MORE EVIDENCE ON CAMPAIGN FUNDS GRAND TERMINAL GAMBLING CASE ENDS IN CONVICTION

With Victorious Cantonese in Control of City, Situation in Shanghai Much Easier Today

Chinese shops, generally good barometer of conditions, are reopening—two British soldiers killed, narrow escape of others

SHANGHAI, March 23.—With the victorious Cantonese gradually taking matters in hand, the situation appeared much easier today in all the native districts. A small body of Shantungese is still holding out in the Chapei district where there is some firing but Chinese shops, which are usually a good barometer of prevailing conditions, are reopening. Two members of the Durham regiment were killed when the Shantungese attempted to rush a breach in the concession boundary yesterday.

Lieut.-Col. Heywood of the British defence force and a small party of British narrowly escaped mobbing and possibly death in the native city of Shanghai yesterday when they went by automobile to interview the Cantonese General Chou with the intention of discussing means of alleviating the general situation. The British car was caught in a seething mob of students who were shouting "Kill the foreign dogs" and called for an executioner. The latter appeared in black clothes ready to perform his office when General Chou's bodyguard rescued the Britishers in the nick of time.

PLANES NOW SERVE NOME

PILOT JOE CROSSON MAKES RETURN FLIGHT FROM FAIRBANKS TO NOME IN SHORT TIME

HAD PASSENGER REINDEER EXPORTER MAKING ATTEMPT TO BREAK SPEED RECORD FROM FAIRBANKS TO NEW YORK

NOME, March 23.—Airplane passenger service was extended to Nome on Tuesday when Pilot Crosson arrived from Fairbanks on Monday, leaving yesterday on the return flight with Alfred Lewen, Nome reindeer exporter, as a passenger. Crosson made the 550 mile flight from Fairbanks in less than seven hours. It takes three weeks by dog team.

Lewen is enroute to New York on business and hopes to set a record by making the trip in fifteen days. He will proceed from Fairbanks to the coast by rail and thence to Seattle by steamer.

ESTIMATES AT OTTAWA PASS

VARIOUS PUBLIC WORKS IN BRITISH COLUMBIA PROVIDED FOR IN MAIN APPROPRIATIONS

OTTAWA, March 23.—Main estimates for the next fiscal year to the extent of nearly \$9,000,000 were passed in the House of Commons on Tuesday.

Notes of \$5,000 for improvements in the Stewart and Yukon Rivers were passed by the house in committee of supply, also \$375,000 for dredging in British Columbia. Votes for telegraphs and telephones in British Columbia totalled \$39,000 and \$170,000 was appropriated for the dry dock under the construction at Esquimalt.

SKELETON OF HANGED MAN

REMAINS OF WILLIAM JOHNSON, 21-YEAR OLD FINLANDER, DISCOVERED IN VANCOUVER PARK

VANCOUVER, March 23.—The skeleton of William Johnson, aged 21, who came to Canada two years ago from Finland and who had been missing since he left his place of residence here on October 4 last, was found yesterday in Stanley Park beneath a tree on which he had apparently hanged himself.

Owner—I say, can you drive a car?
Stranger—No, boss.

THIRTEEN YEARS WORK AT ANYOX

ANNIVERSARY OF OPERATIONS AT SMELTER—HIGH FIGURES FOR EXPENDITURE AND PRODUCTION

It is thirteen years ago since the first copper furnace was blown in at Anyox by the Granby Co. This event was an outstanding one in the history of the north and the whole province. Since that date up to the end of 1925, Anyox has produced 72,390 ozs. gold, 3,230,260 ozs. silver, and 331,187,231 pounds of copper. To this stupendous total can be added 39,000,000 pounds of copper which was the approximate production for 1926.

During the past thirteen years the payroll of the Granby Co. has averaged well over 1,000 men who received approximately \$2,000,000 each year in wages. The purchase of supplies of all kinds necessary for the operation of the plant accounted for an additional \$2,000,000 per year. Thus in thirteen years the Granby Co. have paid out a total of \$52,000,000. This money has been drawn from raw material, namely, a low grade copper ore, and brains, and energy have converted it into wealth for the benefit of the province as a whole.

ENORMOUS TAXES In addition to the above figures they have paid enormous sums in taxes, which has materially helped to relieve taxation, and provided the government with funds for the up-building of the province. Before the first furnace was blown in, the Granby Co. spent millions of dollars developing the Hidden Creek mine, building smelter, town, wharves, power house, and scores of other projects so that everything should be in readiness for continual operation. It is therefore safe to say that the expenditure of the Granby Co. since they first became interested at Anyox is in the neighborhood of \$60,000,000.

The above figures are ample evidence of what part the mining industry plays in the prosperity of the province. Its development helps everyone and hurts no one. The extraction of ore from the ground is the cleanest method of creating wealth in existence. Its increased development is something that should be fostered until the limit has been reached and many more such plants abound in the neighborhood.

WIRELESS OPERATOR IS BURNED TO DEATH

Gerald Pike of Merry Island Sustained Fatal Injuries in Gasoline Explosion

VANCOUVER, March 23.—Gerald Pike, wireless operator at Merry Island station in Welcome Pass, died in hospital here from burns sustained in a gasoline explosion yesterday. He was rushed here on the steamer Le Roy.

The unfortunate operator was known by operators of the Digby Island station here.

TOKIO IS HAVING FINANCIAL PANIC

Five Banks Have Closed Their Doors Unable to Pay Current Withdrawals

LONDON, March 23.—Despatches from Tokio to the Exchange Telegraph Co. announce conditions approaching financial panic in the Japanese capital. Three banks announced on Tuesday that they had closed for adjustment making a total of five which have been unable to pay current withdrawals since the first of the week. The Bank of Japan has called for a meeting of bankers to cope with the situation.

Ben Self Assessed \$150 on Two Charges and Inmates Are Fined \$25 Each; Total of \$475 Taken

Ben Self was found guilty of running a common gaming house by Magistrate McClymont this morning and was fined \$100, with the option of two months' imprisonment in jail. The thirteen men charged with being inmates were each fined \$25, with the option of spending thirty days in jail.

Milton Gonzales, in appearing for the thirteen accused, said that, in view of the finding of the court that the place known as the Grand Terminal was a common gaming house, he would enter a plea of guilty on behalf of the accused men without in any way prejudicing their cases in the event of an appeal. He also said that there had been no attempt on the part of the accused to violate the law. They considered that they had a perfect right as members of the club to play there.

On a second charge of serving liquor in the club after eleven o'clock in violation of the Liquor Act regulations, Mr. Self, through his counsel, pleaded guilty and was fined \$30 or thirty days in jail.

Counsel for the accused asked that the court take into consideration that the steward of the club had served the liquor in the absence of Mr. Self, who

House of Commons Approves Rule Whereby Speeches Are Limited to Forty Minutes

OTTAWA, March 23.—The House of Commons in committee of the whole yesterday approved of a rule limiting general speeches during debates to forty minutes after rejecting an amendment which would have added to the exceptions under the rule "leaders of Opposition groups." Under the new regulations, no member, except the premier, leader of the Opposition, minister moving a government order, member speaking in reply immediately after such minister, member making motion of "no confidence" in the government or minister replying to this shall speak more than forty minutes at a time.

CANNERY IS BURNED OUT

PLANT OF SUNNY POINT PACKING CO. AT KETCHIKAN IS DESTROYED

KETCHIKAN, March 23.—Loss estimated at \$250,000 resulted from a four hour fire here yesterday which destroyed the cannery and warehouses of the Sunny Point Packing Co. housing machinery and 15,000 cases of salmon.

SEATTLE, March 23.—Gilbert Skinner & Eddy Co., owners of the burned Ketchikan cannery, announced last night that the plant would be rebuilt immediately in preparation for the coming season.

How He Collected Cash is Revealed by Witness Before Victoria Probe

W. T. McARTHUR OF VANCOUVER TAKES STAND BEFORE ROYAL COMMISSION AND TELLS OF DONATIONS TO GRITS

VICTORIA, March 23.—That no records had been kept of campaign contributions made to the Liberal party in British Columbia and that it was impossible for him to recall how much had been contributed to that party's funds during the years 1923 and 1924 by the brewers of the province was the declaration of W. T. McArthur of Vancouver, for thirty years interested in Liberal party affairs, while on the witness stand on Tuesday before the royal commission investigating British Columbia political campaign funds. Mr. McArthur said that he had asked Henry Reifel, president of the Vancouver Breweries, to contribute to the campaign fund, that he had received a cheque from the Vancouver Breweries for the Liberals for the federal election of 1925 and that he believed the Liberals had received a few thousands for the provincial election of 1924.

Asked if he had promised any immunity or protection in any way when he asked Reifel for the contribution, Mr. McArthur replied: "No, I did not, nor did he ask for it."

Mr. McArthur admitted, however, in answer to a question, that he had given assurance of his assistance in connection with legislation for sale of beer by the glass or an increased price of beer that had later been paid by the government to the brewers.

With the money received for campaign purposes, Mr. McArthur said, he paid accounts such as advertising, transportation, etc., and the rest of the money went into general fund account. He got campaign funds from other sources than breweries he said.

REFEEL ON STAND

Henry Reifel, on the stand, in response to a question, said that he had handed out to a Mr. Hyatt cheques totalling \$42,000 which Hyatt turned over to the Liberal party, saying these were for the Dominion election. All parties got a bite including Labor and Provincials, the Liberals getting slightly more than the rest. Reifel told the commission, he said that he had been in the brewing business for forty years and had been making contributions to political campaign funds for thirty-five years. They had never been made under compulsion, he said.

L. H. Newton, president of the Phoenix Brewery Co., said that contributions of his firm had been divided equally between the two parties. Contributions in 1924 had totalled \$5,000 which was divided between the two parties.

Robert Fiddes, president of the Rainier Brewery, Kamloops, also told of contributions of \$4,800 in 1925 and \$6,000 in 1926 to party funds.

SEINING FOR HERRING OVER

BAN PLACED TODAY ON TAKING FROM PEARL HARBOR, SCENE OF THIS YEAR'S RUN

Herring seining at Pearl Harbor near Port Simpson was closed today. This area is a spawning ground and the fish have now begun to spawn there.

So far, the only herring run this season has been at Pearl Harbor. There have been several hundred tons taken from there for reduction at the Rupert Marine Products plant in Tucks Inlet; for salting at the Millard Canning Co.'s floating cannery Laurel Whalen and for the Canadian Fish & Cold Storage Co.'s bait requirements. It is understood that more has been caught than could have been used.

Bradbury & Yelf report their pound at Pearl Harbor full. The fish is kept alive there and purchased by halibut boats as bait.

AN ARGUMENT FOR EUGENICS

FINAL TEST OF DEMOCRACY IS CAPACITY TO BREED LEADERS, SAYS ADVOCATE

VICTORIA, March 23.—The final test of democracy is its capacity to breed leaders," declared Dr. Douglas W. Graham, Victoria medical specialist, in addressing a local service club as an advocate of eugenics.

"Social reforms, although improving, will eventually drift backward unless drastic measures are taken to offset the present system of democracy," said Dr. Graham, who held out fear of retrogression in the lineage of mankind.

"The brain and breed of men is not progressively getting better and the physiological diseases of men's body are increasing, just as are the mental ailments, major and minor, which are the burden of the human race."

TORIES STILL AFTER ELEVATOR.

Now and then is still to be heard at Ottawa a Conservative protest or twit against the Prince Rupert elevator. Dr. Manion took occasion, as reported in Hansard yesterday, to jest at the plant and revive the Conservative theory that it was a political affair. Dr. King pointed out that it was making good.

As yet we have not heard Mr. Brady's view on the elevator—the advisability of its building or the wisdom of the lease. If Mr. Brady does not share the views of his colleagues he should have enough influence upon them to persuade them to desist from condemning the project whenever the opportunity presents itself of doing so.

CAPT. MORRISON'S LETTER APPRECIATED.

The letter from J. M. Morrison, local agent of the Deep Sea Fishermen's Union, printed in the Daily News today, contains some information that the Daily News is glad to receive. To this date, Oriental competition has not been a factor in the halibut fisheries of this coast. If Capt. Morrison's information is fact, and it probably is for he and his organization are in a position to know of such things, there would seem to be immediate danger.

It will be noted that the Daily News, in the editorial referred to, indicated that it would not support the entry of Orientals into the halibut fisheries. The Daily News will support Dr. Tolmie or any other person in efforts to prevent such developments and it takes this opportunity of urging upon the government the desirability of taking steps to protect the white halibut fishermen just as it has done for the salmon fishermen.

We may assure Capt. Morrison that politics does not interfere with the attitude of the Daily News on this subject. Nor do we believe that the fact that this matter is being brought up by Dr. Tolmie will prevent the government from dealing with the situation on its merits.

GREATEST APPEAL NATIONAL PARKS.

Possibly the greatest appeal of the Canadian national parks lies in the fact that notwithstanding the many conveniences introduced for the comfort of travellers through these immense virgin areas, none of the lure of the unknown has been lost. Primeval forests, peopled by hundreds of wild birds and animals, creep down to the towns in the parks and border the roads and trails. The beautiful lakes teem with fish, and the upland gardens are masses of wild flowers. Here, surely, is the tourist land ideal, where the mental and physical man may be refreshed and invigorated.

LUXURIES AND NECESSITIES.

The automobile was once condemned by a religious sect as a worldly luxury. There have been many religious sects and denominations which have denied their converts every luxury and every pleasure not definitely spiritual. This one sect banned the automobile because it did not believe it to be a necessity of life.

This religious body made that mistake so often made by the individual and sometimes made by a generation or an age of mankind. That error lay in failing to see the value of luxury as the experiment station of necessity. The luxury of today is often the necessity of tomorrow. The patrons of luxury foster progress and by their patronage give to mankind that luxury when it has become a necessity.

In its incipency the automobile was a luxury. It did not become a necessity until it had been mechanically perfected, many years after it had been adopted by the wealthy as a luxury. The wealthy by adopting the automobile as a luxury made it financially possible for the engineers and inventors to perfect it for commercial purposes. The same was true of the electric light and many other civilized comforts.

In isolated communities with no luxuries, people lack imagination to change, and continue their primitive discomforts. Luxury which represents desire to refine life contributes much; that which is ostentatious does not.

SEES NO NECESSITY FOR HARDSHIP AND DIRT IN TRAINING

PARIS, March 22.—General Gouraud, one-armed war hero and military governor of Paris, sees no necessity for dirt and hardship as part of war training. He believes young conscripts will be better soldiers for having had a tolerable time during their enforced service, and to stimulate interest, has offered prizes for the best kept barracks and individual quarters.

Barracks heretofore have been notoriously badly kept, cold and depressing. While General Gouraud's initiative applies only to Paris, it is believed the idea of making a soldier comfortable is sure to be approved unanimously, as every able-bodied Frenchman has been or is a potential inhabitant of barracks.

WOMEN PLAY GREAT PART IN POLITICS

Private Secretary of Many Cabinet Ministers Writes Articles

EDMONTON, March 23. — (Canadian Press).—The private secretary of many cabinet ministers in a series of articles on politics and those who deal in them says: "When the job or favor seekers fail on their own account they often get their women folks to plead for them. I have often thought that a book could be written about the part women play in politics; but as a normally prudent person, I have no thought of writing it. The one thing which won my admiration during that long period of 20 years as a private secretary was the supreme patience of my ministers with these callers who not only wasted valuable time but made life a sore trial at times."

TELEPHONE FRIGHT LATEST DISEASE

Long Distance is Befuddling to Some Folks Just Like Stage Fright

LONDON, March 23. — "Telephone fright" is preventing some persons from hearing well and speaking clearly when using the new wireless telephone service across the Atlantic. It is akin to stage fright, the thought of speaking three thousand miles across the ocean being just as befuddling to those persons as appearance before a large audience.

When telephones first came into use in England it took a long time for some customers to get over "phone fright." Telephone officials jestingly charge that Rudyard Kipling and old-fashioned folk who refuse to have telephones are still suffering from the ailment.

GETTING AWAY WITH MURDER RARE IN BERLIN CITY TODAY

BERLIN, March 23. — Getting away with murder is rare in Berlin. Official figures show that 103 of 106 murders reported in Berlin during twenty months ending December 31, were completely cleared up by police. Of 49 persons charged with manslaughter, all but three were caught.

Ten Years Ago in Prince Rupert

MARCH 23, 1917

The steamer Prince Rupert, which sailed from here for Vancouver last night at midnight, was this morning high and dry on Genn Island. The accident occurred in a heavy snow storm. The passengers were all brought back to the city.

The city police last night had a merry chase for a negro who it is claimed has been lurking around various residences.

Bob Davis, Sam Massey and Billie Kerr are all in a convalescent home in England and each is reported to be making a satisfactory recovery.

Hon. T. D. Pattullo has written to the Prince Rupert General Hospital board asking for particulars concerning the request for a special grant of \$2,000. The managing secretary has been asked to reply stating that the amount is needed on account of the great increase in the cost of food stuffs.

The late Malcolm B. McLennan, formerly chief of the Vancouver police department, who was killed recently by a negro, was a visitor in Prince Rupert about two years ago.

In The Letter Box

ORIENTALS AND HALIBUT

Editor, Daily News.

Your editorial in your issue of March 21 headed "Anxiety of Dr. Tolmie" in the interests of the fishing industry should not be allowed to go unchallenged for you are evidently ignorant of many of the facts of which Dr. Tolmie is informed on fishing conditions on the B.C. coast.

As Japanese fishermen are being gradually displaced from the salmon fisheries, they are naturally anxious to find employment for themselves and their boats, many of them are suitable for halibut fishing. I have it on the best of authority that one of the largest fishing companies on this coast has already engaged thirty Japanese boats, carrying two and three men to the boat, and is negotiating for another thirty similar boats to engage in the halibut fishing industry. These Japanese fishermen are guaranteed by the Company against loss and are to be paid eight cents per pound for their fish. This, I think, constitutes a very grave menace to the white fishermen engaged in halibut fishing and halibut fishermen generally, appreciate in no small degree, the effort of Hon. Dr. Tolmie at Ottawa to nip this matter in the bud. Should the Company above referred to succeed in employing sixty Japanese boats, it would mean the employment of one hundred and twenty to one hundred and eighty Japanese fishermen, where white fishermen should be employed and, through the nature of the contract, would have a tendency to demoralize the market for both Canadian and American white fishermen.

It is not true that the press of Canada, and particularly of British Columbia coast cities, largely dependent on the fishing industry, should get behind our public men and support them in any move which is likely to prevent the demoralization of one of our great natural resources, regardless of what party any section of the press may

be fit to support? Dr. Tolmie, through his protest in the House of Commons, has raised a question which should have the support of every British Columbian, regardless of his political affiliations.

ALIMONY WITHOUT DIVORCE PLANNED

Edmonton, March 23.—Separation of men and wife without the necessity for divorce proceedings, with the payment of a living allowance to the wife and family where the husband's conduct, in the opinion of the courts, warrants a separation, is aimed at in a public bill seeking to amend the judicature act of the province, and introduced in the Alberta legislature by Jos. T. Shaw, Liberal leader.
The proposed amendment is to section 21, by adding as a new sub-section, the following:
"(1a.) The wife shall be entitled to alimony in the discretion of the court where, without reasonable excuse, the husband's course of conduct, whether by words or acts, or by neglect, causes previous physical or mental suffering, through the course of conduct complained of need not be such as to cause danger to life, limb or health or a reasonable apprehension thereof, and where in addition the court is satisfied that it is desirable in the interest of the husband or wife, or either of them, or of their child or children, if any, that the wife should live separate from her husband."

SAVE MONEY BY SPENDING NOW

URGENT NECESSITY FOR MONEY CAUSES MONTREAL IMPORTERS TO OFFER GREAT BARGAINS IN MEN'S AND BOYS' CLOTHING

It will be worth your while to stop in at the Montreal Importers on Third Avenue. They have a sale on for a few days in order to convert their stock quickly into ready cash. They've got bills that must be met right away and to get the money, prices have been slashed properly. They don't need such an awful lot of money but they do need it quick—and this is your opportunity.

There's suits and overcoats, shirts and underwear for men and boys being offered at prices that make it worth while buying them now. And everything else that a man or boy needs. For the household, now is the chance to get some real Hudson's Bay blankets. You know the Hudson's Bay quality and the usual price. Just you enquire what these are selling for! Any thrifty housewife will find it pays to look over the Montreal Importers' stock both for household goods and clothing for the family. For the Montreal Importers stand behind the quality of every article they sell. See their advertisement in this issue.
This is your chance to help the Montreal Importers out of a hole by saving money for yourself. You want to save money. Of course you do. And you can do it now by spending it at the Montreal Importers.

down and out at 65!

NO one expects to become a "down-and-out"—but any one may. When the hard realities of life have been faced and old age approaches, many find, with bitter disappointment, that the "future" which once looked so promising, has become a "present" for which they have no adequate provision.
There may be no willing relatives or friends to help, and you may yourself be incapacitated for earning.
You need not face such a future—you can provide definitely against such a fate by obtaining now a Government Annuity. The Government of Canada has wisely provided that anyone residing in Canada may have an old age of comfort and leisure.

Canada, with all her vast resources, guarantees you an income when your working days are over—an income for the rest of your life—an income free from Dominion taxation—an income that cannot be seized under any law or court process, and that cannot be forfeited or stolen.
You can secure such an income (in amounts from \$50 to \$5000 a year) through the Canadian Government Annuities Branch, by one complete purchase or in small convenient instalments.
Can you afford to reject such an opportunity. Fill out coupon below and mail it now for full particulars.

CHILDREN'S PARTY HELD AT TERRACE

Forty-five Youngsters Gathered in Honor of David Townsell, Leaving For Vancouver

TERRACE, March 23.—Miss Easthope was hostess on Saturday evening in Badminton hall at a delightful children's party given as a farewell for David Townsell before his departure on Tuesday for Vancouver. Her guests were all her school pupils, some forty-five children being present.

Teams were chosen and many interesting contests in racing, skipping, marbles, etc., were carried through amid much merriment.

During the evening the children formed a circle around the guest of honor and sang "For He's a Jolly Good Fellow," and wishes were expressed for a joyous and prosperous life in the city.

Abundance of delicious refreshments provided by the hostess were thoroughly enjoyed by the children.

Miss Easthope was assisted in entertaining her young guests by the Misses Sibary Malott and Peters.

ROY CLOTHIER BUYS PROPERTY IN SLOCAN

Purchases Dardenelles Group of Claims Near Sandon—Commence Operations in June

Roy L. Clothier, of Victoria, well known in the north and especially Stewart, where he resided for a number of years, has bought the Dardenelles group of claims near Sandon, in the Slocan. The Dardenelles was formerly owned by Sir Charles Hibbert Tupper, of Vancouver, and the late Captain Charles Clarke and Edward White and J. T. L. Meyers of Victoria. The workings were closed down twenty years ago owing to lack of demand for lead and zinc. Mr. Clothier intends to start operations on the property in June.

CHURCH CONCERT IN USK WAS SUCCESSFUL

Funds of Marsh Memorial Church Benefit to Exceed of \$35

TERRACE, March 23.—The concert held in Usk on Saturday evening in aid of funds to be used for the Marsh Memorial Church was attended by a very large crowd. The program which had been arranged by the Usk Women's Auxiliary was of a varied and interesting nature and provided an evening's entertainment of a high order. As a result about \$35 was added to the church fund.

FORMER TERRACE MAN DIES IN VANCOUVER

Word of Demise of Abram Johnson, Farmer, is Received

TERRACE, March 23.—Word has been received by friends here of the death in Vancouver on March 10 of Abram Johnson, who spent several years here, prior to going to Vancouver last summer. He was a native of Sweden and came here from Wainwright, Alta. He owned a small ranch south of town while here.

ANYOX COMMUNITY LEAGUE OFFICERS

R. O. Cutler is President and O. G. McIntyre and S. Grimason, Vice-Presidents

ANYOX, March 23.—R. O. Cutler has been elected president of the Community League for the coming year. O. G. McIntyre was named first vice-president and S. Grimason, second vice-president.

STEWART

It is reported in reputable mining circles that a consolidation of the Premier, B.C. Silver and Sebakwe mining properties is being negotiated. Such a consolidation has been predicted for many years by those who know the district, the properties being adjoining. The situation is such that it would appear to be a logical move.

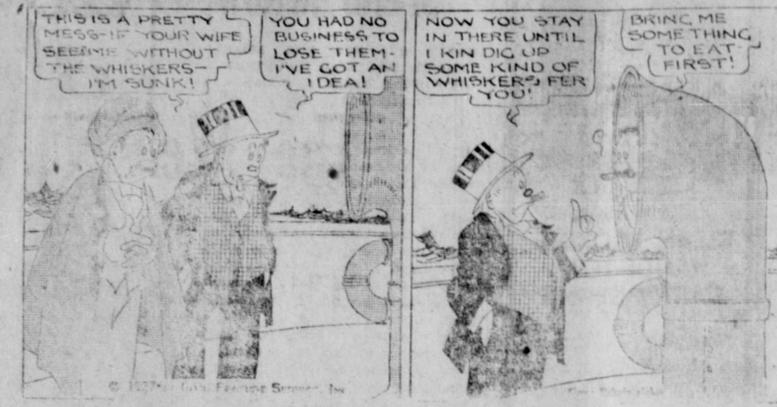

Directors of the Porter-Idaho Mining Co. deny published statements that the company has completed arrangements for financing construction of two and a half miles of tramway during the coming season. According to the officials, it is the intention to construct a tram at some future time but not until such time as the mine shall provide the requisite funds from its operation.

The Stewart Board of Trade held a dinner on Friday in compliment to Robert Stewart, president of the Dunwell mine, and departmental heads of the company. Another dinner is being planned in honor of the managements of the Premier, B.C. Silver, Big Missouri and other operating companies in the district. For this an invitation will also be extended to the management of the Granby Co. at Anyox.

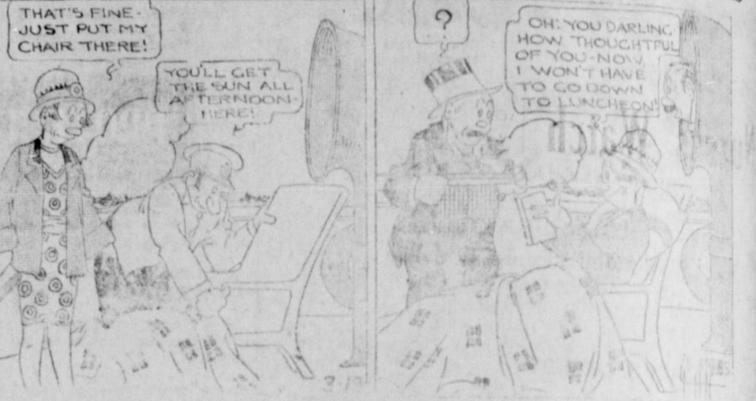

O. B. Bush left for Vancouver last week. He says he has some good mining news up his sleeve which is not yet quite ready for publication.

The Union steamer Catala, paying her first visit to Stewart last week, made a favorable impression and there was a large crowd at the wharf to view the vessel. In order to give Stewart a

ALICE ARM

St. Patrick's Day was fittingly observed in Alice Arm. In the afternoon, the children of the town were the guests of Mrs. L. O'Connor and in the evening Mr. and Mrs. J. Graham entertained at a dance in the Alice Arm Hotel. Bridge was also played, the winners being Mrs. M. Smith and Al Falconer.

T. W. Falconer returned here last week after having spent two weeks at the Anyox Hospital where he was suffering with an attack of influenza.

A Davidson has left for the Silver Board property in the upper Klusall Valley where he will extend the present tunnel.

J. M. Morrison, who has spent the winter at Anyox, has returned here to remain for some time.

P. Gallagher returned here after having spent a week at Anyox receiving medical attention.

Weather conditions have improved here lately and the snow promises to be off the ground quite as early as in previous years. Bare ground is already commencing to appear on the wharf road.

TERRACE

Oscar Olander returned on Saturday after spending a holiday in Vancouver.

Tom Lever spent a few days in Prince Rupert last week returning home on Saturday.

Walter Warner, Government telegraph operator from Kalum Lake, was in town on Monday.

Mrs. E. Mansell and family left on Tuesday for Vancouver where she expects to locate. She was accompanied south by her father Mr. Repsher, of Los Angeles, who has spent some time here with her and who will return to California after Mrs. Mansell and family are settled in the city.

J. Garland of Kalum Lake returned on Saturday from Prince Rupert, and spent the week end in town.

Miss J. Donald was an afternoon tea hostess on Friday.

George Little left on Tuesday on a business trip to Prince Rupert.

LONG BEATS PYLE IN BILLIARD GAME

Last Year's Champion Eliminated From Individual City Championship

In the semi-final individual billiard championship game last night between Fred Pyle and W. H. Long, the latter gathered in the 500 points while his opponent, last year's champion, was reaching the 470 mark only to be eliminated. It was the closest game in the series so far with the high break being made by Long with a run of 40.

The final game will now be played between W. H. Long and Col. S. P. McMorde starting on Thursday night when 500 points will be played and continued on Friday night for another 500 points.

SPORT CHAT

The Port Simpson basketball team, which defeated the Prince Rupert men and carried off the honors for northern British Columbia, has been beaten by a team from the Young Men's Educational Association of Port Simpson by a score of 29 to 9. The new champions are willing to meet all comers in defense of their newly acquired title.

Displayed in the windows of Smith's & Frizell's sporting goods store is a handsome variety of basketball cups which, for the most part, have been donated by local citizens for competition. Included in the display is the Milburn Cup, emblematic of the ladies' championship of N.E.C.; the Gulluh Cup, emblematic of the men's city championship; the Grotto cup, awarded to the Intermediate city champions; the McMorde Cup donated to the junior city champions; the Hellbroun Cup, awarded to the ladies champion team for the city; and the Benson Cup, now owned by the Maple Leafs as former city champions in the Ladies' League.

Because of "some trouble with his spine," Jack Dempsey has given up all hope of returning to the prize ring in the immediate future, the former heavyweight champion admits. He may have to undergo a serious operation to correct the ailment, he added. "I haven't been feeling myself for some time," the ex-champion said. "After my doctors had examined me thoroughly in every way, they advised me to have an operation for some trouble with my spine. They told me that I would never be in shape to enter the ring again if I don't have the operation. That ends my hope of an early return to the ring for some time, at least because I'm not going to have my operation until I absolutely have to. I'm going to establish a camp somewhere in the mountains and go into light training. But the training will not be to regain my lost crown. It will be to get back my health."

Word comes from the spring training camp of the St. Louis Cardinals that all is not well with the club. According to one critic who has studied baseball and the men talking part in the same for years, the Cardinals were all fighting for Rogers Hornsby. Without the "Rajah of Rap" the team is only an ordinary baseball club. The owner, Sam Breadon, has not yet come to terms with Tommy Thevenow, the young and brilliant short-stop. Thevenow is holding out for a \$6,000 contract and the big boss of the Cards cannot see his way clear to paying this sum. It was pointed out by this critic

that with the coming of Frankie Frisch, the former New York Giant second baseman, the Cards will be strong enough at the middle station but without Thevenow to work with Frisch the Cards will be handicapped considerably. Incidentally, St. Louis will start the same team in April, with the exception of Thevenow, as they finished the world's series. Possibly Thevenow will be back in time. However, he has lost many valuable practice sessions.

Only seven remain of the vanishing tribe of major league spitball pitchers out of 17 permitted to retain the most delivery when baseball ruled out saliva in 1920. Of the four survivors in the American League, Quinn of the Athletics has been in the majors 18 years, Faber of Chicago 13 years and Coveloski of Washington and Shocker of New York 11 years. In the National, Mitchell of Philadelphia has been a big leaguer 11 years and Doak of Brooklyn and Grimes of New York 14 years. Doak returns to Brooklyn this season after a period of retirement when he was a Florida real estate dealer.

A Special Nurses' Watch

We have just imported these watches for nurses. All the steel parts are made of stainless steel so that water will not rust them in case they get wet. They have a seconds hand for counting the pulse and the movement will run forty hours, so that if winding is forgotten for a few hours, the watch will still be running. Prices from \$18 to \$25.00.

EDMONTON AND PRINCE RUPERT

ALBERTA PRODUCTS TO JAPAN MUST GO BY WAY OF TWO RELATED CITIES SAYS EDMONTON BULLETIN

As a front page editorial feature under the heading "The Highway to the Orient," the Edmonton Bulletin on March 19 dealt with the relationship of Edmonton and Prince Rupert.

The City of Prince Rupert has just celebrated its sixteenth anniversary. The construction of the transcontinental railway which made Prince Rupert a city and a prospective world port was also a momentous event in the history of Edmonton; a large part of that significance being due to the fact that it connected Edmonton directly with Prince Rupert.

Prince Rupert has the advantage of distance over any other port in Canada or the United States as an outlet and inlet for trade with Japan and northern China.

Edmonton is the one point east of the Rocky Mountains that is in direct railway communication with Prince Rupert. Edmonton is also the collecting point for grain and other products from all parts of central and northern Alberta for shipment to Pacific ports.

MUST GO VIA RUPERT
If Alberta products are to find a market in Japan and Manchuria the bulk of them must go via Edmonton and Prince Rupert.

Five million bushels of grain left Prince Rupert last year for the Orient. It was drawn from the farms of central and northern Alberta and collected at Edmonton.

The Wheat Pool has the Dominion elevator at Prince Rupert under lease, which means that the Pool intends to, and is bound to, push the sale of Alberta grain in the Flowery Kingdom, and to do its shipping through Prince Rupert—therefore through Edmonton.

The Pool reports that heavy shipments of grain have been going to Japan in recent weeks from Prince Rupert. As industrial conditions there recover from the depression of recent years, the volume of this export must grow. It cannot grow without enlarging the flow of traffic through Edmonton.

ONE HELPS OTHER
The city lives by the toll it levies upon the trade that is done in it, and the traffic that passes through it. The development of trade with the Orient is a factor that is helping to build up Edmonton, and the outlook is for a more rapid development of that trade in the future.

NAVIGABLE WATERS PROTECTION ACT.
R.S.C. CHAPTER 115
William J. Crawford hereby gives notice he has, under Section 7 of the said Act, deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of the Land Registry District of Prince Rupert at Prince Rupert, B.C., a description of the site and the plans of wharf proposed to be built in the Portland Canal on Lot 4007, District of Cassiar.

And take notice that after the expiration of one month from the date of publication of this notice William J. Crawford will under Section 7 of the said Act, apply to the Minister of Public Works at his office in the city of Ottawa for approval of the site and plans, and for leave to construct the said wharf.
Dated at Stewart, B.C., this 3rd day of March, 1927.

ENDLESS CARE PROTECTS ITS PURITY

It Looks Creamy It Tastes Creamy It Is Creamy

MILK is a fragile food, easily spoiled. That is why Carnation takes such extraordinary care with the milk which goes into the Carnation tin.

Carnation quality starts at the farm. Selected farms—selected herds—the Carnation Field Force performing an endless service of inspection and education on the farms—rapid handling—scientific treatment—these are the secrets of Carnation purity and quality.

You'll like Carnation Milk. It is just pure, fresh milk made doubly rich by evaporation and kept safe by sterilization. Use it undiluted in place of cream at one-third the cost of cream. Use it diluted in all cooking—with better results and less cost. Order several tins or a case of 48 tins from your grocer.

ROYAL PURPLE CARD PARTY LAST NIGHT
Enjoyable Affair Took Place at Home of Mrs. L. M. Fuller, Green Street.

A very enjoyable evening at cards was spent last evening, under the auspices of the Ladies of the Royal Purple, at the home of Mrs. L. M. Fuller, 416 Green Street. Each guest was asked to bring something to the value of fifty cents, which might later be used for the Easter sale. There was a variety of contributions which will later be disposed of for the work of the Royal Purple.

WARS PART OF HEAVEN DESIGN
LEAGUE OF NATIONS OF NO ANTI-DOPE SAYS GENERAL BAIRD

GLASGOW, March 23.—Wars are part of Heaven's design just as earthquakes, storms and plagues are, Brigadier General Edward Baird told the annual reunion of Glasgow Highlanders recently. This view, however, is described by pacifists of various persuasions and League of Nations advocates, who have joined in a wholesale protest against any suggestion that Heaven has a part in war.

General Baird frankly stated that he did not share the opinion of many persons that the League of Nations was an antidote for war, saying: "A country that is no longer able to rely on its own defences will never be able to rely upon peaceful security."

BILL SHRUBSALL IS IN RUPERT AGAIN
Pioneer Fish Curer Returned Yesterday After an Absence of Two Years in East

After an absence of over two years from the city, William Shruballs stepped from the train yesterday afternoon and was greeted by a number of friends who are glad to see him back.

In Nova Scotia, Boston, and Tampa, Florida, Bill, as he is popularly known, has spent the greater portion of the time he has been away.

Asked as to whether he planned to remain in the city, Mr. Shruballs replied that as yet he did not know, but it will not be surprising if the editor of the Waterfront Whiffs locates the Shruballs establishment soon again and is treated to Bill's choicest smoked black.

The Well-Managed Home

THE manager of a household is the purchasing agent for a large proportion of the family needs. In order to do a good job she must know what, when and where to buy. She must study goods and the concerns which make goods and have them to sell. She must put her home on a business basis and run it on business principles in order to make the most of the family income.

Information is the only basis for intelligent purchasing. And the right way to get the greatest amount of necessary information is to read the advertisements.

Advertisements tell you what is new and good in merchandise. They reveal improvements and inventions to make your home life easier, more comfortable and more convenient. They give you information about a thousand and one things that are useful.

Every manager of a household—every member of the household who shares the responsibility for the family's welfare—should make a habit of reading the ads.

Read the advertisements in order to buy wisely

NET EARNINGS OF C.N.R. SHOW HUGE INCREASE

REPORT FROM SIR HENRY THORNTON TABLED IN HOUSE OF COMMONS TODAY INDICATES BIG INCREASE OVER PREVIOUS YEAR

OTTAWA, March 23.—The net earnings of the Canadian National Railways for the year 1926 are shown at the large figure of \$46,225,000 in the annual report of the C.N.R. which was tabled in the House of Commons today by Mr. Dunning, minister of railways. This is an increase of 44 per cent over the preceding year.

President Thornton's report says: "It is but fair to call attention to the fact that during the first years of the system's consolidation, there have been many opportunities for economy. Much of this field has now been exhausted and while efficiency and low operating costs will be vigorously sought, it is not probable that for the corresponding future period that such an improvement in the net earnings can be maintained, the more especially when it is remembered that certain wage increases have already been granted to employees and other increases are now in negotiation which will tend to affect the operating results."

ANGLING NOT LEGAL UNTIL MAY MONTH

Regulations Exist of Which Some Sportsmen May Not be Aware

Sportsmen who are not familiar with the regulations issued last year, in regard to trout fishing may be surprised to know that it is illegal to fish trout in streams before May 24 and in lakes before May 1. As many local sportsmen have in previous years done considerable fishing in the month of April, such regulations may be somewhat disappointing. The regulations do not in any way affect regulations which have already been issued for any special purpose such as the closing of Lake Kalthyn for fishing of any kind at any time until the end of 1928.
