GOVERNMENT CANDIDATE IS ELECTED

IRISH GENERAL ELECTION ANNOUNCED TODAY AT DUBLIN

Government Candidate Elected Yesterday at New Westminster When Grey Chosen Over Welsh

Premier MacLean takes it as mandate to carry on and commends people on quiet way of conducting campaign

NEW WESTMINSTER, August 26.—Mayor A. W. Gray defeated C. A. Welsh in yesterday's provincial by-election by a majority of 909, the figures being Gray 2,545 and Welsh 1,636.

Welsh was one of the first to congratulate his lifelong friend Gray on his victory.

It was seen early in the evening that Gray would win and his victory for preliminary hearing on a charge of selling opium, the result and said: "I recognize it is a very heavy responsibility to follow in the footsteps of Hon. John Oliver and it is very gratifying that the electors have given me a mandate to carry on so soon after my taking office. The quiet way in which the people of New Westminster went about this contest impressed me very much. It demonstrates, I think, that the people are not interested in political fireworks. They want their public business attended to efficiently and are not to be stopped or stampeded by the Conservative talk about 'time for a change.'"

FIRE SITUATION WELL IN HAND

Only One Smouldering Forest Fire in Whole District States District Forester

Only one forest fire is now burning in the entire Prince Rupert district, states R. E. Allen, district forester, who is back from a trip to the interior on official duties, and that is a smouldering blaze between Doughty and Evelyn stations which is nearly out. The district forester reports the situation in the district to be well in hand.

RAIN DELAYS CUTTING GRAIN

WINNIPEG, Aug. 26.—Heavy rains in southern Manitoba and parts of Saskatchewan held up grain cutting. Reports received today indicate that grain suffered from lodging but damage from hail in the districts where it fell was slight. Further west the weather is favorable and harvesting continues.

YOUNG CHINAMAN DIES IN SLEEP AT PT. EDWARD

Jiang Ming, a 25-year-old Chinaman, died in his sleep during the night between Wednesday evening and Thursday morning at Port Edward where he was an employee of the cannery. An inquiry was made by J. R. Tannock, deputy coroner, and it was found that death was due to natural causes. The remains have been brought to the city and are being prepared by the B.C. Undertakers for shipment tomorrow night by the steamer Prince George to Vancouver where interment will take place.

SIX LOST IN SWEDISH BOAT

STOCKHOLM, Aug. 25.—The sole survivor of the steamer Trygve which left here on August 13 for Leningrad, was brought to Stockholm today in a Finnish vessel. He told of the wreck of the Trygve the day after sailing, with the loss of six lives. The remaining five members of the crew and two passengers escaped in a small boat. Their suffering from exposure was so great that some perished in the craft and others became insane and jumped overboard.

NATIONAL RACE IS VERY CLOSE

First Division Teams Bunched Close Together in Scramble For Pennant

NEW YORK, Aug. 26.—The first division teams of the National League were bunched together tighter than ever although Chicago defied reports of tracking by an 8-0 victory over lowly Philadelphia, gaining half a game over the Pittsburgh Pirates who divided a double header with Boston. St. Louis is three and a half games from first place and New York, five and a half games. Both the latter two teams were idle yesterday.

Charlie Post got his twenty-third victory for Chicago and Lou Gehrig hit his fortieth homer, tying Babe Ruth. Ty Cobb made five hits in five times at bat for the Philadelphia Americans.

Storm Swept Atlantic and Drove Vessels Ashore Nova Scotia Doing Much Damage

Million Dollars Worth of Apples Destroyed, Bridges Washed Out, and Highways Injured—Thirteen People Killed

HALIFAX, August 26.—As a result of terrific storms which swept the Atlantic coast thirteen people are known to have lost their lives off Nova Scotia and Newfoundland. The complete story of wholesale devastation will not be known for some time. Giant waves inundated the Newfoundland coast setting the fishing camps afloat and tearing the boats from their moorings.

Communications and light facilities are being slowly restored to this province today.

The gales swept the whole coast as far south as Cape Cod, Massachusetts. The loss to the Nova Scotia apple crop alone is estimated at more than a million dollars.

Two small steamers, 27 sailing vessels and countless small craft were thrown high and dry on the shore or foundered. Many may be salvaged but the shipping loss will be enormous. As well as losing their boats the fishermen are dealt a severe blow in the destruction of their gear.

Several parts of Nova Scotia escaped damage to gardens and small buildings. At least fifty highway bridges are known to have been washed out and miles of trunk highways are under water, interrupting the tourist traffic while the season was at its height.

HIGHER PRICES AT EXCHANGE TODAY FOR HALIBUT WERE PAID

Only three boats sold fish today on Exchange, the total amount being 58,500 pounds, but the price was better, the American boat getting 13.60c for first class. Sales were:

American
Nitkof, 43,000 pounds, to Cold Storage at 13.60c and 6c.
Canadian
Fanny F., 7,500 pounds to Royal Fish Co. at 12.10c and 7c.
Dolphin, 6,000 pounds, to Atlin Fisheries at 12.10c and 7c.
W. W. Wright has joined the staff of the Rupert Marine Products towboat fleet and is now a member of the crew of the P.R.T.

CANADIANS ARE INDICTED U.S.

Members of Liquor Export Company Must Stand Trial in South

SEATTLE, Aug. 26.—Six members of the Jos. H. Kennedy Co. of B.C. liquor exporters are under indictment here charged with conspiracy to violate the Prohibition Act. This was revealed last night when Federal Judge Neterer ordered the release of the secretary of the concern.

The indictment was returned by the federal grand jury in connection with the seizure of the Canadian Launch Seav. The indictment also accused several Americans.

General Election in Irish Free State Follows Announcement of Victory for President Cosgrave

DUBLIN, August 26.—There is to be another Irish general election. Governor General Healy last night issued a proclamation dissolving the Free State Legislature and ordering an election, the new House to meet on October 11.

The action of the Governor followed the announcement that Gerald Sullivan, Government candidate in the by-election caused by the assassination of Kevin O'Higgins, had been elected, thus giving President Cosgrave a majority over all in the Dail.

Made Large Sum from Handling Opium When Market was Cornered

VANCOUVER, August 26.—With the apprehension of Gim Lee Yuen, a prominent Chinese merchant, who was arraigned yesterday steadily increased as the count of the ballot proceeded. Royal Canadian Mounted Police believe they have unearthed operations of a continent wide narcotic ring.

A. C. Lachenauer, a United States narcotic agent who had been engaged for the purpose of securing evidence, testified that he had secured the confidence of the accused. He sought to obtain opium for his store but Gim said it was too difficult to get it off incoming liners. Many consignments had been lost when dropped overboard.

The Chinese also told the witness that fifteen years ago he, with three Jews, cornered the opium market of Canada and the United States and when they dissolved partnership each had made \$20,000 profit. He assured Lachenauer that he had 500 tons of No. 2 opium on hand.

VANCOUVER, Aug. 26.—Completed surveys of the steamer Prince Rupert show damage of \$50,000. Whether she is to be repaired here or at Prince Rupert will be decided next week.

MAY PURCHASE OLD SEAPLANE HAZELTON

Major D. R. MacLaren and Mechanic Leave Today to Inspect Old Machine up the Line

Major D. R. MacLaren, head of the Pacific Airways, whose H2SL flying boat is engaged in fisheries patrol service, now being moored at Seal Cove, and his observer mechanic, H. Davenport, left this morning for Hazelton where they will make an examination of the old seaplane Hazelton with a view to purchasing it. For several years now the Hazelton has been on the beach of the Skeena River near Hazelton and, though several efforts have been made, no one has been able to make it leave the water. Major MacLaren will make another such effort and expects to return to the city in a day or so.

COLOR OF WATERS

The peculiar color of the water around the Queen Charlotte Islands is exciting the wonder of a great many people. It is thought that it might be the result of volcanic action beneath the sea or possibly of some minute marine life such as the peculiar red coloring that appears around Vancouver Island. Another guess is that it is drift from the Aleutian Islands where there is reported to be a burning island caused by volcanic action. Possibly we shall hear within a few days some more suitable theory.

PACIFIC CLASH POSSIBLE

Sir Arthur Currie is reported to be apprehensive of a clash between the races on the Pacific Ocean. By that he must mean a clash between white and yellow.

We do not share the fears of Sir Arthur, at any rate not for a good many years to come. The difficulty is that Japan is increasing her population rapidly and the white races are tending to diminish the rate of increase. The time will possibly come when Japan is forced to demand land on which to place her overflowing people. That is why it is desirable that Canada shall fill up with a white population. If Canada is not populated and will not populate with whites and Japan must have a place for her people, Canada is the most reasonable country to which to turn. Canada has no means of preventing the Japanese from making demands for she has neither army nor navy. Also there is a tendency on the part of some Canadians to try to gradually attain to a position of independence. With the strength of the British Navy behind us, we are secure against aggression and especially when that force is backed by the power of the United States. Let Canada throw over these ties and she stands alone, unable to defend herself against aggression.

Perhaps it is not fair to suggest that Japan would be an aggressor. However, it must be noted that the Japanese have only recently awakened and developed into a first class nation. She is in somewhat of the position held at one time by Great Britain, forceful, aggressive and virile. Canada is peacefully inclined and the tendency of the education of the day is toward peace. This means that the younger generation will grow up different from the older and passably less able to defend themselves.

What is needed in Canada then in order to make ourselves secure is to fill up the coveted lands with a white population, so that no envious eyes may be cast this way. With that incentive to trouble out of the way, there will be less cause to fear trouble. Also Canada will be better able to defend herself and to prevent aggression by any power for she will have the population.

AGE OF PEACE NOT YET

It is useless to think that we have come into an age of peace. The Union of Soviet Republics in Russia does not preach peace. It is much more inclined to prepare for war. But the envoys of the Russian republics are inclined to try to lull the nations to sleep so that when the day comes they may be in a better position to overrun the world. There is probably more to fear from Russia than from either of the yellow races. In any event what Canada needs is a white population. Given a thriving and wealthy nation you have a white force for good or for evil and the influence of Canada it is to be hoped will be always for good.

MILITARISM OBJECTIONABLE

Militarism is always objectionable. Nobody likes war. Nobody likes the military methods which teach people how to kill each other and glorify killing as one of the noble professions.

Yet we have not reached the millennium, and indeed are very far from it. We have not reached an age when moral power is greater than physical force. It was a huge effort to check the aggression of Germany and further efforts may be necessary to check the aggression of other great nations. It is part of the work of a democracy to prepare for defence. In France every man has to be ready to take part in the defence of the state. The same is true of other countries and in Canada if an invader were to come it would be the duty of every man to turn out and take part in her defence. Very few people but would defend their homes against a marauder and what is true of the home is true of the nation. Defence is necessary as long as people of the world still are ready to use military power to enforce their demands.

LABOR LEADERS MAKE REPORT

Tell of Work of Year of Officials of Canadian Congress Headed by Tom Moore

EDMONTON, Aug. 26.—In giving an account of its stewardship for the year since the last Labor congress met in Montreal, the executive council, which is composed of President Tom Moore, Vice-presidents J. T. Foster, James Simpson, R. J. Tallon and Secretary-Treasurer P. M. Draper, went on to say:

The past year has been one of marked progress. The spirit of unity so noticeable among the delegates attending the Montreal convention has permeated the whole of our membership during the entire year, manifesting itself in that close co-operation of effort so essential to success in any movement. The splendid assistance rendered your executive in their legislative efforts by affiliated organizations is reflected in the securing of the enactment of several measures long sought by organized labor.

ORGANIZING CAMPAIGNS

Organizing work has been carried steadily forward during the year, most affiliated international unions maintaining Canadian representative, constantly in the field, whose efforts have been supplemented by the special organizing campaigns carried on in many centres by the trades and labor councils and local unions. These activities have made possible the securing of numerous upward revisions of wages and betterments in working conditions, especially for those workers employed in the better organized trades and callings, and also brought about a more general recognition by employers of the policy of collective bargaining.

Though industrial activities have continued to expand, providing employment for larger number of workers than for the past several years, there has been a constant surplus of available labor, attributable largely to the unwarranted influx of immigrants to the industrial centres throughout the dominion, and the fact that these beneficial changes have been obtained notwithstanding this continued prevalence of unemployment is a notable tribute to the effectiveness of proper trade union organizations.

SOLIDARITY IS UNIMPAIRED

By the formation, during the early part of this year, of the "All Canadian Congress of Labor," a number of those organizations which have sought to disrupt and divide our movement, during the past several years, have now combined their efforts with the same objects in view. Your executive has countered their activities by making known at every opportunity their true purposes, exposing the fallacy of their arguments and the futility of their policies. It is pleasing, therefore, to report that, warned by past experiences, our membership has refused to give any aid or support to this new rival organization, and that the vitality and solidarity of our movement remains unimpaired. The matters dealt with by your executive have been no less numerous or varied than in other years. Consideration of these, along with the resolutions submitted by affiliated local unions, trade councils, and others, should lead to a common understanding and agreement on future policies, a renewal of confidence in the principles of the organizations to which we belong and a strong determination to assist in every possible way the building up and the strengthening of the Trades and Labor Congress.

LEGISLATION REQUESTED

Going into details, the executive council's report reviewed the legislative program of 1927 which it had pressed upon the dominion government for enactment, which desired legislation included, for instance, among many other things, the eight hour day amendments to the British North America Act, Unemployment and Unemployment Insurance, Old Age Pensions, Senate Reform, peaceful picketing, control of oriental labor, restrictions of immigration.

Continuing, the report states that, although the American Federation of Labor has not found it possible to add to its full time organizing staff in Canada during the past year, yet considerable assistance has been rendered by its officers, who have co-operated closely with your executive in directing the attention of the international unions having membership in Canada to opportunities which have occurred from time to time to build up their membership in this country. Through these efforts still another international union has been added to the 57 international unions who affiliate their entire Canadian membership to the Congress, and pay per capita tax on the same direct from their headquarters. In view of the constant attempts being made to disrupt and discredit international trades unionism in Canada, your executive has continued its efforts to obtain direct affiliation from headquarters of a number of other organizations having membership in Canada.

COMPENSATION LAWS

Another section of the executive's report deals with the important subject of Workmen's Compensation laws. At the last convention it was decided that a special committee should review the entire situation regarding the Ontario Workmen's Compensation act, and bring in such amendments to the same as seemed to it advisable. The report of this committee, states the executive, has been printed and is to be submitted to the congress.

In concluding its report, the executive says: "Our efforts have been devoted at all times to protect the in-

terests of those who constitute our membership, at the same time paying due regard to the interests of the community as a whole. Though this task has not always been a light one it has been made easier and more pleasant by the harmony existing throughout our movement, in the past year, and the splendid and generous co-operation given at all times by those who constitute the same. The result of this unity of effort is reflected in the increase in membership and the legislative results obtained during the year.

Westholme tonight. "Mons" the picture all the world wants to see. 200

Wanted—Pupils in music (piano). Experienced teacher. Reasonable. Phone Red 617.

J. M. Hear, who is interested in interior mining operations, sailed yesterday afternoon on the Prince Charles for Seattle.

Games in the Regimental tennis tournament, scheduled for last night, have been postponed until there is an improvement in the weather.

Until repairs at the Provincial Government wharf have been completed, C.P.R. steamers will make landing at No. 3 shed on G.T.P. wharf.

Football tonight between H.M.S. Colombo and Prince Rupert. Kick-off at 6:30. Admission 25c. Proceeds for Acropolis Hill Improvement League. Boys' Band in attendance.

Mr. and Mrs. M. B. Pointer and family of Ketchikan, who have been visiting in Terrace, arrived in the city on last night's train and will proceed home on the Prince George this afternoon.

On account of the unfavorable weather, the football game to have been played last night between young seamen of H.M.S. Colombo and a Prince Rupert Intermediate League team was called off.

Coming! Coming! Wait! Be sure and wait for Mrs. Frizzell's Big Sale to start in a few days. Shipments of new fall goods are arriving daily. Dresses, coats, hats etc., at prices that will pay you to wait.

Sergeant W. J. Service, chief of the Smithers detachment of the provincial police, arrived on the Prince George this morning from Vancouver, whence he went on 'escort duty, and proceeded by train to the interior.

Miss Clare M. Tervo, who teaches school in the interior, arrived on the Princess Charlotte this morning from Victoria, where she has been spending the holidays, and will be a visitor in the city for a day or so.

Miss Agnes Mathers of Sandspit who is in the city today, has taken the school at Four Mile, Kitpox, and she will be leaving for that place next week. She is accompanied by her sister Mary who will stay with her.

Rider Anderson, charged with vagrancy, was dismissed with a warning by Magistrate McClymont in city police court this morning. It was Anderson who collapsed with a fit on the corner of Third Avenue and Seventh Street last week.

S. Icho of the Japanese government department of forestry and agriculture, after spending a few days in the city, sailed yesterday afternoon on the Prince Charles for Vancouver whence he will embark on his return to headquarters in Tokyo.

Engineer Alex Forbes of the steamer Prince George, which arrived in port this morning from the south, is receiving congratulations on the arrival of a son and heir. He was advised of the event while coming up the coast on this trip. Mother and baby are both doing well.

Sir Godfrey Dalrymple White, M.P., of London, England, who arrived in the city yesterday afternoon from the East in the course of a tour of Canada on which he is being accompanied by Lady White, his son and daughter and their maid, Miss Fanconnet, sailed this morning on the Princess Charlotte for Alaska.

C.N.R. steamer Prince George, Capt. Harry Neddin, arrived in port at 9:30 this morning from Vancouver, Powell River and Ocean Falls and will sail at 4 o'clock this afternoon for Anyox, Stewart and Ketchikan. The vessel is due back to sail for the south at midnight tomorrow night with a bumper crowd of passengers.

Miss Ruth Stewart, B.A., who formerly taught in Prince Rupert city schools and who for the past year has been on the staff of the Kimberley High School in the Crow's Nest Pass country, arrived on the Prince George this morning from the south and will leave tomorrow for Pioneer Farm, North Bulkley, where she will spend a brief holiday.

A. F. Priestly, Anyox merchant, and Mrs. Priestly and family were passengers on the Cardena this morning returning to their home up the Naas River after a holiday trip to Vancouver which, as it turned out, proved very profitable for them. Mr. Priestly bought a raffle ticket in connection with the Vancouver Exhibition and won a Pontiac Six automobile which he sold to good advantage before departing from the southern metropolis.

A harvest of happiness

There's a whole harvest of pipe-happiness to be reaped from Old Chum!

Experienced smokers know that the famous Old Chum quality never varies and many have smoked it daily for over forty years. It is Canada's most popular tobacco.

Valuable presents are offered in exchange for the "Poker Hands" in every package and tin.

The large 25c. package contains two "Poker Hands"

"The TOBACCO of QUALITY"

This afternoon's train, due from the East at 3:30, is reported to be on time.

Capt. B. C. Marsh, formerly harbor master at this port, arrived in the city from Vancouver on the Cardena this morning.

Dr. Oliver Darwin, superintendent of United Church missions in British Columbia, arrived from Vancouver yesterday afternoon to attend the presbytery which was being held here. He came by train owing to the fact that no steamer would get him here on time for the meeting.

Neglected Eyes

NEGLECT is doubtless the cause of most of the ills that afflict humanity. This is so self evident that it seems hardly necessary to tell you. If your eyes are giving trouble, have them attended to—and at once.

OF ALL absurdities in the kingdom of foolishness, surely the loss of eyesight through neglect is the most inexcusable.

DON'T lose health and efficiency through neglect. Come and see!

PRESBYTERY IS NOW CONCLUDED

Delegates Disperse Following Completion of United Church Business

The Prince Rupert Presbytery of the United Church continued its session yesterday afternoon, special consideration being given to the work carried on in the interior northern pastorates and also to the work of the marine mission. Most encouraging reports were received from these fields. Never was there such optimism in the north. Never has the outlook been more encouraging for years than is the present situation.

Dr. Darwin, superintendent of missions, arrived in the city by the afternoon train to attend the sessions of the Presbytery. It was his original intention to visit Terrace on this occasion but the steamship irregularities have necessitated his immediate return south by way of Vancouver. He will leave tomorrow.

Leaving for interior points this morning were Rev. J. H. Young, of Hazelton, Rev. William Allan of Terrace, Mr. and Mrs. Burnett of Kispiox. Others taking the first boat are Rev. C. D. Clark of Anyox, and delegates for the Queen Charlotte Islands.

PRETTY WEDDING AT AMBROSE AVE. HOME EARLY THIS MORNING

Miss Margaret Hossack Becomes Bride of George Murray, Rev. J. R. Frizell Officiating

A very pretty wedding took place this morning at 9.30 at the home of Mr. and Mrs. James Watt, Ambrose Avenue, Rev. J. R. Frizell officiating, when Miss Margaret Hossack of this city and formerly of Cromarty, Scotland, became the bride of George Murray of the Premier Mine power house staff and formerly of Aberdeen, Scotland.

The Watt home was beautifully decorated and especially the living room in which the ceremony took place. Entering on the arm of Mr. Watt, who gave her away, the bride looked very pretty in a gown of white silk with a lace overdress. She wore the conventional wedding of orange blossoms and carried a beautiful bouquet of sweet peas. Two little flower girls, Sally Finlayson and Jean Watt looked very sweet, also carrying baskets of sweet peas. Robert Arthur Jr. was groomsmen and Mrs. Watt acted as bridesmaid.

The bride was the recipient of many beautiful presents, among them being a cake basket recently presented to her by the St. Andrew's Society and the effects of a miscellaneous shower by the ladies of the Orange Lodge.

Mr. and Mrs. Murray left later in the morning on the train for Terrace where the honeymoon will be spent, after which they will go to Premier to live.

"MONS" LAST NIGHT WAS BIG PICTURE

Scenes Beggar Description and Should be Seen by Everyone in the City

The eagerly awaited presentation of the magnificent British war spectacle, "Mons," conceded to be the greatest of all war films of the Great War, opened last night at the Westholme.

"Mons" is a mighty document of the "Old Contemptibles," a true story of the great British retreat that spelled victory, produced with the sanction of His Majesty's Army Council. No good, in this small written impression, to try and tell of any particular incident. But they are there. They are there from the superb work of solitary sappers, who blow up bridges and railway track in the very teeth of the foe, to the glorious and victorious battle of "Battery L," of the R.H.A.—that "one lone gun in the dawn."

You see that unparalleled example of the power of martial music over utterly exhausted men—the sergeant rousing his flagging handful of stragglers with a tin whistle and a toy drum—"dead men" brought to life by a jaunty air and heartened back to fight.

You see the stern struggle of English regiments of regulars, soldiers to the heart's core every man of them, holding the stricken lines to the last. You see the superb and inspiring charge of

Highland regiment of kilted warriors rushing in to wounds and death as eagerly as ever bridegroom hastened towards his bride. "Mons" beggars description, and is beyond doubt a truly wonderful British war picture.

AN OPTION GIVEN ON INDIAN MINES STOCK

New York Concern Proposes to Install Plant to Test Treatment of Ores

Indian Mines has given an option on their treasury stock and made a tentative deal with a New York concern for testing a new method of reduction. The following circular has been sent out to shareholders by the directors:

"The owners of a special process for the treatment of zinc-lead ores containing in the Indian Mines, have decided, after preliminary test of the ore in the laboratories in New York, that they can treat it economically.

"As a result they have offered to establish at the mine, at their own expense, a small plant and demonstrate to our satisfaction that they can treat this ore on a commercial basis.

"If they can establish their ability to do this, they are prepared to erect, at their own expense, a plant capable of treating about 100 tons per day, provided, however, that the company simultaneously install a crusher plant.

"In consideration of this arrangement, your directors have agreed to give these parties an option on the remainder of the unsold treasury shares at graded prices extending over a period of months.

the lowest price being considerably above the present market price, and with raised prices for each block.

"All expenses in connection with the re-examination of the mine, revaluation and treatment of the ores for testing purposes, will be borne by the owners of the extraction process."

NEW SCHEDULE OF STEAMERS

Change Made Necessary by Withdrawal of Prince Rupert Following Accident

Owing to the accident to the S.S. Prince Rupert which has necessitated her withdrawal from the service for several weeks, a new schedule has been put into effect.

The Prince Rupert which arrived this morning leaves at 4 for Anyox, Stewart, and Ketchikan, returning in time to leave again for the south at mid-day tomorrow.

She is due to arrive here again at 10.30 next Wednesday and proceeds north to Skagway and way ports returning in time to sail south again at noon next Saturday, then taking up the fall schedule, eliminating the Skagway run, but giving a once a week service to Ketchikan.

The Prince Charles is due to arrive here at 10.30 Monday, returning the same afternoon and then arrives here on Fridays, giving a service also to Anyox and Stewart, transferring her southbound passengers to the Prince George and remaining over to take passengers south on arrival of the train the following Monday. After that she takes up the fall schedule arriving Saturdays and leaving for south at 11 p.m. Sundays.

Big Marathon at Toronto Attracts all Important Marathon Stars

WATER VERY COLD
Biggest Event of Modern Times Expected to be Staged Next Wednesday

TORONTO, Aug. 26. — (Canadian Press)—When the \$50,000 swimming marathon, scheduled for August 31, was first proposed, it was estimated that accommodations for at least 100 swimmers would have to be found locally. A later estimate of 200 was regarded as a flight of fancy, since the Catalina swim in January brought out what was, up to that time, the greatest collection of stars that had ever competed—and total starters in that event were 103. However, when entries closed for the local marathon on August 15, 371 swimmers had signified their intention of competing, while many had probably mailed their entries in time to have them accepted.

The Toronto marathon will certainly establish many records. Never in the history of long distance swimming have there been so many entries; so many "stars"; so many "dark horses," champions and near-champions. And certainly there has never before been offered such cash prizes. The winner of the swim, if masculine, will collect \$30,000, while if a woman should do the unexpected and defeat all swimmers of both sexes she will have \$35,000 to spend on "pin money."

GEORGE YOUNG
Many of the swimmers are training around Toronto. George Young, whose great achievement in the Catalina Channel swim, when he finished alone of 103 swimmers, has made him internationally famous, had been training near Picton, Ont. Recently, however, he moved his training quarters to Oakville, where, it is said, the water is colder. He is favored to win the marathon, but a glance at the entry list shows that all will not be easy for the local lad. His chances are more than 300 to one, but these odds will without doubt decrease as the race progresses and the mediocre swimmers drop out.

That many will drop out is a foregone conclusion. Lake Ontario at no time is very warm, and even now the water is getting cold. Many of the better-known swimmers freely predict that the end of the first seven miles

of the 21 mile course the field will be narrowed down considerably, while not more than 15 will finish.

TEETH CHATTERING
Edward Keating, winner of the Lake George Marathon, on his arrival here from New York, immediately went into the water. "That's colder than Lake George," he said, as he came out with his teeth chattering. Harry Erickson, who stayed in the water of that lake for more than 24 hours, and who is training with Keating, laughed as he too emerged from Lake Ontario's chilly water. "Oh Boy! that's cold stuff! You can tell the world for me that there'll be no 15 finish in this swim even if there are 300 to start. It will freeze them out if it is as cold as this."

However, the direction of the wind usually has considerable bearing on the temperature of the water around Toronto. An on-shore wind from the south blowing the warm water in, will make it comfortable; an off-shore wind from the north will make it very cold.

ORCHESTRAS GO ALONG
The arrangements made by various swimmers, trainers and managers have aroused considerable interest. In several cases, the more temperamental "fish" will have orchestras accompany them, while some will rely on the much-abused ukelele to wile away the hours. Every swimmer will be accompanied by a boat containing his handlers and an official.

The race will start at nine o'clock in the morning, but the finish will be problematical. It may be over at nine o'clock on the same night; it may be considerably later before the first swimmer completes the course. Everything hinges on the weather. Should the swimmers have to buck heads to winds on one "leg" of the course, as it seems almost certain they will, the time will be lowered considerably. It seems too good to expect absolutely calm waters and clear skies.

The original starting point was inside the breakwater which runs along

Toronto's waterfront. The breakwater was only 300 feet from the shoreline, and a string of barges were to be used from which to start the swimmers. However, since the distance to the concrete wall is so short the entries so many officials of the event have decided to start the "flying fish" from outside the breakwall. Rules will be laid down governing fouling and other contingencies, and these are at present under consideration.

JOCKEYING FOR POSITION
No doubt there will be much jockeying for various positions in the race, and to get away from this the positions will be drawn for by the authorities. Those drawing a position on the outside will have a decided early advantage in the race if they can get to the first turn ahead of the others, and it is anticipated that there will be a decided spurt at the start. The spurt will not last long, however, since the distance of 21 miles will require a slow, steady stroke. The fact that the course is laid out, and that there is no tide will probably lead to speed records. The English Channel, Catalina and been the Lake George marathons, have not been laid out in regular courses, and it is a decided innovation in long distance swimming. It will also lead to the inevitable individual brushes between swimmers who have the perfectly natural human trait or dislike of being passed by others.

As to "feature entries" in addition now to George Coombs, of Sudbury, Ont., who is legless; Michael Ham-bourg, Toronto, who is blind, and Arthur Compton, of California, 14 years old, are the entries of Bert Rovere of Los Angeles, a former grand opera singer, who even now entertains visitors to his training camp, and William Cornwell, Toronto street car conductor, who has 14 children, is six feet tall and weight 245 pounds. At present, William is the "largest" entrant in the swim.

SPORT CHAT

Here is hoping that the rain clouds will blow over this evening and favor the return football match of H.M.S. Colombo and Prince Rupert. The first match Wednesday night was a great game, one of the finest that has been seen here this season, all the two hundred and fifty fans who attended will agree. There is general anticipation for this second match between the visiting sailor lads and the locals. The teams prove themselves so closely matched in the first match that it may only need the breaks of luck to decide the winner in this.

At least 400 swimmers, among them the world's greatest, will slowly move forward at 9 o'clock next Wednesday morning to plunge into the waters of Lake Ontario at Toronto in the greatest competitive swim the world has ever known. About midnight, or perhaps sooner, the weather being favorable, the winner should emerge from the water after covering 21 miles to be crowned monarch of all, the golden bait of \$30,000 safely in his grasp; if the winner be a woman, of \$50,000. The remainder of a total prize of \$50,000 will be divided up among any of the other contestants who may finish.

CAPT. LECKIE CLUB GUEST

Address Given to Rotarians at Their Luncheon Yesterday

There was a good attendance at the Rotary Club luncheon yesterday which was addressed by Commander Lecky, other naval men present being Lieut. Commander Weeks, Dr. Cousins, surgeon, and Lieut.-Commander Ponder of the local naval reserve.

Captain Lecky explained that the Colombo was one unit of a very small squadron making its base at the Bermudas and they aimed to visit the coast with one of their vessels once a year. The idea was to show the flag here and let the people know what they looked like in time of peace. The presence of the British Navy tended to foster the Empire spirit.

The visit here this trip, Capt. Lecky explained, was shortened by the stop-off in Seattle.

The Captain told of the various badges of the ships, that of the Colombo being the elephant. The crests and mottoes were allotted to the ships by the curator of the British Museum who was an

SMOKER FOR WARSHIP MEN

Happy Entertainment Took Place Last Night Under Auspices of Canadian Legion

From Commander A. M. Lecky, D.S.O., down to the newest rookie aboard, members of the ship's company of H.M.S. Colombo turned out in force last night for the smoking concert given in their honor by the local branch of the Canadian Legion, British Empire Service League.

There was a splendid program of musical numbers to which men from the ship contributed generously, these including Chief Supply Officer Foster and Mechanician Foster. Local artists included Frank Davies, Meth Davies, Andy Murray and Jock Campbell, the last mentioned of whom played delightful violin solos. Musical selections were furnished throughout the evening by Jackie Bond's four piece orchestra.

The program was opened by the president, S. A. Bird, who introduced Mayor S. M. Newton who made a few appropriate remarks. Then Commander Lecky spoke and United States Consul E.A. Wakefield delivered an address which was one of the features of the evening.

Refreshments were served with a lavish hand and the gathering broke up about midnight. The entertainment committee of the legion, consisting of M. M. Lamb and William Brass, was in charge of arrangements and was assisted by the executive, Norman Short, presided at the door.

ALASKAN CANNERY MAKES GOOD PACK

KETCHIKAN, Aug. 26.—A pack of 55,000 cases of salmon was made by the Pacific American Fisheries plant at Ek-curson Inlet, according to Superintendent A. N. Herrold. The run of pinks and the packs of the variety by the canneries in that district prove that it is being restored to the standard of former years, in Mr. Herrold's opinion.
The pink pack of the season which has just ended was almost as large as that of 1926, he pointed out. It was about twice as big as the 1925 pack and the latter season was the cycle year for the current season. There is no question that the pink run is being built up by the restrictive measure adopted by the U.S. bureau of fisheries, Mr. Herrold said. The shortage of the 1927 pack from that of 1926 was mainly in chums and reds.
