FEW VOTES UP TO NOON TODAY

Supporters of Taxation Agreement Bylaw Claimed Majority in This Morning's Voting

Judging from the fact that only eighty ballots had been cast up to that time, it seemed at 1 o'clock this afternoon that a minimum of interest was being taken in the \$65,000 taxation agreement bylaw placed before the ratepayers by the city today. It is expected however, that the fine weather will bring out larger numbers of voters this TODAY FIRST TIME afternoon and evening. Supporters of the bylaw claimed the majority of the eighty votes that had been placed in the boxes up to this afternoon. There are two voting tables A to L and M to Z-and the ballots so far cast were divided equally between the two-forty each. At least 1,000 voters are qualified to express their preferences with regard to the measure. Sixty per cent of the votes is required to carry the

The poll opened at 8 o'clock this morning and will close at 8 this evening. E. F. Jones, city solicitor, is acting as returning officer with F. Vickers and W. E. Williscroft as deputies.

COMING HERE

Members of Empire Mining Congress to Visit City on Way to Anyox

Besides the Canadian Chamber of Commerce group arriving from Alaska, there will be another party of noted visitors in Prince Rupert tomorrow in the persons of members of the Empire Mining & Metallurgical Congress who have been attending the triennial convention of that organization which has taken the form of a tour across Canada mining centres are being visited.

The delegates coming tomorrow comprise but a portion of the Congress members and they will be on the steamer Prince George bound for Anyox to inspect the operations of the Granby Co . They will return to the city Thursday night and proceed east by train Friday morning, rejoining the main party at Saskatoon.

DAILY EDITION

CANADA AS A WORLD FACTOR

The advent of Canada into the League of Nations has been the subject of much comment of a favorable nature, especially in for the better in conditions in the Far Great Britain. The people there have got over the old idea "we own North since Stoan first went in there Canada." They have come to a full realization of the fact that in thirteen years ago this summer, he says. the process of national evolution Canada has outgrown the colonial status and has really become a nation, equal in most respects with the Mother Country from which to a large extent she sprang.

General Hertzog, Premier of South Africa, has extended his congratulations on the admission of Canada and doubtless he expects that South Africa will in a few years fill a similar role. He more slowly and laboriously by river is the premier whom it was feared would try to break away from boat and sail, portaging past cataracts the British Empire, but who has been the means of making South and building a second boat because it Africa far more securely than ever a part of the British Empire. was impossible to take the first over one He has done this by securing the greatest possible amount of liberty of the obstacles. Coming out this sumfor the country and through his influence with his fellow countrymen, the Dutch Boers, who outnumber the British there.

Canada by her entry into the League has drawn the attention of the world to her. What we have to do now is to make good as a up the Mackenzie River and across Great nation, to be worthy of the trust imposed upon us and to so carry slave Lake on the steamer Distributer. on our home affairs that the world will respect us.

MANY TAKE DRIVE OVER ROAD

Many Prince Rupert people take a drive over the finished portion of the new highway as far as it is constructed. Hundreds of wond, they re-embarked on the steamer people here now own cars and this outlet is the only one they have. Fort McMurray, the end of steel of They cannot get out of the city in any other direction. That is why they appreciate this bit of highway which gives them an opportunity to see something of the country around. Next spring it will be possible to drive as far as Galloway Rapids and it is hoped that before long the road will be opened much farther on, with Terrace the objective in the near future.

BRINGING UP FATHER

DRIVING INTO SIDE OF TRAIN

Many Accidents Occur Where Drivers of Cars do not See Ahead

MONTREAL, Sept. 20. - An epidemic crashed into the side of standing and moving trains, with more serious consequences for the automobile and its passengers than for the train, has led to a renewed drive on the part of the Canadian National Railways officials to prevent this sort of accidents. In several ecent cases now on record, the trains were standing at crossings, protected by signal lights and also in some cases by train crews, but these were insufficient to halt the motorists in time to prevent the crash. The most recent of these accidents involved three persons driving in a Chevrolet car at Clinton, Ontario. The train was standing at a crossing while the engine was taking water. The driver of the Chevrolet with his two companions who were injured said he did not see the train until he was within three feet of it. The accident occurred at 8.20 p.m. and all three persons in the car were hurt.

Near Campbellton, N.B., an automobile was driven into the side of a sleeping car, both occupants of the automobile being injured and the car badly damaged.

At North Battleford, an accident was raported in which the driver of a Ford car crashed into the side of a standing train, during switching operations. The crossing was electrically lighted and the train crew with lanterns tried in vair to check the motorist's speed. The car was smashed and the driver badly hurt.

gan, a Packard car with three passengers, was driven into the side of an engine Work. on a protected crossing. The auto was demolished and the pilot of the locomotive damaged, while one of the persons in the car was fatally injured. Still another crash recently reported from Bathurst subdivision in New Brunswick occurred when a Ford car was driven into the side of a passenger coach both railway car and automobile being dam-

In all of these cases railway officials state the trains were either standing or were on the crossings when the motor car collided with them, and while several of the accidents occurred at night, in each of the cases the crossings were protected and lighted.

NEW HAZELTON

A. E. Falconer spent a week in the Dr. H. C. Wrinch. Hazelton Hospital receiving treatment for injuries sustained when the car he Mrs. Lloyd Wilson left at the first of Crew the first by a score of 9 to 7, and BATH. Apply Memor Bros. half a mile up the Kispiox road and was wrecked in a fifty foot fall. Hugh MacKay, who was also in the car, sus- the Government Telegraphs staff at tained an injured shoulder as well as Hazelton, has left for Victoria where

end of the provincial highway toward returned from Anyox. Terrace. It is expected that Griffin's old campsite will be reached before freeze-up.

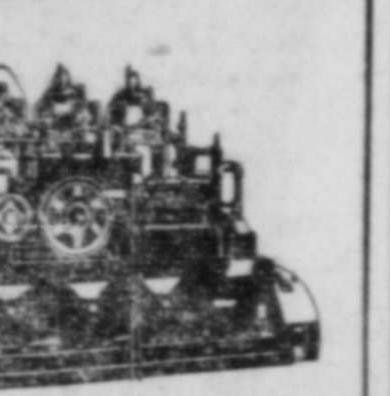

D. W. Pratt is making extensive improvements to the old Copper Tavern at Skeena Crossing. The work includes the putting in of a new foundation.

R. S. Sargent has been relieved of his duties as postmaster at Hazelton which have been given over to Cooper Wrinch who is making an addition to his drug store to accommodate the new establishment.

Albert Mercer, who has been foreman the Silver Cup mining property this week for his semi-annual trip into Copper River where he has a trapline.

Many social events are being held in Hazelton in honor of Miss Rock Campbell who will be married in the United Church on October 5 to Cooper H. Wrinch.

James Stoynoff of Dorreen visited the Hazelton Hospital at the first of the week. He has returned from Rochester. Minnesota, and feels much better as a result of treatment received at the

Simplicity

industry

One of the features of Fairbanks-Morse Diesel Engines that has appealed to operators of tugs, freight boats and fishing vessels, is its simplicity.

Simple in construction and simple to operate, no auxiliary ignition devices two cycle principle airless injection of fuel. No valves to grind; no complicated valve rockers to keep in adjustment. Uses low grades of fuel oil. Excellent manceuvering qualities on

light loads and slow speeds. Fairbanks-Morse Diesel Engines are made in the following sizes:

20 h.p.-2 cyl. 180 h.p.-6 cyl. 40 h.p.-2 cyl. 240 h.p. 4 cyl. 360 h.p. -6 cyl. 60 h.p.-3 cyl. 80 h.p.-4 cyl. 480 h.p. 4 cyl. 120 h.p.-4 cyl. 600 h.p.-5 cyl. 720 h.p.-6 cyl. 120 h.p.—6 cyl.

impossible things happen. The general impression around Chicago is that Dempsey will be the big sentimental favorite, but the smart money will go Skeena River to the booming yards at Mrs. Wilkinson and children have keen about the general looks of things to the champion. The odds quoted by Wall Street are 9 to 6 that the cham-While Tunney beat Dempsey decisive-

ly enough on points at Philadelphia, he did not knock him out. There are those who insist that if the fight had gone five rounds more, Tunney might have succeeded in flattening the former champion. But the fact remains that he did not knock him out. If he had there would have been no demand for the comeback of Dempsey. With the limit of ten rounds on the Chicago bout, Tunney might again win on points, which is enough as far as the title is concerned, but which always will leave some lingering doubts in the minds of a sufficient number of the customers to warrant even another return bout. So it can be seen that the staging of the bout in Chicago is in line with Mr. Rickard's policy of conserving his cauliflowers.

The Smithers baseball team now claims the championship of the Central Interior of British Columbia as a re-Prince George last week. Plan 401, Sub. Part Sec. 32, 33, 34, Tp. 1;

Ald. Brown Informed That all is in Order in Matter of Besner Excavations

In answer to questions asked by Brown at last night's council meeti the mayor and board of works gave surance that all was in order in c nection with the agreement made the board of works and Olier Besner connection with the removal of r and muskeg from the latter's build site at the corner of Third Avenue Third Street. It was stated that it a scheme of benefit to the city, whi was being fully paid therefor, and t it was not interfering with the pos bility of contractors obtaining a

In view of discussions that had b going on, Alderman Brown thought t it was only fair that he should be lowed to ask some pertinent question connection with the matter. He was ed to know first, what sort of agr ment had been entered into between the board of works and Mr. Best second , if it was on a contract ba and third, if it was the intention the board of works to continue mak such undertakings.

In reply, the city engineer minutes from the board of works connection with the case. These n utes disclosed that it had been ranged that the rock and muskeg moved from Mr. Besner's excavat should be taken to Hays Cove Cir and used in making a fill there; the city was to be reimbursed by Besner on the basis of local impro ment cost, and that Mr. Besner sho regularly remit at fortnightly period to the city the cost of the work:

In further explanation, Ald. Pe sought to make it clear that the was by no means going into the o tracting business. An opportunity been offered the city to give work unemployed and, at the same time the rock free, and the board of wo had grasped it. If the work show cost \$1,000 or \$5,000, Mr. Besner agreed to reimburse the city on basis of cost. The city was the gair in the deal he declared.

Mr. Newton explained how Mr. 1 ner had appeared before the Board Works. It had been decided to do work on the basis of cost including expenses contingent thereto such as use of equipment, hauling, etc. city was the gainer for it was gett rock for nothing for the Hays (

Circle fill. WRITTEN AGREEMENT

Ald. Brown felt that there sho have been a written agreement. He not questioning Mr. Besner's integr but it was just a matter of busin He asked if it was the intention of board of works to proceed simila with other cases that might arise. was reported that Ross Bros. m also be building under similar circu stances.

The important feature of the wi thing as far as Ald. W. J. Greer co see was that the city was getting ! absolutely free for a permanent fill Hays Cove Circle, a road that had b closed up for two years on account the old wooden trestle being out of pair. He felt that it was an advan geous means of getting this st opened up again.

A question by Ald. Tinker elici the further information that Mr. ner was also paying for the trucking Hays Cove Circle .

Ald. Brown referred to the posit of private contractors in connect with the matter. Had the agreem reached between Mr. Besner and board of works precluded them figuring on the work? Was it taking a step against private en prise?

Ald. Larsen explained that it been thought that there was no private contractor in the city who had equ ment to move seven hundred yard rock. He referred to the fact that city was faced with relief work this was a good means to meet it the city had been given a free hand the matter of employing the men. could see three advantages in contion with the work: first, the city getting rock free for the fill; sec it was able to give relief work, third, it was not interfering with tractors.

CITY DID NOT SEEK IT

The mayor pointed out that the had not sought the work but the position had been made by Mr. Be

himself. Ald. Perry suggested that the take on no further work of nature.

"But a precedent has been mi pointed out Ald. Brown.

Ald. Jos. Greer suggested that future cases of this kind, the con as a whole should deal with the Ald. Perry welcomed the inqu that had been made. The citizens a right to know the nature of agreement which he felt could h be criticized.

NOT A BARGAIN

In the market-place a travelling tioneer was trying to dispose of wares, but the townspeople were to purchase.

"Look here," shouted the sales in desperation; "here is a bargi twenty-five post cards for one p

Who'll have 'em?" A young fellow in the front row the tempting bait eagerly as he to fumble in his pockets, but before could withdraw the necessary "br his mother laid a restraining han

his shoulder. Richardson, A. W. Sec. 6, Tp. 14, SE14, 160 acres aln't no stamps on 'em!"-Tib Bits.

CONCRETE SIDEWALK IS PETITIONED FOR

Holders on North Side of Third Avenue Between Sixth and Seventh Streets Ask Improve-

The city council last night was in receipt, of a petition from property owners concerned asking for the construction, under the local improvement plan, of a twelve foot concrete sidewalk on the north side of Third Avenue between Sixth and Seventh Streets.. Those signing the petition included Cliff Ford, H. G. Helgerson, Ltd., V. D. Casley, Mrs. Lottie Casley, Tom Shimizu, G. Nishikaze, L. Ross and J. A. Lindsay.

If this petition were granted, he could forsee successive petitions of similar nature, involving expenditure of considerable money, coming before the council remarked Solicitor Jones.

Ald. Perry urged the economy of concrete sidewalks over wood but other more concerned with the financial end It was finally decided to refer

HORSE RACE STORY IS SHOWING HERE TONIGHT

A horse race complete in every detail actes occasionaly found in the movies' Surpluses of \$693.91 and \$1,052.15 on handling of the sport, is promised in August operation of electric light and "The Sunset Derby," the First National telephone departments respectively were picture which will be the feature at-

The picture is concerned wholly with the sport of horse racing and the lives of those who follow the ponies, but Charles R. Rogers, who produced the picture for First National, believes that all the usual "hokum" generaly connected with such pictures has been

Racing scenes for the production were filmed at the Tiajuana, Lower California, race track, with real track officials and sporting experts acting in advisory capacities to Albert Rogell who directed the picture.

There is no hint of dishonesty in "fixing" races, of buying jockeys, or of attempting to prevent the favorite steed from entering the race. The story, instead, is concerned merely with the personalities to be found about every race track, and their lives.

Mary Astor and William Collier, Jr., play the featured roles in the picture with a large supporting cast.
