### CHURCHILL TO BE NEW PORT

Engineer Says Cost of Making Terminals Only Third of Port Nelson

OTTAWA, Aug. 30.—That Churchill will undoubtedly be selected affording a ready harbor in which shipping facilities may be provided in calm water, protected from all the storms of Hudson Bay is the first conclusion from the preliminary report of Frederick Palmer, British harbor engineer, on the port facilities of Hudson Bay.

Mr. Palmer was engaged by the government to pass upon the relative merits of Port Churchill and Port Nelson and in his report now made public he says the cost of making a port at Churchill would be one third of the amount needed to finish the Nelson terminals.

### CHICAGO CUBS BEATEN TWICE

Lost Two Games to Giants Yesterday—Philadelphia Athletics Are Runners-up

NEW YORK, Aug. 30.—The leading Chicago Cubs lost both games of a doubleheader to the New York Giants in the National League yesterday. St. Louis Cardinals and Brooklyn Dodgers divided honors in a doubleheader while the game between Pittsburgh and Philadelphia was called at the end of the sixth inning on account of rain with a score of two all. The Cardinals and Pirates are now tied for second place. Cincinnati Reds took both games of a doubleheader from the Boston Braves.

Philadelphia Athletics made safe their hold on second place in the American League by defeating Detroit Tigers 5 to 0. The sweeping New York Yankees, now assured of the pennant, defeated St. Louis Browns 8-3 while the lowly Bostonians overwhelmed Cleveland 10 to 2.

Lou Gehrig got his forty-first homer of the season when the Yankees beat St. Louis for the eighteenth time this year.

Washington players drew for places in an effort to get out of a thirteen-game losing streak with the result that Harris, Speaker, Ruel and Bluege sat on the benches but rain interrupted the game with Chicago in the last half of the second inning with the Senators leading two-one.

Results of the games were as follows:

**NATIONAL LEAGUE**  
Chicago 7-1, New York 8-4.  
St. Louis 1-2, Brooklyn 2-1.  
Cincinnati 4-6, Boston 2-5.  
Pittsburg 2, Philadelphia 2, called end sixth, rain.

**AMERICAN LEAGUE**  
New York 8, St. Louis 3.  
Boston 10, Cleveland 2.  
Philadelphia 5, Detroit 0.  
Chicago-Washington rain.

### POSTMASTER AT STEWART DEAD

W. C. Cameron Succumbed to Heart Attack While Engaged in Household Task Last Night

Word was brought to the city on the steamer Catala, today of the sudden death last night at that point of William C. Cameron, postmaster and customs officer. He succumbed in his home apparently to a heart attack while engaged in repair work about the house.

The late Mr. Cameron went to Stewart in the early days of that camp and was widely known throughout the north. He was the first Government Telegraphs telephone agent there.

He was married and, besides his widow, is survived by a family.

Funeral arrangements had not been announced when the Catala left Stewart.

### ELLEN MAY WAS AMONG VICTIMS

Bafts Seen Bottom up in Placentia Bay and Men Clinging to Wreckage

ST. JOHN'S, Nfld., Aug. 30.—The latest addition to the long casualty list as a result of last Thursday's storm is reported to be the loss of the schooner Ellen May and crew of six men. Over forty lives were lost in the Placentia Bay district. Several boats were sighted bottom up in the bay. Two men were seen clinging to wreckage of a submerged vessel but it was impossible to rescue them.

At least seven fishing boats were lost in the Morassan banks.

### WEST FAVORS AGE PENSIONS

Hon. Peter Henan Says Scheme Will be in Operation in Near Future

WINNIPEG, Aug. 30.—Encouraged by the reception the ministers of the western provinces have given the proposals for the adoption of the federal old-age pension scheme, Hon. Peter Henan, minister of labor at Ottawa predicted that the scheme would be in operation in the majority of western provinces before another year, and the old age pension scheme would be in operation in British Columbia inside of a month.

### BRITISHER TO PILOT PLANE

Hinchliffe to Have Charge of Columbia on Return to United States

LEVINE FLIES ALONE

CROYDON, ENG., Aug. 30.—Charles A. Levine announced today that Captain G. Hinchliffe, a British aviator, had been selected to pilot the monoplane Columbia back to the United States.

Levine, who some time ago flew with Chamberlain on the Columbia from New York to Germany, astonished the world yesterday by suddenly taking off from Paris and piloting his machine alone to Croydon.

### LOCAL MAN NAMED MEMBER OF LABOR EXECUTIVE OF B.C.

J. J. Gillis and Frank Derry, representatives of the local Trades & Labor Council to the convention of the Trades & Labor Congress of Canada in Edmonton, returned to the city on yesterday afternoon's train. At the meeting, Mr. Gillis was appointed a member of the executive for British Columbia which consists of three members. It was decided to hold the next congress in Toronto.

### BETTY NUTHALL IS PLAYING TODAY IN THE TENNIS FINALS

Sixteen Year Old Girl Won Right to Meet Helen Wills by Beating Mrs. Chapin

FOREST HILLS, N.Y., Aug. 30.—Miss Betty Nuthall, the sixteen year old English girl meets Helen Wills in the finals of the United States women's championships today, having won that right by defeating Mrs. S. H. Chapin in the semi-finals yesterday 6-1, 4-6, 6-3.

Helen Wills defeated Helen Jacobs 6-0, 6-2.

### INQUEST ON FIRE RANGER

INVERMERE, B.C. A coroner's jury last night found that Roderick Munro, assistant fire ranger, killed near here on Saturday, came to his death from a bullet presumably fired by William Morpeth, an aged and eccentric recluse.

Munro is supposed to have spoken to Morpeth about a small fire he had started and the hermit apparently resented the inquiries.

### FLOATING CANNERY GOING TO JEDWAY

Somerville Cannery Co. Will Use Laurel Whalen as Sallery for Rest of Season

The Somerville Cannery Co.'s floating cannery Laurel Whalen, which has been operating at Barnard Cove down the coast from here since the salmon season opened, is now being towed by the tug St. Faith to Jedway, at the south end of the Queen Charlotte Islands, where she will be used as a saltery. Tug and tow at 8 o'clock last night were reported to be in Carmano Sound.

### CRUISED TO ALICE ARM IN SMALL BOAT

Mr. and Mrs. J. W. McAuley Home After Pleasant Eight-day Trip North

Mr. and Mrs. J. W. McAuley are back from a pleasant eight-day cruise as far north as Alice Arm on their 21-foot cabin cruiser Dolphin. The first day out they made Queenama Bay near the mouth of the Naas River, continuing the next to Alice Arm where they spent four days visiting with Mrs. McAuley's brother, William Stephen. Coming home, a stop of a day was made at Anyox and then on to Warke Canal via Kincolth where last Saturday a big native wedding was being held with a thousand or more Indians from all parts of the Naas Valley in attendance. A call was also made at Port Simpson before returning home Sunday night.

### FISH ARRIVALS HEAVIER TODAY

Total of 206,000 Pounds of Halibut Sold at Exchange This Morning

A total of 206,000 pounds of halibut was sold at the Fish Exchange, the arrivals again being mostly American boats which landed 184,000 pounds for bids ranging from 12.3c and 6c to 15.5c and 6c. Two Canadian vessels sold 22,000 pounds for 12.3c and 6c and 12.6c and 6c.

Arrivals and sales were as follows:

**AMERICAN**  
Western, 42,000 pounds, Pacific Fisheries, 12.5c and 6c.

### READY FOR LONG SWIM

Preparations Complete for Toronto Marathon—Young and Summers Favorites

TORONTO, Aug. 30.—Preparations for the \$50,000 swimming marathon here tomorrow are practically completed. George Young, swimmer of Santa Catalina Channel, has asked for Number Thirteen and, as nobody else seems anxious for it, he will probably get it. Byron Summers of California is expected to give the local boy a battle for the honors in the big race. Competitors must wear bathing suits at the start but may discard them in the water.

### HELEN WILLS IS TENNIS CHAMPION BEAT BETTY NUTHALL

FOREST HILLS, Aug. 30.—Helen Wills defeated Betty Nuttall, the sixteen year old English girl 6-1, 6-4, in the finals of the United States women's tennis championships today.

### DISTRICT ENGINEER FOR FEDERAL DEPARTMENT OF PUBLIC WORKS HERE

With J. P. Forde, district engineer for the federal department of public works on board, the departmental cruiser Walronda arrived in port at 3:30 yesterday afternoon from Victoria. Mr. Forde stated that he was merely on a trip of departmental inspection. Eight days were taken in coming up the coast and calls were made at various points. Tomorrow morning, departure will be made for Skagway. Mr. Forde is accompanying him.

### ALASKA SALMON FISHING ENDS

Will Not Re-open This Year Says Commissioner O'Malley

SEATTLE, Aug. 30.—While Governor Hartley was reported to be considering the advisability of extending the salmon fishing season on Puget Sound simultaneously with the order reopening fishing off the west coast and Queen Charlotte Islands, Henry O'Malley, United States Fisheries Commissioner, declared that the Alaska season had closed to report. He said he took no stock in reports of belated gigantic runs.

### TRAGEDY ON TILLAMOOK

Man Found on Board Well Known Vessel with Throat Cut

VANCOUVER, Aug. 30.—With his throat slashed, an unidentified Italian was found dead this morning on board the fish carrier Norco, formerly the Tillamook, which recently arrived here from Ketchikan. He had been taken on at Seattle.

### FATHER AND SONS DROWNED IN STRAIT

PORT ANGELES, Aug. 30.—Henry McKelvie and two sons, Philip aged 16, and George 8, were drowned in the Strait of Juan de Fuca last night when an Indian canoe in which they were fishing upset.

### LECTURE BY COLONEL McLEAN INTERESTING

"Forty Years Across Canada With Salvation Army" is Title

"Forty years across Canada with the Salvation Army" was the title of an interesting address given last night in the local citadel by Col. J. S. McLean of Vancouver, divisional revivalist of the Army for Western Canada. There was a good sized attendance and Capt. Stohart presided. Sergeant Major J. Stohart of Nanaimo, father of the local commandant, read scripture and the meeting was opened and closed with prayer by Rev. W. F. Price, pastor of First Baptist Church.

Col. McLean, who has been in the north for the past three weeks, sails this afternoon by the Catala on his return to headquarters in Vancouver.

### MOREPATH ARRESTED

INVERMERE, Aug. 30.—The name of the man arrested in connection with the shooting to death of a fire ranger near here is William Morepath.

### PROSPECTS FOR FAIR BRIGHT

Exhibition Board Makes Final Arrangements for Big Show Next Week at Meeting Last Night

Optimism with regard to prospects for the success of the annual Prince Rupert Exhibition next week pervaded a meeting of the Fair Board last night when considerable time was spent in arranging final details for the big event. President Frank Dibb was in the chair and directors present were Dan Jabour, S. E. Parker, Bert Morgan, Ben Self, George B. Casey, Joe Brown, Olof Hanson, W. F. Vance and Ald. G. P. Tinker.

The report of the finance committee was of particular interest. Whereas the year was started off with obligations totalling \$2,764 due some seventy creditors, the board now has only seven creditors with claims totalling \$650. Very shortly, it is expected, that these last of outstanding accounts from 1926 will be liquidated.

Good response was reported to have been met in canvass for funds and, if only weather is favorable, the board has no doubt of ending the current year on the right side of the ledger.

The board set its schedule of prices for the gate to the various features of this year's Fair. The charge to the Stampecks will be \$1.00 for adults and 50c for children. There will be an extra charge of 25c for certain grandstand seats. To see the Stewart-Prince Rupert baseball games it will cost 50c while the charge to all other games, including Gilhuly Cup football, will be 25c. Entrance charges to the building will remain the same as last year—25c for adults and 10c for children. Programs will also be sold.

A letter was read from H. P. Hill offering to stage in Prince Rupert an historical Diamond Jubilee of Confederation pageant similar to that which was put on at the Vancouver Exhibition. As it would be impossible to stage this until after the Fair, it was decided to go further into the project which would require some 300 or 400 local people to participate.

### LEADING MINING MEN WILL VISIT RUPERT

Delegates From Empire Mining & Metallurgy Conference Will be Here Next Month

Following the Triennial Empire Mining & Metallurgy Conference, which opened in Montreal last week and is holding sessions in various principal cities of Canada, a number of delegates to that important gathering, which has attracted mining men from all parts of the world, will visit Prince Rupert next month. They will arrive from Vancouver by Canadian National steamer on the morning of September 17 and proceed that night to Anyox, where they will inspect the smelter and mine, returning to the city on the Sunday evening following and proceeding east by train the next day.

Preparations are being made both here and at Anyox for the reception of the distinguished visitors.

### INSPECTOR TOWNSEND DEAD IN A BATHROOM

REGINA, Aug. 30.—Inspector Townsend of the R.C.M.P. was found dead, shot with a service revolver in his bathroom today. A verdict of "accidental death" was returned by the coroner's jury.

### APPEAL NOTICE SANKEY CASE

Court of Appeal will be Asked for Change of Venue for Second Trial

VANCOUVER, Aug. 30.—Notice of appeal has been given by J. E. Bird on behalf of Joseph Sankey charged with murder at Port Essington last year of Miss Loretta Chisholm from the order of Mr. Justice Morrison refusing to allow a change of venue for the re-trial. It will be again argued before the court of appeal that Sankey would be prejudiced by the trial at Prince Rupert and that the trial should take place either at Vancouver or New Westminster.

### EARLY RE-OPENING OF FISHING ON ISLANDS OFFICIALLY DENIED

The report that salmon fishing would reopen Thursday on the west coast of Vancouver and Queen Charlotte Islands seems to be incorrect. Neither Major J. A. Motherwell, chief inspector of fisheries, or Adam Mackie, the local inspector, knew anything of it. They state that fishing will be resumed on the Queen Charlotte Islands, as in other parts of District No. 2, on September 4 at 6 p.m.

### FEW NAMES IN POLITICAL POT

Question of Leadership of Conservative Party Being Discussed in East

TORONTO, Aug. 30.—The question of who is to be chosen for the Conservative leadership is still agitating the people in this part of Canada. It was recently stated in Winnipeg that a leader had been agreed upon and that the man chosen "might be described as a westerner." This has made the doubt greater than ever. The term would never have been used for Hon. R. B. Bennett, who is cut and out western. The general feeling here is that Hon. Hugh Guthrie will win out but Sir Henry Drayton, Hon. Bob Rogers, and Charles A. Magrath, chairman of the Ontario Hydro commission, have all been mentioned.

### VANCOUVER IS GIVEN FRIGHT

Rumblings and Rattlings Make People Rush From Their Homes to Streets

VANCOUVER, Aug. 30.—Accompanied by a plainly audible rumble, a shock of mysterious origin shook houses and other buildings and rattled windows, dishes and furniture in greater Vancouver area last night. It was of short duration and investigation failed to reveal the cause. No damage was reported.

When the rumbling was heard many people rushed into the streets from their homes. Office buildings also felt the rumble, which apparently was of local character.

### ASKING FOR QUARANTINE

Epidemic at Trail and Rossland Causes Alarm at Neighboring City

ROSSLAND, Aug. 30.—Two more cases of infantile paralysis have been reported here and another possible case is under observation.

NELSON, Aug. 30.—The city council will apply to the provincial board of health for quarantine for Trail and Rossland in which the infantile paralysis epidemic is claiming a number of victims. The application is made in the interests of the health of residents of the Nelson district.

### APPEAL NOTICE SANKEY CASE

ORE DISCOVERY ALICE ARM

The striking of what looks like a large and valuable deposit of copper ore in the Vanguard property at Alice Arm will give a great impetus to mining at that camp. The find is particularly interesting because it is the result of the initiative of British Columbia minded interests.

Laziness may be the result of heredity, environment or just pure cussedness.

PAY HIGH FOR MEDICAL AID

Rev. Dr. Pringle, the well known United Church minister, has been writing to the southern newspapers urging the need of health insurance. And yet there are difficulties in the way.

It is found by the vendors of patent medicines that during the Christmas holidays it is useless to advertise cures for sickness because the people have no time to be sick. They have the holiday spirit and remain well.

There are many people who dote in being ill. They boast of it to their friends and never fail to tell them of the very latest spasms they have had. They frequent the doctor's offices and often take to their beds when they should be about their duties, forgetful of the slight twinges which can be suppressed by power of the will.

They tell me that the mosquito season is over in the interior and it is found that the disposition of the creature was just about the same as in former years, only rather more so.

HEALTH IS NATURAL AND BEAUTIFUL

Health is natural and beautiful. Sickness is unnatural and ugly. One might even go farther and say that health is godly, whereas sickness is of the devil. In China they have the right idea. They believe there that when a man is ill he is possessed of a devil, and he is. When he is well it is proof that the divine spirit is with him, keeping him as God intended he should be.

It would be difficult to speak truthfully and say that an ordinary can of commercial pork and beans is very hogghish.

FERRY FOR SKEENA RIVER

There seems to have been a misconception in regard to the Skeena River ferry. The original suggestion made to the minister of lands when he was last here was that while the road connecting with Terrace is being built, a ferry might be operated for a few miles connecting the ends so that the road might be used as a through highway several years earlier than otherwise would be the case.

Suppose the road is built from both ends and forty miles remains unconnected. These ends connected by ferry would enable Prince Rupert people to drive to Terrace and other places and would enable tourists to come through to this city. Also it would enable Ketchikan people to bring their cars and drive to the outside world.

If the road is built along the Skeena, we are strongly of opinion that the ferry would be a great advantage but it will not be needed yet.

GRIZZLY HUNT IS PLANNED

Famous Hunters Going Out After Bear in Mount Robson Country

WINNIPEG, Aug. 30. — "For twenty years I have been coming up to Canada to hunt, but I've never yet been face to face with a bear. This trip I'm out after my first grizzly." The man who uttered these words on the C. N. Railway station platform was Robert Frothingham, of New York, the well-known big game hunter-lecturer.

"The doctor here has taken Kodiak bears in Alaska and bear is the only thing I have never got. But Dr. Babcock has never hunted with pack train and I have, so I guess we're quits. We expect to get other game before we are through, but we are going to concentrate on the grizzly first. You cannot make him a side issue."

Mr. Frothingham, who is ex-president of the Circum-Navigators' Club, the Sphinx Club and other prominent organizations, and is the author of a number of books of travel and a series of anthologies of poems on dogs, horses, the trails and the sea, was in the west the last two years ago. At that time he went up into the Smokies from Mount Robson and brought home a caribou and two mountain goats.

"I believe in conservation," said he last night. "After all my hunting years I have only eight heads. I never go after anything I already have, except with the camera. Of course, even if I have a sheep, I won't say I'm not going to take a crack at a big ram if he pokes his head out at us and acts up. We are hoping to get a lot of photographs," he added, "even if we don't bag anything else. And I want Dr. Babcock to see Mount Robson. I've been telling him a lot about it. However, this is a grizzly hunt and grizzly we're going to get."

In The Letter Box

PROTECT THE DEER

Editor, Daily News.

Some time ago there was something in your paper about protecting the deer on Kaien Island. I am one of those who would like to see the island kept as a game preserve. Now that the road is being built to Galloway Rapids it will be easy for illicit hunters to go out after these tame deer so they need protection. If dogs were kept from chasing them, the deer would become tame and would be one of the sights to show tourists. Then with a road to the top of the mountain from the other side this would become an interesting place for tourists to stop off and spend a day.

I think we should always bear in mind the possibilities of this place as a tourist resort and should try to make it attractive. Any wild animals are always a great attraction. How would it be to have a lot of deputy game wardens appointed without salary to help the provincial police and prevent the slaughter of the deer on the outskirts of the city?

Yours for the improvement of the city and protection of the deer.

RUPERT BOOSTER.

WHAT HE WOULD LIKE TO SEE.

Editor, Daily News.

Here are a few things I would like to see:

A road built from Prince Rupert to Terrace along the route described by S. Chas. Gordon.

The editor of the Daily News write one editorial each day suggesting something for the advancement of Prince Rupert.

A society organized in Prince Rupert composed of every voter, to be known as the Prince Rupert-Terrace Road Association. A small monthly fee could be charged and meet say once a month. Incidentally the interior town should be encouraged to form Road Associations with the ultimate object, a highway from Edmonton to Prince Rupert.

A game warden appointed for Kaien Island to protect all wild animals that may take refuge on the island.

The Editor of the Daily News or his representative take a party and go over the route, as described by C. Chas. Gordon, from Prince Rupert to Terrace and give a write up of the country through which it passes.

Some one give a good reason why an up-to-date flour mill would not pay in Prince Rupert.

OBSERVER.

Man in the Moon

IN reviewing the work of the season the president of the Mosquito club states that excellent work was done this year in making the life of the human race miserable. The members practiced their war songs regularly and never allowed any opportunity to pass in making their presence known and in harrying the enemy.

# Crown Colony Days

Away back in the late sixties thousands of acres of British Columbia's timber were sold for one cent per acre, which looked like a fair price—then. Today similar timber is worth from \$150 to \$200 per acre, so tremendously has timber appreciated in value within the scope of an average lifetime.

What the young growth of today will be worth sixty years from now is beyond computation if it is protected from fire and allowed to reach maturity.

The moral is obvious.

HAM AND EGGS ARE UP AND SUGAR DOWN

Today's Survey of Market Shows Effect of High Preserving Fruit Prices on Sugar

The sugar market declined 10c per cwt. last Wednesday. The high prices prevailing on canning fruits in comparison with last year have reduced the home preserving sugar demand.

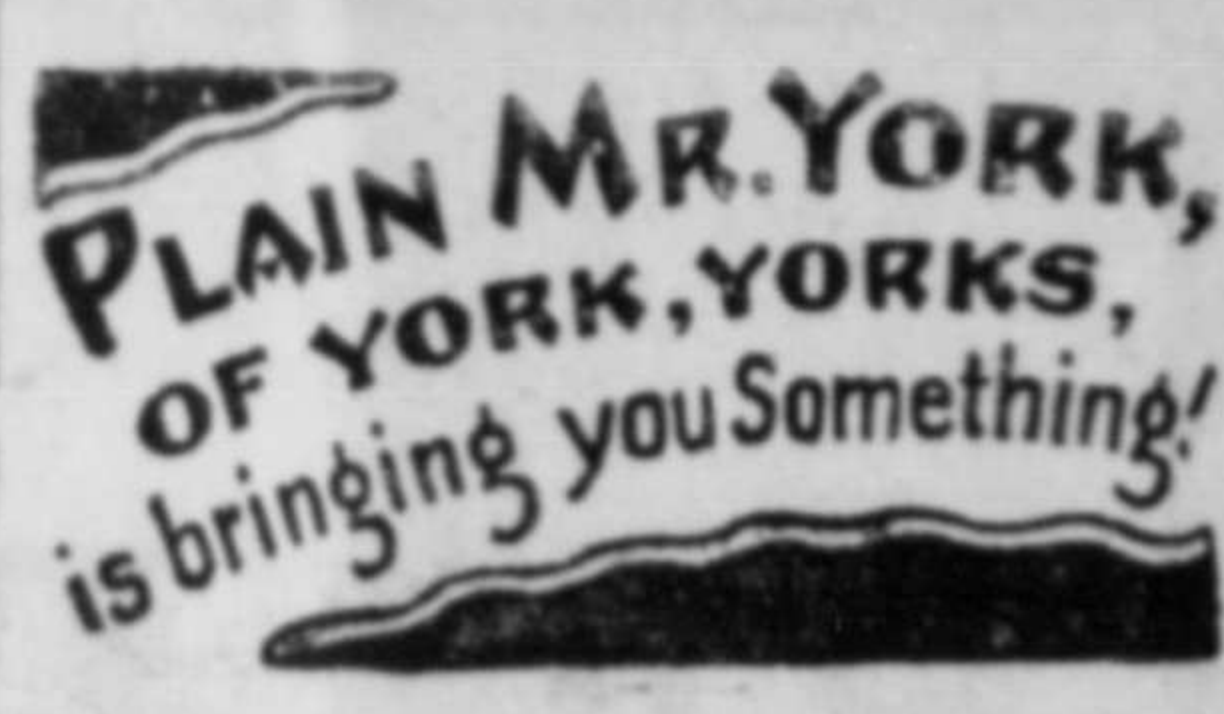

Outdoor tomatoes have taken a big drop and are now cheaper than they have been for a long time, owing to the large supplies being offered. Where the grower gets off at is of course another story, but meantime they are being shown in local stores at 15c per lb. or 5 lbs. for 60c.

The new crop of Brazil nuts is now on the market. Prices are considerably higher than last year, the new retail price being 35c per lb.

Smoked meats and lard and pork products generally have firmed up. Prices have advanced on all lines from 2c to 4c per lb. and everything points that this advance will be maintained for some time.

Prices on the egg market have advanced on an average 5c per dozen during the past ten days on B.C. Fresh Eggs, with supplies very short. Local fresh eggs are now selling at 60c a dozen and the demand is exceeding the supply.

In the Butter Market, there have been no changes in prices for the past month. New Zealand supplies are entirely cleaned up and no further shipments are expected from the Antipodes this year with plenty of good Canadian butter to be had in any size package down to 1/4 lb. there should be no great disappointment over the last of imported butter.

ments are expected from the Antipodes this year with plenty of good Canadian butter to be had in any size package down to 1/4 lb. there should be no great disappointment over the last of imported butter.

The chief event in the grocery world has been the recent invasion of this market by the Harry Horne Co., Ltd. of Toronto, manufacturers of the well known No. 1 Jelly Powder, with a most complete line of cake icings, quick puddings, custards and gelatines. Setting the retailers' costs so that any of these lines may be sold at 3 for 25c, this firm believes that the volume of business it will eventually get throughout Canada will repay for the reduction made. As an instance of what this means, Horne's gelatine at 3 for 25c is similar in size and equal in quality to other gelatines which are always sold for 25c. This firm's efforts towards a reduction in the cost of living ought to be appreciated by the buying public.

Speaks to Rotary Club of Fernie During Holiday Jaunt There

A special despatch to the Province from Fernie says: Rev. Hugh Grant, LL.D., was a guest of the Rotary Club here, the occasion being to a large extent an informal re-union for the guest of honor with his former townsmen. Dr. Grant was for many years pastor of Knox Presbyterian Church of this city, but left here fifteen years ago in response to a call to Vancouver. He subsequently moved to Prince Rupert, and from there to his present pastorate at Fort William. Dr. Grant addressed the Rotarians on the themes of fellowship and international goodwill. He submitted some very feasible suggestions as to how the people of Canada could by the application of slightly more cordial relations towards immigrants from European countries, foster and promote the spirit of loyalty to Canada by those who are now making it the land of their adoption.

He stressed the value of such patriotic events as the recent Diamond Jubilee celebration, which the foreign-born had entered into with as keen enthusiasm and loyalty as those who were native born. Canada had been characterized by prominent public speakers as one of the world's greatest countries possessing undeveloped wealth; these being in the form of undeveloped natural resources, but Dr. Grant pointed out that before these resources could have real economic value and further the prosperity of the

**YOUNG MAN WITH LONG RED HAIR IS DEMENTED**

Hamish Douglas, Who Visited Here This Summer Sent to Mental Hospital

Hamish Douglas, a young man with long red hair, who visited Prince Rupert early this summer and caused much curiosity, was discovered in the woods not far from Vanderhoof recently in a demented condition. He had apparently been out about two days. For some considerable time he had frequently been acting strangely, and was more or less under the eye of the authorities. Constable H. L. McKenney took him to Prince George after he had been medically examined by Dr. W. Ross Stone. On arrival at Prince George he was again put under a medical test, upon which it was decided advisable to place him in proper care in a mental hospital. Constable McGilchay took the unfortunate young man to Esmondale.

**WATER NOTICE.**

DIVERSION AND USE

TAKE NOTICE that E. Rousseau, whose address is 410 Seymour Street, Vancouver, B.C., will apply for a licence to take and use 1 cubic foot of water out of unnamed stream which flows southerly and drains into Port Stephens Bay, about one mile east of Bluff Point. The water will be diverted from the stream at a point about 600 feet from the mouth and will be used for commercial purposes upon the lands described as Lot 2750, Range 4, Coast District. This notice was posted on the ground on the 26th day of July, 1927. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is August 20, 1927.

**EDUCATING TRIBES SOVIET DOCTRINE**

PRUNSE (Formerly Orenburg), Russia, Aug. 29.—In order to bring ideas of modern improvement and Communist doctrines to the backward nomad tribes inhabiting the vast Kirghiz steppes, the Soviet authorities have formed what they call a "Wandering Soviet."

This organization, representing on a miniature scale that of a Soviet public office, carries all its outfit on horseback and camels, and slowly moves up and down the country. It is supplemented by a portable motion picture outfit, medical and veterinary consultation, a political educational department and a library.

**RHUBARB FOOL IS HIGHLY COMMENDED**

LIVERPOOL, Aug. 30.—Rhubarb "fool" is one of the many dishes British culinary experts are commending to housewives who want to make rhubarb "interesting."

This dish is made by serving stewed rhubarb with custard or by putting rusks into a serving dish and pouring the stewed rhubarb over them.

The English domestic science experts say that rhubarb should not be cut into small bits and stewed in a lot of water. It should be left in pieces just as long as will lie flat in a stew pan, and only enough water should be poured into the pan to cover the bottom, they advise. Sugar should be added. Then the stewpan should be covered and rhubarb allowed to cook slowly. By this method the stalks can be kept whole and cook chiefly in their own juice.
