Fifty Million Dollars Railway Bonds Sold in Canada and the States

NEW YORK, June 11 .- More than fifty million dollars of the sixty-five million dollar loan awarded to a selling syndicate this week was sold yesterday, it was learned. Sixty per cent of the sale of thirty year four and a half per cent bonds was accounted for in the United States and forty per cent in Canada. Additional large subscriptions were received from institutions and estates.

An interesting feature in connection with the offering, it is hands of Boston. Cincinnati Reds got stated, is the large number of subscriptions for sums under ten into winning stride again and took thousand dollars from individual investors. Subscriptions were continuing to be received at the syndicate headquarters this morning and it is expected the entire issue will be over-subscribed today.

ASSOCIATED BOARD OF TRADE USEFUL

The Associated Board of Trade formed at Smithers yesterday a home run being the only tally in should prove to be a very useful organization, if only in permitting the members to compare notes and to learn to know and understand each other better. It should prove a unifying factor in the country which it serves and will help to counteract the dividing propensities of political organizations.

The new board will be able to take up matters of common interest to the whole northern and central part of the country and to Gyros. The Sons scored in the first unite their forces in trying to secure improvements.

CONSERVATIVE VICTORY IN OKANAGAN

At this distance it is difficult to know what is the meaning of the Okanagan election. K. C. McDonald was elected on more than one occasion and then when he received the appointment as a cabinet minister he was defeated. Again he comes back to his constituents but again he is rejected. Probably he will not ask them again but will retire in favor of some other candidate.

It is to be presumed this victory will be considered a feather throw. Menzie walked and Astori struck in the cap of the new Conservative leader, Hon. S. F. Tolmie, who out. LEARNING ENGLISH LANGUAGE

Sometimes we are rather shocked in Canada when we hear of a small community that cannot speak the English language, the language of the British Empire. Yet it comes to light that in outlying parts of Scotland the language is not spoken to any extent. Transportation is an active factor in breaking down old customs and transportation is what those sections of the Empire need. It is satisfactory to know that in British Columbia there are very few who cannot associate with the rest of the people owing to the language bar.

"Fruit-a-tives" Make and Keep You Well

Thousands and thousands of women have

tried "Fruit-a-tives" during the past quarter of a century. Many of these, like Mrs. Opal Monach, took "Fruit-a-tives" as a last resort after having failed to get relief from any other remedy. And their experience has been invariably the same-137 "Fruit-a-tives" saved them from constipation, biliousness, headaches, indigestion, backache and kindred troubles when they had almost given up hope of ever being

GUM-DIPPED TIRES Help You Save Money

The Firestone process of saturating the cords in rubber solution, insulates every fibre of every cord with rubber, minimizing internal friction and wear.

It gives stamina to the cords and makes possible the strong, flexible sidewalls of Firestone Full-Size Balloons, that give you full cushioning on rough roads—absorbing the bumps and bridging the ruts. The scientifically designed Firestone Balloon tread grips the road-resisting skid and giving traction in slippery places.

Firestone Balloon Gum-Dipped Tires on your car will deliver greater safety and comfort and materially lower your tire costs. The nearest Firestone dealer is equipped to serve you better with these better tires. See him now.

Sockeye Season Opens Next Week With Good Prospects and More Canneries-Yacht Club Regatta Plans Laid-Boatbuilders Still Busy

The opening of the sockeye fishing season at midnight Sunday. June 19, and the corresponding general re-opening of some thirtyeight canneries on the mainland of District No. 2 will be the next big event in local marine circles. While no record run of fish is expected, it is anticipated that fishing during the 1927 season will be more intensive in both gill net and seining areas for all varieties of fish than ever before and that may bring the pack up to compare favorably with former years. It at least gives promise of being a season of unprecedented activity and it should prove profitable both for packers and fishermen.

In addition to the 38 canneries on installation of a 50 h.p. LONDON, June 11 .- It is just fortyfive years ago this spring since a young Scots lad left a farm in Berwickshire to seek his fortune in Canada, now he is visiting his native isle as Hon. Robert Forke, minister of immigration and colonisation in the government of Canada. His father was a tenant-farmer on the estate of Latly John Scott, of Spottiswood, a celebrated character on the Borders, who was the authoress of a number of Scots songs, composed the air and last verse of "Annie Laurie," and remained an inveterate Jacobite until her dying day.

Young Forke, who was born in 1860, got his education at the village school and went to work at an early age on the paternal farm. But farming on Berwickshire uplands soon lost its attractions when he read of the wonderful fertility of the Manitoba prairie. then being opened up for settlement, and when he was twenty-years of age he of skilful and strenuous labor have King reconstituted his cabinet he acjoined the annual hegira of young Scots transformed the raw prairie into a fine cepted an invitation to enter it as minfarmers who were heading for the new farm and brought its owner comfort- ister of immigration and colonisation. agricultural Eldorado. School Girl's Nerves

Lost year's time from school with St. Vitus' Dance. Completely restored by Dr. Chase's Nerve Food.

The anxiety and strain in connection with school life and examinations are too much for many girls who are naturally of a nervous temperament or have become so as a result of anaemia or a run down physical condition.

Nervous conditions are most difficult to overcome and there seems to be no treatment to compare with Dr. Chase's Nerve Food to restore exhausted nerves. Children's health responds quickly to this well known restorative treatment. Mrs. George A. Moot, St. Anns,

Lincoln Co., Ont., writes:-"Our daughter, who was never very strong from birth, at nine years of age became all broken down, suffering from what the two doctors we consulted called "Midnight Walk," which was caused from overtax at school. She seemed to show

symptoms of St. Vitus' Dance and had queer spells, something like fits, at nights. She was out of school for a whole year, as her nerves were so bad. Acting on a friend's advice, we gave her Nerve Food and after a few months' time we began to see a noted change in her, so we kept on with the Nerve Food until she was completely relieved and for the last year she has been absolutely free of the old trouble, sleeps well and is doing fine at school. Now we are never without Dr. Chase's Nerve Food in our house, as we owe our daughter's health to it."

New rich blood, steady nerves, new energy and new vigor come with the use of Dr. Chase's Nerve Food. 60 cts. a box, all dealers or The Dr. A. W. Chase Medicine Co., Limited, Toronto.

The Essex Sedan

The finest, roomiest, most beautiful Essx ever built—the acme of luxury with the perfection of Super-Six performance.

Its new and original type of body consstruction adapts the best practice of airplane fabrication, combining the strength of steel with the lightness of aluminum. It makes possible the roominess of the light car without the penalty of weight or sacrifice of nimbleness and economy.

And with its superb and luxurious body, remember. ESSEX IS A SUPER-SIX. It differs from all other sixes-not by little margins-but bold, vivid advantages that instantly stand out from all comparison.

No car of any price excels its easy rid ng qualities.

Here is economy, engineered not only to savings in fuel and oil, but particularly to freedom from early depreciation, and to lowest maintenance costs.

This Sedan satisfies every requirement of motorists accustomed to big car roominess and comfort, and is a revelation to those who have beretofore measured luxury only by price.
