TWELVE HUNDRED HELD BACK BY RIFLES FROM ASSISTING IN RESCUE FROM HUDSON RIVER

OSSINING, July 5.—Prison rules held dozens of willing rescuers in check yesterday as three young canoeists were drowned in the Hudson River near the gray wells of Sing Sing. The trio, the identity of whom it was impossible to learn this morning, were thrown into the river when the craft was raked by a stiff wind and capsized near the Sing Sing wharf. Twelve hundred prisoners watched the three struggle to save themselves and fail. Some of the prisoners wept, others beseeched the guards to allow them to leap over the fence protecting the dock. Guards covered the men

ENGLISHMAN PLANS FLIGHT

Captain Courtney Expects to Cross to New York in Seaplane

LONDON, England, July 5.—A seaplane flight from England to New York is planned for this week, the date of leaving being set for Thursday if weather conditions are good. Captain Courtney, test pilot, expects to make brief stops at Ireland and Newfoundland, possibly arriving at the Battery late Friday night or Saturday morning. The British airman favors the flying boat in place of the ordinary airplane so that in case of stress he may alight on the water.

The plane which it is proposed to use should make slightly less than one hundred miles an hour on the average and will consume about eighteen gallons of gas during that time in operating the 450 horsepower engines. It is also planned to use directional wireless as an aid to steering as it would be fatal to miss the coast of Newfoundland to the south and equally fatal to get to the wilds of Labrador to the north.

DROWNING AND LOGGING DEATH

Two Lose Lives Near Britannia Beach Result of Accidents

BRITANNIA, July 5.—Fred Kohler, 50 years of age, a hand logger, was found dead at the scene of operations on the opposite shore of Howe Sound from here. Apparently he had been crushed to death when a rolling log broke away and crushed his skull.

John Fee, 40 years of age a carpenter, was drowned when he fell overboard from a launch on which he was coming to Britannia Beach from Squamish and sank before his companions, one of whom was himself immersed, when the dinghy in which he was attempting to rescue Fee, capsized before he could reach him.

BOMB FOUND AT SPOKANE

Fuse Was Burned Almost to the Cap Outside Newspaper Office

SPOKANE, July 5.—A bomb fuse buried up close to the cap was found today in the Spokesman-Review and Chronicle building. The police say that if the bomb had exploded it would have wrecked the front of the building.

FLIGHT IS PLANNED OTTAWA TO ENGLAND

LONDON, July 5.—Lieut. Colonel F. F. Minchin and Leslie Hamilton plan to fly to England from Ottawa in about a fortnight.

DEPLETION OF HALIBUT BANKS

International Commission Will Make Recommendations in Regard to Matter

VICTORIA, July 5.—Serious depletion of the North Pacific halibut is reported by J. P. Babcock, chairman of the international halibut commission, following a meeting of that body in Seattle.

Mr. Babcock says the commission will in the fall meet the fishermen and others interested in the business and following that they will frame a report making recommendations in regard to methods to be used in conserving the fish. The commission reports simultaneously to both Washington and Ottawa.

YANKEES ARE WELL AHEAD

Runners-up in American League Subjected to Terrific Quaslaughter Yesterday

NEW YORK, July 5.—Chicago White Sox and Washington Senators were the victims of a terrific onslaught in the American League yesterday. Both suffered defeat in double headers, the former at the hands of the Cleveland Indians and the latter by the New York Yankees themselves. The Yanks are now heading the league with a margin of 12½ full games and there are few who are courageous enough to hope that they can now be displaced. Yesterday's games were probably the turning point as far as the American League supremacy is concerned.

In the National League, Pittsburg Pirates defeated St. Louis Cardinals in two games to advance their hazardous grasp on the league supremacy to one full game above the Chicago Cubs. Lou Gehrig got his twenty-seventh and twenty-eighth home runs of the season while Babe Ruth made five hits. Rogers Hornsby made his fifteenth home run. Sixty thousand fans watched the Pittsburg Pirates beat the Cardinals. Chicago won over Cincinnati in ten innings. The first Giant game went eleven innings.

The day's scores were as follows:

NATIONAL LEAGUE			
St. Louis	2-4	Pittsburg	7-6
Cincinnati	1-3	Chicago	2-6
Boston	5-8	Philadelphia	4-2
New York	4-9	Brooklyn	3-4

BAN PARADES IN NEW YORK

NEW YORK, July 5.—Parades that may tend to cause disorder will be banned from the streets of New York hereafter as a result of the death of two fascist and the near riot centring around participation of Ku Klux Klan members in Memorial Day parades here. Police Commissioner Warren, in refusing a permit for 5,000 members of the Fascist League of North America to march in the funeral procession of their two dead comrades recently said greater police discretion would be exercised in the future in issuing permits. "Everybody knows that in New York the wearing of Ku Klux Klan uniforms will create trouble," he said, and the same can be said of men wearing the black shirts of the Fascists."

INTERIOR COUPLE QUIETLY WEDDED

Miss Ann E. Beran Becomes Bride of George W. Graham

The wedding of Miss Ann E. Beran, eldest daughter of Mr. and Mrs. J. Beran, of Grand Forks, B.C., to George W. Graham, of Doreen, second son of Mrs. M. Graham, Federal Block, Prince Rupert, was quietly solemnized this morning at the Presbyterian Church, Manse by Rev. J. R. Fizzell.

After the ceremony, Mr. and Mrs. Graham left for their home in Doreen by this morning's train where they will remain for the summer, proceeding south in the fall. Miss Beran has taught school at Doreen for the past two years.

ELECTRICITY KILLS WHEAT

GRAIN CROPS SUFFER FROM ELECTROCUTION DECLARES KANSAS WEATHER BUREAU

TOPEKA, Kansas, July 5.—Electricity generated by dust and high wind storms on the western sweep of Kansas prairie has been added to the foes of the Kansas wheat crop.

Reports of "electrocution" of thousands of acres of growing wheat this spring have been given cognizance by the state weather bureau here and by the division of agriculture of the Kansas State Agricultural College at Manhattan. "It is a pretty well founded theory," said S. D. Flora, state weather observer, in commenting on the reports. "During dry seasons the dust carries charges of electricity. Wire fences and windmills are charged and the electricity will give off sparks half an inch long. I have no knowledge that growing plants will give off sparks. After such disturbances growing wheat fields turn brown and the wheat dies. The after-effects are similar to those of a severe frost."

TACOMA LADY WAS A VICTIM OF ACCIDENT

GLOVERDALE, B.C., July 5.—Miss Josephine Carpenter, 26 years of age, was killed and J. Weatherbee was injured, when the car in which they were driving was overturned near here. Both were from Tacoma.

FELL DOWNSTAIRS: KILLED HERSELF

VANCOUVER, July 5.—Mrs. Teresa Raino, an aged Italian, who has resided here for 27 years, died at the hospital last night as a result of injuries sustained when she fell downstairs at her home this morning.

King Fuad of Egypt Visiting King George at Buckingham Palace and Gets an Ovation

LONDON, July 5.—King Fuad of Egypt arrived here yesterday on an official visit to King George at Buckingham Palace and was given a great ovation as he drove through the streets on his way from the station. What attracted most attention was the bodyguard of 28 Nubians, picturesquely costumed, who accompanied the King. Anglo-Egyptian relations, which have been very unsatisfactory at times of late, it is anticipated will be much improved as result of the visit.

CONSERVATIVES WILL CONVENE

UNITED STATES NEW PROPOSAL FOR CRUISERS
GENEVA, July 5.—The United States has submitted a new scheme to the tripartite conference of powers here in regard to naval reduction. That country has submitted tonnage figures for cruisers.
It is understood that in a spirit of compromise the United States has suggested a figure of 400,000 tons as the gross limit for cruiser building for that country or Britain.

National Convention to be Held at Winnipeg on July 5
OTTAWA, July 5.—October 11 is confirmed as the date for the National Conservative convention to be held at Winnipeg. The Conservative executive decided that the provinces would be represented in proportion to the number of members of parliament, one for each in addition to the members. The chief purpose of the gathering will be to choose a leader to take the place of Hon. Arthur Meighen, who resigned following the defeat of his party at the last general election. Hon. Hugh Guthrie is the present leader pro tem and it is possible he may be the choice of the party although R. B. Bennett of Calgary, H. H. Stevens and others have been prominently mentioned.

SHIP CAULKER OF LOCAL DRY DOCK DIED LAST NIGHT

The death occurred in the Prince Rupert General Hospital last night of George Clifford Adolphus Wilson of 536 Eighth Avenue East. Deceased had been on the staff of the local dry dock as a ship caulker and he had resided in the city for six years. He was 34 years of age, born in New Westminster of Scotch parentage and is survived by a widow here and one child. A sister, Mrs. A. A. Bueau, also lives in the city. Funeral arrangements are in the hands of the B.C. Undertakers.

BEACH MORALS ARE BEING REGULATED IN ITALY TODAY

ROME, July 5.—A code of morality for bathers including an order against bathing without clothing, even in secluded spots, has been drafted by the Diocesan Morality Committee of the province of Genoa.

Other "dons" forbid flirting, wearing abbreviated bathing suits, using profane or obscene language, reading obscene, frivolous or vulgar newspapers, magazines or books; dancing and leaving the beach attired in a bathing suit or beach wrap.

CIGARETTE SMOKING IN THREE COUNTRIES

LONDON, July 5.—Smokers in the British Isles smoke 400 cigarettes to one cigar, according to statistics given out by the Tobacco Trade Congress here. Frenchmen smoke 40 cigarettes to one cigar, and American fourteen cigarettes to every cigar.

LONDON, July 5.—In the appeal of British Columbia versus the C.P.R. to the Privy Council over the claim of taxes on oil consumed by the company, judgment was reserved.

TRAMCAR OVERTURNED IN A VIOLENT GALE

ODESSA, July 5.—Twenty-six persons are known to have been killed as the result of a violent gale which swept this section of Russia, capsizing small yachts and unroofing buildings. So violent was it that a tramcar was overturned.

U.S. CONSUL IS BEING MOVED

E. A. Wakefield Goes to Mexican Port From Here and Man Coming From East

Consul E. A. Wakefield of this city received word today that he was to be transferred to Ensenada, Mexico, a seaport on Santosha Todos Bay about 109 miles from San Diego. He will be succeeded here by Consul Woodward of Campbelltown, New Brunswick, a man a few years younger than Mr. Wakefield. The change is expected to take place early in August.

The new consul will have as his assistant here vice-consul Allman of Sarnia, formerly of Ottawa.

Consul Wakefield has been in Prince Rupert something like eight years and during that time he and Mrs. Wakefield have taken an active interest in everything pertaining to the life of the city. They will be much missed.

INDIA FORCES ARE RETURNED

No Room for More British Troops in China Suggests Daily Mail

LONDON, July 5.—The Daily Mail learns that in consequence of the three powers increasing their forces in China, the British government is anxious to prevent overcrowding the occupied towns in hot weather and has ordered the immediate return of the brigade which recently arrived from India.

MEXICAN GAMBLING HOUSES ARE CLOSED

MEXICO CITY, July 5.—Gambling houses throughout Mexico have been ordered closed by President Calles. Instructions to this effect have been sent to the governors of all the states.

The order is intended mainly to clean up border towns, since gambling places operate openly in only a few interior cities.

NO CAUSE FOR COMPLAINT

Consideration of current business conditions in Canada must take note of the fact that a year ago business, as a whole, was good, and when betterment has marked the interval little cause for complaint exists, says the Bank of Montreal monthly business summary. More currency is in circulation than then, commercial loans of the banks are up about 15 per cent, railways are moving more merchandise, foreign trade has grown, and the thrift of the people is exhibited in an increase of upwards of \$80,000,000 in notice deposits in the banks. Bank debits in May amounted to \$2,986,235,000, being very largely in excess of the corresponding month a year ago. A slight improvement in the lumber trade, long sluggish, is recorded, significant of which is a recent shipment from the Port of Montreal to Great Britain of a cargo of high grade lumber, the first of its kind in fifteen years. Anthracite coal imports from Great Britain have been resumed on a large scale, upwards of 250,000 tons having been landed at the Port of Montreal this season, and it is expected that all previous records will be exceeded.

Retail business in summer goods has been retarded by cool, wet weather, which has also delayed tourist traffic. The season, however, is still at the threshold, and a large tourist influx is confidently counted on.

The newsprint industry maintains its volume of output, but the erection of new and enlargement of old mills have reduced the percentage of sales to capacity.

Building operations throughout Canada continue extensive. It may be noted that both the Canadian Pacific and Canadian National Railways will this summer extend branch lines in the Northwest.

If the Bank of Montreal is optimistic about Canada, there seems to be little reason why we shouldn't be, too.

CROP PROSPECTS EXCELLENT

Despite adverse seeding conditions caused by continuous rain, crop prospects in the Prairie Provinces are now considered excellent, and with favorable weather throughout the summer, a large harvest is anticipated. The area sown with wheat is about 2,200,000 acres less than last year, against which is to be set an increase in coarse grain acreage of about the same amount. Reports from the other provinces are also favorable.

Immigration runs well ahead of recent years and is largely of British stock, with a considerable number from the European continent as well as from the United States, including returning Canadians.

Car-loadings, which had fallen off in the latter half of May compared with last year, have since shown a slight increase, being 949 cars more in the first two weeks of June than in the corresponding period of 1926. The quantity of grain loaded was in these two weeks 4,270 cars less than a year ago, due to the previous heavy shipments occasioned by early navigation on the lakes, so that in merchandise, coal and lumber a substantially larger movement has occurred. Railway gross earnings have latterly shown slight decreases.

NOT MUCH FLUCTUATION

Commodity prices have not widely fluctuated, though wheat has been selling at higher prices and cotton has made recovery from the low price produced by a very large crop. The index number of wholesale prices, as calculated by the Dominion Bureau of Statistics, was in May 151.9, as against 256.7 in May, 1920, and 100 in May, 1913.

Textile industries are busily employed; iron and steel manufacturers moderately so; automobile production maintains its volume; and with a few exceptions manufacturing plants are well engaged.

In the security market a new issue of \$65,000,000 Canadian National Railways Dominion Government guaranteed non-callable 30 year 4 1/2 per cent bonds, brought out at 98 1/2, to yield 4.60 per cent, has had a somewhat unsettling effect. Prices of Dominion and Provincial Government bonds have been slightly lower and trading has been less active.

SIDELIGHTS OF THE STAMPEDE

Interior Valleys Being Combed for the Worst Outlaws to be Brought to Rupert

The Prince Rupert Fair Board realizing the present day demands of a holiday crowd, are stepping out to give the public a display crammed full of thrills and excitement, and have launched upon a program that will draw unheard of crowds from every point of the compass. Not one resident in ten ever witnessed a wild and woolly exhibition of cowboys, bronks and steers, such presentation of daredevil riding nicely interspersed with displays of rope work and trick riding, that is the program to be presented.

Through co-operation with J. J. McNeil of the Telkwa Baroque committee it has been arranged to bring down a car load of bronks and one of steers, and at the present time ropers are riding the range of the Northern Interior combing out the worst outlaws it is possible to secure. The stock that will be brought down are not trained buckers, they are all outlaws that have never before been broken. Riders will be gathered from Ashcroft, Williams Lake and Telkwa. There will be ropers, hazers, cincha men, chute men, steer riders, broncho busters, trick riders and the real western cowboys. All will be decked out in full array, chaps gleaming with fancy studs and initials, some in nickel and some in silver. The front and outside of the chaps a mass of angora wool in a multitude of colors, the wool waving with every step, and with each wave there will be the accompanying clank of the spur, carefully fitted on high heeled, fancy top boots, often costing from \$50 to \$60 dollars per pair. Felt hats of tremendous proportions either of the Tex Austin type or like the one worn by Pete Vendermer, these likewise cost outrageous sums, and with their outfit of saddle, gun, stirrups, bridle, boots and spurs are religiously taken care of, and woe betide any nosy parker that tampers with them.

A stampede or Rodeo is the sport supreme of a cattle raising country, and peculiar to the West and Middle West, it is a sport fastly dying out as the range is being depleted, and it will not be many years before the cowboy is a thing of the past, for this reason alone there is a strong movement among the cattle men of the West to foster it as long as possible.

MEANING OF RODEO
The word rodeo is a Mexican word meaning a "round-up," and it was at these round-ups that contests first began, in order to prove the ability of the "top hands" from the various ranches. Ultimately the champions evolved at the different round-ups gained more than a local reputation, and they travelled miles and miles to defend their titles. The activities of the cowboy contests require more than the average amount of courage and nerve, and the cattle raising people encouraged the contests to guard against the possible development of a race of "clashes."

Some people regard a stampede as a wild west show. It is nothing of the sort. It is a sport contest between man and beasts, in which the beast has every advantage. Definite and established rules are to be rigidly adhered to, no cheating the bronk goes. It must be ridden only with a regulation saddle and a halter having only one rein. The rider must not "pull leather," that is catch hold of the saddle, neither may he grab hold of the horse's mane. No whips are allowed and one hand must be kept in the air. The feet must be continually moving in a kicking motion, to show that he is not holding on with his spurs. The horseman has to outguess the horse, anticipating his next jump and frame his attitude to maintain his balance; the highest class of horsemanship and reckless daring are needed by the contestant. He risks being thrown, dragged or having his mount thrown upon him.

Bucking in itself entails the most violent exertion on the part of the horse. Few horses can buck continuously for more than 30 or 40 seconds. They must then subside a minute to get their wind. It is only on the first bucking exhibition that the rider is judged. In those 30 or 40 seconds of

terrible grueling, the rider encounters more thrills and dangers than will come in the total life of the average individual.

Disqualifications are meted out for wrapping halter shank around the hand, or tying a knot in it, and there is no tape or string allowed for rein or stirrups. Pulling the horse's head is counted against the rider. The horses are saddled by special men. In the "chute" and the rider must leave the chute with both feet in the stirrups and both spurs against the shoulders, he must touch "front," the first five jumps—then touch high behind, and 'tis then you will hear the boys yelling "hoop 'em high" and "Let 'er buck." One thing to remember on Stampede Day: Get there early, secure a good seat, then start in and shout "Ride 'em cowboy," but do not let "Whispering Frank Johnson the Irish Swede Hazer" who rides 'em "high wide and handsome" out-shout you.

LARGE TOURIST GROUPS COMING

Two Special Trains Needed on Saturday to Handle Aggregations Coming Through

Two large parties of Eastern tourists, practically filling two steamers and requiring two special trains, will be in the city this week-end on the Canadian National Railway lines.

The Shenandoah Valley special tour of North America party, consisting of 130 persons from Philadelphia and New York, will arrive in the city on Friday aboard the steamer Prince Rupert from the south and, making the round trip to Stewart and Anyox on that vessel, will return here at 5 o'clock Saturday afternoon and proceed east by special train at midnight. This party will be in charge of Malcolm Woods, formerly purser of the steamer Prince Rupert and now travelling passenger agent for the company in New York.

The Sixth Annual Canadian National Railways personally conducted tour party, consisting of 180 people from the prairies, Eastern Canada and the Middle States, will arrive in the city by special train at 3 o'clock Saturday afternoon and will go south that evening on the steamer Prince Rupert. This party is being conducted by E. G. Wickerson, C.N.R. travelling passenger agent, who has guided similar tours for five of the six seasons since they have been instituted. R. F. McNaughton, district passenger agent here, will leave tomorrow morning for Jasper Park to meet the group and accompany it to the city.

Twenty-five persons from Toronto in a Kerr-Bryson tour will arrive by the regular train Saturday afternoon and sail for Vancouver that night on the Prince Rupert.

MARKSMEN TELL OF BIG MEET

Light Serious Handicap on Visitors New to Ranges

The lay of the ranges at Victoria which allowed the afternoon sun to cast a reflection back over the firing points, the tricky winds which at times fooled the most crack of marksmen and the varying light were all trying yet beneficial to marksmen, according to local men who are back from the British Columbia Rifle Association shoot.

There were 127 entries for this event and the accommodation for visiting marksmen was of the best. Tents were erected, each fitted with two spring cots and blankets issued; a large marquee being used as a dining tent where very good meals were served at moderate cost. There were quite a few ex-Bisley and other prominent riflemen present. Everyone seemed pleased to see the 1st B.N.C. Regt. represented as this was the first time since the meet in July, 1914, that riflemen from Prince Rupert had competed. Every assistance possible was given the Rupert men who had never before attended a meeting of this kind. During the four days, competition shooting started at 9.00 every morning and ended at 5.00 each evening, with two hours off at noon for lunch.

EACH FIRED 50 ROUNDS

The distances of the various ranges were 200, 300, 500, 600, 800, and 900 yards. Competition was very keen and in various instances ties occurred which had to be decided by shoot-offs. Each competitor during the day, at various ranges, fired over 50 rounds. The weather was fine but at times the changing winds and mirage was very trying to the new shots. This was where experience on these ranges counted as the old shots knew from long practice exactly how to set their wind gauges and elevations. The Prince Rupert men, however, in some cases gave the old timers a run for their money. In the Tyro match which was for new shots, R.Q.M.S. Lamb won third place, and Lieut. W. Brass 16th place. In the Westminster match M. M. Lamb was 24th, and in the Lieut.-Governor's match 18th. In the All-comers Aggregate he was 23rd and in the Grand Aggregate 24th.

In the first stage of the Lieut.-Governor's match, which was seven shots at 200, 500 and 600 yards, a signalled miss at the 600 yard range with 34 in sight cost Lieut. Brass a place in the second stage of this match, his score at 600 being 29 and the total score 99—91 being the qualifying score. In the Macdonald "Brier" No. 2, which was ten shots at 800 and 900 yards, possible of 100, W. Brass came seventh with a score of 46 at 800 and 48 at 900, the winner's total score being 96.

The meeting closed on Thursday afternoon, when Ex-Lieut. Governor W. C. Nicholl presented the prizes.

BRITISH EFFORT TO WIN OLYMPIC GAMES

Wrestling Taken up and Monthly Trials Being Held in Various Centres

LONDON, July 4.—Britain will make a determined effort to gain wrestling honors in the forthcoming Olympic games. The British National Amateur Wrestling Association is forming centres all over England, which will be divided into sub-centres of four representatives for each of the seven weights. Once a month these centres will hold a series of trials, at which amateur wrestlers will be eligible.

The culmination of this effort will be an Olympic trial competition in 1928, at which the best wrestlers produced in the trials will compete, and from the winners the Olympic team will be selected.

MOSQUITOES and Flies—how everybody hates them! Kill them at once, with Flit.

Flit spray clears the house in a few minutes of disease-bearing flies, mosquitoes, bed bugs, roaches, ants and fleas. It searches out the cracks where insects hide and breed, destroying their eggs.

Flit kills moths and their larvae which eat holes. It will save your clothing, furs and rugs. Clean and easy to use. Will not stain.

Flit is the result of exhaustive laboratory research. It has replaced old ineffective methods. Fatal to insects but harmless to mankind. Recommended by Health Officials. Buy Flit and Flit sprayer today. For sale everywhere.

Neglected Eyes

NEGLECT is doubtless the cause of most of the ills that afflict humanity. This is so self evident that it seems hardly necessary to tell you. If your eyes are giving trouble, have them attended to—and at once.

OF ALL absurdities in the kingdom of foolishness, surely the loss of eyesight through neglect is the most inexcusable.

DOMINION DAY AT JASPER PARK

Event Was Fittingly Celebrated at C.N.R. Summer Resort

JASPER NATIONAL PARK, July 5.—Into the heart of the Rockies the radio carried the message of His Majesty the King and the sound of the carillon bells of the Canadian Dominion capital. To climax the celebration which Jasper gave as its share of the national contribution towards the commemoration of the Diamond Jubilee of Confederation.

It was a picturesque celebration in which gay riding cowboys dressed in their most colorful outfits accompanied by members of the Mounted Police and school children took part, forming the main portion of the parade which opened the celebration. Following the parade an address was delivered by Honorable Dennis Murphy of Vancouver. At high noon the Canadian flag was raised to the top of the flag pole in front of Jasper Park Lodge by Captain E. G. Freer, commanding officer of the Royal Northwest Police for Jasper National Park. He was accompanied by members of his staff and men of the force in full dress uniform. During the ceremony the Jasper Park Lodge Orchestra played "O Canada" and "God Save the King."

In the afternoon field and track activities were held. A party of Western Canada newspapermen were guests at the lodge and they also took an active part in the festivities which closed in the evening with a dance and display of fireworks.

SMITHERS

Development work carried out during the past month on the Jessie group on Hudson Bay Mountain shows the property to be one of the very best in the entire section. The vein has been exposed for 1,000 feet with good gold and silver ore in all the workings. L. S. McGill, the owner, states that it is not his intention to work the property himself but to turn it over to a mining company with sufficient capital to open up the many showings already found. The property lies five miles from Smithers and two and a half miles from the railway and its elevation is 2,700 feet above the railway grade.

During the celebration at Smithers there was on view one of the greatest collections of botanical and other specimens ever assembled in the province. It was gathered by Gustave Gervais of Hazelton who has made the work a hobby and who spent 22 years in putting it together. It covers an area of 1,200 square feet.

The big street parade, marshalled by J. Mason Adams, was the feature of the Diamond Jubilee of Confederation celebration here. Field and track sports as well as many novel attractions crowded the day while dances and concerts were staged in the evening. A community church service on Sunday brought the festivities to a fitting close. The celebration was opened by Dr. H. C. Winch, M.L.A.

The annual field day in connection with Dominion illustration stations is being planned for July 14 and 15 at Telkwa.

In addition to the Stork cup, donated by Fred Stork of Prince Rupert, a cash award of \$20, presented by D. D. Munro, will be offered for the best collection of grasses at the Smithers Fall Fair this year.

As a result of the Smithers baseball team winning several games this season, the treasury of the Athletic Club has been enriched to the extent of \$60.

Owing to the impossibility of making train connections, the meeting to have been held recently with Dr. S. F. Tolmie, Conservative leader, as speaker, was postponed. It is probable that J. W. Jones, M.L.A. for South Okanagan, will visit the district later this summer.

Hon. A. M. Manson, attorney general, will address the convention of B.C. Farmers' Institutes at Telkwa on July 6. He is now on a tour of his riding of Omicame which will take him all this month.

DOMINION DAY CELEBRATED IN TERRACE TOWN

Every Feature on Ambitious Program Was Successful

TERRACE, July 5.—Clear skies and bright warm sunshine ushered in Dominion Day in Terrace and as befitting the occasion the most pretentious celebration ever attempted here was carried out most successfully. Never before has so much enthusiasm been shown in preparation for a holiday. Many artistic decorative effects were carried out on streets, stores and private homes. All manner of vehicles from tricycles to logging trucks were decorated for the parade. While large quantities of bunting, flags, etc., were stocked in readiness for the event, there was a decided shortage, and considerable disappointment in this regard.

From early morning young girls were selling attractive programs of the day's sports with tag flags attached. This was a means used to assist in financing the celebration and met with a ready and liberal response from the public generally.

The day's program commenced at ten o'clock at the Bank Square where a very large crowd of people had gathered. Directed by Rev. Wm. Allan, and with Mrs. Von Hees as accompanist, the school children very heartily sang "O Canada." Exercises by the newly formed boy scout brigade and a flag drill by the C.G.I.T. unit, under the directorship of Miss Tombs, were very well performed and received much applause. Both these were awarded special prizes.

A stirring and well delivered address on Confederation was then made by E. F. Kenney and was listened to with much interest.

This was followed by the presentation of the Confederation medals to the

LAND ACT.
 NOTICE OF INTENTION TO APPLY TO LEASE LAND FOR INDUSTRIAL PURPOSES

In Prince Rupert Land Recording District of Prince Rupert, and situated at Sewell Inlet, Moresby Island, Queen Charlotte Islands.

TAKE NOTICE that Kelley Logging Company Limited, of Vancouver, B.C., occupation Timber Merchants, intends to apply for a lease of the following described lands:—

Commencing at a post planted at the southeast corner of Lot 470 Sewell Inlet, Queen Charlotte Islands; thence north 80 chains; thence east 90 chains, more or less, to shore; thence following the shore line in a southwesterly direction to the point of commencement, and containing 190 acres, more or less.

JOSEPH DOUGLAS WILSON, Agent for Kelley Logging Co. Ltd. Dated 29th April, 1927.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS
 Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 21 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e. carrying over 3,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner. Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE
 Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES
 Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES
 For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING
 Under the Grazing Act the Province is divided into grazing districts, and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free or partly free permits are available for settlers, hunters and travellers, up to ten head.

do you want to live long

EVEN long life and good health may become "ashes in the mouth" unless one is, to some extent at least, financially free from worry. Besides, financial independence is one way to insure long life and good health because it prevents worry.

Confederation Life Pension Bonds guarantee a definite income later on in life. The annual deposit is comparatively small, but it guarantees a comfortable and independent old age.

school children, after which they sang "Land of Hope and Glory." The parade then lined up on Emmerson Street. This was led by the Native Sons' float with Miss Mona Greig as "Miss Canada" and accompanied by a man and little girl to represent each of the nine provinces of the Dominion.

Many attractively decorated floats, cars and other vehicles entered the parade which proceeded along Lakelse Avenue, Kalum Street and thence to meet the noon train.

The judging of the different entries in the parade was done at the station. Mrs. Elizabeth B. Allen, Mrs. S. P. Ardagh and Geo. Bowie acting as judges. Prizes were awarded as follows:

PRIZES AWARDED
 Best float—First Canadian Legion representing Britannia and Miss Canada, with attending soldiers. Mrs. N. Sherwood was Britannia and Miss Marjorie Attwood Miss Canada. Second, Rebeals, representing Confederation.
 Best decorated car—Mrs. Cassells.
 2. Mrs. E. T. Kenney.

 The prize for the best decorated building went to J. B. Agar.

When the parade dispersed many availed themselves of the free tea and coffee served in the park and many picnic lunches were partaken of.

The afternoon's program began with the planting of a maple tree at the northwest corner of the half park. During this ceremony the school children sang "The Maple Leaf Forever."

A full program of sports followed and was carried through on scheduled time despite a slight shower of rain which came up about three o'clock, but quickly passed over.

At 5:30 p.m. a primary display of fireworks was put on but the effect was poor as it was still daylight. The midnight display proved more interesting but the whole affair was rather disappointing as the entire shipment contained nothing but Chinese candles.

The dance drew the largest crowd and the largest dance purse ever known here, the large G.W.V.A. hall being much overcrowded. Music was furnished by J. McLaren's orchestra and dancing was carried on until about 3:30 a.m.

The prize-list for the day's sports follows:

Jas. Richmond left on Thursday on a combined business and holiday trip to Glasgow, Scotland. He expects to sail from Montreal on the Andania on July 8. It is seventeen years since Mr. Richmond came to Canada and this is his first trip back to Scotland in that time.

Mrs. H. C. Creelman and two children of Esk are visiting at the home of Mrs. J. Raven.

Mrs. Fraser of Saskatoon, Sask., is the guest of Miss Deacon over the holiday. Mrs. Fraser is spending the summer in Prince Rupert where Mr. Fraser is at present located with the biological station.

Mrs. Tredway and children of Doreen were in town on Wednesday.

Part of the members of the Lakelse hatchery staff who were in Prince Rupert taking examinations during the week returned home on Thursday. The others came on Friday.

A serious accident occurred here on Thursday morning when F. C. Bishop fell from a ladder on which he was standing putting up decorations on his moving picture building. First aid was rendered here and he was taken into Prince Rupert, Rev. A. W. Robinson accompanying him. Advice received Thursday night stated that both ankles were broken as well as several ribs and he was also cut about the head and badly bruised. The accident somewhat dampened the ardor of the holiday celebration preparations here as Mr. Bishop was one of the most active and energetic workers and boosters for the celebration. Arrangements have been made to carry on both his picture show and electric light plant during

TERMINALS WIN FOOTBALL GAME

Got Into Game as Possibility Last Night by First Victory

With a couple of old-timers out again and playing good football the fans were treated to a game that was always interesting, full of exciting incidents, and many missed chances, when Terminals got their first win of the season by beating the Moose eleven to two. Ernie Warren for Terminals took some time to get into the swing but he is good. Bobbie Woods turned out for the Moose and promises to reproduce his old form.

Terminals playing down hill were the first to press and Peacock was called on by Dido Gurvich and Dickens. Hamilton just missed. A spell of midfield play followed and Peacock saved three times. Then Warren beat him, but a fine shot hit the far upright and rebounded into play. Moose took up the running and Bye's shot was deflected by Howe past the goalie to put the Moose a goal up. Woods stopped Dickens and then Bye missed narrowly, first with a header and then just past the post. After Warren had put over, Bye at the other end hit the under side of the cross bar but the ball came out. Terminals were bound to get a goal and at last a slow shot from Dido Gurvich slipped past Peacock to make the score even. Half time came with the score 1-1.

Playing up hill Terminals took up the offensive and twice in succession Warren missed two glorious centres of Hamilton's. He converted a third with an unstoppable shot to give Terminals the lead.

lead. Peacock failed to clear Dido's centre and Hamilton made it three for Terminals. Spiro fisted away Murray's corner kick. Dickens went clean through to finish hopelessly. At the other end Jack Murray flashed a fine shot on the wrong side of the upright. Sam Currie was now centre for Moose but the goal came when three Terminal players combined with beautiful teamwork to beat their own goalie. With only a goal to separate the teams, play became harder and Dickens finally put his team two goals in the lead. Play alternated from end to end with both teams narrowly missing but no further score was made and Terminals ran out worthy winners.

SPORT CHAT

An interesting visitor in the city yesterday was Frank Moran, a former noted heavyweight boxer who some years ago figured prominently in big time pugilistic affairs. During the reign of Jack Johnson as world's champion Moran appeared as a contender for the crown but was stopped by the big black man. Moran was in company with Holy Wood, president of the Premier Gold Mining Co., who was going through to Stewart on the steamer Prince Charles.

Not the least interesting part of the Diamond Jubilee Celebrations was the sports program. The field and track events caused much favorable comment on account of the promising showing made by the juniors. Unfortunately, there seems a big falling off in the intermediate stages and many promising youngsters are not heard of again. The fault is not in the youths themselves altogether but in the fact that they do not get the expert training and advice that are so necessary to develop the young material. In the pole vaulting there are very promising youngsters. Ed. Smith should go far. He needs coaching and watching. The high jumping of L. Pierce caused the old-timers to prophesy big possibilities. Irvine in the mile and Walters in the five mile are good. These chaps need many chances. Only one or two field days in the year are not enough. Were there more such days they would be encouraged to get and stay in training. The question of coaches is a big problem. But there are in town at the present some old-timers who could give these the hints that make the difference between fair runners and good sprinters. If there are, surely they are keen enough to come forward and give their services for the good of the sports they enjoy and which means so much to our young athletes.

The final of the Dominion Cup was not up to the desired standard this year yet it was a hard fought and keenly contested game. Probably over anxiety was responsible for much of the hasty kicking and poor placing. But the spirit was good and no man failed for want of trying.

It is gratifying to see new talent in the senior games and in Jack MacKay the Regiment have one of the most promising players in the town. On the Terminal team there are several new to senior football but it should take but a few games for these to get accustomed to their elders' ways and the young teams will be on top.

The Junior Football League gave good hopes to the "has-beens" and "never-was" on the sidelines, in the exhibition game. The committee is to be congratulated on giving the youngsters the chance. With very few exceptions the boys gave signs of real football talent. Perhaps they could give Bill Murray's team of boosted old-timers a good game. Bill says once the old-timers could bring these youngsters down to their own speed there would be nothing to it. How will you get them down, Bill?

The Acropolis Hill Grounds Improvement League wants to know, if they are raising \$1,000 to put the grounds in repair, how much should they charge the tug-of-war teams for their part in rooting it up. Is it an arrangement between the city team and the city?

The boxing tournament arranged for tomorrow night has been postponed indefinitely on account of the indisposition of Nat Porter who was to have met Battling Dido Gurvich of Prince Rupert in the main event. Local pugilistic fans are hoping that there still may be a chance of bringing the two northerners together for it is believed they would put up a lively battle.

It is hoped to pull off the finals of the Prince Rupert Tennis Club's tournament tonight. Last night they were called off on account of inclement weather. Mrs. H. O. Crewe and Mrs. S. P. McMordie will meet at 7 o'clock in the ladies' singles final and Cabeldu and Ryall at 7.30 in the men's singles.

COWAN'S Maple Buds

The New Maple Bud and the New Package

As a protection against imitations the shape of Maple Buds and the style of the package have been changed.

The Buds now have a rounded base, stamped with a large "C".

The packages are a handy triangular shape with royal purple the dominating color.

Maple Buds are now richer—smoother—better than ever. They are a superb blend of chocolate—delicious—smooth—satisfying. Try them.
