MEIGHEN OPENS HIS CAMPAIGN IN OTTAWA

CORRESPONDENCE BETWEEN EX-PREMIER AND BRITISH OFFICIALS PUBLISHED

Conservative Leader Makes Bitter Attack Condemning Liberals

Dealt with revelations of customs committee and constitutional question in speech last night

OTTAWA, July 21.—Commencing his coast-to-coast election campaign, Premier Meighen last night charged the King government with bungling in every attempt to initiate important legislation with the result that it had been compelled to reverse proposals and withdraw bills. In the main, Mr. Meighen dealt with the customs revelations and the exceptional issues raised by the Liberals.

"Do you believe," he asked his audience, "in a government that is responsible for frauds unnumbered, responsible for the loss of millions of money belonging to the Canadian people, responsible for the wrecking of the livelihood of thousands of our workers by competition with smuggled goods, and responsible for the utter collapse of the Department of State? Do you think that such a government should get a certificate of character in the forthcoming election?"

Dealing with the fact of "The name of the King's representative being flaily challenged by Mr. King on the floor of the House of Commons," Mr. Meighen said: "As a matter of truth, there is no constitutional issue. Never in the history of any parliamentary government, as we have it today, has any Prime Minister demeaned himself to ask for dissolution while a vote of censure was under debate."

Mr. Meighen stated that it was not to plead his cause that the former premier had asked for dissolution, but "to choke and strangle Parliament and prevent it from expressing its will."

Fishing is Better Than Last Season.

Last season fishermen did pretty well on the Skeena River and also on the trolling grounds. This year trolling has not been so good, but so far the catch of salmon in the Skeena exceeds the catch of last year. This is particularly true of sockeye, which are the expensive fish. On the Naas River the sockeye catch is also ahead of last year. This means that there should be some money to spend when the season is over. The high price of fish is good for the community.

Melvor Article Worthy of Attention.

The article on the Prince Rupert elevator republished yesterday from the U. F. A. is one of the best advertisements Prince Rupert has had. But more than that it is an indication of what George Melvor, sales manager of the Wheat Pool, thinks of it and of the interest he is now taking in this port.

Those Prince Rupert people who did not read the article yesterday should do so now, unless they fear to get enthusiastic over the possibilities of the port.

Bowser is Wise in Keeping Out.

Mr. Bowser is wise in keeping out of the constituencies of East Kootenay and Comox-Alberni. Not relishing being beaten, the former premier has a firm negative for those who urge him to place his head in the lion's mouth. It might be different if they offered him a seat which was reasonably sure instead of asking him to take up a losing fight.

Time for Showdown, Says Edmonton Paper.

The Edmonton Bulletin, discussing freight rates, says: "Jerry" McGeer, counsel for the government of British Columbia, wants the railway commission to let him prosecute President Beatty, Vice-President McInnis and Director Tilley, of the C. P. R., for refusing to obey the order of the commission to haul grain and flour westward at the same rate per ton mile as grain and flour are hauled eastward.

Assuming that permission to prosecute rests with the commission, that body might do worse than grant such permission to Mr. McGeer, or anybody else who asks for it, and in reference to these or any other officials of either of the offending railway companies.

For the credit and standing of the railway commission, and still more in the interests of the public, it is vital that we have a "show down" on the question of whether an "order" from the commission is an order or only a request when it calls on the railways to abolish discrimination by cutting freight rates.

If the railway commission has power to enforce its orders, or to cause or permit them to be enforced, it is high time the board began to exercise its powers in that direction.

If the commission is only empowered to issue suggestions which the railways may or may not obey as they choose, the tax-paying patrons of the railways might just as well be made aware of the unwelcome fact now as later on.

And if the way to get answers to this series of questions is by the process of prosecuting executive officials of the railways, then by all means let the prosecution proceed if it lands both railway executives in court.

PROTEST MADE BY DELEGATION

Charge For Nightsoil Collection is Dubbed Unfair and Repeal Asked of City Council

A delegation consisting of J. J. Gillis, W. H. Shortridge, James Black, Capt. J. Morrison, Frank Derry, Ben Dalgarno, A. C. Crompt and W. L. Sandison appeared before the city council last night and presented a petition signed by 325 persons protesting against the charge for nightsoil collection and asking for its repeal. After the delegation had been heard and some discussion had been indulged in by members of the council the matter was referred to the finance committee to be dealt with next Friday night with members of the delegation in attendance.

J. J. Gillis, the first speaker for the delegation, referred to the petition against the charge which had been signed by over 300 persons, the whole field having not even then been covered. It was felt that the charge was not in keeping with good judgment and, therefore, it was being protested against with the request that it be repealed. Public opinion against the charge he felt was becoming stronger. Opposition was not expressed against garbage charge because it was made generally all over the city. As the city as a whole had paid for the sewerage system it was felt that it was unfair to make a direct charge for nightsoil collection. A precedent was being established that might lead to further trouble. Already residents of outlying sections had enough taxes to pay without being saddled with the nightsoil charge.

Refuse Service

W. H. Shortridge read and presented the petition to the council. After referring to the alleged unfairness of the nightsoil charge, the petition stated that, if the charge were enforced, a sewerage system would be demanded. Speaking personally, Mr. Shortridge stated that if he were compelled to pay the charge, he would not take the service but would look after the convenience himself. He claimed that the charge was an injustice and stated that the petition though not yet complete had been signed by 325 residents.

James Black stated that the petition had only been circulated in Sections 2, 6, 7, and 8. Many names could have been obtained in Section 1 where the petition had not been circulated.

Ald. Casey stated that the charge complained of had not been conceived with any desire to shove the burden on the outlying sections of the city but rather as a measure to assist in keeping down the rate of taxation. Further it had been felt that the charge covered a personal service. It was a difficult matter to fly in the face of public opinion but he did not see how any relief could be given this year as this council had already taken into consideration in connection with the year's estimates the money that would be derived from the charge. He did not see how the charge could be repealed unless some other practicable means of raising the money could be devised. The council had gone into the matter with its eyes open and he was willing to take his share of responsibility. He was not yet satisfied, however, that it was not a proper charge and he could not see his way clear to support a repeal of the bylaw.

Did Not Know

Ald. Larsen said that, as far as he was concerned, it was a question of whether the charge was fair or unfair. When the bylaw passed the council he had understood that Section 1 had paid for its own sewerage system but since he had found that the Section 1 sewerage system had been paid for by the city as a whole which was still paying for interest and maintenance. Therefore he could not see that it was fair for the outlying district to be charged direct for nightsoil collection when they had already paid a share of the sewers that had been built. Since so many people were opposed to the nightsoil charge, the general consensus of opinion must be that it was an unfair charge.

Ald. Jos. Greer felt that there were several angles to the question which must be given consideration. This he thought could best be done by referring the matter to the finance com-

mittee to confer with the delegation and he so moved.

Ald. W. J. Greer seconded the motion that the matter be referred to the finance committee and further referred to the fact that the charge made the taxes of people in Section 6 without sewerage facilities higher than those who had such convenience.

Private Sewers

Ald. Brown felt that it was unfortunate that Ald. Larsen did not have the correct information at the time the bylaw was passed especially when Ald. Casey had predicted at that time that it would be an unpopular measure. He did not see what could be done in the way of repealing the bylaw as the money to be derived from it was now being figured upon in connection with the year's business. Ald. Brown further referred to the many private sewers in the city that had cost the people who built them a great deal of money. It would not be fair to tax them for nightsoil collection as would be done if it were met by general taxation rather than by a private charge.

Ald. Casey was opposed to the matter being left to the finance committee. It was up to the council he felt to make a decision and it might as well deal with the question right now.

After some further discussion it was decided that the finance committee would deal with the question and the delegation was invited to attend a meeting in the mayor's office on Friday evening.

EVENING WITH WAR VETERANS

Canadian Legion Gave Smoking Concert For Curlew's Officers and Men.

A splendid evening's entertainment was staged by the members of the Canadian Legion in their hall last night in honor of the officers and men of H. M. S. Curlew. An excellent program of music, songs, recitations, cornet solos, etc., had been arranged and the spacious hall was packed to overflowing. Charles Youngman, president of the Canadian Legion, occupied the chair.

In fitting and brief speeches the president and Col. J. W. Nichols, officer commanding of the First North B. C. Regiment, welcomed the visitors. The musical program opened with community singing, accompanied by Syd. Thompson at the piano. W. Vaughan Davies acted as piano accompanist for the songs. Those taking part in the concert included Bob James, comic songs; Frank Morris, songs; Wright Davies, recitations; T. Black, songs; W. Rance, cornet solos; selections by Dickens' Lucky Seven Band; J. N. Kelley, songs; Bill Murray, songs; Bandmaster Wilson, cornet solo and song.

Capt. H. D. Bridges, C.V.O., D.S.O., R.N., commanding H. M. S. Curlew, received an ovation when he arose to address the gathering. In a brief speech the commander referred to the fact that they had all been looking forward to their visit to western waters where they expected to meet pleasant people and see pleasant faces. They had not been a bit disappointed. In the Old Country there seemed to be a rather exaggerated idea given by the movie people of what Canada really was like, but now that they were on the ground they could see for themselves just what Canada did look like. Captain Bridges remarked with humor that the movies referred to had mostly come from that great country which had appropriated to itself the term of "Americair."

American Consul Wakefield replied to Capt. Bridges' address in his usual humorous vein. In the course of his address the consul jokingly said that he was not responsible for the tastes of the British public in movie pictures. He referred to the visit of H. M. S. Curlew which represented the great prestige of the British navy and said he had been stationed in South Africa and India himself, where he had always received the greatest amount of courtesy and hospitality from the members of the fighting services.

Fred Stork also spoke on the prestige of the British Navy and what it had accomplished in the Great War. Mayor Newton, in a short address, said how glad he was to join in the welcome to His Majesty's ship and spoke of the good work the Canadian Legion had always done in the reception of visitors of the fighting services of the Empire. He was inclined to think that if it had not been for the efforts of the Canadian Legion that receptions of this nature would have fallen flat sometimes. C. H. Orme also spoke briefly.

At the conclusion of the speeches, the gathering stood to attention and sang "God Save the King," thus bringing to a fitting close a delightful evening of entertainment and goodwill.

The committee responsible for the success of the evening included H. Shaw, S. Marshall, Joe Hutchinson, assisted by Norman Shortt, J. Judge and W. Rance.

YOUTH SUBJECT WORLD PARLEY

Twenty-Three Canadians Will Attend Gathering at Helsingfors, Finland, in August.

TORONTO, July 21. (Canadian Press)—The boy of teen age will be studied intensively and plans for his development and welfare will receive discussion at the world conference of older boys to be held at Helsingfors, Finland, from August 1 to 6, under the auspices of the world council of the Young Men's Christian Association. Twenty-three countries will be represented among the 1,500 delegates, of whom a large proportion will be young men.

Twenty-three members of the Canadian Y. M. C. A. will represent Canada. The official delegates are H. Ballantyne, general

secretary, and L. A. Buckley, national secretary of boys' work. Other Canadians going to the conference are as follows:

Morris McWilliams, president of the National Council, Frank Fiddler and E. A. Lund, of Winnipeg; Walter S. Owen, Vancouver; E. J. Taylor, G. S. Mooney, H. M. Estaji, John Smiley and A. A. Milson, of Montreal; H. B. Hicks and J. J. Fay, Bridgetown, N. S.; W. K. Fay, Halifax; Prof. Lane, Mount Allison University, Sackville, N. B.; Gordon Lapp, Brighton, Ont.; Harold Vaughan, Kitchener, Ont.; R. Swayne, London, Ont., and Robert Drummond, Guy Monypenny, W. H. Woodrow, F. H. Jacobs and Oscar Pearson, of Toronto.

Half of the Canadian delegation are under 25 years of age, and outstanding among the younger contingent are Gordon Lapp, of Brighton, Ont., and Frank Fiddler, of Winnipeg. Mr. Lapp will address the conference on "The Youth of Canada." He has had a prominent part in the Ontario Older Boys' Parliament. Mr. Fiddler, who is still in his teens, has led in the promotion of boys' work in Manitoba, and has been foremost in the Manitoba Boys' Parliament. He will represent the three prairie provinces.

A questionnaire circulated among boys all the world over, during the past few years, will be complete for the attention of the conference. It will afford a comprehensive view of the mind of youth, it is believed, and thus aid greatly in the formation of youth development programs.

VARIED PHASES OF FISHERIES

Rev. G. G. Hacker Describes For Church Publicity Department Work of Missions of Skeena

Under a Vancouver date line the following is sent out by the publicity department of the United Church:

The northern salmon fishing of British Columbia with its aeroplane patrol, revival services, bootleggers and several varieties of policemen and missionaries is in annual swing again. Its characteristic features are described, from a viewpoint, of course, by Rev. George G. Hacker of Prince Rupert. He writes graphically enough, dealing with many phases of this great national industry.

Closed Season
The boom of the cannon announces that it is six o'clock on Friday night and that no more hour on Sunday as yet. More salmon shall be caught until the same hour on Sunday night. Thus for forty-eight

hours the spawning fish will wend their way up the rivers, none hindering the laws of God's seedtime and harvest. Four years later the sons and daughters of these same fish will come to these rivers to deposit the eggs from which the next generation will be hatched.

The week end closed season is announced by four other agencies. Three sea planes are whirling overhead, patrolling the waters of the Naas and Skeena Rivers. They will bring speedy justice to all who dare to fish for the next two days.

Hare and Hounds
The bootlegger has also arrived with a heavily-laden suitcase or trunk full of liquor, which duly bears the government stamp. He is steadily preparing to dispose of his wares from some unused shack or boat. He operates very heavily on Friday night when many fishermen, who have lived for five days in a small boat are glad to throw off restraint and have a celebration. These celebrations end in sore heads, broken jaws, beaten wives and drownings.

The officers of the law are much in evidence on this closed season. Three varieties of them are noted, the mounie, who looks for stills the provincial policeman, who looks for white drunks and bootleggers; and the Indian department constable, who looks for natives who drink "fire water." It is hard to "prove a sale," but some of these men do good work while while others are as blind and helpless as the famous "Three Blind Mice." A blind policeman cannot find a "blind pig."

Chaplains and Workmen
The missionaries are also present. They face a great challenge. The bootlegger makes criminals, the officers of the law punish criminals, but the missionary alone labors to prevent men from becoming criminals. Thus the missionary feels a great challenge and also a tremendous responsibility.

June sees only a very few hundred people scattered along the Skeena River canyons. July sees four thousand people interested in the fishing settled in the same territory. There is only one resident minister in all that territory. Volunteers from other fields take their turns. The mission boat, Thomas Crosby, last year spent six weeks with us and six ministers gave up their vacations and spent the time in giving services to the cannery workers. We will do better this year.

SAPIRO DELIVERS AN ADDRESS TO FARMERS; SUBJECT, CO-OPERATION

SASKATOON, July 21.—While an audience estimated at 2,000 in the main body and corridors of Third Avenue United Church, and an overflow crowd in the basement auditorium, sat wrapped in attention, Aaron Sapiro, builder of the Saskatchewan wheat pool, pleaded with profound earnestness for unity among the Saskatchewan farmers, at a public meeting held under the auspices of the Farmers' Union of Canada.

"My sermon to you is this: Let nothing stand in the way of uniting your farm organizations," he said. "I plead with you not to lose that co-operative spirit. In two years you have made yourselves the envy of the world by reason of what you have accomplished by means of your pool. I shall not rest content until you have fostered that spirit to the extent that on every Saskatchewan farm, in every Saskatchewan home, there shall be the true spirit of co-operation, the co-operation of human life, as you have co-operated in the wheat pool."

At the conclusion of Mr. Sa-

piro's address he was given three cheers and a tiger.

GYRO CLUB IS WINNER AGAIN

Defeated Grand Terminals at Baseball Last Night By Score of 7 to 3.

In a senior League baseball game last night the Gyros defeated the Grand Terminals by the decisive score of 7 runs to 3. It was a good game of ball, played before a fair crowd of spectators. For the Grand Terminals Wallis was pulled out of the box and replaced by Gorlion. The G. T.'s made two of their runs in the first frame and one later. The Gyros got six of their runs in the fourth innings and one in the fifth.

H. Frizzell umpired balls and strikes and L. Astoria baser. Following were the teams: Gyros—McKown, c.; Schenker, p.; Frizzell, 1b.; G. Mitchell, 2b.; Haveland, 3b.; Moran, ss.; Skinner, cf.; J. Tite, rf.; Hill, lf. Grand Terminals—B. Astoria, c.; Wallis and Gordon, p.; Stork, 1b.; Gordon, 2b.; Delcourt, 3b.; Wallis, ss.; Wall, cf.; Sloan, rf.; Robertson, lf.

TENNIS FINALS LAST EVENING

Miss Mitchell and Miss Tremayne won Ladies' Doubles and Marentette and Robertson, Men's.

Miss Caroline Mitchell and Miss Pete Tremayne won the ladies' doubles championship of the city last night by defeating Mrs. S. P. McMordie and Miss Virginia Riel 8-6, 6-3.

Marentette and Robertson won the men's doubles championship by defeating Campbell and Carmichael 2-6, 6-2, 6-3.

Tonight the mixed doubles finals and men's singles finals will be played at the Prince Rupert Tennis Club courts.

SPORT CHAT

In sporting circles as well as elsewhere in Prince Rupert the Jack Tars from H.M.S. Curlew are being given an enthusiastic welcome this week. The sailors were unable to win the first game from Prince Rupert Monday night but it must be remembered that they only landed that day and had not probably got into their land feet yet. At that they put up a good game and gave the locals some real competition. In the game tonight they will probably make a better showing. A good game is promised and there will probably be a large crowd on hand to witness it.

Local boxing fans will look forward with a good deal of pleasure to the visit in the city during Exhibition Week of Vic Foley, Vancouver's star boxer. Plans are being laid for him to meet Jackie Newman of Edmonton who gave him a good run for his money recently in a fifteen round bout, only losing by a decision. The two are to be matched here in a ten-round contest which will be the most

LORDS AGAINST LADY MEMBERS

Peereesses Not Considered Fit to Take Part in Governing Country

(Manchester Guardian) The House of Lords has rejected for the third time a bill to enable peereesses in their own right to sit and vote in the House. Last session when the bill came up for second reading it was defeated by a majority of only two votes. If this represented an advance towards a more liberal opinion, there has been a big backsliding, for last week the division showed 80 for the bill and 125 against, an adverse majority of 45. The bill was an attempt to confer upon the House of Lords the benefit which the Commons already enjoys—the removal in some degree of the sex disqualification. It would have affected only twenty-two peereesses, and of these Lord Birkenhead, in a ruthless attack on the bill, said that not one would be nominated by any competent tribunal to sit in that or any other Legislature. Lord Newton criticised the bill with no less obduracy. He ridiculed the idea that the presence of the peereesses would increase the attendance of the younger peers: he thought that some "ladies from the chorus" would be more effective. The opposition, indeed did not move on a high level of debate, but it was evidently more in harmony with the prejudices of the House than the sober arguments of the champions of the bill.

HIGHER CHARGES FOR ALBERTA TELEPHONES

EDMONTON, July 21—Increased rates on government telephone lines throughout the province is the object of an application now before the public utilities commission. The application is being made by the Alberta Government Telephones, and increases are asked covering all rural and urban service, though not including toll or long distance rates. The increase requested will average 20 per cent., thus adding 50 cents to rural and residence exchange telephones and 75 cents and \$1 on business phones per month.

Hearing of this application will probably take place within the next 30 days.

PRESERVING SEASON ON

Many New Fruits Being Offered in Stores—Fresh Vegetables Also Coming in Quantity.

The preserving season is now on in full swing. Strawberries are practically over, preserving plums and apricots are now on the market, a limited quantity of Morello sour preserving cherries from Terrace are due to arrive within ten days, preserving peaches will be here inside of two or three weeks and Italian prunes will arrive in about three weeks' time.

The feature of the vegetable market is green corn on the cob, which is just in at 3 heads for 25c. The price will come down shortly. New articles on the vegetable market are also squash, vegetable marrow and outdoor celery.

There is no change in the retail market for butter, although the wholesale price has advanced slightly. Though the wholesale price may come down it is not likely to immediately affect the retail price.

The lard market has advanced in sympathy with all pork products and smoked meats in which there have been heavy rises.

There has been an advance in the egg market which is firm and, as is usual at this time of the year with heavy demand on account of preserving, there has been an advance in sugar.

NEWEST BOOKS BY CANADIANS

Nellie McClung Has "All We Like Sheep," and Number of Other Writers Busy.

TORONTO, July 21.—New books this autumn will include several by Canadian women writers. "All We Like Sheep," by Nellie McClung; "Blencarrow," by Isabel Ecclestone Mackay; "Blue Castle," a light story for grown-ups, by L. M. Montgomery (who has moved to Norval, Ont., and who is working on another "Emily" book); while a new writer, Constance Travers Sweetman, wife of the well known Winnipeg lawyer, has a "first book" entered, under the title of "Young Folk, Old Folk," a study of the young girl of today and her parents, Mazo de la Roche, who spends her summers always in a retreat in the woods of Clarkson, Ont., is the author of a book, "Delight," which came out a few months ago. In it a young English domestic is pictured, in Canadian days of twenty years ago, frankly in love with life and the homage it pays to beauty, but like a child, and so, often misunderstood, she unconsciously meets and faces dangers, hidden and revealed, in a way that should have been disarming, because of its naive charm.

Prize Winner

Barry, a member of the Canadian Authors' Association, Montreal branch, was the winner of the first prize in the Woodhouse Science Premium Award for the best poem in support of the assertion that "poetry is the experience of the attainment of knowledge which science pursues," in a competition conducted in co-operation with the Poetry Society of London, England.

NEW NOVEL COMING BY BRITISH WRITER

H. G. Wells Writing Three Volume Book Using Living Characters.

LONDON, July 21.—A feature of the new novel by H. G. Wells—"The World of Mr. Clissold,"—which is to be published by Ernest Benn, Ltd., in the autumn, will be the introduction of a number of living personages under their own names. It will occupy three volumes, which are to appear successively in September, October and November.

The "Observer" on Sunday published a long prefatory note which Mr. Wells has written for the book. Dealing in this with the introduction of characters, the author says: "It is a work of fiction, purely and completely. One thing which is something of an innovation has to be noted. A great number of real people are actually named in this story. It is, the author submits, impossible to get the full effect of contemporary life in which living ideas and movements play a dominant part without doing that. You cannot have a man like Mr. Clissold going about the world of today and never meeting anybody one has never heard of.

ECONOMY IS URGED ON ITALIAN PEOPLE

Avoidance of Feastings, Banquets and Costly Amusements is Urged By Leaders.

ROME, July 20.—The government continues to admonish the Fascisti and the general public to avoid unnecessary expense on feastings, banquets and costly amusements, urging the need of economy in every possible way, to increase home production and cut down imports so as to help stabilize the lira.

A similar note was struck at the opening of the National Institution for Exportation, which Benito Mussolini, the Premier, attended with the finance minister, Count Volpi.

Dr. Pirelli, whom Signor Mussolini charged with the organization of the institution, made a speech on the institution's scope and program.
