#### Over One Hundred Are Butchered and Burned to Death on Railway

PASSENGERS AND MILITARY ESCORT LOSE LIVES WHEN TRAIN IS WRECKED AND SET AFIRE

MEXICO CITY, April 21.—Between fifty and one hundred passengers and an entire military escort of fifty soldiers were slain burned to death when bandits wrecked and set fire to a train and from Mexico City to Jalisco State after derailing the engine and outlaws butchered the soldiers and locked the passengers in coaches which were soaked with gasoline and set ablaze. As victims attempted to escape they were shot down. It is not known if any of the passengers survived or if any of them were fugitives.

#### MORE VESSELS COMING IN MAY

ENTERING OF SHIPS TO LOAD GRAIN HERE NEXT MONTH IS REPORTED—SEEDGE POOL AT ELEVATOR

There has been received in the city two more boats will come to this port to load grain during the month of May. One will take a full cargo to the United Kingdom or continent and the other to the Orient.

The British steamer Sedg Pool moved from the ocean dock to the wharf yesterday afternoon and started loading at 8:30 this morning. She will take a cargo of approximately 320,000 bushels and should get away for the United Kingdom or continent about Monday.

No further word has been received of the "E" Line vessel Kofuku Maru, coming about April 27, to load for the United Kingdom or continent.

OFFER IS MADE TO BIG BRITISH CONCERN OF \$100,000,000 LONG TERM CREDITS

MONTREAL, April 21.—A big British concern engaged in shipbuilding has been approached by the chief of the commission committee of the Union of the Soviet-Socialist Republic offering \$100,000,000 long term credits to build merchant ships for the Soviet according to an announcement of the trade delegation of the Union. The offer is under consideration.

#### OLIVER DENIES SALE OF P.G.E.

NOTHING IN VANCOUVER REPORTS ABOUT DEAL SAYS BRITISH COLUMBIA PREMIER

VICTORIA, April 21.—Premier Oliver this morning denied reports emanating from Vancouver that the government was nearing completion of a deal for the sale of the Pacific Great Eastern Railway and would call a special session of the legislature to confirm it. "There is absolutely nothing in it," the Premier declared.

#### WAS PROMINENT MONTREAL MAN

DOUGLAS LORNE MCGIBBON, FINANCIER AND PROMOTER, IS DEAD

MONTREAL, April 21.—Douglas Lorne McGibbon, 57, well known financier and promoter, is dead from heart disease. He was president and general manager of the Atlantic Sugar Refineries Co. and president of the Ames, Holden, McCready Co. Ltd. and La Rose Consolidated Mines Co. and a director of the Eastern Trust Co. and Cedar Rapids Manufacturing & Power Co.

The late Mr. McGibbon was born in Montreal on November 24, 1870, and received his education in the city. In his youth he was engaged in fire insurance business and then went to St. Paul and Duluth where he became interested in coal mining. He returned to Canada in 1893 and settled at Medicine Hat, Alberta, where he organized the Medicine Hat Trading Co. of which he was manager. In 1897 he became associated with the Laurentide Paper Co. of Grand Mere, Quebec, of which he soon became general manager. In 1903 he was appointed general manager of the Canadian Rubber Co. in Montreal. Deceased was active in the suppression of the white plague and was president of the Laurentian Society for the treatment and control of tuberculosis. He was a life governor of the Montreal General Hospital and president of the Montreal Western Hospital. He is survived by a widow.

In politics he was a Conservative and in religion a Presbyterian. He resided at 27 Ontario Avenue.

#### LADY MAYOR FALLS DOWN

COUNTY OFFICER CHARGES THAT MRS. LANDES DID NOT CLEAN UP SEATTLE AS PROMISED

SEATTLE, April 21.—Charging that Mayor Bertina Landes had failed to fulfill her pre-election promises to suppress "open and flagrant law violations" in Seattle, King County Sheriff Bannick declared last night that, unless she immediately made an effort to "clean up the city," he would do so himself. Mrs. Landes, who was elected on a reform platform, has sanctioned a system of regulation "which covers up the operation of manufacturers" Bannick declared.

#### AERIAL ACCIDENT MARRED ARRIVAL

Two Planes Collided Overhead of Duke and Duchess of York at Melbourne

LONDON, April 21.—The arrival of the Duke and Duchess of York at Government House, Melbourne, Australia, was marred by a tragic occurrence says an Exchange Telegraph despatch. Two airplanes, almost directly overhead, collided and burst into flames, the occupants being killed.

#### TWO FEATURE GAMES PLAYED

ST. LOUIS NATIONALS TAKE CHICAGO INTO CAMP—GIANTS BEAT PHILADELPHIA

NEW YORK, April 21.—Two games featured activities in the National League yesterday. St. Louis, playing the first home game of the season, unfurled the championship flag, the team's first in thirty-eight years, before a crowd of 16,000 fans and then defeated Chicago.

Celebrating the twenty-fifth anniversary of John McGraw as their leader, the New York Giants played their first home game and, aided by the batting of Rogers Hornsby, defeated Philadelphia.

In the American League, the Philadelphia Athletics out-hit and out-played the Yankees, Cochrane, the Phillies' catcher, clouting out a homer in the sixth frame.

The scores yesterday in the National and American Leagues were as follows:  
National League  
Philadelphia 1, New York 5.  
Boston 3, Brooklyn 4.  
Chicago 2, St. Louis 4.  
American League  
St. Louis 0, Detroit 7.  
New York 5, Philadelphia 8.  
Cleveland 5, Chicago 4.

#### DEMAR WINS BOSTON RACE

MELROSE TYPESETTER SCORES FIFTH VICTORY IN BIG EASTERN EVENT—JOHNNY MILES FORCED OUT BY HEAT

BOSTON, April 21.—Under a boiling sun, Clarence Demar, aged 38, typesetter of Melrose, Massachusetts, raced to the undisputed title as the greatest marathon runner of the continent by winning the thirty-first annual Hopkinton-to-Boston sprint. It was the fifth time he has won this annual Boston Athletic Association event. His time for the twenty-six miles and 385 yards was 2 hours, 40 minutes and 22 seconds and one-fifth.

Johnny Miles, the Nova Scotia youth, who provided the biggest upset in the history of the event by winning it last year out of a field of one hundred odd contestants, was forced out of the race this time by unseasonable heat during the first ten miles.

E. E. Gregg, assistant district forester, addressed the Prince Rupert Rotary Club at luncheon today, his subject being in connection with the "Save the Forest" campaign. On the same matter, the Gyro Club will be addressed next Wednesday by Thomas A. Kelley, prominent Queen Charlotte Island logging operator.

#### WRATHY WORDS FROM JUDGE

SEIZURE OF FEDERAL SHIP WAS CONTRARY TO ALL TREATIES AND AGREEMENTS

SAN FRANCISCO, April 21.—In making his decision yesterday that the seizure of the British run ship Federal Ship, four hundred miles off the California coast some time ago, was illegal, Judge Bourquin declared that the seizure was a violation of the treaty and relationships between the nations.

"This seizure was sheer aggression and trespass like that which contributed to the war of 1812. It was contrary to treaty and not to be sanctioned by any court. It cannot be made the basis for any proceedings adverse to the defendants," declared the judge. "A decent respect for opinions of mankind, national honor, harmonious relations between nations and avoidance of law represented by treaties shall be scrupulously observed, held inviolate and in good faith, precisely performed and require that treaties shall not be made mere scraps of paper."

The ship and crew will be automatically released, it is expected.

#### WHALENS PROCEEDING WITH ACTION TO GET THEIR HOLDINGS BACK

VANCOUVER, April 21.—For the purpose of citing the defunct Whalen Pulp & Paper Mills Co. as defendant in their action to set aside the sale of its \$4,000,000 assets on the ground of fraud, James and George Whalen, the original owners, from whom the concern was taken by court order two years ago when financial difficulties arose, applied yesterday in Supreme Court for a writ to have the company restored to the provincial registry.

#### RUSSIAN ADVISOR TO HANKOW GOVERNMENT REPORTED ARRESTED

LONDON, April 21.—The arrest of Michael Borodin, who was the Russian advisor to the Hankow government, is reported in a Shanghai despatch to the Daily Mail received by way of Tokyo. Borodin's house is reported to have been looted but no details are given.

#### CANNING CLAMS

The plant of the Langara Packing company at Massett is busy canning clams. The pack has been very good to date.

#### Commission Awards School Home at Prince George and Hospital at Burns Lake to United Church

TORONTO, April 21.—In schedules published of the allocation by the Dominion Church Property Commission of various properties between the United Church and the new Presbyterian, or non-concurring, Church, allocations of non-congregational properties held by the boards of the church in British Columbia include the Prince George school home, the Burns Lake hospital, Ahousat Indian school, Alberni farm and Ucluelet Mission to the United Church. Real properties held by the boards of the church in relation to certain congregations in British Columbia include the First Church and Pender Street Church in Vancouver which go to the United Church and the Chinese Mission, Victoria, and Chinese Mission House, Vancouver, which are awarded to the Presbyterians.

#### SAPIRO-FORD SUIT DECLARED MISTRIAL

DETROIT, April 21.—The million dollar Hoel suit lodged by Aaron Sapiro, co-operative marketing specialist, against Henry Ford, which has been before the courts for almost a month, was declared a mistrial this morning because a woman juror had granted an interview to a local newspaper favorable to Sapiro.

#### FISH EXCHANGE SITS EARLIER ON THURSDAY

Halibut Will go out on Afternoon Time Freight—102,000 Pounds Sold This Morning

In order to get the fish out on the time freight which leaves for the East on Thursday afternoons, the halibut buyers will sit earlier on those days of the week at the Fish Exchange to bid on such halibut as may be offering. The first of these Thursday morning sales was held this morning and the bidding was over at 9:30, packing of the fish starting immediately. A total of 102,000 pounds was sold this morning as follows:

American  
Vancee, 42,000 pounds, to Canadian Fish & Cold Storage Co., 12.7c and 7c.  
Nitkof, 40,000 pounds, to Royal Fish Co., 13.2c and 7c.

#### MORATORIUM IN JAPAN MOOTED

FINANCIAL SITUATION IN FLOWERY KINGDOM IS BECOMING INCREASINGLY SERIOUS—RUN ON TOKIO BANKS

TOKIO, April 21.—The Bank of Japan, at an urgent meeting today, reported that the question of a moratorium had been discussed owing to the serious financial situation. Later the Premier summoned all important bankers for a conference.

The majority of the Tokio banks are experiencing runs and the question is being asked whether the anxiety can be stemmed notwithstanding the fact that the government is exerting every effort to renew confidence.

#### WILL OPERATE JUNEAU MINES

TRAMWAY AND STAMP MILL TO BE INSTALLED FOR CLAIMS AT WINDHAM BAY

JUNEAU, April 21.—To exploit thirty-four high and low grade gold ore claims, a crew of expert tramway men arrived here yesterday enroute to Windham Bay, 100 miles southeast of Juneau.

Carl Willis, who heads the party, asserts that he has unlimited financial backing from four Wisconsin financiers who recently refused \$750,000 for the properties.

Willis expects to have a high grade stamp mill operating within three months after a 3,000 foot tramway has been constructed.

#### PROVINCE MAY HAVE FLOODS

CONDITIONS MAY BE LIKE 1894, YEAR OF HIGHEST WATER, GOVERNMENT FEARS

VICTORIA, April 21.—British Columbia faces another great flood this year as a result of heavy snows all over the interior during the winter and spring according to reports received by the government. If weather conditions continue to prove unfavorable, something like the conditions of 1894, the year of highest water, may be expected.

#### SEVERE FROST IN OKANAGAN

SOFT FRUITS AND APPLES SERIOUSLY DAMAGED, LOSS BEING COMPLETE AT SOME POINTS

VANCOUVER, April 21.—Frosts experienced throughout the southern Okanagan valley Monday and Tuesday seriously damaged soft fruits, particularly cherries and apricots, some points reporting total loss. The northern section of the valley suffered lightly but, in the Wenatchee district in Washington, damage to fruit and bloom is estimated at from forty to one hundred per cent. Apples were hit hard.

\*\*\*\*\*  
EAST VISITED WITH EARLY WAVE OF HEAT  
\*\*\*\*\*  
NEW YORK, April 21.—While the Middle West was experiencing quite the reverse in weather conditions, new April heat records were established in nearly all Atlantic coast cities yesterday. The thermometer here registered 86 degrees in the afternoon and, in Boston, the weather was described as "sweltering."

#### UNWARRANTED RUMORS REGARDING BOAT ARE SET AT REST BY WIRE

Another of the many alarming and uncalled for rumors that have been circulating in Prince Rupert like an epidemic this spring was set at rest yesterday when a telegram was received by the Bradbury & Yelf interests reporting that their new halibut boat B and Y had cleared from Seward on March 31, three weeks ago, for the halibut grounds after having landed a catch there. The B and Y is skippered by Capt. Alf. Wole and has a crew of seven well known local fishermen whose families have been somewhat worried from rumors that have been unsubstantiated as to the vessel's safety. The B and Y left here on February 28 for the northern banks.

#### STEWART BLACKSMITH PASSED IN HOSPITAL

Jack Chism, Who Died Yesterday, Had Been in Mining Camp for Some Time—Ill Since January

The death occurred yesterday in the Prince Rupert General Hospital of Jack Chism who came to the institution in January from Stewart in which district he had been employed for some time as a miner and blacksmith. Deceased was 67 years of age and unmarried. He is survived by a sister, Mrs. B. Simons of Fort Cobb. Funeral arrangements are in the hands of the B.C. Undertakers.

#### ELEVEN PERSONS ARE DROWNED IN BOTANY BAY FROM PINNACE

SYDNEY, New South Wales, April 21.—Eleven were drowned when a pinnace taking a party across Botany Bay during a storm dashed on the rocks at the mouth of Cook's River.

## PATROL BOATS AND AIRPLANES

MEMBER FOR SKEENA QUESTIONS EFFECTIVENESS OF LATTER IN REGULATING FISHERIES—SPEAKS OF OVERSEERS' WAGES

"I shall say just one word in regard to aeroplanes," said Mr. Brady, M.P. for Skeena, when fisheries patrol service was being discussed in the House of Commons at Ottawa. Though it first it was considered that the aeroplane might have met all the exigencies which it was called upon to meet, I do not think it does so to the extent suggested by the hon. member for Comox-Alberni (Mr. Neill). Aeroplanes cannot operate successfully in cloudy, foggy weather, and most of the poaching is done on obscure days when the visibility is poor. A good deal of it takes place also at night. The aeroplane cannot meet these requirements completely, and though the government may consider the advisability of using them, I still stress the importance of an efficient boat patrol. You want men as well as boats; the boats are essential but you cannot dispense with well trained men. So important is this fishing business to Canada that I am pleased to know that the government and particularly the minister is going the right way about it by providing up-to-date boats and, better still, men whose appointment will not be due to political pull. These men have charge of what may be considered a sacred treasure and if we did nothing else than provide for this great industry men of integrity we should be doing a good deal for the Dominion. Overseers should be given good wages so as to be removed from the sphere of temptation. I urge the minister to see to it that an up-to-date patrol system is put into operation in district No. 2 and wherever our fisheries demand them. Most important of all is it to pay the men good salaries. Just imagine a man engaged on these rough waters from morning till night from one end of the week to the other receiving a salary which any girl working in the post office on stated hours is paid—\$85 a month. That is what the overseers in my constituency receive. I am pleased to learn that the minister and the Marine department are alive to the importance of good overseers, and I would ask him to have guardians placed at the mouth of the more important creeks in district No. 2 and along the whole coast.

**PLEASED AT INCREASE**

I am pleased indeed to see there is to be an increase in the salaries paid overseers. I place great reliance on men of integrity, tact and ability, in other words, men able to resist temptation, than on any other factor in securing effective supervision of our fishing grounds. You will do far more for the protection of your fisheries if you have at the head of the patrol system men who are immune from the many temptations that beset them in their very difficult work. There was in the Naas district an overseer of considerable value to the government, a man who was faithful in every possible way. He has left that position. He was married and had two children, and he paid \$40 a month in rent. I want to impress upon the minister the fact that out of a salary of \$85 a month this man had to pay \$4.75 towards superannuation, and that meant a good deal to him. I know that an improvement is being effected in regard to better salaries, but the importance of the patrol system on the Skeena cannot be exaggerated. For those who regard the matter lightly I would point out that this great area comprises five distinct divisions starting at Rivers Inlet and going on to Smith's Inlet, north to Addenbrook island to Bella Coola, Burke and Dease Channels. The central division extends from Namu to Lowe Inlet, and in the Skeena division there are Prince Rupert, Skeena River, Chatham Sound, Naas River, Port Simpson to the boundary line.

The present system in district number two is hopelessly inadequate. As an illustration of that I might refer the committee to the boats now in use. There is the Gloya, 54 feet long. She is three years old and her rate of travel is seven miles per hour. The Heron is eleven years old, has 45 horse power, is 58 feet long and travels at eight miles per hour. The Hawk which is twenty years old is 32 feet long and has 14 horse power. I computed roughly the obligations in connection with these boats to enable them to cover the area properly. It would be absolutely necessary for each of them to cover 290 miles per day, and inasmuch as they have to stop vessels for examination, which takes time, it necessarily follows that they must be properly equipped in the matter of speed. I would urge the minister to place in that district up to date patrol boats capable of a speed of fifteen miles per hour. They should have accommodation for four persons with extra accommodation for the officials.

**WHAT NEILL SAID**

A. W. Neill, member for Comox-Alberni, had said previously:

My hon. friend from Skeena (Mr. Brady) I know will support me, as did his predecessor who was a Liberal. In his district the only remedy for poaching is for the department to again put the seaplane service in operation. I should like to know from the minister the policy of the department in this regard.

### LOCAL ELEVATOR IS MAKING GOOD.

To load twenty-four ships with over five million bushels of wheat, and there will probably be more than that yet, is not a bad record for the local elevator in the first season of its operation. We wonder what the knockers, who fondly predicted that the big house would be a "white elephant," have to say to that. No doubt, they are greatly disappointed.

The Prince Rupert elevator has taken but a short time to prove that it is not, as the political opponents of Prince Rupert contended right through the struggle to get the plant, a political expediency. Nor does it look as if the much-criticised lease is going to turn out to have been a mistake. The Alberta Wheat Pool has yet another season to experiment with a plant with which its officials have already expressed satisfaction. There seems to be little doubt now but they will buy the plant outright or tie it up with a lease satisfactory to all parties when the specified time comes to take such action.

The admission of the Wheat Pool that this has been developed into a grain port with facilities and advantages equal to those of any on this coast is a momentous one for Prince Rupert. A good start has been made and developments may follow that it is difficult to estimate. The situation should be most gratifying to all those who are in any way interested in the welfare and progress of this great and promising port.

### WILL BE PEACE RAILWAY SOON.

The question of a Pacific Coast outlet for the Peace River, as far as any definite action may be concerned, has been shelved for the time being at least by the federal government which, however, has undertaken to keep continuously in touch with the situation. There may be no action this year but the question will undoubtedly come up again next year and continuously until something is really done. The minister at Ottawa may say that there may be no such railway in one hundred years. We think he is rather wide of the mark in his prediction. There must and will be a railway to the Peace River in a very short space of years and there is more than a good chance that Prince Rupert will be its most direct terminal.

### CANNERY LEGISLATION BEING THREATENED.

The suit brought by the Somerville Cannery Co. in Supreme Court against the federal department of fisheries is of signal interest to the entire salmon fishing industry on this coast. Mr. Millerd, the principal of the concern, has for some years been agitating for radical changes in the administration of the fisheries. The demands he now makes in his suit are even more surprising than might have been expected. It looks as if there is a big battle in store on the elementary principles of canning legislation, the whole structure of which is threatened. It is something that has been coming to a head for some time and which should soon be definitely settled one way or the other.

### THE OLD SWIMMIN' HOLE.

For the man who was born in the country but who migrated to the city there are recollections which are undying always associated with the springtime.

Strongest of these for many is that of the old swimmin' hole. No matter how long since its delights have been experienced, its appeal is insistent. The desire to revisit boyhood haunts makes him a member of that band of boys—some of them six and others 60 and a bit, but all members of the same lodge whose dues are payable in ineffaceable recollections of the deep pool under the edge of a bank shaded by willow, sycamore or maple trees.

The love of the old swimmin' hole will always endure in the heart of the Canadian boy, young or old, and hundreds of thousands of them will turn their faces toward the old places and yearn for the companions of their youth; and deep down in their hearts will be the memories of the mother who more than once convicted them of playing hooky by running her fingers through their damp hair.

# The Market Place

SPACE, the last frontier, is being conquered by the telephone. At the time of Confederation, Canada's communication within her borders and with the markets of the world was arduous and slow... News and the stuffs of commerce travelled slowly... To traverse Canada was high adventure.

In 1870, just three years after Confederation, Dr. Alexander Graham Bell, whose life had been despaired of by his physicians, went to Brantford, Ontario, to die. Fortunately he was spared, not only to initiate the movement of the transmission of speech by electricity but to see his invention improved and perfected until it became one of the greatest factors in the social and business life of the world.

The transmitter was in Brantford, the receiving instrument in Paris, Ontario. Various persons spoke and sang into the transmitter and were heard by Dr. Bell through the receiving instrument.

Today the telephone in home and office permits conversation with friends and associates half the world away. It is the new world market place. More than 1,000,000 telephones are in use in Canada. They provide opportunity quickly to exchange good wishes, news of commercial or social import and to keep in touch constantly with the world.

The first time that transmitting and receiving instruments were placed miles apart and speech successfully transmitted was on August 10th, 1876, nine years after

The Northern Electric Company is proud of its share in this development which links the provinces more closely together. The industrial and political significance of this nearness is tremendous because it is productive of increased national progress and goodwill.

## BRINGING UP FATHER

## EXPERIMENTAL FARM DEBATED

J. C. BRADY, M.P. FOR SKEENA, URGES ONE FOR THIS DISTRICT IN DISCUSSION AT OTTAWA

"Before this item passes I would like to draw the attention of the minister to the great importance and the great need of continuing to add to the experimental farms of Canada," said J. C. Brady, M.P. for Skeena, in the House of Commons at Ottawa last week when an appropriation of \$1,600,000 to the Department of Agriculture for experimental farms was under discussion.

"I think the minister has said that the increase in these farms has practically ceased since 1920, and the time has now come for the Department of Agriculture to consider the advisability of establishing another experimental farm in northern British Columbia. As the minister well knows, in Northern British Columbia we have a great new country which claims the right of consideration. The experimental farms at Agassiz and Summerland are serving parts of British Columbia which are absolutely different in climate and in other conditions from other parts of British Columbia. The minister knows that the area to which I refer has become very prominent lately because of the fact that at the Chicago exhibition the first prize for timothy seed for the whole of the North American continent was won by a farmer of that district; furthermore, at the Victoria agricultural show in 1926 this district took most of the prizes for root crops.

"If the ex-minister of agriculture (Mr. Toimie) had had the opportunity now in the power of the present minister, I know that an experimental farm in northern British Columbia would be a reality today; although I am not an expert on experimental farms I do know what the farmers of northern British Columbia need, and I know what experimental farms have done already in developing agriculture, live stock and poultry to that high state of perfection which has made Canada prominent in the eyes of the world.

"I would like the general minister of agriculture to turn his eyes towards northern British Columbia which one day will take its place in wealth and in its contributions to Canada alongside of the more established parts of this country—I mean Ontario and Quebec. I hope, Mr. Chairman, that the minister of agriculture will not forget this district, even though the session is now almost at an end.

**TOLMIE FAVORS IT**

Dr. Toimie: "I would like to take just a moment to endorse the demand for more acreage in connection with the central experimental farm at Ottawa. It is impossible to carry on with such a restricted area to the very best advantage. I also want to endorse what the last speaker said with regard to that great inland empire of northern British Columbia. That country has a rich soil and a sufficient rain fall, and is particularly well suited to mixed farming of all kinds, and in that northern section there is not an experimental farm for a distance of some two hundred miles. This would be a tremendous help to the farmers of that section, particularly those newly settling there, and I would like to give this request my strong endorsement. The minister or the deputy will remember that along in 1920 or 1921 we had this area looked over by some of the experts of the department, and they decided on that occasion that that section should have an experimental farm if it was to progress in the manner which was to be desired.

## VANCOUVER SUN PARTY ARRIVES IN RUPERT

Winners of Recent Geographical Bee are Guests of City During Stay Here.

On this afternoon's train, the winners of the Vancouver Sun's recent "Canada Bee" arrived in the city in charge of Miss Myrtle B. Patterson of the Sun staff. They were met by Mayor Newton and a committee from the Parents' Teachers' Association consisting of Mrs. J. Boddie, Mrs. C. H. Arnot, Miss S. A. Mills and J. S. Wilson. Immediately after the train arrived, the party was taken to the plant of the Canadian Fish and Cold Storage Co. and shown through the workings and, if time permits before dinner, they will also be shown about the city.

At 6 o'clock the party will be guests of the city at dinner in the Commodore Cafe and, during the dinner hour, will be entertained by the Boys' Band. After dinner, if the weather is suitable, the party will be taken for a boat trip around the harbor and will then be the guests of Mr. and Mrs. S. R. Parker, 219 Second Avenue, until the Prince Rupert sails for the south at 11 o'clock. Included in the party besides Miss Patterson and Miss Dorothy G. Bell of Ladner are: Everett Kennedy from North Vancouver; Raymond Bramwell, Vancouver; Jock Dowdle, South Vancouver; Ronald Johnston, Beaconfield School and Stuart Wood, Courtenay.

## SPORT CHAT

Sixty eight teams will operate in the Vancouver Sunday school baseball league this season. The opening games will be played tomorrow.

Rosa Marguerita Ross of Toronto, world's champion woman sprinter, was married last week to Bertram O'Neil of Toronto. They will make their home in Toronto where both have lived for some time.

A ladies' lacrosse league has been established in Victoria with two teams the Esquimaux and Canucks, organized and ready to play. A trophy will be secured and the winners will, if plans materialize, travel to Vancouver to meet the mainland champions of that district for the provincial title.

That the Edmonton Commercial Grads will retain the Canadian ladies' basketball championship in their final encounter to-night with the eastern champions—the Toronto Lakesides—is the opinion of the sporting fraternity which has become accustomed to the Grads turning in victory after victory. In their first encounter, the Grads won by a good margin although playing on a strange floor. The consistent playing of this team for the past few years is nothing short of marvellous and reflects very favorably on the coaching of Mr. Page.

The first two of the season's five great Classics will be run at Newmarket, England, before April is over, and yet there is no dominant contender—no outstanding popular favorite. The Two Thousand Guineas and the One Thousand Guineas will run on April 27 and 29, the latter for fillies exclusively. Leading contenders for the Epsom Derby, to be run on June 1, only four weeks later, should emerge from the running of the Two Thousand Guineas and One Thousand. The distance however always has to be taken into account. Both the Derby and Oaks are half a mile longer than the Guineas races.

The sporting editor of the Hamilton Herald referred recently with great regret to the death from pneumonia of Miss Velma Springstead, twenty-year-old daughter of B. L. Springstead, prominent amateur sports official. "Velma was one of Canada's leading girl athletes. She was a star sprinter, a top-notch basketball player and a very capable performer in the softball field. Her prowess on the cinder track was recognized by the Canadian Women's Athletic federation when she was chosen as a member of the team that represented Canada in the international competition in England. She was holder of the Hamilton city junior and senior championships in ladies' athletics, and also held an Ontario championship for short distance running."

The big yachts that form the principal class will be seen racing under rather different conditions this year, as the British Yacht-Racing Association has decreed that they must be measured under the new International rating rule. To conform with the new rule it will be necessary for the cutters Britannia, White Heather, Shamrock, and Lulworth to reduce the height of their masts, and this modification in the sail plan may make a considerable difference to the relative speed of the yachts. That some restriction on the height of the sail plan was desirable there can be no question, as during the past few years mastsheads have been soaring upwards towards the sky, like

the beanstalk of the fairy tale. But what probably brought the matter to a head was the behavior of the yachts in the famous black squall at Ryde last August, when Shamrock was dismasted, White Heather carried away her main halyard and Britannia was unmanageable. His Majesty and Sir Thomas Lipson have already had the required alteration effected to Britannia and Shamrock respectively, and Sir Mortimer Singer has agreed to do likewise with Lulworth. But Lord Waring declines to cut the mast of White Heather, and unless he reconsiders his decision the yacht will be absent from the fleet, as no vessel will be permitted to race without first producing a new certificate of rating.

**ENGLISH CUP FINAL SATURDAY**

NEITHER ARSENAL OR CARDIFF HAVE WON—SOCCER CLASSIC TO BE FOUGHT AT WEMBLEY

LONDON, April 21. (Canadian Press).—History will be made when Arsenal and Cardiff City meet at the huge Wembley Stadium in the final of the competition for the Cup of the English Football Association. Cup Final Day is Saturday, April 23. On that day more than one hundred thousand spectators who will jam the amphitheatre will see battling for the coveted prize two strong teams, neither of whom have yet won it.

The Cup has never been won by a Welsh team, though Cardiff reached the final in 1924-25 only to be defeated by Sheffield United. The Arsenal have never been able to engrave their name on the ancient silverware, though they have twice reached the semi-finals, the second time 20 years ago.

Should Arsenal win it will be the first time the Cup has come to the metropolis for a temporary home since 1920-21, when it was won by Tottenham Hotspurs.

**UNIQUE SCENES**

The series completed by the Cup Final this season have been unique in this respect—the rout of northern teams. Including Cardiff all four teams in the semi-finals were from the South, for the first time in history, something never accomplished by the north despite its very fine Cup games record. Arsenal vanquished Southampton, 2-1, while Cardiff City qualified for the final by defeating Reading 3-0.

The historic battles on the soccer field for the Cup began in the season of 1871-72, and have been staged every year except during the war.

The teams to be fielded by the finalists will likely be chosen from:

Arsenal.—Lewis or Harper; Parker, Cope, John, Baker, Butler or Seddon; Milne, Hulme, Buchan, Brain, Blyth, Shaw or Hour.

Cardiff City.—Farquharson; Nelson, Watson; Keener, Sloan, Hardy; Ferguson, Irving, Davies, Curtis and McLaughlan.

## TOTEM POLE HAS NOW BEEN MOVED

HAS BEEN PLACED IN CITY STORES  
PENDING DECISION AS TO SITE  
FOR ITS RE-ERECTION

The old Queen Charlotte Island Totem pole, which was erected a few years ago by the Board of Trade at the corner of Second Avenue and Second Street, was taken down yesterday afternoon in compliance with a recent edict of the city council and pending the selection of a new site for its re-erection, has been placed in the city stores.

There has been considerable discussion as to a suitable location for this relic of a former day and a suggestion has been made that it might be placed near the reservoir on Aeropolis Hill. It is said that it would draw tourists to that vantage point where they would be able to obtain a full and beautiful view of the city and harbor as well as the native village of Metlakatla and waters outside the harbor.

It is likely that the city will have the pole touched up in order to make it more presentable in appearance.

## TRICK IS DEVISED BY DOPE PEDDLERS

BUENOS AIRES, Argentina, April 21.—Dealers in forbidden drugs in this city have sprung a new trick on the police in order to carry on their illicit trade.

They are now depositing the drugs in safe deposit vaults in banks, as if they were jewels. A judge visited two banking institutions and confiscated parcels containing cocaine, morphine and heroin. Two of the dealers were trapped and arrested.

## ELEVATOR LEASE IS COMMENDED

DR. G. G. COOTE, U.F.A. MEMBER FOR  
MACLEOD, THINKS GOVERNMENT  
DID RIGHT HERE

In the course of a recent debate at Ottawa on the matter of a loan to the Board of Harbor Commissioners at Vancouver, Dr. G. G. Coote, United Farmer member for MacLeod, Alberta, spoke as follows:

"Does the government admit that it would be good policy to lease the elevators? I ask the question because I am advised that one of the privately owned elevators, Spillers handled last year twenty million bushels, while the government's own elevators handled only about fifteen million bushels. Personally, I think the commission made a great mistake when in the first place they decided to lease what is called the old Woodward elevator. I think they should have pursued the policy laid down at Montreal of having all the elevators owned by the commission. As it is now, with certain elevators privately owned, these get all the grain when it is coming forward slowly, and the commission's elevators are used only when the privately owned elevators cannot take care of the business. The harbor commission made a mistake in leasing the Woodward elevator, and they made a further mistake in granting a lease for the property on which Spillers' elevator was erected at a rental so low that it does not cover the interest on the money invested in the property. I think this shows the necessity of having all matters of expenditures and policy—for instance, in granting leases—subject to the approval of the minister, so that he may justify the expenditure and the policy before parliament. The Vancouver harbor commission I think have been very unwise in their elevator policy. They constructed their elevators at too great a cost. It has been discussed in past years and I do not want to go into it again now, but that cost alone is a handicap. The granting of favorable terms to private companies to come in and operate elevators of their own was another mistake. But now there are two elevators, one privately owned and one under lease to the United Grain Growers, and I think it is a good policy on the part of the department to consider the leasing of one of the other two.

"I have no hesitation in saying that the government should give every possible consideration to the Alberta Wheat Producers' Association, which is seeking to lease an elevator in that city. Both major political parties have stated through their leaders that they are willing and anxious to grant assistance to the farmers in co-operative marketing. We have in Alberta the first co-operative effort among wheat producers on a large scale to market their own product. I regret that a year ago the government were not able to see their way clear to lease to the co-operative Wheat Producers' Association one of the elevators at Vancouver. I wish to commend them for their action in leasing the elevator at Prince Rupert. I think that has been good business for the government, for Prince Rupert and for the producers' association, and I hope they will give the producers' association just as favorable consideration in connection with the leasing of an elevator at Vancouver, which I know the association are very anxious to secure. Seeing that the Alberta producers are not to get representation on the board, I think it is the next best way of assisting them in the handling of their own product and the marketing of wheat at Vancouver."

Both major political parties have stated through their leaders that they are willing and anxious to grant assistance to the farmers in co-operative marketing. We have in Alberta the first co-operative effort among wheat producers on a large scale to market their own product. I regret that a year ago the government were not able to see their way clear to lease to the co-operative Wheat Producers' Association one of the elevators at Vancouver. I wish to commend them for their action in leasing the elevator at Prince Rupert. I think that has been good business for the government, for Prince Rupert and for the producers' association, and I hope they will give the producers' association just as favorable consideration in connection with the leasing of an elevator at Vancouver, which I know the association are very anxious to secure. Seeing that the Alberta producers are not to get representation on the board, I think it is the next best way of assisting them in the handling of their own product and the marketing of wheat at Vancouver."

NEW HALIBUT BOAT NITKOF IS IN PORT

Fine Big Vessel, Making First Call Here, Belong to Capt. S. Johansen of Petersburg

Another brand-new American halibut boat is making its first call in this port today following its maiden trip to the fishing grounds. The vessel is named Nitkof and belongs to Capt. S. Johansen of Petersburg whose former boat was the Brothers. She is typical of the larger America boats and brought a catch of 40,000 pounds which was sold to the Royal Fish Co.

The Nitkof, which was built at Seattle during the past winter, is 72 feet long with beam of 18 feet and 8 foot draft. She is equipped with a 120 h.p. two cycle Fairbanks-Morse full diesel engine and carries a crew of ten men.

This afternoon's train, due from the east at 3:30, will arrive on time.

The "good old days" weren't really superior to these; you just had pep enough to enjoy them.

SOCIAL AFTERNOON AND EVENING GIVEN BY CATHOLIC WOMEN

Success Attended Tea and Sale Yesterday Afternoon Followed by Evening Festivities

A very successful tea and sale, under the auspices of the Catholic Women's League, was held yesterday afternoon in the parish hall under the general supervision of Mrs. D. W. Morrissey, president of the league.

Last evening a social time was spent at cards followed by a dance which was attended by a large number.

During the afternoon a fine musical program was rendered, those who contributed including Mrs. F. P. Kenny, Misses Mary and Margaret McCaffery, Miss Ruth Gillies, Miss Agnes Gratton, Miss Lorna McLaren, Miss Marie Murphy, and Mrs. J. J. Muldoon, the last mentioned giving vocal selections.

Those in charge of the various booths during the afternoon were:

Sewing—Mrs. A. Leveque, assisted by Mrs. S. Batchler, Mrs. H. Smith and Mrs. H. F. Glassey.

Raffles—Mrs. Otter Besner, assisted by Mrs. H. Lejourneau.

Home cooking—Mrs. H. Meagher and Mrs. J. J. Muldoon.

Tea room—Mrs. M. P. McCaffery and Mrs. E. A. Wakefield. Misses Lucy and Mary O'Brien, Miss Lorna McLaren, Misses Mary and Margaret McCaffery acted as serviteurs. Mrs. B. Curtin and Mrs. Kincaid poured while Mrs. J. McNulty acted as cashier.

The winners at the various raffles were as follows:

Box of candy, donated by Mrs. Davidson, won by Francis Moore.

Pair of towels, donated by Mrs. R. E. Moore, won by Mrs. H. F. Glassey.

Jacket, donated by Mrs. Besner, won

by Miss Grace Curtin.

Pair of bath towels, donated by Mrs. A. D. Gillies, won by J. Mulligan.

A rug, donated by Mrs. J. H. Meagher, will be drawn for later.

In the evening the card tables were in charge of Misses Mary and Pulmyra Astoria and the winners were as follows:

Bridge—First prizes, Mrs. S. T. Wood and V. Meagher; consolation prizes, Mrs. F. P. Kenny and H. McEwen.

Whist—First prizes, Mrs. J. Ratchford and L. Couture; consolation prizes, Mrs. Bassobert and G. Royer.

Music for the dance was furnished by Mrs. R. P. Ponder's orchestra.

ANNIVERSARY OF PATRON SAINT OF ENGLAND IS TODAY

Today is the anniversary of the birth of St. George, the tutelary saint of England. Englishmen here, as well as in all other parts of the world, plan to duly celebrate the day.

Adopted by Edward III, St. George is believed to have been a native of Cappadocia and a vigorous champion of Christianity in the days of Diocletian. Tradition has it that he suffered martyrdom at Nicomedia in 303 A.D. The dragon, which he is said to have slain, symbolizes the powers over which he triumphed. The banner of St. George, forming a part of the Union Jack, Great Britain's flag, is white with a red cross.

There is something about a wind-shield glass that magnifies a tack and makes a pedestrian seem a small matter.

The usual plan is to decide in accordance with the evidence and the arguments of other jurors.

Driving in the country is safe. Rural telephone poles are fragile things.

Became So Weak Could Hardly Stand

Mrs. Wm. Palmer, Tomahawk, Alta., writes:—"Last spring I had a long spell of sickness and became so weak I could hardly stand. I could not sleep at night as the least little noise would wake me up. I tried blood tonics and other nerve pills, but they did me no good, and I was getting worse. I wrote my mother about my condition, and she sent me three boxes of

After the first box I was feeling much better, so I kept on until I had used the three boxes, and now I feel as well as ever I did when I was a young girl." Price 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Neglected Eyes

NEGLECT is doubtless the cause of most of the ills that afflict humanity. This is so self evident that it seems hardly necessary to tell you. If your eyes are giving trouble, have them attended to—and at once. OF ALL absurdities in the kingdom of foolishness, surely the loss of eyesight through neglect is the most inexcusable. DON'T lose health and efficiency through neglect. Come and see!
