# LABOR WINS ANOTHER BRITISH SEAT

## WASHINGTON MEN GUILTY OF FRAUD AND CONSPIRACY

### Oswald Mosley Wins Handy Victory Over Both His Opponents

SMITHWICK, England, December 22.—Oswald Mosley, Laborite, was elected to Parliament over his Conservative opponent, J. M. Pike with a majority of over six thousand and a good plurality over both candidates by whom he was opposed. The vote was:

Mosley (Labor) ..... 16,077  
Pike (Conservative) ..... 9,495  
Bliss (Liberal) ..... 2,600

The contest was one of the bitterest and most spectacular in the history of British politics. The seat was formerly Conservative, the member retiring on account of ill-health.

Mosley is the husband of the daughter of Marquis Curzon of Kedleston. She took an active part in the campaign in support of his candidature.

### EDMONTON MAN IS SHOT DEAD AT HOOD RIVER

UNKNOWN ASSAILANT KILLED RAY PEPPER LAST NIGHT WHEN HE RESPONDED TO KNOCK AT DOOR

HOOD RIVER, Oregon, Dec. 22.—Ray Peep, formerly of Edmonton, who had been ranching at Mount Hood, was killed by an unknown assailant last night when he opened his door to respond to a knock.

The slayer, according to Mrs. Peep, said when her husband opened the door: "Are you Ray Peep?" and her husband replied "Yes."

"Well, I'm from Canada and I want to tell you that you left my daughter a fix," the assailant replied, thereupon firing the fatal shot.

### PREMIER KING SAYS NOTHING

HAD NO ANNOUNCEMENT TO MAKE AFTER CABINET MEETING YESTERDAY—Gossip about QUEBEC JUDGESHIPS

OTTAWA, Dec. 22.—Premier King had no announcement to make at the conclusion of a cabinet meeting yesterday afternoon. It is possible that another meeting of the cabinet may be held before Christmas.

Two names are associated in political gossip with the vacancies on the Superior Court bench in Quebec—Hon. Wilfrid Gariepy of Three Rivers, who was formerly minister of municipal affairs in the Alberta government, and A. R. McMaster, K.C. —treas.

### MRS. GEO. DAVIS DIED SUDDENLY

HER SUDDEN DEMISE LAST NIGHT WAS SHOCK TO WIDOWER AND MANY FRIENDS

With tragic suddenness, the death occurred last evening in the Prince Rupert General Hospital of Emily Mary, wife of George Davis, 118 Eighth Street, city. She had been admitted to the hospital for an operation from which she unexpectedly failed to rally.

Deceased had been a resident of this city for many years and, being of kindly and generous disposition, was much esteemed amid a wide circle of friends who were distinctly shocked at her demise.

### \$100,000 FIRE IN CALGARY BURNED 3 LARGE BUILDINGS

CALGARY, Dec. 22.—Fire this morning gutted three buildings on Eighth Avenue, causing a loss of \$100,000.

### REPORT IS MADE ON WATERFRONT WATER QUESTION

BUT ACTION IS DEFERRED BY COUNCIL UNTIL NEXT YEAR

The following report on the waterfront water supply and fire protection question was submitted to the city council last night:

"In accordance with your instructions, I have called on all parties having leases of lands on the waterfront from Manson Way to the Dry Dock and explained the situation re none having adequate fire protection and stated that the city wished to co-operate with them in this regard. So far the following outlines the matter as it stands at present:

"Albert & McCaffery would like to get adequate protection—land leased from provincial government.

"Big Bay Lumber Co.—Land leased from provincial government, would like adequate protection and promised to have the manager, Mr. McAfee, take the question up with me but he has come and gone without doing so.

"Provincial Government—No definite report from headquarters.

"C.N.R.—Will give easement as per agreement attached.

"Union Oil Co.—No definite report from headquarters, land leased from C.N.R.

"Swift Canadian Co. Ltd.—No definite reply yet from headquarters, land leased from C.N.R.

"Lipsett-Cunningham & Co. Ltd.—Will pay half the cost plus rate as per bylaw, land leased from C.N.R.

"P.R. Boat Club—Failed to state attitude.

**ALL WANT PROTECTION**

"I find all would like to get better fire protection at the expense of the city and most, in view of the terms of the C.N.R. agreement with the city, thought the tentative proposal of the city paying half the debt was fair, but none except Lipsett-Cunningham & Co. would say they would agree to pay anything at all.

"Consequently I recommend that the city decide on whatever proportion should be paid to build the line and contract with the parties interested to deposit the balance."

It was moved by Alderman Perry and seconded by Ald. Jos. Greer, and carried, that the city make application to the C.N.R. for a permit to construct a water main from Manson Way to the Dry Dock, and, further, that the City Engineer obtain prices on enough pipe to connect up Lipsett-Cunningham from the Dry Dock to their property. The council did not feel disposed at this late date in the council's life to go on record as being in favor of entering into an agreement with Lipsett-Cunningham to put in water connection at a cost to the city of one half the estimated cost of \$2,500, but left that over to the new council. In the meantime a permit will be applied for and prices on the necessary pipe for this connection will be obtained.

### WEST FEELS WINTER GRIP

SNOWFALL GENERAL IN SOUTH AND IN ALASKA IT IS EXTREMELY COLD

SEATTLE, Dec. 22.—Snowfall was general over western and northern Washington last night, being a foot deep six miles north of Everett. Seattle was visited by a heavy hail-storm.

Alaska reports extreme cold, the thermometer reading 48 below at Tanana and 44 below at Eagle.

### MAYOR McDONALD IS OPPOSED IN NELSON

Gus Matthew, Former Alderman and Police Commissioner, Has Ambition to be Chief Magistrate

NELSON, Dec. 22.—Mayor J. A. McDonald is seeking re-election and Gus Matthew, former alderman and police commissioner, is in the field for the mayoralty.

### VIC FOLEY GETS DECISION OVER NEGRO, EVERETT

SEATTLE, Dec. 22.—Vic Foley, the Vancouver, B.C., featherweight, was given a six-round decision over "Wildcat" Carter, negro, at Everett last night.

MR. AND MRS. E. A. WADE made a house of a Douglas fir log, 9 feet 4 inches high, and mounted on a truck and trailer. It is 16 feet long and divided into two rooms. The tree started to grow in 1492, and when cut was 311 feet high, containing 50,000 board feet of lumber

### Latest Big League Baseball Scandal Involves Charge of Fixing for Cobb and Speaker

CHICAGO, December 22.—Ty Cobb and Tris Speaker, managers at the close of the past season of Detroit and Cleveland American League baseball teams respectively, were named yesterday in an investigation conducted by Commissioner Landis into charges involving wagering on an alleged fixed game between the two teams on September 25, 1919.

The charges were made by "Dutch" Leonard, one time Detroit pitcher, who alleged that Cobb, Speaker, "Smoky" Wood, former American League pitcher, and Fred West of Detroit agreed with him to bet on the game after Speaker had assured him that Detroit would be victorious.

Judge Landis, in making public more than one hundred pages of testimony taken in the case, said that no decision would be made by him unless conditions changed because both Cobb and Speaker were no longer in baseball, both having severed their connections with the game professionally in October.

After denying the allegations, Cobb yesterday rested his case "with the fans who watched me play to win for twenty-two years."

"No baseball game was fixed that I have any knowledge of," Speaker is quoted as saying in a Toledo despatch.

### WEST FEELS WINTER GRIP

SNOWFALL GENERAL IN SOUTH AND IN ALASKA IT IS EXTREMELY COLD

SEATTLE, Dec. 22.—Snowfall was general over western and northern Washington last night, being a foot deep six miles north of Everett. Seattle was visited by a heavy hail-storm.

Alaska reports extreme cold, the thermometer reading 48 below at Tanana and 44 below at Eagle.

### MAYOR McDONALD IS OPPOSED IN NELSON

Gus Matthew, Former Alderman and Police Commissioner, Has Ambition to be Chief Magistrate

NELSON, Dec. 22.—Mayor J. A. McDonald is seeking re-election and Gus Matthew, former alderman and police commissioner, is in the field for the mayoralty.

### VIC FOLEY GETS DECISION OVER NEGRO, EVERETT

SEATTLE, Dec. 22.—Vic Foley, the Vancouver, B.C., featherweight, was given a six-round decision over "Wildcat" Carter, negro, at Everett last night.

### Jury Deliberates Eighteen Hours at Tacoma; Sentences Will be Passed January 10

TACOMA, December 22.—January 10 is the date set by Federal Judge E. E. Cushman for sentencing seven defendants in the Ruby Beach Mining Co. fraud case against whom convictions were reported by the jury after deliberating 118 hours. The jury freed ten of the eighteen accused.

All convictions were on counts charging the use of the mail to defraud and on charges of conspiracy. The maximum penalties are fines of \$2,500 and terms of five years in penitentiary on each count. Those convicted are C. L. St. Clair, Portland, three counts; J. E. Epton and R. C. Lane, Aberdeen, two counts; Wesley Brooks, Bellingham, two counts; and A. C. Blake, Bellingham; A. C. Parson and S. Koerner, Seattle, one count.

Thirty-one men were indicted by the federal grand jury here on June 5 this year as a result of the failure of the Ruby Beach Co. in April, 1925.

### KINDNESS OF SEATTLE WOMAN WAS REWARDED

SEATTLE, Dec. 22.—When Mr. and Mrs. Fred Drew were ill in a local hotel, Mrs. Mae Howe, the housekeeper, showed them every consideration. Drew, who was a lumberman, died recently and, when his will was probated yesterday, Mrs. Howe was found to be named a beneficiary to the extent of \$51,000.

### PRETTY WEDDING AT RUPERT EAST CHURCH

Miss Mildred Hazel Smith Becomes Bride of Donald Rae Northover—Will Reside in City

A pretty marriage ceremony was performed at Rupert East United Church by Rev. Evan Baker at 5:30 yesterday afternoon when Miss Mildred Hazel Smith, daughter of Mr. and Mrs. Charles A. Smith, Terrace, became the bride of Donald Rae Northover, son of Mr. and Mrs. W. O. Northover, Halifax. Elaborately gowned, the bride and her attendant, Miss Theima Bunn, made a charming picture. The bride's costume was of white ivory with satin veil and she carried a bouquet of Ophelia roses. There were about thirty friends present. Myles Lemon acted as best man. The wedding march was played by Misses Molly and Nellie Lawrence.

After the ceremony, the bridal party, including twenty-five guests, enjoyed a wedding breakfast at the Commodore Cafe, followed by dancing which continued until midnight.

Mr. and Mrs. Northover, after a brief honeymoon, will take up their residence in the city. The groom is well known as a mining man in the Smithers district. The bride is a sister of Mrs. Sam Haudenschild of this city.

### TAIYO MARU DUE TONIGHT

ANOTHER JAPANESE VESSEL HERE TO LOAD GRAIN FOR UNITED KINGDOM OR CONTINENT

The Japanese freighter Taiyo Maru, coming here to load grain for the United Kingdom or continent, is expected in port from the Orient this evening at six o'clock. The vessel will be met off Triple Island and brought in by Capt. Larry Thomson, local pilot.

The Taiyo Maru, after undergoing customs quarantine inspection, will move into the dry dock for lining.

Pouring of bulk grain into the steamer Kifuku Maru, now at the elevator, will be finished tonight and loading of sacked grain will follow. This vessel should get away for the United Kingdom or continent some time tomorrow.

### BIG BLAZE IN CHARLOTTETOWN

BUSINESS BLOCK ON QUEEN'S STREET WIPED OUT WITH LOSS OF \$100,000—FIVE PEOPLE NARROWLY ESCAPED

CHARLOTTETOWN, Dec. 22.—Fire yesterday morning wiped out a business block on Queen's Street. The monetary loss is estimated at \$100,000. Five persons narrowly escaped death in a burning business building.

### PREMIER PASSES \$10,000,000 MARK

Word has been received at Stewart from the head office of the Premier Gold Mining Co. in New York that at a meeting of the directors, there the regular quarterly dividend of eight cents on the share had been declared, payable on January 4 to shareholders as of record December 13. This is the same quarterly dividend that has been disbursed for the past few years, representing \$400,000 a quarter. Total dividends paid by this company are now in excess of the \$10,000,000 mark.

**REVOLUTION IN BRITAIN IS STILL UNLIKELY.**

Loath to be revolutionary and maintaining deep-rooted respect for established laws and customs, the average British worker has so far refrained from serious violence to attain his ends. With living conditions admittedly none too good and wages hardly adequate to "make ends meet," the British worker has suffered much. There have been and still are radical agitators who would unhesitatingly incite him to bloodshed and, perhaps, worse in the attempt to gain his ends. In spite of this, however, the British worker has repelled such counsel and, in spite of the utterances of such men as Oliver Baldwin, the Premier's son, revolution would still seem remote.

Economic conditions in Great Britain have reached an almost impossible pass for which there seems but one solution: that many of the workers must be trained in other lines and, ultimately leave the country for other parts of the Empire where other more promising opportunities, particularly in the way of agriculture, present themselves. The average British worker, it would seem, has come to a realization of the condition and will face the solution even though it may mean complete personal change for himself and family. Revolution will probably never come to pass in Great Britain in spite of all the dire forebodings and there is no reason why it should if the government and the people continue as they have done in the past to exercise their good British commonsense, realizing the situation and expressing the willingness to govern themselves accordingly.

**"GO WEST, YOUNG TORY, GO WEST."**

Hoping not to be accused of too ready willingness to give our Tory friends advice which, of course, no one expects we would do if we thought it was going to do them any good, the following written editorial in the Ottawa Citizen may prove of interest:

"Winnipeg," says the Winnipeg Tribune, "is the logical choice for the projected national convention of the Conservative party." With this view most persons not living in a pre-war atmosphere will agree. The prairie metropolis is geographically in the right place for a national convention. But there are more persuasive reasons than that for holding the Conservative meeting there.

Conservatism in Canada for too long has had its centre rooted in Toronto. There, with outposts in Montreal and the Maritimes, it is firmly entrenched, and its vision has been cabined and confined by the tall buildings of Yonge and St. James Streets. It proved itself in the last election to be out of touch with the Western point of view. But a single member of the Conservative party was elected between Ontario and British Columbia.

If the Conservative party hopes to revitalize itself and become a constructive force in Canada, it must throw off the shackling and desending notions which masquerade for national policies in the minds of the big Toronto Tories who have hitherto dictated the course of the party. They no longer reflect the opinions of the party as a whole. They live in the past and refuse to look into the future. Their nostrums have been rejected time and again by younger upholders of Conservatism west of the Great Lakes.

It is time for a fresh valuation of doctrine and a forward movement in Conservative philosophy. There can be an intelligent and constructive Conservatism, but it will not be found in the walled minds of the ultra-protectionists of Yonge Street. It can only be found in a more youthful outlook and a more positive leadership. That outlook and that leadership will not come out of the strongholds of the old guard. Go West, Mr. Guthrie, go West!

**WANTS CITY TO PAY REPAIR BILL RESULT OF TRUCK COLLISION**

A letter from J. R. Murray asking the city to pay a repair bill of \$35.15 as a result of a collision between his auto and the city waterworks car was read at the city council meeting last night and referred to the city solicitor. From the letter it appeared that, on October

2 in the vicinity of Seventh Ave. and Rays Cove Avenue, while Mr. Murray was driving east and the water works car was coming west, the vehicles collided and the contention of Mr. Murray was that the city car was on the wrong-side of the road.

Despite a slowing down in automobile production, most Michigan factories are bringing in large amounts of raw materials against the time when production will increase, according to a survey by the Pere Marquette Railway.

**ARE DEMANDING CLEARANCE FOR LIQUOR VESSEL**

F. W. DAVEY, VICTORIA CUSTOMS COLLECTOR, BEING SUED BY COUNSEL ON BEHALF OF CHRIS MOELLER

VANCOUVER, Dec. 22.—Notice was filed in Supreme Court here yesterday by Stuart Henderson, counsel on behalf of Capt. Arthur Lilly, master of the liquor schooner Chris Moeller, for a writ of mandamus directed against F. W. Davey, collector of customs at Victoria, to compel him to grant clearance to the vessel for Mexico with her cargo valued at \$350,000 now being held at Victoria. The application will be heard on Thursday before Chief Justice Hunter.

R. M. Morgan, president of the Eastern Freighter Ltd., charterers of the vessel, has also filed an affidavit stating that the charterer has done all that is necessary to entitle Capt. Lilly to clear under Section 98 of the Customs Act.

OTTAWA, Dec. 22.—In regard to reports that the customs department has declined to further accede to the request of the Customs Enquiry Commission to hold the schooner Chris Moeller at Victoria with her cargo of liquor, George W. Taylor, acting deputy minister of customs, states that the situation is unchanged and that so long as this case is under investigation, the vessel will not be given sailing papers. The minister is away, but he may have sent a release order himself, or may be planning to send one.

When the commission was informed that the boat was loading liquor for a consignee in Mexico, it ordered her held, at the request of its counsel, Hon. N. W. Rowell on the suspicion that the liquor would never reach Mexico, but would be landed in the United States.

**A DILEMMA**  
The owners of the cargo have declared that all their eggs are in this one basket, and that a firm of Canadians, conducting a business according to Canadian laws, will be wrecked if the boat is not allowed to proceed.

The trouble is with the liquor treaty with the United States. Canada is bound to keep liquor from Canada reaching the United States if she can possibly do so. The conflict between the treaty and the legal rights of exporters is clearly defined in this case.

Cargoes of oil and gasoline can be cleared for the high seas and get instructions as to destination days after sailing. In the case of the Chris Moeller, the application for clearance papers contained the alleged final piece of destination.

It is known that the owners of the cargo have been presenting their case at Ottawa. It is said that the minister, Hon. W. D. Euler, is worried about his rights in the case.

**DIVERT CARGOES**  
However, the department yielded to the extent of temporary withholding the clearance papers. It is thought this case may result in liquor exporters claiming the same right to divert cargoes at sea as shippers of oil and cotton, and other cargoes. The rule as to ocean liquor shipments may be wrecked as the rule respecting land shipments has been. After some weeks of worry the railways are accepting liquor to any point on Canada's frontiers for export. They claim they are within the law in not troubling about where the liquor will be consumed. This business means some millions a year to the railways.

**SETTLERS CONTINUE TO COME IN FROM SOUTH**

Canadian Immigration Department Reports Steady Stream Despite Season

OTTAWA, Dec. 22.—Movement of United States farm settlers to Canada continues active, notwithstanding the lateness of the season, according to a statement issued by the department of immigration and colonization. During November the Canadian government agency at Fargo, N.D., forwarded 123 settlers and seven cars of effects, compared with 105 settlers and four cars of effects in November, 1925. For the same months the agency at Kansas City reports an increase from four settlers in 1925 to 45 in 1926. Detroit agency sent sixty settlers in November, an increase of two hundred per cent over November a year ago.

The department of immigration and colonization maintains seventeen agencies in the United States, and forecasts point to a very active spring immigration from that country.

**STILL A CHANCE OF NEW ARCTIC LANDS**

More Explorations Planned Next Year, Says Stefansson

It seems certain that no new land can be discovered in the Antarctic; there is a fifty-fifty chance that islands will be discovered in the Arctic, according to Vilhjalmur Stefansson, famous Arctic explorer.

Discussing the prospects for polar exploration, he says in the January issue of Popular Science Monthly:

"In every respect but on, the sensational Arctic flights of 1926 merely advertised to the public the tried knowledge and accepted deductions of the scientists. The one exception was when Wilkins reported the definite absence of land in a previously unexplored area of ten thousand square miles north of

Rub It On At Bed-Time

**For Deep Chest Colds**

All colds should be treated with vapors, for vapors alone can carry the medication DIRECTLY to the air passages and lungs.

Vicks is a "vapor" treatment in salve form. For deep chest colds you first apply hot wet towels over throat and chest to open the pores, then massage briskly with Vicks for 5 minutes, spread on thickly and cover with a flannel cloth.

Vicks not only penetrates like a poultice or plaster, but the ingredients, vaporized by the body heat, are inhaled all night long. This double action usually checks the most stubborn cold overnight.

**VICKS VAPORUB**  
OVER 21 MILLION JARS USED YEARLY

Alaska, and when Amundsen reported the same thing a few weeks later for a previously unknown strip also on the Alaska side of the pole. These results were expected by about half the scientists and unexpected by the other half.

Two things that were much debated, and which therefore comes near the field of actual discovery, were settled by Bird and Wilkins. These two fliers showed not only that the winter Arctic climate is peculiarly favorable for flying, as compared with average temperate or tropic climates, but also that air bumps, air holes and roughness of air generally, while appearing in spring and (doubtless) through the summer, are absent in the Arctic in winter.

The Argentinians are to fly in the Antarctic the coming year; Wilkins, Noble and other have announced they will fly in the north. Others, such as Byrd, may fly there also. What we may expect is that these flights, if made, will further confirm scientific opinion."

**SOME PROMINENT RADIO SPEAKERS**

CHAPLIN SHUNS "MIKE"—TUNNEY WAS VERY UNEASY—JACK DEMPSEY A VETERAN

NEW YORK, Dec. 22.—Radio announcers who introduce celebrities to the microphone may furnish future biographers with anecdotes of a new order. Nils T. Granlund, announcer of station WHN, who has galloped upon many notables for impromptu entertainment, has tales to tell about several of them.

For instance, Gene Tunney, heavy-weight champion of fistiana, and Captain Charles Nungesser, flying ace of France, Granlund says, were extremely uneasy during their first efforts at broadcasting.

**JOHNSON GETS CHUMMY**  
Picking out prominent personages at a banquet, ball or Broadway supper club, Granlund introduces each briefly and hands him the "mike." The result is an extemporaneous program of songs, stories, speeches, stammers and stutters. Here are a few of the announcer's observations:

Al Johnson is chummy with the "mike." So much so that he once used it to broadcast instructions for putting his adopted family to bed and for telling his dog to stop barking at its master's voice. Charlie Chaplin makes a practice of declining invitations to broadcast his voice.

Captain Nungesser brought down 44 enemy airplanes in the war, but was so rattled before the microphone that he had to be constantly prompted.

**CANTOR GIVEN LESSON**  
Jack Dempsey, having become somewhat of a veteran at broadcasting, is fully at ease when called upon to say a few words.

An innovation was introduced by Granlund in July, 1925, when he held the microphone to Dave Shade, just before the latter's fight with Jimmy Claxton. "I am going out there to win just as quick as I can," Shade said, and ten minutes later he was back to tell the world, and particularly Mrs. Shade, that he had knocked out Slattery in the third round.

A willing entertainer has been found by Granlund in "Sir" Joseph Ginzburg, a Broadway character who, the announcer says, once showed Eddie Cantor how to sing.

Cantor dropped into a studio to broadcast a few songs and stories. "Sir Joseph" was present and consented to contribute a solo for the instruction of the comedian. Cantor, who has had some experience with songs, so enjoyed the lesson that he was overcome with laughter.

There are two sides to every story. It develops now that Browning's mother-in-law knitted some ties for him, so we guess he can have a divorce if he wants one.

**PLUS TWO DIAL FINE ADJUSTMENT.** All the advantages of master control—plus all the advantages of minute adjustment. Most economical new set known. Preferred by Canadians for Canadian reception conditions. Quality, ease of control—distance.

**Victor Northern Electric**

Victor Talking Machine Company of Canada, Limited

**DESIRES TO KNOW ABOUT THE POLICE**

Monthly Report as to Finances Will in Future be Presented to City Council

Just before the council adjourned last night, Alderman Larsen asked if it were not possible to have a report brought before the council each month as to the financial position of the police department, giving the city's share of the fines collected each month as well as the cost to the city of the force. It was then mentioned that the report had come to the finance committee each month so Alderman Larsen moved that this statement be presented to the council. The motion was seconded by Alderman Brown and carried.

**WATER NOTICE.**

DIVERSION AND USE.

TAKE NOTICE that Department of Public Works of Canada, whose address is Ottawa, will apply for a licence to take and use 3,000 gallons per day of water out of unnamed stream, which flows eastwardly and drains into Dodge Cove on the east side of Digby Island, B.C. The water will be diverted from the stream at a point about 100 feet west of the northwest corner of Lot 36, subdivision of part of Lot 1993, Range V., and will be used for domestic purpose upon the land described as Dodge Island. This notice was posted on the ground on the 22nd day of November, 1926. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is November 24, 1926. DEPARTMENT OF PUBLIC WORKS, CANADA, Applicant. By J. P. Forde, District Engineer, Agent.

**LAND ACT**

NOTICE OF INTENTION TO APPLY TO LEASE FORESHORE

In Graham Island, Queen Charlotte Island Land Recording District of Prince Rupert, and situate at Ferguson Bay, Massett Inlet, Graham Island, B.C. TAKE NOTICE that Powell River Company Limited of Vancouver, B.C., occupation Manufacturers, intend to apply for a lease of the following described lands: Commencing at a post planted at the northeast corner of D.L. 1871; thence westerly following northern boundary of said Lot to the northwest corner of said Lot; thence westerly, northerly and easterly, following the high tide mark of Ferguson Bay to the extreme easterly point of Echinus Point; thence southeasterly to the point of commencement, and containing 150 acres, more or less. POWELL RIVER COMPANY, LTD. Agent, J. Douglas Wilson. Dated 4th November, 1926.

## With Few Modern Features, Holy Land Still Much the Same as in Christ's Time

At this season of the year the eyes of the world turn toward the Holy Land because of the great event that occurred there 1926 years ago, the anniversary of which, known as Christmas, will be celebrated on Saturday.

The Holy Land of Biblical times is very much the same as it was in the olden days, which is just what everybody would like it to be. It is the Holy Land of two thousand years ago that all are familiar with, through books and sermons, of course, and that is very much what is to be found today. Of course there are modern things, such as the railroad to Egypt and Turkey, and some new buildings that remind one of American cities, but the country in general is unchanged. The sheep are still herded on the hillside as they were on the night that Christ was born. The same flowers, some 2,000 varieties of them, still bloom in season, and it seems as if the same boys and girls are picking them. The jackass is still the beast of burden, although the automobile is destined to drive him from the roadway.

The paths that Jesus trod are the same as they were in the days of old. The people of the Bible still fill the streets. As far as appearances are concerned the crucifixion might have occurred but a week ago.

As there is no direct line of steamers from America to the Holy Land, many pilgrims from this side go by way of the various cruises that leave New York. Our ship is the Cunard liner "Muretania" and she calls at Haifa, a famous harbor of the days of the Crusaders. Jerusalem is 95 miles distant and is reached by train in five hours—a ride that will hold one's attention for the entire length.

**WATER NOTICE.**

**DIVERSION AND USE.**

**TAKE NOTICE** that John Dybhavn, whose address is P.O. Box 1700, Prince Rupert, B.C., will apply for a licence to take and use 4,000 gallons per day of water out of an unnamed creek which flows northerly and drains into Nesto Inlet, about one mile from the head of the Inlet, on its south shore. The water will be diverted from the stream at the natural outlet of a small lake, about 650 feet from the mouth of the creek, and will be used for domestic and industrial purposes upon the 7 acres of land described as unsurveyed land for which lease is applied. This notice was posted on the ground on the 22nd day of November, 1926. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is December 1, 1926.

**JOHN DYBHAVN,** Applicant.

**WATER NOTICE**

**DIVERSION AND USE**

**TAKE NOTICE** that James Field, whose address is 213-2nd Ave., Prince Rupert, B.C., will apply for a licence to take and use 1 cubic foot per second of water out of unnamed creek, which flows easterly and drains into Crescent Inlet, Moresby Island, Q.C.I., about one mile from the head of the Inlet on the north shore. The water will be diverted from the stream at a point about 1,000 feet from the mouth and will be used for domestic and industrial purposes upon the 40 acres of land described as unsurveyed land, for which purchase is applied about 15 chains southwesterly from the mouth of the stream.

This notice was posted on the ground on the 29th day of November, 1926. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication is December 20, 1926.

**JAMES FIELD,** Applicant.

**WATER NOTICE**

**DIVERSION AND USE**

**TAKE NOTICE** that Robert M. Currie, whose address is 1416-8th Ave., West, Vancouver, B.C., will apply for a licence to take and use fifty gallons per minute of water out of small creek, unnamed, which flows southerly and drains into Huston Inlet, Q.C. Islands, about 1,000 feet westerly from miners' cabins at head of Huston Inlet. The water will be diverted from the stream at a point about 200 feet from shore line, passing through twenty-four acres of land described as unsurveyed land, for which purchase is applied upon the land described as applied for to lease at head of Huston Inlet, Moresby Island.

This notice was posted on the ground on the 8th day of December, 1926. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914" will be filed in the office of the Water Recorder at Prince Rupert, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication is December 20, 1926.

**ROBERT M. CURRIE,** Applicant.

**LAND ACT**

**NOTICE OF INTENTION TO APPLY TO PURCHASE LAND**

In Prince Rupert Land Recording District of Prince Rupert, and situate on the north shore of the South Arm of Tasoo Harbor, Moresby Island, Queen Charlotte Islands, Province of British Columbia.

**TAKE NOTICE** that James Field, of Prince Rupert, B.C., occupation Marine Broker, intends to apply for permission to purchase the following described lands:—

Commencing at a post planted on the north shore of South Arm of Tasoo Harbor, Moresby Island, Queen Charlotte Islands, in the Province of British Columbia, about 5 chains from the end of the Government trail; thence 10 chains northeasterly; thence 10 chains southwesterly; thence 10 chains southeasterly, and containing twenty (20) acres, more or less.

**JAMES FIELD,** Applicant.  
Dated November 29, 1926.

covers the Rock of Calvary, where Christ was crucified. Under the dome of the church stands the tomb of the Saviour.

**STONE OF UNCTION**

This church, built at a cost of three million dollars, contains the Stone of Unction, upon which the body of the Lord was prepared for burial. Thousands upon thousands of the faithful kiss this stone, the marble being worn away by the pressure of human lips. Here also may be seen part of the stone that was rolled against the door of the tomb, and also the box or ledge said to have been the sepulchre of Christ. There is also here the column before which the scourging took place. Through a vision the Empress Helena, mother of Constantine the Great, found the true cross buried under the rubbish outside the church. Without question this is the holiest place on earth.

The Greek Church, claiming to be the original Christian Church, predominates in Jerusalem, maintaining a score of monasteries and convents. It is neither Catholic nor Protestant, but seemingly something between. It is a very strong church, totalling 120 million members, or one-fifth of all the followers of Christ.

Palet is scarce and costly in Jerusalem and is used only for cooking. Palestine is without woods from which to cut timbers. Before wood enters Jerusalem a tax has to be paid. Considerable charcoal is used. It comes from Hebron, 25 miles away. According to tradition Adam, the first man, died at Hebron. Abraham is buried there.

Water is also scarce in the Holy Land—always has been. That is why one reads so much about artificial pools, wells and cisterns. The Pools of Solomon, capable of holding 50 million gallons of water, are still in use, but are not in good condition.

There is considerable belief in the Evil Eye, all misfortunes being blamed upon it. Charms are sold on all sides to ward off its spells. Everyone carries some talisman or other. Blue is a popular color because it is not pleasing to the Evil Eye. Even the horses and donkeys wear blue necklaces. Bits of alum are also considered effective against this imaginary plague.

A doorway or a hole in the wall constitutes a business shop in Jerusalem.

**TOMB OF LAZARUS**

Bethany, containing the tomb of Lazarus and the house of Martha and Mary, is between Jerusalem and the Dead Sea.

Close to Jerusalem is the Mount of Olives, where Christ taught the Lord's Prayer to His disciples. This was the scene of the Ascension. In the church erected to commemorate the spot there is always a Carmelite nun at prayer. The nuns of this order dig their own graves. The Garden of Gethsemane is on the side of this mountain. It covers about two acres and is walled in. Franciscan monks are in charge. Just back of the entrance is the cliff upon which the disciples slept during the night of agony. Nearby a column marks the spot where Judas betrayed Christ with a kiss. Pilgrims are shown the tree upon which Judas in remorse hanged himself.

Fourteen miles from Jerusalem, through the wilderness of Judea, is Jericho, where houses built hundreds of years before Christ are still standing. It lies under the mountain where Christ was tempted by the Devil. It was once a city of palms. It was one of the presents Mark Antony gave to Cleopatra. It was here that Christ healed the blind.

About midway between Jerusalem and Jericho stands the Good Samaritan Inn, covering the spot where the priest and the Levite passed the man who had fallen among thieves.

Bethlehem, where Ruth gleaned in the fields and lived her lovely romance; where David sang inspired songs among his sheep, and where the Saviour was born, is a Christian town of 6,000 souls, and undoubtedly is the prettiest town in the Holy Land.

**PLACE OF NATIVITY**

The birthplace of Christ is in the centre of Bethlehem in a grotto over which the Church of Nativity, the oldest Christian church in the world, was built in the year 330 A.D. In the stable beneath the church a star marks the birthplace of the Saviour. To one side is the Chapel of the Manger, where the Divine Infant was laid after his birth.

The flight to Egypt started from here upon receipt of the news that Herod had ordered the death of every child under two years of age.

The manufacture of religious articles and souvenirs is the principal industry of Bethlehem. These souvenirs are bought in great numbers by pilgrims, the output running into several hundred thousands of dollars a year.

Nazareth, where Christ spent his boyhood, is a mountain town of 12,000 inhabitants, and lies about 100 miles from Bethlehem. It was here that the Angel Gabriel announced to Mary that she would become the mother of Jesus. It was here that Christ was brought after the flight to Egypt and after the death of Herod. From here the Saviour went to the Jordan to be baptized. It was here that the people first refused to accept his teaching and led Him out to the cliff to cast him over.

The Roman Catholics' own Joseph's carpenter shop, where Christ labored as a boy.

Mary's well, the only spring in Nazareth, is in the center of the town. Jesus and His mother came here for water. It still supplies the town.

The table at which Christ supped with His disciples is here.

The girls of Nazareth are pretty. Many of them marry at the age of 11 or 12. Interesting caravans between

# The Acme's Fifth Annual Christmas Temptation Sale

**CHRISTMAS, THE GREAT GIFT DAY OF THE YEAR, IS CLOSE UPON US. IF YOU HAVE PUT IT OFF, THERE IS TIME YET AND HERE IS THE PLACE TO GET THAT Something for "Him"**
