FRANCE TO HAVE COALITION GOVERNMENT

TERRIBLE TRAGEDY IN ONTARIO RESULTS IN ELEVEN YOUTHS LOSING LIVES

Herriot Defeated and Poincare Called Upon to Form New Cabinet

Twenty-five million payment on American loan will stabilize financial situation--- bank is not broke

PARIS, July 22.—Raymond Poincare, former president and premier of France, will endeavor to form a new cabinet succeeding that of M. Herriot, which resigned last night after suffering defeat in the chamber on its financial plans. President Poincare, deciding that the time is ripe for a national ministry presenting all or as many parties as possible to work for re-estimation of finances, has asked M. Poincare to form such a ministry.

A bill passed the chamber before the Herriot cabinet was defeated authorizing the transfer to the Bank of France of the balance of the Morgan loan amounting to \$25,000,000 and this, it is expected, will stabilize the financial situation. Finance Minister De Monzie denied emphatically the story that there was a possibility of the Bank of France suspending payment.

During the vote on the financial plan which resulted in M. Herriot's defeat police reserves were necessary to restrain the crowds. Outside the House of Parliament, crowds were hooting Herriot and members of his government.

INTERGLACIAL FOREST FOUND

Announcement of Its Existence, Near Juneau, Was Made Yesterday.

JUNEAU, July 22.—The discovery on the north side of the Menzies Glacier near Juneau of the remains of an interglacial forest was announced here yesterday by the forestry service of the United States Department of Agriculture. An interglacial forest is one which grew between the two glacial areas being covered over by ice sometimes and thus preserved for centuries. Reference to the existence of this one had long been made, but its location was never before established.

IRVINGIANS DIE IN HURRICANE

Wind and High Water Reported to Have Done Much Damage in Balkans

VIENNA, July 22.—One hundred are reported to have been killed, at Rgovo, Serbia, when a hurricane accompanied by a cloudburst struck the town says a despatch received here from Belgrade. The river rose suddenly inundating the town and several houses, in which people were taking shelter, collapsed. Many cattle and sheep perished. A similar cloudburst caused enormous damage at Krusevec, near Belgrade, where a soap works was destroyed.

NOMINATIONS IN SKEENA RIDING

Conservatives to Name Candidate Tonight and Liberals on Saturday Evening.

Conservatives of Skeena riding in convention here this evening, will nominate a candidate for the forthcoming federal election contest. While the Tories are not stating as to who will be the candidate, the range of possibility now seems to have resolved itself down to C. H. Orme and J. C. Brady, both of Prince Rupert.

The Liberals will nominate on Saturday night. Fred Stork, late member, will probably be the choice again.

Indications are now that it will be a straight fight between Liberals and Conservatives.

MEETING HELD BY LIBERALS

Delegates for Nominating Convention Saturday Were Chosen Last Night.

A large crowd, which practically filled the Metropole Hall, attended the meeting of the Prince Rupert Liberal Association called last night for the purpose of appointing delegates for the federal election nominating convention, which will be held on Saturday evening. W. J. Greer, president of the Association, was in the chair and G. W. Johnstone was secretary.

The delegates were named as follows: Dr. W. T. Kergin, Ex-Ald. John Currie, H. F. Glassey, Thomas Troiter, Fred Belanger, Ald. W. M. Brown, L. W. Patmore, Duncan Kennedy, Gillis Royer, Harvey Fraser, R. A. McLeod, J. McNulty, S. E. Parker, Athol Fraser, John Dybhavn, Joe Garon, David Thomson, J. A. Lindsay and Fred Lanza.

Alternates were chosen as follows: David Glennig, Victor Basso-Berl, J. Krievyky, W. Gratton, B. M. Simpson and F. W. Bart.

During the evening addresses were given by L. W. Patmore, Theo. Collart, David Thomson, John Dybhavn and S. E. Parker, all expressing confidence as to the outcome of the forthcoming contest.

Fred Stork is the only name being mentioned in connection with the nomination and it seems altogether likely he will again carry the Liberal standard to the polls on September 14.

BEER IS REJECTED

New Westminster is Against Beer Parlors by Majority of 365.

New Westminster, July 22.—By a majority of 365 votes, New Westminster yesterday rejected a proposal to allow the opening of beer parlors here. In the first vote on the question, the proposal was defeated by a majority of 800. Yesterday's figures were 1,816 against and 1,451 for. It is reported that the women's vote was unusually large.

TRIAL RUN OF NEW MOTORSHIP

Everything Went off Satisfactorily When Boat Built Here Had Her Tests at Kelowna Yesterday

The trial run of the motorship Pentowna, which was fabricated at the local dry dock, took place yesterday afternoon at Kelowna and everything went off very satisfactorily according to a wire received at the local office of the shipyard from G. A. McMillan, the superintendent, who was at Kelowna on the occasion.

Now that the Pentowna is completed, she will be placed in operation very shortly and the men from the local plant, who went down to assemble the vessel, will be returning to the city soon. A. Watson, superintendent engineer of the dry dock, was in charge of the engine installation at Kelowna.

RAILWAY BOARD IS COMING HERE

VANCOUVER, July 22.—The Board of Railway Commissioners will hold a brief sitting here today and is expected to reach Prince Rupert in about two weeks' time for a session. The commissioners are holidaying here in the meantime.

GOLDEN LUMBER CAMP BURNED

Forest Fires Are Cutting Swathe in Upper Columbia River Valley

GOLDEN, July 22.—Forest fire wiped out Camp 6 of the Columbia River Lumber Co. near here last night, the blaze spreading so rapidly that the camp crew lost all their belongings. An immense quantity of cut logs as well as the equipment of the camp was also lost. Another camp was threatened and the horses of both camps were turned loose.

Prince Rupert Fisherman is Hero of Daring Rescue Feat in Breakers of Hippo Island

SKIDEGATE, July 22.—Last week while running into Hippo Harbor from the trolling grounds during a raging southeast storm, A. E. Derrick, of Skidegate Mission, was caught in what is known as the west breakers at Hippo. One huge wave smashed the pilot house off his launch and swamped the boat. Just the bow was kept above water through the buoyancy of the tanks. Derrick jumped to the bow, where he lashed himself, one huge wave after another breaking over him.

Andy Anderson, of Prince Rupert, happened to be making for shelter at the same time when he saw the bow of the launch in the water with the man aboard. Anderson, at the risk of his own life, ran the boat through the breakers to go alongside of the wrecked launch. He shouted to Derrick to jump aboard, but the latter was so exhausted that he could not move. Anderson, at further risk pulled Derrick aboard and then attempted to tow the wrecked launch. Several other boats then gave assistance and took the boat to Hippo Harbor, where it was found she was a total wreck, only the engine being saved.

The rescue of Derrick by Anderson was a splendid piece of seamanship on which he has received numerous congratulations, as well as Derrick's heartfelt thanks.

HERRIOT GOVERNMENT IN FRANCE DEFEATED

PARIS, July 22.—Unofficial figures late last evening indicated that the newly formed Herriot government was defeated by a small majority on its ministerial selection.

Eleven Youths Are Drowned in Choppy Waters of Balsam Lake, Ontario, When Canoe Capsizes

LINDSAY, Ont., July 22.—Eleven youths, all except two of them from Toronto, were drowned in Balsam Lake, 85 miles northeast of that city, on Tuesday night when a war canoe, in which they set out to replenish the supplies of their Sunday School camp, capsized in the choppy water. Word of the tragedy was received only late yesterday afternoon.

Four members of the party reached land after clinging to the overturned canoe for more than five hours. They told the story of seeing their companions, all experienced canoeists and fair swimmers, one by one losing their grip to disappear beneath the surface of the lake.

FAILED TO SEE WHITE CHIEF

Indian Leaders Return to Montreal After Visit to London Where They Hoped to Interview King

MONTREAL, July 22.—Three Indian chiefs from British Columbia, who went with an interpreter, Mrs. J. C. Williams, to London as representatives of three tribes in the hope of interviewing King George in connection with their land claims in the Western provinces, returned here reporting that they had met with failure in that the High Commissioner in London had advised them to return to the Dominion and take up the matter with the Canadian government.

"What we do not want above all is so-called enfranchisement," says a statement issued here by the natives. "We want to be Indians to the end of the world but we want settlement in a proper way so that we may be able to help one another and work together with our good white brothers for Canada in the future."

Strange Monster Seen in Okanagan Lake Had Race with Automobile

Prominent Vernon business man describes animal like creature that gave chase to motor car

VERNON, July 22.—A strange monster, which inhabits Okanagan Lake and which is reported to have been seen several times during the last few months, raced with an automobile being driven along the lake shore road on Tuesday, according to J. L. Logie, manager of a local land company and resident of the valley for twenty-one years.

Mr. Logie describes the monster as having a head like a sheep, a dark colored body showing about five feet out of the water and a length of about fifteen feet. Three other persons who were in the car with Mr. Logie vouch for the story that the monster raised a swell about a foot high and made spray fly ahead of it as it cut through the water at the same speed as the automobile. At some points along the road the autoists were within fifty feet of the monster.

Another auto party coming along the road noticed a commotion in the water, although, otherwise, the lake was calm.

FISH ARRIVALS

Total of 140,500 Pounds of Halibut Sold at Exchange Today

Three American and three Canadian boats sold a total of 140,500 pounds of halibut on the Fish Exchange this morning. Of this total the Americans landed 115,000 pounds and the Canadians 25,500 pounds. American fish brought around 15c and 10c and Canadian caught fish around the same figure.

The arrivals were:
American
Chelsea, 55,000, to Booth Fisheries.
Alten, 53,000, to Altin Fisheries for Ketchikan delivery.
Jack, 5,000, to Canadian Fish & Cold Storage Co.
Canadian
Eric Roy, 13,000, to Altin Fisheries.
Swing, 6,000, to Canadian Fish & Cold Storage Co.
Unome, 6,500, to Altin Fisheries.

BURNABY STOCK FARM IS BURNED

Loss to Buildings at Endcott Establishment is Estimated at \$40,000

VANCOUVER, July 22.—The Endcott Stock Farm at East Burnaby was destroyed by fire yesterday. The loss to the buildings amounted to \$40,000. All the stock was saved.

ACCEPTS NOMINATION

OTTAWA, July 22.—Rt. Hon. W. L. Mackenzie King yesterday telegraphed to the Liberal Association at Prince Albert accepting the nomination to contest that riding in the September election.

FATALITY AT ENGLISH BAY

House Painter Collapses in Six Feet of Water and is Drowned.

VANCOUVER, July 22.—Collapsing while hundreds of other bathers were sporting themselves around him in English Bay, Herbert Roberts, aged 41, a house painter, was drowned in about six feet of water late yesterday afternoon.

Roberts went to a beach picnic with his wife and two daughters and was in the water with one of the latter, May, aged 12. At the time he disappeared she was not alarmed when her father sank beneath the surface ten feet away from here. Only when he failed to rejoin the family an hour later were the life guards notified and the search commenced for the body, which was found in six feet of water.

SPEED RECORD CONSTRUCTION

Shannon Bay Plant Was Put Up With Despatch.—Is Biggest on Queen Charlottes.

SKIDEGATE, July 22.—What is believed to be a record for speedy building of a cannery has just been completed by Watson & Kennedy of Victoria in the building of the new Gosse-Miller cannery at Shannon Bay, in Massett Inlet. Work on the plant, which is the largest on the Queen Charlotte Islands, started about May 4, and the structure is now complete throughout. It is expected to put up 100,000 cases of pink salmon in the plant this season.

SHARP BREAKS STOCK PRICES

Conditions in France Affect New York Market.

(Special to Daily News)
NEW YORK, July 22.—Stock prices broke sharply just before the close yesterday. The break was inspired by reports received that the Bank of France might be forced to suspend payment because its note circulation or advances to the State had reached the maximum. Scores of stocks lost 2 to 8 points and the French bank lost half its earlier gain.

Weekly Excursion to Terrace Suggested.

Following the excursion to Terrace on Sunday last when nearly seven hundred people from this city availed themselves of the opportunity to make the trip, the idea is suggested that a special train might be run weekly to that point and be well patronized. Prince Rupert and Terrace have a good deal in common and, during recent years, the latter point has become quite a summer resort for Prince Rupert people. If there were such a train, during the months of July and August, it would allow local business men to send their families to Terrace for the summer and give them the opportunity of going up and visiting them once a week. It would provide an enjoyable and cheap week-end outing for local people and, so doing, would be good both for Prince Rupert and Terrace. It is said that the railway company could undertake to run such a train if at least 100 people would use it each trip. It might be worth while the company at least trying it.

Political Differences And Not Personal Ones.

With the election date announced and party nominating conventions called all over the Dominion, another federal polling contest is now well under way. Each party will seek advantages over the others and there will be political criticisms and duelling. It is to be hoped, however, that political differences will be regarded only as such and that personal animosities and hard feeling may be avoided. After all, we have to live together and it will be well if our differences are only political, not being allowed to reach the personal point.

Why is United States Unpopular?

The United States has awakened to the fact that it is the most disliked nation in the world, says the Ottawa Citizen. In Europe, America is spoken of in scornful terms if not words of hatred. Open dislike is expressed by persons and the press, and whenever occasion offers, this feeling bursts out in popular demonstration. Witness the parade of war veterans in Paris against American debt settlement terms, and the tirade of the London press when the famous film "The Big Parade" was shown there. In Japan, Mexico, South America, unpopularity of Americans and things American increases.

All this is in painful contrast with the feelings of other nations seven years ago. Then America was seen as the savior of mankind, a knight errant arisen to deliver the nations from the scourge of war. The change has not been due to the failure of the American knight to live up to expectations, although that circumstance adds to the intensity of European feeling now. It has been brought about by a good many agencies, all contributing towards the unreasonable conviction that the United States is a fit object of contempt and abhorrence.

An Englishman who has frequently visited the United States in recent years writing in the New York Times, puts forward a typical British explanation of the dislike for America. It is that whenever an American competes in any contest or games, the Americans present are wild in their cheers and applause, but they never raise a hand or utter a sound for any other. And no doubt that does explain a lot in England, but in continental countries it will not carry so much weight.

To some extent, the antipathy to Americans can be traced to the envy of United States prosperity. The poor rarely display a spontaneous affection for the rich; indeed, it is often a cordial hostility. And so with nations. To some extent also, Americans are also criticised for their aloofness from suffering Europe, their demands for debt settlement from others who think they sacrificed infinitely more (as they did), their general air of youthful arrogance, national vainglory and cultural crudeness.

In Canada alone can the Americans be said to be among friends. While there still simmer relies of the "no truck with the Yankees" animosity, Canadians do not share the intense repugnance of Europeans. We know our friends to the south are not as bad as they are painted, and, it must be admitted, we share some of their characteristics and are others. And in this way, Canadians ought to be useful in disabusing hostile minds and in interpreting in a friendly way the real virtues as well as the failings of their neighbors.

Here's a real "shortcake" SHREDDED WHEAT with berries and cream

Perfect!

"Does this porcelain egg serve its purpose?"
"Yes, sir, it can't be beat."

CHANGE MADE IN MEETING PLACE

Hospital Board Expresses Indignation in Connection With Holding of Convention

Considerable disappointment was expressed at the meeting of the hospital board last night that it had been decided to hold the annual convention of the B.C. Hospitals Association in September at Vancouver instead of in Prince Rupert as was decided at the 1925 convention in Nanaimo. Doubt was expressed as to whether the executive of the association really had power to change the place of venue when it had been decided upon by the full convention. In view of the "breaking of faith" indifference was expressed by members of the board about having anything further to do with the association.

The board was in receipt of a letter from the secretary of the association stating that it had been decided to hold the convention in Vancouver instead of Prince Rupert as, if the meeting were held in Prince Rupert, it would be impossible for some of the delegates to spend the time and money that would be required to attend. The letter stated that it was with regret that the decision had been made to change the meeting place and it was hoped that it would not lessen Prince Rupert's interest in the affairs of the association. The letter then proceeded to urge that a delegate be sent from Prince Rupert and outlined a scheme for the pooling of travelling expenses of the delegates, asking the board's opinion on the matter.

Secretary Birch read a letter that he had sent to the association in reply. The letter expressed the disappointment felt locally that the convention was not to be held here and that it was felt a mistake had been made in changing. Several other conventions including that of the Union of B.C. Municipalities had in the past been held in Prince Rupert. Delegates from Prince Rupert had been sent to hospital conventions in the south and their time was equally valuable to that of the southern delegates in coming to Prince Rupert. The letter then raised the question as to the power of the executive to change the place of venue which had been decided upon at the delegates in convention.

Ald. Stephens felt that an organization where the executive could over-ride the decision of a convention was not worth belonging to and he would favor resigning altogether from the association. It was just another case of where faith had been broken with Prince Rupert for the benefit of Vancouver.

ARRANGEMENTS UNDER WAY FOR FLAG DAY

Thursday, July 29, is Day Fixed by Elks Lodge for Annual Event

Next Thursday, July 29, has been set by the local Elks' Lodge for its annual Flag Day celebration. There will be the usual features including parade from downtown to the Acropolis Hill grounds, raising of the flag and address, races and sports and dance in the Exhibition Hall in the evening. Rev. Dr. Charles J. Cameron is being invited to give the flag address and, instead of a baseball game, there will be a softball game between the Elks and the Gyo Club.

The general committee in charge of arrangements for the event consists of F. P. Kenny, L. M. Fuller, E. Clapp, K. McQuaig, and Howard Frizzell. The committee in charge of children's sports will consist of W. D. Vance, Fire Chief D. H. McDonald and W. Willisroft while E. Clapp has been appointed to take charge of the free and pay booths from which, as usual, will be distributed candy, ice cream, oranges, etc., free of charge. The committee in charge of the dance in the evening consists of Kenny McQuaig and Howard Frizzell.

Perfect!

"Does this porcelain egg serve its purpose?"
"Yes, sir, it can't be beat."

THE MAN IN THE MOON

says:

The sailor boys say this is a rum country. They call the bloomin' shillings "two-bits" and the tabners are "dymes."

My idea of going some would be to have H.M.S. Curlew on the Salt Lake run every summer.

If you want to run into something real tough with your motor boat, try the warship.

If you hear the shout "all hands on deck" watch you don't get yours trodden upon.

Why not suggest to Capt. Bridges that he allow his boys to give a hand with their shooting irons in removing the city rock pile on First Avenue?

If you want to see a real boxing match, go aboard the Curlew and watch the navigators boxing the compass.

There's one sure thing about the Curlew boys, they'll have a good time even if shipwrecked on a billiard table.

Watch your step around No. 3 gun, someone endeavored to make the foundation fast with chewing gum.

If the boys don't serve afternoon tea aboard, they serve lots of civility in showing one around the trouble fixer.

Now's the time we wish the Seal Cove navy would start something around Cow Bay. The Lion's cubs would then have to toss for sides.

Did you ever hear a sailor play on a hornpipe?

There is no bottled port on the port side of a warship.

Dollars to collar studs there are no hijackers in northern waters these days.

Local motor boat owners are respectfully requested not to scratch the sides of the Curlew.

If cleanliness is next to Godliness, the Curlew is a near tenant.

cutting on an increased scale under the able management of J. Muckle.

The Danish motorship L. A. Christiansen loaded 1,500,000 feet of lumber for the Atlantic seaboard at Queen Charlotte City last week.

E. Gray, inspector of the government radio services, came in on the last trip of the Prince John to inspect the station at Dead Tree Point. Mr. Gray, whose first trip it was to the islands, expressed himself as very pleased with all he saw.

The Sitka Spruce Mill boat, The Galloping Goose, was here last week from Queen Charlotte City.

WATER NOTICE

Diversion and Use.
TAKE NOTICE that Standard Mines Corporation, whose address is 626 Tender St., West, Vancouver, B. C., will apply for a license to take and use 2,000 miner's inches per day of water out of Third North Fork of McNamee Creek, which flows easterly and drains into Dease River about sixty miles north of Dease Lake.
The water will be diverted from the stream at a point about two miles up Third North Fork from its mouth and will be used for mining purpose upon the hydraulic placer leases of McNamee Creek.
This notice was posted on the ground on the 18th day of June, 1926.
A copy of this notice and an application pursuant thereto and to the Water Act, 1914, will be filed in the office of the Water Recorder at Telegraph Creek.
Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.
The date of the first publication of this notice is July 15, 1926.
STANDARD MINES CORPORATION,
By R. J. O'REILLY, Agent.

LAND ACT.
Notice of Intention to Apply to Lease Land in Prince Rupert Land Recording District of Prince Rupert, and situate at Wassett, B.C.
TAKE NOTICE that Eugene H. Simpson of Massett, occupation canner, intends to apply for a lease of the following described lands:
Commencing at a post planted at the northeast corner of Block 10, Wassett Township; thence easterly 150 feet; thence southerly 1,000 feet; thence westerly 150 feet; thence northerly 1,000 feet to point of commencement, and containing 3 acres, more or less.
EUGENE H. SIMPSON,
Applicant.
Dated June 5, 1926.

SKIDEGATE

Chief Henry Edenshaw of Massett came into port last week with his large motor boat, the Edenshaw, and was the guest for a day of Mr. and Mrs. A. Russ of Skidegate Mission. Later Mr. Edenshaw went to South Bay cannery where his boat has been chartered for the season.

The Sitka Spruce mill at Queen Charlotte City is now

When The Babies Are Cutting Teeth THE MOTHER SHOULD USE

DR. FOWLER'S EXTRA WILD STRAWBERRY

During baby's teething time, the bowels become loose and diarrhoea, dysentery, colic, cramps, etc., manifest themselves; the gums become swollen, and cankers form in the mouth.
This is the time when the mother should use "Dr. Fowler's," and, perhaps, save the baby's life.

This roof will appeal to your pocketbook

When you've just got to consider price—and yet you want a roof that will wear for years—try this plan: Put Barrett Mineral-Surfaced Roll Roofing over your worn-out wood shingles.

Then you'll have a fire-safe roof—one that's rot-proof and rust-proof, too. And your pocketbook can keep the difference! We've sold and studied roofings for years. We believe our experience will be valuable to you. Come in!

We endorse **Barrett Roofings**

Barrett Mineral-Surfaced Roll Roofing—not only colorful and durable, but low in cost.

Miss Margaret Graham, who has been visiting Stewart, Anyox and Alice Arm, returned to the city on the Prince Charles this morning. Miss Graham was accompanied here by Miss Peggy Anderson of Alice Arm, who will spend a holiday with Mrs. M. Graham, Federal Block.

Ratings to the number of 105 men proceeded on this morning's regular train to Sunnyside cannery, under the auspices of the Canadian Legion, where they will be shown over the cannery. A sandwich luncheon was provided for the men by the Legion and the party will return to the city on this afternoon's train.

At the conclusion of the concert in the Westholme Theatre last night the Curlew's brass band, under Bandmaster Petty Officer Mann, proceeded to the headquarters of the Canadian Legion where they gave an impromptu concert which was much enjoyed by the large gatherings of sailors and war veterans present.

CAPTAIN'S QUESTS

Mr. and Mrs. Fred Stork and Lieut. and Mrs. R. P. Ponder were the guests of Capt. H. D. Bridges, C.V.O., D.S.O., R.N., at dinner aboard H.M.S. Curlew last night. After dinner they were the guests of the commander at a box party in the Westholme Theatre to witness the concert put on by the ship's concert party.

SERVING THE DOMINION, THE PROVINCE AND THE LOCAL COMMUNITY

FROM the high tides of the Bay of Fundy on the east to the rocky shores of British Columbia on the west, there is scarcely a community of importance in the whole Dominion which is not served by the Bank of Montreal.

In every section of the Dominion the bank has a complete organization giving careful attention and prompt service to the banking requirements of the public, while each branch serves promptly and adequately the people of its own community.

BANK OF MONTREAL
Established 1817

Total Assets in excess of \$750,000,000

CHANGE TO OIL

The advisability of converting the heating system of the hospital from coal to oil burning was mentioned at the board meeting last night, it being claimed that a considerable saving in fuel cost might be possible if such were done. The question was left to the house committee for further investigation.

ACTIVITY ON ISLANDS

The steamer Prince Charles loaded 1,100 cases of this season's pack of spring salmon at the plant of the Langara Fishing and Packing Company, New Massett, on this trip. The Buckley lumber mill at Port Clements is now running full blast some sixty men being employed.

BAYMAUD AT BARROW

The Hudson Bay Co.'s auxiliary schooner Baymaud, which called here a month ago en route north, arrived at Point Barrow yesterday on her way to Coronation Gulf and points eastward in the Arctic Ocean.

Court of revision consisting of the mayor and four of the aldermen sat this morning and approved the assessments in connection with local improvements bylaws to a total value of about \$50,000. Thomas Trotter appeared to make a protest but he was out of order, having not given the statutory notice of appeal.

ELECTRICITY AND THE FARM

Electricity is Not Yet Accomplishing all it Can for Agriculture

The day has long since passed when the farm was cut off from all the comforts of city dwellings, but the day has by no means yet completely dawned when electricity is accomplishing all that it can accomplish for agriculture, says the Christian Science Monitor editorially.

The reason for this is largely the great cost involved in the use of this form of power. A farmer must pay \$500 to \$1,000 cash in advance to get his farm equipped for service and does not own the equipment at that, and if on top of that he must pay from fifteen to twenty-five cents a kilowatt hour for the current, it makes the cost of the service so high that it absorbs all the advantages.

It is with this thought in view that the Public Ownership League of America has published an article on the subject of "Electricity on the Farm." What is needed, it says in part, is electric power for the farm at cost, "and the cost kept down to the minimum." It urges that there are five ways in which such a result can be accomplished. These are municipal service, co-operative public ownership, rural power districts, state ownership, and federal power systems. And it states that, for details regarding any one of these methods, or for copies of bills and data as to the achievements and the tremendous possibilities in this field, interested parties are referred to the Public Ownership League of America, with headquarters in Chicago. Electric power at cost, it is the contention, well based, apparently, on facts, will revolutionize conditions on the farm and restore American agriculture to its proper place in social progress and prosperity.

COURTS ARE NOW MORE TOLERANT

Petting and Cocktail Parties, Nude Dances, etc., Win Recognition

NEW YORK, July 22.—The extent to which the invading manners and customs of a new generation have been accepted as part of the modern scene has been strikingly reflected, in a New York at least, in that traditional last resort of conservatism—the court.

Many of the new practices—the public petting party, the cocktail party, the "nude art dance" and its older and somewhat out-dated sister, the "hootchie-kootchie"—have won recognition and toleration in judicial decisions.

One magistrate summed it up in a dictum that years ago such conduct "might have been wrong, but now the people want it."

Max D. Steuer, one of the leading members of the New York bar, in a divorce suit said the "lounge lizard" has become a "welcome consort for wives of tired business men," and conduct which a few years ago would have branded a married woman as a social outcast is now accepted as conventional.

Women's Rights

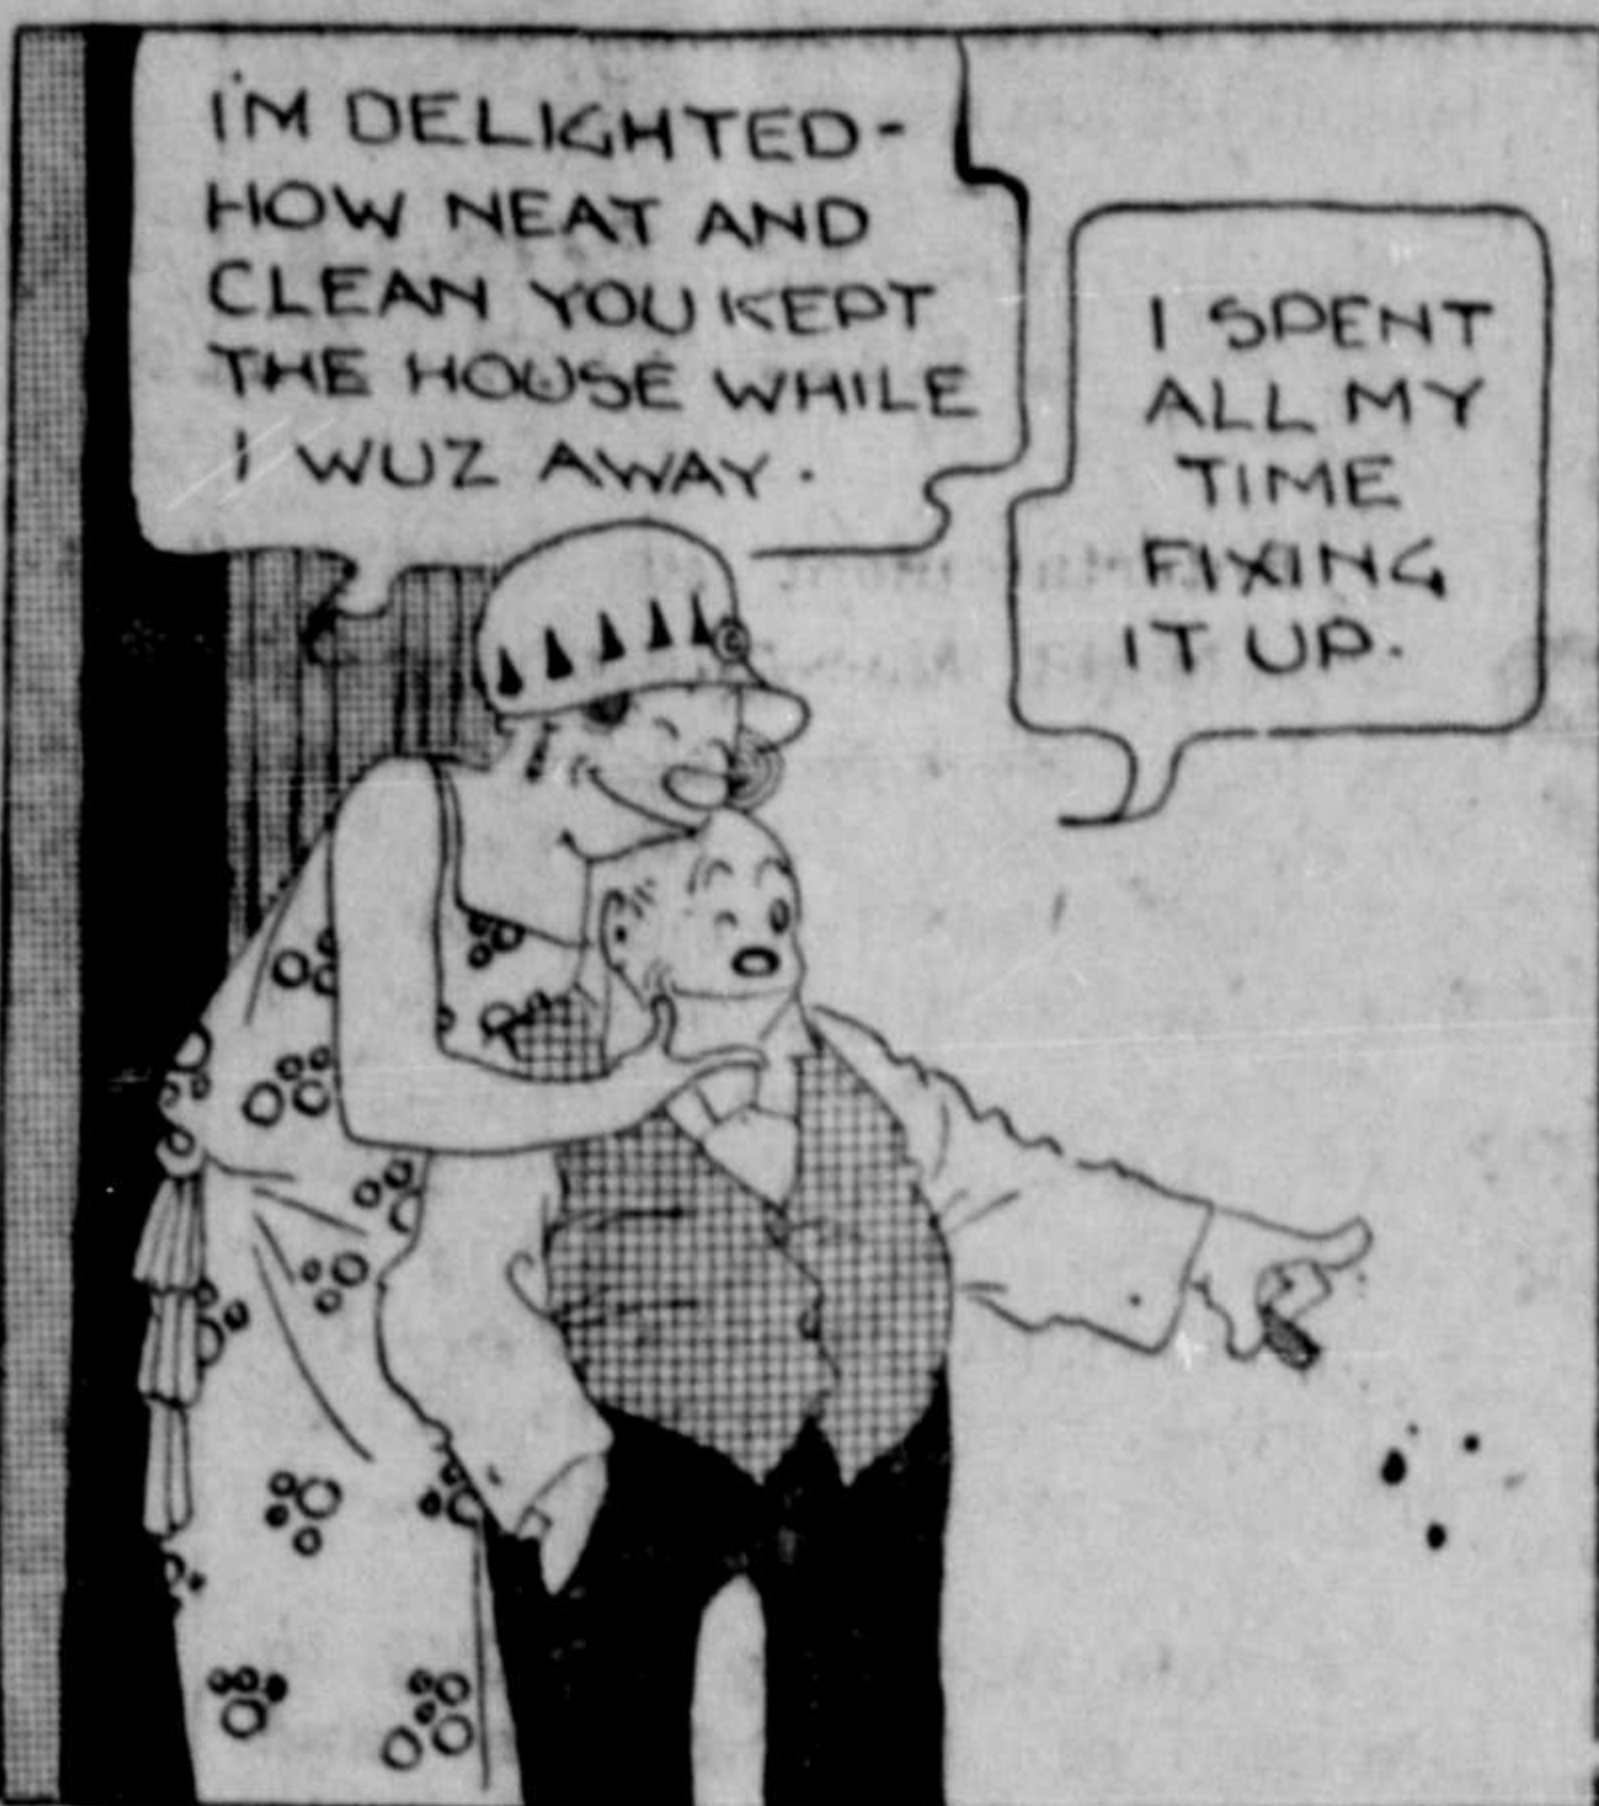

"Women's rights have grown," his brief stated, "and their political franchise is only a part of their privileges and prerogatives. Cocktail parties are given almost daily in social circles like those in which both plaintiff and defendant lived. So-called petting parties are no longer a badge of meretriciousness or cause for social ostracism."

Justice Ford heard testimony that the woman defendant in the case and a co-respondent had been seen breakfasting together in negligee, and kissing, and that she spoke of "cocktail parties" they had attended.

The Justice, who has taken an active part in campaigning against indecent literature declared: "Many things the girls and young women do nowadays are so easily misconstrued, especially by us old fellows, and yet they are perfectly harmless." As for "cocktail parties," he added, "why, even my daughter tells me about them."

Once upon a time Broadway whispered about a theatrical production which had introduced

BRINGING UP FATHER

By George McManus

a chorus in tights. The other day a New York magistrate ruled that, in a certain current production in which a young woman appeared in raiment "so scant and frail as in law to be ignored," exposure of the person was not unlawful.

Common Exhibitions

"A society is not corrupted," Magistrate Gordon held "by exhibitions, to which it has become quite accustomed and which it accepts as common." He pointed out that "the whole effect is not unlike that which may be seen in paint, marble, or bronze, in nearly every art gallery."

Magistrate Brodsky applied the morals of Broadway to the less expensive Eight Avenue theatres.

"The poor man wants to see the young ladies shake the shimmy as well as does the rich man," he declared. "Years ago such a performance might have been wrong. But now the people want it."

Not so long ago, the stage seldom echoed anything stronger than "by crickety." After vaudeville had led the way, the legitimate theatre began to produce plays with "realistic dialogue." Certain plays attract large crowds partly because of the fame of their "shockers."

Social Decadence

Pulpits rang with denunciations of the "social decadence" revealed at the Thaw trial; yet the episode of Earl Carroll's recent "bath tub party" passed in comparative silence as far as it concerned the attendance of prominent men and women.

Indignation last year revived the play jury system to pass upon the alleged obscenity of Broadway productions. This year only three charge were brought against performances. Only one resulted in a conviction.

Magistrate Gordon in the "Broadway Eye" case, summed up with the statement: "While a prudent court might be shocked, I am inclined to hold that present-day standards do not reasonably permit of condemnation."

Mrs. Frank Dibb and daughter, Miss Winnie Dibb, will sail Saturday evening on the Prince George for Vancouver on a holiday visit. Miss Dibb, who is a member of the hospital nursing staff, has been ill lately.

Max D. Steuer, one of the leading members of the New York bar, in a divorce suit said the "lounge lizard" has become a "welcome consort for wives of tired business men," and conduct which a few years ago would have branded a married woman as a social outcast is now accepted as conventional.

PRINCE RUPERT BEATS CURLEW

Scored Another Football Victory By Winning 2 to 1 Last Night.

In a good game of football at the Acropolis Hall grounds, last night before a large crowd of fans, the Prince Rupert city team again defeated a team from H. M. S. Curlew by a score of 2 goals to 1. Both teams showed improvement in play over the previous game and some good combination was displayed.

The sailors kicked off with the grade in their favor and took due advantage of it. After a series of tussles, the Jackies worked the ball up the field when their centre forward made a beautiful drive from some 25 yards out and landed the ball right in the corner of the net. At half time the score stood 1-0 in favor of the sailors.

Second Half

In the second half the city team took the initiative, and speaking generally, had the better of the play. Sam Currie, playing at centre half for the city, made a neat drive when some distance from the opposing goal and beat the sailor's custodian by placing the ball in the corner of the net. As the result of a corner kick, Norrington, in the city's forward line, made a great kick and was successful in placing the ball, with a fine screw shot, right in the corner of the Jackies' stronghold.

The outstanding player on the field was Sam Currie in the city's half back line, who put up one of the best exhibitions of football seen on the local field for a long while. Leading Seaman Edwards handled the whistle in an efficient manner. A. Clapperton and a member of the warship's crew officiated as linesmen.

The city team took the field as follows:
A. Murray, goal; Haig and Vic Menzies, backs; G. Mitchell, Sam Currie and Pat O'Donnell, half backs; Russell, Johnson, Dickens, W. Mitchell and Norrington, forwards.

TRAP SHOOTING

At a shoot of the Prince Rupert Gun Club on the Park Avenue range last night the following scores were made:
J. Scott 23
E. C. Gibbons 20
J. Keefe 19
J. Taylor 17
R. J. McDonnell of Stewart arrived in the city on the Prince Charles this morning.

HOSPITAL BD. HAS MEETING

House Committee Authorized to Proceed With Various Improvement — Financial Report for June

The regular monthly meeting of the hospital board was held in the hospital last night. Those present were President S. K. Campbell, Vice-president J. H. Thompson, Ald. M. M. Stephens, C. H. Elkins, S. D. Johnstone, Mrs. D. W. Morrissey, Miss Jean Harrison, R.N., lady superintendent, and H. W. Birch, secretary.

There were several communications regarding payment for hospital treatment. The Department of Soldiers' Civil Re-establishment sent a check covering the treatment of a returned man who had died and there were letters from the Department of Marine and Fisheries regarding the accounts of two men from the lighthouse tender Newington which the board is attempting to collect.

The house committee recommended the expenditure of some \$600 in connection with the diet kitchen including the enlargement of the present kitchen on the main floor and the installation of a new electric stove. The house committee's report, which was adopted, also recommended the installation of new pipe in the basement so as to improve the water pressure throughout the hospital, the addition of a second Coolidge tube in the X-ray department at an estimated cost of \$150 to be used in case of emergency, the improvement of the electric light fixtures and the floor of the Nurses' Home and the purchase of new fracture cradles and certain surgical equipment.

In connection with the X-ray department it was pointed out that it was more than paying its way and a possible breakdown would be prevented with the purchase of the new Cool-

Condensary at South Sumas, B.C.

STC 8-24

The house committee also recommended that the substitute cook in the hospital be paid \$80 per month and the cook's helper, \$50. Tenders for milk and cream supply had been called the report stated, and that of the Valentin Dairy had been accepted. The tender of Walter Longwill for a boiler had been accepted.

Need of Fracture Cradle

Speaking of the necessity for new fracture cradles, Miss Harrison told the board of a case of a youth from Stewart who had fallen forty feet from an ore bucket, breaking both legs and the thigh as well as an arm and shoulder. In such a case as this, the patient was powerless to move and a fracture cradle was necessary to give relief. The present equipment, it was stated, was becoming worn out and useless. The house committee was also authorized to proceed with the work of making a new sidewalk entrance to the nurses' home, this being necessary since the grading of Fourth Avenue.

The report of the finance committee for the month of June showed receipts of \$3,829.85 and expenditures totalling \$1,928.87. There had been 1393 hospital days at an average cost of \$3.47. The cost had been higher than usual on account of various extraordinary expenses that had been met including half the cost of painting the building and taxes.

WATER NOTICE

Diversion and Use TAKE NOTICE that Somerville Cannery Company Limited, whose address is Gore Avenue Wharf, Vancouver, B. C., will apply for a license to take and use 25 gallons per minute of water out of an unnamed stream, which flows northerly and drains into Ferguson Bay, Masset Inlet, about 30 chains west from N. TAKE NOTICE that Edwin Jules Eggert of Allin, in the Province of British Columbia, occupant operating tourist launch intends to apply for permission to purchase the following described lands:— Commencing at a post planted at the southeast corner of Allin Bay, Allin Lake, situated as above, thence following the shore line west 30 chains; thence south 90 chains to take east 30 chains; thence north 20 chains, to point of commencement. EDWIN JULES EGGERT, Applicant. Dated May 10, 1926.

CURLEW GIVES FINE CONCERT

Entertainment at Theatre Last Night Was One of Best Seen Here For Long Time.

Music, mirth and melody were dispensed in plentiful quantity last night in the Westholme Theatre to an appreciative Prince Rupert audience by the brass band, concert party and "Tintown Hummers" of H. M. S. Curlew. The entertainment was a really splendid one, one of the best of its kind that has been presented here in many a day. In fact, H. M. S. Curlew has a group of musicians and comedians that would go over strong anywhere. The entertainment was largely in the nature of a burlesque, though there were splendid vocal selections and harmonious musical strains by the brass band and the "Tintown Hummers," themselves, with their odd ship-made instruments, played many popular numbers to good advantage. The concert was under the auspices of Prince Rupert branch of the Canadian Legion of the British Empire Service League with the permission of Capt. H. D. Bridges, C.V.O., D.S.O., R.N., commander of the Curlew.

Overtures and intermission musical numbers were rendered by H. M. S. Curlew's brass band. Not a very large organization, the quality of the music was, however, of a high standard.

Concert Party

The concert party, in pierrot costumes, with songs, recitations and patter, delighted the audience with two appearances during the evening. There was a large amount of comedy work, while the various singers, in ballads, etc., were very pleasing indeed. Perhaps the funniest of the lot was Able Seaman Proctor in "I'm a Looney" and "Hi Tiddy Li Island." Leading Seaman Edwards' "spasms" were another mirth-provoker. A pantomime, "The Aste Visit," was also creditable. Others in the concert party whose solo work, etc., was of a high order were Shipwright Roach, Marine Hodgson, Able Seaman Tribe, Engineer Room Artificer Rhodes, Engineer Room Artificer Kimber and Stoker Chief Petty Officer Boswell. Leading Seaman Edwards showed his versatility as a dancer in a hornpipe and in comical feminine disguise in a so-called ballet in which Able Seaman Johnson took the part of the male partner. Ordnance Artificer Aheldon was piano accompanist. The "Tintown Hummers," who gave "Interpolations on a Lethal Chamber Musical Program," the artists being in all manner of comic garb, comprised Telegrapher Hall, pianist; Sig Butler, organizer; Leading Telegrapher McArthy, Leading Telegrapher Brightman, Leading Signaller Prickett, Leading Seaman Roberts, Able Seaman Neal, Able Seaman Diamond and Able Seaman Brighton.

Expresses Appreciation

The general manager of the concert was Lieut. Grant, R.N., with Master at Arms Cronley as stage manager and Petty Officer Mann, bandmaster. Before the close of the entertainment, C. L. Youngman, president of the Canadian Legion, from the stage expressed the appreciation of the Legion and the audience of the splendid program had had been rendered. The audience practically filled the theatre.

At the conclusion of the performance the personnel of the concert party was entertained by the Canadian Legion with a repast in the St. Regis Cafe.

ELEVATORS FOR JAPAN

Will Reduce Costs Even in Country of Low Wages

The Mitsui and Company are building a grain elevator of about 1,500,000 bushels capacity at Kobe, and same will be ready for use about October. The company are also constructing a wharf and warehouse at Yokohama and will later construct an elevator there also.

Importers of grain in China and Japan predict heavier importations from Canada during the coming season, some estimates naming double the quantity taken this year. Grain is shipped in bulk from Vancouver and is unloaded at port of des-

GENERAL HOSPITAL RECEIVES DONATIONS

One Hundred Dollars Given By Sunnyside Cannery and \$10 By T. Fuse.

Donations of \$100 from the Gosse-Millerd Cannery Co. and \$10 from T. Fuse, a local Japanese, were reported at last night's meeting of the hospital board and were acknowledged with a vote of thanks in each case. The donation from the Gosse-Millerd Co. was enclosed in a letter from J. Field Strang, manager of the Sunnyside Cannery, which stated that it was only a small expression of the appreciation in which the Prince Rupert General Hospital and its staff was held by the company.

JAPAN REVISES BANKING LAWS

Commissioner Plans Survey of Other Nations' Methods.

TOKYO, July 22.—Revision of the banking laws and other laws regulating finance in Japan is to be undertaken following a prolonged period of investigation and study by a commission appointed by the government for this purpose. It is possible that the results of the investigation will lead to a drastic revision of the existing system of official and semi-official banks as well.

The commission, which is headed by Administrative Vice-Minister of Finance Den, will study the monetary systems of other nations with the view of obtaining ideas that will be practical and beneficial in Japan.

There is need for improvement in the laws regulating finance in Japan, according to Mr. Den. Existing regulations, which were made as the occasion required, are not adequate to the needs of the country and must be amended, improved and codified, he says. He believes this to be a matter of urgent importance for Japan at this time when the nation's economics and finances are proceeding gradually toward rehabilitation and the industrial development of the Empire is outgrowing its garments of former years.

No Boiling — No Rubbing Just Rinse with Rinso

A package of Rinso is a package of miniature soap bubbles.

You simply dissolve for 25 seconds the tiny bubbles in hot water, soak the clothes a couple of hours, or overnight, rinse them well in clean water and—that's all.

Result—clean, sweet-smelling clothes, hours of time saved and the hand work changed to just rinsing.

Rinso dissolves the dirt, you rinse it out.

You will never know how easy it is to do the washing until you've used Rinso, the greatest time and labour saver the housewife has ever known.

CUP IS OFFERED FOR BEST LADY SWIMMER

Dr. R. E. Eyoifson Donor of Trophy That is Being Put up

Dr. R. E. Eyoifson, the local chiropractor, has donated a silver cup to the Prince Rupert Swimming Club, to be put up in annual competition for the best lady swimmer in a 50 yard race. The cup must be won three times in succession by the same competitor before it can be retained.

The cup stands some 8 or 10 inches in height and is a splendid looking trophy. It may be seen in the window of R. W. Cameron's jewellery store.

WATER NOTICE

Diversion and Use. TAKE NOTICE that Standard Mines Corporation whose address is 626 Pender St. West, Vancouver, B. C., will apply for a license to take and use 2,000 miners' inches per day of water out of South Fork of McNamee Creek, which flows easterly and drains into Dease River, about sixty miles north of Dease Lake.

The water will be diverted from the stream at a point about three miles up the south fork from its mouth and will be used for mining purposes upon the hydraulic placer leases of McNamee Creek. This notice was posted on the ground on the 24th day of June, 1926.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Atlin. Objections to the application may be filed with the said Water Recorder or with the comptroller of Highways, Parliament Buildings, Victoria, B. C., within thirty days after first appearance of this notice in a local newspaper. The date of the first publication of this notice is July 2, 1926.

LAND ACT.

W. corner of Lot 1571, Queen Charlotte Islands District, thence south 20 chains, thence west 20 chains, thence north to High Water Mark; thence easterly along High Water Mark to point of commencement, and containing 80 acres, more or less.

FRANCIS MILLER, Applicant. Dated June 14th, 1926.

BEER PARLORS' END IN SIGHT

So Says Provincial Prohibition Organizer in Speaking of New Westminster Plebiscite.

VANCOUVER, July 22.—"It really means the beginning of the end," said Rev. R. J. McIntyre, provincial organizer of the British Columbia Prohibition Association, in commenting on the result of the plebiscite in New Westminster when the beer parlor proposal was rejected.

"The wets selected a time for the plebiscite when it was hot and when many people were away from the city and sprang the vote upon us in a hurry. Under those circumstances, our victory is all the more gratifying. We feel that we could do the same thing anywhere in the province if we selected the time. We hope to select the date, or somewhere near the date, for a vote on the same question in Vancouver."

WEATHER REPORT

WESTHOLME THEATRE THURSDAY ONLY, 7 and 9 P.M.

"Bluebeard's Seven Wives"

A comedy-drama brimful of laughs. The photoplay that proves wifely affection multiplied by seven becomes strife and affliction. Some sheik. It got so that when a girl looked into his eyes she wanted to swap her apartment for a tent, trade the Packard for a camel and try house-keeping on the Sahara. When a husband divorced his wife in Turkey he threw her through a window, but there were no windows in Bluebeard's house—only wives and more wives, woe and wailing. Come and get some real laughs. Strong cast.

Ben Lyon, Lois Wilson, Sam Hardy, Dick Bernard, Wilfred Lytell, Blanche Sweet, Dorothy Sebastian, Diana Kane and others.
