D.S.O., execution is set for tomorrow.

Sacco and Vanzetti are avowed anarchists. Their political beliefs have been featured both at the first trial and on innumerable occasions since. They were convicted of murdering a shoe factory paymaster and his guard at South Baintree, Mass., in the spring horsepower engines each. Their metal of 1920. The evidence on which they were convicted was circumstantial in character and it is claimed by their friends that they were convicted because they were Reds and for no other reason.

It was vigorously, excitedly proclaimed by their friends that to provide ample space for a navigator's the evidence submitted against them by the district attorney was chart table and wireless operator's secinsufficient, absurd, and false; that the leading witnesses of the prosecution were incompetent and worthless; that the trial judge was biassed against the prisoners, behaved improperly at the trial, tain collapisble bunks so that the crew home of Mr. and Mrs. Wallace, Claxton. and misdirected the jury. ### DECISION WAS APPEALED

Thayer's decision was appealed before the supreme court of Massachusetts, and was on technical grounds sustained. Sacco and Vanzetti were to die.

This, however, was how the law stood in Massachusetts, and nothing could be done about it. It was competent in such a situation to carry an appeal to the governor of the state, and this was immediately done.

### Nurse Tells How To Relieve Eczema

Lady had face disfigured with Eczema. Skin now clear.

Mrs. Wm. Campbell, a graduate nurse of Morden, Man., reports a very interesting experience she had recently with a distressing case of eczema. The patient was a lady who had suffered keenly both mentally and physically because of the way her face was disfigured and by the itching, burning sensations of the skin. She had become discouraged because doctors considered

her case incurable. Mrs. Campbell had known of similar cases and by patient obtain complete relief and restore

the natural beauty of the skin. Mrs. Campbell writes:-"A ly afflicted with eczema on her face

that the doctors considered it incurable and could do nothing for it. decided to try Dr. Chase's Ointment and never found anything like it for the first application stopped the itching. By continuing the use of the Ointment, the eczema was entirely removed and the complexion greatly improved. No one would ever know that my patient had previously been so disfigured by this annoying and torturing ailment."

Dr. Chase's Ointment is the recognized standard treatment for eczema. It should never be confused with ordinary salves for it is a medicinal ointment of proven merit and effectiveness. 60 cents a box, all dealers, or The Dr. A. W. Chase Medicine Co., Limited, Toronto.

when you use this purifying toilet soap

THE offender doesn't notice it-I but everyone else does.

At times, everyone of us may be uilty - without knowing it. Even when we think we aren't perspiring, the pores constantly give off odor-causing moisture.

Don't risk embarrassment - use ifebuoy! So refreshing that millions bathe with it every day. It purifies pores - gives freedom from perspiration odor.

Healthier complexions Lifebuoy's mild, antiseptic lather keeps complexions clear, smooth and glowing with health because it purifies the skin.

Better still, it removes germs from hands, as well as dirt - safeguards health against germ diseases.

You'll learn to like Lifebuoy's clean, hygienic scent - so wholesome, so assuring of greater safety, yet so quickly vanishing.

Lifebuoy gives extra protection, yet costs no more than other soaps. "Use it a week and you'll use it for life." Get some today.

# Crown Colony Days

Away back in the late sixties thousands of acres of British Columbia's timber were sold for one cent per acre, which looked like a fair price-then. Today similar timber is worth from \$150 to \$200 per acre, so tremendously has timber appreciated in value within the scope of an average lifetime.

What the young growth of today will be worth sixty years from now is beyond computation if it is protected from fire and allowed to reach maturity.

The moral is obvious.

Take the successful stores, too-in almost every case they are the stores where the service is better than average-where they go out of their way to please. GEORGE YOUNG ENTERS

Many Countries to be Represented Including Several Famous Women

TORONTO, Aug. 10. - (By Canadian) Press).-About 200 swimmers, among them the world's greatest, will slowly move forward at nine o'clock on the morning of Wednesday, August 31, to plunge into the waters of Lake Ontario in the greatest competitive swim the orld has ever known.

About midnight, or perhaps sooner, weather conditions being favorable, the winner should emerge from the water after covering 21 miles, to be crowned monarch of all, with the golden bait, of \$30,000 safely in his grasp; if the winner be a woman, of \$35,000.

The remainder of the total prize money of \$50,000-the great sum which like a magnet has drawn swimmers from the ends of the earth-will be divided up between half a dozen men and half a dozen women, providing that many

Lake Ontario, and there he has been

training diligently. The race, however, is no "cinch" for the redoutable George. Ernest Vierkotter, of Berlin, Germany, is considered probably Young's chief opponent. Vierkotter is a veteran professional with an imposing record; he has more experience than Young and with him swimming is an art. He carries his own chef as well as trainer and manager; when he swims, it will be to the music of a respectable-sized orchestra.

Viakotter is the dominant figure in the "stable" of Armand Vincent, Montreal, who has entered him in company with George Michel, Frenchman and channel swimmer: Jane Sion, Belgian's woman swimmer; Omer Perreault, Phone 381 P.O. THE WOMEN And if it is at all possible for

woman champion to beat a male champion in swimming, it should be accomplished in the Lake Ontario marathon. When the start is made, probably only one great woman swimmer will be missing-Gertrude Ederle.

Practically every other female who has achieved prominence in long-distance swimming will be competing. Clarabelle Barrett and Mrs. Bettie Moore Schoemmel -she of grease-suit fame, are New York's entrants; Jane Sion, mentioned above; Mrs. Della Sullivan Herbert of Holyoke, Mass.; Mrs. Dorothy Hepworth, registered from Montreal and Lee Fourrier of Long Beach, Cal., are others in the galaxy of world stars that will compete.

Incidentally, Mrs. Schoemmel will wear a bathing suit this time, at least at the start. No swimmer will be allowed to start sans suit; although he or she may have as much grease as their taste or experience dictate. The more experienced swimmers will use grease, for its aid in preventing "water-logging" and keeping the cold out. Probably also bathing suits will be discarded by quite a number when the race is really under
