NAVAL INCREASE IN U.S. IS URGED

SALMON FISHERMEN ASKED PASS ON CANNERS' PROPOSAL

United States Shipping Board Charges Discrimination Against United States by British Dominions

Sixty per cent. of freight movement through Vancouver is bound to or from American points; traffic diverted

WASHINGTON, December 6.—In the annual report of the shipping board, the charge of discrimination against American railroads, ports and shipping by Australian and Canadian governments made by the restriction of the British preferential rate to goods imported through sea or river ports of Canada was apparently successful in its purpose of diverting traffic from American ports to Canadian and from American vessels to those of British registry.

The report revealed that sixty per cent of the total movement through Vancouver consisted of either imports consigned to United States or exports moving from United States to foreign ports.

AVIATOR FOUND NEWFOUNDLAND

Body of Count de Lesseps Identified by Papers and Medals

ST. JOHN'S, Nfld., Dec. 6.—Papers and medals found on the body of an aviator found on the shore of Clam-bank Cove, Port au Port, peninsula west Newfoundland, have identified the dead man as Count de Lesseps, missing with his mechanic since he set out from Gaspé, Quebec, October 10.

The count was a son of a prominent French family, his father having been engineer in charge of construction of the Suez Canal. The count was a pioneer in aviation in Canada. He married Miss Grace Mackenzie, daughter of Sir William Mackenzie, now residing with her family in Toronto.

FIRES ARE OUT IN CALIFORNIA

Total Damage Amounts to About a Million and a Half Dollars

LOS ANGELES, Dec. 6.—With four or five major fires extinguished which over the week-end swept brush and forest lands of Southern California and a fifth controlled, the estimated losses of property and watersheds amount to total damage of more than a million and a half dollars. By far the greater part of the loss was in watersheds.

The chief property loss was in Sunset canyon northwest of Los Angeles where almost a hundred homes and the old Sunset Country Clubhouse valued at a total of half a million dollars were burned.

MORTAL TOLL OF BLIZZARD

Man Frozen to Death and Boy is Missing Near Lethbridge Following Storm on Monday

LETHBRIDGE, Dec. 6.—Johnny Huettel, aged seven, of Coalhurst, a mining town near here, who was lost in Monday's blizzard while on his way to school, has not yet been found despite the efforts of search parties.

William Cameron of the Reidhill district, a farm hand, perished when he was overtaken by the storm while on his way to a coal mine. The frozen body was found.

GOVERNMENT IS SUING GOODERHAM AND WORTS

TORONTO, Dec. 6.—Gooderham and Worts are defendants today in an action brought by the Dominion for \$419,000 claimed by the department of inland revenue as sales tax due on liquor export.

The report further charged that the Australian regulation requiring the cost of railway transportation from the Orient to the point of origin to the port of export to be added to the value of the goods imported in determining the amount subject to Australian duty, diverted traffic through Vancouver.

WATCHING MOVES OF TWO BIG RAILWAYS IN ALBERTA FIELD

EDMONTON, Dec. 6.—Much interest is being taken here in the bids which the Canadian Pacific and Canadian National railways are expected to make for the E.D. and B.C. and other Alberta railways, following the recent visit of Premier Brownlee to Montreal.

It is suggested here that if one of the big companies should buy the Alberta lines, it would head off the moves of the two Vancouver promoters. Should the C.N.R. get the lines, it will result in the eventual construction of a western outlet which would take the grain to Prince Rupert. If the C.P.R. gets the system, the continuation westward may eventually reach Portland Canal.

HALIBUT REPORT WILL NOT BE MADE PUBLIC EXCEPT BY GOVERNMENT

VICTORIA, Dec. 6.—The halibut commission's report will be submitted direct to Ottawa and Washington and the contents will not be revealed until the governments make a statement that is the announcement made by chairman Babcock.

POSTMASTER GETS SIX MONTHS' LEAVE AND IS THEN SUPERANNUATED

VANCOUVER, Dec. 6.—After 52 years of service Francis E. Harrison, Vancouver postmaster since 1920, has been superannuated, effective June 30 next. In the meantime he takes six months' leave of absence.

MRS. MURRAY PASSES AWAY

Death Came This Morning as Happy Release to Many Months of Suffering

Death, which occurred early this morning in the Prince Rupert General Hospital, came as a happy release after many months of suffering which was born with much fortitude for Mrs. Catherine Jean Murray, wife of John Murray, 700 Fifth Avenue West. The late Mrs. Murray succumbed to a malady from which it had been realized for several months she had no chance of recovery.

The late Mrs. Murray, who was born fifty-eight years ago in New Glasgow, Nova Scotia, had resided in Prince Rupert for eight years. She had many friends who will sincerely regret her demise and express their sympathy with the widower and member of deceased's family.

The late Mrs. Murray is survived by one sister, Miss Georgina Douglas of New Glasgow, who has been in the city for several months, and two brothers—William Douglas of Sault Ste. Marie, who visited Prince Rupert during the past summer, and Howard Douglas of New Glasgow.

Funeral arrangements, which are in the hands of the B.C. Undertakers, will be announced later.

BLIZZARD IN ALBERTA WAS WORST KNOWN

Man Lost His Life From Snow Plough; Street Cars Stalled and Trains Stalled

CALGARY, Dec. 6.—H. Skabor, section foreman on the C.P.R., was the victim of a blizzard which swept this district and the whole of southern Alberta yesterday. He was struck by a snow plough north of here and died soon after.

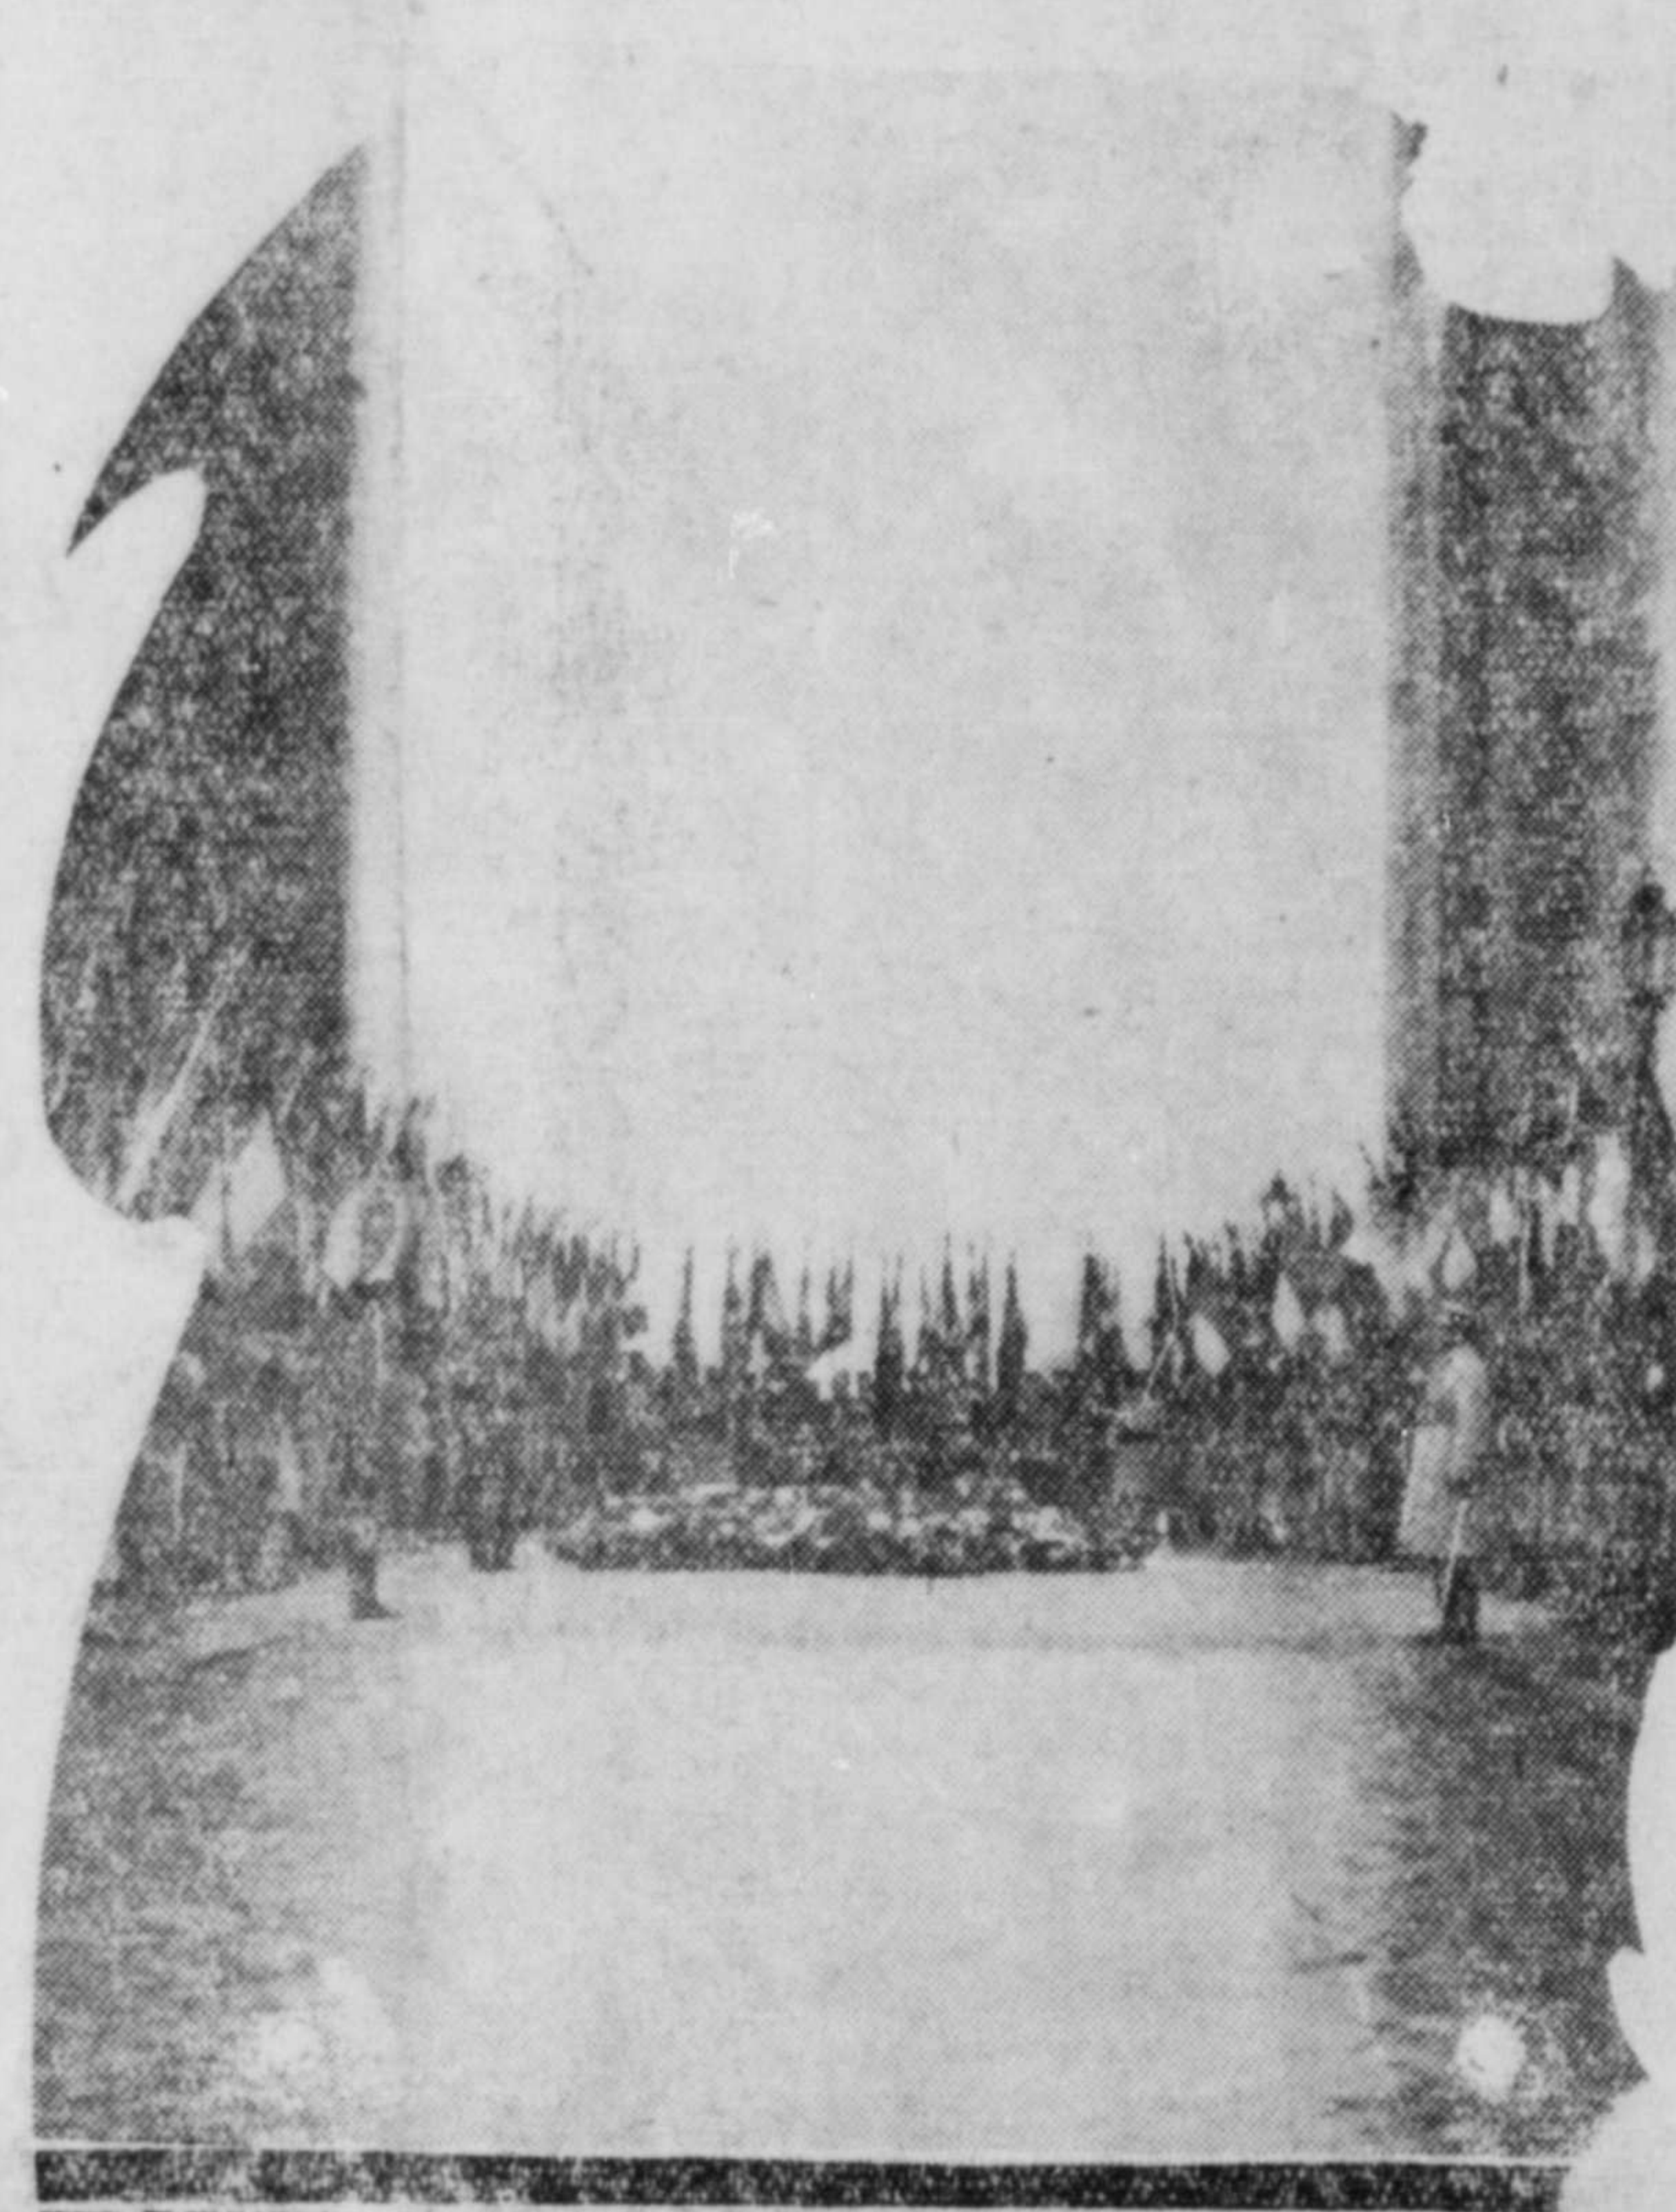

The blizzard was the worst one in the history of the province. Street cars ceased to run and trains were stalled. It blew itself out by nightfall.

FRAUD CHARGE IN VANCOUVER

VANCOUVER, Dec. 6.—Continuing the drive against alleged bucket shops, the police last night arrested James Wilson and Edward Wallis, city brokers, on charges of conspiracy. On the warrants issued the men were charged with unlawfully conspiring to defraud the public by fraudulent means.

INQUEST COMMENCED TO PROBE DEATH OF RAILWAY BAGGAGEMAN

The body of A. W. Priestly, C.N.R. baggageman, who lost his life in an accident near Terrace on Sunday, was forwarded last night from Hazelton, where he succumbed to the injuries, to Edmonton where burial will take place. Parents of deceased live in Edmonton and his widow and young son have proceeded there from Vancouver. The body was viewed yesterday by a coroner's jury under Coroner S. H. Hoskins of Smithers, the inquest then being adjourned until December 15 when the witnesses will be on hand.

ARMISTICE DAY IN PARIS: The impressive scene under the Arc de Triomphe at the grave of the unknown soldier when the colors of 250 disbanded regiments were dipped in salute

President Coolidge Urges Increase of Navy but Also Asks for Strict Economy

WASHINGTON, December 6.—Calling upon the people to continue "stern self-denial" in the matter of national expenditures, President Coolidge addressed Congress today with moderate programs of expenditure for defences and development of natural resources.

In connection with the navy, the president declared it should be expanded by the addition of cruisers, submarines, air-plane carriers and advocated the stoppage of further construction of merchant marine vessels and turning over of the fleet to provide capital and its development as a second line of defence in co-operation with the navy.

The president called for strict enforcement of the prohibition enactment and reiterated his belief in the high protective tariff, declaring that any reduction would work hardship on industry and agriculture alike.

WHEAT POOL PLANS BUILD NEW ELEVATORS

TORONTO, Dec. 6.—The Western Canada grain pool contemplates spending \$5,000,000 during the coming year in extension of their facilities in country elevators and terminals in western Canada, according to George H. McIvor, general sales manager of the pool. The program includes from one hundred to one hundred and fifty new elevators in Alberta, one hundred and fifty in Saskatchewan and fifty in Manitoba.

Slipping on the icy street at the corner of Third Avenue and Sixth Street last evening, Mrs. John McRae, 344 Fourth Avenue East, had the misfortune to break her right wrist.

Provision Made for Manitoba to Enter the Brewing, Distilling of Beer Retailing Business

WINNIPEG, December 6.—With the first reading last night of the bill providing for sweeping changes in the liquor laws of the province, a possibility is seen by members of the Legislature that the government may eventually enter the brewing and distillery business and even might go so far as to operate its own beer parlors. Provision is made in the bill for such governmental activities in the event of circumstances developing that would make such action with either expedient or desirable.

Fishermen to be Asked to Pass Upon Proposals by the Salmon Cannermen

Regulation Will be Adopted Unless Opposition to Them Develops Among Those Engaged in Industry

VANCOUVER, December 6.—Responding to a request from a delegation of B.C. cannermen for a royal commission into the salmon fisheries depletion, W. A. Found, director general of fisheries, received instructions from Ottawa to hold a series of meetings at which fishermen and others may give their views on the three main suggestions made by the cannermen.

Nine meetings will be held, the first at Prince Rupert on December 12, at 7.30, and at Alert Bay, December 14, at 2 p.m. The specific suggestions of the cannermen are:

That the B.C. coast be divided into fishing areas of such proportion as to support the canneries in those areas.

That the maximum amount of gear to be fished in each area before any weekly or annual closed season be added, be stated in the regulations.

The salmon, except the catches of trollers, fish for export or fresh fish for the markets or cold storage, be processed in the area in which it is caught.

At the close of the meetings Mr. Found will submit a report to Ottawa and if all the suggestions are approved, he said it was likely they would come into effect without further investigation by a royal commission.

STRONG ACTION AGAINST DRUGS

Drastic Recommendations Submitted by Senator Dandurand of Canada Adopted by League of Nations

GENEVA, Dec. 6.—Strong action against the narcotic evil is called for in a report submitted to the council of the League of Nations today by Senator Dandurand, Canadian representative. The report was unanimously adopted.

Repeating charges of the League's opium commission that illicit drug traffic was continuing on an enormous scale and was backed by huge financial resources, Senator Dandurand urged the nations to hasten ratification of the Geneva opium convention.

CATALA RESTS ON EVEN KEEL

Wreck of Union Vessel to be Taken to Vancouver as Soon as Temporary Patches are put on

Latest reports from the wreck of the Catala are to the effect that the vessel, which was successfully floated from Mist Island yesterday morning, is now beached on a perfectly even keel in Pearl Harbor where the work of putting on temporary patches is being rushed. In a few days it is expected that the vessel will be ready to be refloated on one of the high tides. Instead of bringing the Catala to the Prince Rupert dry dock, it is now understood that the Salvage King will take her direct to Vancouver, the headquarters of the company.

CONSTITUTION IS PICKED UP

Fishing Schooner Drifted About Helplessly for Eight Hours With Shaft Broken

SAN FRANCISCO, Dec. 6.—After drifting helplessly for eight hours with a broken propeller shaft and jammed rudder, the Alaska fishing schooner Constitution reached San Francisco last night in tow of the lumber steamer Point Loma.

ROAD COMMITTEE TO MEET THE MINISTER

At a meeting of the Road Committee representing various public bodies and fraternal organizations in the city, it was decided to arrange to meet Hon. T. D. Pattullo this week and discuss the question of extensions toward Terrace and also possibly of the building from Terrace toward Prince Rupert. Alderman Jos. Greer presided.

DAY AFTER CHRISTMAS AND NEW YEAR HOLIDAYS

VICTORIA, Dec. 6.—Monday, December 26 and January 2 have been declared public holidays by the provincial government.

Frank Phiscator, who reached the city on Sunday from Terrace, will sail tonight on the Camosun for Seattle.

OIL ON QUEEN CHARLOTTE'S

Seepages of crude oil on Queen Charlotte Islands have been reported time and again and the latest was only a few days ago when it was stated in a Skidegate despatch that crude oil had drifted in on the tide to Skidegate Inlet. Numerous efforts have been made to prospect for oil on the Queen Charlottes but none have ever bored very deep. Whether oil will ever be found in paying quantities, no one can say, but there is certainly a chance that it may.

The Queen Charlottes are full of possibilities. It is to some extent an undiscovered land.

NO BASIS FOR AGREEMENT

Sir Austen Chamberlain reported after an interview with the Russian delegate to Geneva that he could find no basis of agreement with a view to better relations between the two countries.

Britain was one of the first countries to enter into a trade agreement with Russia. Yet she has always been looked on with more or less enmity because she has been the great stumbling block in the way of the extension of the system of government by which few people control the great mass, as in Russia today. Britain is a democracy, Russia is a beurocracy. That is the great difference. Between countries ruled so differently there is little basis for agreement.

JUDGE FOR OURSELVES

We have a letter in regard to the mayoralty, which like many other letters received, is not signed by the writer. Such letters do not appear in print. However, we may say the writer suggests that people are able to judge for themselves as to the fitness of any candidate for the mayoralty and with that we fully agree. It is for the people to judge. So far, however, no candidate has offered himself, although there has been talk of at least three and possibly more. Had "J.D." signed his letter it would have been published.

While speaking of letters, we may say that while we, as a general rule, allow a correspondent to sign a nom de plume in place of his own signature, provided always his own signature is enclosed, there are letters which we cannot so publish. The newspaper publishing letters is always responsible for them to a certain extent but more so when no name is attached. Anyone wishing to express very radical views or advocate some unusual course of action would be expected to sign the communication and not throw the onus on the newspaper. The paper reserves the right in any case to refuse publication if it thinks doing so is in the public interest. We suggest that the writer of a letter should not ask a newspaper to say something he dares not say over his own signature.

AS TO THE MAYORALTY

As to the mayoralty, it is not the policy of this paper to advocate the election of any person to that position. We agree with the correspondent that it is for the candidates themselves or their friends to place their views before the people and for the people to judge, either from what the candidates say or from their records. It is possible that there may be several candidates in the field, either of which would undoubtedly make a good presiding officer for the city. However, we would suggest that it is about time those wishing to have a candidate in the field bring him forward in some formal manner so that people may have a chance to consider the situation well.

PIONEER CIVIL ENGINEER DIES

Death Comes in Toronto to A. E. Wright After Illness of Several Months

Friends in Prince Rupert have been grieved to receive advice of the death on November 23 at "Rushholme," Toronto, of Alfred Edwin Wright, well known pioneer civil engineer. The late Mr. Wright, who remained in Victoria last winter because of illhealth, returned to Prince Rupert last spring and, when his condition became worse about the end of May, proceeded to Toronto where he gradually sank to the end.

The late Mr. Wright, who was 42 years of age, was the son of Alfred Wright of Rosedale, Toronto, a prominent insurance man of that city. He was educated in Upper Canada College, Toronto, and Royal Military College, Kingston, and after his marriage to Miss Dora Denison, daughter of the late Col. Fred Denison, "Rushholme," Toronto, came west to Prince Rupert in 1911 and joined the firm of Ritchie & Agnew, civil engineers. Later he set up in the profession for himself, subsequently taking Lyman Hinton of this city for his partner.

Besides his widow, the late Mr. Wright is survived by four children—Charles, Catherine, Julia and Gordon. The family was present in Toronto when the end came. There are also two brothers—Dr. Charles Wright, Canadian scientist who accompanied the Antarctic polar expedition of Captain Scott and now holds a prominent position in the War Office, London, England, and Adrian Wright of Ottawa. Deceased was a nephew of Rev. F. W. Cassillis-Kennedy of Vancouver, who is at present a visitor in the city.

The funeral of the late Mr. Wright took place in Toronto.

Man in the Moon

WOMAN are like flowers, when they fade they die.

IF a girl is cold to you, do not be discouraged. Chills are often followed by fever.

COMMUNISTS believe in taking things away from the rich but we notice the communists at Moscow give any man a dose of lead who suggests taking anything away from them.

IN order to carry on a stable government all that is required is horse sense.

Ten Years Ago in Prince Rupert

DECEMBER 6, 1917.

The fact that Col. C. W. Peck, Unionist candidate in the federal election, was formerly a Liberal is causing a lot of comment. Both sides are trying to take advantage of the fact.

Writing from the front, Major L. Bullock-Webster declares that conscription is needed at once if Canada is to pursue its part in the Great War effectively.

The Alaska, with 70,000 pounds of halibut, was the only boat to arrive from the banks last night.

BRITISH GOVERNMENT BEING ACCUSED OF PROFIT SNATCHING

(Manchester Guardian)

Waste and lack of business method is supposed by the vulgar to be characteristic of all Government departments, but the most acute expert at the skin game will look in vain for any trace of those qualities in the Mint's offer to supply sets of the new silver coinage to collectors. The complete set, comprising crown, half-crown, florin, shilling, sixpence, and three-penny bit, will be supplied in a cardboard box for 15s.—or if you like to pay a guinea you can have the same collection in a red leather case.

One would not advise intending purchasers to let themselves (and another six shillings) be carried away by the temptation of that red leather case—the Department which is nobly prepared to sell eleven and three-pennorth of coin of the realm for fifteen shillings is not likely to be doing anything very generous in the matter of red leather. What is more, even if the new coins were sold at their face value of 11s. 3d., the authorities would still be making a handsome profit, thanks to the large proportion of base metal which now goes into our nominally "silver" coinage. Of course it pays, and taxation is slightly reduced in consequence. But since we are to have new designs it seems rather a pity that we cannot have the old, real silver to support them.

DECLINE IN OUTPUT OF B.C. COAL MINES

VICTORIA, Dec. 6.—A decline in production during the month of October cut the percentage of increase which has been scored during the present year in the output of coal by the collieries of the Province as compared with the output in the corresponding period in 1926. Mild weather was given as the

cause of the lessened production in the tenth month of the year. However, the figures, as issued by Hon. William Sloan, minister of mines, show that in the first ten months of the year the aggregate output of coal was 2,021,373 long tons as compared with 1,892,328 long tons in the same period last year, an increase of 129,044 long tons or seven per cent.

Vancouver Island collieries are running 54,188 long tons ahead of last year and the Nicola-Princeton district shows a gain of 21,121 tons. The East Kootenay district holds the rate increase of the earlier months with a growth for the ten months of 53,723 long tons.

PICKED UP STRADS FOR MERELY A SONG

Instrument Worth \$10,000 Bought for Ten Dollars

OTTAWA, Dec. 6.—Three genuine Stradivarius violins have been located in this district. In most cases they fell into the possession of their present owners when they were purchased "for a song." Mrs. E. Jamieson purchased a violin six years ago from an old gentleman for \$10. The words "Antonius Stradivarius Cromonensis Faciebat Anno 1716" are inscribed on the inside of the instrument which she purchased for her son to practice on.

W. I. Weaver, of Mountain, Ont., purchased the violin, which he claims to be a Stradivarius, 18 years ago in New Ontario from a Russian who was in straightened circumstances. It bears the

WAS SO NERVOUS, and SHORT OF BREATH COULD HARDLY SLEEP

Mrs. Louise Baglin, Golden Lake, Ont., writes:—"For several years I was greatly troubled with my heart. I was so nervous and short of breath I could hardly sleep at night, and if I did sleep for a while I had bad dreams.

"I managed to keep at my work, somehow, until I began to have dizzy spells which got so bad I had to give up. I used many kinds of medicine, but found no help until I got a box of

After the first box I found a great change, and after two boxes I was as well as I could be.

"I told my mother, who had choking sensations, about them and they helped her greatly."

Price 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

AN ASSURANCE TO ALL FORD OWNERS

We wish to assure the Ford owners of this community that as long as they drive their Model T cars, a full stock of genuine parts will be available, and expert Model T service will be maintained. This applies not only in our own garage, but throughout the Dominion-wide Ford dealer organization.

The New Car which will soon be on display in our showrooms is the ultimate expression of automotive engineering and design made possible by the 16,000,000 Ford cars that have gone before it.

Sanitation in The Laundry

A kitchen is properly a food shop and should be used for little else. It is distasteful to think of the possibilities attending laundry work in the kitchen in the winter when doors and windows are closed to keep out the cold and when steam from the boilers, and later from the drying clothes, mingles unchecked with the foods that are being prepared.

For Six Years PIMPLES Covered Her Face

BURDOCK BLOOD BITTERS
Mrs. Albert Stubbs, Newbury, Ont., writes:—"My face was covered with pimples and was so bad I was ashamed to be seen. I suffered in this way for six years, until one day a friend told me to use BURDOCK BLOOD BITTERS and after I had used two bottles the pimples were all gone and my skin was as clean and smooth as ever." Put up only by The T. Milburn Co., Limited, Toronto, Ont.

MISSING

Arthur Anderson, missing from Stewart, B.C., since June 6, age 43, Danish, height 5 feet 8, round face, blue eyes, light brown hair mingled with gray. Big scar on back of right hand. Dressed in blue jacket and vest, khaki shirt.

Light gray cap. Believed to have lost his memory and to wander around. Anyone knowing his whereabouts, please communicate immediately for his very aged and sick mother's sake, with Mrs. E. B. Ross, Calmar, Alberta, or with L. A. N. Paterson, B.C.P.F., Stewart, B.C.

Skating daily, 2 to 4 and 8 to 10.

If you have been unable to get a reserve seat for "Adam and Eva" there are 250 rush seats for sale at 7:30 at the Westholme Theatre tonight.

R. H. Ley of the Liquor Control Board staff, after a visit in the city and district on official duties, sails by the Camosun tonight on his return to Victoria.

Hyde Transfer now agents for Alberta Sooties and Pembina Peeries. These coals are under cover, don't buy water, buy coal. \$12 a ton can you beat it?

Passengers booked to sail tonight on the Camosun for Vancouver include R. J. N. L. Freeman, Rev. F. W. Cassillis-Kennedy, Frank Phiscator and Miss Karmen Buggi.

At a meeting last night, the entertainment committee of the Elks' Lodge, decided to hold its variety dance in aid of the Christmas Cheer fund on December 14 instead of December 16.

There was a good sized crowd at the weekly whist drive last night by the Elks' Lodge. Mrs. Thomas Priest, with a score of 199, won ladies' first prize while A. E. Lamb, with 204, was winner among the men.

Rev. F. W. Cassillis-Kennedy, superintendent of Oriental missions for the Anglican Church, who has been a visitor in the city for the past few days, will sail by the Camosun tonight on his return to Vancouver.

"K" Line freighter San Francisco Maru sailed at 4 o'clock yesterday afternoon for Europe via the Panama Canal with a full cargo of grain which was loaded from the Alberta Wheat Pool's Prince Rupert elevator.

Thomas Woodhouse was fined \$25, with the option of thirty days' imprisonment, for drunkenness and \$10, with the option of seven days' for indecent exposure, by Magistrate McClymont in city police court this morning. He pleaded guilty to both charges.

SPECIAL CHRISTMAS SAILING FOR SOUTH

In order to accommodate those desiring to go south for Christmas, Canadian National Steamships announce that the ss. "Prince Rupert" will sail southbound Thursday, December 22, at 10:00 p.m. Instead of on the regular schedule Friday morning. This boat will arrive Vancouver 9:00 a.m. Saturday, December 24, making connections with boats and trains for Victoria and Seattle.

In order to perform this service, this steamer will sail for Anyox and Stewart at 4:00 p.m. Wednesday, December 21, instead of the usual sailing hour of 10:00 p.m., returning from the North, arriving here 7:00 p.m. Thursday, December 22. Accommodation on southbound sailing is fast being taken up, and it is suggested those going South, make reservations early at City Ticket Office, Third Avenue. Phone 260.

WEATHER NOT COLD IN HUDSON STRAIT OFFICIALLY REPORTED

OTTAWA, Dec. 6.—Weather conditions in Hudson Strait are much milder than is generally supposed and the absence of ice somewhat hampers aerial navigation, Alex. Johnson, deputy minister of marine and fisheries, said today. The lowest temperature so far was zero while the mean reading was 29.25.

PLAN ANOTHER SLOGAN EFFORT

Chairman of Committee of Judges Makes Suggestion Regard to Competition

F. G. Dawson, chairman of the committee of judges, who passed on the slogans submitted to F. W. Hart, in discussing the matter this morning with the Daily News, said the slogan they had chosen was the best for the purpose that had been submitted. Several others were very good but not as well suited for advertising the city. Several had been too long but otherwise were excellent.

Mr. Dawson suggested that after Christmas another competition be held and this time an effort be made to get away from the local idea. If the Orient is mentioned, it would be remembered that last year 75 per cent of the grain shipped from here went to Europe and not to the Orient. He thought it not wise to mention the Orient, the Peace River or any other locality. Prince Rupert is a world port and does business or hopes to do business with all parts of the world and does not expect to restrict its business activities. Any slogan adopted, he thought, should have a very general application and be brief. Having that in mind and with the experience of what has gone before, he thought possibly a still better slogan might be found.

NORTHWEST ASKING SEAT IN PARLIAMENT

EDMONTON, Dec. 6.—Feeling that their interests require more adequate representation, the residents of the northwest territories in petitioning the Dominion Parliament for a seat in the federal House. The petition will be presented at the coming session.

IS OPPOSED TO DARWIN THEORY

Anti-Evolutionists to Carry on Fight in Several of United States

OKLAHOMA CITY, Dec. 6.—The world's Christian Fundamental Association is preparing for a bitter fight against the teaching of the Darwinian theory of evolution in Oklahoma, Kansas and Arkansas, according to Dr. W. H. Riley, president of the association. The organization will address itself in the campaign to the states' legislatures and the voters.

"These three states will be the centre of the next attack on the teaching of evolution in the public schools and colleges," Riley declared, "and I am utterly convinced that we will win our demands, although church leaders and educational heads in most instances are against us."

Ample financial backing already is assured for the fight, Riley said, and added: "An overwhelming majority of the church people of Oklahoma already are in favor of an anti-evolution law, but the 'Liberals' hold the offices, while university and college leaders throughout the country are almost as a unit in opposing the fundamentalists."

PROPOSAL TO ABOLISH TWO-THIRDS VOTE FOR NOMINATING CANDIDATE

U.S. Democratic Party May Again Bring up Question at Next Political Convention

WASHINGTON, D.C., Dec. 6.—When the Democratic National Committee meets in Washington in mid-January its members probably will be asked to consider once again whether the rule requiring a two-thirds vote for nomination of a presidential candidate should be abolished.

Chairman Shaver and other party managers take the view that the question whether a bare majority or two-thirds of the convention should nominate is one for the convention itself to decide, but there is increasing talk about the capital that the committee itself may be soundly out on the subject during its session here.

Some of the most determined opponents of the candidacy of Governor Smith of New York are opposing any deviation from the two-thirds rule, but Senator Walsh, of Montana, who has not been friendly to the Smith cause, and who served as chairman of the 1924 convention, said he favored nomination by a simple majority, "regardless of whom it may help."

Another Senate dry, Senator Caraway of Arkansas, is a proponent of the two-thirds rule, but he said that he believed enough votes had been pledged to secure its abandonment. He added that if majority rule were adopted, he believed Smith would be nominated, while if the two-thirds rule were maintained, Smith would not.

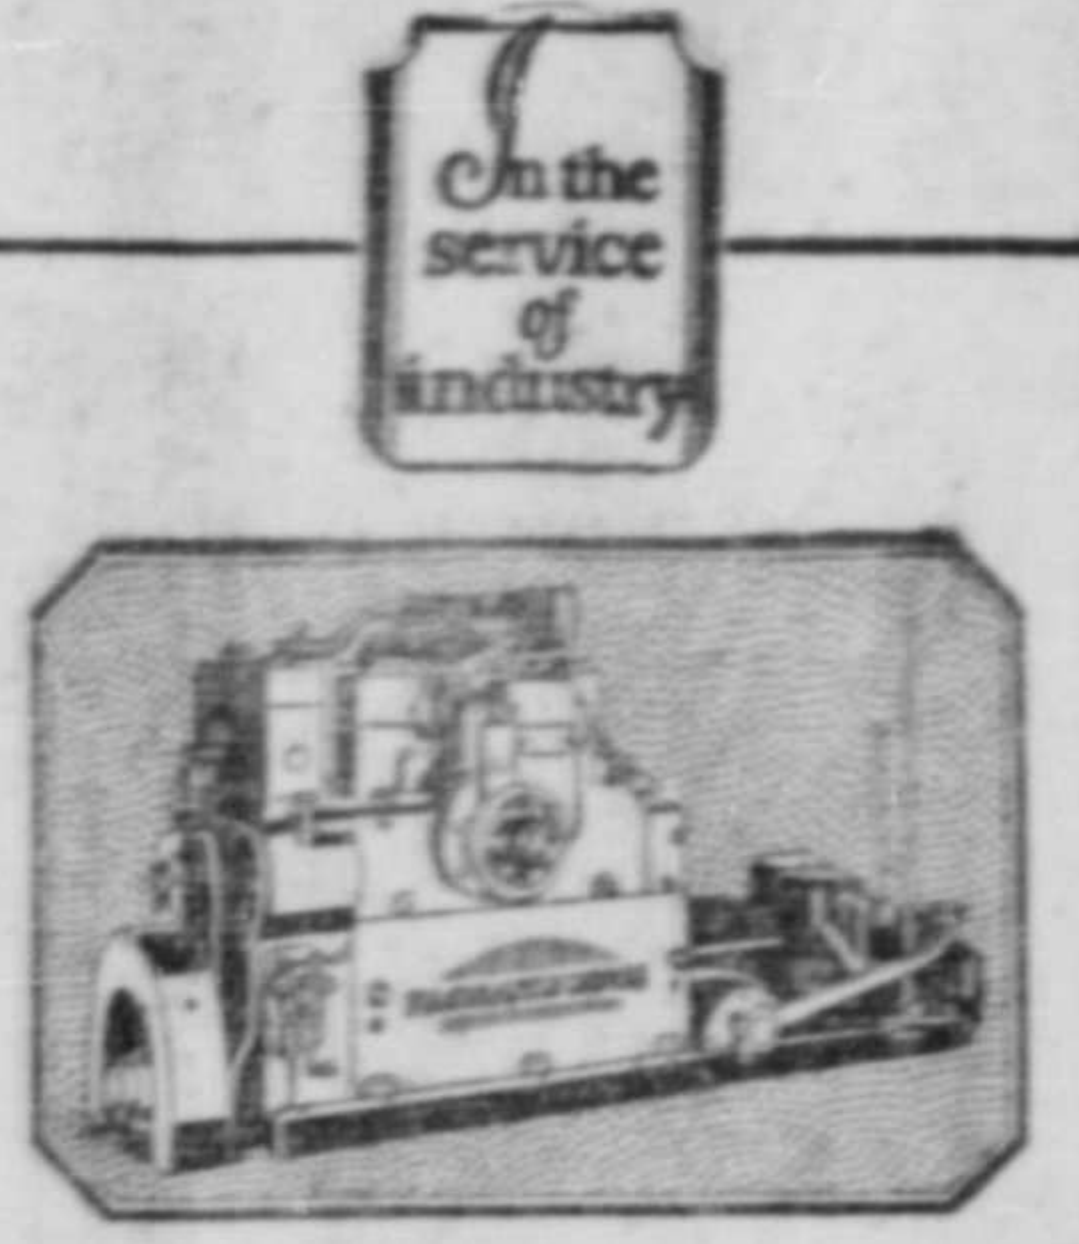

Other Democrats, including some of the South, where the ranks are fairly solid for retention of the two-thirds rule, are prepared to fight the abolition move, declaring, in some instances, their willingness to have the party adopt the change at this convention to take effect four years hence.

Whether a two-thirds vote of the convention would be required to kick over the two-thirds rule is a matter of speculation. Some believe that a majority vote of the convention can suspend the rule.

NEW EXHIBITION HALL BIGGEST IN THE WORLD

Lancashire Building Will be Twice as Large as Any English Cathedral

MANCHESTER, Eng., Dec. 6.—Lancashire county is to have the largest exhibition hall in the world, a building that would contain any English cathedral twice over. This is being made possible by the reconstruction of the immense cattle market that has been given up by the city of Salford. The new hall will be within one mile of Manchester and will be used for exhibition purposes. The dimensions of the Main Hall

Fairbanks-Morse Marine Diesel Engines

Full Diesel principle—no auxiliary ignition devices. Two-stroke-cycle simplicity with airless injector. No valves to grind; no complicated valve rockers to keep in adjustment. Uses low grades of fuel oil. High economy in the use of fuel and lubricating oil. Excellent maneuvering and operating qualities on light loads and slow speeds. Sturdy, compact, with all parts readily accessible. Small space requirements.

Made in the following sizes: 20 h.p.—2 cyl., 180 h.p.—6 cyl., 40 h.p.—4 cyl., 240 h.p.—4 cyl., 60 h.p.—3 cyl., 360 h.p.—6 cyl., 80 h.p.—4 cyl., 480 h.p.—4 cyl., 120 h.p.—6 cyl., 600 h.p.—5 cyl., 120 h.p.—4 cyl., 720 h.p.—6 cyl.

The CANADIAN Fairbanks-Morse COMPANY Limited 798 BEATTY ST., VANCOUVER, B.C.

will be 625 feet by 230 feet, and with its subsidiary halls and offices will have a total area of 199,750 square feet, or more than four acres. Whereas the great hall at Olympia has a total area of 108,500 square feet, of which 87,750 square feet is clear of pillars and columns, the new building will have no less than 143,750 square feet, all clear of obstructions, and a height of over 10 feet to the arched roof.

Robert Atkinson and Sir Owen Williams, the architect and engineer respectively, are incorporating an interesting departure from conventional building practice in the construction of the main hall, which will result in a public building having the largest single span roof in the world, the span being no less than 230 feet.

C.N.R. steamer Prince Charles, which has been up for over two weeks undergoing annual overhaul, was taken off the pontoons at the dry dock this afternoon and tied up at the pier where she will remain for the rest of the winter.

KEPT TRYST AT CATHEDRAL

LONDON, Dec. 6.—Observing a part of friendship made 27 years ago, four men met on the steps of St. Paul's Cathedral one day recently and sang "Auld Lang Syne" with joined hands. They were survivors of a party of eight friends who, in 1903, when fellow-workers made a pact to meet at St. Paul's 20 years later. The tryst was kept two years ago by the four, two of the others having fallen in the war and two having died. The survivors agreed to make the gathering an annual event.

As the friends were on the point of leaving the Cathedral on Saturday to go to dinner together, they were joined by the widow of one of their former colleagues, who, with her daughter, had come to keep the tryst on behalf of her late husband.

BRITISH GRAIN SHIP DUE THIS AFTERNOON

Vessel Being Lined Will Take up Berth at Elevator and Start Loading for U.K. Continent

Up to noon today no further word had been received of Prince Rupert's fourth grain ship of the season, S.S. Warlab, other than that she should arrive some time this afternoon. The vessel being lined, she will go on berth almost immediately to start loading a full cargo of grain for the United Kingdom or Continent. The Warlab is a British ship and is practically new, having been built within the past two years.

MEN EMPLOYED IN ROAD GRADING ARE BEING LAID OFF

Some twenty or more men who have been employed by the Vancouver Paving & Contracting Co. in the grading of the Kalen Island Highway to Galloway Rapids, which work is now completed, will sail by the Camosun tonight for Vancouver. Planning and surfacing of the far end of the road has yet to be done and it is expected this will be completed soon after the first of the year.

BEAU TAX LATEST MONEY RAISING PLAN

NEW YORK, Dec. 6.—There's a "beau tax" at the Harriot Judson Home of the Y.W.C.A. in Brooklyn. Every young man who calls on a girl there is assessed for his visit. He pays 25 cents for an audience in the high back chairs or the lounge. If he desires the privacy of the parlor the tax is 50 cents. For a mere call he is required to pay a dime.

Duke of Portland so Replied to a Correspondent Who Wanted Money

LONDON, Dec. 6.—"I was once fortunate enough to win the Derby, and as a result I received a tremendous number of begging letters," declared the Duke of Portland, at a meeting here. "One was from a youth who wanted £25 to buy a bicycle. He said his brother had one, and the money would prevent the applicant from committing the act of Cain." I replied as follows: "Dear Sir: I am in receipt of your application, and have forwarded it to the police in your district, who will be able to prevent you from committing the crime to which you refer better than I can."

AUTOS OUST STORK IN MANY FAMILIES COMPETITION KEEN

PROVIDENCE, R.I., Dec. 6.—Automobiles today are competing with the stork, in the opinions of Dr. Harmon Jordan, superintendent of the Providence Maternity Hospital. The city birth rate was lower last year than it was in 1923, the doctor pointed out, adding that it probably will be lower this year than it was last. Some decrease, he believes, can be accounted for in the fact that many parents are unable to afford both automobiles and children, expressing their preference for automobiles.

TOO MANY POLICEMEN TO GUARD CHURCHILL

LONDON, Dec. 6.—Winston Churchill's country house is at Westham, the Kentish village where General Wolfe was born. Mr. Winston Churchill's residence there is no doubt appreciated by most of his neighbors, but his house is on the outskirts, and the local council are grumbling because the village police are drawn from the principal center of population to guard the house of the Chancellor of the Exchequer.

At a recent meeting of the Council it was asserted that constables are kept at Mr. Churchill's house until five or six o'clock in the morning, and sometimes perform three days' duty without rest. The police authorities at Sevenoaks headquarters are being communicated with upon the matter.

DANCING SCHOOL IN CONNECTION WITH EPISCOPAL CHURCH

PITTSBURGH, Pa., Dec. 6.—A dancing school, where all the latest steps are to be taught by competent professional teachers, is the newest addition to St. Peter's Protestant Episcopal Church. The Rev. Waldo Amos, pastor, said the church hall would be used every Friday evening for the young people of the neighborhood who desired to learn the modern dance steps. He added it was part of the parish program to make the church interesting for young folk. Those who enter the dance class will pay nominal dues to defray the expenses for an orchestra and instructors.

NEW PROVINCE IS ADVOCATED IN THE SOUTH

Writer of Letter in Victoria Morning Paper Urges Chlm of Peace River

The following letter dealing with the proposed new province of Peace River, which was published in the Victoria morning paper, will prove of interest here:

Many of us read with regret an article in the Sunday Province stating that British Columbia derides Peace River aspirations to form the tenth province of Canada and suggesting that every obstacle will be put in the way of the people of the Peace River country helping themselves. Perhaps the Sunday Province speaks the truth when it indicates that sectionalism on the lower mainland will play the dog in the manger with the great northern hinterland. Permit me, however, to make a few observations which give point to the recent renewal of this plan by my good friend Mr. Charles Fredericks, editor of the Peace River Record, and a man of high reputation and of recognized leadership.

Do you realize that long before James Douglas arrived on the Pacific coast—in fact, when Frazer was exploring the river named after him—that Harmon was conducting agricultural experiments at Dunvegan, in the Peace River country? Do you know that long after the gold rush, and for more than half a century before, the Peace River was a part of our northern transcontinental waterways? Even the trail of '98, in recent times, passed through this great hinterland. It is an undeveloped land, but it is not a new land; its surface resources have been common knowledge since Confederation.

MONEY WENT OUT
Look for a moment at its recent record. Not only does it boast of many championships at the Chicago Grain Fair, one of which was won by Sheridan Lawrence, of Fort Vermilion, 1-

ented 200 miles north of Peace River; it also boasts of remarkable records in the largest field crop yields per acre on the continent. No expensive clearing, no dykes to keep back the sea—nothing is required except transportation facilities to make a populous, wealthy and contented country.

What have the provincial and federal governments done for the Peace River country? Surveyed the land; yes, as a method of taxation. Administered from Ottawa, hundreds of thousands of dollars have poured out of the north into our federal exchequer. Why, the oil leases of Peace Coupee alone paid over \$500,000 in 1919-21 to the federal government. What has the north received in return? A railway—of a kind; 404 miles from Edmonton to Grande Prairie, a distance of 200 miles as the crow flies. Built on three sides of the square to get out the timber of the north—timber held by the speculators who shared in the building of the railway. To reach their natural outlet, the Pacific coast, these long-suffering people of Peace River travel 600 miles and are then, near Jasper, only 150 miles from their starting point. Now they hear rumors that it is proposed that what British Columbians have long regarded as their pet white elephant, the P.G.E., is also to be added to their heritage.

The reference in the Province to the

effect that creation of a new Peace River province would interfere with the ridings of honorable members of the British Columbia Legislature is unworthy of debate. The electors of the honorable gentlemen cited are all in the southern portions of the province; the remote stretches of their ridings are uninhabited, and are included for purely administrative purposes. The difficulty of a boundary adjustment is not insuperable. The present political and administrative relationships of Peace Coupee in Peace River are rather impossible. The British Columbia block does not enjoy a very full share in representative government. Their member lives at Prince George, and their participation in his nomination is about as complete, save for greater transportation difficulties, as ours would be if we found ourselves on the south of Vancouver Island placed in the provincial riding of Regina, in Saskatchewan, and with interests as identical.

LOSING VALUABLE AREA
The fear is expressed that in the creation of a new province as large as Manitoba, and unequalled in resources by any of the rest west of the Lakes, we would be losing "one of the most valuable areas of British Columbia." This would mean losing it from an administrative standpoint, but finding it from an economic point of view. Let Charles Fredericks and the men of the

north make a new province; encourage them in every way possible, and in a decade or two you will have 500,000 people in the new province, economically complementary in every way to the lower mainland; then will Vancouver and Victoria have occasion to double and treble their populations and industries. Let the north work out its own salvation, and in losing the administrative cares of the vast hinterland you will make possible the development of the wealthiest and the most populous cities in Canada right here on the lower southwest corner of British Columbia.

E. S. FARR,
1916 Belmont Avenue, Victoria.

FIRESIDE CLUB IS ENTERTAINED WITH INTERESTING ADDRESS

A very interesting address was given by Rev. W. F. Price at the meeting of the Fireside Club in the Baptist Church last night.

The subject was "Is Religion Essential?" being a discourse on the life of people who have every material advantage, the reason for much of the discontent of the masses being due to the lack of attention to the question under discussion. A solo by Mrs. Larkin and one by Harry Quick brought this part of the program to a close. Refreshments were then served.

Next week the men of the club will take the program of the evening.

MUCH MORE WHEAT THAN LAST SEASON

C. N. Reports Eleven Million Bushels More in Elevators than Year Ago

WINNIPEG, Dec. 6.—Notwithstanding the fact that the grain movement in volume is four weeks behind last year, the Canadian National Railways have marketed an increase of more than two million bushels and there are eleven million bushels more in the elevators today than there were up to this time last year.

The crop year begins on August 1, and the grain is not on the move in any quantity until several weeks later.

In 1926 it was September 20 and this year the late seeding and threshing, caused by bad weather, kept it back until October 18, yet up to Friday this year's marketings totalled 125,914,000 bushels, as compared with 123,770,000 last year, an increase of 2,141,000 bushels. There are in elevators 28,866,000 bushels as against 17,865,000. The number of cars loaded so far is 72,638.

During the month of November the Canadian National Railways loaded 32,346 cars, an average of 1293 a day; in November 1926, 23,160 cars were loaded, the daily average being 1126 which means that this year is 167 a day better than last.

SUCCESS IN LIFE IS CLUB SUBJECT

Duncan Miller and Bruce Stevens Read Papers Before United Church

"What Makes a Man a Success?" was the subject of two papers read last night before the Young People's Society of the United Church by Duncan Miller and Bruce Stevens. It was stressed in both papers, which amply covered the ground, that success did not entirely consist of accomplishment along material lines but character and the expression of the finest ideals of the spirit of service were also important factors. Various instances of the success of great men and women were referred to many of whom had worked up from obscurity to fame and prominence.

The meeting, which was presided over by W. Vandewater, the president, was well attended.

ONE EXTRA HOLIDAY AT CHRISTMAS TIME

King Proclaims Bank Holiday After Boxing Day as Christmas Falls on Sunday

LONDON, Dec. 6.—England and Wales and Northern Ireland are to have two holidays this year immediately after Christmas, which falls on Sunday, the usual Boxing Day and an extra Bank Holiday on Tuesday, December 27. A proclamation to this effect was recently issued from Buckingham Palace by the

COAST OUTLET FOR PEACE WOULD HELP MINES OF ALBERTA

EDMONTON, Dec. 3.—That he is greatly impressed with the Pacific coast outlet for the coal mines of this province, was stated by D. K. McDougall, prominent mining engineer with offices at Toronto and Montreal, when seen at the Macdonald Hotel on Monday morning. He is a director of the Blue Diamond Coal Company as well as being financially interested in other western firms.

Mr. McDougall recently visited the company's mine at Brule where he found operations going steadily ahead. A number of extensions and improvements are under consideration with a view to increasing the output but nothing definite has yet been decided. On his return to the city, Mr. McDougall was accompanied by O. N. Brown, manager of the company's mine at Brule.

The investigation into the McGillivray Creek mine was also attended by Mr. McDougall who, however, did not give evidence at the hearings.

TIMBER SALE X9590

Sealed Tenders will be received by the District Forester not later than noon on the 15th day of December, 1927, for the purchase of Licence X9590, south shore Draney Inlet, C.B. 2, to cut 875,000 feet board measure of spruce, cedar, hemlock and Balsam sawlogs.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, or the District Forester, Prince Rupert, B.C.

NAVIGABLE WATERS' PROTECTION ACT.

Revised Statutes of Canada, Chapter 115

PILES!

Famous Healing Ointment Free—"Sootha-Salva"
Prescription of Famous Physician

Here is an opportunity for sufferers from piles to try, without cost, the wonderful soothing, healing and disinfectant ointment Sootha Salva.

Sootha Salva is the prescription of the physician who discovered Fruit-a-tives, the famous fruit medicine. It is incomparable in the treatment of the most serious skin diseases—sore or itching piles, eczema, blotches, pimples, ulcers, boils, etc. It is so good that ordinarily we sell it for a penny a tin. The purchaser is not satisfied the druggist will return his or her money.

Certain druggists have been supplied with a limited number of full size boxes of Sootha Salva to give to purchasers of 50c. boxes of Fruit-a-tives. Do not be disappointed. Get your tin to-day and see if you do not think Sootha Salva the most wonderful ointment you've ever known.

The regular price of Sootha Salva is 50c. per box.

Prepared by Fruit-a-tives, Limited, Ottawa, Ont.

FINANCIAL CRISES FOOTBALL CLUBS

Trade Depression Hurts Sport in North of England and Scotland

LONDON, Dec. 6.—Trade depression has seriously "hit" several League football clubs in the North and in Scotland and in more than one quarter financial crisis faces the directors. Durham City, the League III, Northern Section Club, were helped out of their difficulties by the higher powers, and so enabled to fulfill an out-of-town engagement.

There has since been a consultation with the Football League, and the club is to make an effort to carry on.

A sensation has been caused in Scottish football circles by the announcement that the Clydebank Club, members of the Second Division of the Scottish League, has sold its ground to a greyhound racing syndicate. The acute state of Clydebank's finances may be realized by the fact that the gate of their game played recently amounted to only £35.

Following the game a delegation of London and Glasgow businessmen went over the patch, and the deal was completed later for the sale of the ground at £12,000. Alterations will be made immediately, so that racing may commence in the New Year.

SONS LEADING IN BASKETBALL

Defeated Grand Terminals Last Night—Elevator Wins First Intermediate Game

Playing a spectacular game particularly in the second period, the Native Sons of Canada last night took a firm hold on the leadership of the Senior Basketball League, defeating the Grand Terminals by a score of 34 to 25. The Grand Terminals made a good match of it in the first period and were ahead for some time, being but one point behind the Sons at half time with a score of 15 to 14. In the final period, the Terminals were overwhelmed when the Canucks started in on a series of long spectacular shots.

Perhaps, the feature of the evening was the Intermediate League affair in which the Elevator took Big Four into camp for its first victory of the season. It was a hard fought match with first one side and then the other in the lead.

In the Junior League, the Tuxis boys won their fifth straight victory of the season from the Stars.

Details of the games follow:

JUNIOR LEAGUE

Tuxis Boys—Fred Cameron, 4; Eddie Smith, 2; Sam Currie, 5; Frank Morrison, 4; Tom Steen, 2; total 17.
Stars—W. Johnson, 0; G. Veireck, 0; R. Nelson, 0; Gordon Parker, 8; Doug Scott, 4; E. Smith, 0; total 12.
Referee—Doug. Prizwell.

INTERMEDIATE LEAGUE

Elevator—C. Donald, 13; E. Smith, 11; V. Meagher, 10; S. Curry, 6; N. McLeod, 0; T. Hughes, 0; total 43.
Big Four—E. Ratchford, 20; D. Scott, 2; D. Stalker, 9; F. Dingwall, 1; G. Parkin, 6; total 38.
Referee—R. B. Skinner.

SENIOR LEAGUE

Native Sons of Canada—Spiro Gurvich, 0; C. Thomson, 8; Dido Gurvich, 18; Vic Menzie, 0; E. Ratchford, 0; W. Wrathall, 8; total 34.
Grand Terminals—J. McNulty, 8; R. Smith, 7; A. Slocumb, 2; Joe Gosse, 2; P. Howard, 8; total 25.
Referee: R. B. Skinner.
Umpire: Lee Dell.

SPORT CHAT

Owing to the approach of the holiday season and the illness of the president, W. E. Fisher, the St. Andrew's Anglican Cathedral Badminton Club has decided to postpone the opening of its badminton tournament, which was scheduled for the first of this month, to January 9. A large number of entries are expected for the event when it finally gets under way.

Maple Leafs, league leaders, and Grotto, third place team, will meet tonight in the Billiard League. The lineups will be as follows:

Col. S. P. McMordie (Maple Leafs) vs. George Gaugh (Grotto).

Jimmy Hamilton vs. Don Brown.
Marcus Andrews vs. Jack Judge.
M. M. McLachlan vs. R. Young.
George Howe vs. C. L. Youngman.

In announcing the schedule for the 1928 season on December 1, the drafting committee of the National and
