Sentence on Mrs. Margaret McRae Deferred by Justice Following Quick Jury Trial That the biological board should have a boat to investigate and prospect for new fishing grounds was recommended that better

VICTORIA, March 3 .- Mrs. Margaret McRae, who shot and killed her husband, Albert Frederick McRae, in their home here in November last, charged with murder at the Supreme Court of Assizes here yesterddy, was found guilty of manslaughter last night, sentence being deferred by Mr. Justice Morrison who presided. The jury was out for 45 minutes when it returned and asked for further direction on the definition of manslaughter. It then deliberated fifteen minutes before reaching the verdict.

Crown witnesses, during the trial, told of McRae going to his home with a police constable. While hex-

was there packing his clothes in a suitcase, Mrs. McRae entered the room and TUGBOAT RADIUS IS shot him with a revolver in the head. Mrs. McRae, on the stand in her own

defence, gave testimony of an eventful twenty-three years of married life during Little which time she had been mistreated. her husband had had relations with another woman and had misappropriated funds of hers.

CANADA LEADS WORLD IN ITS GRAIN EXPORT

Is Now Entitled to Wider Term Than "Granary of Empire"-Argentine is Poor Second

OTTAWA, March 3 .- Instead of Canada being spoken of as the "Granary of the Empire," she now aspires to a wider title, for in 1926 she led all countries in the export of wheat and flour, having exported 212,000,000 bushels of wheat. Argentine came a poor second with a little less that 65,000,000 bushels; Australia with 43,000,000; and the United States with 40,000,000; thus Canada alone has exceeded the exports of these countries by over 64,000,000 bushels. Canada's exports of flour amounted to 8,163,000 barrels; the United States 7,430,000 barrels; and Australia 3,750,800 barrels

Stricter Measures of Salmon Conservation Are Urged Upon Authorities by Mass Meeting

More efficient methods of patrolling salmon seining and fishing at the mouths of creeks were urged at a mass meeting of salmon fishermen last night in the Deep Sea Fishermen's Union Hall. Along these lines, a number of resolutions were passed for submission to the federal fisheries authorities and the members of parliament for the coast. The meeting, which was presided over by Charles Lord of Port Essington, was attended by some sixty or seventy men, representing all parts of the district, and a general discussion was given various matters of interest to the industry,

ing boundaries be extended further out The Chinij family came to Canada from the creek mouths. In the matter DAVID LLOYD GEORGE DECLARES ome twenty years ago from Galicia of patrol, the fishermen expressed their and, although they were residents of willingness to allow the use of their POLICE SHOOT RIOTERS the district for a long period of time, blats whenever required in the disguise the district for a long period of time, boats whenever required. It was sugonce until the provincial police recently themselves on fishing boats, a practice Twenty Lose Lives and Forty Injured at investigate strange rumors concerning that was successfully carried out in Nor-

> recommended that a royal commission be appointed to investigate the whole salmon fishery situation on the British Columbia coast this fall. IT IS NOT SINKING SHIP IN ENGLAND

GOING STRONG

MIDDLESBROUGH, England, March 3. -(Canadian Press).-Liberalism in England is not a sinking ship, and the gentlemen who left the party would discover that before they were two or three years older, David Lloyd George declared in the course of an address at the Town Hall here. Liberals must not se discouraged, he urged.

The former premier also dealt with the China trouble. "The first thing we have to do in this country is to avoid war like pestilence," he declared. He thought the movement of troops to the Far East was sinister in view of the fact that it was a premature movement, of troops in 1914 that brought negotiations to an end.

SIGNIFICANT TEST

DAILY EDITION.

OF PARTY STRENGTH. The division on the budget at Ottawa early yesterday morning that it would probably be wise to have was a significant test of party strength. It showed that, even in a this year. pinch, the Liberal government can muster a majority of 23 over any The meeting was enthusiastic with possible opposition. Since the Progressives, United Farmers of about seventy members of the associa-Alberta and Laborites, who normally to be counted on as' Liberal tion in attendance.

supporters, voted against the government on this, the most import- Hon. S. F. Tolmie was elected as ant issue that the session is expected to produce, it may be antici- Honorary President and J. C. Brady. pated that it will prove the closest division on any matter of import- M.P., Honorary Vice-president. ance that may arise.

It has been proven that the Liberals have a splendid working LIBRARY BOARD HAS majority such as Premier King had wished during his first five years as Premier. Now with a clearly expressed mandate from the people of Canada and a good record of achievement already behind it, the Liberal government looks like a permanent thing for a good Routine Business up Last Night-Remany years to come in Canada.

TARIFF WAS ISSUE IN 1927 BUDGET.

Some of the eastern papers described it this year as a Conser-ing the chair. Members present were vative budget from a Liberal government. That was because it pro Ald. M. M. Stephens, James Black and videl for no tariff reductions. Tariff entered into the budget even Rev. G. G. Hacker as well as the though the document did not provide for an changes. In fact tariff librarian. was responsible for the only budget amendment that was made- The report of the librarian showed namely that propounded by the United Farmers of Alberta. Liberals and Conservatives joined in turning that down but, as was not generally anticipated, the Conservatives voted against the budget as a whole. In spite of that they had no suggestions to offer in the form of amendments.

OPPORTUNITY FOR LOCAL MEMBER'S INDEPENDENCE.

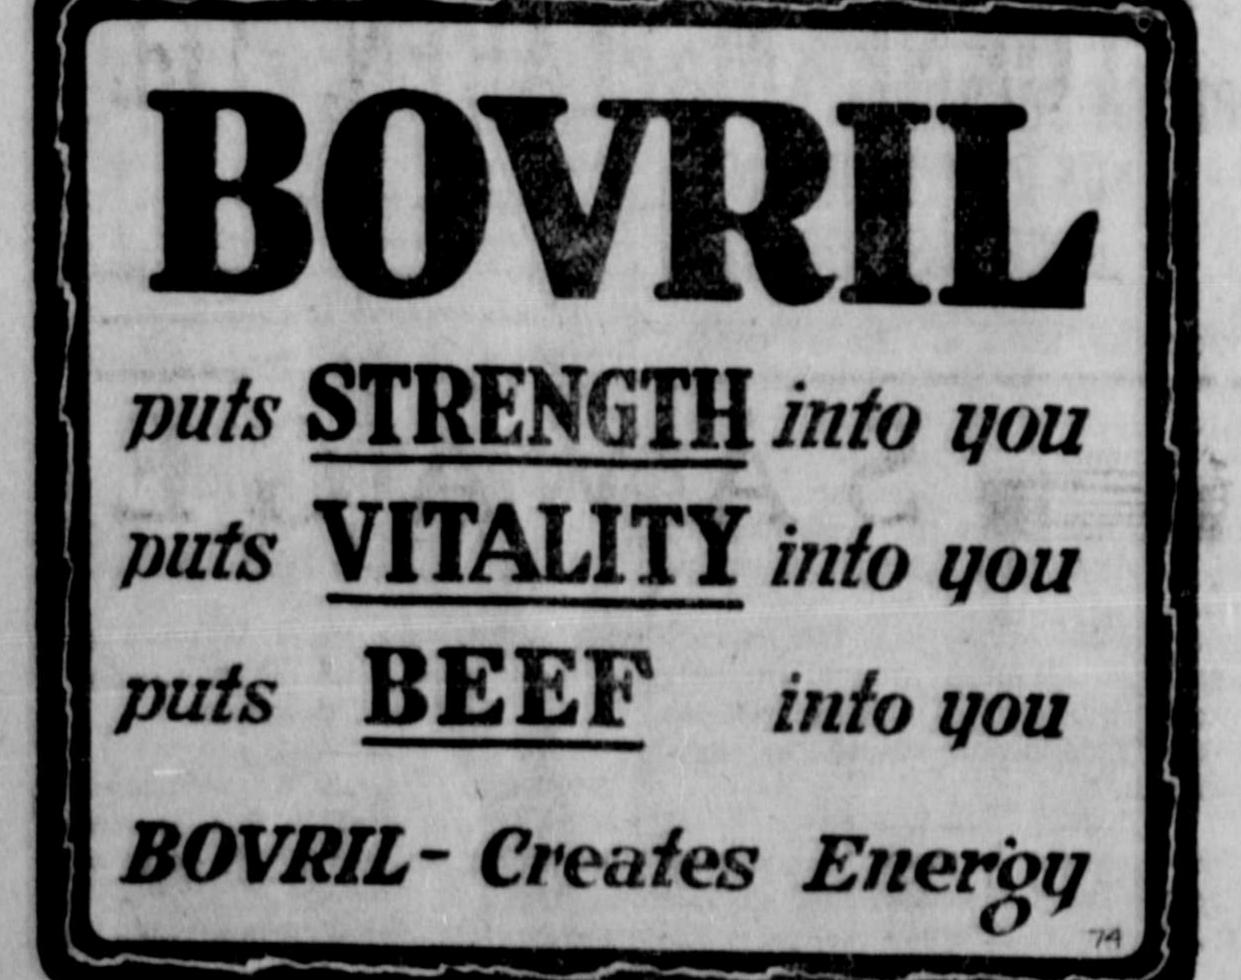

The Conservative even admitted that there was much virtue in the budget. Therefore, having nothing themselves to offer, it would have seemed the proper thing for them to support it. Nothing but politics, their chronic disposition to oppose, apparently guided them in voting as they did. In that connection it is noticeable expressed hope that some individual or that the local member, like all the other Conservatives, voted against society would donate a set, as there the measure. Coming from a constituency that has everything to were no funds at the present for regain from low tariff and the Liberal policies, Mr. Brady missed an placement. excellent opportunity to assert his independence. He proved him- Business of the meeting was otherself, however, a Conservative or bust.

HECTIC SESSION OF LEGISLATURE CLOSING.

It is gratifying to see that a hectic session of the provincial legislature is nearing its close. The people, if we judge aright, are becoming sick of such abominable proceedings as have featured the Victoria session this year. They have had their surfeit of abuse. and scandal withal nothing constructive forthcoming from a bitter and envious opposition. There are rumors of an election before another session is called. Many people are inclined to the desire that there should be an election so the air may be cleared and This meeting is open to the public. The something better produced next year than there was at this last meeting.

TRAGIC ACCIDENT ON VANCOUVER ISLAND.

The terrible tragedy at Duncan yesterday wherein a little girl lost her life in the explosion of a dynamite cap again points to the necessity of parents ever being on the look-out for just such unfortunate happenings. There is an old saying that the unexpected always happens. If people are anticipating such things as these and the church will be glad to welcome. are always guarding against them they will be expected and will probably never occur.

CONVENTION PLANNED BEFORE

rooms on Third Avenue elected E. A Mann as president for the year. Other officers elected were:

First Vice-President-J. H Thompson.

Second Vice-President, W. R. Love. Secretary-Treasurer-W. W. Wright. Nine members were elected to compose, with the four officers, the executive for the ensuing year as follows: C. H. Orme, J. A. Kirkpatrick, W. E. Fisher, Robert Blance, C. V. Evitt, D. C. Stuart, S. W. Taylor, J. O. Williamson and R.

V. G. LePine.

During the course of the evening short addresses were given by J. H. Thompson, W. R. Love, C. H. Orme, G. H. W. E. Fisher, E. A. Mann, W. Sibbald, D. C. Stuart and J. A. Kirkpatrick on the political situation in the province and the opinion was expressed that a provincial contest was not very

Mr. Mann, in accepting the office of president, made a humorous speech on political matters and expressed the conviction that it would not be long until Prince Rupert had a Conservative member at Victoria as well as at Ottawa.

Reference was made to the publicity that the city and district were receiving at the hands of J. C. Brady, M.P., who has been taking an active part in the discussion at Ottawa.

TO HOLD-CONVENTION Thursday, March 3, 1927

The matter of selecting delegates for a provincial nominating convention was lso discussed and the executive was asked to attend to the matter and arrange for a meeting when it was considered advisable. It was intimated the convention held before June 1 of

REGULAR MEETING

ports of Interest are Received

The regular monthly meeting of the Library Board took place last evening. George V. Wilkinson, president, occupy-

totalling 4437. The library was open twenty days, the average daily circulation being 221.8. The Affliction of "Big-Neck"

The unsightly goitre-big-neck-some people call it, is not alone an affliction in itself, but in certain types of cases is the fore-runner of very serious, sometimes fatal, consequences.

The lower nerve under the magnifying glass is pinched by a misaligned joint Pinched nerves cannot transmit healthful impulses, Chiropractic adjusting removes the pressure / . The

upper nerve is free

as nature intends.

Due to a deficiency in the nerve supply to the thyroid gland a dis-eased condition develops and swelling occurs, sometimes entirely upon the surface, without dangerous consequences, sometimes inwardly with strangulation and impaired sight following.

Chiropractic spinal adjustments remove the interference with nerve lines and permit normal functioning of this gland. Cases are upon record showing as much as five inches reduction in neck circumference after three months of adjustments.

AFTER FORTY YEARS WITH A GOITRE-

"For forty years I have suffered with goitre. I had been advised to have it operated upon, but would not hear of an operation. After witnessing the result of chiropractic adjustments with several members of my family, I decided to see if I too could be helped. have now been taking adjustments for several months and can see my goitre reducing almost daily. I feel that I cannot say too much as to the merits of Chiropractic for human ailments."-Mrs. A. Powell, Chiropractic Research Bureau, Statement No. 2075-L

Sharpens Morning Appetites

and sustains through vital, busy hours

Some appetites don't waken till the morning is half spent. They do not welcome breakfast, and so they take little of it. A day that is not started with an active digestive system is a day that is badly begun.

Start your day right by having Quaker Oats. It sharpens morning appetites. Its tempting aroma arouses a welcome as friendly as the genial Quaker himself.

Warm, appetizing, gratefully soft, it is pleasing to the stomach. A breakfast to enjoy. It wakens dormant digestive organs. Because it assimilates so easily, body and brain quickly reach high capacity for work.

For busiest hours, Quaker Oats satisfies and sustains. It supplies the fuel the body needs. It contains 16% protein, the tissue builder; 65% carbohydrates, the energy producer; and the all-important vitamines and mineral salts.

Quaker Oats -you have always known

Quick Quaker

GOOD EFFECT FOR CANADIAN COAST FORECASTED IF U.S. CONGRESS PASSES BILL

VANCOUVER, March 3 .- (By C.P.) -A bill now before the United States Congress, and which has already been given favorable hearing in the Senate, may be of considerable benefit to Canadian seaports.

The proposed legislation, sponsored by Senator King, Utah, will bar from entry to United States ports any vessels carrying crews which include members of nationalities excluded as immigrants. If approved the bill would not permit ships of the Canadian Pacific Limited. the Admiral Line, the great Japanese companies, and many other services to enter the ports of the United States.

United States seamen's organizations are supporting the bill. No direct mention of the nationals affected is made. the clause of the bill reading:

"No vessel shall, unless such vessel in distress, bring into a port of th United States as a member of crew any alien who, if he were applyin for admission to the United States an immigrant, would be subject to ex clusion under sub-division C of Section 13 of the Immigration Act of 1924."

Under the present law East India: and Chinese seamen in possession proper passports, are permitted to lanfrom their ships while in port. If the are not aboard their ship when it sail again, a fine of \$1,000 is exacted from the owners for each missing seaman. some cases as many as twenty China men or East Indians have deserted their ships while in an American port and heavy fines have been paid.

Should the proposal of Senator Kin be enacted into law, many vessels carry ing Orientals as members of thier crew would be forced to use the ports Vancouver, Victoria and Prince Ruper; in place of entering at various Unite States Pacific ports.

SCHOONER McKINLEY MAKING FIRST CALL AT PRINCE RUPERT

The new American halibut schoone McKinley is making its first call this port today. The vessel is one o 38 tons and carries a crew of ten men Her master is Capt. B. Hansen, form erly of the Radio. She brought in catch of 40,000 pounds which is being unloaded at the Atlin Fisheries plant.

CANADIANS LEAD WORLD IN POWE

Dominion Uses More Electricity Tha Any Other Country in Relation to Population

OTTAWA, March 3, - Canada nov leads the world in the public per capita distribution of electricity from centra electric power stations. The figures of kilowatt-hours generated per capita per annum by the five leading countries are Canada 1,260, Switzerland 886, United States 581, Sweden 467, Norway 370.

after all the information it is possible to secure has been considered. The cost of preparation of the grounds as well as the cost of staging the stampede will be considered before it will be possible to reach any conclusion. As a sports attraction, the stampede would prove popular, but the Fair board this year is concerned principally with realizing substantial financial returns and no doubt this will largely determine the decision it will make.

The grounds in Amsterdam, Holland, where in 1928 the Olympic Games will be held, cover an area of 40 acres. Besides the Main Stadium there will be a swimming-stadium, a Pavilion for fencng and one for other indoor sports. cricket ground and somewhere in ulet corner a lawn tennis-stadium The chief building, the grand stadium will accommodate 40,000 visitors. There are about 20,000 sents and half of them will be covered. In the centre of the Stadium lies the football ground of international dimensions. Around it Six and Seven Passenger Studethere will be a cinder racing track bakers at your disposal any time. 182 yards across). Round the race course 181 the cycling track will be constructed which will be the same width but will 181 be 545 yards long. The competitors will be seated near the finish and the 178 press will be excellently accommodated 178 opposite the finish; 600 seats are reser-177 ved for press representatives. The two 175 covered stands are in the centre. One 72 contains the Royal and other officials 172 boxes and under the other stand lies 172 the Marathon Gate. There will also be a Marathon Tower (150 feet high) bear-165 ing on the top a large plate, from which 164 a permanent smoke column will mount 61 to the skies during the Cames.

ROTARY CLUB OBSERVES ANNIVERSARY TODAY

Woodland, D. C. McRae, Earl Barrie, H. A. McLean and Dr. Alexander Are Speakers

Paulino Uxcudun gained many friends The Rotary Club celebrated its for himself as well as the decision over twenty-second anniversary of founding Knute Hansen last week in Tex Rick- at the luncheon today. Rotarians G. A. ard's series to select a challenger for Woodland, D. C. McRae, Earl Barrie, H. Gene Tunney. Although theses matches A McLean, and Dr. H. L. Alexander each are coming close together, 13,000 fans spoke briefly on the Rotary movement paid admission for the melee. Tonight on the different continents of the Sharkey and McTigue meet in another world. President C. H. Orme presided.

Query in a newspaper health column Whether or not to stage a stampede is, "Can a gfrl do anything about an this fall in connection with the ex- unattractive knee?" Not a thing but hibition will be decided by the board grin and bare it.

YOUNGER ROYAL LADIES IN ENG-LAND CONFORM TO KING'S WISHES AND RETAIN LONG HAIR

LONDON, March 3.—(Canadian Press) Despatch.) -- Many observers may have wondered, at a time when the younger royal ladies of so many countries, such as Spain and Rumania, have bobbed or shingled hair, that no English princesses have fallen to the fashion. The reason according to the Manchester Guardian is the King's strong prejudice against short hair for women. While the Queen merely thinks the fashion ugly and recognises its practical advantage, the King's feelings are so strong on the matter that he refuses to sanction any of the ladies attached to the court appearing with shorn locks.

No exceptions are made from the rule. hide the fact of her unwisdom. Other 'switches' to provide the necessary CHINESE MARY'S

DISTRICT ENGINEER'S SURE WAY CATCH FISH

All That is Needed is Drydock Full of Water and Pumps to Empty it

VICTORIA, March 3 .- John P. Forde, district engineer for the Dominion department of public works, claims to have discovered the surest means of catching fish that has so far been devised. All the equipment that is necessary consists of a drydock full of water and pumps to empty the dock.

Recently the new Songhees drydock at Esquimalt, second largest in the world. was pumped out by the dock master and when the last of the water had been sucked out of the graving basin, a large run of salmen was found on the bottom of the dock, in addition to a number of large codfish and some perch. Every time the dock is emptied some fish are left in the bottom, according to Mr. Forde, although the most recent operation saw the first of the salmon catch.

The salmon caught in the dock averged from fourteen to fifteen pounds in weight, and as the dock holds 43,000,000 gallons of water some idea of the number of fish which can be caught by this unique method is possible. The only hair shingled. As soon as she appeared when dresses are so much alike, and hat, loose bodice and wide pantaloons disadvantage is that the process of fillat Court, however, it was intimated to princesses or working girls all wear such as worn by the native Chinese ing and emptying the gigantic dock is
