Conditions Returning to Normal at Shanghai; Interior Disorder; Executions Are Still Continuing

SHANGHAI, February 22.—The executioners' knife continued swinging through the ranks of the strike agitators today although on a much smaller scale than on Saturday and Sunday when thirty agitators were beheaded in the effort to keep down demonstrations. The executions have been effective in bringing the strikers back to work although the activities of the agitators have been greatly increased. Affairs are now being directed from the international settlement and this morning a proclamation was issued and posted in the main post office declaring that any employees not returning to work would be immediately executed.

VIRBANKS, Feb. 22.—Adhering to the original story that he and two men looted mail pouches on the steamer dog sled of \$33,000 on the night of December 31, 1922, William Schemmeyer, seventy-year old Alaskan prospector, concluded his testimony in the Federal Court last night against the Bata, known as "Black Bear," who is on trial for the robbery which occurred near Flat, 300 miles southwest of Fairbanks. Despite searching cross-examination by defence attorneys, Schemmeyer remained unshaken in his version of the theft. He related how, at the aid of "Black Bear" and another woman, whose name was not disclosed, he took the mail pouches from the sled and buried the loot. Two years later, it was divided.

Prairie Members Would Have Changes Made to Provide for Revision in Tariff at Ottawa

OTTAWA, February 22.—C. G. Coote, United Farmer member for MacLeod, Alberta, moved the following amendment to the budget in the House of Commons yesterday afternoon: "While recognizing the advisability of certain minor changes proposed, this House regrets that the budget, as presented by the Honorable the Minister of Finance, contains no effective provision for a reduction in the cost of living insofar as such is due to protective tariff; that the budget shows further departure from the principles of direct visible taxation based on the ability to pay and, further, that the systematic effort being made to reduce the national debt takes interest which absorbs too large a proportion of the revenue of the Dominion." The amendment was seconded by A. A. Heaps, Liberal member for Winnipeg.

City Council Endorses Project for Erection of Hotel Here in Connection with C.N. Railway

A. S. Paul, who appeared before the city council last night, is leaving for the south this afternoon on business in connection with the hotel project on the Canadian National property from whom he has a lease. The council endorsed the construction of the hotel and Mr. Paul will be given a letter to that effect. In asking the city to back up the proposition, Mr. Paul said that he had interviewed about twenty business people that day and all had been favorable. He said that he had secured the lease, had the plans drawn up, which had been approved by the hotel management of the Canadian National Railway, and had expressed willingness to construct the building. Lately, however, the company had been interested in other matters and he was not sure if they would now be in a position to go ahead with the undertaking. If that proved to be the case then he was going to interest others in the proposition, and if he were not successful would turn the matter over to a promoter who would put the deal through. He was simply asking the city council to go on record as believing that the proposition of constructing a hotel was necessary and would be a good thing for the city. This would not be obligating the city in any way, financially or otherwise. COST OVER \$400,000 In explaining the enterprise, Mr. Paul stated that he had the moral backing

CITY CANNOT MAKE SURVEY

ROAD QUESTION AGAIN DISCUSSED BY COUNCIL LAST NIGHT

The construction of the road from Prince Rupert to Terrace was again discussed by the city council last night when Alderman Jos. Greer referred to the work of the committee which had been appointed to further the project. He said that the committee had had several meetings and had enlisted the support of Boards of Trades and other organizations in the entire north country. They had received replies from the greater number of these and all had expressed their sympathy with the plan. They had been asked to interview their provincial members on the question. In addition, the committee had presented its claims to the various members of the government and the leader of the opposition as well as the northern members. Replies had been received expressing sympathy and promising consideration.

It had been decided by the committee that, if it were possible to have a reconnaissance made which would cost in the neighborhood of \$500 to \$1,000, it might be possible to make certain representations to the provincial government. Hon. T. D. Tattullo had given the impression that the undertaking would cost in the neighborhood of \$3,000,000 and it had been suggested that possibly a better route might be located which would perhaps be farther back from the Skeena and would not cost nearly as much. Alderman Jos. Greer felt that it would be a good thing for the city council to consider whether it would not be wise to undertake such a preliminary survey and ascertain the facts.

MAYOR NEWTON

Mayor Newton supported the idea as he felt that, if it were possible to show a cheaper route, the citizens would have a lever to use with the provincial government and possibly might secure action.

Alderman Stephens opposed the expenditure of any city money on the undertaking as he felt that this amount would not warrant anything but would cost a great deal more if anything like a proper survey were to be made.

The matter was discussed for some time and finally the city solicitor remarked that it was not within the power of the city to make the expenditure and the matter was accordingly dropped.

Alderman Jos. Greer remarked that if such a survey were undertaken, the committee had been offered \$50 by one man from outside the city to assist in the undertaking.

PRINCE RUPERT IS NINTH CITY IN SCHOOL POPULATION AND SEVENTH IN TOTAL OF SALARIES PAID

Prince Rupert is the ninth city in British Columbia in school population and is the seventh in salaries paid to teachers according to the annual report of the Department of Education for the year 1925-26 which has just come to hand.

The total enrolment in the elementary schools of the city during the year covered by the report was 811 not including the High School enrolment of 143. Vancouver, of course, led the province with enrolment of 19,208 in public schools while the other cities leading Prince Rupert were: Victoria, 4,791; New Westminster, 2,601; North Vancouver, 1,527; Nanaimo, 1,112; Trail (including Tadoussac), 959; Nelson 954; Nelson 954; Kamloops, 813.

The total amount paid in elementary school teachers' salaries in Prince Rupert was \$37,760. The total in Vancouver was \$771,229; Victoria, \$211,535; New Westminster, \$94,470; North Vancouver, \$63,505; Nanaimo, \$39,440; Nelson, \$39,400. The cost in Trail and Kamloops, both with greater school populations than Prince Rupert, was \$33,915 and \$29,415 respectively.

PLAY AND CANTATA AT UNITED CHURCH WAS FINE SUCCESS

Enjoyable entertainment was given last night in Rupert East United Church, the program being divided into two parts—first, a play entitled "Fairy Fantasy" and, second, a cantata, "The Crowning of the Fairy Queen." A capacity audience greeted the young performers and the affair was entirely successful.

roles. They performed their parts well and were given capable assistance by Miss Doris Robinson, the fairy fiddler, and others.

In the cantata, there were several groups of singers including the band of fairies led by Miss Charlotte Edwards, who carried out her part in a creditable manner having had only a few days to rehearse it after the original selection had fallen ill; the band of sylphs led by Miss Edith Gordon; and the band of miners led by Harry Quick. Miss Lillian Worfold took the role of the Queen in a pretty and dignified manner while Miss Muriel Brewerton and Miss Thelma Skinner were charming prince and princess respectively. At the piano was Miss Kathleen Duncan, assisted by Miss Doris Robinson.

The performance was directed by Rev. Evan Baker and the committee in charge of costumes consisting of Mrs. W. Robinson, Mrs. Gomez, Miss Muriel Brewerton, Miss Doris Robinson and Miss Kathleen Duncan together with that in charge of staging and comprising Mrs. Pelletier, Mrs. Feasby, Mrs. Bunn, Mrs. Northover and B. G. Beale had much to do with the general success of the whole affair.

Ten Years Ago in Prince Rupert

FEBRUARY 22, 1917
An interesting and novel form of entertainment was enjoyed at the meeting of the Presbyterian Fortnightly Club last night. Various subjects for discussion were written on slips of paper and placed in a hat. These were drawn out by various members who were required to speak for three or four minutes on the subject.

The steamer Spokane was in port yesterday southbound. On account of the small amount of business offering, the boats of this line will not call here after the end of this month.

STOMACH TROUBLE

Bad indigestion and poverty to the point of starvation were recognized as equal evils as far back as the time of Rabbie Burns. Of what use is money or food, if the stomach fails in its duty?

The healthy person does not and should not even realize that he has a stomach. Digestion of wholesome, normal food should be automatic. But this cannot be if the stomach is receiving less than its full supply of vital energy.

When the stomach fails in its functions, two courses of relief are available—you can reduce the quantity and variety of your food to fit its subnormal capacity—or, you can have the cause removed by spinal adjustments which restore the flow of vital energy to full capacity. Which is best?

"I EAT MOST ANYTHING."
"I have suffered from a bad form of stomach trouble for as long as I can remember—at least ten years. I have vomited my food even when a school-boy and have also been suffering a great deal from bladder and kidney trouble. I commenced to take adjustments taking 36 adjustments in all. Now, three months later my stomach is in good condition, and I can eat most anything I like without it hurting me. My severe bladder and kidney symptoms have also disappeared, and I feel fine." — Archie Preston, Chiropractic Research Bureau, Statement No. 2077-N.

The lower nerve under the magnifying glass is pinched by a misaligned joint. Pinched nerves cannot transmit healthful impulses. Chiropractic adjusting removes the pressure. The upper nerve is free as nature intends.

COUNCIL TALKS OF GYMNASIUM

NUMEROUS SITES MENTIONED IN DEBATE ON SUBJECT LAST NIGHT

The construction of a swimming tank and gymnasium was discussed by the city council last night when Alderman Tinker referred to the work of the committee which had considered the project and decided that the property on Second Avenue between the post office and the store occupied by Thor Johnson was the best suited for the undertaking.

Mayor Newton asked if the committee had considered the sites adjacent to the acropolis hill where the overflow of the water from the reservoir might be used for the swimming tank.

Alderman Stephens considered that anyone who wanted to swim would go to the swimming tank. He was not in favor of tax exemption on such property.

The plans called for a swimming pool on the first floor and an athletic room on the second floor according to Alderman Jos. Greer, who considered the thing would not be very popular if people had to climb Acropolis Hill.

Mayor Newton then suggested that area immediately back of the fire hall which was being cleared and would be handy to the centre of the city.

BRIDE BY PROXY REACHES CANADA

MRS. JAN KONING ARRIVES FROM HOLLAND OVER CANADIAN NATIONAL RAILWAY

WINNIPEG, Feb. 22.—Bride by proxy is the somewhat unusual status of Mrs. Jan Koning, who arrived in Winnipeg yesterday over the Canadian National Railways, from Holland enroute to join her husband at Lloydminster, Alberta.

A civil ceremony at Amsterdam, with the approval of the British consul and a brother of the groom as deputy, made Jacoba Maria Naafs, the now Mrs. Koning, immediately after she left on her journey to Canada.

Mrs. Koning travelled by the new Amsterdam-Holland-American Line from Rotterdam to Halifax and from the ocean port to Winnipeg over the Canadian National.

The proxy bride is a charming lady with some knowledge of English. When seen here, she said that Canada was a wonderful place from what she had seen of it and the people all seemed so friendly.

Mr. Koning, who came to Canada about a year ago felt it his duty to come ahead to the new country and prepare a suitable residence for his new wife.

FORT NORMAN STAKER DEAD

JOE SEIBERT WAS ONE OF MOST INTERESTING CHARACTERS IN FAR NORTH

FORT SMITH, N.W.T., Feb. 22.—One of the first white men to stake a claim in the famous Fort Norman oil rush of 1921, Joe Seibert, dropped dead here recently.

Always in the van of civilization, Seibert opened the first restaurant in Fort Smith, catering to the flood of prospectors and others who he knew would pass through the "Gateway to the Mackenzie" in ever-growing numbers.

Then in 1921 came the great Fort Norman oil rush. Word passed from mouth to mouth that Fort Norman bore beneath its frozen surface, liquid gold worth millions.

The fever increased in intensity and Seibert grasped the opportunity to sell out his claim for \$5,000 in cash.

He was one of the few that came out with a profit from the oil fields.

Never Let a Cold Get a Start.

Vapors Check a Cold Overnight

There are many way to treat a cold but only one DIRECT way—with vapors that can be inhaled.

Vapors penetrate immediately into every corner of the air passages and lungs, soothing and healing with every breath.

Vicks is so remarkably successful in treating cold troubles because it acts like a "vapor lamp in salve form."

When rubbed over throat and chest the body heat releases vapors of Menthol, Camphor, Eucalyptus, Thyme and Turpentine. At the same time Vicks is absorbed through and stimulates the skin like a poultice or plaster.

This double, direct action often checks the worst cold overnight.

The basketball schedule as originally set out will be adhered to and any or all postponed games will be played after it is completed it will be decided at a meeting of the executive of the Prince Rupert Basketball Association which was held last night in the City Hall.

The game on February 8 between the Tuxis Boys and Colts in the Junior League, which was protested by the Tuxis Boys and played an unregistered player, was ordered cancelled and replayed.

The executive agreed that, in future, no team would leave town to play outside games without the sanction of the executive.

The secretary was instructed to communicate with Port Simpson in regard to a Senior team coming here to play a championship series.

SPORT CHAT

The Moose will meet St. Andrew's in the billiard fixture tonight. The race is close and many of the players are getting in a few extra practices for the few remaining games.

The meeting of the basketball executive last night resulted in a new schedule which will be in effect for the remainder of the season.

The playoff dates in the Canadian Professional Hockey League have been announced and the first series between the teams finishing second and third will be played on March 11 and March 14.
