PREMIER MACLEAN ON B.C. AFFAIRS THOUSAND CARS OF POLES BEING SHIPPED FROM SKEENA

British Columbia as a Field for Investor is Presented to Visitors

Premier MacLean Tells of Envidable Condition of Province at Opening Session of Canadian Chamber of Commerce

VANCOUVER, September 13.—In presenting the case for British Columbia as a safe field for investment at the opening session of the Canadian Chamber of Commerce here yesterday, Premier MacLean said: "We have a gross debt of \$70,000,000, but we have \$40,000,000 in trustee securities to pay off a portion at maturity, and by the end of 1928 every dollar of provincial indebtedness will have its full sinking fund provided to redeem it at maturity."

The Premier pictured the province with basic industries more than doubling in the past ten years. He described the resources of the province. Ten years ago, he said, the province imported 35 per cent of its food supply while today it raised all but 23 per cent, at the same time exported \$8,000,000 worth of food products.

Mr. MacLean announced that if the present policy was carried out practically all loans would be retired in 25 years. About 300 delegates were present presided over by S. B. Gundy of Toronto.

BETTERMENT OF CANADA IS BEING SOUGHT

Canadian Chamber of Commerce Wrestling With Big Subject at Vancouver

VANCOUVER, Sept. 13.—Speakers from all sections of the Dominion at yesterday afternoon's session of the Canadian Chamber of Commerce dealt with a variety of subjects relative to the development of Canada's foreign trade and interprovincial relations. Businessmen from St. John, and Halifax, leaders of commerce from Montreal and Toronto delegates from Winnipeg, Saskatoon and Calgary joined by representatives of boards of trade in an endeavor to suggest means for the betterment of the nation as a whole. Local problems and provincial difficulties were mentioned, not as matters of argument but as illustrations of ideas for betterment of conditions generally throughout the land. Constructive suggestions were made which were forwarded to the resolutions committee to come back as concrete proposals for debate.

TRAIN DERAILED NEAR KWINITSA

Yesterday's Passenger Train Tied up Along the River Until This Morning

Yesterday's eastbound Canadian National passenger train No. 6 had a derailment just east of Kwinitisa, about Mile 40, yesterday afternoon at 1:45 and was tied up there until 8 o'clock this morning when she was cleared by the wrecking outfit, sent from here to the scene, and proceeded East. The cause of the wreck was not determined, the engine, tender, two refrigerator cars containing fish, mail car and front end of the baggage car going off the tracks but there were no personal injuries.

All the rolling stock on the train proceeded East except the two cars of fish which were brought back here and dispatched on today's train which was held until 2 o'clock this afternoon.

RATES FILED BY RAILWAYS

Companies Have Interpreted the Code According to the Text Says McGeer

VANCOUVER, Sept. 13.—"The rates filed will mean about a million dollars a year lower freight rates on west-bound grain, according to present indications," G. G. McGeer, provincial counsel said in commenting on the going into effect today of revised rates and the filing of the tariffs.

PIECE OF AIRPLANE IS PICKED UP FROM OCEAN BY STEAMER

St. John, Nfld., Sept. 13.—The Government steamer Kyle in searching for the missing monoplane Old Glory reported to the Government last night that it picked up a piece of the plane late Monday but saw no sign of the crew.

AERIAL SURVEY OF ROAD TODAY

Pass From Leverson Lake, Beyond Warke Canal, Being Investigated

H. C. Whitaker, locating engineer for the provincial department of public works, spent nearly two hours in the air this morning with Major D. R. MacLaren, D.S.O., of the Pacific Airways, starting his aerial reconnaissance of a possible route for the Skeena River Highway between Galloway Rapids and Terrace.

The country beyond the head of Warke Canal was investigated into the head of the Khyex River and from Leverson Lake there was the indication of a pass toward the head of the Esxew River. Another flight is to be made this afternoon to ascertain if such a pass really exists and, if so, to follow it up and then beyond to Terrace.

Ground was studied in a few hours this morning that to penetrate overland would have taken weeks. Photographs were taken though the weather was not altogether favorable, clouds forcing low flight where it would have been advantageous for the plane to have been higher.

LOGGERS KILLED: CAUGHT BY SKYLINE

VICTORIA, Sept. 13.—Caught by a flying skyline Eli Hillio, 44 years of age, and E. Jarnie, 27, Finnish loggers, were instantly killed at Cowichan Lake yesterday.

TOTAL WHEAT CROP LARGE

Bureau of Statistics Gives Estimate of Crop for Present Season

OTTAWA, Sept. 13.—The bureau of statistics estimates the wheat crop this year for the Dominion at 458,741,000 bushels. In British Columbia wheat production is set at 1,329,000 bushels, oats, 4,072,000 bushels, barley 235,000 bushels, rye 144,000 bushels and flax 15,000 bushels.

The B.C. report says weather conditions have remained favorable, threshing of grains is well advanced and yields show a good average. Hay is a particularly good crop.

For the prairies the total wheat production is set at 432,223,000 bushels.

The total oat crop of Canada for the season is set at 552,199,000 bushels.

Expects to Ship Thousand Cars of Poles Before End Season from Skeena River

"If we have pretty good luck in driving our poles down the river to the loading places we shall have shipped about a thousand car loads of poles from this district when the season ends," declared Olof Hanson of this city when discussing the business he is doing. Most of the poles are being cut on the Kispiox and Skeena Rivers and floated down to Cedarvale where they are loaded on to railway cars and shipped out. The poles are all sold and it is only a matter of getting them to the landing place. So far his firm has made good progress and if bad weather does not come too early probably all will be shipped. This will be the biggest business ever done in one season from this section of the country.

The contracts are now being placed and bids are being put in for cedar ties for the Hudson Bay road.

Premier Bracken of Manitoba Wants Fair Trade Rather Than Free Trade as National Policy

VANCOUVER, September 13.—Premier Bracken, speaking before the Canadian Chamber of Commerce, declared that industry and agriculture had been wrangling too long, and suggested the formation of a joint council of manufacturers and agriculturists to study national problems. He advocated the establishment of a committee of unbiased economists to conduct a scientific study of the tariff, "the one question in our economic history which has done more to put agriculture and industry in separate camps than all others combined. What we need is a national fair trade policy rather than either free trade or high tariff policy with regard to imports."

WHEAT PRICE DOWN TODAY

Government Report on State of Crop Depressed Market Several Cents

WINNIPEG, Sept. 13.—Wheat prices sank sharply at the opening of the exchange today, reacting to the bearish government crop report which told of the big supply likely from this country. The early decline ranged from two and a quarter to three and three-quarter cents a bushel.

CHICAGO, Sept. 13.—Wheat prices dropped five and one-eighth cents a bushel and corn five and five-eighths today.

MASSACRE IN CHINA BY TROOPS OF FENG REPORTED AS LARGE

PEKING, Sept. 13.—A reported massacre by troops of Marshal Feng Yu Shiang, formerly known as the Christian General, estimates the number of deaths at from 30,000 to 80,000. The massacre is said to have followed the killing of a number of Feng's men.

GARNET WHEAT EARLIER THAN MARQUIS BY WEEK

EDMONTON, Sept. 13.—A special despatch from Coronation to the Journal says: Don S. MacDonald harvested in his trial plot of six acres of Garnet wheat 95 days from the date of seeding. It looks like a good yield. Mr. MacDonald estimates that the Garnet is at least a week ahead of Marquis as to time required for maturing.

CUT TWENTY FEET Five Miles of Sicamous Highway Destroyed and Bridges Washed Away

REVELSTOKE, Sept. 13.—Nine small bridges are known to have been washed out on Sicamous highway and about five miles of the road as a result of the week-end rains. Trains were delayed for nineteen hours. The railway was washed out in four places and in some locations four feet of water was covering the tracks. When the water subsided it left silt from the mountains where it cut to a depth of 20 feet in some places after the lakes were flooded.

NATIONAL RACE IS VERY CLOSE

Crucial Series Starts Today Between New York Giants and St. Louis Cardinals

NEW YORK, Sept. 13.—New York Giants opened a series today with St. Louis Cardinals which will probably involve the elimination of one or both of them from the National League pennant race. Pittsburgh Pirates retain a two and a half game lead while the Cardinals and Giants are tied for second place with Chicago Cubs in fourth position, only three-and-a-half games behind the Pirates.

The Giants yesterday battered Charlie Root who was succeeded by Nehf and Bush. Hornsby and Wilson hit homers.

Crown Colony Days

Away back in the late sixties thousands of acres of British Columbia's timber were sold for one cent per acre, which looked like a fair price—then. Today similar timber is worth from \$150 to \$200 per acre, so tremendously has timber appreciated in value within the scope of an average lifetime.

What the young growth of today will be worth sixty years from now is beyond computation if it is protected from fire and allowed to reach maturity.

The moral is obvious.

EDMONTON TO VOTE ON CONTINUATION OF TRANSFERABLE VOTE

EDMONTON, Sept. 13.—Edmonton will soon be in the throes of a campaign to decide whether or not to continue the system of proportional representation by means of the transferable vote. The system has been given a good trial in the city and a great many people are so dissatisfied with the result that a vote is to be taken on it at the time of the mayoralty election.

Walter J. Millard, field secretary of the Proportional Representation League of America will be in the city soon to lead the forces of the pros.

OFFER FROM CALIFORNIA

Library Board Accepts Offer of British Publications From States

At the meeting of the Library Board last night a letter was received from A. J. Ikin of Bakersfield, California, which reads as follows:

Dear Sir or Madam:

On a recent vacation trip north I had the pleasure of a few hours stay in Prince Rupert and spent a few minutes in your library. I noted you did not have "John o' London's Weekly," which is an epitome of British folk lore, literary articles, modern thought, poetry, historical and secular reading. If your library would care to have them I would be pleased to donate some three year's volumes, unbound, and to forward you from time to time the current issues as received. Also would you care to have "History," the quarterly journal of the London Historical Association?

My reason for addressing you is that there must be many British and colonialists as well as Canadians who would enjoy a reminder from the "Land of Hope and Glory."

Though a resident in U.S.A. I am a subject of "The King" and a son of "The Empire" and like to try and keep the spirit of the "Sons of Albion" united. An early reply will be appreciated so I can make other distribution in case you are not interested.

Yours very truly,
 ARTHUR J. IKIN.

The board decided that it could not use the old files of the John o' London's Weekly but would like to have the current numbers and the copies of History. The writer of the letter will be notified and thanked for his generous offer.

NEW OFFICERS ARE ELECTED

Terrace Parent Teachers' Association to Provide Athletic Equipment for School

TERACE, Sept. 13. — The annual meeting of the Parent Teachers' Association was held in the school house on Thursday evening last with the vice-president, Mrs. Geo. Little in the chair. The election of officers for the year resulted as follows:

President—Rev. Wm. Allen.
First Vice-president—Mrs. Moore.
Second Vice-president—Mrs. W. Kirkpatrick.
Secretary—Miss N. Malott.
Treasurer—Miss Davis.
Convener program committee—Rev. A. W. Robinson.
Convener refreshment committee—Mrs. Allen.
Convener membership committee—Mrs. S. Scamien.
Convener advertising committee—Mrs. Von Hees.
Convener athletics committee—Mr. Holmwood.

It was decided to discontinue the serving of refreshments at the regular meetings. The accounts showed that the final payment on the piano had been made and a small amount left in the piano fund is to be transferred to the general fund.

Mr. Holmwood and Miss Elderkin were appointed to act with Mrs. Von Hees in the purchasing of books with the money turned over from the Christmas tree fund last year.

The lack of pictures in the school was remarked on by the new principal and this brought forth several offers to donate pictures.

ATHLETIC EQUIPMENT

Athletic equipment came in for considerable discussion, some of the members feeling that now the piano debt was wiped off more thought and money should be given to providing various athletic requisites. Capt. Colthurst offered to donate ten dollars and to collect another fifty for this purpose, the offer being accepted.

Discussion took place as to the advisability of merging the P.-T. Association into the Women's Institute but no definite steps were taken until more particulars are available regarding the institute work.

Mr. Allen, the new president, welcomed the new teachers to the association. After the meeting adjourned refreshments were served.
