quickly and permanently eliminating it. Come in without fail and test out this new Podo-graph service.

Do You Know?

- 1—THAT your feet are the most used and abused part of your anatomy?
- 2—THAT your feet are composed of 52 bones held by ligaments at their various articulations, and a breakdown of any of your four arches is caused by displacement of one or more of the 52 bones?
- 3—THAT corns, callouses and enlarged joints are not diseases, but only symptoms of an underlying cause principally, improper shoe fitting? Remove the cause and you remove the pain.
- 4—THAT your feet are constructed for the purpose of taking the weight of the body, carrying it and doing so comfortably. If there are pains, discomforts and fatigue, the foot is not normal and requires a scientific application of praetepedic treatment.
- 5—Do your feet tire? Do the soles of your feet burn? Have you weak ankles? If so, then yours is a weak foot and requires scientific attention.

Don't Guess

Know the true condition of your feet. With Dr. Scholl's Podo-graph we can instantly make, absolutely free of charge, without removing your hose, a photographic print that shows the exact condition of your foot. It is also a wonderful aid in fitting shoes so they will be absolutely comfortable. If you have any form of foot trouble—weak or broken-down arches, flat foot, corns, callouses, bunions, painful heels, weak ankles, etc.—be sure and see our Foot Comfort Expert. He can show you why you suffer and how to get quick and lasting relief. Don't wait. Come in today and have your feet Podo-graphed. This Service is absolutely free.

I have the pleasure of announcing to the public that I have just completed a course of study in the American School of Practipedics, Chicago; and have acquired a scientific knowledge of the Human Foot, and with the aid of footprints obtained by the use of the podo-graph, I am enabled to diagnose any foot ailments. Also to relieve the foot with the aid of Dr. Scholl's scientific appliances of which you will find a complete stock at this store.

YOURS FOR SCIENTIFIC SHOE-FITTING

Sam Jabour of Jabour Bros., Ltd.

Secretary—G. W. Johnstone.
Executive—D. Thomson, Dr. W. T. Kergin, H. F. Glassy, J. McNulty, Jack Judge, J. Dybhavn, J. Bradbury, B. F. Self, and D. Kennedy.

There was a contest for the position of second vice-president and also for members of the executive, the scrutineers being W. F. Cameron, Jack Judge and Malcolm McLeod.
After the election a vote of thanks to J. McNulty who for many years had acted as treasurer, and last year was president, was passed.

The charge against Henry Misner of a statutory offence will be proceeded with in the city police court next Thursday.

Waterfront Whiffs

(continued from page five)
being completed, Henry Selig's American halibut schooner Onan is now on the McLean ways for general overhaul and the Canadian schooner Alken, Capt. Andrew Hansen, was taken up today. Steve Sheen's Eastern Point and the Volunteer are hooked to be taken up at the McLean plant.

Activity at Metlakatla

There is considerable activity in the boat building line at Metlakatla this winter. Peter Hallane is building a new 40 foot seiner, larger than his old Victor H., and to supply the motive power for the craft has ordered a 16 h.p. Vivian heavy duty engine. Peter Leighton is also building a new seine boat in which he contemplates installing a 20 h.p. Vivian.
F. W. Allen, who arrived in the city recently to join the staff of Lipsell & Cunningham, is bringing his cabin cruiser Golifer from the south in the near future. It is a 32 foot boat and has a 10 h.p. Frisbie two cylinder engine. The craft, which is now at Pender Harbor, will come north on the next trip of the Union freighter Chilkoot and will be moored at the Prince Rupert Rowing & Yacht Club which Mr. Allen has joined. Mr. Allen is to take up residence with his family in the Pringle house on Fifth Avenue west.

WESTHOLME THEATRE

Tonight Only, Saturday
at 7 and 9

"The Lost World"

A spectacular, sensational picturization of Sir Arthur Conan Doyle's stupendous story. A remarkable tale of two modern lovers trapped by a band of explorers in a land never trodden before by man and forced to battle for their lives against terrifying monsters. Marvels are laid to your eyes. You will gasp with astonishment and wonder. A little group of men and one woman trapped in the lost world, where ape men roam, where animals the size of fifteen elephants and flying reptiles the size of an aeroplane, monsters of ten million years ago, still live. See the captured monster taken to London where it breaks its shackles and raises havoc in the streets, finally crashing through the Tower Bridge. The world's wonder picture.
Watch and listen! "A cry of agony, a dreadful snarl, and the brute crashed away. A prehistoric monster with power to crush and kill, cowed by a lover's daring and the fire of civilization. Many specimens of the dinosaur family are seen such as the brontosaurus, allosaurus, tyrannosaurus, diplodocus, triceratops, agathosaurus, stegosaurus, pterodactyl or flying dragon and others.
Brilliant cast: Lewis S. Stone, Lloyd Hughes, Bessie Love, Wallace Beery, Charles Wellesley, Bull Montana, Arthur Hoyt, Alma Bennett, Virginia Brown Faire, Margaret McWade, and others.
Admission 50c and 25c
