TERRIBLE DESTRUCTION AT ST. LOUIS ENGINEER LOCATING ROUTE FROM PEACE RIVER FOR C.N.R.

Black Swirling Storm Struck St. Louis Yesterday Carrying Death and Destruction in Wake

Five thousand houses wrecked and 84 people killed and 871 treated at hospital result of tornado

ST. LOUIS, September 30.—Eighty-four people are known to have lost their lives and 871 are being treated for injuries as a result of the four minute passage of a tornado through St. Louis yesterday afternoon. Five thousand houses and business buildings were destroyed or damaged over the devastated area extending for six square miles. The damage is estimated to run from ten million to one hundred million dollars.

The down town part of St. Louis escaped but some of the finest homes in the city were laid waste. The area

McDONALD WILL CONTEST NELSON

Mayor of City is Nominee of
Liberals for Provincial
Legislature

NELSON, Sept. 30.—Mayor James McDonald was nominated by the Liberals of the riding at a convention here last night. His name was the only one presented and it was received with enthusiasm.

Mr. McDonald came to British Columbia 37 years ago and for the past 33 has lived in Nelson. He served seven years in the council, during four of which he was mayor of the city. He is looked upon as a strong candidate.

It is expected that an announcement of the date of the election will be made soon. The Conservatives have already nominated Dr. Borden.

BANK MANAGER OPENED FIRE

Attempt on Hillhurst Branch of
Royal Frustrated but Bandits
Escaped

CALGARY, Sept. 30.—Three armed men attempted to rob the Hillhurst branch of the Royal Bank but were frustrated and put to flight when the manager R. M. Grainger facing a revolver pointed at him by one of the bandits backed into his private office, picked up a gun and opened fire through a glass partition.

Clerks joined in and the robbers beat a hasty retreat, escaped in a stolen automobile which later was found abandoned. It is believed that one of the bandits was wounded.

POOR MONTH FOR HALIBUT

Total Catch Was Only 2,334,000
Pounds, Nearly Million Short
of Last Year

The total halibut catch this month has not been up to the usual figure. The total is 2,334,000 pounds, made up of American 1,814,000, and Canadian 520,000.

Last year for September the catch was 3,260,000.

**DREDGE FOUNDERED ON
WAY TO HUDSON BAY**

OTTAWA, Sept. 30.—The dipper dredge Kennebec, en route for Fort Churchill from Sydney, N.S., foundered off the Labrador coast in a storm on September 27. The crew was taken off by accompanying boats.

DUNWELL IS OUT OF SIGHT

George Copper and Silverado
Boomed on Vancouver
Stock Exchange

VICTORIA, Sept. 30.—A shareholders' protective committee is to be formed to protect the equity of common shareholders in Dunwell Mine from being wiped out. The stocks closed yesterday at 23 and at noon today were quoted at 13 bid.

George Copper soared from yesterday's close of 106 to 120 bid and 139 asked.

At noon Silverado was up six points at 35 bid.

BEST TAX SALE SEVERAL YEARS

Goodly Sum Realized This Morning
When City Properties
Were Offered

MANY OTHERS REDEEMED
Sale Continues Tomorrow Morning
When More Lots Will
be Sold

The annual sale of city lots for delinquent taxes caused considerable interest this morning, many bidders being on hand with competition for several properties. About 250 parcels were offered, seventy-four having been redeemed immediately before the sale. Proceeds totalling \$8,645.03 were considerably better than have resulted at tax sales for the past two or three years at least.

The sale was adjourned at noon until 10 o'clock tomorrow morning when it is expected some further properties will be bought in by private bidders. The sale was conducted by City Treasurer D. J. Matheson assisted by Frank Vickers.

This morning's sale was as follows:
Sec. Blk. Lot Sold to Price
1 18 11 R. Benfer \$123.56
1 23 7 R. Benfer 1311.38

NO WHEAT SHIPPED VANCOUVER THIS WEEK

VANCOUVER, Sept. 30.—No wheat was shipped from Vancouver during the week ending last night.

Engineer Locating Line for Western Outlet of the Peace River for Canadian National

EDMONTON, September 30.—One of the ablest engineers of the C.N.R. is now engaged in locating the best railway route for a coast outlet for the Peace River country. Don C. A. Dunning, minister of railways, declared at a mass meeting here last night. He said that this was being done to implement a promise made at the last session of the House of Commons when a solution of the railway problem of the north country was under discussion.

The purpose of the survey, Mr. Dunning said, was to definitely settle what the C.N.R. considered to be the route that must be taken and this information will be available for the owners of the Edmonton, Dunvegan and British Columbia Railway in framing the development of a branch line policy in the north, said the minister of railways.

Pensions Agreement Entered Into Between Dominion and Province of British Columbia

Similar Plan May be Initiated in the Yukon Territory: Applies
to People Who Have Reached Seventy Years of Age

OTTAWA, September 30.—Hon. Peter Heenan announced today that a similar agreement to that concluded yesterday with British Columbia putting into effect the old-age pension legislation of that province, would be entered into shortly with Yukon territory, probably on the arrival of Percy Reid, gold commissioner.

The British Columbia agreement provides that the province will pay the maximum pension to those of its residents who have attained the age of seventy years and who are pensionable under the Dominion Old Age Pension Act.

The Dominion is bound to pay to the province quarterly one half the amount paid by the province in pensions during the three months preceding.

The maximum amount to be paid to any recipient is \$240 yearly. Application may be made by a British subject or by a widow who is not a British subject but was one before marriage. Applicants must have resided in Canada 20 years and lived in the province five years.

ECSTALL MILL DEAL IS OFF

Harry Saunders Who Negotiated
the Deal is in City Lock-up on
Fraud Charge

PASSED WORTHLESS CHECK
Other Charges Likely be Brought
Against Promoter of Pulp
Concern

The reported deal for the purchase of the Ecstall River sawmill site on which Harry Saunders announced that he contemplated the erection of a pulp mill came to a sudden and rather sensational ending last night with the arrest of Saunders at Haysport by Provincial Constable S. Raybone and C.N.R. Constable Alex. Martin on a charge of obtaining money fraudulently. Saunders is now lodged in the city lock-up there to await preliminary trial. It is expected that he will be brought before Stipendiary Magistrate H. F. McLeod today for remand.

The direct cause for Saunders' arrest, the police stated this morning, was that he obtained \$50 from Joseph Cote, a fellow workman at Brown's mill, on a check drawn on the Royal Bank of Canada here which, it is alleged, was worthless. It is Cote who has made the complaint which, it is understood, may be only the first of others of a similar nature.

The search for Saunders started yesterday and when it was found he was not in the city the hunt moved to Haysport where he was apprehended last night still, it is stated, talking of the big undertaking he was about to embark upon.

Jud Tunkins says you can't get something for nothing unless you run a restaurant with a cover charge.—Washington Star.

Position of Fishermen Is Further Discussed on Vancouver Island

VANCOUVER, September 30.—R. T. Gosse, speaking at the meeting of fishermen at Alberni Thursday, outlined a plan for reducing the number of licenses in that district, a plan which, if adopted there, might be a precedent for other parts of the province. Elaborating his scheme further, Mr. Gosse said he wanted the fishermen to state their position. If they could not agree with the plan suggested, he asked them to put forward some other scheme or schemes.

A general discussion then took place. Among others, Duncan Kerr and Mr. Hansen, on behalf of the fishermen, expressed their opinion that the plan suggested would be generally satisfactory, so long as the fishermen's right to purchase his own gear where and how he pleased was not interfered with and the market left open. He said that the price was settled by the fishermen and canners and he would abide by that.

A W. Neill, M.P., was of opinion that the present crisis in the fishing industry was the most important in the history of fishing in the province. If the present conditions continued to exist the industry and those who lived by it would be ruined. The proposed reduction in seines and gill nets would be a step in the right direction. But he could not endorse the suggestion that appeared in the press that the gill net men should have to go to canners for their licenses. Let the number be definitely limited and let the resident and old-time fishermen be given the preference. Follow a similar course to that which worked when the Japanese fishermen's licenses were curtailed. Give the independent fisherman his license, the toid-timer to come first, and then let the cannery men and the fishermen get together. All reasonable assistance and encouragement should be given the fishermen who lived here and had his stake in the country. He was prepared to make a special trip to Ottawa and lend every assistance in his power to bring about satisfactory modus operandi.

Mr. Gosse, in replying to Mr. Neill's suggestion, said that in his opinion there was no doubt the cannerymen would endorse Mr. Neill's suggestions if the department of fisheries found them workable.

R. J. Burde, M.L.A., spoke in favor of giving the trolling fishermen an independent license. Let them be absolutely free to dispose of their catches. In respect to gear and supplies for next year's operations, nets, twine, tinsplate, etc., requiring to be ordered from Great Britain in October. It was practically impossible to obtain from the northern part of District No. 2 a delegation of one or more men to attend the meeting in Vancouver on Saturday but that it was to be hoped that fishermen in the north would be represented and that the efforts which have already been put forward to obtain one or more delegates from the north to accompany a delegation to Ottawa would be successful.

FOUR KILLED BY EXPLOSION

Farmhouse Stove Set House on
Fire With Fatal Results

MOOSEJAW, Sask., Sept. 30.—Mrs. Thomas Glendenning, daughter Nancy, aged five and son George a year and a half old and Mrs. Reid, a friend of the Glendennings, are all dead as the result of an explosion of the cook stove at the Glendenning farm house near Armory this morning.

The roof was blown off and one side of the house partly blown out and fire destroyed the building. Thomas Glendenning and the three children of Mrs. Reid escaped.

The elder Reid girl, aged 14, successfully called for aid by telephone and suffered burns on the face and arms in doing so before jumping out of the window to safety.

NOTCH HILL MAN KILLED

J. Craig Was Shot Dead When
Standing in Front of His
Garage

NOTCH HILL, B.C., Sept. 30.—J. Craig, postmaster and police magistrate of Squilax district, was shot dead in front of his garage last night. No arrests have yet been made but four members of the provincial police are working on clues.

The bullet entered the left eye and lodged in his brain.

Mr. Craig is survived by a widow and one daughter.

Notch Hill is 270 miles east of Vancouver on the main line of the C.P.R.

HEROIC EFFORT TO SAVE LIFE

Man Victim of Accident Near Sid-
ney and Died at Resthaven

SIDNEY, Sept. 30.—Despite heroic efforts of his wife to row him in a small rowboat to secure medical aid following an accidental wounding by his own gun, L. R. Turner of Hill Island, died this morning at Resthaven sanitarium.

The boat was caught in the current in Sidney Channel and Mrs. Turner was unable to make headway. It was over an hour before her screams attracted attention.

DAILY EDITION Friday, Sept. 30, 1927

POSITION OF FISHERMEN

Fishermen are urged to read the report of the Alberni meeting as reported yesterday and today in this paper. Only part of the report got through yesterday in time for publication and the remainder is here today. The paper had gone to press before the second section arrived.

Apparently there is a meeting to be held at Vancouver tomorrow and it is a pity that Prince Rupert fishermen have not been consulted to a greater extent than seems to have been done. However, if they do not agree with the steps taken they should make suggestions of their own and wire them in so that their views may be presented.

The scheme seems to be to limit the number of canneries and also the number of licenses. These licenses would be given first to resident fishermen and if any more are needed then others would be given a chance. The fishermen would be compelled to sell their catches to one of the canneries operating in the district during the sockeye run. After that they might sell anywhere they pleased.

Seine licenses would be considerably reduced, but no general scheme of licenses seems to have been evolved in connection with these. Naturally in any scheme the natives would have to be considered.

Action must be taken quickly in regard to this matter as regulations must be put into force soon in order to enable canners to secure gear and make general provision for next season's work. The business is a big one and the government recognizes that.

What we wish to impress upon fishermen now is that they act rapidly in order to protect their own interests and not wait, as a writer suggested yesterday, until it was too late.

PROUD OF HOME TOWN

A visitor to Prince Rupert went back to California and meeting a Prince Rupert man there suggests that he must be proud of his home town. Of course he was. He could not well be otherwise.

But Prince Rupert people here do not always act as if they were proud of their city. They do not always speak that way when they talk to visitors.

The inferiority complex is not a good thing for any person and it is not good for a city. The place will become largely what we think of it. If we are ashamed of it, we should not be living here and keeping quiet about it. What all men want is to see Prince Rupert grow and prosper. Let us then be proud of the city as she is and try to improve matters. Wonderful work has been done so far and greater things will be accomplished in the future.

LET US HAVE BOTH SIDES

In another place today we are publishing a letter from the city auditor in regard to the city waterworks. The chief exception we take to the letter is in not classing the waterworks as a utility. There are three utilities here, all of them necessities. They are water, power and light, telephone. Either or all of these are sometimes owned and controlled by companies under special charter.

Possibly now when the monthly reports are submitted to the city council, the report of the waterworks will be supplied along with those of the power and light and telephone. In that way only can the ratepayers here know what is actually being done in connection with their utilities. They choose a mayor and council, to look after these things and this is done through a department of utilities. If the figures are given to the public monthly, there will be no cause for anyone to think anything is wrong or that losses have been sustained if there are profits. It is holding back that causes suspicion.

A lot of people are much more interested in the outcome of the big fight or the result of the world series than in how their own business is conducted.

A new Gruen Cartouche in solid gold—\$40!

Here is truly remarkable watch value! A dainty wristlet, newly created by Gruen, with an adjusted movement cased in 14kt. solid white gold—at half the price you'd expect to pay for such a watch.

As a gift or a watch for your personal use, no more satisfactory watch purchase could possibly be made at this price. See these remarkable timepieces at our store—today!

Man in the Moon

FISHERMEN. Beware. The bogie man'll get you if you don't watch out.

THE man who is always seeing trouble ahead is the man who has money to invest. And there often is trouble ahead.

I PUT my cash in mining.
 I put my cash in stocks.
 I put my cash in bogus bonds,
 And soon I was on the rocks.

JAPANESE express themselves differently from the cold matter of fact Britisher or American. They use flowery language. In Japan the prevalence of British and American motorists has led the authorities to translate the Japanese rules into English. Here are a few of them:

"At the rise of the hand policeman stop rapidly.

"When a passenger of the foot hoves in sight tootle the horn. Trumpet at him. Melodiously at first, but if he still obstacles your passage, tootle him with vigor and express by word of mouth the warning 'Hi! Hi!'

"Beware the wandering horse. Do not explode the exhaust box at him. Go soothingly by.

"Give big space to the festive dog that shall sport in the roadway.

"Go soothingly in the grease mud as there lurks the skid demon."

In The Letter Box

PUBLISHING THE RECORDS

Editor, Daily News:

Under this caption there appeared in your issue of last Saturday, 24th inst., an editorial article in connection with the accounts of the water department of this city. I am under the impression that the greater part of this article was written under a misapprehension of the facts, and as these facts are within my knowledge I shall endeavor to make plain to you and to any other searchers for the truth, such information as will, I hope, enable you to ascertain the particulars you desire.

In the first place it is necessary to point out that in speaking of "public utilities" one must differentiate between utilities carried on for the purpose of at least making sufficient revenue to meet their expenditure, and those which must be carried on even though they cannot break even. The basic idea of municipal ownership is to supply consumers with a commodity cheaper than a public company could do, and at the lowest price commensurate with effective and efficient supply. Its main object is not to make profits, but if after charging reasonable prices it does make a profit, then it is customary for such profit to be expended on improvements and betterments, which thus tends to relieve the ratepayers. In this class are our light and telephone departments. In the other class, namely those which a municipality has got to carry on even though its expenditure is not met by its revenue, is our water department.

Water a Necessity

Now it must be borne in mind that water is more than a public utility. It is a necessity, just as much as light and air are, and therefore a municipality is justified in going to considerable expense in order to procure and maintain a pure and abundant supply of water for its inhabitants. In our city the water system should not be classed as a public utility any more than our drainage system or our other public works. Any deficit therefore shown on the operating of our water system, so long as the expenditure is reasonable and justifiable, should not be taken exception to, nor criticised too severely. Owing to its geological conformation our city is both difficult and expensive to maintain in water and in drainage. Some cities located in more convenient situations for obtaining a water supply are enabled to get their supply without incurring very heavy expenditure and can therefore show a surplus on their operations. In making any comparison with other cities therefore, this has to be kept in mind.

Adverting to your article, you state that "recently there was published a statement that the utilities of Prince Rupert in 1926 showed a loss, yet during every month of last year this paper had been showing a profit." The true facts will be found in the printed annual statement of accounts of the city for 1926, on page 7, under "Revenue Accounts of the City's Utilities" as follows:

The net results of these for the year 1926 are as follows:

Electric Light Department surplus	\$18,637.09
Telephone Department surplus	6,209.78
	\$24,846.87
Deduct: Deficit on Water Department	18,167.13

Net surplus on utilities' operations \$ 6,679.74

Your article further states that "what you want is the publication of the results of the city utilities in such a form that the people of the city may know exactly how they stand in regard to it." If results can be expressed any plainer than the above extract from my annual report for 1926, I shall be glad to learn; and if the details are wanted of how these results are arrived at I would refer you to pages 16, 17 and 19 of said report. If any further elucidation of these figures is still required, my services are at the disposal of any ratepayer to assist him in getting the information he wants. I am responsible

for the form in which the city's annual accounts are presented, and I was rather under the impression that this form was so plain and commonsense that every-one would understand it. I would be very glad therefore to learn where it fails to give satisfaction. The city council look to me to prepare such a statement as exhibits truly and correctly the state of affairs of the corporation, and if there is any camouflaging going on such as you suggest, I shall be glad if you will be more explicit and show me where it is believed to exist.

Water Department

With regard to the water department, an examination of its annual statements of revenue and expenditure for the past ten years to 31st December, 1926, contained in the annual audited published financial reports of the city, shows the following results:

Year	Surplus	Deficit
1917	\$8,068.12	
1918		\$ 5,536.94
1919	1,645.76	
1920	3,111.67	
1921		1,566.17
1922		13,785.34
1923		9,537.13
1924		9,497.37
1925		6,982.17
1926		18,167.13

The city's hydro-electric system was installed in 1912 at an outlay of \$550,000 which money was borrowed under Bylaw 59. The annual instalment of interest and principal payable to redeem this issue is \$39,956.90. Of this amount light department up to 1921 paid \$13,-

00 and general account paid the remainder.

Cost of System

In 1922, however, the council decided that the cost of the system be apportioned between light department and water department in the sums of \$210,000 and \$340,000 respectively, and that the annual redemption instalment be payable as to 21-55ths by light department and as to 34-55ths by water department. As 34-55ths of the annual instalment comes to \$24,700.82 it is apparent that until the population and consumers in the city increase, there will be a deficit shown on water department's accounts owing to this heavy load. The debentures issue will be entirely paid off in 20 years from now, and to the end of that time it is anticipated that there will be sufficient residual value in the system to recoup the city for its present absorption of the deficits. On the other hand, even assuming there is no residual value in the assets at the end of 20 years, the fact that this city has and will have an abundant supply of pure water, is an asset of considerable value which cannot be reduced to dollars and cents.

QUIET WEDDING AT REMO THIS WEEK

TERRACE, Sept. 30.—A quiet wedding ceremony was performed on Wednesday afternoon at the home of Mr. and Mrs. A. Y. Wilson, Remo, when Miss Constance Toombs of Terrace and Patrick Murphy of Remo were united in marriage by the Rev. Wm. Allan of Terrace. Only a few intimate friends of the contracting parties were present, the witnesses being Mr. and Mrs. Wilson. Mr. and Mrs. Murphy will reside at Remo.

POLICE COURT FINES

Fines collected in city police court during the month of September, closing today, totalled \$1,421 according to an announcement made today by Sergeant J. P. M. Hannah, chief of the city detachment of the provincial police.

This afternoon's train, due from the East at 3:30 is reported to be on time.

Mrs. W. H. Sherman, sr., and young grandson sailed last night on the Prince George for Vancouver.

S. Share of the Universal Trading Co. sailed last night by the Prince George for Vancouver on a business trip.

The blast of six short whistles at 1 o'clock this afternoon announced that fire drill was being held at the dry dock.

Mr. and Mrs. William Balagno sailed last night on the Prince George for Victoria where they will take up their future residence.

Ed. Vanderweele arrived in the city on the Prince George last evening from Ketchikan and entrained this morning for Grand Rapids, Michigan.

Mrs. Ralph Ohman and Miss Dorothy Ahlstrom arrived in the city from Ketchikan on the Prince George last night and left by this morning's train for La Crosse, Wisconsin.

There were no sales of halibut at the Fish Exchange this morning. The only boat offering was the American schooner Resolute whose 40,000 pound fare is being held over until tomorrow.

Robert Hay, Canadian National Railways city ticket agent at Vancouver, and three other southern ticket men, who have been on an educational tour over the company's Eastern lines, will arrive in the city by Sunday afternoon's train and sail that night on the Prince Charles for the south.

"Listen," remarked the exasperated driver over his shoulder. "Lindbergh got to Paris without any advice from the back seat."—Detroit News.

Neglected Eyes

NEGLECT is doubtless the cause of most of the ills that afflict humanity. This is so self evident that it seems hardly necessary to tell you. If your eyes are giving trouble, have them attended to—and at once.

OF ALL absurdities in the kingdom of foolishness, surely the loss of eyesight through neglect is the most inexcusable.

DON'T lose health and efficiency through neglect. Come and see!

PRESBYTERIAN CHURCH DINNER

Largest Crowd for Such an Occasion Ever to Gather Was Out Last Night

The thanksgiving dinner in the Presbyterian Church Hall last evening was the largest gathering for a dinner ever to be served at the church. At least 150 people sat down for the event. Every seat at table was filled and some of the tables had to be re-arranged.

The dinner was arranged by the Ladies' Aid with the co-operation of the managers.

A number of after dinner speeches were made with Thomas McClymont presiding. Mr. McClymont gave a brief history of the work of the church and introduced a number of humorous stories.

J. W. McKinley spoke in a humorous strain.

Earl Barrie of the United Church, Alderman Joe Greer referred to a number of early events in the church. Mr. J. W. McKinley spoke appreciatively of the event in which he was taking part and of the work of the church in the city.

Rev. J. R. Finell told some stories and speaking on behalf of the ladies and the management of the church, thanked all those who had taken part and especially the ladies who had responded so readily in providing for the bounteous feast.

The affair was brought to a close by the singing of the National Anthem.

Mrs. D. G. Stewart was convener of the committee in charge which included Mrs. McRobbie, Mrs. Haddon, Mrs. Watson, Mrs. J. McLeod, Mrs. Simpson, Mrs. Stork, Mrs. Frizzell, Mrs. Miller, Mrs. Sidler, Mrs. McClymont and Mrs. Egger.

John E. Davey accompanied the singing of the Doxology and the National Anthem.

SPORT CHAT

World series tickets for games one, two and six, to be played in the National League city, are on sale at Pittsburgh on the strength of the Pirates' lead over the St. Louis Cardinals and New York Giants. The Pirates play three more games, and while critics in general concede that they are just about "in," Barney Dreyfuss, owner, and Donie Bush, manager, are making no claims as yet to the right to meet the Yankees in the post season classic. Nevertheless, tickets went on sale at the request of the league advisory board. Only mail orders are being accepted. Purchasers must take seats for three games at \$5.50 each for the grandstand and \$6.50 for box seats.

The possibility that Southeastern Alaska will for the first time have football games this Fall has stirred grid enthusiasts in Ketchikan to a new interest in life. The problem, it has been learned, is being studied by Lester D. Henderson, commissioner of education for Alaska, with the assistance of various superintendents in southeastern cities. And it is a problem. Any sport in Alaska involves the necessity of much local competition in that distances prevent many trips to other cities. The question is whether twenty-two fellows can be kept on a field for an entire game, and, if they can't, are there enough subs? Football has never been played in Ketchikan, and if it is undertaken now, the coaches will have a difficult task. There are a number there, though, who have played in the south, and they are anxious to help.

JOLLY PARTY GIVEN AT BAPTIST CHURCH

Admission Charged According to Height of Those Attending

There was a very jolly party last night at the Baptist Church Parlor under the auspices of the Ladies' Aid. Mrs. H. S. Hammond, president of the society, was in the chair. Mrs. W. F. Price had charge of the program which was thoroughly enjoyed. There was a solo by Mrs. P. C. Miller, recitations by Mrs. G. Hibbard, Mrs. J. D. Lawrence, Miss Adella Thurber; piano duet, Mrs. P. H. Linzey and Miss A. McKinley; violin solo by Miss Nellie Lawrence accompanied by Miss Mollie Lawrence; cornet solo, Mr. Wilson. Mrs. Ralph Walker was accompanist for the evening.

Much merriment was caused by each

For any Autumn Meal SHREDDED WHEAT

On warm days or frosty days With prunes or canned fruit For breakfast · lunch · supper,

guest being measured and paying according to height, which brought in a good sum of money. Dainty refreshments were served under the direction of Mrs. A. Iverson assisted by Mrs. J. Lindsay and Mrs. G. Strandahl. Rev. W. F. Price delivered a very appropriate address and the party concluded by singing "O Canada."

Miss Aletha McKinley rendered splendid piano selections.

HAZELTON

Mrs. Birnie who has been engaged at Dr. Winch's has had to relinquish her position on account of ill health. Her place has been taken by Miss Frank's Pratt of Skeena Crossing.

The many friends and acquaintances of Dr. and Mrs. Winch are wishing them many happy years of married life.

A very sociable evening was spent last week at the home of Mrs. Newick. The occasion being a shower for Miss Rock Campbell who is soon to be married to Cooper Winch. Also at Mrs. Newick's a few days later another complimentary shower was tendered Mrs. Dr. Winch. The evening was pleasantly spent in music and games.

Robert Langlands has been under the weather lately; his many friends wish him returning health and strength.

The Davidson family have returned to the district again after having been away for several years. They have gone back to their ranch in the Klappan Valley and intend to take up fur farming.

Mrs. Jack Robinson is a patient in the hospital at present.

The post office is now located at the drug store instead of at Sargent's. Announcements

TERRACE

Mrs. Jas. Richmond left on Monday on a short visit to Prince Rupert.

Mrs. Goodrich and son of Usk were visitors here on Monday.

Joe Thomasson had the misfortune to fracture a rib on Monday and left the same day for the Hazelton hospital.

Mr. and Mrs. Joe Cook and family have moved from the Lazelle building to the cottage recently occupied by Mr. and Mrs. Wm. Vanderlip.

Mr. and Mrs. J. Clayton and family who have spent the summer at the Amesbury mill returned to town on Tuesday.

The B.D. Bridge Club met on Tuesday evening at the home of Mrs. George Little.

Mrs. George Hipp returned on Mon-

day from a short trip to Prince Rupert.

Special harvest festival services will be held in the Anglican church next Sunday and special music is being provided by a children's choir. All harvest supplies used in the decoration of the building will later be auctioned at the school fair which is being held in the school house on Friday afternoon, Oct. 4. The funds from the auction will be donated to the hospital.

A. J. Galland, customs and excise inspector of Prince Rupert, was a business visitor here at the beginning of the week.

J. M. Burlingame, a representative of the Vancouver Artists, Ltd. is a business visitor in the district this week.

McKay, district engineer, public works department, Prince Rupert, and his assistant, G. H. Petrick of Smithers were official visitors in town on Wednesday.

SMITHERS

A. McMillan has threshed for farmers in the vicinity of Evelyn grain crops totalling twenty-five tons comprising two tons of barley, eleven tons of oats and twelve tons of wheat. This is the first year to show a wheat crop larger than oats, an influence of the Prince Rupert elevator and the ready market provided thereby.

The Canadian Anthracite Coal Co., an organization of Vancouver and Eastern capital, is about to extend the tunnel in the Seaton coal property another 100 feet and start sinking a shaft from that point.

A parks board is to be established in Smithers to look after the parks and boulevards in the town.

Forty parcels of land were offered under the hammer at the auction sale of town properties for taxes today.

Rev. Father A. Godfrey, O.M.I., was a visitor in town this week.

Raymond Moran left Wednesday night for Edmonton where he will resume his studies at the University of Alberta.

H. F. Noel returned on Monday from a business trip to Vancouver.

S. J. Mayer has left for Montreal and other cities in the East where he will attend sessions of the railway brotherhoods for which he is local chairman in this district.

Mrs. A. E. Campbell entertained members of the Ladies' Auxiliary to the Smithers Hospital on Tuesday afternoon when guests of honor were Mrs. D. D. Rolston, a member of the Auxiliary who is leaving Smithers shortly, and Misses

TEA COMPANY INVADING U.S.

Canadian Industry Spreading in Country to South due to Enterprise

SALADA TEA BUILDING

Hon. P. C. Larkin Officiated at Opening Ceremony for Building at Boston

One hears a great deal about the expansion of United States industry in Canada; therefore, it is interesting to note that Canadians can, and do, expand their business on the other side of the border. This was emphasized at the recent opening in Boston, Mass., of the magnificent new building of the Salada Tea Company—a Canadian enterprise with world-wide ramifications.

The building was opened by the Honorable P. C. Larkin, in the presence of Governor Fuller of Massachusetts, Mayor Nichols of Boston, and leading State and city officials. Referring to the imposing nature of the building,

HON. P. C. LARKIN.

and the fact that it was the largest in the world devoted to the packing of tea, each speaker commented upon the success which had attended this great Canadian enterprise in the United States field.

Architecturally the building is a handsome ten-storey structure, and enjoys the distinction of possessing a pair of the finest bronze doors in the world. These doors, which are the work of Henry Wilson, an English sculptor, were awarded a medal by the French Salon, where models were on exhibition this spring. They are said to rank in beauty with the doors of the cathedrals in Milan and Mayence.

The interior of the building is notable for the remarkable collection of tapestry, carvings, cloisonne ware, metal work and ceramics. Great Buddhas which have seen centuries pass, gaze patiently with folded arms upon a modern business. Richly colored Oriental rugs transform the floor into gay garden patches with aisles of marble. In the great windows some of the smaller and rarer pieces present themselves to the passing public. Throughout the building officials and employees will have light, airy and most pleasant surroundings in which to work, with a luxuriant clubroom on the top floor for rest and relaxation. The clubroom is furnished with handsome lounges and large, comfortable chairs upholstered in English red morocco, tables in color to match. Oriental rugs on the floor, and rare Chinese tapestries on the walls, with antique pieces distributed around the room, and on the inner wall a huge, inviting, open fireplace. Just below the clubroom is the cafeteria, to be maintained for the use of the employees.

Speaking about the beauties of the new building, Mr. Larkin said: "Of course, you know, we don't want to be boastful about these works of art. The building is new, but we have been many years collecting some of the nicest things we have. All our buildings have the same general sort of surroundings for executives and employees. We started doing these things years ago—before we even had much money to spend in such ways."

"It isn't extravagance, really. Forbidding surroundings hinder production in any line of business. I know that it's good business. We very seldom have any one leave our employ. Sometimes two whole years go by without a person leaving the company either in Canada or United States. We have never had any labor disputes of any kind. Such things cost money. It is expensive to train new employees. It is expensive to put employees in a jail-like place and have them merely endure their work until the time comes when they can get out."

Mr. Larkin was asked about the report that the Salada Company paid marriage bonuses.

"Oh, certainly; we've done that for years. It isn't much. When an employee is married the company presents a cheque for \$100. And for every child born to an employee we give a like amount."

"How about twins and triplets?" chimed in a reporter.

Back came the twinkle: "It's never happened yet, but the custom stands good for that—shall we call it?—emergency, too—\$100 for each. These little donations for a 'sunny day' are in addition, of course, to payments made under the normal policy of the company. Profits with our employees to the extent

The Sign of Hope

THIS is a message of Hope—an assurance of better health—for the weak, ill-nourished person who stands in peril of Tuberculosis.

Are you willing for your own sake, or the sake of someone very dear to you, to follow these simple suggestions?

To Avoid Tuberculosis

Recognize that Tuberculosis is preventable and curable, if combative measures are taken early.

That patent medicines and "quick cures" not only do no good but actually delay the real cure.

That a qualified physician can quickly detect Tuberculosis and prescribe treatment which may check the disease at the very start.

That Tuberculosis of the lungs is in reality a grim battle between hordes of germs and the protecting hosts of living cells which form the lining of the lungs. A healthy person can win the contest—in fact he is winning it every hour.

That you can strengthen the system to resist the disease if you live as much as possible in the sun,

shine, breathe fresh air, avoid overwork and eat nourishing food.

To Cure Tuberculosis

If you have a chronic cough with a failing appetite and loss of weight and notice symptoms which you do not understand, go at once to your family physician, and get his opinion. At this stage of the disease the greatest danger is the danger of delay.

Change of climate is not always necessary. In the hospitals for treating Tuberculosis hundreds of people are cured each year or have their lives greatly prolonged. They receive proper medical treatment, plenty of rest in the pure air and learn how to build up their system to combat the disease. For the same attention, you will have to pay no more than you can afford.

Don't leave your health to chance. Let a doctor examine your physical condition at least once a year. Better health, longer life, greater happiness, a more whole-souled joy in living will be your rewards.

that the business may permit year by year."

Ten Years Ago in Prince Rupert

SEPTEMBER 30, 1917.

Rev. Canon G. A. Rix officiated at the funeral of the late Axel Gartland which took place this afternoon. Pallbearers were Ald. John Dybhavn, Ald. George B. Casey, A. Christiansen, Louis Leroux and C. K. Ytreberg.

Loss of between \$4,000 and \$5,000 is estimated as a result of the turning turtle of a coal laden barge at the Albert & McCaffery wharf.

The advent of prohibition at Prince

Rupert was quiet. Toward midnight last night, there were a few heated street corner debates but little serious trouble arose.

IS SUCCESSFUL SAWMILL MAN

James A. Brown of Ecstall River Returns to Plant After Abortive Deal for its Purchase

"Going back to carry on business in the same old way," remarked James A. Brown, operator of the Ecstall River sawmill at Brown's Falls, who left on this morning's train for Port Eslington following the breakdown of negotiations for the purchase of his mill and site for the purpose of establishing a pulp mill there.

Though Mr. Brown modestly remarks that his mill is only a "one horse affair," it may be noted that it is perhaps the only lumber plant that has operated north of Vancouver during the past two decades without financial difficulty. Mr. Brown is reported to have become at least moderately well off as a result of the operation of the mill which he established there in 1903. He has a daily single shift output of 16,000 feet and, during the 24 years, has cut exclusively for the local markets, finding a particularly profitable trade in the supply of boxes to the canneries.

Mr. Brown is one of the real pioneers of the north coast of British Columbia. Before setting up on the Ecstall River, he was manager and part owner of the sawmill at Georgetown which is to be closed down next spring after having

 DIGBY ISLAND--Part cloudy, light southwest wind; barometer, 30.18; temperature, 49; light swell.

WATER NOTICE.

DIVERSION AND USE
 TAKE NOTICE that E. Rousseau, whose address is 410 Seymour Street, Vancouver, B.C., will apply for a licence to take and use 1 cubic foot of water out of unnamed stream which flows southerly and drains into Port Stephens Bay, about one mile east of Bluff Point. The water will be diverted from the stream at a point about 600 feet from the mouth and will be used for commercial purposes upon the lands described as Lot 2750, Range 4, Coast District. This notice was posted on the ground on the 26th day of July, 1927. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is August 20, 1927.

FIRST EFFORT TO CROSS ATLANTIC BY AIR IN YEAR 1856

BRIDGEPORT, Conn., Sept. 30.—Thumbing the pages of local history, Bridgeport has found that the first attempt at trans-Atlantic aerial voyaging originated here in 1856, when the balloon "Bridgeport" set out from here for Paris.

The trip was not completed. The "Bridgeport" got only as far as six miles from Bridgehampton, near the southern shore of Long Island, where it alighted, with its crew of five, little the worse for their hazardous adventure. The projected trip was obviously hopeless. Their motive power was to have been the winds, which they hoped would wait them across the 3,500 miles of ocean. In their short trip the balloon ascended to a height of 23,000 feet, or nearly five miles, which was for some time an altitude record. Sheets of ice coated the bag and forced it down.

VANCOUVER GYROS ELECT OFFICERS

Newton F. Pullen is Secretary of Organization for the Coming Year

VANCOUVER, Sept. 30.—R. Bruce Abel was elected president of Vancouver Gyro Club to succeed R. H. Gale. Other officers chosen were: First vice-president, John A. Clark; second vice-president, Mackenzie Bowell; secretary, N. F. Pullen; treasurer, Russell Black; sergeant-at-arms, C. F. H. Twelves; directors, E. W. Lumsden, Alex. A. Beaton, Blake Wilson Jr., and Lorne McCutcheon.

Charles E. Anstie, a charter member of the club, who has returned from Victoria to take up permanent residence here, was welcomed back to the club. Alex. Urquhart, another old member who has been residing at Seattle, was also in attendance. It is likely that he will return to Vancouver.

Installation of the new officers will take place at a dinner at Hotel Vancouver next Monday night.

FISHERIES GUARDIAN IS FOUND NOT GUILTY

Jury Accepts the Plea of Attempting to Secure Evidence and Lets Williams Go

VANCOUVER, Sept. 30.—Morris McKay Williams, formerly fisheries guardian at Smith Inlet, was found not guilty of the charge of bribery in connection with permitting fishing in prohibited waters on July 1 by the assize jury yesterday. The verdict accepts the plea of Williams that he had \$30 to All Hall to bribe F. Christiansen, another fisheries guardian, with the sole intention of securing evidence in the interests of justice and not with corrupt intent.

MAYOR BURY WILL SEEK RE-ELECTION CITY OF EDMONTON

EDMONTON, Sept. 30.—Mayor Bury's name will be on the nomination papers when they are filed up in December. He has decided to seek re-election. Other candidates are likely to be in the field, among them a representative of labor.

GERMAN PLANE FELL BUT AVIATORS WERE NOT INJURED AT IRAK

BAGDAD, Irak, Sept. 30.—Lieut. Otto Koennecke and his companions were not injured when their plane was damaged in a crash here today as they were taking off for a continuance of their flight from Cologne to the Orient.

POLI HOWARD AND MISS MITCHELL WIN IN MIXED DOUBLES

Poli Howard and Miss Caroline Mitchell won the mixed doubles tennis championship of the city last night by defeating E. W. Marentette and Miss Davies in the final 6-2, 6-2.
