NAVAL REDUCTION MAKES PROGRESS

SOUTH AFRICAN FLAG TO BE VOTED ON IN REFERENDUM

KETCHIKAN IS NOT COMING

ROTARY VISIT ALSO SAID TO BE CANCELLED BY CHANGE

It was decided by the Diamond Jubilee of Confederation Celebration Committee last night to cancel the proposed series of baseball games between Ketchikan and Prince Rupert. It was so decided because Prince Rupert had made a proposition to Ketchikan some time ago with a view to arranging for such a series but, up to last night, the northern town had not replied. Instead of this feature there will be a series of the best two games out of three between the Gyros and Sons of Canada, City Senior League teams, for a set of sweaters.

After the meeting last night, a telegram was sent to Ketchikan announcing cancellation of the arrangements for the baseball series. This morning a reply was received stating Ketchikan's willingness to accept the arrangements that had been made. The telegram also said that the Rotary Club visit, scheduled for next week, was off. The telegram, came, however, too late to change the action decided on.

Brady, M.P. for Skeena, and will proceed by tomorrow morning's train to the interior, his itinerary calling for stops at various centres before he reaches Williams Lake to attend the Stampede there on July 1.

It is six years since Dr. Tolmie last visited Prince Rupert. He was then minister of agriculture in the Meighen federal cabinet.

Limitation of Cruisers and Smaller War Craft Referred to Committee by Conference

Expected agreement may be reached possibly along lines of proposals made by United States

GENEVA, June 24.—The formation of committees of experts to study the limitation of cruisers, destroyers and submarines was decided on at today's meeting of the executive committee of the naval conference. W. C. Bridgeman, representative of Great Britain, was chosen chairman.

Yesterday's session produced a feeling of expectation that an agreement may be reached on submarines both as to the number to be built by each country and the total tonnage. One of the most hopeful signs was the disposition of the British to discuss figures of total submarine tonnage, which had been previously avoided. The hope was expressed that the British might find a way to accept the United States proposals in regard to cruisers and destroyers.

The committee on cruisers will study the British scheme for reducing the tonnage of cruisers from ten thousand tons to seven thousand five hundred tons. This would involve the re-opening of questions decided at the Washington conference. The Japanese notified the British that the re-opening of the Washington agreements exceeds the mandates of the present conference.

(Later Despatch)

GENEVA, June 24.—Great Britain has accepted parity with United States in the matter of ten thousand ton cruisers. Rt. Hon. W. C. Bridgeman, First Lord of the Admiralty, and delegate to the tripartite naval conference announced today. Parity in the matter of other cruisers is now being discussed.

DAVIS RAFTS PATENT GOOD

INJUNCTION GRANTED BY COURT AGAINST INFRINGEMENT AND REFERENCE AS TO DAMAGES

VANCOUVER, June 24.—Finding that Gilbert Davis of Portland was the inventor of the Davis raft, Mr. Justice W. A. Macdonald of the supreme court granted the Davis Log Rafts Patent Company and the Davis Ocean Log Rafting and Towing Company of Portland an injunction restraining Cathels and Sorenson, Victoria loggers, from infringing patent rights. He also directed a reference as to damage sustained through alleged past violations without license from the plaintiffs.

The Victoria firm constructed Davis rafts and paid no royalty on the patents and the claim was contested on the ground that Davis was not the first inventor and that the Davis raft was not a patentable device.

CARDINALS ARE NEARING TOP

PHILADELPHIA TAKES SECOND PLACE IN AMERICAN LEAGUE FROM CHICAGO

NEW YORK, June 24.—St. Louis Cardinals took another step toward the National League summit yesterday by defeating Cincinnati 1-3, while Pittsburgh and Chicago were idle. The New York Giants to some extent retrieved their recently waning fortunes by taking a double-header from Boston. Brooklyn beat Philadelphia 3-1.

While New York Yankees continued in winning stride by defeating Boston 11-4, Philadelphia, by defeating Washington, took second place in the American League, replacing Chicago White Sox who were beaten by Detroit Tigers. Cleveland defeated St. Louis 7-2.

Lou Behrig, the Yankee first baseman, smashed out three homers to contribute to Boston's defeat. His record is now 21 for the season and he is right after his teammate, Babe Ruth, whose record now stands at 24.

Rain halted the Cleveland-St. Louis game after the former had won six innings.

VESSEL JUST RETURNED TO VANCOUVER AFTER VISIT TO THE ROOKERIES

VANCOUVER, June 24.—The fisheries protection boat Givenchy arrived here yesterday after seventeen days' shooting at the Virgin and Pearl rookeries at the Queen Charlotte Island with a bag of 1663 sea lions.

As a result of the efforts of the past seven years the number of sea lions has been decreasing and fewer fish are being destroyed by them.

South Africa Will Vote on Newly Adopted Flag

SMALL UNION JACK AND OTHER EMBLEMS ON WHITE, ORANGE AND BLUE HORIZONTAL STRIPES IS DESIGN AS PASSED

CAPETOWN, June 24.—The new flag, the introduction of which has caused one of the bitterest struggles in the history of the Union of South African Assembly, the point of contention being the admission of the Union Jack as part of the design, may yet be turned down if the people decide to vote against it. However, this is not likely. It was formally adopted by the Assembly yesterday subject to a referendum.

The new flag contains the Union Jack in the top left hand corner, the space occupied by it being one-sixtieth of the whole. The flag has broad horizontal white, orange and blue stripes on the body. The Orange Free State "vierkleur" is in the top right corner, a shield in the centre, the Transvaal "vierkleur" in the left bottom corner and four stars representing the four provinces in the right bottom corner.

The Ozark lay stranded this morning and the Surge is at the bottom of the sea. The fishermen were drowned when they sank with a section of the craft as she broke in two and two or their comrades were badly injured. Nineteen survivors made their way to shore in dories on a comparatively smooth sea.

RETURN OF PEACE RIVER LANDS

One of the chief arguments in favor of the return to the province of the Peace River railway lands is that they could be used as an inducement for some person to build a railway into the Peace River.

It is now recognized that when a country gives land to a railway it is a good colonization move. The railway has facilities for getting settlers and selling the lands, and one farmer who buys is worth ten who settle on free lands. The C.P.R. had huge land grants, yet it sold practically all the land and that land is being farmed today. If British Columbia could secure the Peace lands it could use them to induce the building of a line from the National Railway main line into the Peace country.

If the Dominion does not return these lands it is to be hoped it will hand them over to the Canadian National and have them opened up by a railway line leading west.

This week the schools close and parents will have to mind their own children for a month or so. What an outlook!

Next month is the time the savings account is likely to dwindle. That is, if there is a savings account.

Canadianism is minding your own business if there is time to spare from fussing over the neighbors.

KNOW OUR OWN COUNTRY

Do we Canadians say often enough "See Canada First!" or "Build Up Your Own Country!"? says the Victoria Times. Eastern Canada newspapers have been moved to ask this question after noting that the government of this province has appropriated the sum of \$25,000 for the purpose of letting the people of other parts of the Dominion know what British Columbia has to offer them.

It is being pointed out that Canada has suffered from a lack of the proper kind of publicity and even more from the propaganda of those who for selfish reasons have misrepresented conditions in this country. As a consequence an undesirable psychological outlook has been created which will yield only to the enthusiasm of those who have abounding faith in Canada.

Such slogans as "See Canada First!" and "Build Up Your Own Country!" should appeal to all Canadians, not only this year of the Dominion's sixtieth birthday, but all the time. Every citizen should be inspired with the desire to see, know and develop the country to which he belongs, of which he is an integral part, even though his birthplace may have been in another land and under a different flag.

What a fine thing for Canada, her business and economic future generally, if even half of those former citizens who have left her were to return and cast their lot once again with their homeland! For the economic loss to this country by reason of the annual exodus of young people to other lands is considerable. Artificial formulas will not prevent it; only a better knowledge of their own country, its beauty and manifold possibilities, will keep these Canadians in Canada.

British Columbia will be contributing to this better knowledge by its expenditure this year of \$25,000 in wise publicity. Other provinces should find it good business to follow the example.

If pep had to be paid for, we'd all buy some, but as it happens to be free for the taking we avoid it as we would the plague.

The only way to distinguish an Englishman from an American is by the way he holds his knife and fork and the manner in which he eats asparagus.

How to make a Bovril Sandwich

Just spread a little Bovril between two thin slices of bread and butter—it's the easiest and tastiest sandwich you can make.

Excellent for afternoon teas, parties, or for any occasion where time is lacking for the preparation of a heavier meal. Bovril Sandwiches are particularly admirable when something more sustaining than "just the ordinary sandwich" is needed.

As an addition to the Traveller's lunch basket there is nothing to beat Bovril Sandwiches. Bovril is the Cook's best friend at all times.

BOOTH SCHOOL CELEBRATION

CLOSING EXERCISES TOOK NEW FORM THIS YEAR TO FIT OCCASION

The exercises in connection with the Diamond Celebration took place yesterday at Booth School when the pupils assembled in the Auditorium to enjoy and take part in a very interesting program.

The program was as follows: Chorus—"O Canada". The School. Address—D. H. Hartness. Paper on Confederation—Muriel Vance.

Two-part Chorus—"The Choristers". School choir. Paper on "B.C. and Confederation"—Joan Arthur.

Flag Drill by Grade 3.—Mrs. Walker. Chorus—"Anvil Chorus." The School. Recitation—"Canada Forever." Joyce Collison.

Address—George Bushby. Presentation of Proficiency Certificates and Relay Cup. Chorus—"Rule Britannia." God Save the King. Mr. Bushby's address was thoroughly enjoyed by every one in the hall. Referring to the fact that he and Confederation were twins, he pointed out many of the things that he had seen come to pass emphasizing that the future growth of Canada was in the hands of the present day pupils just as much as the Confederation was in the hands of the Fathers of Confederation. Stressing this point he begged the children to appreciate their heritage and even at this early stage in their career to see that they did nothing but what was calculated to increase and benefit Canada.

The papers by Muriel Vance and Joan Arthur were of a very high standard and the flag drill and singing all of the most excellent quality.

The Principal's remarks were confined chiefly to the lessons that each of the children was to learn from this Diamond Celebration. The evident side of it as exemplified in sports and such displays as are being arranged are not so important but the fact that it was the record of a steady growth based on the sacrifice of our forefathers. Service called us to carry on the great work for our glorious country. Incidentally the place and time to begin was now at school and in our every day work.

Three rousing and tempestuous cheers were given to wish Mr. Hartness all success in the future, to thank him for his splendid assistance and encouragement and to take up his work with the same spirit as he had set them.

Accompanists were Miss Mercer and Miss Marsh, and J. S. Wilson conducted the singing.

MAY CHANGE HALIBUT LAWS

RECOMMENDATIONS OF DR. THOMPSON WILL SOON BE RECEIVED BY INTERNATIONAL COMMISSION

KETCHIKAN, June 23.—Some changes in the present regulations regarding protection of the halibut are likely to be made in the near future as a result of the investigations of Professor William F. Thompson, who has been studying the life history and movements of the halibut for the International Fisheries Commission. J. C. Barber, who is back here from Seattle, says a wealth of material has been collected but the results will not be made public until a report is made to the commission in Seattle.

Mr. Barber says: "The halibut, its growth, its migration and intimate details, bound to have a most important bearing on the industry in the future, have been collected and properly classified and analyzed and Mr. Thompson is now busy getting out his report with his recommendations.

"One thing is certain, however, and that is that the commission will have placed before it data on the life and habits of this important food fish which will open the way for definite action for conserving the fish and for clear-cut recommendations for whatever legislation or treaties may be needed to foster the industry, now putting millions of dollars into circulation annually."

Ten Years Ago in Prince Rupert

JUNE 24, 1917.

The activities of the Board of Trade, city council and trades and labor council, with a view to having ship-building instituted at the Prince Rupert dry dock, appear to have borne fruit. Word has been received that the Union Iron-works of San Francisco has opened negotiations for the use of the plant.

TOTEM POLE WASHED AWAY

ONE SEEN FLOATING DOWN SKEENA RIVER IS BEING SOUGHT

USK, June 24.—Sidney Dannhauser of Copper City, reported today to the Canadian Government Totem Pole Committee now operating at the "Gibraltar of the Klathas" Indian village, two miles below here, that he in company with his mother and sister saw a totem carved with a human form holding some object as it was being carried down the Skeena River between Van Arsdol and Copper River by the flood waters. Where this totem came from is a mystery as none of the forty odd in sight of the Canadian National Railway or even the hundred or more known to be along the Skeena have been reported missing or seen disturbed by the high water.

Dannhauser said that he thought he could rescue the ancient carving at a lower point but that he was unable to reach it as it was washed further from the bank and went on down with the drift wood and uprooted trees. The Dominion archaeologist in charge of totem pole preservation in British Columbia today issued a call to all persons along the Skeena below Vancouver to keep a sharp look out for this totem and if possible to secure it and notify him at Usk. Such objects may go longer, be taken without permission or mutilated or destroyed without incurring the risk of prosecution by the federal authorities who protect Indian monuments and graves.

WABASH EXPLOSION IS STILL A MYSTERY

Ketchikan Paper Tells Some Details and Gives Theories.

Just what caused the fire on the halibut boat Wabash, Captain Ernest Pierce, owner, while taking on gasoline at the Standard Oil company dock, is as much of a mystery as ever says the Ketchikan Chronicle.

After the boat was ripped partly open by the force of the explosion in the hold, and beached, employees of the Standard Oil company found a purse belonging to the owner under a mattress in which were two \$50 and a check.

There has been considerable discussion about the possibility of explosions being caused by "static electricity" generated by friction, but, so far as known, this has never taken place on a boat, for the reason, as one experienced boatman explained, that every boat is grounded by means of its propeller shaft.

On all gasoline automobile trucks is attached a small chain which drags on the ground and answers the purpose of carrying away and grounding static electricity.

At the time of the accident to the Wabash, Reginald Webber was down in the hold, Charles Nickerson was on deck and Captain Pierce was on the dock. It is said there was no fire in the store on the boat. The minute the sheet of flame from the explosion shot out of the hold the Standard Oil employee on the dock closed off the feed pipe.

Cases are known where gasoline fumes confined in the hold of a boat have been touched off by turning on an electric switch. The explosion in this instance, did not communicate itself to the tanks on the boat, but took place in the hold of the boat while the tanks were being filled.

"It is just another illustration," said one old veteran boatman in a group of trollers at the city float who were discussing the accident, "that it doesn't pay to get familiar with gasoline. Lots of people seem to forget that it is touchy and has an awful kick."

The Diamond Jubilee of Confederation executive committee, at its meeting last night, discussed the matter of a public holiday on July 2 which has been declared by Dominion proclamation. Desirous of having the day made a general holiday, the committee is communicating with the attorney general of the province with a view to having it so declared. Failing this, the committee will take the matter up with the local Retail Merchants' Association.

Neglected Eyes

NEGLECT is doubtless the cause of most of the ills that afflict humanity. This is so self evident that it seems hardly necessary to tell you. If your eyes are giving trouble, have them attended to—and at once.

OF ALL absurdities in the kingdom of foolishness, surely the loss of eyesight through neglect is the most inexcusable.

DON'T lose health and efficiency through neglect. Come and see!

WOMEN'S AUX. HOLDS SESSION

ANNUAL EVENT CONCLUDED AT CATHEDRAL YESTERDAY WITH ELECTION OF OFFICERS

The sixteenth annual meeting of the Women's Auxiliary of the Diocese of Caledonia was held in St. Andrew's Anglican Cathedral yesterday. The meetings opened with the celebration of the Holy Communion in St. Andrew's Cathedral at which a most helpful and inspiring address was given by the Ven. Archdeacon Rix. The united thanksgiving was presented at this service.

At 11:15 a.m. business sessions were held in the Cathedral Hall. The address of welcome to the visiting delegates was given by Mrs. W. C. Orchard. This was replied to by Mrs. Hogan of Hazelton. An interesting feature at this meeting was the receiving of Mrs. Marsh of Terrace as a member of the diocesan executive board. This privilege was extended to her upon her being made a diocesan life member of the Women's Auxiliary by the branch of that organization at Terrace.

At one o'clock a splendid luncheon was served, every detail of which was perfectly carried out. The floral decorations could nowhere be surpassed, the quantity of feathery golden brooms blended with the wonderful flowering plants loaned by Mrs. LePine, made a most wonderful setting to the luncheon room, as it did to the whole hall. The diocesan colors of red and gold were perfectly carried out in the scheme of decorations.

Those in charge of this part of the program were: Convener, Mrs. Parkin, assisted by Mrs. LePine, Mrs. Rorie, Mrs. Smeaton, Mrs. Dibb and Mrs. Andrews. The session resumed at 2:30 when the president, Mrs. Rix, gave her address which covered the year's activities, and also included a report of the Dominion annual which she attended in September, 1928, at London, Ontario.

During the afternoon the meeting had the pleasure of welcoming the Ven. Archdeacon Sanban of Alaska, who brought greetings to the meeting from the American Episcopal W.A.

An address was given by the Rev. Professor Barfoot of Emmanuel College, Saskatoon, on some of the problems facing the Modern world.

General business was then considered. The meeting was closed by Dr. E. G. Lennox, M.D.

OFFICERS FOR 1929
Officers for the coming year were elected as follows:
Hon. President—Mrs. Du Verpet.
President—Mrs. Rix.
1st Vice-President—Miss Du Vernet.
2nd Vice-President—Mrs. Hills (Seal Cove).
Secretary—Mrs. McCoskie.
Treasurer—Mrs. R. L. McIntosh.
Secretary Treasurers—Girls, Mrs. Homer, Juniors, Mrs. Parkin, Little Helpers, Mrs. Tobey, Thankoffering, Mrs. W. C. Orchard, Dorcas, Mrs. W. E. Collier. Literature, Mrs. Rorie, Prayer Partners, Mrs. Hogan, Living Message, Mrs. Denny Allen.

WANTS PROSPEROUS CITY
Editor Daily News:
Please allow me space in your valuable paper for the following letter: My time being limited in Prince Rupert for various reasons and severing my business connections about the middle of August. I came to your city broke through no fault of mine. Being a farmer and having had two crop failures in succession, I returned to my former occupation of auctioneering, at which I can safely say I have been successful. I can assure you I have met a lot of broad-minded citizens, businessmen and officials and with their good judgment and my ability I have pulled through. It is too bad there are always a few so narrow that they cannot see any further than the tip of their nose. This is the class that stops developments and the growth of a prosperous city. It is just as easy to make Prince Rupert a two-horse city as a one-horse town. Break away from so much monopolization and concessions and influence and throw the door wide open to all comers and all businesses and matters will adjust themselves. I prefer handing out bouquets in preference to throwing brick-bats every time. I am for clean business, a prosperous city and larger developments.

BIG JUBILEE CELEBRATION

OTTAWA HAS LONG LIST OF EVENTS FOR DOMINION HOLIDAY THIS YEAR
LASTS THREE DAYS

LOT OF OFFICIAL CEREMONIES IN WHICH GOVERNOR GENERAL WILL TAKE PART

OTTAWA, June 24.—The program for the federal celebration of the Jubilee of Confederation during the three days starting with Dominion Day has been completed, and contains features spectacular and in some cases entirely unique—not only so far as the Capital, but so far as the world is concerned. Among the latter features pre-eminent will be the broadcast, internationally, of the musical and speaking program, including the bells of the great new carillon in the Peace Tower.

At 11 a.m. His Excellency the Governor General will lay the corner stone of the new Confederation Block on Wellington Street, and at 11.45 (daylight saving time) His Excellency—by means of an electric button—will give the signal to the carillon for the first playing of the carillon. This will be followed by a fanfare of trumpets, and the carillon will then play "O Canada" and other patriotic tunes. The Prime Minister will then address the gathering. At high noon a royal salute will be fired, bells will be rung, and whistles will be blown throughout the city, clashing in the Jubilee.

At this same hour the Boy Scouts of Ottawa will place wreaths of maple leaves on the graves of Macdougall and Bernard, Fathers of Confederation, in Beechwood Cemetery, and of Laurier, a builder of Confederation, in Notre Dame Cemetery.

PLANT MAPLE TREE

At 12.15 Her Excellency Viscountess Willingdon will, on behalf of the women of Canada, plant a maple tree on Parliament Hill. While the ceremony is proceeding the bands will play the Maple Leaf. The noon ceremony will conclude with the singing of God Save the King by the assembled multitude.

At 2.45 p.m. the official ceremony will be proceeded with. The Ottawa garrison, with Boy Scouts and Girl Guides, will take their position before the main entrance of the Parliament Buildings. The Ottawa Centenary Choir of 1,000 voices will take up their position in front of the speakers' pavilion, while the thousands of children from the Ottawa and Hull schools and from other schools in the neighborhood of the

FIRST LEAGUE SOCCER IS TIE

GRAND TERMINALS AND REGIMENT PLAYED TO A DRAW IN GAME LAST EVENING

Playing only nine men and with a score of 4-1 against them at the end of the first half, the Grand Terminals came from behind in the opening game of the league football series last night and divided honors 4 all with the Regiment. The fact that one team was short somewhat marred the play for a while but, on the whole, it was a good hot tussle and the fans in attendance were given their money's worth.

All except one of the eight goals were scored on the upgrade. Russell, Wilson, Ross and Doherty were responsible for the Regiment's counters in the first half with Dickens turning in the only score for the Terminals during that period. In the second half, D. Gurvich, Hamilton and Strachan scored for the Terminals through fast forward work.

W. E. Willis' was referee and F. W. Grimble and A. Clapperton acted as linesmen.

BADLY HURT WHILE LIGHTERING VESSEL

Wesley Stuckney Injured Last Night on Stranded M.S. Chialamba

Wesley Stuckney, employed by the Prince Rupert Boat House in connection with the work of lightering the American motorship Chialamba which is ashore on White Cliff Island down the coast from here, sustained serious injuries, the principal of which seems to be a badly fractured shoulder, last evening when one of the four-ton oil tanks, being moved from the decks of the vessel, rolled over him. Elias Skog had a narrow escape at the same time but, fortunately, was able to extricate himself.

Word of the accident, which occurred about 7 o'clock, was sent by radio into town and Dr. W. T. Kergin went out on the "28" to meet the Anna S, on which the injured man was rushed to town. The boat arrived about 9:30 and Stuckney was immediately placed in hospital where it was reported this afternoon that he was resting easily.

Latest reports as to the situation with regard to the Chialamba are favorable. Work of lightering her is steadily proceeding and it is still expected to float her on Sunday.

PIONEER OF CITY DIED IN HOSPITAL

Late Magnus Morrison Was Native of Glasgow, Scotland, and About 70 Years Old

The death occurred in the Prince Rupert General Hospital about 5 o'clock this morning of Magnus Morrison, an old timer of the city. Deceased, who was about seventy years of age and a native of Glasgow, Scotland, was for some time engaged in sweeping of the city streets. As far as is known, he has no relatives in this country. He has been in the hospital about a month. Funeral arrangements are in the hands of the B.C. Undertakers.

Mrs. Cattruthers of Wetaskiwin, Alberta, aged mother of Major Walter Carruthers, divisional officer of the Salvation Army, arrived in the city on last night's train and sailed this morning for Wrangell, her son's headquarters. She was accompanied by her daughter, Mrs. Bush, also of Wetaskiwin.

Miss Raiphena Winch, daughter of Dr. H. C. Winch of Hazelton, arrived on the Prince Rupert this morning from Victoria, where she is in training for a nurse in Royal Jubilee Hospital, and proceeded to the interior by train.

MAJOR OPERATION

"Oh, look at that scarred old hillside," exclaimed the gushing young thing. "Yes," said the prosaic companion, "That's where it was operated on for gravel."
