# PREPARING FAIR **BUILDING NOW**

Workmen Busy Putting Exhibition Hall in Attractive Shape

Inside the Fair Building preparations are well under way for the staging of Prince Rupert's annual exhibition next week. Men with hammers and saws are sfly engaged in work on booths. stands, display tables and the various other essentials for the big show. Not only in exhibits, but in the general interior arrangements, a number of innovations are to be introduced. Midway booths at the rear of the building have been overhauled and, inside, a number of commercial concerns are going to considerable expense in making ready. A unique exhibit for the 1927 Exhibition will be that which is to be put in 75 by electrical workers of the city with the assistance of the municipal light department. It will depict the entire process of power production from the

DAILY EDITION

# PRINCE RUPERT FAIR

this city. Prince Rupert fair week is again approaching and judging from the efforts made and the forecasts of the management, it promises to be quite a different fair from any that has preceded it.

This is a civic institution and quite different from any other counters as in the past, district displays event here. It is the people's own annual celebration which brings will be placed on tables tapering up many visitors to town and to a large extent is an advertisement of what the city is able to do. For that reason local citizens are asked to enter wholeheartedly into the spirit of the occasion and to aid in every possible manner the managers in making the event successful.

Next week, while the big fair is open, is a good time to entertain guests from the country and return some of the courtesies en- year includes a commodious fire escape tended to Prince Rupert people when they are away from home. is a great thing to make outside people feel that they are really east corner. welcome here and that Prince Rupert appreciates their visit.

Being miserable is purely a mental condition although it is sometimes the result of a dyspeptic condition of the body.

The next big thing in the world will be the new Ford car, if advance notices mean anything.

# DUTY OR PLEASURE

In most of the entertainments provided for the people of Prince Rupert, whether it be on a holiday or at any other time, there are those who scold because people do not patronize sufficiently the affairs provided for their benefit. So much is this the case that these affairs have become a nuisance. People think those who do

dammed water to the household or industrial consumer. The model of the Shawatlans Lake plant and the city ransmission lines is to be followed. Other notable exhibits will be that of the local fisheries experimental station and a collection of some 200 painting from the hand of Mrs. W. Goodrick of

In the matter of general arrangement, it has been decided to place all agricultural exhibits again on the main floor this year. Instead of on long with shelves in conical shape. School, domestic science and Indian sections will be found in their usual places but fancywork will come downstairs this year and will be so placed that it may be locked up at night, eliminating any danger of pilfering.

Other new work on the building this It leading from the balcony at the north-

Various Charges Made to Newcomers by Those Who Look After Their Interests

EDMONTON, Aug. 31 .--- Startling disclosures of the methods adopted by certain colonization associations to exploit immigrants entering Canada

# with Every Suit Ordered of identical material and workmanship without extra charge

We announce that on September 1, 2, 3, Mr. G. Mathison, Head Office representative of the Berger Tailoring Company, Limited, will personally conduct a special advance showing of Berger Fall fabrics, which are British Importations of the finest and newest woollens and worsteds procurable, and finished models.

During this special display, extra pants of identical material and workmanship will be given absolutely free with every suit ordered.

Mr. G. Mathison will himself fit all men purchasing garments during this visit. This is an unusual opportunity to be fitted by an accomplished tailor.

Men, it will pay you to investigate this amazing offer now.

Special prices on Overcoats ordered during this special sale.

Bring This With You

not attend are lacking in civic spirit.

But it must be remembered that not everyone enjoys sitting beneath a scorching sun watching games or sports. Not everyone on the subject of immigration. He enjoys dancing or festive music. There are people who enjoy much charged that in many cases the affidavits more a day on the beach or at an island stream or climbing mountain.

When entertainments are provided, those who are attracted they arrived at their destination they will be present to enjoy them, but there will always be a large were shamelessly exploited by members number of people who do not care for crowds and who carefully avoid them. To them attending a celebration or holiday sports is a duty and not a pleasure. They would rather be excused.

The most disagreeable person in the world is the candid friend who tells you confidentially what some sewer habitue says about you.

To see one of these big he-men in the hands of a little unpretentious woman reminds us that the world is not ruled by physical force only.

# IN TOUCH WITH WORLD EVENTS

interested in reading the local news of the place than in the big world events. The objection to this is that it tends to narrow the horizon and make us provincial in our outlook. Carried to the ex- cent to the men introducing the busi- nation. treme it makes villagers of us.

In order to counteract this and to give the people here as the mail addressed to these men, and great opportunities as possible, efforts are made to secure accurate a weekly fee of 25 cents was charged for news of world events. We published many exclusive despatches on this privilege. They were shepherded to the disarmament conference, on the British and Canadian and Ameri- restaurants in which the owners of the can political situation, on the railway commission and also on inter- agency had an interest, and generally national moves throughout the world. As far as finances will admit speaking they were stripped of every cent we secure despatches that we think will interest readers on big sport of their money shortly after arriving in events such as the big swimming race at Toronto today. These sport events are usually published with the other news on the front Mr. Roper, "from first-hand knowledge page and not on the sport page because they are apt to arrive late from official sources, and do so without and it is more convenient to the makeup of the paper to place them any fear of contradiction." there.

through their agency were made by Elmer Roper of Edmonton in an address a under which the people were brought to Canada were false, and that when

of the agencies bringing them here. In support of his statements he asserted that a certain agency had been caught bringing in immigrants on affidavits fixed by the association, and that when the men arrived they were charged three dollars registration fee for the services of an agency to look after their interests.

"This is the manner in which they look after the welfare of those ignorant immigrants," declared Mr. Roper. "Officials of this organization informed

them that the clothes that they had gone to sleep in the bath tub, which

A MONG heating experts warm air is known as the most healthful and economical form of domestic heating. It fosters health-gives winter-long comfort. It costs about one-half that of other systems. Yet, because so many warm air furnaces are unscientifically installed, thousands of householders are not getting the results they should.

How can this condition be remedied?

The answer is "Code Installation". A "Code Installed" Warm Air Heating System is a system installed according to tried and proven scientific principles. There is no guesswork. "Code Installed" warm air guarantees an unfailing abundance of moist, circulating healthful heat -seventy degrees in every room during sub-zero weather.

McClary's are the only Canadian members of the National Warm Air Heating and Ventilating Association-an association which has adopted a scientific code for installing warm air furnaces. By insisting on a McClary's "Code Installed" Sunshine Furnace you are guaranteed a heating system which costs less to buy and less to maintain than more elaborate systems-yet provides 70 degrees of heating in every room.

McClary's Ventiblast is an exclusive feature of McClary's Sunshine Furnace, which burns soft ceal equally as well as hard coal, coke or wood. It mixes preheated air with soft coal gases and converts them into flame-thus eliminating soot, waste and dust.

Fill in and mail attached coupon, and we will send you name and address of the nearest McClary's dealer who will guarantee a "Code Installed" heating system which will give lifetime satisfaction.
