COPPER DISCOVERY AT ALICE ARM

AIR RECONNAISSANCE FOR ROAD TO INTERIOR ARRANGED

New Copper Discovery at Alice Arm Causes Stir in the District

ONE OF PROPERTIES BONDED BY SPENCER-McRAE INTERESTS MAKES WONDERFUL SHOWING OF SEVEN PER CENT ORE

Week-end arrivals from Alice Arm report the making of a copper ore discovery on the Vanguard group of claims, which is under bond to Col. Victor Spencer, General A. D. McKee, and other Vancouver interests, which may prove of great import to the whole camp. It is said, in fact, to be the biggest copper strike ever made in the camp and, perhaps, in the whole north. The discovery has created quite a stir at Alice Arm and mining engineers representing various large companies, including the Granby, are understood to be rushing to the scene. Alice Arm people are said to see in it bright prospects for the rejuvenation of interest in that mineral region. Samples of the ore have reached the city and one, in the possession of a Daily News representative, has a good copper showing with flecks of gold.

EXPLOSION OF MISSION YACHT

Four Badly Burned When Maravel Blew Up When Starting for Labrador

SYDNEY, N.S., Aug. 29.—Four were badly burned and damage amounting to ten thousand dollars resulted from an explosion when the American yacht Maravel blew up this morning as she was leaving for Labrador with volunteer workers and supplies for the Grenville mission. The injured were Miss Margaret Pierce of Harvard, Pa.; Mark Stone, steward of the yacht, Rockland, Maine; B. W. Sellers, second engineer, of Somerville, Mass.

FIVE KILLED AT CROSSING

Car Failed to Get Across in Time and Was Struck by C.P.R. Train

MONTREAL, Aug. 29.—Five people were killed and one injured when an auto was struck by a C.P.R. train at Cabane Ronde, 30 miles northeast of here, Sunday. The dead include Mrs. Charles Jeanette, three daughters and a servant. The husband was injured. The father was driving the car which failed to get across the track in front of a fast approaching train. The young people killed were Elaine Jeanette, aged 2; Claire, 11; Francoise, 10; and Alice Beaudoin, 24.

RATES BENEFIT GRAIN GROWERS

President of Manitoba Organizations Comments Favorably on Ruling

WINNIPEG, Aug. 29.—"There is no question about it, producers all over the west will materially benefit by the action of the Railway Board in reducing freight rates on export grain by the western route and it is a great gratification to me that they have been ordered," was the comment of the Board's decision made by A. J. M. Poole, president of the United Farmers of Manitoba.

MATERIAL SENT TO ALASKA RAILROAD

SEATTLE, Aug. 29.—Steamer Denala sailed last night for Seward with a million feet of ties and bridge timbers for replacement purposes on the Alaska Railway and a half-disassembled locomotive, one of the largest shipments of material and equipment ever sent to the government road.

WHEAT CUTTING GENERAL SOON

Binders Working in Manitoba but West is Later; Rye Being Threshed

WINNIPEG, Aug. 29.—Wheat cutting has commenced and is general in Manitoba, but speaking for the three provinces, it will not be in full swing until sometime this week, says the Canadian National Railways 19th weekly crop report. Depending upon the districts, threshing will commence anywhere from a week to three weeks. Inwood, Manitoba, between the lakes has cut 35 per cent of its wheat and expects to thresh in a week, whilst several points in Central Manitoba report half the crop cut and threshing to start soon. Rain has again retarded the operations of the farmers to some extent. Rye threshing is well under way and other grains are being cut.

It is difficult to estimate the amount of damage wrought by rust, frost and sawfly. Cutting is showing some crops to be more badly affected than was at first thought, and others to be less hurt than was estimated. Some parts of Saskatchewan are concerned about freezing but this is confined to the low lands. A few of the farmers are cutting for winter feed.

Alberta reports lodged grain straightening up and heavy yields offsetting what damage has been done by frost. Alberta is, on the whole, very healthy and anticipates the largest crops in its history. The Viking district expects up to 40 bushels of wheat to the acre and 75 bushels of oats; Coronado Oyen and Vegreville will go as high as 40 in wheat, and Three Hills as high as 50. Saskatchewan, while it has to admit losses through rust and frost, shows that they are well spread out and are not as serious as might appear at first glance. Some grains are grading better this year and the yield is heavy.

REGULATIONS FOR FISHING

Season Opens Again on September 4 Until September 23

Following a conference last night with Adam Mackie, inspector for district No. 2, and as a result of his own recent inspection of the situation along the coast, Major J. A. Motherwell, chief inspector of fisheries for British Columbia, this morning announced the following emergency regulations to govern the salmon fisheries for the remainder of this season as far as District No. 2 is concerned:

- All fishing may be resumed at 6 p.m. September 4.
- No sockeye nets (less than 6 1/2 inch mesh) will be permitted during the balance of 1927.
- No fishing with nets will be permitted in any part of the district after 6 p.m. September 23 except in the Queen Charlotte Island area where they will not be permitted after October 7.
- The usual weekly close seasons must be observed and any fishing may be ordered stopped at the discretion of the department.
- Major Motherwell will proceed tonight on the Malaspina to Ketchikan to check up on reports of a run of fish in that vicinity and expect to call in Prince Rupert on his way south about Wednesday.

MOVIE STAR FOUND DEAD

Police Suggest Poison But Doctors Say No Sign of it Indicated

HOLLYWOOD, Aug. 29.—Vera Reynolds, film star, was found unconscious on the floor in the bathroom at her home here last night. The police say the actress showed signs of having taken poison but the physicians at the hospital said the body showed no signs of her having done so.

MARK BATE OF NANAIMO DIES

Nonagenarian Passed Away When Visiting Old Home Town in England

NANAIMO, Aug. 29.—Mark Bate, nonagenarian, a pioneer of British Columbia, who came to Nanaimo in 1857, died at Birmingham, England, where he was born, according to a cable message to a relative who is visiting here. He left here in June to visit England and planned to return in October.

Mr. Bate was for many years mayor of Nanaimo and took a leading part in all activities on Vancouver Island. One of his grandsons, Leonard Bate, lived for several years in Prince Rupert where he was employed in the Forestry department.

PAR LYS'S CLAIMS ANOTHER VICTIM

ROSSLAND, August 29.—Infantile paralysis claimed a second victim during the week in the death of Ledly Eccles 13 years of age. There have been five deaths to date from the present epidemic in Rossland.

To Make Reconnaissance of Road and Push Construction and Probably Use Ferry Also

The Provincial Government has acceded to the request of the local road committee in regard to the aerial survey of the route east of here. Alderman Joe Greer, chairman of the road committee, this morning received the following letter from Hon. T. D. Pattullo, minister of lands and member for the district.

"I am in receipt of your telegram of August 24 regarding the aerial reconnaissance for the Prince Rupert road. I am advised by the Department of Public Works that arrangements will be made without delay.

"I may say to you that it is proposed to push the road as rapidly as possible each year so that connection may be made as early as possible. It may be that by pushing the road from each end that a ferry could be used on the river in order to obtain early service pending the completion of the road."

Major D. R. MacLean of the Pacific Airways stated this morning that he had been authorized to make arrangements with G. C. Mackay, district engineer, for the carrying out of the proposed reconnaissance and the government will send an engineer to go with him.

SUGGESTS THAT SEINING PERMANENTLY STOPPED

John Flewin Advances Relief Measure for Depleted Salmon Fisheries

It is the suggestion of John Flewin, who is in town today from Port Simpson, that, as a relief measure for depleted salmon fisheries, all seining be in future discontinued and the seine boats purchased by the government as compensation.

LONDON TO LONDON FLIGHT NOT SUCCESS

LONDON, Ont., Aug. 29.—Captain Terrence Tully and Lieut. James Metcalf were forced by storm to return after taking off at dawn on a transatlantic flight.

Miss Evelyn P. Grassie of Duncan, Vancouver Island, has been appointed to the staff of the Booth Memorial School replacing Miss Margaret Palmer who goes to Borden Street School in place of Miss Ruby Scott, resigned.

The Canadian Fish & Cold Storage Co.'s trawler George E. Foster, with Capt. Sanderson in command, leaves today on the first of a series of trips for flat fish.

FIRE RANGER LOSES LIFE

Shot Dead When Going to Interrogate Lonely Homesteader Regard to Fire

RANCHER IS HELD

CALGARY, Aug. 29.—Robert Morpeth, a settler of Windermere district, is held in jail at Golden following the fatal shooting of Roderick Munro, a B.C. fire ranger, near Invermere Saturday.

Morpeth is alleged to have shot Munro in an altercation over a bonfire which Morpeth was supposed to have lighted. J. P. Ate, of Banff, driving a party of tourists, is said to have seen Munro fall from a distance.

INVERMERE, Aug. 29.—Word has been received here that Roderick Munro, provincial government fire ranger was shot dead. He had been sent to interrogate a man in a shack at the western entrance to the Banff-Windermere highway in connection with a small fire the latter was alleged to have started. He left for the scene alone. Police are now searching for the homesteader.

This afternoon's train, due from the East, at 3:30 is reported to be on time.

East Coast Storm Proved to Be Catastrophe With Fifty Lives Lost and Many Vessels

ST. JOHNS, Nfld., August 29.—More than fifty persons are now believed to have lost their lives in Thursday's storm. The toll has been mounting as communication were restored, making the hurricane assume the proportions of a catastrophe. Five fishing schooners were lost with all hands and eleven destroyed with the crews saved.

Twenty-five fishing boats were destroyed at Bonavista and the coastal steamer Argyle and the Philomena were driven ashore but their passengers and crew are safe.

KITWANCUL INDIANS ONCE MORE EXPRESS ANTI-PATHY TO WHITES

Kitwancul Indians have again expressed their antipathy against the white men in their valley. It is alleged that they recently removed the instruments of a government survey party and did away with them. As a result, six natives have been lodged in jail at Smithers and will probably be charged with intimidation. They have engaged Milton Gonzales of this city to act in their defence and it is understood that L. W. Patmore will prosecute.

FREIGHT RATES REDUCTION

While it is not possible to say whether we have been granted just everything for which we have asked, yet there seems little doubt but that the west has scored a big victory in the freight rates fight. If we are placed on an equal footing with Fort William, that is all we ask. We do not want any undue advantage.

It seems a pity that Premier Oliver could have lived to see the fruition of his efforts on behalf of the province. However, he was well backed up by the members of his cabinet including the present premier so they will take much pleasure in having been able to do something of real benefit to the province.

This practically insures that Prince Rupert elevator will operate to capacity this year provided vessels can be obtained, and it is understood that already many have been chartered for this port.

Many people find it hard to realize just what this freight rates fight has meant. Some have construed it as just another political move for the purpose of securing votes. It has been much more than that. It has been the removal of a handicap which has kept the Pacific Coast from developing and has turned business to Eastern Canada at our expense. Now, if the reports are true, all this will end.

BOOK ON MINING AREAS

The Natural Resources department of the Canadian National Railways has just issued a book dealing with the minerals and mining industries of the country served by the railway. It tells of the mining districts in northern British Columbia and has several good maps showing exactly where the mining country is and how to get there. It also gives information in regard to mining regulations which will be of great advantage to new people coming to the district. Copies of the publication are distributed free to those asking for it.

CUSTOMS SMELTER NEXT MOVE

New Hazelton reports that it expects to have a customs mill there soon. That is a good thing for the small properties of which there are a number in the neighborhood. The next step will be to have a customs smelter erected at or near Prince Rupert at a site on salt water and on the railway.

There is talk of the Ladysmith smelter being again operated but it is a long way off, too far to tow barges or scows with ore. If a smelter were erected here, the ore could roll down from the interior mines on the train and come from Portland Canal by scow and also from the Porcher Island mine. The ideal site would be at Inverness, Port Edward or up Tuck's Inlet.

RHINELAND DISPUTE

It is difficult for anyone not closely in touch with the situation to know what is meant by the dispute over the occupation of the Rhineland. People jump at conclusions according to which way their sympathies dictate rather than because of any solid reasoning. France is on the borders of Germany and has been the country to suffer from German aggression, hence it must be expected that she will feel differently from those countries which are farther away. It is not once only that the fair fields of France have been ravaged by the invader and the people of that country are hardly to be blamed if they wish to take every possible step to prevent a recurrence.

Every woman should be a lawyer. Think what a lot of money she might collect for the advice she gives.

FAIRBANKS IN PIRATE STORY

One of the Most Exciting and
Cleverly Executed Pictures of
Famous Hero

"The Black Pirate," a new Fairbanks superproduction is laid in that part of the southern seas known in the seventeenth century as the Pirate's Main, where Morgan and his blood-thirsty rovers had their secret island, on which they hid the tribute exacted at gun's points from traders and travelers.

It is said that Fairbanks has never before had such a fitting vehicle for his blithe sort of adventuring. He plays the part of a young nobleman, who swears to avenge the killing of his father by pirates. This he does in a series of exciting episodes, that demand every known variety of dueling, fighting and daredevil cleverness. He captures a big ship single-handed, steals the heroine from the villains, and fights his way through the ranks of the cut-throats.

"The Black Pirate" is rated the fastest moving story Fairbanks ever made, and this is a promise of considerable speed. Starting with the blowing up of a ship and maintaining an explosive tempo throughout, this picture should afford all the interest and suspense forecast for it.

Fairbanks' production is the first picture of such magnitude to be made in color, and marks an entirely new departure in this regard through its elimination of all glaring hues. It is claimed that he has succeeded in incorporating color into this film in such a bewitching fashion that the spectator is completely charmed by it, and sees it only as one sees a panorama in real life.

GLORIA SWANSON IN "FINE MANNERS" IS CHORUS GIRL STORY

In "Fine Manners" starring Gloria Swanson here Wednesday and Thursday is shown the story of a little girl from the East Side who meets a boy from the West Side and immediately falls in love with him. He likes her for her natural carefree manner. She loves him because he's himself.

The young aristocrat, bored with society as he knows it, thinks that this chorine would be perfect—if only her crude manners were improved. Securing a sympathetic aunt's aid, he provides Orchid with everything that is needed in order to become a "lady."

At the end of six months, he returns from Europe to find an entirely different person than the girl he left behind. She has dropped all the old mannerisms he now realizes that he loved, and become just one of the great army of idle rich.

"THE FINE LADY"
He tries to scratch the surface and find the real girl—but she, wondering at his disappointment in the change she has tried so hard to effect, does not guess his real thought. Of course, in the end, everything comes out all right, but her jealous brother enters into and adds much to the plot's intricacies.

JACK HOLT SEEN IN ZANE GREY PICTURE

In the Zane Grey picture set for Tuesday Jack Holt is the hero and he is a spectacular one. A tragic element is suggested by the spectacle of a born leader of men, forced practically into outlawry by the very men he is doing his utmost to help. He wins back their confidence and also the girl he loves only after a series of spectacular episodes, during the several of which he closely approaches death. There's suspense, a gorgeously colorful natural background and clever handling.

The love theme is the sweet wholesome sentiment that springs up between the city girl and the man of the desert. There are no forced or illogical obstacles in the way of their romance. It unfolds in the easy natural way that carries one into the spirit of the sentiment.

CIRCUS PICTURE AT WESTHOLME TONIGHT

Circus lovers—and who does not thrill to the lure of the sawdust ring?—have a marvelous opportunity to go "behind the scenes" in viewing "Bigger than Barnum's," showing here tonight. The hidden drama in the lives of the performers, unseen by the applauding crowds, is strikingly revealed in this epic of the "big top," which culminates in one of the most gripping climaxes ever shown on the screen. Under the direction of Ralph Ince, who also plays a leading part, and featuring Ralph Lewis, Viola Dana and George O'Hara as well, the picture is making a tremendous hit wherever it is shown. The dramatic tension is unusually high and "Director" Ince has worked in enough love interest and little human touches to make a remarkably well-balanced production.

M. A. Burbank, district engineer for the Canadian National Railways, arrived on yesterday afternoon's train from Prince George, bringing Mrs. Burbank and family who will take up residence in the company house on First Avenue West.

Ten Years Ago in Prince Rupert

There is a rumor circulating in the city that the Foley, Welch & Stewart interests have bought the Tingley sawmill at Port Clements, one of the pioneer enterprises of the Queen Charlotte Islands.

Eleven lanky Hindus, in native costume, arrived from Vancouver today enroute to the Queen Charlotte Islands, where they will work in the logging camps.

Man in the Moon

WHEN ordering a hat for the stampede always state whether it is a two gallon hat or a four gallon hat is needed.

LIFE is very curious. For instance, we say that a doctor pays a call. If he does he soon asks for the money back.

A FOOL and his money
Buy a car
They go to smash so
There you are.

THEY do say that a movie man wanted to get a picture of repose so he was told the best place to find it was in a government office. He went there but there were several young stenographers in the office so he gave it up. Possibly there's a moral to this story and possibly not.

NECESSITY is the mother of invention. How about inventing an automatic sleeve to take the place of the handkerchief?

IT was a great sight to see George Casey in the swim with the boys at the Salt Lake yesterday.

YOU'VE heard of Casey at the bat
And Casey on the mound
But never yet, have you heard I bet,
Of Casey's swim, I'm bound.

IT was rather cool in and around Prince Rupert yesterday but at the lakes there was a hot time.

ATE SALMON ROE.

Kinloch, Naas River.
The Editor, Daily News.

Referring to the recent deaths among Indians at Arrandale Cannery resulting from the partaking of salmon roe, I beg to state that this matter was thoroughly investigated and the fact established that in each case, death occurred through the negligence of one of the deceased, who kept the food exposed for an unduly long period causing it to become contaminated. A coroner's inquest was therefore not called.

The names of the deceased are: Mrs. Rachel Haldane, Mrs. Edward Robinson and Robert Lincoln of Kinloch; Mrs. Peter Nyayok and Daniel Guno of G.H.

Forced Air

the Greatest Heating Discovery of Modern Times

DO you suffer from large fuel bills? Cold rooms? Sluggish air flow? Slow heating or extremely hot air?

All these cause discomfort and ill health. Yet all may be eliminated by using Forced Air—the greatest home heating discovery of modern times.

Miles Automatic Furnace Fan attached to your present furnace transforms it from a gravity to a positive pressure system. Large volumes of air are forced over the heating surfaces, pushing the heat units into the rooms before they have time to escape into the basement or out the chimney. Result—a great saving in fuel, better health and solid comfort in bitterest weather.

Miles Automatic Furnace Fan is also wonderfully effective in keeping the house cool in summer. Can be used with all makes of warm air furnaces, old or new. Mail coupon for interesting particulars.

Neglected Eyes

NEGLECT is doubtless the cause of most of the ills that afflict humanity. This is so self evident that it seems hardly necessary to tell you. If your eyes are giving trouble, have them attended to—and at once.

OF ALL absurdities in the kingdom of foolishness, surely the loss of eyesight through neglect is the most inexcusable.

DON'T lose health and efficiency through neglect. Come and see!

HORSE NAMED FOR RUPERT

Broncho Christened Halibut by Cockney Cook at Stampede Camp

TELKWA, Aug. 29.—The stampede camp is all agog. Excitement is soaring around boiling point, and all of them are just crazy to get to Rupert. A few nights ago the boys took in hand to christen a "rip-snorting," "cloud-scratching," "Spring-footed" broncho. He had no name, so argument waxed high. Finally in desperation they appealed to the cockney cook, he replied with: "Cor blimey, why don't yer call 'im 'alibut, 'cause 'es so blasted 'ard to catch, and besides it will tickle those 'errin' 'unters in Rupert, and sy, wout we have a beano down there?" The cook's choice of name was decided upon, and another boy thought they should christen him sea-farin' fashion, by cracking a bottle over his bows.

Unfortunately for those present the only bottle available, was a bottle of tomato catsup. With this in one hand and the halter in the other, the boss prepared to perform the ceremony, saying: "From henceforth and from now on, on every range and in every show this animal shall be known as 'halibut'." Then came the terrific smash of the catsup bottle, but Halibut's bows were built for ramming, and he dragged the boss around the corral on the end of the halter, and finally deposited him under a feed trough.

After quieting him down the ceremonial sentence was again uttered, ending with a blow with the catsup bottle spilling its contents over halibut's bows. Seeing "red" the broncho went raving mad and with a wonderful jump, just "topped" the corral fence,—that was the last seen of Halibut. The cook concluded with "ees well 'nimed, you'll 'ave to go further afield every year to ketch that blighter." Such is life in a stampede camp.

BURNS LAKE

Mr. and Mrs. J. C. Crease of Vancouver and daughter, Audrey, were the guests of John Yool and Rev. W. R. Ashford here for a week, having made the trip north by automobile. Mrs. Crease is Mr. Yool's sister.

Committee chairmen for the Lakes District School Fair Association, which met last week with the president, M. F. Nourse, in the chair, have been named as follows: Housing, Mrs. A. Anderson; refreshments, Mrs. D. M. Gerow; grounds, A. R. Brown; staging, Sidney Godwin; sports, A. R. Brown; dance, Mrs. V. Scheiderup; transportation, J. Brown.

Arthur Wood, manager of the Talpin mine, is reported to be on his way back to Burns Lake with plans for an extensive development program on the property to start during the early part of September.

A minor operation was performed last week by Dr. J. T. Steele and Dr. H. G. Bruce on Miss Frazetta Clark, daughter of Mr. and Mrs. Fred Clark of Fort Fraser.

T. Crawford and D. L. McGibbon of Ootsa Lake are spending a few days in town.

R. C. Steele and S. E. Dally of Vanderhoof and Les Willock of Montana passed through here last week with a string of horses which will eventually get to the stampede at the Prince Rupert Exhibition.

Mrs. F. Inglis and Mr. and Mrs. Sidney Godwin were recent visitors at Francois Lake.

ALICE ARM

In a few weeks the last of the timber will be logged from the Kitsault River flats by F. L. Housley. Logging is now being carried on at a point opposite Canyon Creek on the east bank of the river.

One samples are being prepared to represent the Alice Arm district at the Prince Rupert Exhibition.

An eight-foot vein of good looking copper and silver ore, traceable for 500 feet on the surface, is being developed by P. LaFrance on the Moonlight group which adjoins the Homeguard at mile 14 on the Dolly Varden Railway.

J. Swanson, superintendent of the Anyox mine, has been spending a few days in Alice Arm.

Mr. and Mrs. Cormier left here last week for Alberta where they will engage in farming.

Mrs. F. D. Rice left last week for Alice Arm where she will place her children in school before returning here.

J. Smith of the Toric mine staff left last week for Vancouver.

W. A. Johnston has arrived from Vancouver and is relieving Charles

Hutchinson of the government liquor store while the latter is on holidays.

F. Gallagher left last week for Vancouver.

A. Attree arrived last week from Prince Rupert and is relieving W. A. Wilson of the Alice Arm Meat Market while the latter is on holidays.

Mr. and Mrs. J. McAulay of Prince Rupert came up on their own launch last week in the course of a cruise. Mr. McAulay is C.N.R. master mechanic at Prince Rupert.

PRESENTATIONS MADE THIRD TROOP SCOUTS TO ELMER STEVENS

Boys Also Pay Interesting Visits and Learn How Things Are Done

The usual weekly meeting held on Friday evening of the 3rd Rupert Troop Boy Scouts and Wolf Cubs took the form of a social and farewell to Scout Elmer Stevens who is leaving the city. Games were participated in, and after partaking of sandwiches, cakes and tea, badges which were earned at the camp at Port Simpson were distributed by the chaplain. Ralf Johnson gaining the second class badge and carpenter's; Billy Vance, second class, carpenter's and musician's; Victor Miller, Carl Eby, Harry Quick, Walter Smith, second class badges; and Audrey Iverson and Garnet Quick, tenderfoot badges.

Mrs. P. C. Miller then presented to Elmer Stevens on behalf of the scouts a fountain pen. The chaplain then presented a transfer form from the 3rd Rupert Troop to the troop at Victoria with words of farewell and good wishes bringing an enjoyable evening to a close.

Thursday the Scouts visited H.M.S. Colombo and three sailors showed the troop around the ship. Returning they paid a visit to the Fire Hall, where Chief McDonald explained to the Scouts how an alarm was rung in from the fire boxes and on receipt of phone calls, also how to raise ladders against buildings and on roofs and explaining how the Scouts could best be of assistance at a big fire.

REGIMENTAL TENNIS TOURNAMENT NEAR DONE

Mrs. S. P. McMordie Wins Ladies' Singles and Black and Miss Riel, Mixed Doubles

Mrs. S. P. McMordie won the ladies' singles championship of the Regimental Tennis Club by defeating Miss Davies in the final at the end of the week by a score of 6-4, 7-5.

Black and Miss Riel won the mixed doubles championship by defeating Col. and Mrs. McMordie in the finals by a score of 6-4, 5-7, 6-2. In the semi-finals, Col. and Mrs. McMordie had defeated Howard and Miss Davies 6-2, 3-6, 6-3, while Black and Miss Riel won over Col. and Mrs. J. W. Nicholls 6-3, 6-2.

In the semi-final of the men's singles Howard beat McMordie 6-2, 6-2 and will meet Carmichael in the final tomorrow evening.

SPORT CHAT

With a somewhat abortive series of competition with H.M.S. Colombo now past, local footballers will settle down this week to the completion of the Gilhuly Cup series which resumes tonight with the meeting of the Moose and Regiment. The Moose, having won from the Grand Territorial 3-1 in the opening game, have but to win or tie tonight to be assured of a place in the final during Exhibition Week for the season's last silverware. The third and last game of the semi-finals will take place on Thursday night between the Regiment and Grand Territorial.

In the first tournament last week for the John A. Fraser cup, emblematic of central interior championship, Prince George tennis players went down to defeat at the hands of Quesnel. Quesnel won six of the events, two by default, while Prince George won five. The first tournament took place at Quesnel and Prince George was looking forward to turning the tables at the second tournament to be played in Prince George early this week. Should this second tournament result in a win for Prince George, there will be a third at Quesnel next Sunday to decide the ownership of the Fraser Cup.

The following team has been chosen to play against the Moose in their football game this evening: Corbett, McKay, Lamb, Wallace, Harris, Tinker, Walters, Wrathall, Campbell, Strachan, Norington.

Having split a series of two games with Smithers during the Bulkley Valley Fair festivities last week, the local Intermediate League baseball team returned to the city on Saturday afternoon's train. They lost their first game 7-6 and won the second, 15 to 5.

The Taxi Driver

If there is one thing that counts most in getting away fast to beat traffic and speed for fast runs it's spark plugs. I use Champions every time.

Champion is the better spark plug because of its double-ribbed aluminum core — its two-piece construction and its special analysis electrodes.

PRINCE GEORGE

Accompanying Hon. J. H. King, federal minister of health, on his trip into the Neath River country are K. A. Blatchford, M.P. for Edmonton East; Pat Fraser and Sidney E. Jenkins, Vancouver business men; R. J. Cromie, proprietor of the Vancouver Sun; J. Edward Norcross of the editorial staff of the Vancouver Star; Lukin Johnston of the Vancouver Province; Russell Walker of the Vancouver Sun; J. G. Turgeon, former organizer for the Liberal party in British Columbia; H. G. Perry, M.L.A.; C. Heidman, secretary to the minister, and Don King, a nephew of the minister.

The Prince George Fall Fair will open on Wednesday and a large display of exhibits is assured. On the first evening, the city band, under the direction of Dr. A. H. Bayne, will give an open-air concert. A midway will be operated by Pete Pavich and Cecil Jonas.

G. C. Sinclair of the local employment bureau has been placed in charge of the appeal which the Protestant Association is making in connection with the new home for children now under construction in New Westminster.

The hospital board has awarded A. P. Anderson the contract for the erection of the new nurses' home. His bid, \$6,020, was the lowest of three tenders. The home will be a two-storey structure with cement basement, measuring 26 by 44 feet. It will be adequate to comfortably house the entire nursing staff of the hospital.

It was announced in the city last week that the Woodpecker fair has been called off. This decision, it is expected, will tend to increase the number of exhibits at the local fair.

The forest fire situation through this district was greatly improved last week. There are only one or two fires burning now and they are not threatening at present. The recent scare had a timely ending and not much damage was done.

Local farms will have excellent crops this season states A. E. Richards, supervisor of experimental stations. Marked success has attended the production of clover seed in test blocks and the hay crop has given the largest acreage yield in the history of this section. Mr. Richards was accompanied

PLAIN MR. YORK,
OF YORK, YORKS,
is coming!

on his tour of the district by John Moynan of Ottawa, assistant staff supervisor of illustration farms for the Dominion.

John Assman, who made an auto trip to the Shell Lake section, about 31 miles distant from the city recently, says it is one of the largest and finest agricultural areas within miles of Prince George. The first requisite for its development, which would mean a great deal to this city, is the building of a good highway which will be largely met when the road now building is pushed through to Chief Lake. There are already some settlers in the region who are producing heavily although hampered by lack of access to markets.

Ald. George Kennedy will be the representative of Port George and Omineca constituencies at the National Conservative convention to be held in Winnipeg in October.

William Kolling of Woodpecker is commencing divorce proceedings against his wife, Della Moore.

Demands for harvesters are still being received here. Some are wanted for the Peace River section.

Mrs. M. MacDonald has taken over the beauty parlor which has been operated for some time on Quebec Street by Mrs. Pinkerman.

Hammitt Douglas, a young man of 20 years who recently came here from the Vanderhoof district, has been taken to Rosendale mental hospital by Provincial Constable Hugh McGlinchey.

George C. Hartley of Giscome has commenced extensive repairs to his business property on Third Avenue, occupied by the Wilmon Company.

Miss Irene Hopwood, who taught at Giscome last term, has been engaged to fill the vacancy on the local public school teaching caused by the resignation of Miss J. O. Wilson.

Wesley Goheen of this city lost his foot as a result of a recent accident on a railway work train at Lindup.

Leo Lamour of Willow River was fined \$50 in police court here last week for driving to the common danger. He was mulcted an extra \$5 for driving without a license.

Robert Baird, inspector of municipalities, was a visitor here last week.

NEW HAZELTON

Mrs. Shewan and family left by car on Monday night for Vancouver after having spent several weeks here and at Lake Kathlyn.

William Fidler and son arrived last week from Prince Rupert and spent a few days here fishing.

A new forest fire got under way on the Mud Creek watershed last week, apparently due to carelessness of Indians picking berries near Lost Lake. The fire soon went up the mountain and, in the evening, made a wonderful picture that could be plainly seen for many miles. The forestry department reported that the conflagration was doing no serious damage.

Miss Ralphena Winch, daughter of Dr. H. C. Winch, has left here to resume her nurses' training course in the Royal Jubilee Hospital at Victoria. She has been home for some time on account of illness.

Miss Moffatt has been engaged as teacher in the Hazelton school and Miss Richardson will again teach in New Hazelton.

Mitchell Newman, who attended summer school in Victoria, returned to New Hazelton last week to spend a brief holiday before resuming his teaching duties at Queen Charlotte City.

Mrs. William Grant entertained a number of ladies at tea recently afternoon in honor of Mrs. MacKay who left the next day on her return to her home in Calgary.

A. B. Whittaker's survey party, which is engaged in reconnaissance of the main highway between New Hazelton and Cedarvale moved camp last Sunday to Cedarvale.

Mr. and Mrs. Campbell entertained a number of young people at a dance Wednesday night in their home at Hazelton.

Several people travelling in from Smithers Tuesday evening reported the appearance of a meteor about 10 o'clock. It seemed to have come out from behind Rocher de Boule mountain and headed for Nine Mile but, before it got there, it burst and spread its shower of sparks over quite an area.

Prince Rupert, B.C.

for a two or three weeks' trip into the north country, accompanied by Charles Ek. Mr. Tener stated that he did not think any work would be done this year on the Gold-Cobalt.

W. S. Harris is attempting to bring about the amalgamation of four claims on Nine Mile Mountain lying between the Silver Cup and Sunrise properties. If he is successful, he expects to get another camp started on Nine Mile Mountain in good ore.

Miss Grace Duffell, recently graduated from the Hazelton Hospital training school for nurses, left on Wednesday to assume her new duties at the Burns Lake Hospital. Her mother, Mrs. Bird of Armstrong, who spent ten days here, accompanied her as far as Burns Lake and then continued her homeward journey.

Mugh Harris, accompanied by his mother, Mrs. D. Harris, left last week for Vancouver. Mrs. Harris had motored to New Hazelton some weeks ago and spent the summer with her sons.

The United Church Sunday schools of Hazelton and New Hazelton had their

annual picnic Saturday afternoon at Two Mile Creek.

Mrs. Peter Smith spent a few days this week at Dorreen and Amsbury.

A Arnold of New Hazelton is on a prospecting trip into the country north of Terrace.

Gardeners all along the Skeena River will lose heavily this year as a result of the long, dry, hot spell. Apples are small and few in number and spuds, cabbage and other vegetables have not had their normal growth.

Neil Walker, who is on a globe hike, blew into Hazelton on Tuesday. She was at Prince Rupert last spring.

Dr. H. C. Winch, M.L.A., attended the Smithers Fair last week.

Bill Larmer arrived in town last week after having spent several months on the telegraph trail.

The Sunrise property on Nine-Mile Mountain has been closed down temporarily, all the work laid out for the season having been completed.

**MAKING MOTOR TRIP
HAZELTON-VANCOUVER**

S. D. Johnstone and C. V. Evitt Start
Out Today on Long Drive South

S. D. Johnstone and C. V. Evitt left
on this morning's train for New Hazel-
ton whence they will motor to Van-
couver in the former's car. They expect
to reach Smithers by this evening.

Mr. Johnstone will cross to Van-
couver Island upon which he will drive and
being joined by Mrs. Johnstone, will
make the return trip north by easy
stages with visits to different parts such
as Barkerville and Stuart Lake. He ex-
pects to be back in about three weeks' time.

On the back of Mr. Johnstone's car
is a banner announcing the Prince Rup-
ert Exhibition and Stampede next
week.

P. Lorenzen left on this morning's
train for a brief trip to Smithers, ac-
companying his niece, Miss Anna

Crown Colony Days

Away back in the late sixties thousands of
acres of British Columbia's timber were sold for one
cent per acre, which looked like a fair price—then.
Today similar timber is worth from \$150 to \$200 per
acre, so tremendously has timber appreciated in
value within the scope of an average lifetime.

What the young growth of today will be worth
sixty years from now is beyond computation if it is
protected from fire and allowed to reach maturity.

The moral is obvious.
