DAILY EDITION

TAKES FORWARD STEP

Yesterday the Daily News took a step forward when it issued a special twelve page Jubilee edition and on the same day announced a reduction in price from a dollar a month to 75c with a still lower rate for annual subscriptions. This change has been made possible through the ability of the News to purchase its paper in car load lots of approximately twenty tons at one time and by every member of the staff working at capacity all the time and giving good service. The work is done by seven employees, two in the editorial end, two in the business section, and three in the mechanical.

It is not intended because of the lower price to in any way diminish the quality of the paper but rather to improve all the time, as has been done in the past. Prince Rupert people deserve a good newspaper. They use it a good deal and it is expected they will use it still more as the city expands. Practically everyone in town reads the Daily News and there is a large country circulation extending from Prince George to Queen Charlotte Islands and from Atlin to Ocean Falls.

What will Mussolini do for enthusiasm when he has licked the world and finally silenced every one of his former red co-patriots?

In Prince Edward Island the election was carried because the people of the island want prohibition and the Conservatives offered a substitute. Most of the people there are farmers and they prefer to be without the liquor traffic.

Liquor promises to be a factor in elections for many a year. So much money as made out of it that immediately there is a seeming settlement, agitation commences again and an effort is made to sway the people. So it will be in Prince Edward Island now.

But Liberals must not take too seriously this gain in Prince Edward Island, just as British Columbia Conservatives must not take too seriously the recent victory in Okanagan. Both were influenced by local conditions.

It would be just like our luck if we were to have a bad cold during the holiday and not be able to attend those ball games.

BIG BURLY VANCOUVER

Vancouver seems likely to become a big burly city - busy. bustling, and yet beautiful. It is taking in some of the adjoining municipalities and will likely take in yet more before the city is properly rounded out.

The move to build a big highway through Stanley Park to connect with West Vancouver by a bridge is also a move in the right direction. If West Vancouver is connected by a bridge it will experience a boom such as has not been seen in and around that city the picnic to Digby Island organized by for some time. A beautiful new district will be opened up and later Mr. and Mrs. F. R. C. Brown. Hostesses if this, too, is added to the city, its extent will indeed be great and were Mrs. F. H. Duvernet, Mrs. J. Christian Science Subject of Interesting Address by Mrs. Ritchie

A large number turned out to the lecture on Christian Science in the Westholme Theatre Sunday night by Mrs. Nelvia E. Ritchie, H. B. Rochester presiding, and it proved most interesting The following is a brief summary:

Christian Science makes clear to us that God is "the same yesterday, and today, and for ever." It also makes clear to us the availability of this changeless God who is infinite good, this first cause who is the maker, sustainer, and ruler of the universe, forever the same, bestowing all good upon his perfect, spiritual creation. If this first cause or God is changeless, always the same as the Bible states, he could not be corporeal or material in the slightest degree. An intelligent creative cause could not proceed from or include non-intelligent

God is infinite, that is, entirely complete within himself. And Christian Science teaches that since he is within himself divine, that he includes only that which is divine; divine strength, wisdom, health, happiness; all that is good and harmonious. derstand man? We need only turn to the Bible to learn the truth about man. In the first chapter of Geneisi we read. "God created man in his own own image, in the image of God created he him;" and that God gave man dominion over Tuesday, June 28, 1927 all things. Reasoning from this true basis will disclose to you, and to all ceeding from God must be God-like, hall and reading room for the occasion good, complete, and perfect.

Then if man is created in the image and likeness of God, he reflects all of God's qualities.

God is mind, man, then, as God's idea or reflection, expresses always, for God is infinite, this one mind. Then the natural conclusion from the correct view of man is that he is spiritual, because and eternal.

The Pacific terminus of the Canadian National Railways, Prince Rupert, is Canada's new Pacific seaport. Its harbor is open the year round and owing to its being the nearest to the Orient it holds an important geographical position. Prince Rupert claims to be the largest halibut fishing port in the world and is the centre of important salmon fisheries. Lumbering and mining are amongst the chief industries of the district. A new grain elevator has been added to the port equipment by the Dominion government.

Neglected Lyes

NEGLECT is doubtless the cause of most of the ills that afflict humanity. This is so self evident that it seems hardly necessary to tell you. If your eyes are giving trouble, have them attended to-and at once.

OF ALL absurdities in the kingdom of foolishness, surely the loss of eyesight through neglect is the most inexcusable.

DON'T lose health and efficiency through neglect. Come and see!

NEW HAZELTON

Mr. and Mrs. Dornberg of Vancouver and George Christie and Dr. Schupe of Bellingham spent a few days here last week as the guests of W. S. Harris. The men inspected certain mining properties and were reported to have been well pleased with what they saw.

A. S. Gray of Cedarvale, well known Skeena valley fruit grower, was here last week on business in connection with placing his strawberries on the local market. He reported that the apple production in his district would be only about half normal. .

Hon. Dr. S. F. Tolmie, leader of the British Columbia Conservative party, spoke in Terrace Saturday night; in Hazelton on Sunday; and New Hazelton this morning. He will make Telkwa this afternoon, Smithers this evening; Vanderhoof, Tuesday; Prince George, Wednesday and then on to Williams Lake where he will open the stampede on July 1. He was accompanied through this district by J. C. Brady, M.P.

At Mingalone, staff cameraman of the International Newsreel, New York, was a visitor here last week. He took pictures in various parts of the district.
