#### Chamberlain States His Views on Guaranteeing All National Frontiers

**Says For Britain to do so Would Disrupt the Empire and Loyalty to it Comes First**

GENEVA, September 12. — Sir Austin Chamberlain, British foreign secretary, in a speech before the League of Nations during a debate on security, asked if any country had done as much as Great Britain to guarantee the frontiers of other countries as Great Britain.

Sir Austen contended that to ask Britain to guarantee all frontiers in addition to her guarantee of France, Germany and Belgium, was impossible as it meant asking nothing less than the disruption of the British Empire. He stated that his loyalty to the League was profound, but his loyalty to the other league, which was the British Empire, came first.

#### TO CELEBRATE DISCOVERY OF THE PROVINCE

**Mayor Taylor of Vancouver Has Big Plans For Event Next Year**

VANCOUVER, Sept. 12.—Celebration on a huge scale next year of the centennial of the discovery of this country by Captain James Cook featuring a congress of Canadian-Australian-New Zealand trade delegations is planned by Mayor Louis D. Taylor. Australia, New Zealand and Honolulu will be asked to participate.

The mayor will propose to the Imperial Government that it be asked to send a fleet to carry the premiers of the southern dominions here.

#### NATIONALS ARE BUNCHED CLOSE

**Pittsburg Still Leading But Chicago Only Two and Half Games Behind**

NEW YORK, Sept. 12.—Once again in fourth place Chicago is only two and a half games from the leading Pittsburg team in the National League.

New York and St. Louis tied in the second of two games. The Giants go to St. Louis tomorrow for what may be considered an elimination series, playing seven games in four days.

After having beaten St. Louis Americans 21 successive times, the Yankees lost to the Browns. Ruth made his fiftieth homer, being five ahead of Gehrig but nine behind his 1921 record. Ruth's homer brought the Yankees total of homers to 141, which is one better than the record of the Chicago White Sox in 1904.

#### DEATH AT VANCOUVER

VANCOUVER, Sept. 12.—A. H. Wallbridge, 62 years of age, a prominent businessman, died Saturday.

THE EMPRESS HERMINE: The wife of the former Kaiser of Germany, Princess Hermine Zu Schoenach-Karolath, with her daughters at Bad Kissingen.

#### Catching Dogfish is Proposed as New Industry for Prince Rupert by Marine Products Co.

As an outcome of the slackness of the recent salmon fishing season, the Rupert Marine Products Co. Ltd., operating the reduction plant at Tucks Inlet in Prince Rupert Harbor, has decided to go into dogfish oil and meal business with the hope of thereby building up a new industry which will keep the company's plant operating the year around as well as offering employment for fishermen during the slack times. This was announced this morning by Joseph S. Rogers, manager of the company. It will be the first time this branch of the industry has been embarked upon in these parts although quite a thing has been made of it in the neighborhood of Victoria. On the Queen Charlotte Islands it has been spasmodically attempted but with no permanent success.

Steps are already being taken to interest the fishermen in the new venture, Mr. Rogers stated. If response is made in any volume and the fishing is successful, the company will go into it on a large scale and will establish camps at Port Simpson, Warke Canal or any other points that may be convenient. The company boats would then tow the product into port. Dogfish are caught with hook and line, in a manner similar to that of taking halibut.

Whether or not the fish are as abundant in waters contiguous to Prince Rupert as they are around Sidney, Vancouver Island, is something that is yet to be proved. In the south, fishermen have made from \$10 to \$20 a day clear in dog fishing.

Rev. I. A. Johansen sailed on the Prince Charles this morning for Seattle.

#### Vancouver Liquor Store Was Broken Open and Safe Carried Away Twenty Miles and Rifled

VANCOUVER, September 12.—The Cordova Street liquor store was broken into early yesterday morning and the safe, which contained approximately \$3,000, was removed to Green Timbers on the Pacific Highway 20 miles south of here, blown open and the money taken. About 60 cases of liquor were also taken.

A man giving the name of Robert Cress was arrested at Sumas by U.S. police who had possession of a number of cases of liquor, \$490 in cash and a truck.

On the morning of the robbery a local garage reported that a truck had been stolen and it is believed the one in the arrested man's possession and taken to Bellingham is the one.

#### ANYOX DOCTOR SWEEP WINNER

Dr. G. S. McDonald Richer by \$8,735 on Salmon Sweepstake

Dr. G. S. McDonald of Anyox, won \$8,735, first prize in the Salmon Sweepstake on the St. Leger race last week according to word received in the city. His ticket, No. 2476, which he purchased in Prince Rupert, drew Book Law, the winner of the race.

Second prize of \$4,367.50 on ticket No. 13991, drawing Hot Night, was won by J. Raymond of Victoria, while the third prize of \$2,183.75 on ticket 19731 drawing Son and Heir went to R. Stewart of Seattle.

#### Crop Situation is Set Forth in Detail by Weekly Report Issued Today by the Railway

**Alberta Situation is by Far the Best of Prairie Provinces; Manitoba Making Poorest Showing**

WINNIPEG, September 12.—With threshing well under way in Manitoba and Saskatchewan a better idea may be had of the damage these provinces have suffered this season and of the yield and quality of grain which may be expected. The Canadian National Railways twenty-first weekly crop report indicates greatly varying conditions; the yield goes all the way from nil to 35 bushels an acre and the grade of wheat harvested varies from No. 1 to No. 6.

Northern Manitoba reports a yield that goes the whole gamut from 10 to 35 bushels; Central Manitoba's wheat yield is fair, barley and rye good, and oats poor, and Southern Manitoba has very much the same.

#### FRANCE WINS DAVIS CUP AT PHILADELPHIA

PHILADELPHIA, Sept. 12.—By Lacoste defeating Tilden 6-3, 4-6, 6-3, 6-2 and Cochet winning from Johnson 6-4, 4-6, 6-2, 6-4, France won the Davis Cup series three points to two on Saturday.

It is the first time that the coveted trophy has ever left the shores of the United States although many nations for many years have tried to lift it.

René Lacoste, one of the victorious Frenchmen, will now quit tennis, fulfilling a promise made to his father that, when he had reached this highest goal, he would retire from the game and take up the study of law.

#### VALERA BOWS TO HARD FACTS

**Issues Election Manifesto Denying Charges of Proposed Revolution**

DUBLIN, Sept. 12.—A manifesto intended to answer charges that he contemplated a revolution was issued today by Eamonn de Valera in connection with the election campaign which is in progress in this country.

De Valera declared that he was prepared to accept existing realities and prove that hard-headed commonsense was not incompatible with true national ideals. Stubborn facts both political and economical are the base from which a successful march must be made, he said.

#### USK MAN PASSES IN GENERAL HOSPITAL

**Sidney Marsh, Who Arrived from Interior Saturday, Died Last Night**

Brought to the city on Saturday afternoon's train from Usk in a comatose condition, Sidney Marsh expired in the Prince Rupert General Hospital about 10 o'clock last night. He had been ailing for some time.

Deceased, who had been residing in the vicinity of Usk for some time, had been recently in Centralia, Washington, whence he returned to the interior recently. He is understood to have been a member of the Masonic order and an Oddfellow.

Funeral arrangements are in the hands of the B.C. Undertakers.

**PARTY NEWSPAPERS**

It is suggested that the Conservatives at their convention next month will have before them a suggestion to establish a chain of party newspapers, either by buying out papers already established or by starting others. Some Conservative papers have objected already to the move and have objected to their being classed as party papers.

The curious thing is that party papers do not seem to be effective in winning elections. The only two places in British Columbia where they have strong party daily papers which monopolize the field is at Nelson and New Westminster and both constituencies were won by Liberals at the last elections held there. Both the Nelson News and the New Westminster Columbian are party papers as much as any papers could possibly be and yet they were unable to influence the electorate sufficiently to retain the seats for the party they supported.

As a matter of fact people are very apt to vote the opposite way from what party newspaper advise, largely because they know that the advice is not given as the result of an independent opinion and also because of the innate mulishness of the race which refuses to be driven or herded in a direction it does not want to go.

Party newspapers are a doubtful advantage and they are a doubtful benefit to the country.

A really great man is one who does not need the aid of a press agent.

**EXHIBITION RESULTS**

The fair this year is now a thing of the past. All acknowledge it was a success, especially in regard to finances. It must be remembered, however, that this was due to a great extent to the splendid weather prevailing during the two days of the stampede. In making plans for the future it must not be thought that the record of this season can be duplicated. A stampede will no longer be a novelty.

What would be a novelty if it could be arranged would be some pony racing. If it is necessary to give any winter relief this year, some work might be done on a short track at the grounds so that the ponies might have a place to run. This would be a great drawing card, probably the best that could be planned. It is useless to expect as good results a second year from a repetition of this. With one or two rodeo stunts and half a dozen good races, the whole city should be attracted to the hill.

Everything comes to those who weight. They roll in the fat of the land.

**RACE SUICIDE**

The specter of "race suicide" has crept across the English Channel to haunt British social statisticians.

The English and Welsh birth rate for 1926, again has shown a decline, following the descending curve which has obtained since 1920, according to figures published by the Registrar-General. The rate for the calendar year was 17.8 per 100,000 of population.

Against this, the official report shows that the death rate of infants less than a year old was the lowest on record. Scotland experienced a higher birth rate as well as a higher infant death rate than England and Wales.

The 1926 birth rate tied that of 1917 and was only higher than the 1918 birth rate of 17.7, the lowest on record for England and Wales. In France, where the low birth rate has for years presented what is regarded as a grave national problem, the proportion of 1926 was 18.8c for each 100,000.

Cancer, heart disease, and tuberculosis of the respiratory system led the list as causes of death in England and Wales.

Women, the registrar's report indicate, were far more agile in dodging motor vehicles and in avoiding total accidents generally than were men. The women also who committed suicide were less than half those of the other six who met death by their own hands. The suicide figures were: Males 3,099, females 1,350. Accidental deaths: Males 9,531, females 4,274.

**NEW HAZELTON MAY HAVE SAWMILL SOON**

A man was around town a few days last week looking into the possibilities of establishing a sawmill at this point, says the Okanagan Herald. He looked over the timber and the available sites for a mill. He has found what he wants and it is reported that he is now arranging for the shipping of the machinery into New Hazelton. The timber to be cut extends along the foot and lower reaches of Rocher de Boule Mountain. There is a supply to last quite a few years and it is proposed to erect a mill with a capacity of 20,000 feet per day. It is expected to have the plant operating this fall.

**Ten Years Ago in Prince Rupert**

SEPTEMBER 12, 1917.  
J. J. Tynan, manager of the Union Iron Works, of San Francisco, writes E. H. Mortimer, secretary of the Prince Rupert Board of Trade, that it will be impossible for his company to use the local dry dock for building ships.

Tom Birch of Prince George, who went overseas with the first Prince Rupert contingent under Col. C. W. Peck, returned to the city this morning. He saw much service in France, was wounded and won a medal for valorous service.

Jack Keefe received a telegram yesterday announcing the death of his father, John Keefe, Elma, Iowa. Deceased had reached the advanced age of eighty years.

C. G. Strombeck, well known Alice Arm mining man, arrived on the Prince Charles Saturday night from a business trip to Vancouver and continued north on the Catalis last night.

**Man in the Moon**

THE Gyros have been at it again. This time it's a baseball match.

I SAW the baseball match  
And it was sure a hummer—  
Best of all the games  
I've seen this summer.

I HOPE it was not a local traveller they tell about who when sending a telegram to his girl put it down in his expense book as chicken wire.

THE natives like to be married in Prince Rupert, because the residents here do not seem to mind the noise.

Hoty: I haven't a decent frock to wear to the party tonight.  
Totsy: Then why not wear that indecent one you had on last night.

Barber: "Your head is badly in need of a shampoo, sir."  
Tailor (in the barber's chair): "Yes; and your clothes are decidedly shabby, but I don't nag you about it."

**In The Letter Box**

**APPRECIATION OF DRILL TEAM.**

Editor, Daily News.

Friday night at the Exhibition for the second time I had the pleasure of seeing the wonderful performance of the Prince Rupert Girls' Drill Team. It was indeed a remarkable exhibition of physical drills and tableaux. The tableaux being performed with such exact precision and quickness was something well worth seeing.

The uniforms added greatly to the performance. They consisted of a heavy white sleeveless sweater, blue shorts with the P.R.D.T. monogrammed on the left leg, and short blue socks. They were indeed a pretty picture to behold and I wouldn't have missed it for anything.

One thing which surprised me was the lack of the public's support. Very few in attendance helped the Girls' cause. Any small donation in the hat would have helped a great deal. In order to get their new equipment. From a chat I had with the trainers, Doug Frizzell and Alex. Mitchell I learned that the next exhibition given by the girls would in all probability be club swinging.

In conclusion I may say that the citizens should give these girls the support that they need. Their show is worth putting on in larger cities and I hope that I will meet these two boys with their troupe in my home town, namely, Vancouver.

Yours truly,  
R. A. BRUMEL.

**MORE SEAL SKINS TAKEN THIS SEASON THAN LAST**

(Juneau Empire)  
The seal taken at Pribilof Islands this year exceeded that of last year by nearly 3,000. The figures are, for 1926, 21,303 and for 1927, 24,178. There were more taken off the Alaska coast by Indian pelagic sealing this year but not so many off the Washington and British Columbia coasts. The seal herd has shown another large increase over the preceding year.

The four-party treaty which provides for the management of the seal herd by the United States and division of the profits—55 per cent to the United States and 15 per cent each to Great Britain, Japan and Russia—is still in effect, and will remain so until one of the parties serve notice of its termination. No such notice has been served, and the indications are that none will be served for sometime, if ever.

The value of the seal-skins taken this year, in the raw, at prevailing prices was about \$300,000. The number taken was restricted because of the low price. The herd is large enough to permit the taking of two or more times as many as were killed without lessening the number of young each year.

**ALTERATIONS NOW IN C.P.R. COAST SERVICE**

The Canadian Pacific Coast Steamship Services announce that the sailing of the Alaska service from Vancouver, September 8, Prince Rupert September 16 for Ketchikan is cancelled. Sailings of the S.S. Princess Beatrice, Prince Rupert to Vancouver, will be continued as usual.  
For other sailings, see advertisement.

**WATER NOTICE DIVERSION AND USE**

TAKE NOTICE that Francis Henry Cunningham, whose address is 805 Board of Trade Building, Vancouver, B.C., will apply for a licence to take and use 1 cubic foot per second of water out of the unnamed stream which flows northeast and drains into Humpback Bay, Porcher Island, about 400 yards southeast of northeast corner post of Lot 102. The water will be diverted from the stream at a point about 200 yards from the mouth of the river and will be used for fish, cannery and domestic purposes upon the lands applied for, being portion of the lands in Coast District.

This notice was posted on the ground on the 25th day of June, 1927. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C. within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is August 4, 1927.

"BUILD B.C." The Flavor Tells It

Mrs. A. T. Leighton of Victoria has written Pacific Milk a personal letter which we gratefully acknowledge.

"I enjoy Pacific Milk in tea," she writes, "it brings out the flavor. It takes cream to make tea really good, and as Pacific Milk is richer than cream, it gives me a cup of tea at its best."

The richer a milk is the finer it makes the flavor.

**Things Worth Knowing About Firestone Gum-Dipped Tires**

Firestone pioneered, developed, tested and placed on the market the Balloon Gum-Dipped Tire—the genuine FULL-SIZED Balloon Tire.

With but half the usual air pressure, these tires are very soft and yielding. They absorb the holes, ruts and bumps in the road. They cushion the car and passengers from shocks and vibration.

Firestone Gum-Dipping—by which each fibre and strand of cord in the tire is impregnated and coated with pure gum—adds the extraordinary strength and flexibility which makes the Balloon construction practical.

Firestone Dealers are kept up-to-date on tire development and service—continually progressing and improving their ability to serve you better and save you money. See the nearest Firestone Dealer and let him handle your tire requirements.

**Crown Colony Days**

Away back in the late sixties thousands of acres of British Columbia's timber were sold for one cent per acre, which looked like a fair price—then. Today similar timber is worth from \$150 to \$200 per acre, so tremendously has timber appreciated in value within the scope of an average lifetime.

What the young growth of today will be worth sixty years from now is beyond computation if it is protected from fire and allowed to reach maturity.

The moral is obvious.

# Neglected Eyes

NEGLECT is doubtless the cause of most of the ills that afflict humanity. This is so self evident that it seems hardly necessary to tell you. If your eyes are giving trouble, have them attended to—and at once.

OF ALL absurdities in the kingdom of foolishness, surely the loss of eyesight through neglect is the most inexcusable.

DON'T lose health and efficiency through neglect. Come and see!

### BRINGING UP FATHER

### SINGLE GYROS GET REVENGE OVER LESS FORTUNATE BRETHERN

Single Gyros got revenge from their benedict brethren for a recent baseball defeat when they turned the tables on them in a return game at Acropolis Hill grounds Sunday morning by a score of 7-5 in a spirited (not artificial) five inning match. Casualties were shared by the two sides—Bill Cruickshank and George Tite, Jr., both sustaining bunched-up fingers.

Bill Tobey pitched wicked ball for the Married men for four innings and was jerked so Stan Taylor might make his farewell appearance on the local mound. Joe Gosse, for the single men, stung a mean right and was followed by Bob Robertson, who held his opponents scoreless, only to give way to Jimmy Farquhar who let them have three runs in the final frame.

The service club players were: Single Men—George Tite, Jr., c.; Joe Gosse, p.; Doug. Stork, lb.; Dave Balfour, 2b.; Jimmy Farquhar, ss.; Bob Robertson, ss.; Norris Pringle, cf.; Norm Eresman, rf.; Alex Cannon, lf.

Married—Bill Cruickshank, c.; Bill Tobey, p.; Mill. Gonzales, lb.; Stan Taylor, 2b.; Morris Blott, ss.; Billy Balagno, 3b.; Bill Tobey, Jr., rf.; Charlie Mills, cf.; Lou Kergin, lf.

Lionel Holtby was umpire and the Single Men agreed that he was fair to them for once.

There will be a return game if all the Gyros who are single today don't get married before another fine Sunday rolls around.

### LOCAL SEA CADETS HAVE LAST PARADE

Twenty-five members of the local Navy League's Sea Cadet Corps had their final bathing parade of the season at the Salt Lakes on Saturday afternoon with Chief Petty Officer George J. Dawes of the Royal Canadian Naval Volunteer Reserve in charge of the party.

Races were won as follows: Sea Cadets' Swimming Championship—100 yards, 1. Bob Boddie; 2. Jack Cade; 3. Jack Brady.

This season's learners' handicap, 30 yards—1. Leslie Murdock, 2 seconds start; Vincent Dodd, go; 3. Jack Brady, scratch.

There were close finishes in both races.

### SPORT CHAT

It may be regarded as somewhat in the nature of a coincidence that lacrosse, once Canada's undisputed national game, was placed on an organized footing in Confederation year, when a gathering of expert players and lovers of the game met at Kingston to frame rules and legislate for the future conduct of the sport. For forty years after that period lacrosse grew and flourished, but for some fifteen years the game showed symptoms of losing its popularity. The newer generations did not take to lacrosse as did their fathers, and today the game can scarcely justify its once proud title of Canada's national pastime.

In winter sports, however, another form of athletic endeavor was born in the middle of the 80's and has now assumed the place once held in the affections of the public by lacrosse. This is hockey, which today is played by countless organizations from coast to coast.

Another development by no means confined to Canada has been the rise of golf. Thousands of clubs have sprung up. There is scarcely a town of any size in the country, and certainly none with any pretensions to fashionable sport, that has not its golf links and club-house.

Football, introduced into Canada by British soldiers after the conquest of Quebec, did not make any particular headway until adopted by the colleges and universities about 1880. The game is still largely a college sport and has a strong hold on the student body and graduates.

### SMITHERS

F. H. Taylor has returned to Smithers after a trip to Vancouver for the purpose of organizing a new company to take over and develop the Richfield

GARDEN OF EDEN IS SEEN IN PICTURE AT WESTHOLME THURSDAY

Huge Creatures no Longer on this Earth Appear in "Fig Leaves"

Children, as well as grown-up theatre patrons, will get the screen thrill of their lives when "Fig Leaves," Fox Film's version of an original story by Howard Hawks, comes Thursday.

In this story, many sequences of which are done in Technicolor, Director Hawks, has endeavored to bring to the screen a carefully planned version of certain events associated with the Garden of Eden.

The garden sequences, as may be imagined, offered endless opportunities for the reincarnation of jungle animals, ranging from the mighty brontosaurus and the ridged triceratops, to the slow moving stegosaur and the huge-legged dinosaur, about which the man today thinks a great deal but knows very little.

In making this remarkable picture, which is enlivened by a domestic love affair and brightened by a fashion revue which eclipses anything of the kind ever attempted in filmland, Mr. Hawks sought to make every sequence as plausible as possible. He has succeeded so well that preview critics pronounce the prehistoric sequences the most gripping shots ever recorded by the motion picture camera.

DIAMOND FIELDS OF AFRICA IN PICTURE

Triangle Love Story and Woman's Sacrifice Feature of Plot.

In the picture "Notorious Lady" here tomorrow night, Patrick Marlowe, an English army officer, idolizes his wife Mary, and then he finds her in another man's room, he kills the man. Mary is innocent of wrong doing but claims to be guilty in order to save the life of Patrick. Patrick takes the name of John Carey and goes to Africa near the diamond river Munganga. Later Mary goes with Mrs. Rivers to Africa and on the boat meets Anthony Walford, who falls in love with her.

But Mrs. Rivers knows that Patrick is in Africa and hopes to bring Mary and her husband together. Patrick's hope now is to get diamonds and take them back to Mary; this is the same idea Anthony has; and the two men join forces to form a hazardous expedition to the Munganga River. They get the diamonds, but are attacked by natives, and Walford's leg is broken. Patrick is unwilling to leave him, and in the stress of perils they learn that each loves Mary.

Patrick gets back with the diamonds, but thinking Mary loves Walford, does not meet Mary. In the end, the two are brought together; and an expedition starts for Walford in time to save his life.

Wash RAYON this safe way

RAYON is more sensitive to laundering than any other fabric—never wring it, never twist it, never rub it with cake soap. Rayon is most fragile when wet.

As you might expect, Rayon should be washed only in mild, pure Lux suds—dipping it gently up and down as you do silks.

WEEK AT THEATRE

Monday Fred Thomson and Silver King in "Don Mike." Bill Grim's "Whirling into Town."

Tuesday "The Notorious Lady." Mermaid Comedy. Hodge Podge "Cluster of Kings."

Wednesday Dempsy vs. Tunney. Sharkey vs. Maloney. Dempsy vs. Sharkey.

Thursday Comedy "The Swimming Instructor." Aesop's Film Fables.

Friday and Saturday "Michael Strogoff." Pathe Review.

some renegades had taken advantage of a change in the law and promptly annexed the immense holdings of the young Don. Alone he plans and executes his daring campaign which will restore his property to him, and the boldness and ingenuity of his ruses form a gripping story. Silver King is on hand to furnish some thrilling feats and a charming love theme has been woven into the plot, which sheds a delicate note of romance over this tale of amazing adventures. Ruth Clifford plays the part of the girl.

BIG FIGHT PICTURE COMING WEDNESDAY

Local Fans of Fistic Art Will Not Miss Exhibit of Leading Heavies to be Shown Here

Wednesday will be fight night at the Westholme Theatre and all those interested in pugilistic affairs of the day should not fail to attend. The fact that, only ten days hence on September 22, Jack Dempsey and Gene Tunney will again meet in a battle for the world's crown, will make this local treat even the more interesting.

There will be nine big reels of fight at the Westholme Wednesday night, there having been gathered for the timely show pictures of the Dempsey-Tunney battle a year ago this month, when the old champion lost his crown further pictures of the bout in the spring when Jack Sharkey won over Maloney in an elimination contest, and still more of the fight in July when Dempsey sparred his way over Sharkey to entitle him to the forthcoming attempt to regain his lost laurels. Four fights will be shown, Latro vs. Dundee, Sharkey vs. Maloney, Dempsey vs. Tunney and Dempsey vs. Sharkey.

MICHAEL STROGOFF SPECTACULAR FILM

In the week end picture Michael Strogoff from the book of Jules Verne are shown the glittering scenes of the Imperial Court of the Czar at Moscow and the brilliant Oriental camp of the Kahn of Tartary, together with many other big scenes were photographed in full color.

To the Verne devotee this means an opportunity of seeing for the first time just what a tent city of Tartar tribesmen in all the barbaric splendor of Oriental rags, hangings, tapestries, silken costumes, dancing girls and nomad warriors actually look like. Thus, the exact and fascinating description which were one of Jules Verne's most marked characteristics, spurred the reader's imagination, and filled the minds with glowing color. But after all, as the Japanese proverb says: "One look is as a thousand words," and the motion picture as we all know, provides the nearest approach to actuality possible for such dramatic scenes.

SLOW MOVIES ARE NOT INFALLIBLE DECIDING FIGHTS

NEW YORK, Sept. 12.—Two recent incidents in sport have proved that even the motion picture camera is fallible as a court of appeal from moot decisions. When "slow movies" were devised the sport world anticipated a visual record of close race finishes and questioned fight blows which would establish decisions beyond doubt.

When Bowman and Borah raced almost a dead heat in the 100-yard dash and the National A.A.U. championships at Lincoln, Neb., judges gave first place to Borah, then to Bowman, and awaited the film picture of the finish to ascertain which won. When the film was screened, it did not show Bowman at all.

When Sharkey claimed that his knock-out by Dempsey resulted from foul blows, experts flocked to slow movies of the fight to see whether Dempsey landed too low. Again the pictures failed to settle it. They caught the action from such an angle that each expert writer found confirmation of his own opinion.

KETCHIKAN PEOPLE SUBSCRIBE TO FUND CARE FOR SOCKEY

KETCHIKAN, Sept. 12.—A good start has been made in getting subscriptions for a \$700 fund to be used for the purpose of caring for 400,000 young sockeye salmon at the Ketchikan fish hatchery, to be cared for until next March when they will be large enough to be turned loose. The movement is being sponsored by the Ketchikan Commercial Club.

As the petition for subscriptions to provide funds for the care of fish in hatcheries, and unless a fund is forthcoming the young sockeye salmon cannot be cared for.

WOMEN LIKE WASHING

PROVIDENCE, Ont., Sept. 10.—That washing is women's favorite task was shown at a recent joint meeting of the Women's Institutes of Lucasville and Providence, when the majority of the women present answering the roll call with a "favorite job" chose washing.

Billy Bohler, returned on Saturday night's train to their home at Kilmalum after having spent the week in attendance at the Prince Rupert Exhibition where they captured many prizes.

### INSTITUTE TO BE ORGANIZED

Local Women Accept Project Advanced by Mrs. K. Grieve Saturday Afternoon

At a meeting of ladies called in the City Hall Saturday afternoon by Mrs. Katherine Grieve of Cedar, Vancouver Island, who was one of the judges at the Exhibition last week, it was decided to proceed with the organization of a Women's Institute in the city and to that end a committee, with Mrs. W. F. Price as chairman, was delegated, a meeting to be called in a month or six weeks' time to proceed with organization. The meeting was addressed by Mrs. Grieve.

Women's institutes, of which there are many in the province, have many objects chief of which include the betterment of home conditions in city and country, the establishment of better relations between city and country women, the exclusive use of Canadian products where possible, child welfare, educational improvements, etc.

### HARVEST FESTIVAL ANGLICAN CHURCH

Yesterday was the annual harvest festival at the Anglican Cathedral, Rev. T. D. Proctor of Hazelton who is relieving here for a month, preaching suitable sermons at each service. In the morning the service was conducted and the responses sung by Rev. J. S. Bayfield of Anxox and Mrs. Anderson sang a solo. Communion was administered.

In the evening the choir sang an anthem and the solos in it were taken by Miss Mally Cross, soprano, and Morris Blott, bass.

The decorations of the church which were in charge of Mrs. Wallace Orchard were particularly effective. Flowers, fruit and vegetables being used in a most artistic manner.

J. A. Swanson, mine superintendent at Anxox, and Mrs. Swanson, were passengers on the Catala last night returning to the smelter town after a holiday trip south.

John McRae left on Saturday night's train for Terrace to spend the weekend with his brother, J. C. McRae, at Kitsunkalum.

Mrs. J. W. Tibbitts was a passenger aboard the Princess Alice yesterday afternoon bound from Juneau to Vancouver.

### SYNOPSIS OF LAND ACT AMENDMENTS

#### PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner. Pre-emptions must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

#### PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land is \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

#### HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year. Titles are obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

#### LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

#### GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.
