## MEXICO REVOLUTIONISTS ARE ACTIVE

### BRITISH IN HANKOW NOW BECOMING UNCOMFORTABLE

#### Aid Requested to Deal With Savage Coolies in Interior Chinese City

**Danger admitted to be grave but London hopes to get through without armed conflict---warships despatched to scene**

LONDON, January 5.—Frantic appeals for more land and naval forces are being made to the British Government by the British community of Hankow. A Shanghai despatch says that all available naval forces are leaving there at full speed for Hankow. An unconfirmed report from Shanghai says that all women and children in Hankow have been instructed to embark preparatory to leaving the place. An unconfirmed report from Nanking says that the city of Wuhu, eight hundred miles up the Yangste River from Shanghai, has been looted presumably by northern troops.

#### DID NOT KNOW NAME AT FIRST

**BUT MAN REGAINS HIS MEMORY AT LONGVIEW—FORMER ALASKA NEWSPAPERMAN DECLARES HE WAS SLUGGED AND ROBBED**

LONGVIEW, Washington, Jan. 5.—Claiming that he was ignorant of where he came from and what his name was when he gave himself up to the police on Monday night, a well dressed man, aged about thirty-five, was able to remember his name as Richard Lander after having been examined by a physician. He said that he worked last at a cyanide plant near Anchorage, Alaska, and that he formerly owned and published a small newspaper at McCarty for two years. He stated that he remembered being in Tacoma dealing with a man for an automobile and that he believed he had been slugged and robbed.

#### PITCH-LADEN BARQUE BURNS

**ONE WORKER IS DEAD, THREE MISSING AND 36 INJURED AS RESULT OF EXPLOSION AT BALTIMORE**

BALTIMORE, Jan. 5.—One worker is dead, thirty-six are injured, and three are missing as a result of an explosion aboard the French barque Richelleu late last night. A cargo of pitch, ignited by an unexplained blast, was turned into a mass of seething flames and burned for six hours before the vessel turned over and sank. The bodies of the missing men are believed to be in the hold of the boat. The barque carried a crew of 42 but only three of these were injured, the rest being dock workers.

#### CHRISTMAS TREE FIRE IS FATAL

**ONE CHILD BURNED TO DEATH AT NORTH BAY AND SIX OTHERS BURNED AND FROST BITTEN**

NORTH BAY, Jan. 5.—Fire starting in Christmas decorations at the home of Leo Dorval, Mile 66 on the Canadian Pacific Railway, caused the death of his three-year-old son, Leo, and six other children, ranging in age from eighteen months to sixteen years, suffered slight burns and were badly frost-bitten when they were forced to walk three and a half miles through snow and bitter cold clad only in their night clothes to the nearest home. The father was away, having taken his wife to the hospital, and on his return, found the home completely destroyed.

#### FRAUGHT WITH DANGER

The Foreign office announced today that the Hankow disturbances were fraught with the gravest danger but it was felt that the British authorities would be successful in averting an armed conflict. As a precautionary measure, three additional warships were despatched to the scene from Hong Kong this morning and the Admiralty announced that the eighth destroyer flotilla attached to the Atlantic fleet would be brought in full strength for possible service in the Far East. The Foreign Office says that the disturbances are due to Cantonese agitators attempting to provoke the British to use strength in the concession thereby stirring up another crisis similar to that recently in Wanchow in order to embarrass Great Britain's newly declared policy of conciliation.

#### COOLIES BESIEGE COLONY

PEKING, Jan. 5.—Official reports from Hankow, where the British colony is besieged by thousands of infuriated coolies as a result of anti-foreign agitation, show the situation to be growing increasingly serious and indicate that the angry Chinese peasants are out of control of the Chinese military forces which undertook to maintain order. Practically all the barricades to the concession are destroyed and the consul general's residence is being besieged while the British Bund, the principal thoroughfare for foreigners along the Hankow waterfront, is reported to be unsafe for foreigners. The situation is very discouraging.

#### CANADA HELPS UNITED STATES SUCCESSFULLY STOP LIQUOR RUNNING

SAN FRANCISCO, Jan. 5.—The co-operation of the Canadian government in determining the destination of liquor laden vessels has practically eliminated liquor smuggling from Canada into California in the opinion of Capt. Fred Dodge, division commander of the coastguard, and William Hamilton, collector of customs. Coastguard boats, steaming up and down the Pacific coast, reported not a single rum runner in sight.

#### BOOZE MAN FLIES COOP

**HARRY REIFEL SUMMONED TO COURT TOMORROW, FLED ON CHRISTMAS DAY TO ORIENT**

VANCOUVER, Jan. 5.—Harry P. Reifel, manager of the Kennedy Liquor Co., who was called to give evidence before the Royal Commission investigating the customs but was excused on account of ill-health until the commission re-assembled here on January 19, sailed on Christmas Day for the Orient. It was learned last night, his father, Henry Reifel, was an important witness and the son was expected to furnish further important information. Accounts totaling \$2,919.62 up to December 31 were passed by the city council last night.

#### BOYS' BAND MAY TRAVEL

**PROPOSAL TO HAVE UNIQUE LOCAL ORGANIZATION MAKE TOUR OF PRAIRIE FAIRS BEING CONSIDERED**

Bandmaster Wilson and the Boys' Band committee are working on a scheme whereby the popular local musical organization may embark on a two months' tour of the prairies during the coming summer. The plan, for which preliminary negotiations have already started, is for the Boys' Band to make a circuit of midsummer fairs in various towns of Alberta, Manitoba and Saskatchewan. If satisfactory arrangements can be made a local pipe and a couple of little Scottish dancers may also make the trip. The tour would have its value from a publicity standpoint for the city as the band, a unique organization in itself, has been brought up to a standard of perfection that would do credit to many an adult organization. It is proposed to seek the aid of the Board of Trade and the city in connection with the organization of the tour and its preliminary financing.

#### MAYOR NEWTON TO BE OPPOSED

**ALD. CASEY EXPECTED TO BE AN OPPONENT FOR MAYORALTY HONORS — NO NEW CANDIDATES IN ALDERMANIC FIELD**

There is a possibility that Mayor Newton, who is now definitely in the field for re-election, may not be unopposed at the civic election next Thursday. If no other candidate enters the field, it is understood that Ald. Casey may accept nomination on Monday. Ald. Casey, who has served many terms on the council and during the past two years has been chairman of the finance committee, intimated recently that he would not be an aldermanic candidate this year but he has made it known that he may be in the running for the chief magistracy. No aspirants have appeared for the four aldermanic seats other than the four prospective candidates mentioned previously in this paper—Ald. W. M. Brown, Ald. W. J. Greer, Frank Derry, James Black and P. H. Linsey. The first four of these as well as Mayor Newton have been endorsed by the Trades & Labor Council.

#### HARRY GALE IS AWARDED APPEAL

**WINS ONE ROUND IN SUIT BETWEEN HIMSELF AND DAI THOMAS OVER ELEVATOR CONSTRUCTION**

OTTAWA, Jan. 5.—R. H. Gale, former mayor of Vancouver, was allowed an appeal in a judgment handed down yesterday by the Supreme Court of Canada on the appeal entered against an award of the British Columbia Court of Appeals of \$40,000 commission to Dai Thomas for the part he played in raising the required capital for the construction of Spiller's elevator at Vancouver.

#### MEXICAN ATTORNEY GENERAL TO TAKE ACTION RE LAND

MEXICO CITY, Jan. 5.—President Calles last night instructed the department of industry and commerce to furnish the attorney-general with the names of individuals or companies which had not applied for ratification of their rights under the petroleum and land laws so that he might take action.

WINIFRED CHRISTIE, wife of Emanuel Moor, well-known English composer, with the new concert grand piano with two keyboards invented by Mr. Moor. The upper keyboard has a register one octave higher than the lower and can be coupled to play with it. This overcomes many technical difficulties as octave runs can be played with single fingers, tenths can be played as thirds. The instrument can also be made to give the tones of a harpsichord.

#### Finest Mining Deal in Province for Two Decades Has Been Made on Prosperity Property, Stewart

By the payment of \$20,000 cash and signing a bond to pay the balance of \$125,000 inside of three years in four payments, the Premier Gold Mining Co. has acquired a 52 per cent interest in the Prosperity group of seven claims on the north fork of Marmot River, says the Portland Canal News.

This, without doubt, is the finest deal made on a mining property in British Columbia in the last two decades.

When Taylor obtained \$10,000 cash on a \$200,000 bond for the entire sale of his property at Topley, the fact was heralded far and wide as a wonder. "Operating companies are not doing that sort of thing," it was said. The deal just made here has the Taylor deal faded, just as the Portland Canal district comes along all the time with a little bit better results than any other mining section of B.C. can produce in any respect.

The Prosperity is owned by F. R. Jancowski, Eli Watland, G. D. Davis, Geo. Mehfield and L. E. Jancowski. It adjoins the Porter Idaho, which has been somewhat of a spectacular producer, although handicapped by having to pay \$50 a ton to get its ore to tide-water. As reported a short time ago the Prosperity owners received \$6,500 from the Trail smelter for 30 tons of ore. It is freely admitted by the owners of the property, and must have been recognized by the purchasers, that an amount of ore worth more than the cash payment has been exposed by development.

#### MILL FIRE WAS ONLY SERIOUS BLAZE IN 1926

**OF TOTAL FIRE LOSS OF \$160,745.58 \$148,350.50 WAS DONE AT PRINCE RUPERT SPRUCE MILLS**

Outside of the second fire at the Prince Rupert Spruce Mills, which occurred early in January of last year, there were no serious conflagrations during 1926. Fire Chief D. H. McDonald announces. The total fire losses for the year amounted to \$160,745.58 of which \$148,350.50 was as a result of the big mill fire. The balance of \$12,395.08 was practically all covered by insurance except in the case of a gas boat which suffered damage of \$500 and had no insurance.

#### SECOND VICTIM OF SLIDE DIES

FRANK FAZZALORE, SECTION FOREMAN, DIES IN VANCOUVER FROM INJURIES SUSTAINED ON KETTLE VALLEY ROAD  
VANCOUVER, Jan. 5.—Injuries sustained on Saturday when a rock slide struck a gang of Kettle Valley railway section men east of Hope resulted in the death of the foreman, Frank Fazzalore, 28, in a hospital here yesterday. Fazzalore was the second death in the same accident. The first was T. Komura, Japanese, who died on the train while being brought here. Three other men were more or less seriously injured.

#### Small Garrison Seized and City of Leon Scene Insurrectionary Attempt

MEXICO CITY, January 5.—So many reports are current of revolutionary groups and bandits operating actively in various parts of Mexico that it is difficult to confirm some of the alleged happenings.

The War Department admits that forty revolutionists captured a small garrison at Paorasdelafuente. That there has been a revolutionary attempt at the city of Leon is also admitted but the department denies information of any executions there despite the fact that special despatches assert that eleven of the leaders were put to death.

POWELL RIVER COMPANY BUYS BILLION FEET OF TIMBER ON GRAHAM ISLAND  
VICTORIA, Jan. 5.—The sale of a billion feet of crown timber on Graham Island to the Powell River Pulp & Paper Co. for papermaking purposes was authorized yesterday by the Forest Branch of the Department of Lands. The price involved was not stated.

#### FORMER SCOTCH FOOTBALL STAR DIES IN SOUTH

**NAME OF JAMES McLAREN, WHO IS DEAD IN KAMLOOPS, WAS ONCE HOUSEHOLD WORD IN OLD COUNTRY**

KAMLOOPS, Jan. 5.—James McLaren, aged 66, one time famous international football player, died in hospital here as a result of a fall in his daughter's home on Christmas Eve. McLaren's name was once a household word in Scotland. He captained the Scottish football team against England in a match played in London in 1889 and scored the goal that won the game for Scotland. He played with the Celtics and Hibernians for many years.

#### THEATRE MAN BEATS UNION

**SUPREME COURT JUDGMENT IN FAVOR OF JOHN SCHUBERG OF VANCOUVER SUSTAINED BY APPEAL COURT**

VICTORIA, Jan. 5.—The Court of Appeals yesterday sustained the judgment of the Supreme Court awarding John Schuberg, Vancouver theatre proprietor, an injunction and \$750 damages against Local No. 118, International Alliance of Theatrical Stage Employees. Much interest was taken in the case as it involved the right of the Union to picket.

#### MUST PAY PART EMPIRE DEFENCE

**EACH DOMINION SHOULD DO ITS SHARE OR ACCEPT POSITION OF INFERIORITY SAYS AUSTRALIAN PREMIER**

TORONTO, Jan. 5.—That every self-governing British Dominion must undertake its full quota in the cost of defence to the utmost of its ability to pay or accept a position of inferiority in the Empire was the declaration of Premier Bruce of Australia before the Canadian Club here yesterday. He read a table giving Australia's per capita expenditure for this purpose as 64c. compared with Canada's 22c.

#### CABINET MEETS IN OTTAWA BUT PREMIER MAKES NO STATEMENT

OTTAWA, Jan. 5.—At the close of a cabinet council meeting, the first since the holidays, Premier King stated that he had no announcement to make. There are a number of appointments pending and the general question of sessional legislation is continually before the cabinet now.

#### CHELOHSIN NOT BADLY DAMAGED

**SMALL HOLE IN BOTTOM AND FEW BENT PLACES AS RESULT OF TOUCHING MYSTERY ROCK NEAR POWELL RIVER**

VANCOUVER, Jan. 5.—With a small hole in her bottom and a few bent plates as a result of touching Mystery Rock necessitating her putting into Savary Island for temporary repairs, the Union steamer Chelohsin returned here yesterday and went on dry dock where it was found that the damage was not serious.

#### BOY ELECTROCUTED IN VANCOUVER WHEN TOUCHED METAL ROPE

VANCOUVER, Jan. 5.—While playing with a number of other children, Leslie Wood, aged fourteen, was electrocuted last night when he came in contact with a metal rope on an electric light pole.

#### WIFE CHARGED WITH MURDER

**MRS. MAUDE MCINTYRE IS REMANDED UNTIL MONDAY IN VANCOUVER POLICE COURT**

VANCOUVER, Jan. 5.—Mrs. Maude McIntyre was formally remanded in the police court until Monday on a charge of murdering her husband, J. R. McIntyre, in a room in the Angelus Hotel on December 23. McIntyre, who was separated from his wife, was found dead from bullet wounds by his nine-year old son.

### CIVIC AFFAIRS IN DOLDRUMS.

Eight days to election and hardly any candidates definitely in the field. That's the way people in Prince Rupert are taking their municipal affairs. Even staid old Nelson down in the south-eastern part of the province was commenting on the fact that the civic campaign was quiet there with a fight for the mayoralty, only being waged.

It is not a healthy sign when people take such little interest in civic affairs as is being manifested here this year. If the people are not concerned in who is to be their mayor, aldermen and school trustees, one would think that such important matters as policing and the sewer bylaw would demand some attention.

### CLIMATIC CONDITIONS ARE CHANGING.

There are still a few old-timers in Victoria who maintain that the winters here are not what they used to be, says the Victoria Colonist. One of the oldest of the old-timers says when he was a young fellow there was always a certain amount of skating to be enjoyed almost every winter and that one Victoria firm in the meat business cut enough ice from Swan Lake to serve its purposes during the entire summer season. On the other hand there are incredulous persons who maintain that the winter seasons are as invariable as all the other processes of nature, and that, taking one season with another, there is very little variation in the temperature, that the memory of the old-timer fondly dwells upon one obnoxiously cold winter and confuses it with all the other winters that have passed over his head and adorned it with a crown of silvery glory.

All parts of Canada seem to be blessed with old-timers who believe that the winters of long ago were colder than any of the winters that have succeeded them. The Canadian climate is so invigorating that it promotes longevity. The properties of the mild coast climate appear to be just the same as the properties of the climate of the far-eastern provinces, the properties of the central provinces and the properties of the prairie provinces in that respect. And the old-timers, wherever you find them, laugh in derision at the milk-and-water fellows who shiver in every cold blast that blows from the north and proclaim their conviction that the thermometer has marked a new record for frigidty.

Alexander Calder is one of the old-timers of the prairies, probably one of the oldest of the old-timers of Canada, since he crossed the ocean in a sail boat eighty-five years ago. Mr. Calder says the people who complain about the recent cold snap in Canada know nothing about really cold weather.

"Why, back in '79, the thermometer sank to 45 below zero regularly, and often remained at that level for several days. During the winter of 1880, the mercury hit 50 below on New Year's eve. Only once has Mr. Calder complained of the cold in Canada. That was when he was living in London, Ont., and drove into Sarnia with both ears frozen. The temperature on that occasion stood at 60 degrees below zero, he states. Those were the days when men were men, and spats had not made their appearance west of Montreal; those were the days when wavy and wiry whiskers were as common as bobbed hair is now; when the breakfast shave meant thawing a lump of ice on the kitchen stove for hot water, and when one often awoke in the morning to find shoes and other things frozen to the floor. I've seen it so cold in a house that water several feet from a red hot stove would freeze solid. We do not get the snowfall they used to get, either. In 1885 it snowed so heavily that persons riding in railway coaches in Illinois and Wisconsin couldn't see a thing except an unbroken wall of snow rising up on either side of the car. Farmers had to dig trails through the immense drifts and when they drove through all that could be seen from the side was the horses' ears poking above the snow line."

The old-timers of the East and the old-timers of the West are therefore agreed that the winters of the present day are much milder than the winters of past days. The climate of Canada is becoming milder with every passing year. Even the climate of Victoria, which never has been extremely severe, is becoming milder. Possibly, if all the conditions were favorable, the bones of the mastodontic creatures which are being dug up along our hillsides might be clothed with flesh and spring into active life at some later day in our history.

## REPAIRING OF COW BAY ROAD

CITY COUNCIL ENDORSES PETITION TO C.N.R. AND PROVINCIAL GOVERNMENT

The city council endorsed the proposal contained in a petition which was read at the meeting last night from a large number of business firms and individuals asking that the road between Third Avenue and the waterfront be put in good condition. On motion of Alderman Larsen the city clerk will draw up a resolution and present the same to the provincial government and the Canadian National Railways asking that the road be renovated.

When the petition was read, Mayor Newton suggested that it might be left over to the incoming council for the 1927 Board of Works committee to deal with.

Alderman Casey thought however, that would delay the matter and he suggested communicating with the parties concerned asking that they meet the wishes of the petitioners. At the same time, Ald. Casey pointed out that it was not a matter for the city as it was not responsible for the upkeep of such a road.

Alderman Larsen was of the opinion that all the petitioners wanted was the co-operation of the council, the city being in no way responsible for the upkeep of the road.

It was pointed out by the city solicitor that the petition was in triplicate and addressed to the city, the railway company, and the provincial department of public works.

The matter was then disposed of by the council unanimously endorsing the motion of Alderman Larsen.

## CITY REPEALS GARBAGE BYLAW

UNPOPULAR MEASURE WAS UNANIMOUSLY RESCINDED BY COUNCIL LAST NIGHT

A bylaw was introduced at the council meeting last night and passed unanimously repealing the bylaw introduced last year by which the city charged for the collection of garbage. In explaining the matter before the city clerk read the bylaw, Alderman Casey said that he had been responsible for asking the city clerk to prepare such a bylaw. "I don't think it is any use trying to carry the thing through, it is unpopular, the people have resented it and I ask you to support this repeal," he said. The bylaw was then read by the city clerk and Alderman Casey moved its adoption, seconded by Alderman Perry, and it passed the several readings unanimously and was adopted.

## NEW SALVATION ARMY OFFICERS GIVEN WELCOME

Welcome Supper and Social to Capt. and Mrs. Stobart

A pleasant time was spent on Monday evening in the Salvation Army Hall. The event was in the nature of a welcome to Capt. and Mrs. Stobart, succeeding Capt. and Mrs. Rea, who have gone to Ketchikan. It was arranged by the soldiers of the Corps and Home League members. The tables were tastefully decorated.

Those taking part were Eva Faulkner, asking God's Blessing; speech on behalf of the Boy Scouts by Ted Harman; speech on behalf of the Girl Guides by Edith Leek; speech on behalf of the Soldiers by Mrs. T. Carlyle; speech on behalf of Sunbeams by Miss F. McQuatt; speech on behalf of Home League by Mrs. Whatman; addresses by Capt. and Mrs. Stobart; solo by Mrs. Cadwallader; musical selection by George Cadwallader; duet by Mrs. J. Anderson and Mrs. Smith; solo by Mrs. Cooke; reading by Mrs. Carlyle; selection by Mrs. Cadwallader and George Cadwallader; "Oh Happy Day," by the company; duet by Mrs. Anderson and Mrs. Dawes; duet by Capt. and Mrs. Stobart; duet by Edith Leek and Ted Harman. Mrs. Cadwallader, Mrs. Carlyle and Miss McQuatt were responsible for refreshments.

## FINE DANCE BRINGS HAPPY CLOSE OONA RIVER FESTIVITIES

OONA RIVER, Jan. 5.—A series of splendid social affairs between Christmas and New Year came to a close on New Year's Eve with a dance in the school house which was attended by old and young alike. Music of fine strain was provided by Dave Hadland on the violin accompanied by Miss Margaret Fossam at the piano. The event was in progress until the small hours of the morning and it proved to be one of the most enjoyable ever held here. The community was indebted to the ladies, more particularly Mrs. Fossam, who took such an active part not only in this affair but in connection with all the Yuletide festivities.

During the evening, Vilmer Anderson made a speech on behalf of "Uncle" John Anderson who acted as Santa Claus and otherwise assisted in the local celebrations.

## Head and Chest Colds Relieved In a New Way

A Salve which Releases Medicated Vapors when Applied Over Throat and Chest.

Inhaled as a vapor and, at the same time absorbed through the skin like a liniment, Vicks VapoRub reaches immediately inflamed, congested air passages. This is the modern direct treatment for all cold troubles that is proving so popular in Canada and the States where over 17 million jars are now used yearly. Splendid for sore throat, tonsillitis, bronchitis, croup, head and chest colds, catarrh, asthma or hay fever. Just rub Vicks over throat and chest and inhale the medicated vapors. It quickly loosens up a cold.

## NEW SCHOOL AT JAP INLET OPEN

FINE CHRISTMAS TREE ENTERTAINMENT WAS GIVEN BY CHILDREN FOR OCCASION—DANCE FOLLOWS

JAP INLET, Jan. 5.—The annual Christmas Tree entertainment and the opening of the new school house took place co-incidentally here recently. School children, with songs, choruses, recitations and a playlet, carried out the program and their talents surprised the audience and brought expressions of credit to the teacher, Mrs. Corbould. The children seemed quite at home on the stage and there was not a slip from the beginning to the end of the program.

Some thirty-eight persons were present and, at the close of the program, J. Murray, one of the school trustees, proposed a vote of thanks to all concerned in the performance, this being heartily passed with applause. Following the entertainment, a heavily laden Christmas Tree was relieved of its burden and dancing was enjoyed to music furnished by J. Wauchope. The program was as follows:

- Part I.
- O Canada—Older School.
- "Greater than Columbus"—Stanley Hill.
- "Thunder Oak"—Iris Corbould.
- "O the Sweet Bells"—Older school.
- "Jim Blundso"—Ruth Corbould.
- "Star of the East"—Vera and Ingrid Morse.
- "The Present he Wanted"—Lloyd Murray.
- "In the Skies"—Older school.

**THESE CHIMNEYS APPARENTLY DID NOT NEED SWEEPING**

WINNIPEG, Jan. 5.—For several years a Winnipeg man has eked out a living as a chimney sweep without carryout out the duties of his "profession." It was revealed at a recent meeting of the city council.

Investigation by the Winnipeg license department brought forth the admission from the "sweep" that he obtained his license on the strength of borrowed tools. He had undertaken to clean hundreds of chimneys but instead of clearing out the soot he remained for a while in the basement and then collected his fee.

The culprit was compelled to sweep every chimney which the department could prove he had contracted to clean and then his license was revoked.

**THIS BISHOP HAS TAVERN BUT WILL NOT SELL LIQUOR**

LONDON, Eng., Jan. 5.—(Canadian Press)—Bishop Rawstorne, of Whalley, Lancashire, is also Rector of Croston. In the latter capacity he has control of a public house, for the Grapes Inn is part of the ecclesiastical estate. Croston in the summer-time is a great resort for picnic parties. At the Grapes Inn a specialty is made of meals for these parties. On the other side of the road is the Church Institute, which in certain ways is run in conjunction with the public house. The Bishop believes in providing counter attractions to mere drinking and has accordingly built the Institute in which to provide them. The Bishop says there is far less drinking now than formerly.

# HOSPITAL BOARD AT HAZELTON HAS ANNUAL MEETING

### Gratifying Reports Submitted — Last Year's Board of Directors is Re-elected

HAZELTON, Jan. 5.—The annual board meeting of the Hazelton Hospital was held in the United Church Monday evening with R. S. Sargent, chairman, presiding. There was a good attendance of patrons and friends gathered in the interests of the local institution which has maintained its policy of the open door since its inception.

Mrs. G. W. Dungate presented a very fine report for the Women's Auxiliary activities and accomplishments during the year, wherein it was shown that over \$500 was raised in the interests of the hospital in general.

Mrs. Matheson, superintendent of the training school, also presented a very full and comprehensive account of the hospital convention, held in Vancouver in August.

Dr. H. C. Wrinch presented a partial report on the financial situation, as well as a general survey of the work and progress during the past year. Special tribute was paid to all who so ably supported the erection and maintaining of the new nurses' home, which has proved such a boon to the nurses.

The same board of directors was re-elected for the ensuing year, the members being Messrs. R. S. Sargent, S. J. Winsby and W. W. Anderson. It was decided to make an appeal for finances during the month, details and plans to be worked out by the Board.

## HAZELTON

The Misses Parfitt and Richardson have returned to the district to resume their respective school positions after having spent the holidays in the south.

Mr. and Mrs. Edgar Harris of Smithers are visitors at the home of Al Harris here.

Mrs. Cairnduff and J. D. Moore, government agent, each of Fort Fraser are patients at the hospital.

Mrs. K. E. Birnie, late of Lake Kathleen summer hotel, has taken a position as housekeeper with Dr. H. C. Wrinch.

Dr. H. S. Wallace of Vancouver, who is to be in charge of the local hospital during Dr. Wrinch's absence at the legislature, is expected in a few days.

Rev. William Allan of Terrace was a visitor last week in the district, he went to Kispiox village to give assistance to Rev. Sansum in his financial drive.

## TERRACE

Mrs. H. H. Hollowell left on Sunday on a short trip to Prince Rupert.

Miss C. Toombs spent the week end in town as the guest of Mrs. Harry King and returned to Remo on Sunday.

Jack Spitzel arrived from Carnaby on Sunday and is spending a few days in town with his brother, Joe Spitzel.

Principal Spragg and Misses M. Easthope and C. Peters of the public school staff returned from their holiday trip on Monday and commenced their duties on Tuesday morning. Owing to illness, Miss N. Mallott was unable to return with them.

Misses Bertha Moore and Adeline Thomas, who have spent the past week with Mr. and Mrs. Thos. Peddle in Prince Rupert, returned to their homes here on Monday.

Mrs. Carl Pohle entertained her Sunday School Class at a delightful little party at her home on Monday afternoon. The afternoon was spent in

J. Garland of Kalum Lake was in town on Monday.

Miss Irene Clayton entertained a number of little friends at a dinner party and social evening on Monday.

S. N. Kirkaldy is now in charge of the local post office, having taken over the work at the New Year.

## ALICE ARM

Mr. and Mrs. Arthur F. Smith and family left last week for Seattle.

Nels Olsen, a former resident of the camp who is now ranching in the Naas Valley, was a visitor here last week.

Prevailing mild weather and rain last week caused a cessation of winter sports at the skating rink but an improvement in the situation is now noted.

Jack Graham, Gus Pearson and Marshal Smith, contractors at the Red Point, spent Christmas in town as did Neil Forbes and Fred Martinsen, who are driving a tunnel on the Silver Cord.

## STEWART

Owney McFadden was in the Stewart Hospital last week obtaining treatment for an infected hand.

James McKay has returned here after

## LADIES' WHIST

Activities Were Resumed Last Night After Christmas and New Year Holiday

The Ladies' Whist League resumed activity last night after a brief holiday for the Christmas season and the results were wins for the Moose Ladies over the Orange Ladies by a score of 5 to 4 and the St. George's Ladies over the Pythian Sisters by 7 to 2.

The standing of the league to date is as follows:

Team	W	L	Pts.
Moose Ladies	6	1	6
St. George's	5	2	5
Pythian Sisters	3	4	3
Orange Ladies	0	7	0

## SPORT CHAT

The announcement of the schedule for the second half of the season in cribbage and whist roused interest in these series which lapsed somewhat during the holidays. While there may be practically no changes in the lineup of the various teams the games should prove just as interesting as they did the first part of the season. The winning of an odd game throughout the season by teams in the cellar position will make an entirely different standing at the end of the season. All games should be well contested and interest should be keen right to the end of the series.

Humbert Fugazy reported that he had signed Gene Tunney, heavyweight champion, to meet Delaney next summer in the Polo grounds. Tex Rickard thinks that Tunney will consult him before signing any such contract and Tunney has denied the report. There seems to be keen rivalry between Fugazy and Rickard as to who will have the honor of signing the new heavyweight for his next bout.

Phil Scott, the English heavyweight champion, is particularly desirous of taking on Harry Person on his coming visit to America. Scott and Person

# A Watch to be Proud of

During the many years we have been selling watches we have never handled an assortment better than the new lot of imported watches received this Fall.

Since the war, owing to unsettled conditions, a great many inferior watches have been put on the bargain counters and many of them will not keep going more than a year.

One of our new makes has all the steel parts of stainless steel, which will not rust even if exposed to water.

Prices from \$15.00 up. Let us show you!

# WAR AGAINST PETTING IS ON

QUIET PERSON TO PERSON DRIVE IN PROGRESS IN NEW YORK

NEW YORK, Jan. 4.—A quiet, person to person, drive against "petting" is underway by the Y.M.C.A., Y.W.C.A., and kindred organizations.

There is no "war" in progress against the frivolous practice, nor is any sensational campaign planned, social workers for the organization declare, but they acknowledge that educational work is being carried on persistently to eliminate that class of youth who consider themselves more to be petted than censured.

And not all of them agree that petting is an unmitigated evil. Mrs. Eleanor Wombridge, woman referee of the Cuyahoga County Court, Cleveland, believes that petting in moderation is regarded in certain circles as a social asset.

"Whether they pet or not," says Mrs. Wombridge, "college girls as a rule hesitate to have any one believe they do not. Since petting may lead to romance, most girls say they must pet or be left behind."

There have been rumors here of a general campaign to be waged by the Y.M.C.A. against petting, but workers of the organization declare these reports grew out of a popular demand for republication of an article in a "Y" magazine by Dr. Max J. Exner on "The Question of Petting." Dr. Exner, head of the American Social Hygiene Association, says in it that "the essential harm of petting lies in the fact that it is a cultivation of a low order of love."

**THOUGHTFUL VIEW**

"The best we can do," said Dr. Exner, "is for us adults to point out a thoughtful view to the younger people in the country. We cannot attempt to coerce them into any course of action—whether for or against petting. It is to be greatly deprecated that there has been reference to this problem of 'petting' as an isolated phenomenon. It is bound up with the whole problem of sex and social relationships and must be met in a large, educational way."

The Y.W.C.A. is meeting the problem, it was learned, through a special group called the family relations commission. Under the National Student Council, a joint Y.W. and Y.M. organization, containing more than 300,000 young people, an attempt is being made to relate the problem of social relationship to the problem of religion.

Three thousand delegates from various college "Ys," composed of men and women students, will gather during the Christmas holidays at Milwaukee to discuss religion and life. One of the topics to be discussed will be "What makes a student a flapper? A Sheik, a woman-hater?"

Mindful of the clamor against "immoral" dress, characterized as an "outrage" by Pope Pius at Rome yesterday, dress, ethics, morality, conduct and other problems will be discussed.

## WHEAT CARRYOVER INTO 1927 HEAVY

Pool is Holding Large Amounts; Vancouver Now Taking Shipments

WINNIPEG, Jan. 5.—Something over 200,000,000 bushels of unsold Canadian wheat has been carried over into the new year. This is the largest percentage of Canadian grain ever carried over into the new year, members of the trade assert. In the exchange it is asserted the pool is the holder of the largest part of this carry over. This condition is largely due to the unusual quantity of damp and tough grain delivered in the west during the unprecedented weather.

Just now, about a million a day continues to be delivered from farms in western Canada. Reports on the exchange today showed heavy commitments for loading out of Vancouver, chiefly to the United Kingdom, with millers reporting no demand. Exporters had expected heavy business from the Orient this fall which has not materialized, said to be due to the unrest in China.

# FINGER PRINTS OF MURDERER

GERMAN KILLER BROUGHT TO JUSTICE AFTER MAY YEARS OF WAITING

BERLIN, Jan. 5.—Finger prints discovered nearly three and a half years after Otto Seimicke left them on a window frame in committing a murder at Bad Oeynhausen proved sufficient to bring the crime home to him when he was arraigned recently.

Robert Bicker, a young bath attendant at the Oeynhausen spa, was shot and killed July 6, 1923, by burglars who had broken into the building he was guarding. Suspected of the crime, Seimicke and a companion, Heinrich Krueger, were arrested and tried but acquitted because of insufficient evidence.

The police never dropped the case, and recently made a new examination of the murder chamber, which had been left virtually untouched since the crime. High up on a window frame one of the experts discovered a set of finger prints, still distinct, although evidently made a long time ago. Comparison with those of Seimicke on the police records showed clearly they were none other than his. Rearrested and confronted with the finger-print evidence, Seimicke broke down and confessed.

## EIGHTEEN DIVORCES ARE GRANTED EACH MONTH IN VANCOUVER

VANCOUVER, Jan. 5.—An average of eighteen divorces a month are granted by Vancouver courts, according to information given out at the registry office. The total for 1926 was approximately 220. October averaged one divorce a day for the 31 days, the record for the year. There were 12 divorces in July and the same number in August. February had 16, March 16, May 17, June 18, September 21, and November 20.

1491 cases of all kinds were entered at the registry office during the year. This means that 15 per cent of all cases registered comprise divorce litigation.

## OLD COUNTRY WOMEN FAIL IN BUSINESS

Millinery and Dressmaking Head List of Female Bankrupts—Farmers at Top of Men's Class

LONDON, Jan. 5.—Women who failed in business last year are honored with a separate section in the annual bankruptcy returns.

They number 444. Millinery and dressmaking, with 47, had the greatest number of women failures. Of the rest 37 were drapers, 33 grocers, 21 clothiers and outfitters, and 20 lodginghouse keepers. One woman doctor, four schoolmistresses, and one woman engaged in horse dealing and training were also adjudged bankrupt.

Farmers head the list of men with 268 bankruptcies. Grocers come next with 362, and builders third with 335. Pawnbrokers and shipowners tie for bottom place with only four apiece.

## LONDON VICAR IS ALSO SILVERSMITH

LONDON, Jan. 5.—In order to try and master a gradually dying art, and also to augment his stipend of \$1,500 a year, the Rev. C. G. Langdon, vicar of St. Matthew's Church in the City Road, has registered himself as a professional silversmith.

He works 20 hours a week on this side line in a workshop which he has fitted up in half of his big study.

# The Well-Managed Home

THE manager of a household is the purchasing agent for a large proportion of the family needs. In order to do a good job she must know what, when and where to buy. She must study goods and the concerns which make goods and have them to sell. She must put her home on a business basis and run it on business principles in order to make the most of the family income.

Information is the only basis for intelligent purchasing. And the right way to get the greatest amount of necessary information is to read the advertisements.

**1926 WAS YEAR OF PROSPERITY FOR ALICE ARM**

MINERAL OUTPUT THERE AND AT ANYOX WAS GREATEST IN HISTORY—FUTURE WAS NEVER BRIGHTER

**ACTIVITIES REVIEWED**

DEVELOPMENT WORK WAS MORE EXTENSIVE THAN FOR SOME TIME PAST—GRANBY PRODUCTION IS GREATER AND CHEAPER

A review of the mining industry of the Alice Arm and Anyox district for the past year shows that substantial progress has been made and a peep into the future convinces that during the coming year still further progress and bigger gains will be made, says the Alice Arm Herald.

During the past year more mining and development work has been carried on in the Alice Arm district than has been the case for the past six years. More mining engineers have visited the camp, and more mining properties bonded. Valuable information has been gained of the ore bodies of several properties, which will be instrumental in increasing work on these properties and in the bonding and working of adjacent claims.

A diversity of ores exist in the district and during the past year, properties containing lead, zinc, silver and copper have been developed. Every property developed has given encouragement, and further programs of work have been outlined for the coming year.

The LaRose mine was operated almost the entire year, and a substantial shipment of high grade silver ore made late in the season.

A large quantity of this high grade is known to exist in the mine, and operations are expected to be resumed at an early date.

Work at the Toric mine was carried on throughout the year. This was composed chiefly of outside work, such as constructing mill buildings, and getting in machinery. The Toric possesses an enormous body of silver ore, and at the present time this is being further developed.

**Record Earnings Reported In Annual Statement of The Royal Bank of Canada**

The Royal Bank of Canada is submitting to its shareholders an annual statement which shows that the past year has been one of unusual business activity throughout Canada. This in turn is reflected in a substantial gain in current loans to take care of the larger requirements of industry and commerce.

Of perhaps still greater import to the shareholders is the marked gain in net profits, which at over \$4,500,000 are the largest in the history of the Bank.

The Royal, with its system of over 750 branches throughout Canada, covers every section of the country, and it is understood that the evidence of more favorable business conditions was general in practically every province.

The profit and loss account shows that profits for the year, after making full provision for bad and doubtful debts, amounted to \$4,516,239, compared with \$4,081,528 at the end of the previous year, a gain of close to half a million. The profits added to the balance carried forward from the previous year, made the total amount available for distribution \$5,765,674. This was appropriated: dividends and bonus \$3,415,000; officers' pension fund \$100,000; appropriation for bank prem-

ises \$400,000, and reserve for Dominion Government taxes \$440,000, leaving a balance to be carried forward of \$1,409,674.

**Strong Position Maintained**

The general statement of assets and liabilities, which is for the fiscal year to November 30th, indicates that the usual strong liquid position has been well maintained. Of total assets of \$766,376,943, the liquid, or immediately available, assets amount to as much as \$367,280,083, and are equivalent to 54.30% of liabilities to the public. Cash and cash balances are at the high level of \$157,568,134, or 23.30% of public liabilities.

Evidence of the steadily larger amount of business being handled throughout the Dominion is given by total current loans in this country of \$197,759,230, as compared with \$190,854,642 a year ago. At the same time there has been a slight contraction in current loans elsewhere, and these now stand at \$138,384,822, as against \$143,397,982.

Of special interest is the continued tendency of savings deposits to steadily find higher levels. These have now gained to \$451,689,830, up from \$440,380,136. Total deposits of \$612,860,280 are reported.

The Kitsault River Mining & Development Co. undertook further development work of the ore bodies on the Matilda. The result of this work gave much valuable information, regarding the big ore deposits that exist on this property.

Early in October, four mining properties situated in the upper Kitsault country were bonded by Col. Victor Spencer and associates of Vancouver. The total number of claims bonded were fifteen and two fractions, and the bonding price was in the neighborhood of \$400,000. It was at first planned to drive a development-tunnel on both the Vanguard and Red Point, but owing to the lateness of the season, the Vanguard project was dropped. A tunnel, to be at least 500 feet in length was commenced on the Red Point, and this work will be carried on throughout the winter with all possible speed. As early as possible in the New Year the other three properties will be developed on an extensive scale, which alone will give considerable impetus to the mining industry of the district.

**DEVELOPMENT WORK**

In addition to the above mentioned properties, a large amount of development work was done by individual owners with excellent results. From a mining engineer's standpoint regarding ore showings, both surface and underground, the district never was better.

Alice Arm possesses enormous ore showings, which have not deteriorated when tapped at depth, and when further depth is attained the camp will rank among the continent's big producers.

The past year has been successful in increasing the ore reserves, and the future will undoubtedly witness the same procedure on a much larger scale.

Good fortune also smiled on Anyox during the past year, and the big copper producing plant of the Empire not only increased their output considerably but also substantially reduced their operating costs. During the first nine months of the year Anyox produced 29,291,890 pounds of copper, beside gold and silver values. This output shatters all records and give an idea of what can be accomplished when a mining company has ample funds for development and construction as did the Granby Co. when they bonded the Hidden Creek mine.

During the year the concentrating mill and sintering plant were considerably enlarged. Further development work was also undertaken on the Bonanza property, which may be operated during the coming year.

**SYNOPSIS OF LAND ACT AMENDMENTS**

**PRE-EMPTIONS**

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information regarding regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

**PURCHASE**

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

**HOMESITE LEASES**

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

**LEASES**

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

**GRAZING**

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.

**DOESN'T LIKE MEAL LIMITED**

NEVER DID FAVOR SUCH RESTRICTIONS AND NEVER WILL

PARIS, Jan. 5. — The Frenchman's lukewarm attitude toward the governmental restriction on his restaurant meals to two main dishes, plus the usual trimmings, has caused learned satirists to dig out the people's reaction to similar decrees in France 350 years ago.

France then had ten years of poor crops and meals likewise were limited in quantity, both in public and in the homes. The people grumbled and obeyed the decree with bad grace.

Cooks who violated the rules were subject to fines or imprisonment on bread and water diets and even to whipping and banishment.

"Bum" Rogers, notorious criminal, was captured in bed. Caught napping, as it were.

**JOHN PULLEN IS APPOINTED**

SON OF LATE EXPRESS PRESIDENT NAMED ASSISTANT TO C.N.R. TRAFFIC VICE-PRESIDENT

MONTREAL, Dec. 5.—A. T. Weidon, vice-president in charge of traffic and express, Canadian National Railway, announces the appointment of John Pullen, to the position of assistant to the vice-president effective January 1. Mr. Pullen assumes his new duties backed by long experience with the Canadian National and its predecessors, the Grand Trunk Railway, his service dating back to 1911 when he joined the company as office boy in the office of the vice-president in charge of operation, his duties at that time being confined to the summer holidays period. In 1913 he joined the railway in the permanent position of clerk in the tariff bureau and occupied various clerical positions until 1916 when he became freight traffic representative of the Grand Trunk in Montreal. His next position was that of chief clerk to the vice president in charge of traffic which he assumed in 1923 and in which work he was engaged at the time of his present appointment.

Mr. Pullen is a son of the late John Pullen, president of the Canadian National Express up to his retirement in 1923. Mr. Pullen has been a resident of Montreal since 1900 and graduated from McGill in science in the class of 1913.

**LIQUOR TRADE IS HEAVY HERE**

ONLY VANCOUVER AND VICTORIA EXCEEDED PRINCE RUPERT IN VOLUME OF TURNOVER THROUGH GOVERNMENT VENDORS

Only Vancouver and Victoria exceeded Prince Rupert in the amount of liquor sold through the government vendor according to the report of the Liquor Control Board for the year ending March 31 last which has just come to hand. The turnover here during that twelve months amounted to \$443,940.05. Such cities as New Westminster, Nelson and Nanaimo, where it might be expected, owing to larger population, that the receipts of the liquor stores would be larger, sold to the value of \$330,082.35, \$296,030.95 and \$374,299 respectively.

In the amount of fines collected under the Government Liquor Act during the same period Prince Rupert with \$10,700 came second only to Vancouver with \$73,325. Next to Prince Rupert was Victoria with a total of \$9,400 followed by Wardner, near the boundary in the Crow's Nest Pass district, with \$3,870.

A. D. Baillie of the Rupert Marine Products staff at Tucks Inlet returned to the city on the Prince Rupert after having spent the Christmas and New Year holidays at his home in Vancouver.

**WATER NOTICE**

**DIVERSION AND USE.**

TAKE NOTICE that John Dybhavn, whose address is P.O. Box 1700, Prince Rupert, B.C., will apply for a licence to take and use 4,500 gallons per day of water out of an unnamed creek which flows northerly and drains into Nesto Inlet, about one mile from the head of the Inlet, on its south shore. The water will be diverted from the stream at the natural outlet of a small lake, about 650 feet from the mouth of the creek, and will be used for domestic and industrial purposes upon the 7 acres of land described as unsurveyed land for which lease is applied. This notice was posted on the ground on the 23rd day of November, 1926. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is December 1, 1926.
