VANCOUVER VISITORS IN CITY TODAY

UNION JACK MINUTE PART OF NEW SOUTH AFRICAN FLAG

Vancouver Board of Trade Here as Guests of Local Organization Investigating Conditions in City

A real Prince Rupert welcome, albeit a real Prince Rupert rain-storm, greeted 109 prominent business men from the southern city, members of the Vancouver Board of Trade, under President Robert McKee, who arrived here sharp on scheduled time at 9 o'clock this morning aboard the steamer Princess Alice, Capt. Thomas Cliff, in the course of a tour of the north coast of British Columbia designed to bring about better relations and understandings between their home city and points tributary thereto. The inclemency of the weather prevented reception formalities that might, otherwise, have

PITTSBURG AND CHICAGO LOSE

CONTENDERS FOR NATIONAL LEAGUE SUPREMACY BOTH SUFFER REVERSECY YESTERDAY—YANKES STILL GOING STRONG

NEW YORK, June 22.—Both contenders for the National League supremacy, Pittsburgh Pirates and Chicago Cubs, suffered defeat in yesterday's games. Cincinnati Reds took the Pirates into camp 7-6 while St. Louis had the best of the Cubs by 6-5. Brooklyn Dodgers defeated Philadelphia and the New York Giants lost to Boston.

New York Yankees took a double-leader from Boston in the American League while Washington and Philadelphia shared the honors in two games. There were no other games in the league.

Therewith, the Cardinal shortstop, sustained an accident which marred his team's victory. He fractured his ankle while sliding to second.

Hogan, the Boston catcher, made two home runs which spelt disaster for the Giants.

In the game of Washington vs. Philadelphia, Walter Johnson lost his third game in four starts.

The day's scores were as follows:

NATIONAL LEAGUE
Cincinnati 7, Pittsburgh 6.
Philadelphia 3, Brooklyn 7.
Chicago 5, St. Louis 6.
Boston 7, New York 5.

AMERICAN LEAGUE
New York 7-7, Boston 3-1.
Washington 5-2, Philadelphia 4-8.

Counsel for B.C. Pleads for Return of Peace River Land Before Commissioner Martin

VICTORIA, June 22.—C. W. Craig, K.C., in submitting British Columbia's application this afternoon, said the terms on which the province entered confederation, as far as the railway lands were concerned, had not been carried out. The agreement was that the railway construction was to be financed by means of land grants rather than cash subsidies. The work was done, however, by the issue of subsidies to the extent of \$62,000,000 which was still further supplemented.

The railway was now built but the lands had not been used.

STAMPEDE IS DECIDED ON

FAIR BOARD MAKES FINAL DECISION ON MATTER OF ATTRACTION FOR THIS YEAR'S EXHIBITION

The Fair Board, at a special meeting yesterday afternoon with President Frank Dibb in the chair, definitely decided to hold a stampede in connection with the Prince Rupert Exhibition in September.

The board will now communicate with Jack McNeil of Telkwa who will proceed to the Williams Lake and Chilcotin country to make arrangements for the bringing of the stock here.

PRINCE RUPERT MAN OFFERED SCHOLARSHIP IN AMERICAN COLLEGE

BALTIMORE, June 22.—The United States department of the Interior announces a free scholarship at the Michigan College of Mining and Technology has been offered to a Prince Rupert man.

South Africa Adopts a Flag with Very Small British Emblem on It

CAPETOWN, June 22.—A bill providing for the adoption of a South African flag embodying the Union Jack which occupies a space equal to one-sixtieth of the whole area, passed the committee stage of the Union House of Assembly last night without a division following an all day debate.

Several minor amendments carried and former Premier Smuts appealed for time before the House made a final decision, but Premier Hertzog argued for immediate settlement of the question. The premier said that unless the opposition agreed to a friendly settlement, the bill would be passed and submitted to a referendum.

Nonagenarian Here Who Pitched Hay with Col. Coolidge, Father of President of United States

"Kids must be educated in geography, and I'm combining education with pleasure now," says Frank G. Grant of Gardena, California, who is making the round trip to Skagway on the steamer Prince George which is in port today. Mr. Grant will celebrate his ninety-second birthday on August 16 this year but he does not admit he is that old. "I'm ninety-two years young," says he and a representative of the Daily News who interviewed him this morning as he jauntily stepped ashore to look Prince Rupert over was quite ready to agree with him. In fact Mr. Grant was the most wonderful nonagenarian this newspaperman had ever seen.

Dressed in a grey tweed suit with a modish hat, Mr. Grant does not even seem to use a cane. Nor does he wear glasses and his own pearly white teeth might well be the envy of most men who could reverse the figures of his age. Mr. Grant might well be judged to be more than sixty. A well trimmed beard, but no moustache, distinguishes him.

This wonderful old man was born in the Green Mountains of Vermont and for fifty years lived in that state. A story he evidently took much pleasure in relating was of an incident some three years ago when he visited the late Col. Coolidge, father of the president of the United States. He and Col. Coolidge pitched hay together for an afternoon and then the colonel invited him into the house where Cal was born. On the same chair, at the same table and with the same pen that President Coolidge signed his oath of office, Mr. Grant signed the house register. It was a great honor, states Mr. Grant, who is naturally proud of the man from his home state who has achieved the highest post in the power of his country to bestow.

Last year Mr. Grant made a complete tour of the border states north, south, east and west. He is an enthusiastic traveller and his age seems in no wise to diminish his faculties to observe and enjoy new scenes and experiences.

ELEVATOR MAN IS GIVEN PROMOTION TO VANCOUVER ELEVATOR

CALGARY, June 22.—It is announced at Wheat Pool headquarters that Joseph Bennett of Prince Rupert has been transferred to Vancouver where he will be superintendent of Number 2 elevator recently leased from the Vancouver Harbor Board.

Mr. Bennett will be succeeded at Prince Rupert by William McIvor, elevator foreman there.

EIELSON TO FLY TO SEATTLE FROM JAPAN

SEATTLE, June 22.—Carl Eielson, formerly of the Wilkins Arctic expedition, indicated last night that Japan would be the starting point for the proposed Seattle-Tokyo flight as there is no airport here that possesses a sufficiently long runway. Also weather conditions are more favorable for an easterly than a westerly flight.

VANCOUVER GAMBLERS ARRESTED BY POLICE

VANCOUVER, June 22.—The proprietor and sixteen inmates of an alleged gambling house on Abbott Street were arrested after a strenuous fight by the police.

JAPANESE FAVORED

United States Would Not Agree to British Proposals is Prophesied

GENEVA, June 22.—Study of the British and Japanese proposals for naval reduction has created the belief among the American delegates to the three power conference that it would be easier to arrive at an agreement on the basis of the Japanese than the British suggestions. Nevertheless experts think the plans of the three nations so widely divergent that agreement is impossible unless someone withdraws from the position taken. Britain's "idea of reducing the size and armaments of capital ships and cruisers is not likely to be adopted by the United States," it is prophesied.

DELEGATION FROM RUSSIA

TRADE REPRESENTATIVES EXPECT TO RETURN SOON THEY SAY ON LEAVING

MONTREAL, June 22.—On the eve of their departure from Canada following the abrogation of the Russian trade agreement, the Soviet consulate officials last night issued a statement expressing the belief that the "Canadian Government would very soon reflect the interests and sentiment of the Canadian people by re-establishing diplomatic trade relations with the Soviet union."

BLOODSTAINS OREGON AUTO

CAR WAS STANDING ON DUNSMUIR STREET, VANCOUVER, WITH ENGINE RUNNING

VANCOUVER, June 22.—Bloodstains on the steering wheel and running board and door of an Oregon automobile found on Dunsmuir Street this morning is puzzling the police. The engine of the car was running when it was found, but there was no driver in sight.

LIQUOR BOARD AND LICENSES

DISMISSES APPLICATION FOR MANDAMUS TO RESTORE COMMERCIAL HOTEL BEER PARLOR

VANCOUVER, June 22.—Dismissing an application for a mandamus writ to compel the liquor board to restore the Commercial Hotel beer parlor license, Chief Justice Hunter ruled yesterday that the board in granting such a license is extending a privilege and not performing a duty legally provided for.

HON. DR. SUTHERLAND SAYS PRINCIPALS ARE MEN OF HIGHEST STANDING

VANCOUVER, June 22.—Representatives of eastern financial interests who recently inspected the Pacific Great Eastern Railway will recommend to their principals a thorough investigation of the traffic producing possibilities of the Peace River district before a definite proposal is made to the British Columbia Government for the purchase of the line, Hon. W. H. Sutherland, minister of railways, stated here last evening. He said that the principals involved were people of the highest possible standing and added that he was unable to say what decision they would reach as a result of the investigation.

SALMON STRIKE IS NOW ENDED

BARANOFF ISLAND TROLLERS TO GET FIFTEEN CENTS FOR KING SALMON

JUNEAU, June 22.—M. J. McConnor of the bureau of fisheries announced yesterday that the strike of salmon trollers at Port Alexander, Baranoff Island, was settled and new prices had been set. The settlement was the result of a compromise under which it is arranged that the following prices shall be paid:

Fifteen cents for red king salmon weighing 15 lbs. or more.
Eighteen cents for king salmon under 15 lbs.
Four cents for white king salmon.
The strike lasted for three weeks and the bureau of fisheries say that the resultant loss is very heavy.

WINNIPEG, June 22.—The indifference of Earl Nelson, the suspected strangler of women, today gave way to restlessness and dejection. He will appear for his preliminary examination tomorrow and if committed will be tried on July 26.

CROPS GOOD ON PRAIRIES

VANCOUVER, June 22.—Chairman Leslie Boyd and Commissioner Matthew Snow of the Board of grain commissioners of Canada arrived here yesterday on a business trip, predict good crops throughout the prairies this year. "Alberta has not had a better prospect in years" said Mr. Boyd.

The board is coming to Vancouver at the end of August to hold its annual tariff meeting, he announced.

DAILY EDITION. Wednesday, June 22, 1927

WELCOME TO VANCOUVER PEOPLE
 A cordial welcome is today extended to the Vancouver business men who are visiting the city under the auspices of the Board of Trade. Some of them have been here before but there are among them men who have never visited the city. It is to be hoped they will spend the time enjoyably and profitably, adding to their store of knowledge in regard to the possibilities of the north coast.

We also bespeak for their careful attention the prospects of the mining communities on Portland Canal. Both Stewart and Alice Arm are attracting the attention of many Americans and it is to be hoped the monied people of our own country will also do their share in developing the mines and consequently reap a goodly share of the profits therefrom.

Loyalty is shown by the attitude adopted by people toward their own country and not by the waving of flags or the shouting of the multitude.

The whole world is made for our especial benefit or as much of it as we can easily reach out and grab.

We have been wondering if the Vancouver people came to learn or to teach. They may do both.

ATTITUDE OF BIG FELLOW TOWARD SMALL
 There is usually complaint made that the big fellow has little consideration for the small one. Complaint has been made in Prince Rupert that many Vancouver people have adopted the wrong attitude toward the development of Prince Rupert. The very attribute which makes for the building up of a community is apt to be carried too far and turn the big community into an overbearing big brother who tries to take everything for himself. This is usually the complaint of small places against neighboring large ones. It is the complaint of some smaller places against Prince Rupert. Such an occasion as the present is a good one for getting rid of these ideas. If there is cause, it is a good thing to have it removed. Vancouver is the big overgrown brother of Prince Rupert. Both feed at the same table, both flourish or suffer from the same causes. Consequently they should help each other and any rivalry, if there is any, should be of a most friendly nature.

The world is a chess board and position counts a lot in the game of life. Prince Rupert seems to be pretty well located, don't you think?

The people in Prince Rupert are all able to eat, drink and enjoy life and that is about all they do in other parts of the world. Then they sometimes raise an unholy howl if things do not please them, and that, too, is their privilege just as elsewhere.

NAVAL CONFERENCE AT GENEVA
 The object of the three-power naval conference, which has been in session at Geneva was to complete the work of limitation of naval strength begun at the five-power conference in Washington. There a treaty was signed in 1922 limiting the tonnage of battleships for the United States, Great Britain, Japan, France and Italy, limiting also the total tonnage of air-craft carriers and limiting the size of individual cruisers to ten thousand tons. The Washington treaty laid down the now famous ratio of 5-5-3 which resulted in the scrapping of a large number of battleships.

By the treaty, Great Britain was permitted to have a total battleship tonnage of 525,000 tons, the United States the same tonnage, Japan 315,000, and France and Italy each 175,000 tons. The giving to France and Italy of a lower ratio than to the others caused in later years considerable criticism, especially in France, where it was openly stated that France could never accept a similar ratio for auxiliary craft, destroyers and submarines.

The Washington Treaty fixed 35,000 tons standard displacement as the maximum tonnage of each capital ship to be constructed by the signatories, and fixed the maximum calibre of guns aboard at 16 inches. The total tonnage for aircraft carriers was placed at 135,000 tons for the United States and Great Britain; 81,000 tons for Japan; and 60,000 tons each for France and Italy.

To Obtain Relief From Neuritis
 The nervous system must be thoroughly restored. Here is a case which illustrates this point.

The twitching of nerves and muscles warned Mrs. Mapletto of the exhausted condition of her nervous system. She also had frequent nervous headaches and persistent neuritis in her right side.

Only temporary relief can come from external applications for neuritis. To really get rid of the cause of trouble it is necessary to thoroughly restore the exhausted nerves by the persistent use of Dr. Chase's Nerve Food.

Mrs. Wm. Mapletto, Mount Forest, Ont., writes:—
 "For about three years I suffered from neuritis in my right side. I had pains through my back and

HIGH SCHOOL PUPILS PASS

RESULTS OF EXAMINATIONS AT LOCAL EDUCATIONAL INSTITUTION COMPLETED

The results of the examinations at the High School show that in Grade 10 Bernice Ross was the only student securing honors. In grade 9A Jack Gibson secured a similar position but in grade 9B eight students secured the coveted honor. It is explained that a pass with honor means that an average mark of 75 per cent or over was obtained. It is also announced by Principal Thomas Peddie that supplemental examination will be held during the week commencing August 29. Following are the pass lists:

GRADE X.
 Passed with Honors—Bernice Ross.
 Complete Pass (in order of merit)—Francis Tremayne, Margaret Gilchrist, Joe Scott, James Bryant, James Stewart, Ruth Gillies, Rita McLean, Jean Couture, Phyllis Harvey, Lulu Morgan, Alfred Skattebol, Evelyn Rivett, William Collison, Annie Walker, Stanley Dalby, Louise Lindseth, Jacob Mussallem, Mae Donaldson, Harold Macdonald.

Passed with one supplemental—Ralph Jorgensen (Latin); Robert Irvine (French); Bruce Stevens (Latin); Victoria Krikewsky (chemistry); Alan Cross (French).

Passed with two supplementals—Joan Cross (chemistry and Latin); Ruby Duggan (arithmetic and Latin).

GRADE IXA
 Passed with Honors—Jack Gibson.
 Passed—Leslie Murdoch, George Minns, Victor Thomas, Dan Morrison, Virginia Taylor.

Passed with one supplemental—Ronald Allen.

GRADE IXB
 Passed with Honors—Sheila Stuart, Jack Gillatt, Hazel Mathers, Doris Robinson, Margaret Sievert, Mildred Lindsay, Helen McAuley, Rosalie Duggan.

Passed—Edward Kane, Helen Walker, Annie Boddie, Ionnie Katsuyama, Pamela Cameron, Winifred Tucker, Irene Mitchell, Ida Boddie, Percy McIntosh.

Passed with one supplemental—Winifred Bunn (arithmetic); Elsie Finley (Latin); Amelia Pillsbury (arithmetic); Marjorie Blance (Latin); Mary Lawrence (Latin); Connie Morgan (Latin).

Passed with two supplementals—May Ness (arithmetic and Latin).

BURNS LAKE

Burns Lake and Fraser Lake have been engaging in interesting baseball games lately. Honors were shared on the last two Sundays, one game being played here and the other at Fraser Lake.

Adolph Kozisek, a well known district trapper, had a close call in the wilds of the Ootsa Lake country recently. Suffering from scurvy and in the last stages of emaciation, he was rescued by Billy McNeill, well known tourist guide, and taken into Ootsa Centre and is now in the Francois Lake hospital. His weight had gone down from 190 to 120.

Walter McRaye, Canadian lecturer and entertainer, appeared in the Community Hall on Monday night of this week. His subject was "Canada and Canadianism."

Many people turned out at the bee called yesterday for the purpose of clearing up the sports ground and preparing a race course for use on Dominion Day.

Emil Brindamour and W. H. Foote of Fraser Lake met in a head-on collision when traversing the highway between their home and Endako last week. Both cars were badly damaged but their occupants were, fortunately, uninjured.

Andrew Ostrum, now of the forestry service on the Queen Charlotte Islands, was a recent visitor here, renewing old friends and attending to his interests at Tintagel.

Rev. W. R. Ashford has been elected treasurer of the Burns Lake Community Hall Association.

James Davidson, government boiler inspector, visited the Lakes District last week on official duties.

Mrs. F. Gale of Nadina made a trip to Prince George last week.

R. H. Leighton, forest supervisor, was an official visitor here from Prince Rupert last week.

ALICE ARM

The main item in the program of entertainment for the Vancouver Board of Trade visitors who will be here tomorrow will be a trip to the Toric mine and the end of steel on the eighteen-mile Dolly Varden Railroad. Refreshments will be served at the mine before the party returns to town and the steamer.

No time is being lost in the Alice Arm district this year by mining operators in getting to work as quickly as possible. Work will be continued at the Toric, Red Point, Keystone, Silver Cord, Esperanza, Vanguard, Wolf and other properties.

A survey of the Indian Reserve here is being made by F. D. Rice, B.C.L.S. of Prince Rupert. It is understood that

the reserve will be subdivided and lots placed on the market.

George B. Casey of Prince Rupert is here doing development work on the Second Thought mining property in which he is interested.

The residence built by John Stark on Valley View Heights has been completed except for some minor interior work. It is a commodious structure comprising eight rooms and commands an excellent view of the town and upper part of the harbor.

A new barn, capable of stabling eight horses, has been built at Camp 8, the end of steel, by Al Falconer.

Committees to take charge of the Diamond Jubilee of Confederation celebration in Alice Arm were named at a meeting called for the purpose in the Anglican Church last night.

VANDERHOOF

A patriotic pageant will be held in connection with the Diamond Jubilee of Confederation celebration in Vanderhoof. The various provinces will be represented in the parade which will be the first of its kind ever held here. Pupils of the public schools in the town and district will participate.

The local branch of the Canadian Bible Society has elected officers as follows: president, Dr. W. R. Stone; vice-president, J. W. Campbell; secretary, Mrs. E. C. McGeachy; treasurer, Mrs. E. V. Taylor.

The Vanderhoof and District Board of Trade is offering a prize of \$5 for the best collection of pictures of the celebration of the Diamond Jubilee of Confederation in Vanderhoof.

Walter McRaye, Canadian lecturer and entertainer, paid a return visit here, lecturing last night in the Community Hall. His program was entitled an "Evening of Good Humor from Canadian Writers."

Rev. Nelson A. Harkness, provincial secretary of the Canadian Bible Society, gave an address in the local United Church at the end of last week.

Entrance examination pupils are writing here this week with Miss Kathleen Morrow acting as presiding examiner.

The local branch of the Canadian Legion elected officers as follows at its annual meeting last week: Honorary President, Col. F. A. Robertson, D.S.O.; Honorary Vice-Presidents, Rev. George Gray and Col. W. W. Foster, D.S.O.; Honorary Chaplain, Rev. Joseph T. Smeaton; President, George Ogston; Vice-President, Andrew J. E. Rae; Secretary Treasurer, Roy M. Taylor; Executive Committee, Stephen Holmes, M. J. Griffin, W. L. Foley and George C. Holt.

The Village Council has decided that a license fee of \$15 shall be charged any outside persons or firms engaged in any business or concessions in connection with the Diamond Jubilee of Confederation celebration here.

The provincial department of public works will expend \$50 in this district on flags, bunting and other decorations for the Diamond Jubilee of Confederation celebration.

R. J. Taylor was operated on last week at the Royal Alexandra Hospital in Edmonton for appendicitis and his condition is reported to be improving.

A daughter was born on June 15 to Mr. and Mrs. G. P. Whitfield of Tsin-kut.

Miss Thelma Titmore is acting as presiding examiner at the entrance examinations being held at Fort Fraser.

Robert Creasy has been appointed poundkeeper for the village of Vanderhoof.

Dr. Simon F. Toimie, M.P., provincial leader of the Conservative party, is billed to speak here on Tuesday next. He will be on his way from Prince Rupert to Williams Lake where he will attend the stampede.

George H. Outram of Prince George was a business visitor here last week.

The Demand For It

Sometime ago Mrs. W. H. King of this city wrote Pacific Milk a note in which she made this comment: "If you would stop and think of the amount of canned milk used the world over, it would strike you that it must be good." That's just it. Canned milk is good. That is why the demand for it is so big.

Neglected Eyes

NEGLECT is doubtless the cause of most of the ills that afflict humanity. This is so self evident that it seems hardly necessary to tell you. If your eyes are giving trouble, have them attended to—and at once.

OF ALL absurdities in the kingdom of foolishness, surely the loss of eyesight through neglect is the most inexcusable.

DON'T lose health and efficiency through neglect. Come and see!

GREYHOUND RACING HARES CONTROLLED BY ELECTRIC POWER

LONDON, June 21.—The sport of Greyhound racing with electrically controlled hares, which was introduced into this country from Canada and the United States, has caught the popular fancy and become firmly established in England in a remarkably short time. Many scoffed at the idea becoming popular, but the majority of these sceptics now are keen enthusiasts and attend the numerous meetings in various parts of the country.

Considerable space is given to the racing in all the daily papers, with betting odds and distance between the first, second and third greyhounds, just as horse races are recorded. Experts are engaged to write up the form of the various dogs for the information of followers and the training of the animals has become a real business.

Society people not only attend the racing together with middle class and working people, but also own and race greyhounds. The Duchess of Sutherland has won several minor events with her dogs.

Trade In Sale of Watches

Styles and models of watches are changing all the time, just like autos. Many Prince Rupert people are carrying old style watches, because they have not been able to trade them in. Many of these old watches are not only unsightly but are costing money for repairs, besides not being as reliable as a modern watch.

TRADE IN YOUR OLD WATCH!

We have decided to make a liberal allowance for a short time on old watches as part payment on a new watch, so don't miss this chance.

All our watches are of well known makes and are sold at regular prices.

BISLEY MEET OPENS JULY 4 FOR TWO WEEKS

CANADIANS ELIGIBLE IN TEAMS AND INDIVIDUALLY FOR NUMEROUS GREAT SHOOTING EVENTS

BISLEY CAMP, Eng., June 22. (Canadian Press).—A thousand and more picked marksmen from all parts of the Empire and the British Isles are gathering at this camp for the great two-weeks' shoot of the National Rifle Association, which opens July 4. Canada's team of 18 shooting members, including two former King's prize winners, will face again selected marksmen from the four corners of the world in competition for historic trophies. Greatest of these is the King's Prize, feature of the meet since its establishment in 1860, and emblematic of the Empire's marksmanship championship.

As the Canadian team includes promising newcomers as well as veteran marksmen and two previous King's Prize winners (Company Sergeant Major W. A. Hawkins, Toronto, and Lieut. Desmond Burke, Ottawa), the Dominion marksmen have high hopes of one of their number winning the King's Prize.

KING'S PRIZE

The King's Prize is shot in three stages on different days; with service rifles. The first is the qualifying stage, and competitors fire seven shots at each of three distances—200, 500 and 600 yards. The 300 best scorers in the qualifying stage go into the second stage, when each fires ten shots at each of 300, 500 and 600 yard distances. The best 100 scorers in the second stage go in the final stage, the long-distance shoot. This is of 15 shots each at the 900 and 1,000 yard ranges. The winner is the one with the highest aggregate score in the second and third stages, the scores in the first stage serving only the purpose of qualifying the competitor.

The highest scorer in the first stage receives the N.R.A. bronze medal and bronze badge. The highest scorer in the second stage receives the silver medal and badge.

The King's Prize is an individual event. Great team events include the Rajah of Kolapore's Imperial Challenge Cup, which the Canadians have won for the past two years, and which of

For your work, your motor-ing, your sports, your vacation, it gives you dependable time and a carefree mind.

course they will defend this year. Teams of eight compete in this, with service rifles.

AFTER CHALLENGE CUP

The Canadians will endeavor to recover the Mackinnon Challenge Cup, a service rifle event for teams of 12, which they won in 1925 and lost last year.

Other features of the meet are innumerable and varied. Service and match rifle events; team and individual competitions in ranges from 200 to 1,000 yards; pools, clay bird shoots, revolver, machine gun and small-bore gun events; aggregates' prizes which are intricately worked out in connection with various shoots—these comprise the great N.R.A. Bisley shoot, and the Canadians, who should do at least as well as in former years, promise to be prominent in all of the regular match and service rifle shoots.

CANADIAN AT HENLEY RACES

JOE WRIGHT TO COMPETE FOR DIAMOND SCULLS CHAMPIONSHIP ON THAMES

LONDON, Eng., June 22.—Canadians will have an even greater interest in the famous Henley Royal Regatta this year than usual. Joe Wright, Jr., 20-year-old son of Joseph Wright of Toronto, world-known rowing coach, is one of three competitors from outside Britain who will attempt to wrest the Diamond Sculls and the world's amateur sculling crown from Jack Beresford, Jr., winner the past three years.

The Diamond Sculls is most popular of all Henley's historic events, because it embodies contest between personalities instead of crews. The final will be sculled on the last day of the Regatta, which will take place from June 29 to July 2. As Joe Wright made a new world's record for the Henley course at Philadelphia last month, he is considered to have better than an even chance. The course at Philadelphia, like all Henley courses, is not merely named after but is the identical length as the original Henley course on the Thames, one mile, 550 yards.

Joe's record time of seven minutes, 39 and 4-5 seconds, compares with the 8:28 made by Jack Beresford in winning the Diamond Sculls last year. Beresford, a power in the amateur rowing world, also won the Diamond Sculls in 1920. Besides Beresford young Wright will be up against J. Frun of Leyden University, Holland, and perhaps W. E. G. Gilmore of Philadelphia. Gilmore's entry is problematical and in any event he is not likely to give Wright serious opposition. Gilmore was eliminated at Philadelphia and Wright subsequently easily beat Gilmore's eliminator. Little is known about Frun, but Leyden University's reputation in the rowing world indicates that he might be a serious contender in the Sculls. Among the Englishmen are likely to be Gollan, Collett and Edwards, all first rank scullers.

SARATOGA CUP INTERNATIONAL

HORSES FROM ENGLAND AND GERMANY TO COMPETE AGAINST AMERICANS

NEW YORK, June 22.—An international aspect is given to this year's running of the Saratoga Cup race late in the summer at the famous up-state track by the announcement that some of the outstanding thoroughbreds of England and Germany will be included in the high-class field. The race is a mile and three-quarters, weight for age event for three-year-olds and up.

The European thoroughbreds to be brought here in plenty of time for acclimatization and raced against such U.S. nominations as Crusador, Mars, Display, and Boot to Boot are Diapason, Dalmayo and Mendoza from England and Laufjunge from Germany.

While little is known of the German colt, the English entries have uniformly good records and pedigrees. Diapason, a son of Diadumenos and Venturosome, is to bear the silks of William A. Read, who has been racing him in England. Dalmayo will represent Albert C. Bostwick, who bought him in England last

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees. Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing—

THE HONORABLE THE MINISTER OF MINES.

VICTORIA, BRITISH COLUMBIA.

N.B.—Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.

Reports covering of the Six Mineral Survey Districts are published separately, and are available on application.

VANCOUVER READY TO ASSIST RATHER THAN DETRACT FROM PRINCE RUPERT'S DEVELOPMENT
 Vancouver has progressed beyond the point where it is necessary to take anything away from Prince Rupert or any other place asserted Robert McKee, president of the Vancouver Board of Trade, at the luncheon given today by the local board in honor of the executive council of the Vancouver board. On the contrary, he said, Vancouver stands ready to assist Prince Rupert in obtaining any facility or project that is its just due. He saw no reason for rivalry between the two places. The luncheon was attended by about

RED CROSS IS CONSIDERED

ANOTHER MEETING CALLED FOR SATURDAY AFTERNOON IN COUNCIL CHAMBER

At the meeting called for last evening in the city hall to organize a branch of the Red Cross here, the attendance was too small to warrant any action being taken except to arrange for another meeting which will be held Saturday afternoon at three o'clock in the council chamber.

Archdeacon Rix presided at the meeting last night and J. R. Seymour, provincial organizer, explained the purpose of the gathering and the need of such an organization.

It was decided that as the attendance was so small it would be better to call another meeting. On that occasion the hope was expressed that there would be a good turnout and that a live branch would be formed here.

COMET WILL COME WITHIN SIGHT OF EARTH END OF JUNE

LONDON, June 22.—On June 27 another comet will temporarily "swim into our ken." Pons-Winnecke's comet will on that date make a record close approach to the earth, rubbing shoulders with us, in terms of the celestial universe, at a distance of 3,500,000 miles. While the visit of this wanderer of the heavens will probably lack any sensational element for the layman—it is not likely that it will be visible to the naked eye—it may be of great scientific importance by helping in the astronomers' perculean task of measuring the distance of the earth from the sun. Recent observations have shown that this comet possesses an almost pinpoint-like condensation of brightness. Dr. R. L. Waterfield points out that, if the central condensation of light remains point-like when the comet is nearest us, it will serve a very useful purpose. "The distance of the sun is determined by measuring the distances of the nearest planets when they are very close to us," writes Dr. Waterfield in the News. "Both Mars and Venus have in the past been employed in this way, and in recent years the minute planet Eros, which comes much nearer to us than any body except the moon, has given us the most accurate of all determinations as to the sun's distance.

VALUABLES FOUND IN EASTERN EXCAVATIONS

CONSTANTINOPLE, June 21.—The first excavations of the famous Byzantine hippodrome of Constantinople which were begun on March 28 under the auspices of the British Academy by Stanley Casson, Fellow of New College, Oxford, have resulted in the discovery of monumentous as fountains, obelisks, quantities of coins, brick inscriptions, and other important finds.
 The hippodrome, begun by Septimius Severus in the second century, A.D., was completed by Constantine the Great in 330, A.A., as one of the chief glories of his glorious "New Rome." Throughout Byzantine history, the hippodrome was the centre of stirring political events as well as of great races, athletic feats, and festivals. It was the chief setting for the Nika Revolt under Justinian, the death place for thousands of rebels, and it was there that the pilgrims of the Fourth Crusade ran amuck.
 Digging to a depth of 25 feet, the British excavators have established the various levels of the hippodrome, laid bare the outer walls on the northwest side, unearthed more than a hundred coins dating from the 4th to the 16th century, large fragments of marble architectural elements finely decorated with reliefs, and much material for a study of Byzantine ceramics and early Turkish falence, as well as brick inscriptions of great value for chronological purposes.
