STORE ROBBED ON SATURDAY

Robbers Were Seen About Midnight Operating at Rear of George Kerr's Butcher Shop

The occurrence being witnessed by three bank clerks who were standing up the stairs leading to the rear of the building, two marauders broke into George Kerr's butcher shop on Third Avenue about midnight on Saturday and got away with three hams and three steaks. Entry was made by breaking an iron bar and going through a rear window which had a pane. When seen by the bankers, one of the thieves was on the roof of a small shed and another was apparently inside. The police were forthwith notified but when officers arrived on the scene, the thieves had made their getaway.

This was the fourth time that Kerr's store had been entered in a similar manner within a short space of time. The old shed, from which access to the window can be made, is being taken down and Mr. Kerr says he is going to have the bars charged with electricity. On the occasion of each robbery, hams and steaks were taken.

The city ticket office announces that there will be some accommodation for regular business on the special trip of the Prince Rupert.

FAMED EXPLORER MAKES TRIP THROUGH CANADA

CAPT. ROALD AMUNDSEN, famous as the discoverer of the South Pole and renowned Arctic explorer, climbed into the cab to get "shot" with Engineer Miller by newspaper cameramen during his short stop a few days ago at the Canadian National station in Winnipeg, en route to New York to sail for Europe.

Although it was his first visit to Canada, Capt. Amundsen was unable to make any lengthy stops on his trip from the Pacific to the Atlantic over National lines on his journey to Spitzbergen, where he joins the crew of sixteen pilots and explorers on the proposed "Rome to Nome" trip by dirigible, this spring. His objective on this newest mode of exploration is to fly over the North Pole. Many of his fellow countrymen and prominent Canadians greeted him at stations along the line to wish the intrepid captain all success in his exploit.—C.N.R. Photo.

Hackett, a cripple, plunged to his death from the fifth floor of the Salvation Army hotel yesterday and today it was disclosed that he had a fortune in five banks totalling \$26,000.

The Metropole Hall being filled to capacity for both morning and evening services, the congregation of St. Paul's Lutheran Church yesterday welcomed its new pastor, Rev. T. E. Rinde, who comes here from Laramie, Wyoming. Mr. Rinde spoke at both services, taking as his subject in the morning, "Why Have You Called Me?" and, in the evening, "The Relation of the Pastor and the Congregation." There was special music by the choir and, in the evening, Rev. P. E. Baister delivered an address of welcome to the new pastor, also reviewing the work that had been performed by himself.

Mr. Baister will leave on Friday of this week for Juneau on church organization work. Later he will return to his headquarters in Victoria. Mrs. Baister and family will remain in the city until the close of the present school term.

STAMPEDERS RETURN NOME GOLD STRIKE

NOME, March 15.—Stampeders returning from the gold strike at Bluffs, sixty miles north of here, report the owners of the ground were generous and all were given a chance to pan for themselves. Merritt and Childwick who made the strike, declared they took from \$1 to \$3.50 a pan from an eighteen inch paystreak.

The United States auxiliary schooner Boxer was taken out of the water at the dry dock today for survey and possible repairs following her recent stranding on Whitecliff Island.

British Flyer Reached England from Capetown 8,000 Miles in 15 Days

GROYDON, March 15.—Alan J. Goham, British premier flyer, completed an eight thousand mile airplane flight from Capetown to London in fifteen days, reaching home Saturday night. He was welcomed on his arrival by King George and suite as well as by a number of prominent officials and public men.

PARLIAMENT OPENS TODAY

Session Resumes After Two Weeks' Recess With Strenuous Fight in Prospect

OTTAWA, March 15.—Parliament reassembled today after the recess of two weeks asked for by the government in order to allow preparation of the sessional program and reorganization of the cabinet.

During the recess there has been a good deal of political activity, the government having had conferences over proposed legislation and the opposition securing further evidence for attacks on the administration. There is every indication that the policy of obstruction will be continued in an effort to force the government to relinquish the attempt to carry on. The Mackenzie King forces are confident, particularly so since the discussions they have had with Progressive and Labor members and the probability seems to be that they will carry through.

EFFORT TO REFORM HISTORY FOR SCHOOLS

EDMONTON, March 15.—Dr. Lorne Pierce, of Toronto, addressing the Press Club of this city referred to his present efforts, in the publication of a series of readers, to take Canadian history out of the hands of pedagogues and make it the tale of story tellers. Thus instead of reeking with dates and treaty causes of wars, it will thrill with the romances of a great country. Professor Burt, Professor Long and Mrs. Arthur Murphy are among the authors preparing manuscripts for this series.

ELECTION FIGHT

The business of the session is scarcely secondary to the election in West Middlesex where nominations are being made today. The constituency being close to the base at Ottawa, many speakers will be sent in from both sides to help the candidate. A substantial victory is expected for Elliott.

Efforts are being made to work on the Quebec members with the idea of alienating them from the government by showing that the west is in control but so far there is no sign of any results which would justify Conservative confidence.

DELEGATION TO MEET COUNCIL

Ex-Ald. Theo. Colliart will lead a large delegation consisting of the executive and members of the Ratepayers' Association and property owners generally who will appear before the city council tomorrow night to protest against the present method followed by the city in disposing of tax sale lots. Good Community Life And Interest.

Recently a British Columbia librarian now in California is addressing a group of librarians on the different library systems quoted the yearly circulation of the Prince Rupert library and they were all surprised. It seems that not many libraries of the size of this one do as well and the lady said that nothing warmed the heart of a librarian as much as to have the books circulate. "A reading public is always an indication of good community life and interest," she said.

So Prince Rupert's fame is spreading to California through her public library. She is pointed to as a model. This should encourage those who sometimes feel that Prince Rupert does not amount to much and that the efforts made here are not of much avail.

British Columbia In Britain.

British Columbia is getting better known in Great Britain than formerly. This is partly due to the newspapers and other periodicals publishing articles about the province and partly through the tourists, travellers and lecturers who come here and go home and tell the tale of the wonderful climate, wonderful country and wonderful people of the Pacific coast.

A recent number of the Canadian Gazette, published in London, England, is almost a British Columbia number. One of the feature articles under the heading of Canadian Progress deals wholly with this province and has in the centre of the page a good photograph of Hon. John Oliver. The spread of pictures in the centre is devoted wholly to British Columbia and contains one of Prince Rupert harbor showing the shipyard and also photos of Telkwa and Hazelton. There is also an article on mining development by Hon. Wm. Sloan.

Administrative Preference For The Empire.

The same periodical deals with what it calls "administrative preference" and here is its explanation:

"As for administrative preferences, let the two following facts illustrate its possibilities. The British Empire Steel Corporation, largely financed and managed from this country, recently secured in New Zealand a contract for 10,000 tons of steel to be made in Nova Scotia from Newfoundland ore. Here four parts of the Empire are in business partnership to the advantage of each. The practice can be extended almost indefinitely. The other beneficent use of the principle of administrative preference is the new British business in British Columbia timber. The single order now given to British Columbia for railway sleepers, quoted as amounting to 24,000,000 board feet, is greater than the whole export of lumber from the province in the year 1923, and would, the Vancouver Province tells us, take half a year to fill by a mill working continuously with a daily output of, say, 125,000 feet (the estimated cut of the newly-opened sawmill plant near Alberni). Further large orders from the British Board of Trade, for the construction of its lifeboats, and from the Admiralty, for decking battleships and constructing their bulkheads, are also announced. We recall how Lord Selborne, when First Lord of the Admiralty in 1908, caused to be made the first experiment with Douglas fir for the deck of a warship then under construction. That the experiment was satisfactory is attested by the fact that, after seventeen years, the Admiralty has seen no reason to abate its confidence in the output of British Columbia mills."

New Publication Is Extremely Interesting.

A new publication that may prove extremely useful and is extremely interesting is a new publication by Arthur Mee, editor of the Children's Encyclopedia. It is "Lands and Peoples" designed for the home and school with a large number of colored illustrations. It is to come out in forty fortnightly parts, and should prove particularly interesting to those who have families of young children or who are engaged in educational work.

LITTLE ANNIE ROONEY HERE

Mary Pickford, the World's Sweetheart, Seen in Her Latest Play Tonight

"Little Annie Rooney," the comedy drama of tenement life in New York in which Mary Pickford stars, and which is here tonight, appears to have been written to order for "The World's Sweetheart" for it is an ideal Mary Pickford story.

Combining comedy and drama, smiles and tears, children's gang battles and a pretty love story, "Little Annie Rooney" is the type of play in which the public loves to see Mary Pickford, and the type she can do as no other actress can.

Irish as Name
"Little Annie Rooney" is as Irish as its name, and as Irish as the curly haired little ragamuffin who plays the title role. It deals with the young daughter of an East Side policeman whose playmates are about thirty young boys, and who enters into the gang fights and rows of these tenement lads with all the vigor at her command.

Unexpected tragedy stalks into the policeman's family, and the girl is suddenly faced with some of the grim realities of life that seldom come to a child of her age.

Through the gang battle sequences Miss Pickford romps gloriously, a leader of the dirty faced boys and the idol of her "gang."

In the dramatic scenes she does some of the finest and most convincing work of her whole screen career.

Sweet and Appealing
She is sweet and appealing as the sweetheart of her "Joe," and through the entire picture the artistry of Mary Pickford is again revealed.

While of the type of many of her best pictures, "Little Annie Rooney" has a new and strong plot, a carefully chosen cast of supporting players, and is photographically beautiful throughout. In fact there is nothing to be desired that is not provided in this, the latest vehicle of Miss Pickford.

It should prove her most popular screen play, according to those who have seen the picture in pre-views.

THE LUCKY DEVIL ON THURSDAY THIS WEEK

Tells How Randy Won an Automobile and What He Did With It Afterwards

"The Lucky Devil," coming to the Westholme Thursday only brings Richard Dix to the screen as the star of a story by Byron Morgan.

Longing for an automobile of his own, Randy Farman, wins a classy speeder at a fashionable charity bazaar. He starts off immediately on a cross country tour, but the first night convinces him that camping in the great open spaces is painfully different from arranging advertising display camps in a New York department store, and he welcomes the assistance of Doris McDee, a charming little stenographer who is touring with her mother in a battered Ford.

While Randy falls desperately in love with Doris, the mother thinks she discovers something that proves Randy a notoriously wealthy young good-for-nothing. She and the girl leave camp without a word to him.

He follows them. Finally flat broke and with no accessories left on his car to trade in for gas, Randy meets Doris who has come to grief with a disabled

motor and no money for repairs. Farman takes the gas from the driver and tows them back to town.

Later, after an unsuccessful search for work and a near disastrous experience with a carnival show, Doris again meets Randy. Explanations are in order.

Winning two-hundred dollars by staving two rounds with a "pug" at a carnival, Randy enters his machine in a \$10,000 road race. If he wins it, he's all set to go on with his long dreamed-of tour. If not—well, ... ? The picture shows just how he makes out.

SYD CHAPLIN COMING WEEK END PICTURE

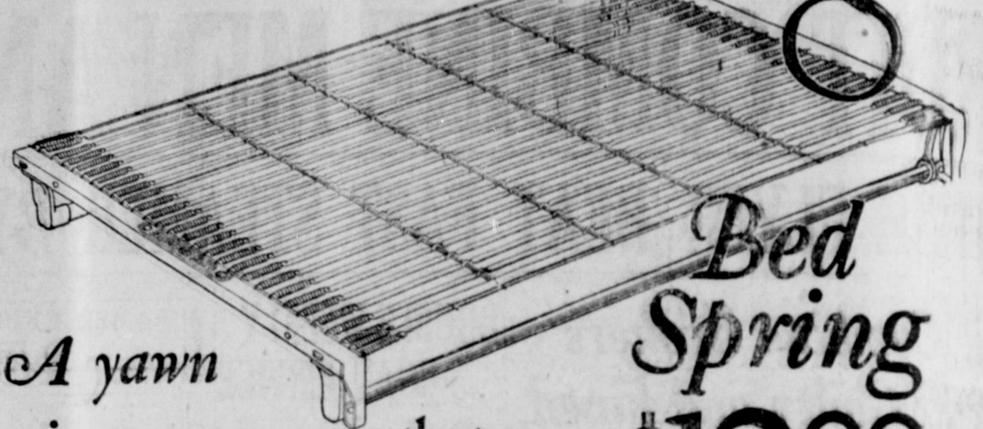

Is Brother of Charlie and was Featured in Charlie's Aunt Here

Syd Chaplin, who is the extremely funny man in the picture "The Man on the Box" due here at the week end, is a brother of Charlie Chaplin. Also he is the funny man who was featured in Charlie's Aunt here recently. In a few words the story of the comedy opening here Friday follows:

Adventure beckons alluringly to Bob, who plays a "hunch" and invests \$50,000 in a new flying machine. Without knowing it, he has stepped into a hornet's nest of intrigue and absurdly fascinating events, that see him, clad only in pyjamas, homeless and jobless in the night. Two Russian spies are intent on stealing the plans of the plane, but Bob disguised as a mad of flirtatious mien, starts a series of misadventures that are irresistibly ridiculous, while romance stalks unfettered through the picture.

TOTEM POLES SKEENA RIVER

Dr. Barbeau Gave Interesting Lecture at Ottawa on Indians of this District

Indian Masks and Totem Poles was the subject of an interesting lecture by Dr. Marius Barbeau, of the Victoria Memorial Museum, Ottawa, delivered before an attentive audience in the Museum lecture hall Wednesday evening. Dr. Barbeau spoke particularly of the totem poles in the Skeena valley which are along the Canadian National Railway and which he considered to be an economic asset to the country, in that they attract foreign tourists to patronize the railroad. He illustrated his lecture not only with lantern pictures but also with actual specimens of small totem poles and many of the masks used by the Indians in their ritualistic dances. At the close of the lecture a motion picture of the "Totem Pole Villages of the Skeena" taken last summer by Mr. Smith of the Museum staff was shown for the first time to an adult audience.

Home on River

In his description Dr. Barbeau said, the picturesque Skeena river, over 300 miles of swift "white water" broken by canyons and rapids, flows out of the heart of northern British Columbia. Each year millions of salmon go up the river to deposit their eggs. Tribes of the Tsimpsian Indians found a home along the river. These Indians are strongly marked in features; short and broad of stature. They are intelligent, emotional, sharp-witted and quick tongued. In the arts of carving, painting, story-telling, singing and dancing they have reached a high degree of development. The salmon is their chief food and they are remarkably dextrous in catching it.

As boat designers the Tsimpsian shows unusual skill and their cottonwood dugouts, often 30 feet long, ride the swift rivers with ease and grace.

Strange designs with mythical significance are frequently seen braised or painted on rocks and boulders in this country.

Although the white man's ways are being rapidly adopted the Indians still carry on many of their old occupations.

Carved Totems

The villages of the Skeena are among the few places where carved totem poles are still to be found. The poles are memorial columns depicting mythical or historical figures and events associated with the different families to which they belong. The Canadian Government has recently enlisted the co-operation of the Indians in the preservation and restoration of these interesting survivals of Indian art. The rotten poles are let down, cleaned out and a new pole fixed inside the original pole. The wood is treated with oil and then repainted after the original coloring as a preservative against the weather.

Modern dentistry was illustrated in the motion picture film by a picture of an Indian putting new teeth in the mouth of a totem figure representing a mountain lion. The Indians are much interested in the preservation of the totem poles and even the children brought stones to help carry on the work.

Attraction to Tourists

The totem pole villages are a great attraction to tourists who are on their way from Jasper National Park to Prince Rupert. A recent visit of Lord Byng, Governor General of Canada, and Lady Byng, to the Skeena, where

CHAMPION IS ELIMINATED

George Waugh Goes to Final with Fred Pyle in City Billiard Championship

George Melmoyle, last year's city billiard champion, was eliminated from this year's contest when George Waugh defeated him in the semi-final on Saturday evening by a score of 500 to 483.

In the early stages of the tournament, Melmoyle was as high as fifty points ahead of his opponent but Waugh, playing a steady game, picked up and, at the 400 mark, was some 100 in the lead. Toward the end, Melmoyle came forward again but not sufficiently to win.

It was the slowest game so far in the series, taking three hours and 40 minutes to play. There were 133 innings and Waugh's average was 3.76 while Melmoyle's was 3.66. Melmoyle's high break was 40 and Waugh's 24.

J. Hillman was referee; W. Long, marker; and J. Boesley scorer.

The first block of 500 points in the final between Fred Pyle and George Waugh will take place tonight, with the concluding session tomorrow evening. Jack Judge will referee tonight. W. J. Nelson will be marker and G. S. Russell, scorer.

A compromise having been effected, the fishermen's dispute with the halibut boat owners is over and the strike, which has been in progress for the past few weeks, will be ended today.

The Pacific American Fisheries cannery tender Alpha, bound from Bellingham to Sturgeon Inlet, Alaska, was wrecked on Rachel Rocks this afternoon and it is feared that all but one member of the crew of seven, have been lost. Assistance is being sent out by Chief of Provincial Police Gaudin and J. H. McLeod, collector of customs.

PRIZE GIVING AND PARADE

Rewards Given for Attendance at Salvation Army Hall; Scout and Guards on Street

The annual prize giving took place yesterday afternoon at the Salvation Army Sunday School. Those who received recognition for having attended 52 times during the year were Winnie Exley, Violet McCutcheon, Edward Kane, Tom Smith, H. Smith, Annie Smith, Dolly Smith, Rose Smith, Jack Unwin, Jack Waddell, Willard Rea and Murray Rea.

Several second and third class prizes were given and also mottos and certificates of encouragement to those who attended less than 40 Sundays.

In the evening the Scouts and Guards paraded from McBride Street to the Salvation Army Hall and the night service was specially devoted to the young people, the address being the Scout and Guard declaration.

Music being provided by an orchestra organized by Miss Jean Currie, an enjoyable dance was held on Saturday night in the Metropole Hall.

Burritt, Private Anderson, Private Avery, Private Collier, the Misses Stephen. Accompanists were Mrs. Darlon, Mrs. Armstrong and Miss Irwin.

It was the slowest game so far in the series, taking three hours and 40 minutes to play. There were 133 innings and Waugh's average was 3.76 while Melmoyle's was 3.66. Melmoyle's high break was 40 and Waugh's 24.

SPORT CHAT

With spring in the air and the winter indoor activities drawing to a close, thought is now being given by the sporting public to the outdoor activities for the year. Available material is being given a preliminary look-over and before long organization will be under way. The annual meeting of the Prince Rupert Football Association is called for March 24 and delegates are being appointed by organizations that plan on entering the league. As usual, baseball organization will probably not be started until a month or so after the football gets under way. It is a little early yet to speak about prospects for the year but it would seem that there will be sufficient material available to permit of successful competition both at football and baseball.

Events scheduled for the coming week are as follows:

Monday (tonight) — Billiard championship final (first half) — Fred Pyle vs. George Waugh.

Cribbage League — K. of C. vs. C.N. Mechanical; Moose vs. C.N. Operating; P. R. Hotel vs. S. of C.; Dry Dock vs. L.O.L.; Gold Storage vs. G.W.V.A.; St. Andrew's vs. Elks.

HORROR of horrors! Ontario girls are to be given copies of their birth certificates which they will carry with them.

THEY split fifty-fifty when they got the divorce. He took the motorboat, she got the car; he took the radio, she got the loud speaker; he got the gramophone, she got the records.

YOUNG married couples are given all sorts of clothes for wedding presents but they usually furnish their own spats.

MODERN girls like sports. They are good spenders.

NIFTY is a good word to use in describing a person. No one can take offense at it, yet it means nothing.

SHE'D a nifty little figure And nifty little feet And nifty little things she wore Where skirt an hosiery meet.

A nifty little waist she had And nifty ankles too And a nifty little glance she gave From nifty eyes of blue. A nifty little girl she was And she had a nifty way Of buying costly nifty things For nifty man to pay.

A MAN would rather you'd swear at him than call him pretty but a girl will swear if you don't call her pretty.

OH, he was such a handsome man And she a pretty girl And when they met the other night Two heads began to whirl.

BURNS LAKE

The Burns Lake Community Hall Association has elected officers for the year as follows: President, A. M. Biddy; vice-president, H. D. MacNeil; secretary, D. Cochran; treasurer, T. G. Martin; executive, Mrs. T. G. Martin, Mrs. P. Carr and J. Brown.

On account of rain and soft conditions, the haulers in the district are having their troubles these days. However, work is proceeding and it is hoped that all contracts will be completed.

The Parent Teachers' Association is planning to put on a May Day Pageant for school children of this and neighboring districts. At the last meeting of the Association three interesting papers were read. Miss Mary McRae discussed co-operation between school and home; Mrs. J. H. Kerr, the three important factors of education—home, school and church; and Mrs. P. Carr spoke of the business of life.

W. J. Godwin returned last week to his home at Pennant, Saskatchewan, after having spent several weeks visiting here with his brother, S. Godwin, the local editor.

Mrs. J. L. Shefford of Wistaria has left for the Hazelton Hospital where she will undergo an operation.

Elmer C. Mohr has returned to Wistaria after an absence of several months. During the course of his trip he visited the prairies and North Dakota and, for a while, worked in an Oregon logging camp.

Mrs. Eakins of Ootsa Lake, a pioneer resident of the district, died last week. She is survived by her husband; two sons, William and Samuel, and a daughter, Mrs. William Saunders of Decker Lake.

An amateur dramatic society to be known as the Burns Lake Strollers was organized last week with officers as follows: President, Mrs. T. G. Martin; vice-president, Miss Selma Aslin; secretary, Mrs. S. G. Martin; treasurer, Miss Viola Kerr. Sidney Godwin will be stage manager.

Richard C. O'Hara will be laid up for several days as a result of an axe-wound on his leg sustained last week.

R. H. Gorow is erecting an office building on the corner near the Omineca Hotel and the Ineson store.

Where the Roads Divide

ALL ROADS ARE OPEN TO THE FEET OF YOUTH.

There are the roads of Self-Indulgence -- of spendthrift Prodigality -- of wasteful Extravagance. There is the road of Thrift and Wise Expenditure.

If you would know where these roads lead, look at the men who have travelled them, and consider that every old man was a young man once--filled with the same hopes and aspirations as you are today.

The farther and faster you travel on the wrong road, the farther you will be from your goal.

Life Insurance will keep you on the right road--because Life Insurance encourages thrift and conservation.

HAZELTON

Exercises marking the graduation of Miss Kathleen Gibson from Hazelton Hospital training school for nurses were held in the United Church at Hazelton last Monday. The graduation address was given by Rev. A. C. Pound, the diploma was presented by R. S. Sargent and the graduation pin by Mrs. Matheson, the lady superintendent. There was a musical program to which Mrs. Myros, Corp. Hall and Dr. Large contributed after which refreshments were served and a social hour spent. Miss Gibson will remain on the staff of the hospital for a fortnight longer.

Mrs. M. A. Myros has been appointed secretary treasurer of the Women's Auxiliary to the Hazelton Hospital. The auxiliary is planning a daffodil dance to be held on Easter Monday.

lier than usual, floating poles down the Skeena River from above Hazelton to the Cedarvale booming yards.

Rev. George Turpin of Smithers and Rev. A. C. Pound of Hazelton will exchange pulpits tomorrow. Mr. Turpin arrived here yesterday and is the guest of Mr. and Mrs. John Newick.

Owing to the mild winter and lack of snow, S. H. Senkpiel has been obliged to cut a new road from his nine-mile Mountain pole camp. He will draw a large number of poles out that way to the Skeena River and others will be hauled into town as soon as wagons can be used.

Mrs. David Donaldson and children have arrived here from Smithers and are the guests of Mrs. Donaldson's parents, Mr. and Mrs. William Grant. They will remain here until Mr. Donaldson gets settled in Seattle where he will in future be stationed.

what it means to go easy on cream and eggs," and, although he has had his "ups and downs" and understands the rigours of Canadian winters, he has strength in the place of the puny weakness of his youth and he has real wealth of living where he might have had poverty. But let him speak for himself. The letter follows:

Not a Failure "During the past year or so I have often read articles in various English papers that would lead one to believe that Englishmen are not wanted in Canada, and that the English city man is a failure and a joke out here. How untrue that is! Tonight as I sit in my cozy little farm home, the children (rugged little specimens that don't know what it means to go easy on butter, cream, milk, eggs or other products of the farm) safely tucked away in bed, my mind reverts to old days and old friends. Once again I am a puny and pale-faced youngster attending a kindergarten school. I am often ill and my mother is fighting fog and wet and epidemics all the time in her efforts to keep me well. Then I am at Board School. I think of some of my old associates and relatives and of spots that bring back the pleasant associations of the past. Yet over all there floats a veil of fog and dampness. I see little children in poverty and distress. I see healthy young men and women crying for work—for just the privilege of earning their daily bread.

"I get up from my chair and opening the door, step out onto the verandah. The air is cool and crisp, the stars are shining over head. Before me the Nechaco River winds tortuously along past banks covered with pine and willow and poplar. To the west the lights of the little village may be seen. From the stable comes the occasional moo-

HARRIS TELLS ABOUT MINING

Says Active Season is in View in Hazelton District This Year

Prospects are bright for an active and successful mining season in the interior states W. S. (Duke) Harris, well known pioneer operator of New Hazelton, who is a visitor in the city. Mr. Harris himself will be in charge of work on three promising properties in the Hazelton area. Just as soon as weather conditions permit, operations will start on the Silver Cup, Sunrise and Hazelton View properties. The Silver Cup and Sunrise, silver-lead mines, are located in the vicinity of Nine Mile. It is expected that a carload of ore a month will be shipped from the Sunrise and operations on the Sunrise will consist of further development work. From the Hazelton View, otherwise known as the Hazelton-Gold Cobalt, a gold property on Røcher De Boule Mountain, it is expected that some 800,000 or 850,000 worth of mineral will be produced. The operation of the three properties will represent a payroll of 40 men. Mr. Harris will supervise the work on behalf of the owners.

Farm Life Healthy

"I am now—al 32 years—a strong man. The farm life of Canada has done that for me. I spent over 12 years on the prairies and thoroughly understand the rigours of the winters there, but no Lancashire man need fear the climate in any part of Canada. I warn old folks not to come—don't transplant old trees. A certain class of English snob is met out here occasionally—very objectionable. Usually it takes a year or so of real work, and then he is as good as any. In my opinion £250 will not settle and equip a whole family on the land here, although a few might manage it for this sum."

ANGLICAN SPEAKER VICTORIA CITY TEMPLE

Rev. Robert Connell Mentions Broadening Out of Religious Viewpoint

VICTORIA, March 15.—At a banquet at the Victoria City Temple in connection with the school of religious education, one of the speakers was Rev. Robert Connell, formerly rector of St. Saviours', Victoria West. He dealt largely with the change taking place in the modern religious outlook. Formerly Christianity had been a religion of selfishness, but this viewpoint was rapidly changing and Christians were readily recognizing that many men who were not even classified as Christians were responsible for many of the forward movements resulting in the modern spirit of humanitarianism. One of the errors of the past bordering on the ludicrous was an attempt made by parents and religionists alike to impart to children what was supposed to be absolute truth, said Mr. Connell. Misuse had been made of the Bible, too, he claimed. It had been treated too much as a text book and not as a record of a great people.

EVERY YOUTH SHOULD HAVE MILITARY DRILL

Rev. T. J. Thompson of United Church Says Canada is Suffering From Faddists

OTTAWA, March 15.—Rev. T. J. Thompson, minister of Glebe United Church at a dinner of the

38th Battalion Mess, told the gathering that if he had his way every youth would spend part of his life in military training. Canada was suffering from the utterances of several faddists, and those interested in military work must deal with pacifist forces which were moulding public opinion. He considered the clamor of Miss Agnes Macphail and others constituted a scandal, and should be dealt with as such.

The sweetest of comedy and the tenderest of pathos vie with each other in the story of Little Annie Rooney, a story that plays a tune of life and love on the heart strings of humanity and that has no dull moments nor slack pace. Happiness and heart aches, hard knocks and softened blows, sweethearts and rivals, alley fights and street games, feature the heart story of this little waif of New York's slums, and never was Mary Pickford more appealing, more laughter-provoking, more tear-compelling than in this portrayal of the impish, ragamuffin, headstrong role that made her The World's Sweetheart.
