**DRASTIC STEP
IS PROPOSED**

KU KLUX KLAN WOULD HAVE NO MORE ORIENTALS IN CANADA AND WOULD REPATRIATE THOSE ALREADY HERE

The Ku Klux Klan is submitting for public endorsement, the following resolution recently passed in Vancouver, a copy having been received at the Daily News office:

To the Right Honourable W. L. Mackenzie King, M.P., Premier of Canada, and Honourable Members of the Cabinet and Members of the House of Commons of Canada:

Whereas it is eminently desirable that Anglo-Saxon standards shall be maintained in the Dominion of Canada;

And whereas these Anglo-Saxon standards can only be maintained by the preservation of the right of selection as to future and potential Canadian citizens;

And whereas there is grave danger that the continued entry of large bodies of people of other racial stocks will prove to be a menace to the said standards, in that these people cannot be assimilated into our Canadian nation;

And whereas this Dominion and more particularly the province of British Columbia has reason to be especially concerned over the penetration of Asiatics into Canada;

And whereas this public sentiment has been recognised by government from time to time, and steps taken by means of agreements and treaties and Acts of Parliament to give force to such sentiment;

And whereas notwithstanding the Immigration Act of Canada and regulations thereunder have failed to stem the tide of Asiatic immigration into Canada;

And whereas aside from present or future entry of Asiatics into Canada, seeking domicile therein, the continued penetration of these people, by natural increase and other means, constitutes a serious problem calling for attention, in that it is now essential that immediate protective measures be adopted;

THE RESOLUTION

Therefore be it resolved that this massed meeting of the citizens of Vancouver, British Columbia, held in Wesley Church, February 4, 1927, desires to record itself as favoring the enactment of such statutes or amendments to existing statutes as may be necessary to completely prohibit Asiatic immigration into Canada;

And be it further resolved that we respectfully request that such steps be taken as may be necessary to procure the repatriation of all Asiatics at present domiciled in Canada; that all property held by Asiatics shall be expropriated and publicly sold at its market value, and the former owner fairly compensated therefor; that provision be made for the establishment of boards of appraisal, adjustment and arbitration, who shall be empowered to determine a just valuation of all fixed property held by Asiatics, and who shall provide a fair and proper recompense for such loss or damage as may accrue through said repatriation; and, further, that in the case of non-property-owning Asiatics, free transportation shall be provided, together with such further compensation as may be deemed just, to the respective countries of their racial origin.

**HOSPITAL BOARD
HOLDS MEETING**

Routine Business is Dealt With — Graduation Exercises Planned

Routine business occupied the attention of the hospital board at the regular monthly meeting last evening. The various committees presented their reports for the month and several minor matters of interest were considered. President J. H. Thompson welcomed the new members of the board and expressed the hope that they might find the association agreeable and the work of the board interesting.

A notice from the registrar of companies was read in regard to a change made in the objects of the Prince Rupert Hospital and ordered filed. A letter from the city was also read concerning the construction of a sidewalk and roadway on Fourth Avenue and filed. A letter from Toronto in regard to having the Dominion Income Tax changed so that gifts to charitable institutions might be exempt was also filed as the communication was received too late for the proposed action. A letter from the Atlas Boiler Works offering \$25 for a discarded boiler and fittings was accepted by the board.

Miss Harrison in speaking of the coming graduation exercises and mentioned March 18 as a suitable date. It was decided by the board that the matter of arrangements and the date be left in the hands of the lady superintendent.

Members of the board present at the meeting included J. H. Thompson, W. C. Orchard, L. W. Waugh, Alderman G. T. Tinker, W. J. Greer and W. M. Brown. Mrs. H. F. Glassey and C. H. Elkins.

**PLAGUE OF COYOTES
IN THIS PROVINCE**

Reported to be More Numerous and More Daring Than Ever in Cariboo Country

QUESNEL, Feb. 17.—(By C.P.)—Coyotes are more numerous and more daring than they have ever been before, according to old-timers of the Cariboo country. The coyote's depredations have been so serious this winter that ranchers in many sections of the interior of British Columbia have written to various authorities urging that the bounty, which now stands at \$2.00, be increased.

The secretary of the British Columbia Wool Growers' Association has alone received more than 250 letters reporting loss of sheep, cattle, horses, poultry and game as a result of coyote attacks.

William Webster, of West Alexandria, who operates one of the largest sheep ranches in the province, lost his entire increase last fall by coyotes, the animals killing spring lambs inside the ranch enclosure. Two sons of the rancher shot and trapped twenty-five of the marauders within two weeks.

**WORKING ON REFORM
OF COMMONS DEBATES**

SPECIAL COMMITTEE IS NAMED AT OTTAWA FOR THIS PURPOSE

OTTAWA, Feb. 17.—A determined effort is to be made this year to condense and improve the debates in the house of commons. A special committee representing all parties, has been named, and it is expected that it will at once commence to go over the rules to see what can be done. The committee is as follows: Hon. Ernest Lapointe minister of justice; Hon. Rodolphe Lemieux, speaker of the house of commons; J. F. Johnston, deputy speaker; Hon. Charles Marcell, former speaker of the commons; Hon. J. C. Elliott; Hon. W. D. Euler; D. F. Kellner; and T. W. Bird representing independent groups; W. A. Boys, Sir George Perley, George Black (Yukon), R. B. Hanson and J. A. Macdonald, Cape Breton, representing the Conservatives. Speaker Lemieux will act as chairman.

The committee will have before it the report made two years ago by a joint committee in which it was proposed to limit private members to 20 minutes for a speech on any topic, and leaders to double that time.

**Ten Years Ago
in Prince Rupert**

FEBRUARY 17 1917
The Trades and Labor Council last night decided to draw up a resolution urging upon the city the enactment of the proposed new early closing by-law.

Capt. Scharschmidt arrived from Vancouver this week to recruit men for the Inland Water Transport unit.
At the annual meeting of the Prince Rupert General Hospital Association last night D. G. Stewart, W. E. Williams, E. G. Gibbons, Oliver Besser and Frank Clapp were elected to the board for the ensuing year.
Mrs. Cowie of Lethbridge left for home this morning after having spent a few months in the city as guest of her son-in-law and daughter Mrs. and Mrs. J. R. Mitchell Ninth Avenue East.
Joe Hutchison was presented with a carving set last night by members of the Sons of England. The presentation was made by Chas. Kemp, president of the society.
The municipal weigh scales duties will be taken over by a business man and the fees will be presented to the patriotic fund.
Captain and Mrs. P. F. Godenrath left today for Fredericton, New Brunswick.
An article says "The teachers of Texas are urged to combat illiteracy." Why not, and let the children have the benefit of that along with their education?

**GRATIFICATION AT
FISHERMEN'S FLOATS.**

There is general relief in the knowledge that provision has at last been made by the federal government for the construction of the long needed fishermen's floats here. Now it is to be hoped that no time will be lost in effecting the work so another winter will not be allowed to pass without adequate protection for the port's fleet which is ever growing in size and importance.

In this connection, it may not be out of place to direct a little credit to a person whose due it is, namely, Fred Stork, the late member for Skeena. Like the elevator, the fishermen's floats will be another project for which the people of Prince Rupert may thank him. It was he who saw to it last year that provision was made for this work in estimates that seem to have been carried over hitherto from the last Parliament.

Similar improvements at other places in the riding are also provided for under the like circumstances. When Mr. Stork sees these works under way he will again have the satisfaction of knowing that concrete results have come about as a result of his efforts, even if the people did not see fit to reward him for his good work. It is only to be hoped that his successor will be able to do as well.

**BOLSHEVISTS ARE
FOUND EVERYWHERE.**

The handiest people now at large on this globe of ours are bolsheviks. Let turbulence break out anywhere on its face and they are the immediate and convenient explanation. If something like a crisis arises in China we need only point out that Moscow is at work below her boundaries. It is all very simple—in fact, too simple.

Is this uprising in China the natural result of an accumulation of grievances of the Chinese people against nations which have come into their country, set up foreign courts where natives as well as alien nationals are tried, and otherwise subjected a sovereign people to indignities which would be borne by no other people anywhere? No, no. It's our old friend Moscow in another false face.

Does anyone really believe China needs outside help in this matter of appreciating the position which has humiliated her for years? Does Moscow have to inform China that no other great nation anywhere is enduring the things China has suffered herself to endure? Does China have to be told that her capacity for observing international amenities compares very favorably with that of nations lately emerged from the most disastrous war in all history?

In short, is screaming "Bolshevik!" the honest and intelligent answer to the unquestioned fact that the rest of the world continues to subject China to an extra-territorial doctrine which would be the immediate impulse to righteous rebellion if it were attempted on any other sovereign people in this world today?

**NEWSPAPER'S PLACE
IN POSTERITY.**

A century from now a file of the advertising pages of the newspaper and magazine of today would provide a complete history of the customs and characteristics of the period. These advertisements record what the people are wearing, the problems of the day, current thought and the traits of the generation.

Pick up any issue of the family newspaper and there in word and picture is the story of the day. Preserve that issue and posterity a century from now can tell what the men and women of this generation wore, what their mode of transportation was, how they were amused and entertained. The advertisements have made the past an open book.

Picture a man in the year 2027 chancing upon a file of a newspaper for the year 1927. Turning to the advertising pages he would see arrayed before his eyes the styles in wearing apparel for men, women and children of one hundred years ago. He would see the types of automobiles in use and from the number of automobile advertisements he would deduce that the automobile was in great favor and universal use. By the same reasoning he would learn that the radio was in great demand, also the phonograph and player piano.

Training in the art of sleuthing would not be necessary for this reader of the advertisements of the past to inform himself, from the cancer-cure ads, that cancer was a menace to the generation and, that obesity and exceeding thinness concerned the public as greatly as the malignant cancer.

The advertisements are also a record of economic conditions, revealing market prices and estimating the supply and demand. For the discerning contemporary reader the newspaper advertisements afford more interesting and valuable information than he can preserve for posterity.
