New York Yankees Won Close Baseball Game Opening World Series

Score Five to Four at Pittsburg Today Makes Exciting Finish for First of the Big Games

PITTSBURG, October 5.—The New York Yankees defeated the Pittsburg Pirates 5 to 4 today in the opening game of the World Series. A record-breaking crowd, close to 45,000, looked on while the National champions were sent to defeat largely through the bad third inning when the winners scored three runs on one hit, two errors and two bases on balls.

Kremer was forced from the box in the sixth when Lazzeri started with a double, Miljus going in to hold the Yankees to one hit and no runs for the remainder of the game.

SPECULATION ON LEADERSHIP

Guthrie Still Favorite for Head of the Conservative Party in Canada

OTTAWA, Oct. 5.—The chief opposition to Hon. Hugh Guthrie as leader of the Conservative party in Canada is likely to come from Hon. R. B. Bennett of Calgary and C. H. Cahhan of Montreal. The latter having a very strong Quebec support claiming that the only way to save Quebec is to "appoint" a Quebec leader.

Bennett has a strong support in the prairie provinces, but the support of Guthrie is not likely to be sectional but rather general from all the provinces.

Delegates are already setting out for Winnipeg from different parts of the East.

NO RETALIATION WITH AUSTRALIA

CANBERRA, Oct. 5.—Premier Bruce flatly denied the allegation circulated in some quarters that Australia's recent increased duties on motor chassis imported from Canada was imposed as an act of retaliation for Canada's refusal to allow reciprocal tariff treatment with regard to Australian butter.

"I do not think any responsible person in Canada would make such a baseless suggestion," Premier Bruce said in reference to the allegation.

CONTRACT IS LET FOR NEW POLICE CRUISER

VANCOUVER, Oct. 5.—The Wallace Shipyard Limited of North Vancouver have been awarded the contract for construction of a powerful cruiser for the Royal Canadian Mounted Police in the western Arctic to cost \$90,000. It will be completed May 1, 1928.

The new boat will have accommodation for thirteen men and a cruising radius of several thousand miles. It will be built of British Columbia fir sheathed with iron and having an ice-crushing bow and ice-resisting frames.

VIC FOLEY KNOCKED OUT BY FILIPINO

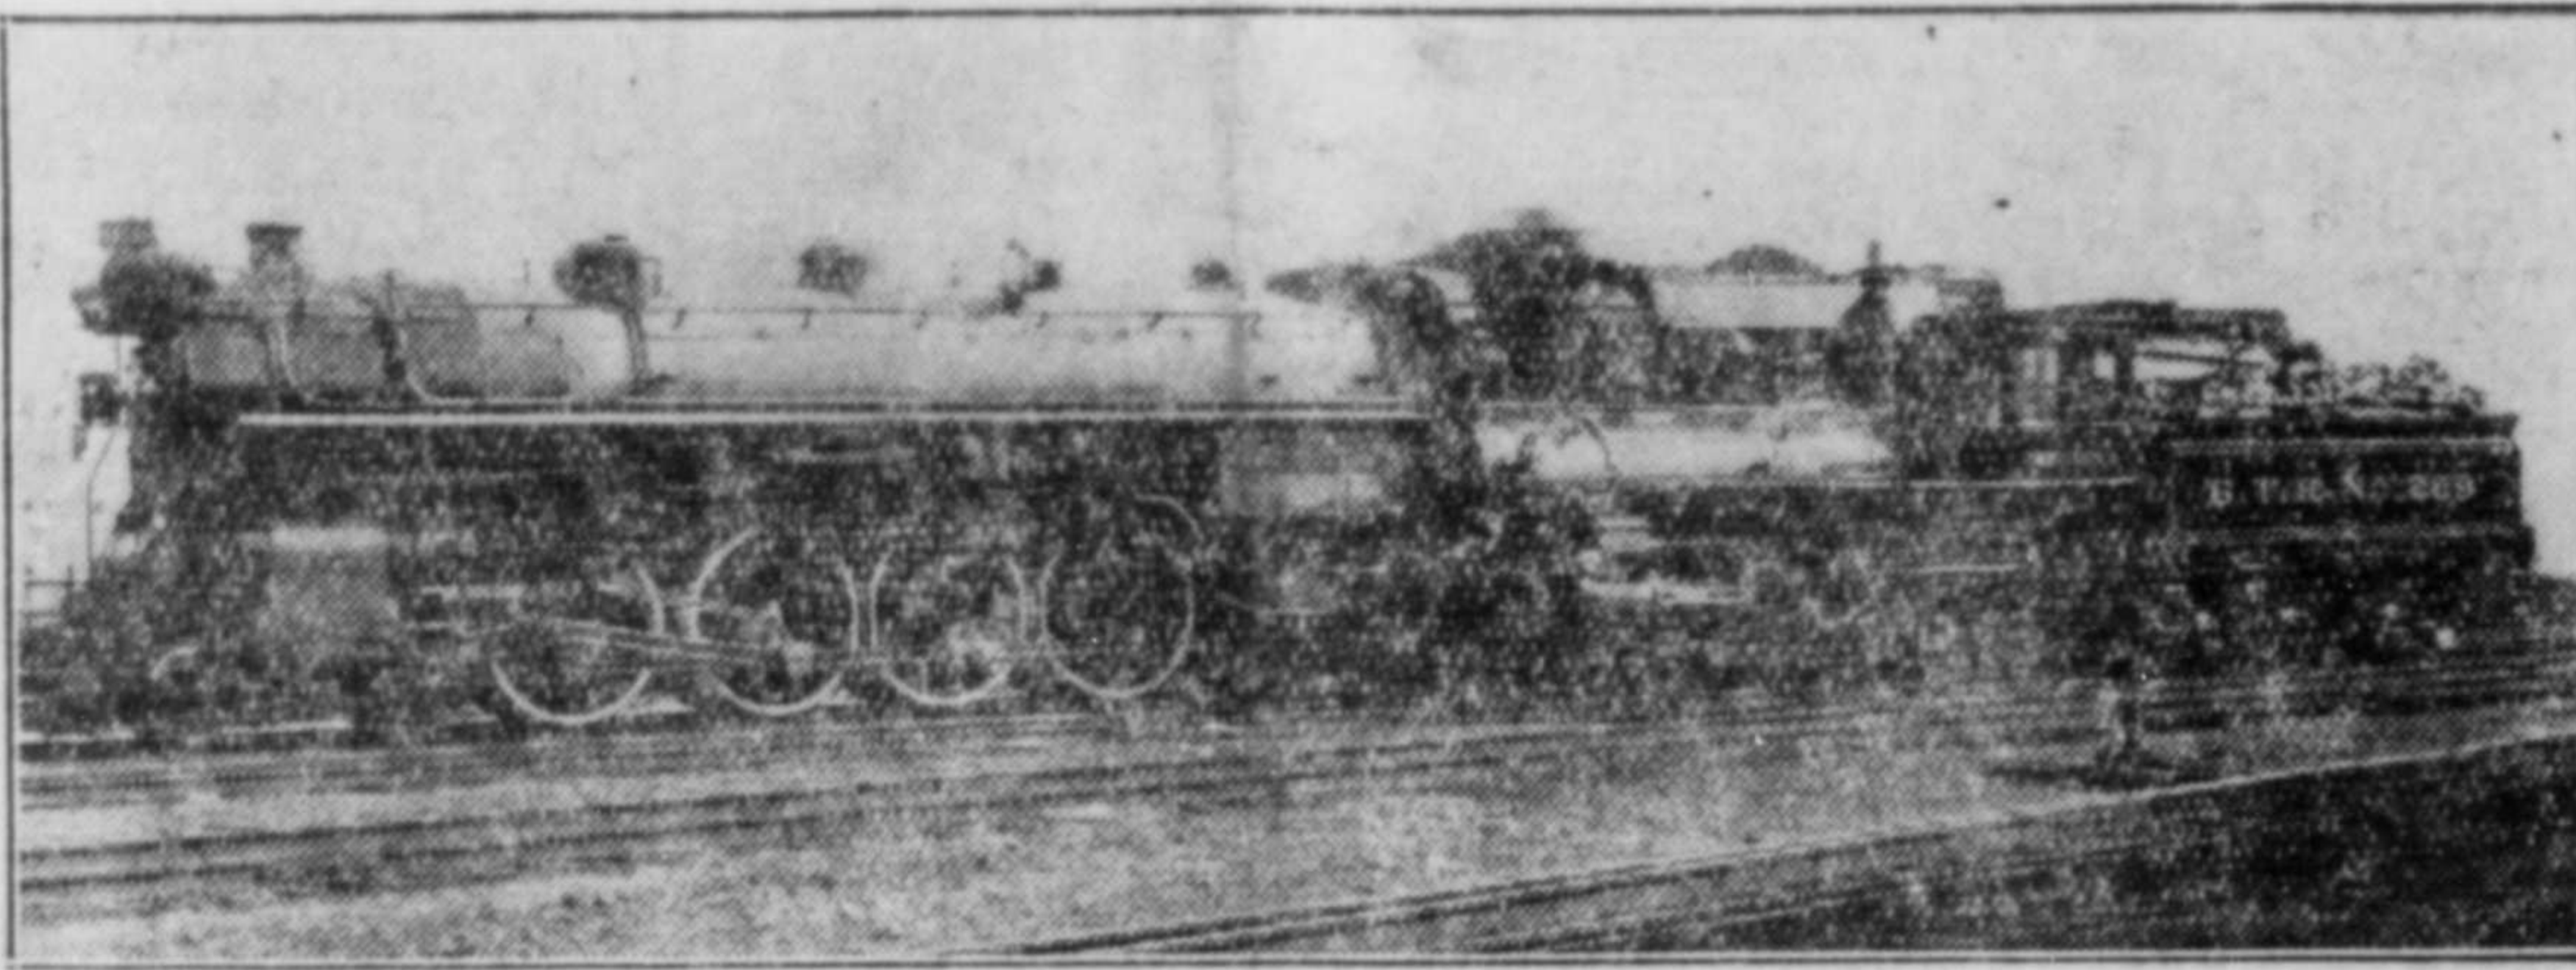

LOS ANGELES, Oct. 5.—Johnny Hill, Filipino, was awarded a knockout over Vic Foley of Vancouver in the eighth of a ten round bout. Foley claimed he was fouled in the eighth but it was disallowed.

WATER POWER DEVELOPMENT

The present recorded water-power resources of the Dominion will permit of a turbine installation of 41,700,000 horse power. The total hydraulic installation up to the end of 1926 throughout the Dominion was 4,556,296 horse power or less than 11 per cent of the recorded water power resources.

THE STORY OF SIXTY YEARS

Scarcely anything could typify more vividly the advance in transportation which has occurred in Canada in the 60 years of Confederation than this photograph which shows a locomotive of the 1867 vintage, compared with one of the giant 1927 passenger model locomotives of the Canadian National Railways.

This Goliath of the road is designated as the 6100 class and it is the largest passenger locomotive in the British Empire. Because of the year in which it was built this locomotive has been named "The Confederation."

EXECUTIONS MEXICO CITY

Prominent Officers Said to be Implicated in Revolt Last Sunday

MEXICO CITY, Oct. 5.—General Francisco Serrano, one of the alleged leaders of the Mexican revolt which broke out Sunday together with 13 followers, all prominent politically, have been executed.

Lieutenant Colonel Augusto Manzanilla, chief of the sixteenth battalion Terrero garrison, where there was also trouble, was executed with all the officers of his staff.

The revolt broke out Sunday when eight hundred of the Mexico City garrison marched out of the city.

REBELLION CRUSHED
 It is officially declared that the revolutionary movement has been crushed except for two small forces all of them commanded by General Arnulfo Gomez, presidential candidate. Three more executions are reported of rebellious leaders.

Prince Rupert Should Have Better Steamship Service With Stewart Says Woodland

"What this city needs just now is closer steamship connection between it and the Portland Canal mines," declared George A. Woodland, agent of the Imperial Oil Co. here and chairman of the mining committee of the Board of Trade, who is just back from a visit to Stewart. "Close connection with the mines by steamship would be worth as much to us as, or more than, a small smelter right here."

Mr. Woodland is much enthused with the development going on in the Stewart district. The most spectacular feature there just now is the rich strike at Silverado from which he brought samples of silver that may be seen at the Daily News Office. He says there is a 14 inch vein of ore resembling the Cobalt ores which goes \$400 to the ton and another vein in steel galena \$200 to the ton.

The great feature of the camp just now is the fact that, although it is autumn when usually people are leaving, just now everybody is working and preparations are being made for winter work both in and around Stewart and also at Marmot River.

PRINCE RUPERT GETS NO RELIEF FROM THE PRESENT COAL RATES

OTTAWA, Oct. 5.—Prince Rupert gets no relief from the present Alberta coal rates. The submission by the Prince Rupert Board of Trade asking for a lower rate on Alberta product was among those concerning which the Board of Railway Commissioners announced that they were opposed to any change in rates.

Building Permits This Year Are Well Ahead of Last and Should Show Big Figure Soon

City building permits for the first nine months of 1927 show a gain of well over \$8,000 over the total for the same period in 1926. The present year started slowly but during the summer there has been quite a gain and, with several other large undertakings now under way but not yet recorded at the office of the city building inspector, the total for this year will no doubt amount to a figure considerably in excess of 1926. Among the building for which permits have not yet been issued are the new Besner block at the corner of Third Avenue and Third Street, repairs exceeding \$100,000 at the provincial government wharf and the new mill being built at Seal Cove.

Time Lock on Safe Saved Situation for Bank of Montreal at Agassiz

AGASSIZ, B.C., Oct. 5.—Commanded by two gunmen to open the bank safe, Frank A. Briggs, teller of the Bank of Montreal here, persuaded them he was unable to do so owing to the time lock. They took \$14 from the desk.

Briggs lives in the bank and the holdup occurred last night. A MacCallum is the manager.

RAILWAY MATERIAL IS GOING TO RUSSIA

WAS LEFT NEAR VANCOUVER DURING WAR BUT NOW TO GO TO BALTIC PORT

VANCOUVER, Oct. 5.—Russian railway material consisting of 36,000 tons of trucks and metal frames for freight cars for the trans-Siberian Railway shipped here during the war under the order of the Czarist government, is to go to Russia via Revel on the Baltic, the first shipment to go in November.

Nickel Mine at Sudbury Collapsed Leaving Only Huge Yawning Cavity

SUDBURY, Ont., October 5.—The Worthington mine of the Mond Nickel Company, 25 miles from here, collapsed yesterday leaving a yawning cavity in the earth's surface more than four hundred square feet in area, engulfing the power plant and several hundred yards of Canadian Pacific Railway track.

A house in which was a miner and his wife and child tumbled down the cavity forty feet but the people were not injured.

The district rocked to a series of vibrations which were accompanied by a terrific grinding as the surface gave way.

The property loss is not great as the mine was to have been abandoned soon. The miners working below ground had sufficient warning to enable them to get out with the result that no lives were lost.

LOGGING COOK MUST BE PAID MINIMUM WAGE

That is Decision of Court of Appeal in Test Case at Vancouver

VANCOUVER, Oct. 5.—Leave to appeal to the supreme court of Canada was refused Robert Allen and Fred Thrasher by the British Columbia Court of Appeals in the case involving a point whether the cook in a logging camp must be paid a minimum wage of 40c an hour.

The point was whether the cook would arrange with the employer to accept a monthly wage instead of the minimum wage. The Court of Appeal awarded the plaintiff cook, Cecil Compton, judgment for \$150 on the basis of 40c an hour for the time he was subject to call. The cook had to be paid for from twelve to fourteen hours a day.

H. G. Robertson, counsel for Allen and Thrasher, argued that the matter was of great importance to 3,450 logging operators and 391 sawmill owners in the province and the amount of money affected totalled about \$9,000 a month.

DECISION IN SANKEY CASE

Appeal Court May Deliver Its Judgment Today in Matter of Change of Venue

VANCOUVER, Oct. 5.—Decision may be reached late today in the case of Joseph Sankey, Indian murderer of Miss Loretta Chisholm at Port Essington last year, who is asking the Court of Appeal to change the venue from Prince Rupert to either Vancouver or New Westminster for his retrial.

Preliminary objection to the court's jurisdiction was taken by A. M. Johnson, K.C., crown counsel, who submitted that there was no appeal admissible from Mr. Justice Morrison's order refusing a change of venue.

A. H. MacNeill, K.C., counsel for Sankey, with J. E. Bird, argued that the right of appeal was given under English law to British Columbia when it was applicable to the province in the crown colony days of 1858.

JAPANESE GUILTY OF UNLAWFUL WOUNDING

VANCOUVER, Oct. 5.—A verdict of "Guilty of Unlawful Wounding" was brought by a jury against T. Matsuo, who was charged with attempted murder of K. Ikeda by striking him with an axe in a lane April 17. Accused pleaded that he was drunk and did not know what he was doing.

LUCKY SUTTON AND HIS WORK

Wonderful Way in Which This One Armed General Has Done Things

"One Arm" Sutton, "Lucky" Sutton or in more formal terms General Sutton, M.C., who is proposing to find the money with which to build the Peace River Railway, has had an amazing career. He has come to grips with fate and won every time.

Sutton's career is one long flirtation with Lady Luck. He was in Mexico when the great war broke. He immediately sailed for England and went with the Royal Engineers to Gallipoli as an officer. There in the thick of battle in an effort to save his men he attempted to stifle a hand grenade which the Turks had thrown into a trench. He was too late and he lost his right arm.

TRENCH MORTARS

Invalided home to England, he shortly afterwards was sent on a British government confidential mission to the United States, where he was later placed in charge of the manufacture throughout the republic of trench mortars for the British forces. He became an expert on trench mortars and after the armistice he was engaged by Chang Tso-lin to manufacture these weapons for the Manchurian army.

Not long afterwards he was presented with \$100,000 as a present by Chang, and was made his chief adviser. Sutton, broke eight years ago in Manchuria, is now wealthy. He received a salary of \$45,000 a year from Chang Tso-lin.

And of late years he has been on good terms with Lady Luck, an instance of which is related in regard to Mukden.

The secretary of the world-famous Mukden club was much perplexed because he had been unable to sell the last ticket on the Shanghai Derby. Someone said, "Oh, put it down to Sutton. He never minds." The secretary did, and in a few days Sutton had won a quarter of a million on the race.

SURE, HE'S LUCKY

Yes, Sutton's lucky. He was lucky to get away with the loss of one hand in a gun blast that came near elevating the whole of him. He was lucky in getting the military cross for bravery, even if he did get careless with his life in action. He was lucky to think of China after the great war, for there is always something doing in the adventure line out there. He was certainly lucky to come under the notice of Chang Tso-lin, who holds magnificent court in the palace at Mukden. He was lucky to step up from captain to general and to get all the emoluments of rank and all that. He was lucky to win the Shanghai sweepstakes for a quarter of a million dollars. He was lucky to buy a bit of a grey pony called Bengal, which wins all the big races in North China. He was lucky to be built with a prepossessing figure on a viking frame, with chestnut hair, blue eyes and those winsome ways.

So he may be lucky enough to raise the money to build the long-talked-of Peace River outlet. In which event, Peace River will be lucky, too.

Man in the Moon

PRINCE Rupert is never so busy that there is no time for idle talk.

WINNIPEG hints that if there is not too much snow on the ground during convention week it will try to sell town lots to the political visitors. That would be skinning the skimmers. Jake says it would be skinning the sinners.

"SO'S the old man" remarked Eve when the neighbors made remarks about her being naked.

AN inquiring citizen wishes to know whether badminton is a religion, a cult or a sport. The answer is "yes."

THEY played a game of badminton. They flayed the feathered ball. But why they were so frolicsome. They did not know at all.

BETTING is a grievous sin. Unless you always bet to win. So keep your cash unless you know which way the game is sure to go.

I HAVE put my cash on the Pirates. I have wagered against the Yanks. And I think I'll win a fortune. Unless Ruth plays some pranks.

NEVER bet unless you know which is going to win and then wager a dime on the other side.

ON the radio this afternoon I could hear J. C. Gavigan yell, "There's another hundred bucks for Rupert."

ANOTHER KIND OF GLASS

"Doctor," began the well-dressed patient, "my eyes are bothering me a bit, see, when you can do for me in the way of glasses."

"Take a seat, sir," said the oculist.

"And now tell me what kind you've been wearing."

"None. I've never worn glasses in life. Never needed 'em before."

"Indeed! You will pardon my mistake, but I judged from the mark on the bridge of your nose that you—"

"Oh, interrupted the other, "That mark? I got that from drinking home-brew out of fruit jars."—Boston Transcript.

PYRITE VALUES ECSTALL MINE

The Ecstall Mine, on Ecstall River, a tributary of the Skeena River, about 50 miles from Prince Rupert, has long been known to be an immense deposit of pyrite, carrying low values in gold, silver, lead, zinc, copper and high percentages of iron and sulphur.

H. J. C. MacDonald, M.E., who was in charge of the development of the property when the Granby Company had a bond on it, has contributed to the Engineering and Mining Journal of New York an article descriptive of the property. He gives the average content of the ore as:

Copper	86%
Zinc	2.20%
Lead	2.0%
Iron	42.75%
Sulphur	49.35%

These figures show the ore to closely resemble that of the famous Rio Tinto, of Spain, one of the world's leading producers of copper and sulphur for the past 54 years, with a life of 60 years still before it.

Mr. MacDonald contends that the ore deposits are similar to those of Britannia and Hidden Creek, and he estimates their content at:

Gold, ozs.	86.870
Silver, ozs.	3,444,200
Copper, lbs.	75,561,000
Zinc, lbs.	226,312,000
Lead, lbs.	19,373,000
Iron, tons	2,034,500
Sulphur, tons	2,331,000

IMPRISONMENT FOR LEAVING COUNTRY IS ITALY'S LATEST

SAVONA, Italy, Oct. 5.—The trial of the Socialist ex-Deputy Filippo Turati, indicted for unlawfully leaving the country, began at the local assizes on Friday. Turati is at present in France. Ten other individuals charged with abetting Turati's escape were tried simultaneously, while three other defendants are also fugitives. The charge against Turati reads:—"Leaving the country on the evening of December 11, 1926, for political motives without passports or similar legal documents."

The escape was effected on board a motor-boat hired by Turati's friends. Turati landed in Corsica, and thence proceeded to France.

Albini, one of the defendants, was charged with concealing Turati at his home at Saronno for the days after the Socialist leader had escaped from Milan, where his home was watched by the police.

Signor Turati was sentenced to ten months' imprisonment. Five of his abettors were sentenced to ten months' imprisonment, one to one year one month and twenty days, and five were acquitted. These light sentences were due to the dropping of the main indictment, and the defendants were simply sentenced for violation of the police regulations. The prosecutor asked for five years' imprisonment and a 20,000 lire fine for each of the principal defendants.

Ten Years Ago in Prince Rupert

OCTOBER 5, 1917.

Her shaft broken while a heavy sea was running outside, the Admiral Line freighter Ravalli of Seattle was towed into Prince Rupert harbor this morning by another American freighter, Portland. The Ravalli was bound from Alaska to Ocean Falls when the accident occurred.

Before sailing last night for Espuimatt to join the naval service, Daniel Main was the guest-of-honor at a party in the home of Mr. and Mrs. J. M. Captain, Seventh Avenue East. During the evening a silver fountain pen and other gifts were presented to Mr. Main.

Harry Miller, pioneer business man of Prince Rupert, who has recently been in Anxox, passed through the city last night enroute to Toronto where he will join the Royal Flying Corps.

SCOFFS AT IDEA OF PSYCHIC LEVITATION AND TOTAL ABSTINENCE

(Victoria Times)

In these days of scientific wonders and speed in everything it does not do to dismiss any new suggestion in a perfunctory way. We never know when what seems fantastic now may be reduced to the practical realm. But the gentlemen who are taking part in the International Congress for Psychic Research in Paris are telling us a few tall ones that almost make us gasp. One delegate from Germany declared that a medium known to him had raised himself in the air without wings thirty-five times in the summer months of 1924 and on one occasion floated four feet from the point where he rose in the air. Another case discussed by the Congress was that of a blind German girl who recovered her sight suddenly in 1914, after a period of religious devotion; but since then she is said to have lived without food or drink. This is not all. Every Friday, we are told, she sheds tears of blood, while at the same time red spots appear on her sides, her hands and her feet. We advise our readers to think seriously before trying to "float" without support, while going without food and drink for longer than twelve months we should strongly discourage.

ASKED LONG TERM CURE DRUG HABIT

New Charge Brought Against Man to Enable Him to Increase Sentence

MONTREAL, Sept. 5.—(By Canadian Press).—Making a tearful plea for a long term in prison instead of a one-year term at Bordeaux jail for threatening and neglecting his family, Waldemar Neilson, a shrapnel-torn veteran of a local unit in the war, 40 years of age, drug addict, was sentenced by Judge Cusson to a two-year term in St. Vincent de Paul penitentiary for which the unfortunate man thanked the judge, kissed his wife and was ready to go to prison at once.

In order to meet Neilson's wishes for a longer term than a year in jail it was necessary for his wife to lay a more serious charge against him than threat-

CHILDREN NEED this FOOD it sustains them

Too many little folks spend forenoons in school without sufficient nourishment. Teachers notice it. The children are listless, nervous, irritable. Can't do their lessons—forenoons wasted.

Why? Not enough real food for breakfast. Often in too big a hurry to eat.

Children who are given hot Quaker Oats and milk, have the food that "stands by" them during morning hours. They are eager, energetic, alert both in work and play. They get the protein to build bone and muscle, the carbohydrates to produce energy, the vitamins and bulk to assist digestion.

Nowhere else can your children get so much nourishment for so little—costs but a cent a meal. A dish of Quaker Oats and milk daily provides a quarter of the protein needed for a growing child.

If you want speedy cooking, get Quick Quaker. It cooks in 2½ to 5 minutes. Same superiority of quality, same flavour and same nourishment as in the Quaker Oats you have always known.

Be sure the Quaker's figure is on every package of Oats you buy. Cartons wrapped, sealed, dustproof.

MANY ATTEND HUME FUNERAL

Gather at Cathedral to Pay Last Regards to Esteemed Local Lady

A large and solemn congregation gathered this afternoon at 2.30 at the Anglican Cathedral to pay their last respects to the memory of the late Mrs. Walter Hume, who died on Saturday evening. Rev. T. D. Proctor conducted the service and spoke words of sympathy to those bereaved. The beautiful words of the funeral service, so appropriate for one stricken almost at the beginning of a life work brought tears to the eyes of many as they thought of the window and his little family left without a mother. Prominent among the mourners were Mrs. King, aunt of the deceased lady and Mrs. Hume, mother of the bereaved widow, who arrived only this morning to be present on the sad occasion.

The rector's text was "A Little White Ye Shall Not See Me, but, Again in a Little While, Ye Shall See Me Because I go to the Father." Hymns were "Lead, Kindly Light" and "Abide With Me." Miss Marjorie Lancaster presided at the organ and played "The Dead March in Saul."

Pallbearers were J. H. Pillsbury, former superintendent of the drydock, G. A. McMillan, now in charge of the drydock, H. F. Wearnouth, R. M. Winslow, E. W. Marentette and John Manson.

Among those sending floral tributes were the widower and children, Canadian Government Merchant Marine, Prince Rupert Dry Dock office staff, Hill 60 Chapter I.O.D.E., Mr. and Mrs. John Manson, Mr. and Mrs. H. CHINAMAN DISMISSED FROM LIQUOR CHARGE

Magistrate McLymont Acquits Jim Chew of West End Chop Suey House

A charge against Jim Chew of the West End Chop Suey House of selling liquor was dismissed by Magistrate McLymont in city police court yesterday afternoon. Mrs. Elizabeth Biddlecome, who was to have been the crown's star witness, declared that liquor which she was carrying from the restaurant had not been purchased by her. She had merely gone to get a parcel for a friend. A charge against Mrs. Biddlecome of illegal purchase of liquor was also dismissed.

City Solicitor E. F. Jones appeared on behalf of the crown while Milton Gonzalez acted for the defence.

PRESENTATION MADE TO TERRACE BRIDE

Girls in Training and Golden Key Groups Honor Former Leader at Reception

TERRACE, Oct. 5.—Mrs. Patrick Murphy (nee Miss Constance Toombs) of Reno was honored on Monday afternoon at a reception held for her in the United Church by the C.G.I.T. and Golden Key groups of girls, of whom she was a very efficient leader for some time.

During the afternoon the C.G.I.T. group presented her with a mahogany boudoir clock and the Golden Key group with a silver tray. Presentations were made by the presidents of the groups, Miss Margaret McLaren and Miss Dorothy Little.

Pleasure and appreciation at the honor conferred were expressed by Mrs. Murphy. Refreshments were served by the girls, assisted by Mesdames Allan, Scamen and Thomasson.

A strike of rich ore has been made by Morris Petersen on his Vanguard Extension property. The vein, five feet wide, is composed of massive chalcocite copper and is widening as drifting proceeds. The Vanguard Extension adjoins on the south the Vanguard property which is under operation by the Spencer-McRae interests of Vancouver, under bond from Mr. Petersen and the Strumbeck brothers, and on which sensational high grade continues to be opened up.

ALICE ARM

W. A. Wilson, who left last week for Prince Rupert, plans on spending the next few months there. A. Atree of Prince Rupert remains in charge of the Wilson butcher shop here.

Recent Anyox visitors here, the most of them coming for the hunting of ducks and geese on the flats, have included Harry Goebel, H. B. Porteous, C. E. Cox, W. F. Eve, F. P. Brown and F. McLellan.

Mr. and Mrs. D. Barton of New Zealand, who are making a tour of British Columbia, were visitors in Alice Arm last week.

Harry Townsend, representative of American mining companies, while visiting Alice Arm last week, made an examination of zinc properties on McGrath Mountain while here.

H. L. Taylor, electrical inspector of the Workmen's Compensation Board, spent a few days here last week.

W. R. Lindsay, general superintendent of the Granby Co. at Anyox, spent several days here last week inspecting the company's timber limits in the district.

J. Flynn, F. Martinson, J. Collins and J. Buckley have staked three claims at Hasting Arm adjoining the Saddle on which sensational high grade ore is being developed.

H. W. Heideman, superintendent of mining operations being carried out in this district by the McRae-Spencer interests, left last week for Vancouver where he will attend the funeral of his eldest son who lost his life in St. Louis while following his occupation as a structural steel worker.

It is understood that the ashes of the late G. W. Morley, pioneer prospector of this district, whose body was cremated in Seattle, will be returned to the hills here which he loved so well.

TERRACE

Harvest festival services were held in the Anglican church here on Sunday, large congregations being present at both services. The church was decorated with a superabundance of the yield of the harvest. The request for produce which will later be auctioned for hospital purposes, meeting with a most generous response. Impressive services were conducted both morning and evening by Rev. A. W. Robinson, the children's choir rendering special music at the morning service.

Mr. and Mrs. George Powers and family have moved from the home at the entrance to the park to the next one east on Park Ave.

S. F. Mills left on Monday and will make a short stay at Smithers before proceeding to the prairies where he expects to locate. Mrs. Mills will follow later.

Mr. and Mrs. H. M. Willson and family have moved their household effects into rooms in the rear of Agar block and adjacent to their restaurant.

Terrace friends of Dr. N. Turpil, formerly of this place, will be interested to hear of his marriage on Saturday last in Victoria to Miss Eleanor Cooley of that city. Dr. Turpil will shortly take up private practice in Manitoba.

H. L. Frank's government road camp on the Provincial highway at Usk closed at the week end and a number of local men who were engaged at work there have returned to their homes around town.

While in Vancouver recently J. K. Gordon availed himself of the opportunity of attending the meetings of the convention of the Provincial Boards of Trade and is very enthusiastic over the optimistic spirit shown and the broad views and aims expressed by the very able speakers from different provinces, and also with the splendid entertainment meted out to the visiting delegates by the Vancouver Board of Trade.

WOMEN ARE WEARING MEN'S PYJAMAS AS BEING MORE SUITABLE

NEW YORK, Oct. 4.—(By Canadian Press).—The purchase of men's pyjamas by young women has become an important factor in the pyjama business, according to the general sales manager of a New York nightwear concern. He said that young women were buying men's pyjamas because the garments were ideal for lounging and smoking purposes.

"The feminine demand for men's pyjamas is especially noticeable in towns where young women's colleges are located," the sales manager continued. "The trend is country-wide in scope, however. The situation has reached the point where manufacturers are producing men's pyjamas in colors which are especially designed to please women purchasers. For example, pyjamas are being made in black and white vogue in women's apparel. One model for the fall has a black collar, black facing and a black belt.

WATER NOTICE.

DIVERSION AND USE

TAKE NOTICE that E. Rousseau, whose address is 410 Seymour Street, Vancouver, B.C., will apply for a licence to take and use 1 cubic foot of water out of unnamed stream which flows southerly and drains into Port Stephens Bay about one mile east of Bluff Point. The water will be diverted from the stream at a point about 600 feet from the mouth and will be used for commercial purposes upon the lands described as Lot 2750, Range 4, Coast District. This notice was posted on the ground on the 26th day of July, 1927. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is August 20, 1927.
