PATIENT SHOT MOOSEJAW DOCTOR

BASEBALL GROUND AT PITTSBURG DRYING FOR BIG GAME

BURNS CAUSED DEATH OF JAP

Nisaku Nukaya, Who Fell in Vat of Oil at Naden Harbor, Died This Morning

Succumbing to terrible burns received about two weeks ago when he fell into a vat of hot oil at the whaling station of the Consolidated Whaling Corporation at Naden Harbor where he was employed, Nisaku Nukaya, 26 year old Japanese, died in the Prince Rupert General Hospital at 6.15 this morning. The man arrived in the city nine days ago for hospital treatment, having had to wait almost a week at Naden Harbor before transportation could be obtained.

Deceased is understood to have a number in Vancouver who is being communicated with in the matter of burial arrangements which are in the hands of the B.C. Undertakers. Rev. J. K. Ban and H. McEhida are taking charge of arrangements locally.

MAYOR TAYLOR AND FIREMEN

Says He Will Not Tolerate Threat to Strike to Secure Conciliation Board

VANCOUVER, Oct. 4.—"I will not tolerate any attempt to organize the Vancouver Firefighters' Union to strike in an effort to coerce the city council to accede to its request for endorsement of the Union's application for a conciliation board," Mayor Taylor said yesterday.

Mayor Taylor has favored the council joining in the request but he thought the Union made a mistake in announcing possible strike action.

ESCAPED BUT RECAPTURED

One of Men Who is Said to Have Looted Liquor Store Hits Jail on Head

BELLINGHAM, Washington, Oct. 4.—Robert Gross, 34 years of age, alias Shortman Jones of Spokane, who was here in lieu of \$20,000 cash bail in connection with the robbery of the Cordova Street liquor store at Vancouver and the smuggling of liquor across the border, escaped from the county jail after hitting the jailer Bruce Loop on the head with a piece of wood. Gross was recaptured shortly afterwards, hiding in a garage.

UNITY LEAGUE MEET VICTORIA

Will Endeavor to Find Ground for United Action to Forward Interests

VICTORIA, Oct. 4.—To find common ground for united action with a view to forwarding the interests of the west in the 1927 conference of the Western Canada Development and Unity League will convene here on Thursday, October 20, with probably 150 mayors and Reeves present from as far west as Winnipeg.

Arrangements are being made jointly by Mayor Taylor of Vancouver and Mayor Penderay of Victoria.

ARCHDEACON FORTIN DIED IN CALIFORNIA WAS A WINNIPEG MAN

WINNIPEG, Oct. 4.—Archdeacon Octave Fortin, aged 85, for many years doyen of the Winnipeg clergy, one of the pioneers of the Anglican Church in Western Canada, died at Santa Monica, California, yesterday. He retired from the rectorship of Holy Trinity Church ten years ago.

NOT MUCH BETTING ON BIG BASEBALL GAMES TOMORROW

There does not seem to be much local betting as usual on the big games and such as there is seems to be generally even money with New York slightly the favorites. The spectacular hitting of Ruth and Gehrig is depended on to give the Yankees the advantage over their opponents.

VISITORS TO JASPER ALL PARTS OF WORLD

Alberta Provided Most With Ontario Second and California Third

JASPER, Oct. 4.—Of the fifteen thousand visitors to Jasper National Park this summer, the province sending the largest number—as might be expected—was Alberta. Her contribution of 1187 was second by that of Ontario, which sent 1139. British Columbia, which came third, totalled 761 and the province of Manitoba was responsible for 558.

Visitors came in large numbers from the United States, practically every state in the union having its representatives with California topping the list with nearly a thousand. New York sent 525 and Illinois followed close behind. Visitors from the British Isles were more than 200 and the rest of Europe gave 25. Australia did very well with 80—Antipodean travellers across Canada are fond of breaking their journey at Jasper according to the records—and New Zealand showed a large number, Africa eighteen, Hawaii eleven, and the two from the British West Indies give a cosmopolitan twist to the thing.

The figures which were given out by Canadian National Railways officials last night indicate only those who were registered at Jasper Park Lodge or at the village hotel and do not include the hundreds who visited the park in special tours.

APPEAL THROWN OUT IN COUNTY COURT

Judge F. McB. Young Sustains Sentence Imposed by Magistrate on Port Essington Man for Assault

Conviction and sentence of two months' imprisonment imposed at Port Essington by Dr. R. G. Large, stipendiary magistrate, on July 30 on James Flewin, half breed, for assaulting John Lehto was sustained by Judge F. McB. Young in County Court yesterday afternoon. Flewin's appeal being rejected. Evidence of police officers conclusively established that Flewin's assault on Lehto, which took place following a drunken brawl, was premeditated. Milton Gonzales appeared on behalf of the appellant while E. F. Jones acted for the crown.

Flewin has now started to serve his sentence. He had been out on bail pending the hearing of the appeal.

WOULD CONVERT PLANT TO OIL

Council Receives Report of Utilities Committee on Proposed Change at Dry Dock

On the proposal to convert the dry dock power plant from coal to oil burning, J. J. Little, superintendent of utilities, placed a detailed report last night before the city council. The document estimated that, while the total cost of the installation was placed at \$12,050, there would be a total saving to the city, during the five years of the agreement with the Canadian Government Merchant Marine covering the use of the plant by the city, of \$59,729.20 on the present basis of operation. If the output of the plant were increased, there would be a correspondingly increased saving.

Speaking to the report, Ald. Brown, chairman of the utilities committee, stated that the committee did not feel that it was in a position to make a recommendation on the matter. The committee was agreed that it would be advisable to make the conversion but as to when such a change should be made was a matter which it was felt the whole council should decide upon. The financing of the project was an important factor and, in order that more information might be forthcoming along that line, he moved that the matter be referred to the finance committee for report. Ald. Larsen seconded and the motion was carried.

On suggestion of Ald. Stephens, it was decided to furnish each member of the council with a copy of Mr. Little's report.

VENIOT ADDRESSES LAURIER CLUB AND SENATOR ALSO SPEAKS

Both Favor Building of Peace River Railway at Gathering Yesterday

VANCOUVER, Oct. 4.—Addressing the Laurier Club yesterday Hon. P. J. Veniot, postmaster general, stated that he had given the development of the Peace River his thought and had obtained information from many unbiased sources. He thought Vancouver had every prospect of becoming one of the greatest ports on the continent.

Senator Turgeon of New Brunswick, speaking briefly, supported the development of the Peace River country.

CHINESE RESTAURANT KEEPER IS CHARGED WITH SELLING LIQUOR

Jim Chew, Chinese, of the West End Chop Suey House, 912 Third Avenue West, was charged in city police court before Magistrate McClymont this morning with selling liquor, adjournment being taken until 4 o'clock this afternoon with bail set at \$1,000 in two sureties of \$500 each. The police are said to have a strong case against accused, the star witness being a man who was observed leaving the place allegedly with liquor he had purchased there.

SIXTEEN YEAR OLD BOY HAS PARALYSIS NELSON'S FIRST CASE

NELSON, Oct. 4.—The city yesterday developed its first case of infantile paralysis in a sixteen year old youth. No epidemic is feared and it has been decided not to close the schools which opened only yesterday.

Rain Brought Rest to All World Series Players and Today They Await Big Games

PITTSBURG, Oct. 4.—The Pirates and Yankees are waiting for the sun to dry out Forbes Field for the opening game of the World Series baseball game tomorrow. Rain yesterday brought rest to the players. This was needed by the Pirates but not by the Yankees.

The question being asked by the fans is "Can the pitching of the Pirates still the mighty bats of the Yankees?"

Pitted against Ruth and Gehrig batting aces are Paul and Lloyd Waner, who make up in speed what they lack in weight.

The pitchers are likely to be Hoyt for New York and Ray Kremer for Pittsburg, both right handers with experience in world series games.

The first two games are to be played at Pittsburg. New York gets the next three, returning here Monday. If there is a seventh game it will be played here.

ANNUAL DINNER UNITED CHURCH

Anniversary and Thanksgiving Observed at Successful Function Last Evening

The annual anniversary and Thanksgiving supper of First United Church was held last night in the church parlors with an assemblage of some 150 or more persons in attendance. The affair passed off with much enthusiasm and success.

Rev. A. Wilson, pastor of the church, presided and, after a bounteous and delicious repast provided by the Ladies' Aid had been done full justice to, there was a brief program of music and speeches. Community singing was led by J. S. Wilson and soloists included Miss Davies, Rev. A. Wilson and J. S. Wilson. Accompanists were Mrs. A. Wilson and Miss Evelyn P. Grassie.

Mayor Newton delivered an address commenting favorably on the work of the churches in the community and a vote of thanks to the Ladies' Aid was suitably proposed by J. S. Wilson, J. W. McKinley seconding.

Starting at 8:30, the affair came to a close about 9:15 with the singing of the National Anthem.

Practically all members of the Ladies' Aid, of which Mrs. James Erikeyevy is president, assisted in the serving of the meal.

LIQUOR BOARDS HOLD MEETING AT TORONTO

Discuss Question of Allowing People to Carry Liquor From One Province to Another

TORONTO, Oct. 4.—The question of permitting people to take liquor from one province to another was one of the matters discussed at a meeting of representatives of the liquor boards of the four western provinces.

British Columbia was represented by Hug Davidson and R. E. Ross, chairman and secretary respectively of the board of the province. Ontario commissioners attended unofficially.

MAYOR NEWTON OFF TO BIG CONVENTION WINNIPEG THURSDAY

Thursday morning Mayor Newton, in a private capacity, leaves to attend the Conservative National Convention at Winnipeg and after that he will attend as a city representative the convention of the Union of B.C. Municipalities at Nanaimo and following that, as a civic representative the third convention of the Western Development and Unity League at Victoria. Consequently the mayor will be absent for the next two and a half weeks.

SCHOOL BOARD'S WINGS TRIMMED BY COUNCIL

No Further Accounts for Extraordinary Work to be Honored Unless Consent is Given

The city council last night passed a resolution advising the school board that, as nothing had been provided in the year's estimates for extraordinary expenditures, no bills covering such work would be honored by the council unless the work was previously authorized by the council. The motion was made by Ald. Stephens and Ald. Perry and came up in connection with the passing of an account of \$1,000 from Walter Longwill covering part of the cost of installing an oil burning system in the Booth Memorial School. A letter written by J. O. Williamson, secretary of the school board, to D. J. Matheson, city treasurer, requesting the city to pay the bill was read.

Mayor Newton explained that the matter had been brought before the finance committee which, in view of the fact that no estimates had been provided for extraordinary work such as this on the part of the school board, had felt that the matter should be brought before the full council. The mayor reminded the council that, in its estimates for the year, the school board had put in a figure of \$10,000 for unstarted purposes. However, the finance committee, in considering the estimates, had struck this out.

Ald. Stephens thought the school board had no right to incur such an expenditure, which had not been included in the estimates, and then ask the council to foot the bill.

City Solicitor Jones informed the council that the school board had not been notified that the \$10,000 had been dropped from its estimates. As a matter of fact, if it comes to a technical point of law, the school board's estimates 'this year were out of order because they had not been submitted until some time after the legal date, February 15.

Ald. Perry felt that the school board should have been notified which estimates had been ratified and which turned down.

Ald. Stephens could see nothing else to do but to pay the bill but it was desired that such a thing should not be repeated. He moved that this bill be paid but that the school board be notified that no further such accounts would be honored unless first authorized by the council. Ald. Perry seconded the motion which was carried unanimously.

LABOR URGES CHANGE FRONT

Many Say They Should Unite With Liberals to Get Rid of Tory Government

LONDON, Oct. 4.—Labor leaders who formerly were strongly opposed to the Liberals in this country are urging their followers to unite with them in efforts to secure the downfall of the present government.

Oliver Harris, treasurer of the South Wales Miners' Federation, and editor of the federation's magazine, says the miners must give up hopes of early nationalization of mines even if Labor wins the next election. They must concentrate on other means of improving conditions, and they are now so badly off that they would gladly accept help from any party. Harris suggests there would be little difference between the policy of a Liberal government and a Labor government, and he asks, "Why should Labor and Liberal parties fight each other, if by exercise of common sense the Tory government could be removed?"

Jack Jones, another Welsh leader, not to be confused with Jack Jones, M.P., is preaching a similar policy. He says he had been expecting an early collapse of capitalism and inaugurating of Socialism, but now thinks capitalism looks good for another century. "For years," he says, "from a false sense of loyalty we have feared to speak out, although coalfield was becoming derelict before our eyes. It is time we faced facts and told the truth, whatever the cost."

IS GIVEN TWO YEARS IN PEN

J. A. McCormack, Alias Wetherby, Sent Down for Theft of Amalgam at Engineer Mine

On the charge of stealing \$600 worth of amalgam palladium from the Engineer Mine in the Orlin district to which he pleaded guilty yesterday, J. A. McCormack, alias Wetherby, was sentenced to two years' imprisonment in the New Westminster penitentiary by Judge Young in County Court this morning. A stay of proceedings has been taken in the second charge against McCormack, that of theft of a gold nugget and chain.

McCormack was apprehended by the police in California and, waiving extradition proceedings, was taken to Atlin where he was committed for trial by Stipendiary Magistrate C. L. Monroe.

DOCTOR SHOT BY PATIENT

Austrian at Moosejaw Killed Dr. William W. Brown in His Office

MOOSEJAW, Oct. 4.—Dr. William W. Brown, prominent physician, was shot and killed late yesterday afternoon in his office and A. Oshuk, an Austrian, is under arrest charged with murder.

According to the police Oshuk confessed. He held an imaginary grievance against the doctor who treated him for some time.

After the shooting Oshuk went to the office of C. R. Ryan, barrister, and told him of the shooting. He threatened Ryan with death but when Mrs. Ryan told him to shoot her first, he desisted and submitted to arrest.

MAYOR NAMED AS DELEGATE

To Represent City of Union of B.C. Municipalities and Development League Conventions

Mayor Newton was named delegate by the city council last night to represent Prince Rupert at the convention of the Union of B.C. Municipalities to be held in Nanaimo on October 18 and 19 and also at the third annual conference of the Western Canada Development and Unity League which will take place in Victoria on October 20, 21 and 22.

A letter was read to the council from L. D. Taylor, mayor of Vancouver and president of the Western Canada Development and Unity League, "extending Prince Rupert a sincere and hearty invitation" to be represented at the convention. The communication explained briefly that one of the principal objects of the league was to assist in the development of Western Canada on a national scale. It was expected that Alberta and Saskatchewan would be strongly represented at the conference so it was up to British Columbia to do its full share. Matters pertaining to inter-provincial trade, highways, freight rates and other topics of interest would be discussed. The communication expressed confidence that Prince Rupert district would be desirous of doing its part toward securing the greatest possible cooperation between the western provinces. The most effective means of showing its good faith would be to have a delegate at the conference.

Mayor Newton urged strongly that Prince Rupert should be represented at the conference. He referred to the two previous conferences which had been held at Edmonton and Vancouver and told how the road outlet from Alberta to Prince Rupert would have been overlooked in the conference's resolutions had it not been for the fact that Prince Rupert had been represented. The railroad outlet for the Peace River was another important matter that had been taken up. If for nothing else than to follow up these two matters, the mayor thought it advisable that Prince Rupert should have a delegate at the forthcoming conference.

After some further discussion it was decided that the mayor should be the delegate representing Prince Rupert at both conventions. Motion to this effect was made by Ald. Perry and Ald. W. J. Greer, and carried unanimously.

There was some talk of Prince Rupert bringing up at the Union of B.C. Municipalities' convention the matter of having both sides of streets assessed for sidewalks built on one side of the street but the suggestion was dropped after Ald. Stephens and City Solicitor E. F. Jones had pointed out that to change the policy now in Prince Rupert would be inequitable. While Prince Rupert may have no matters in particular to place before the Union, the mayor will at least hold a watching brief.

Ald. Tinker urged that, at the conference of the Western Canada Development and Unity League, the mayor should press further for the completion of the highway from Prince Rupert into Alberta.

DAILY EDITION Tuesday, Oct. 4, 1927

TALKING ABOUT PEACE RIVER

Everyone is talking about Peace River and its development by means of a railway with a western outlet. Vancouver is the chief centre of the movement because if it can secure the outlet at that city it will mean another source of wealth which will tend to build up there the greatest city in Canada.

It seems very probable that Vancouver will get an outlet from the Peace and that Prince Rupert will also have an outlet. It will be necessary for Prince Rupert to strain every nerve to make sure that this port is placed at least on an equality with the southern port.

There is no doubt that a Peace River railway would add much to the prosperity of Canada and especially to the Pacific Coast. At present much of the grain from that district goes to the head of the Great Lakes, a rather ridiculous condition of affairs. It undoubtedly should come west.

CHANGE IN WATER CONTROL

It seems that in the past the water supply of the city has been nominally in control of the utilities department but really under the city engineer with no one getting credit or blame for what is done in regard to it. Under such conditions it is no wonder nobody wanted to publish records in regard to it. Now the city public works department will take complete charge and the result should prove beneficial. Doubtless the department now in control will be glad as soon as it gets into shape to publish results of the operations so that the city may be in a position to judge of value of its utilities.

NEW SKATING POND AVAILABLE

In the past when there have been a few days cold weather here, making skating possible, it has been necessary to go to the Salt Lake across the harbor or to Shawatlans. The building of the new road will, however, make available another lake and one very suitable for the purpose. It is a small beaver lake on the other side of Kaien Island, so small that the ice is not likely to be made rough through wind rippling the surface as it freezes.

Just now the road is not through that far but by Christmas or at least by January it should be possible to drive there. This will be a great attraction and doubtless owners of taxis will not be slow to capitalize it. If a bonfire is made at the lake and possibly a shelter it should become very popular among those who enjoy skating.

KEEPING CHEERFUL DURING WINTER

Possibly it seems foolish to talk about keeping cheerful to young people. They will be cheerful anyway. To older folks, however, the advice is more appropriate. There is a tendency sometimes to give way to the pressure of the elements and begin to be man one's fate and curse the weather. In Prince Rupert there are all sorts of organizations that help to while away the long evenings and keep people cheerful. In addition to the movies, there are the various sports and games such as badminton and basketball. The former game seems more popular than ever in the city and the churches are doing good work in encouraging the young folks to take part in such sports.

Literature of course does a large part in keeping people cheerful. That is where the library comes in. We suggest that the reading of cheerful books in bad weather is a good antidote. Numerous tales or magazine articles tend to enliven us, especially if they are read aloud.

Reading aloud is one of the most enjoyable means of spending an hour or an evening. If literature is good it is doubly appreciated when shared with another. For those who do not dance or play games, the next best enjoyment is reading aloud.

WATERWORKS TO BOARD OF WORKS

Municipal Orphan Given Permanent Home by City Fathers Last Night

The orphan city waterworks, which has been like the proverbial baby on the doorstep, kicked about by all and cherished by none, is going to get a home. It is to be taken into the family of the board of works and is going to have the city engineer as its fairy godfather. The poor child, which has been banded about from pillar to post these many years and has been a bone of contention all this time with doubtful standing to say the least, was finally allocated at last night's meeting of the city fathers. Perhaps a little tender care may now make it a healthy and fully accredited or discredited child.

The decision came in the form of an amendment to the water bylaw providing that the superintendence of the waterworks should pass from the hands of the superintendent of utilities to the city engineer. The amendment was sponsored by Ald. Brown, chairman of the utilities committee, who reported that, at a joint meeting of the board of works and utilities committee, it had been decided that it were better that the whole system should come under the one end and that, since the board of works had really been handling the system, it should be finally and definitely placed in the hands of that department. The change was meant as no reflection on the superintendent of utilities but simply as a measure of economy and better service, eliminating any overlapping or misunderstanding.

UNIVERSITY OF TORONTO HOLDS CELEBRATION

Big Event Attended by Premier of Canada and Sir Arthur Meighen

TORONTO, Oct. 4.—The University of Toronto which celebrates the centenary of its foundation tomorrow, is one of the oldest and perhaps the most widely known of Canadian universities. Of English speaking institutions only King's College, Halifax, the University of New Brunswick, and McGill University, Montreal, can boast of a longer history. The granting of a Royal charter to King's College in 1827 marked the beginning of the present institution. The corner stone of the first building was laid in 1842 and instruction begun in 1843. In 1850 the name "University of Toronto" was adopted and it was made a non-sectarian institution. The provincial government assumed control in 1867, making it the Provincial University of Ontario. In 1906 the government relinquished control to the newly constituted board of governors.

RELIGIOUS TURMOIL

Born and nurtured in a turmoil of religious and political dissension it has evolved into a federation embracing sectarian colleges which has attracted the attention of educationalists the world over.

WATER NOTICE.

DIVERSION AND USE

TAKE NOTICE that E. Rousseau, whose address is 410 Seymour Street, Vancouver, B.C., will apply for a licence to take and use a cubic foot of water out of unnamed stream which flows southerly and drains into Port Stephens Bay, about one mile east of Bluff Point. The water will be diverted from the stream at a point about 600 feet from the mouth and will be used for commercial purposes upon the lands described as Lot 2750, Range 4, Coast District. This notice was posted on the ground on the 28th day of July, 1927. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is August 20, 1927.

world over and has already been used as a model for several other institutions, notably the University of Manitoba and the University of Alberta. Until 1850 it was under the control of the Church of England and was assailed by people outside that communion on the ground that a state-supported institution should not be of a sectarian character.

Making it non-sectarian did not, for a time, improve matters much. It was then attacked as a "godless institution." Meantime sectarian colleges were springing up and the province was becoming over-burdened with facilities for higher education. The Methodists established Victoria University at Cobourg. The Anglicans, Trinity University at Toronto and the Roman Catholics, St. Michael's College, Toronto, Knox College and Wy-cliffe College were theological schools, the former Presbyterian and the latter Anglican. All these denominational colleges now form part of the university and dissension and strife have been replaced by harmony and toleration.

GREAT LEADERS PRESENT

The prime minister of Canada, Rt. Hon. Mackenzie King, and his immediate predecessor, Right Hon. Arthur Meighen, are both graduates, and will both be present at the Centenary. Hon. G. Howard Ferguson, premier of Ontario, is also a graduate and will deliver one of the two chief addresses of the meeting. The other is to be delivered by Hon. L. A. Taschereau, premier of Quebec. Two other premiers, also graduates, Hon. John Bracken of Manitoba and Hon. J. E. Brownlee of Alberta may be present. E. W. Beatty, K.C., president of the Canadian Pacific Railway, has announced that he will attend.

Hon. Vincent Massey, Canadian Minister in Washington, also a graduate, is coming to represent the University of Oxford.

The following will be present as delegates of other universities—Professor Leonard Kilneck, University of British Columbia; Dr. Fred J. Woodbridge, Columbia University, New York; President A. PROTECTION OF GAME ON KAIEN-ISLAND IS URGED BY ALDERMEN

On motion of Ald. Larsen, who made allegation that deer were being slaughtered on Kaien Island which was earmarked as a game preserve, the city council decided last night to request the game department of the provincial government to have a special game warden appointed to see to the preservation of the reserve. Ald. Larsen's motion was seconded by Ald. Brown and unanimously carried.

Ald. Larsen stated that he had reason to believe that there were wholesale infractions of the game regulations on Kaien Island. Deer were in the habit of coming in large numbers to the Island and some had become very tame. Almost any morning at least four or five of them could be seen on the highway. It was his opinion that, in the future, they would be a great asset to the city. However, he was informed that large numbers of them were being shot every year. He believed that it would be advisable for the council to communicate with the game department with a view to having protection of the animals ensured and, therefore, moved accordingly.

In seconding the motion, Ald. Brown agreed with the remarks of Ald. Larsen that the deer were not being properly protected.

ARRANGEMENT IS MADE WITH BESNER ON SAND

City Agrees to Accept Lot Adjoining Pit as Consideration for Special Supply Arrangement

The city council last night adopted an arrangement submitted by Ald. Brown whereby Olier Besner shall deed over to the city lot 6, block 40, section 7, in consideration for certain privileges in connection with the supply of washed sand from the city's quarry on Eighth Avenue for his building at the corner of Third Avenue and Third Street.

Under the arrangement, Mr. Besner shall obtain from the city at 10c per yard 600 yards of washed sand which costs the city 25c per yard. The lot which Mr. Besner shall convey to the city in return adjoins the sand pit and, according to Ald. Brown, will be valuable to the city in getting future sand supply. The latter felt that the deal would be to the advantage of the city and he moved that it be negotiated.

PROGRESSIVE CANADIAN ESKIMOS IN NORTH

Canadian Eskimos are progressive people. The more advanced have, in their homes, sewing machines, gramophones and radio outfits. In the Mackenzie delta and along the Arctic coast the ambition of the head of a family is to own a schooner fitted with an auxiliary gasoline engine, and the high price of Arctic furs has enabled a good many to attain this objective. At Ak-lavik, a trading village, mission station, and police post on one of the islands of the delta, as many as twenty-five of these schooners, all owned by natives are frequently to be seen at one time.

MARRIED WOMEN TEACHERS DISCUSSED

Speakers Defend and Oppose Allowing Them to Continue in Profession

WINNIPEG, Oct. 4.—Whether marriage should debar a woman from the teaching profession was recently debated by the North Winnipeg branch of the Independent Labor party. Married women found their strongest defender in Marcus Hyman, a member of the school board, and their most vigorous opponent in A. W. Puttee. Marcus Hyman argued that efficiency, not the wedded state, should be the criterion of teacher employment. Most married teachers continue in the profession because of economic need.

A. W. Puttee maintained that younger unmarried teachers are in closer harmony with the pupils and understand their needs. Older teachers are out of touch with youth, he said. Married teachers should be employed only in special circumstances, he contended.

The consensus of opinion among those who joined in the discussion was that in cases where the husband earns sufficient to support the home, the wife should not be employed.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS
Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 2,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE
Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES
Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES
For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING
Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.
