PLOT TO PLACE CAROL ON THRONE

FISHERIES QUESTIONS AFFECTING DISTRICT BEFORE COURT

Plot to Place Prince Carol on Throne Was Discovered Roumania

Martial Law Declared and One of Leaders Arrested in Bucharest and Government Masters of Situation

BUCHAREST, October 25.—Martial law has been declared throughout Roumania as the result of the discovery by the government of a plot to bring about the return to the country of former Prince Carol.

The government declares that it is master of the situation. The plot was discovered as the nation was celebrating the sixth birthday of King Michael. It was discovered through a letter in possession of M. Manilescu, under secretary of finance in the late Averescu cabinet, who was arrested.

IS BUILDING NEW SAWMILL

W. Hagen Acquires old Royal Mills Machinery for Plant at Dobbie Near Terrace

The machinery of the old Royal Mills sawmill at Hanall has been purchased by W. Hagen, whose mill at Vancouver was burned down during the past summer, and is now being moved down the line to Dobbie, a short distance east of Terrace, where it will be installed in a new mill Mr. Hagen is to erect at that point. The new site immediately adjacent to considerable timber holdings controlled by Mr. Hagen is said to be much superior to the former one. It is expected to have the new mill in operation this fall.

JOHN RITOLA IS FREE MAN

Out on Suspended Sentence Following Trial and Conviction at Nelson

NELSON, Oct. 25.—John Ritola, a miner at the Florence Mine near Alnsworth, whose revolver fatally wounded his friend Leo Kolehmainen, when Ritola and another miner were scuffling as a result of a drunken altercation, was last night found guilty of manslaughter by the assize court with a recommendation for mercy. Mr. Justice D. A. McDonald suspended sentence for five years and he is free.

PRAIRIE FIRE DESTRUCTIVE

Herd of Antelope Believed to Have Been Wiped out Near Medicine Hat

MEDICINE HAT, Oct. 25.—Sixty-thousand acres of grazing lands, a number of granaries and two farm houses were destroyed by a prairie fire which swept over Roland and Lomand areas. Extensive damage was done to stock and grain and a whole herd of antelope is believed to have been wiped out.

CAP EXPLOSION PROVES FATAL

Injured Man Gives First Aid to Companion and Then Walks Four Miles for Aid

SAYWARD, Oct. 25.—A Mackay was fatally injured by an explosion of forty caps in a cabin at Adams River Mine. J. Perkins, 73 years of age, though injured in the head and body, himself gave first aid to the other man and then walked four miles for assistance.

E. R. Workman of Stewart is a passenger on the Catala this afternoon bound for Vancouver.

BIG WELCOME TO BENNETT

New Leader Greeted by Representative Citizens of all Political Parties

COMPLIMENTARY DINNER

Challenge to Democracy Must be Met by Education, Says Calgary Man

CALGARY, Oct. 25.—Hon. R. B. Bennett, recently elected leader of the Conservative Party arrived home last evening and was given an enthusiastic welcome. At the complimentary dinner given him by the citizens, Mr. Bennett declared that the place of democracy in the world was not yet secure. Democracy, he said, had been challenged by hundreds of thousands of people in Europe and Asia during the past five years and this situation in turn throws a challenge to the men and women of voting age in Canada. The only way was to have an educated democracy. His plea was for more leaders.

The leader was met at the train by Mayor Osborne and representative citizens of all shades of political opinion and the dinner was anything but a political gathering, no distinction being made in that regard.

Sir Donald Mann Urges Stewart to Peace River

Doubt's General Sutton's Ability to Raise Money for P.G.E. and Says Shortest Route Always Best

VANCOUVER, October 25.—Sir Donald Mann, in advocating a line of railway from Portland Canal into the Peace River from Stewart to the Dominion Government Railway block said this was not only the shortest but the best route into the Peace country. Such a road would be what is known as a ladder. Not only would it give a coastal outlet to the Peace but would be an immense help in opening up all northern British Columbia.

"The shortest route to the sea is always the best and the cost of building the line would not be proportionately greater than connecting up with the P.G.E., he said. In addition it would be a great deal shorter."

Sir Donald expressed doubt concerning General Sutton's proposal to raise \$45,000,000 to extend the P.G.E. from Quebec to the Peace. "It is quite a bit of money and I for one should not care to invest in such a venture."

OVER 400 CARS OF GRAIN NOW ON WAY HERE

The Alberta Wheat Pool elevator management announces today that 414 carloads of grain are now on the way between Smithers and Calgary to Prince Rupert elevator. The first will probably arrive about Wednesday night or Thursday morning. Latest reports gave the distance of ss. Fish Pool as 800 miles from Prince Rupert and the first vessel to load grain here this season should arrive on Friday.

WHEAT POOL HEAD COMING

Henry Wise Wood Will Arrive Tomorrow for His First Visit to This Port

Henry Wise Wood, president of the Canadian Co-operative Wheat Producers Ltd. (Wheat Pool) and recognized as one of the greatest organizers and big business men in the Dominion, will pay Prince Rupert his first visit tomorrow in connection with the inauguration of the season's grain shipments through the Wheat Pool's local elevator. He will arrive in the city on the steamer Prince George tomorrow morning from the south and, it is understood, will return to Vancouver on the same vessel Thursday night.

Mr. Wood has been invited, through Col. J. W. Nicholls, vice-president of the Prince Rupert Board of Trade and president of the Rotary Club, to be the guest of honor and speaker at a joint luncheon of the two bodies to be held on Thursday.

C. M. Hall of Calgary, general manager of the Alberta Wheat Pool, will also arrive with Mr. Wood. He is just recovering from a recent illness. Another member of the party will be C. H. Clendenning, general manager of the Empire Shipping Co.

Fishery Problems Before the Supreme Court of Canada to Be Tried Next Month Affect B.C.

OTTAWA, October 25.—An order-in-council setting forth to the Supreme Court of Canada certain questions relative to the British Columbia Fisheries which will come before the court next month have been made public. These were largely the result of action taken by the Sommerville Cannery Co., operating at Prince Rupert and other places on the coast who were refused a license by the fisheries department for their floating cannery and who then went on fishing without one. They were sued by the department and the case dismissed as being without the jurisdiction of the federal government. There are three questions as follows:

BUREAU WINS COURT CASE

Defendants Have Each to Pay \$1,500 and Costs for Slandering Former Minister

HUMBOLDT, Sask., Oct. 25.—Hon. Jacques Bureau, former minister of customs, now a member of the senate, won the slander action against Milton Campbell, M.P. for Pelly and William J. Smith, his supporter at the last election, when a jury this morning returned a verdict giving Bureau \$1500 damages against each defendant, who will also bear the costs of the action.

TRUE BILL AGAINST WEST COAST INDIANS

NANAIMO, Oct. 25.—The Grand Jury yesterday brought in a true bill against three west coast Indians charged with murder of fisheries officer Edward Leach at Tofino.

MILL AT TORIC IS NOW CLOSED DOWN

Managing Director of Property, in City Today, Explains That Plant Was Losing Ore

A. C. H. Gerhardt, general manager of the Toric mine at Alice Arm, who is a passenger on the Catala this afternoon bound for Vancouver, authorizes the announcement that the mill on the property has been closed down for the winter. Mr. Gerhardt explains that the plant was losing ore and time would have to be taken in order to adjust it to perfect operation. The mill, during its brief period of operation, was running on splendid ore.

ALASKA STEAMSHIP COMPANY LOSES ON APPEAL OF NON-SUIT

SAN FRANCISCO, Oct. 25.—Judgment in favor of the Alaska Steamship Company as defendants in a suit brought by the Copper River Packing Company of Noyah, Alaska, was reversed by the United States Circuit Court of Appeal yesterday.

The packing company had sued for \$7,300 damages for alleged breach of contract. The suit was appealed when a motion for non-suit was granted in the Federal District Court at Seattle.

MAN WHO KILLED FOREST RANGER IS DECLARED INSANE

NELSON, Oct. 25.—William Morpeth, alleged slayer of Roderick Munro, forest ranger, near Golden, on August 27, is pronounced insane by a jury today. He will not stand trial as the decision given after the testimony of alienists.

JAPANESE ACQUITTED MANSLAUGHTER CHARGE

NANAIMO, Oct. 25.—Todi Doi, a Japanese of Cumberland, charged with manslaughter in connection with the death of Esther Wright in April last, who was run down by his car, was acquitted at the assize court yesterday.

NEW BUILDING HANDSOME ONE

Olier Besner's Structure on Third Avenue Will be Finest in City to Date

Plans for the new three-storey building being built at the corner of Third Avenue and Third Street for Olier Besner reveal that the structure will be the most handsome business block in the city of Prince Rupert. Specifications not only call for spacious and well-appointed stores on the ground floor and offices above but also for an ambitiously ornamental outside appearance on both the Third Street and Third Avenue frontages. The whole structure will be of concrete and will be up-to-date in every respect.

The excavations being completed, Robert Bryson, who has the contract for the building itself, yesterday started to put up the frame forms in anticipation of starting the pouring of concrete.

ASK BOWSER TO DECLARE SELF

Would Have Him Set at Rest Reports of Disruption in Conservative Party

VICTORIA, Oct. 25.—The Conservative Association of Oak Bay last night passed a resolution urging upon W. J. Bowser to reiterate his valedictory address made at the Kamloops convention and thus put at rest reports that the Liberal party were spreading that there was an attempt to disrupt the party as led by Tolmie.

Ah Toi, Chinese, charged with having opium in his possession, has been further remanded in city police court until Thursday morning.

Vancouver and Prince Rupert Will Expect More Wheat Pool Grain This Year Than Before

VANCOUVER, October 25.—Vancouver and Prince Rupert will expect much more of Alberta's wheat pool grain this season than ever before, according to H. W. Wood, president of the pool, who was here yesterday.

"It is no good trying to deceive ourselves as to the quality of the grain this year," he said. "There is a large quantity of low grade grain due to the long wet spell. The gross return to the farmers will be satisfactory, however. Alberta will have a heavy crop."

Sergeant Alex McNeill, provincial police, returned to the city on the Catala this afternoon from a brief trip to Anxox on official duties.

BRINGING PRESSURE TO BEAR

Vancouver people are evidently trying to bring pressure to bear on the Canadian Government with a view to securing a railway connecting that city with the Peace River country. Prince Rupert is seldom mentioned there and when it is mentioned it is in a most contemptuous manner, indicating that people of that city do not consider this port a factor in the situation.

F. R. Glover, writing after a visit to the country in which he enthuses over its possibilities, says:

"Sir Henry Thornton, head of the Canadian National Railways, visited the Peace country last year. He was much impressed with all he saw, but held out no hope of a direct line to Vancouver."

"Apparently he had in mind Prince Rupert as the coast outlet, if such outlet were decided upon, as in that case the Canadian National could be tapped at Prince George, and so on to Prince Rupert. This, however, only partially solves the Peace River transportation problem. On sound economic grounds the solution lies in direct railway connection with the Port of Vancouver, because the rail distance between Prince George and Vancouver is less than the rail distance between Fort George and Prince Rupert, and a saving of 500 miles in water carriage stands to the credit of Vancouver."

"Apart from the grain movement for export, Vancouver can absorb and export everything the Peace country may produce, and in return supply that country with all its commercial needs. These are considerable today and will become enormous in 10 or 15 years, when, with a good system of railways, from half to three-quarters of a million people will be settled within its boundaries."

CONSIDER PEACE RIVER

Vancouver people are thinking of Vancouver all the time. They do not consider the problem from the point of view of the district concerned, that is Peace River. It forgets that the port of Vancouver can serve Peace River just as well as Vancouver and that there is a splendid railway all the way once the line is built to connect with the main line of the Canadian National. The P.G.E. may be all right as a colonizing road but it cannot well become a main artery such as the line to this port, and the railway people know that. The natural route for the grain raised in the Peace River country is by way of Prince Rupert. Shipping rates to all parts of the world are the same as from Vancouver and the route to this port is far easier than the route to Vancouver ever will be.

ROUTE FOR HIGHWAY

Judging from the stories that keep coming through, there is not likely to be found any route between here and Terrace that will be satisfactory except the river route. That would serve the gantries, Port Essington, the Estall River country and would be best from a tourist standpoint. Still if there is a better route we want to know it. The following is from the Omineca Herald:

"The undiscovered valley that Victoria despatches made so much fuss about and which was to solve the problem of getting to Prince Rupert with an auto road, has been pretty well exploded. A survey party which went out to investigate penetrated about 15 miles into the valley from the Kalum Lake end and then met an old Indian setting out his traps. He told them the river or creek they were following ran on a few miles farther and headed into the mountains and glaciers. He had been there twenty years and had been to the head of the creek, but the could never find a pass to the river on the other side of the mountain. The party came back to town. The next step will probably be announced from Victoria in the future."

LATE ALDERMAN INTERRED TODAY

Last Rites for D. W. Morrissey Performed in Seattle Under Roman Catholic Auspices

Though distance might have prevented their attendance at the obsequies, there were many persons in Prince Rupert today who would have mourned in tribute to the memory of Daniel W. Morrissey, one of this city's builders and an active figure in its early affairs, whose death occurred at Seattle last Friday, while he was bound home again, and whose funeral took place this morning in the southern city with rites of the Roman Catholic Church of which denomination he was a devoted follower.

The late Mr. Morrissey was 71 years of age and was born in Prince Edward Island. Coming west as a young man, he lived for a while in San Francisco and, after participating in the gold rush to Yukon Territory in '88, came to Prince Rupert in 1907. He established himself in business here and, taking an active interest in civic affairs, was for some terms a member of the aldermanic board. Some five or six years ago he moved to San Francisco and, during the most of the subsequent time, he was a member of the staff of the San Francisco Examiner.

Deceased is survived by his widow, who went south at the end of the week to attend the funeral; his daughter, Mrs. R. E. Moore of this city, and son, Glen Morrissey of Seattle.

SIR WILFRID LAURIER SUBJECT OF SPEAKER

Interesting Paper Delivered in Good Manner by Jack Holroyd at United Church Young People's Meeting

Well delivered and interesting in nature was a paper read at the meeting of the Young People's Society of the United Church last night by Jack Holroyd on "Sir Wilfrid Laurier." It was the first of a series of "Canadian portraits" which will be depicted before the Society during the coming winter months.

Giving an outline of the career of the "white plumed" statesman, the young speaker referred to the educational influences which had arisen during the regime of Laurier, the breadth of his views, the secret of his appeal to all classes and his great public service over a wide span of years.

Following the reading of the paper, a general discussion was engaged in with many participating.

Next Monday evening, the Society will hold a Halloween social and plans for that affair were complete last evening. An attractive program has been arranged and a large attendance is anticipated.

Last night's meeting, which was well attended with W. Vandewater, the president, in the chair, was concluded with the playing of group games.

POOL BUSINESS IS DISCUSSED

Considerable Increase in Membership and Better Returns Than Year Ago

(Edmonton Journal)

The wheat pool's final payment on the 1926 crop is seven cents larger than that made twelve months ago. As there was little expectation of any such return, the contract-holders will be correspondingly pleased by the announcement. The total for No. 1 Northern, on the Vancouver basis, is three cents less than that for the previous year, the interim payments having been smaller. But it is surprising in the light of market history that the difference is not greater.

From the \$1.42 that the central agency pays, the same deductions are made by the Alberta pool as last year. There are two cents for elevator reserve purposes and one and a half cents for commercial reserve and administration. The net price that the farmer receives, on the basis referred to, is thus \$1.38 1/2.

We may look for the usual controversy between the grain trade and the pool officials as to whether it paid the grower or not to market through the co-operative agency. A year ago the claims of the trade did make some impression. This was largely because the final payment was disappointingly low. The reverse being now the case, it will not be so easy to cause doubt among the signatories.

GAINED GROUND

According to the statement issued from headquarters at Calgary, there has been a considerable increase in membership and the sign-up of a substantial majority of the first series of contracts for another period has been obtained. No figures are given but it is evident that, while loyalty of some to the enterprise may have been impaired, it has on the whole, gained ground.

How immense are the responsibilities that have devolved upon those charged with the work of administration, is brought home by the statement that the present payment brings the total amount distributed in the three provinces, since the Alberta pool was established in 1923, to \$874,000,000. The undertaking having reached such proportions, its success is of vital importance not only to those directly concerned but to the general welfare of this part of the Dominion.

BEAR PLAYED ROUGH GAME

Boys Had to Call Police to Take Charge of Bruin After Attack

VICTORIA, Oct. 24.—Chief of Police Allan Rankin made an unusual capture at Brentwood when in response to a call from Brentwood College he drove there and took into custody a black bear which had been attacking people.

Chief of Police Rankin captured the bear, loaded it on a truck and took it to the Wilkinson Road mental home.

Yesterday afternoon a circus man, whose name is not known to police, was proceeding aboard the Brentwood ferry with a black bear tied to the car he was driving. While he was waiting for his return to go aboard the boat several students from Brentwood College offered him fifty cents for his bear. The circus man, with a sigh of relief, told the boys they could have the bear for nothing, and handed them the rope which was attached to the animal.

Then the driver went aboard the ferry and the boys went up the road towards their school, with the bear in tow.

There was merriment among the students, and a little crowd of them collected around what was to be their new mascot, laughing at his awkward, shuffling gait and marvelling at his proportions.

But the bear, while docile enough at first, resented the laughter, or perhaps he decided that the woods were inviting him, and that he did not want to be the mascot of schoolboys. In any event, he suddenly turned upon his new masters, bit one of them and scratched another. The boys stopped laughing and drew back in some alarm.

Bruin was led, rather unwillingly, to a tree where he was tied.

Dr. and Mrs. E. S. Tait, who moved south a year or so ago, have returned to the city from Victoria. It is probable that Dr. Tait will resume the practice of dentistry here.

G. Somerville, section foreman at Bulkley Canyon, and Mrs. Somerville and Miss E. Wilson arrived in the city from the interior on yesterday afternoon's train for a few days' visit here.

Chris Elkins reported to the city police the disappearance shortly after 11 o'clock last night of a light delivery car from in front of the Prince Rupert Club. The police are investigating but, up to late this morning, had not found the vehicle.

His physician reports that Joseph Cook, who was shot through the right arm and abdomen in a hunting accident on Lakelse Lake on Sunday, is making as satisfactory progress as can be expected in the Prince Rupert General Hospital.

Mrs. L. Westgarde arrived in the city from Perow on yesterday afternoon's train bringing her son who will undergo treatment in the Prince Rupert General Hospital for leg trouble. Also accompanying the patient to town was Dr. George C. Paine of Telkwa who will remain here for a day or so.

Tommy Smith, who has been spending a couple of days in the city on business, returned on this morning's train to Telkwa. Val Tomlinson, formerly of this city and now located at Smithers, having withdrawn from the field at Telkwa. Mr. Smith will now conduct the drug store at the latter point on his own.

Mrs. B. B. Hart of Winnipeg, who is the guest at the Presbyterian Manse, Fourth Avenue East, of her sister, Mrs. J. R. Frizzell, will leave next week for Vancouver.

Miss Alice Hogberg of Alice Arm is a passenger aboard the Catala this afternoon going through to Vancouver en route to Beaverdell, in the Kettle Valley country, where she will visit with her sister.

In spite of the fact that there was a heavy hoar frost on the townsite this morning, the lowest temperature recorded during the night at the Digby Island meteorological station was 32, freezing point.

The C.N.R. city ticket office, which has been doing business temporarily in the station while its premises on Third Avenue have been undergoing extensive renovation and repair, expects to move back up town tomorrow.

Union steamer Catala, Capt. A. E. Dickson, returned to port at 1:30 this afternoon from Anyox, Stewart, the Naas River and other northern ports of call and will sail at 5 o'clock this evening for Vancouver and waypoints.

Provincial Constable Devlin of Nanaimo is being transferred from the Vancouver Island point to Fort Nelson, the furthest north post in the Peace River district, according to announcement made this morning at divisional headquarters here.

The C.N.R. car barge is off the dry dock where it has been undergoing cleaning and painting. This craft is used mostly now in carrying oil cars with the product of the Rupert Marine Co., Ltd. from its Tucks Inlet plant to the railway slip.

Special Tuesday and Wednesday only. Alberta Creamery Butter Prints, per lb. 40c straight. This retail price is less than that of local wholesalers and is made low enough to move our surplus stock, as we have 1000 lbs. weekly arriving which must be disposed of. Remember that we are purchasing all our Creamery Butter on Vancouver market where competition exists. New Zealand competition is forcing Alberta dealers to sell for less at the coast while direct shipments from Alberta to Prince Rupert cost at least 3c a lb. higher than if shipped via Vancouver to Prince Rupert. Experienced mothers say Zam-Buk is best for children's injuries and skin troubles, because:

It is herbal—no poisonous mineral coloring.

It is antiseptic—prevents cuts and burnstaking the wrong way.

It is soothing—ends pain quickly.

It heals every time.

Just as good for grown-ups.

Sold at all stores and druggists.

J. A. Morris returned to the city on the Catala this afternoon from a business trip to Anyox and Stewart.

H. A. Heywood, who is interested in Stewart mining, is a passenger on the Catala this afternoon going through to Vancouver.

AMENDMENT TO PARKING BYLAW

Amelioration of Present Measure to be Recommended to City Council by its Special Committee

"That the Parking Bylaw be so amended as to permit cars to park at any time on the northerly sides of all avenues and the easterly side of all streets, providing that parking lights be kept burning at all times cars may be parked on the streets at night" was the recommendation reached at a meeting last night of the special council committee delegated to see into the matter of parking. This recommendation will be presented to the city council at its next meeting in the hope of removing misunderstanding and inconvenience caused by the present existing bylaw which prohibits the parking of cars between the hours of 6 p.m. and 6 a.m. on streets sixteen feet or less in width.

The committee, in addition to other minor amendments, will recommend that all the city's traffic bylaws, which have been enacted separately and at various times, be consolidated into one whole.

Present at the meeting last night were Ald. Joseph Greer, chairman, Ald. W. J. Greer and Ald. W. M. Brown, members of the committee; Fire Chief D. H. McDonald, City Solicitor E. F. Jones, Inspector William Spiller, provincial police, and representatives of automobile interests.

This afternoon's train, due from the East at 3:30, is reported to be on time. This train brings mail.

W. G. McMorris, who is interested in mining at Alice Arm, is a passenger on the Catala this afternoon going through to Vancouver.

Miss Hulda Graham of the Daily News staff returned to the city on the Catala this afternoon from a business trip to Anyox, Alice Arm and Stewart.

A. F. Smith of the Kitsault River Mining and Development Co. Ltd., Alice Arm, is a passenger on the Catala this afternoon bound for Vancouver. Mr. Smith reports a successful season's operations on the company's properties in which it is hoped extensive capital may soon be interested.

It Isn't an Accident

THAT WE SOMETIMES USE BLUE BOTTLES, SOMETIMES BROWN.

Perhaps you've considered it a matter of chance that your prescription from Ormes sometimes comes in a brown bottle, sometimes in a clear bottle—sometimes in a blue bottle. It isn't chance—there's a reason. Certain light rays affect certain drugs making it advisable to use colored bottles which prevent these rays from entering. It is never just a bottle but always the right bottle at Ormes.

Neglected Eyes

NEGLECT is doubtless the cause of most of the ills that afflict humanity. This is so self evident that it seems hardly necessary to tell you. If your eyes are giving trouble, have them attended to—and at once.

OF ALL absurdities in the kingdom of foolishness, surely the loss of eyesight through neglect is the most inexcusable.

DON'T lose health and efficiency through neglect. Come and see!

TROLLERS HOLD BIG MEETING

Effort to Induce Buyer to Come From Butedale Fails so Fish Sold to Cold Storage

SKIDEGATE, Oct. 24. — The Queen Charlotte Islands trollers held a meeting at Stevens' Hotel, Skidegate, recently to protest against the price being paid for cohes. It was stated at the meeting that the trollers had been promised by the B.C. Packers' cannery at South Bay that they would keep on packing cohes for which they were then paying 85 cents but the cannery shut down on short notice and left sixty boats without a buyer.

The Cold Storage boat Chief Legiac came in and cut the price to 80 cents for bright fish and 15 cents for red. Captain Bill Hansen, who represented the North Island trollers, moved that they wire Butedale asking for a packer to come. This was seconded by Captain Sorensen. Word was received from Butedale that they could not send packers so the offer of the Cold Storage boat was accepted. Among the Prince Rupert boats represented at the meeting were the Thelma, Minnie V., Royal, Bonito, Dundas, Seal, Roy W., Bayview and Ada. The opinion was expressed that the time had come when the fishermen must get together and work out some co-operative scheme for marketing their fish.

GEORGE E. KEITH OF TERRACE ORGANIZING

Society for Preservation of Canadian Forests Formed in Toronto by B.C. Man

TORONTO, Oct. 25.—The Society for the Preservation of Canadian Forests has just been formed with head office in Vancouver, B.C. and branches in Toronto and Terrace, B.C. The object of the new organization is to deal with the basic cause of forest fires, rather than with the effect, and to cooperate with other similar bodies in the Dominion.

The new society, composed of patriotic and public-spirited citizens, aims to stimulate vigorous action on the part of the Federal and Provincial Governments in enforcing existing laws relating to the protection of timber limits, particularly with respect to the removal of slashings, which, becoming kindling, are regarded as the greatest contributing cause of fire hazards, and an investigation of apparently preventable conflagrations of the past.

It is the intention of the new organization, in association with other bodies of a like character, to enlighten the people of Canada on the primary cause of forest fires and to further any educational work now being carried out in that direction.

George E. Keith of Terrace, B.C., is now in the East promoting the organization. S. W. McKeown of Toronto is the acting local secretary.

VANDERHOOF

The Vanderhoof Board of Trade is still urging upon the federal department of public works the necessity of improvements being undertaken immediately on the Tatchi River channel.

A boys' stock judging team to go to next New Westminster Exhibition is being organized from the Vanderhoof district by E. G. Sutton, district agriculturalist. Only boys under 18 years of age are eligible.

The Glee Club is practising for a concert it will stage early in December in aid of the United Church.

Armistice Day will be duly observed by the Vanderhoof branch of the Canadian Legion.

Mrs. James M. Johnston left on Wednesday last for California where she will spend the winter months.

Mr. and Mrs. James H. Graham have arrived in town to spend the winter months and have rented the Rawson cottage on Church Street.

Mrs. C. P. Bloomfield of Stuart Lake has returned from a trip to Prince George.

Mr. and Mrs. W. D. Fraser have returned to their home at Fort St. James after spending the summer in Ontario.

Mr. Fraser has severed his connection with the Hudson Bay Co. with which he has been identified for twenty years.

M. Valentin, Prince Rupert dairy man, was a visitor last week in Vanderhoof on business.

Mr. and Mrs. Charles Maunders are now living in town, close to the Nechako creamery.

Pat Calhoun is making extensive improvements to his building at the corner of Burward Avenue and Stewart Street.

Mrs. Cook and children arrived last week from Abbotsford and are now settled in their new home in the Hammond Building.

The village commissioners have decided to build a sidewalk along the east side of Church Street from Stewart to Columbia Streets.

A dance was held in the Lakes District school house on Friday night last, \$32 being raised toward the Christmas Tree Fund. Miss Bessie Lamb, teacher, announces that the school piano has now been completely paid for.

A number of Vanderhoof Masons attended a meeting and banquet in Prince George last Friday night. Among them were George Cameron, Harry Emslie, A. A. Hutchinson, H. H. Mansell, R. G. Mathews, E. C. McGeachy, J. P. Myers, R. J. Redmond, and E. B. Smith.

Prizes at a card party held in the Board of Trade Hall by the Women's

Auxiliary to the Canadian Legion last Friday night were Mrs. A. E. Laird, R. H. Moore, Miss Vina Glover and Geo. Ogston.

BURNS LAKE

The Omineca District Liberal Association, meeting here recently, elected officers as follows: Honorary President, Rt. Hon. W. L. Mackenzie King; Honorary Vice-President, Hon. J. D. McLean; President, E. B. Smith (Vanderhoof); First Vice-President, A. M. Ruddy (Burns Lake); Second Vice-President, W. Bunting (Fort Fraser); Third Vice-President, A. Melniss (North Bulkley).

A. Dixon, district engineer for the provincial department of public works, was an official visitor in Burns Lake last week.

Miss Dorothy Brotti of Danskin has accepted a position with Mrs. V. Schelderup in Burns Lake.

Fred Stanyer has completed a well at the residence of R. Lowe and has procured a good supply of water.

L. Graham, representative of the Vancouver Livestock Exchange, purchased two carloads of cattle in the Lakes district last week.

Mr. and Mrs. Frank Carroll of Decker Lake left last week for California on a holiday trip.

W. S. Bacon has arrived from Vancouver to take over the future management of the Taltapin mine in the Babine country.

Mrs. P. Brunell is making satisfactory progress in the Burns Lake Hospital following a recent illness and is expected to return home shortly.

After spending the summer months in Prince Rupert, Nohr Hauer has returned to Burns Lake.

Mrs. M. Wilson, who has been visiting in Vancouver for several months, is expected to return to her home here about November 1.

C. H. Foote, J. Braithwaite and Alf Langley have been doing assessment work on the Stella group of molybdenum claims at Endako. They were successful in striking two promising leads.

District visitors in town during the past week have included Ed. Newman of Bald Hill and Mrs. P. Carroll and daughter, Pat, of Decker Lake.

NEW HAZELTON

The Hanson Lumber & Timber Co., through the building of a long flume and a couple of dams, has put some sixteen miles of Shovel Creek in shape, for the floating down of ties next spring. The ties will be delivered to the railway a couple of miles east of Priestly.

Miss Menzie of Lost Lake, north of Norway House, Manitoba, has gone to Kispixto to take over the work of a field matron.

A party of provincial department of public works surveyors has been at work along the Bulkley River, just east of the high level bridge, making road explorations.

Beginning this week, the Omineca Herald will be printed on Wednesdays

is your home mortgaged

If it is a problem for you to meet the interest and principal payments on your mortgage, how much more so would it be to your wife and children if they had to do it?

For a comparatively moderate annual deposit, you can secure a Confederation Life Endowment that will automatically pay off the mortgage on your home a few years hence, or that will immediately pay off the mortgage if you should die before, so that your family will own the home free of debt.

This plan is of interest to every man because it is an ideal method of saving money for any purpose.

An interesting pamphlet, "No Matter What Happens," will be gladly sent upon request.

FINE ADDRESS TO TEACHERS

J. C. Brady, M.P., Gives Impressions of House of Commons at Teachers' Meeting

The regular meeting of the Prince Rupert Teachers' Federation took place last evening when J. S. Wilson presided over a good attendance.

The chairman gave an outline of the proposed activities of the year. These include papers on "Unsolved Problems in Education," an address by H. C. Fraser, inspector of schools, papers on literature, music, arithmetic devices in lower grades, modern languages and geography.

Miss E. P. Grassie delighted her listeners with most enjoyable piano solos. In introducing the speaker of the evening J. C. Brady, M.P., the chairman, referred to Mr. Brady's record as a teacher, as a member of the Federation and as a citizen of Prince Rupert. In every phase of his life he had been imbued with the highest ideals and had left in no uncertain manner his mark on the many pupils who had passed through his schools.

Mr. Brady's address was on "First Impressions of the House of Commons." He was glad to have the opportunity to once again meet with so many of his former co-workers and to welcome new teachers to the city. Too often teachers did not realize the importance of their calling and it was only since he had met people in so many other walks of life that he fully appreciated the regard of people for the teachers.

In opening his talk Mr. Brady mentioned that a search of records showed that he was the first to step straight out of the teaching profession into the House, though many members had been teachers at some time of their lives.

The impressions of the buildings at Ottawa were lasting. The fine pile aroused responsive feelings in the new member and he felt that there was a challenge to the best that was in him, dignity of thought and greatness of action. The bronze tablet to the memory of the first member who fell in the great war, the noble staturary, the immense library with its heritage of knowledge of centuries all had their part in making the new-comer feel that he was embarked in a noble, a terrible, a glorious work, the government of an immense and young nation. The prevailing impression of the opening of Parliament was the deeply

Bronchial Colds Quickly Ended

Buckley's Mixture is different from anything else you've ever taken for Coughs, Colds or Bronchitis. It instantly penetrates the bronchial passages, clears the congestion and relieves the distressing cough like a veritable flash! In so doing it wards off serious developments—"Flu", Pneumonia and chronic lung troubles.

Adults and children find it as pleasant to take as it is positive to relieve. The first dose proves its worth—and there are 40 doses in a 75-cent bottle of "Buckley's". Druggists everywhere sell it.

For severe colds accompanied by fever, headache or neuralgia, take LAXPRIN and Buckley's Mixture and quick relief will follow.

BUCKLEY'S MIXTURE

Acts like a flash—55¢ a single sip proves it

religious and reverent atmosphere of the proceedings. The description of his own feelings was so vividly portrayed that his listeners felt they were spectators of this most wonderful pageant and could sense the weight and soul behind it all, no mere display of vulgar show but a symbol of justice, uprightness and spirit of the one Our Father.

The life of the member was interestingly described. The first speech and the first session that is often responsible for many "political corpses," the audience, the friendliness and the mercifulness of the House, the press gallery with its unlimited power, the unsuccessful speaker and his tragedy, all were brought before the listeners. A reference to the correspondence a member receives had its humorous and serious side.

Mr. Brady in closing asked the teachers to take a greater pride in their work and asserted that the community realized their immense value and influence in the community and on the minds of the rising generations and directly on the future of Canada.

A very hearty vote of thanks was moved by Miss Mercer and seconded by Miss Mills.

Refreshments were served by the committee under Mrs. Walker.

All Smalles of the Swift-Canadian Co. left on this morning's train for a business trip to the interior. He expects to return to the city on Friday.

BACK FROM LONG VISIT TO OLD COUNTRY AND TO WORK ONCE MORE

Mrs. P. Stephens Found Conditions Improved in England and Scotland

After a wonderful trip to the Old Country Mrs. P. Stephens of the local beauty parlor returned home Sunday and is getting back to business once more, enthusiastic over her trip but also pleased to be back in Prince Rupert.

While away Mrs. Stephens visited a week in New York both going and coming, two or three weeks in London, some time in Scotland and on the way home stopping off at Peterboro and Winnipeg and then being met at Edmonton by her daughter Mrs. Jack Mc-Aulay who accompanied her back to Prince Rupert.

Speaking of old country conditions, Mrs. Stephens said people there seemed to be making progress in spite of the burden they had to carry. The roads were wonderful and most people seemed to be doing well, much better than in former days.

At Peterboro Mrs. Stephens visited with Miss Maude Eason, formerly a member of the Daily News staff here. She is keeping house for her brother. Mrs. Stephens said she drove hundreds of miles with her through Ontario, among other places visiting Niagara Falls.

In Peterboro Mrs. Stephens met Mrs. John Barnsley, Sr. whose son Frank is with the Canadian Central Electric Company.

Her six months away has been a real holiday, Mrs. Stephens said and now she is getting back to work once more.

RODE OUT GALE WHEN OFF YAKUTAT THOUGH GLASS BADLY BROKEN

"Oh, it's all in the day's work."

So declared Captain G. M. Isaacson of the halibut Middleton which arrived in port today with her pilot house windows smashed after riding out for two days off Yakutat one of the worst southeast gales those on board ever experienced, says the Ketchikan Chronicle. It was the same gale which swept the waterfront here and declared to be one of the worst seen in a good many years.

On the thirteenth the wind began to rise. The Middleton took in her gear and made everything snug. The wind increased in violence. Yakutat harbor was in a snout of foam and could not be approached. No boat could go into the trough of the waves and live. It was impossible for an anchor to hold. All these on board could do was to keep the boat headed into the waves and "ride it out."

Giant combers smashed continually over the decks and the heavy wooden frames holding the plate glass in the pilot house were smashed out, and a thick plate glass porthole for air in the held forward was smashed. The master and crew succeeded in making temporary repairs to keep the seas out of the pilot house and hold and were compelled to hold on during the thirteenth and fourteenth, after which the gale abated.

The Middleton brought in 24,000 pounds of halibut and 1,000 pounds of gray cod which was posted on the local board of the fish exchange.

Automatic \$775

Changes its own Records

Plays twelve records without attention.—Runs itself for a whole hour. No operating effort on your part.—Just listen.

When you turn on the current, the turntable starts to revolve; a mechanical "hand" takes the first record from the group of twelve and places it on the turntable; the tone-arm moves into position; the sound-box is lowered and the music begins. At the end of the selection, the mechanical "hand" removes the record from the turntable, slides it gently into a felt-lined concealed drawer, and "picks off" the next record from the magazine arm. These operations are repeated until the last record is played, then the mechanism stops automatically.

So magnificent an instrument demands an exterior of exceptional beauty. Victor craftsmen have designed a distinguished cabinet for the Automatic Orthophonic Victrola, in which every luxurious touch that ingenuity can devise has been incorporated. The price of the automatic instrument is \$775. Other models of the Orthophonic Victrola Instruments are obtainable at prices ranging from \$430 down to \$115. Obtainable on convenient terms from "His Master's Voice" Dealers. Demonstrations now going on. If your dealer hasn't one he will order it for you.

Katie Martin, of Cranbrook, popularly known as the Slaterville whippet, who competed in the Canadian Olympic at Toronto, on her return home to Cranbrook, was presented with a huge bouquet of flowers and escorted to a waiting auto which on a banner carried the inscription, "Cranbrook is Proud of You," and a parade of the main street followed.

YACHT RACE FROM SEATTLE TO JUNEAU IS LATEST PROPOSAL

KETCHIKAN, Oct. 25.—For the purpose of "promoting a capital-to-capital yacht race from Olympia, Washington, to Juneau, Alaska," is the object of a committee consisting of M. S. Whittier, chairman; Dr. Simpson and W. E. Nowell.

This action recalls to mind that summer yachting in Alaska is becoming a popular sport among wealthy business men and millionaires. Almost every day during the summer months the past season a yacht or two rested in Ketchikan's harbor, and each one of those making the trip when interviewed declared they intended to return, and would advise their friends regarding the natural beauties for yachting in Alaska.

Several times the suggestion has been made in Ketchikan that a standing committee should be appointed here for receiving and entertaining yachtmen, and making known to them the attractions of Behm Canal and other places in this vicinity for pleasure seekers.

VANGUARD MINE IN LIMELIGHT

Sensation Caused by Recommendation of Superintendent to Drop Property

Something in the nature of a sensation has been caused in Alice Arm mining camp as a result of announcement made by H. W. Heideman that he would recommend to the Spencer-McRae interests of Vancouver, who have had the property under option, that the showing does not warrant their purchase of the Vanguard mine which, through reputedly rich copper discoveries, has been much in the public eye of late. Word to this effect was brought to the city this afternoon by mining men aboard the steamer Catala on which vessel Mr. Heideman is also a passenger bound for Vancouver where he will report to his principals. Mr. Heideman has been in charge of exploration work on the Vanguard for the Spencer-McRae interests and it is reported that he has already caused work to be shut down on the property.

Alice Arm people feel strongly that the Vanguard is a better mine than Mr. Heideman has apparently concluded it is. They are convinced that he must be mistaken in his judgment and are confident that, if the present interests drop the property, others will be forthcoming immediately to take it over.

WHEAT MOVED DOWN ONE POINT YESTERDAY

VANCOUVER, Oct. 23.—The steady downward movement of wheat continued here yesterday, the price for No. 1 Northern closing at 136 1-8.

E. J. Smith of the W. W. Nickerson Co. returned to the city on the Catala this afternoon from a business trip to Anoxox and Stewart.

RETURN HOME AFTER HUNTING FOR ELEVEN DAYS ON PORCHER ID.

"Plenty of does but very few bucks" is the report of D. C. McRae, Alex. Finnie and Thomas McMeekin who returned home last night after their annual hunting trip to Porcher Island. They were away eleven days and report having scoured the country around Refuge Bay and Welcome Harbor in search of game. They experienced unfavorable weather conditions but, in spite of the scarcity of males, they bagged three deer among them.

Matches and Gas Do NOT MIX VERY WELL

KETCHIKAN, Oct. 23.—Olaf Lund says that matches and gasoline do not mix very well. He was doing some work on his trolling boat the M-1540 at the city float, trying to fix something about the engine, and lighted a match. Evidently some gasoline was spilled on the floor for there was a puff and a blaze and then in about two jumps the fire department was on the scene and proceeded to give first aid to the fire. Meantime several boats near cast off and got out into the channel.

A Good Home and a Good Investment

A well built house with beautiful sea and mountain view, all modern conveniences including furnace, dining and living rooms with fireplace, four bedrooms, etc.—on Seal Cove Circle, conveniently situated for the various industries at Seal Cove. Four minutes from McLean's Shipyard, and five minutes from Cold Storage.

A SPLENDID INVESTMENT

The Daily News of October 19 says editorially, that with its two mills, box factory, McLean's Shipyard, and the Cold Storage, Seal Cove is the most productive part of the City from an earning point of view and that there should be a lot of building in this district next summer.

But why build when you can buy this beautiful, modern, well-appointed house for \$2,700.00 on terms?
