Attorney General Introduces Bill Providing for Inquiries Into Any Official Misdoings

Attention of legislative assembly was centred yesterday on campaign funds and alleged bribery of employees—sweeping investigation to be held.

VICTORIA, January 21.—The question of campaign funds and alleged bribery of government employees which has been bobbing in the legislature almost daily during the session loomed larger Thursday with the introduction by Hon. A. M. Manson, attorney general, of a bill providing for departmental inquiries under oath, and an announcement by Hon. J. A. Buckham, the speaker, that a Labor motion for a campaign funds probe would be passed upon by the house in committee on Monday and the personal demand of Joshua Pennington, Conservative member for Victoria, that the government

TERRACE SHAKEN BY BIG STORM

WINDY WEATHER WAS ACCOMPANIED BY HIGH WIND—ROOF BLOWN OFF—SEVERAL BUILDINGS

TERRACE, Jan. 21.—Monday night, Tuesday night will not be forgotten here when one of the worst storms ever experienced in this country passed over the district. With the thermometer at about six below and a terrific gale blowing it was pronounced by old timers as one of the more severe spells ever felt here. Residents in the business part of town were alarmed early Tuesday morning by a great commotion which, upon investigation, proved to be the tarred roof from the new Sundal block. The unusually high winds of the night had loosened the paper at the edges and the entire covering was blown all over town. Mr. and Mrs. Sundal have had to vacate their suite of rooms on the second floor. The work of putting on a new galvanized roof will be commenced immediately material can be landed for the purpose.

DUKE OF YORK IS AT JAMAICA

ROYAL PARTY ARRIVED AT KINGSTON YESTERDAY AND WAS GIVEN GREAT RECEPTION

KINGSTON, Jamaica, Jan. 21.—The Duke and Duchess of York en route to Australia arrived here yesterday on the battle cruiser Renown. Thousands of people greeted the visitors when they landed and were received by the governor and various colonial officials.

DROWNED ON TRYING TO CROSS STRAITS IN CANVAS CANOE

PORT TOWNSEND, Jan. 21.—The body of Private Ajal Gallagher, United States Army, was washed ashore near here yesterday after a canvas canoe, in which he and Private Geary were attempting to cross the Straits of Juan de Fuca, had capsized.

MANUFACTURER OF STEEL WHEELS HAD \$20,000,000 ESTATE

DETROIT, Jan. 21.—John Kelsey, aged 65, president of the Kelsey Steel Wheel Co., who died recently, left an estate of \$20,000,000. He started work at the age of 11 for \$1.00 weekly.

Rev. Thos. D. Rinde, pastor in charge of the Lutheran church here, called for Vancouver on the steamer Prince Rupert this morning.

FINE FOR SELLING LIQUOR CHOCOLATES HAS BEEN SUSTAINED

VICTORIA, Jan. 21.—Chocolates containing liquor cannot be sold in British Columbia according to a decision handed down yesterday in the British Columbia Court of Appeal. The decision upholds a conviction for this offence against R. C. Purdy, Ltd., Vancouver, imposing a fine of \$1,000. The decision was first taken to the Supreme Court by the defendant and upset. Now in the Appeal Court, at the instance of the crown, it is sustained, so stands.

WAS DROWNED AT KETCHIKAN

FRED RYAN, DRUGGIST, AND C. P. R. AGENT, LOST LIFE IN FALLING THROUGH TRAP-DOOR

KETCHIKAN, Jan. 21.—The body of Fred Ryan, prominent local druggist and agent for the Canadian Pacific Railway Co.'s British Columbia coast steamship service, was found in the water Thursday night forty feet from the rear of his waterfront store at the corner of Dock and Front Streets. When he failed to return home in the evening, inquiries were started by his wife which revealed that he had apparently fallen through a trap door in the floor of his garage at the rear of the store which is built over the water.

Search by the coastguard cutter Cygan and a score of other vessels was begun and the body was found about 11 o'clock last night.

INCREASE MADE IN ELEVATOR CHARGES PORT OF VANCOUVER

VANCOUVER, Jan. 2.—Elevator charges here have been increased from one cent to 1 1/2c per bushel it was announced yesterday following a meeting of the new Board of Harbor Commissioners. The increase is approved by the federal authorities, at the instance of local elevator concerns, and will be retroactive to January 17.

JUST WHAT JERRY HAS RECEIVED IN RAIL RATE FIGHT

VICTORIA, Jan. 21.—Since January, 1921, the provincial government has paid G. G. McGeer, K.C., \$43,000 in expenses as railway rates counsel for British Columbia. Hon. A. M. Manson, K.C., attorney general, told the legislature yesterday.

HENRY COWELLS, 29-year-old California pianist-composer, has introduced to the musical world the use of the elbows, fore-arms and fists in playing a concert grand. He is constantly striving for "an extension of technique." It is possible to strike 48 notes simultaneously by utilizing the "sensitized elbow." He has astonished critics both in Europe and in America by his tonal effects.

Campaign Funds and Fraudulent Land ng Certificates Are Told of Before Customs Commission

VANCOUVER, January 21.—Campaign fund contributions again featured the evidence given at the customs probe yesterday. John F. Newton, president of the Victoria-Phoenix brewery, Victoria, admitted that a large number of checks produced had gone to benefit both parties and the Moderation League also secured \$2,200 in connection with the referendum for the sale of beer.

Newton admitted that a check for \$2,000 dated September 2 last and payable to L. U. Conyers went to the Liberal party and another for a similar amount payable originally to A. R. Wolfenden but

Newton explained that the contributions were systematized, the Amalgamated Breweries deciding on the amounts, various breweries then being assessed proportionally, the money going to each party on a fifty-fifty basis.

R. L. Calder, commission counsel, estimated that total contributions for the month of January, 1925, aggregated some \$7,500. Some checks were charged to sundry agents' allowances, he said.

During the session of the probe yesterday afternoon, N. W. Rowell, K.C., pursued an investigation as to how British Columbia liquor exporters secured landing certificates from Mexican and Central American ports for the shipments of liquor landed in the United States. James Hunter, president of the Consolidated Exporters Corporation, admitted that in transit shipments destined for Mexican and Central American ports never reached there. He further admitted that as much as \$3 a case was paid in order to make sure that the liquor was "taken care of down south."

Plea Made by Woodside, Vancouver Alderman, at Convention in Edmonton

EDMONTON, January 21.—On behalf of the city council of Vancouver, Ald. Frank E. Woodside and J. Weir, both of that city, yesterday appealed to the United Farmers of Alberta convention here to support and co-operate with the development of the western grain routes. Following a discussion of the reduced wheat shipments via Vancouver this year, the meeting voted to refer the question to the Wheat Pool board "for solution of the difficulty, whether real or imaginary."

"We do not positively know what is responsible for the unfortunate condition but we are vitally concerned in the removal of any cause which may be contributing to the decrease in wheat shipments," said Mr. Weir.

Ald. Woodside suggested that the convention appoint a committee to confer on the details of recommendations which might result in improving the situation.

George McIvor, western sales manager of the Wheat Pool's selling agency, said that the wheat market in the Orient

Negotiations Opened Between Railway Company and City on Taxation Agreement Renewal

R. R. Nichols, C.N.R. tax commissioner, and W. McLarnon of the C.N.R. taxation department, were introduced to the city council last night and Mr. Nichols later addressed the council for a short time and asked for an appointment with the council to discuss a new agreement with the city on the matter of assessment and taxation in view of the fact that, in February, the present agreement with the city expired. He had prepared a tentative agreement similar to the one which had just expired and would furnish copies to the aldermen so that they might become familiar with it. He asked the council when it felt it would be prepared to go ahead with negotiations.

Alderman Stephens was of the opinion that this was the most important matter with which this year's council would have to deal and he did not think hasty action should be taken especially if the new agreement was considered to be very similar to the old one in which he considered the city had a very poor bargain and the C.N.R. a very good one. He asked Mr. Nichols as to the former agreement made with the city fifteen years ago in which the company covenanted to make certain improvements which had never been carried out.

Mr. Nichols, in reply, said that while the company did not wish to crawl out from under anything, yet he had to answer more particularly for the agreement made with the city five years ago and which expired this month. He was unable to answer as to the old agreement but explained that every expenditure of the railway company had to be passed by the exchequer court and then by the parliament of Canada.

Mayor Newton said that he had already talked with Mr. Nichols and had suggested that he personally would want some time to consider the matter and suggested that the proposals be submitted to the council and, when it was possible for Mr. Nichols to meet them again, a special meeting of the council could be arranged to confer on the matter.

The discussion which followed was principally between Mr. Nichols and Alderman Stephens who suggested that Mr. Nichols had probably better prepare for the court of appeal if the agreement was very similar to the old one as he felt that the company had a good agreement as far as their interests were concerned and the taxpayers of the city needed protection.

The matter was finally disposed of by Mr. Nichols presenting to each of the aldermen a tentative proposal for their consideration and the mayor informing him on behalf of the council that he would call a special meeting of the council twenty-four hours in advance a suitable time for the conference.

COMPANY'S PROPOSAL

The memorandum submitted by Mr. Nichols was in part as follows: By agreement dated February 16, 1922, between the City of Prince Rupert and the Grand Trunk Pacific Railway Co. taxes payable annually for a period of five years were fixed at the sum of \$45,000, plus local improvement taxes and property taxes, which for the five year period resulted in an average annual payment of \$61,190.

The principal of a fixed annual tax having been established has operated satisfactorily to both parties concerned but, in considering the matter of a renewal of the agreement for a further period of five years, the company feels a reduction in the amount payable should be given uniform with the reduction given other tax payers in taxes which is 21.5 per cent on all property other than that owned by the railway company as between the 1922 and 1927 assessments, assuming that the rate for 1927 will be the same as 1926, namely 44 mills.

It was arranged that a refund of 1921 taxes overpaid be adjusted by a deduction of \$4,500.00 per annum, during the five years of the agreement so that, in considering a reduction of the fixed tax payable by the company, the actual amount received annually by the city would only be reduced by \$4,500, if a reduction of 20 per cent in the amount payable was given.

Reductions have not been restricted to Prince Rupert, but the same also applies to towns and cities throughout the four western provinces and not only have land assessments been decreased without exception, but the total taxes payable by the Company have been (continued on page six)

INJUNCTION BY SUPREME COURT

GIVEN TO PREVENT GEORGE SCOLLARD DRAWING FROM VANCOUVER BANKS MONEY ALLEGED TO BE HIS WIFE'S

VANCOUVER, Jan. 21.—Injunctions preventing withdrawals from safety deposit boxes rented in the name of George Scollard at the main offices of the Bank of Montreal and Bank of Toronto were granted by Mr. Justice Morrison in the Supreme Court yesterday upon application of counsel for Strath Scollard of Bellingham, whose husband is under arrest in Bellingham charged with the theft of \$157,000 dollars of her funds.

Scollard was arrested here last week on warrant from Bellingham. It is alleged that he fled to this country with his wife's money and deposited it in the local banks referred to.

INSPECTION OF LOCAL NAVAL DETACHMENT TO TAKE PLACE FEBRUARY

Owing to the lateness of the train from the East on which he arrived, Lieut. E. R. Malnguy of Ottawa, supervising officer of the western division of the Royal Canadian Naval Reserve, was unable to conduct the annual inspection of the local detachment last night. He continued through to Vancouver and Esquimalt by this morning's steamer but will be back on February 9 and will hold the inspection on the following day.

In anticipation of the inspection being held as originally scheduled, twenty-five members of the detachment under Lieut. R. P. Ponder, officer commanding, were on parade at naval headquarters last night.

GETTING ACTION ON OLD AGE PENSIONS.

Premier Oliver is losing no time in the attempt to put into effect an undertaking with respect to old age pensions for which he was criticized during the last federal election campaign. The consensus of opinion expressed at that time was that the federal government should have the co-operation of the provinces in this matter before taking any definite step itself. It is gratifying to see the provincial government of British Columbia alive to the requirements and it is to be hoped that the other provinces of the Dominion will follow its example so that there may be no further delay in putting the scheme into operation throughout Canada. With the federal government again promising action and the provincial government prepared to support it, adequate reformation is given the cry of the Conservatives during the last election campaign that the old age pension was but an election dodge.

CALLING OFF THE CUSTOMS PROBE.

Certain Conservative papers are attempting to spread the propaganda that the Royal Commission investigating the customs is to be called off because revelations are being made in the matter of campaign funds that would damage the Liberal party. The fact that the power of the commission has been extended by the government rather than reduced is sufficient answer to give the lie to such suggestions. The fact that the Vancouver bootleggers are flying to the four corners of the earth to escape exposure and possible prosecution would indicate that they, the people, who are so far most affected, believe the commission, with the government behind it, means business.

THE MEANING OF AN ACCLAMATION.

Acclamation does not always signify that the recipient has the unanimous endorsement of the voters, says the North Vancouver Review in commenting on civic affairs. More often than not it simply indicates a dangerous apathy existent in the electorate. The city council is hardly justified in congratulating itself on the facility with which it has waded through the campaign which reached its climax in the election.

There is a psychology of politics as there is of every other activity. The city council has escaped the interest of those who should vote—most of whom do not—simply because it has escaped their interest throughout its term. It has failed to inspire the voters in any way as leaders should.

While it has not advanced the fortunes of the city materially, neither has it noticeably retarded them; while it has been productive of too few good ideas for civic betterment, it has also produced few of a harmful nature; finally, though it has not been so good, it might have been worse. It has succeeded in evading the close scrutiny of the voters, which would have been followed by a spirited election contest.

Acclamation is not always a receipt for satisfaction given. Often it is accorded the public servant who is just "getting by."

MANSON REFUSED TO RATIFY LICENSE OF EXPORTING COMPANY

VICTORIA, Jan. 21.—The Manitoba Refiners of British Columbia Limited, bonded warehouse by the Federal Department of Customs was made to Moeller, which was stopped from sailing him on March 31, 1926, and was recommended for a warehouse license by Attorney-General Manson. This was stated by Mr. Manson in answer to questions by R. H. Pooley, leader of the Opposition in the Legislature. Mr. Pooley asked: "Has an export license been issued to the Manitoba Refiners of British Columbia Limited?" To this the Attorney-General answered that an application for consent to the issuing of a customs bonded warehouse by the Federal Department of Customs was made to Moeller, which was stopped from sailing him on March 31, 1926, and was recommended for a warehouse license by Attorney-General Manson. This was stated by Mr. Manson in answer to

Provincial Government Urged to Enact Reforms on Matters Pertaining to Labor Interest

At the annual meeting of the Prince Rupert Trades & Labor Council last night, S. D. Macdonald, president, submitted his report on the meeting recently held in Victoria of the British Columbia executive of the Trades Labor Council of Canada of which he is a member and which he attended. The executive which consists, besides Mr. Macdonald, of W. H. Cottrell, chairman, P. R. Bengough, (Vancouver) and R. W. Nunn (Victoria) submitted a number of proposals to the provincial government with respect to the Workmen's Compensation Act, Mothers' Pensions Act, Eight-Hour Day Bill, Old Age Pensions, Minimum Wage Act, Factory Act, Weekly Half-Holiday Act, Automobile Owners' Insurance, and Municipal Act.

Mr. Macdonald reported that the conference was one of the most successful in years. The entire cabinet, except Hon. William Sloan, who was away from the province, was in attendance at the meeting which lasted two and a half hours. That the ministers were taking a keen interest in the matter was evidenced by the fact that they made special inquiries with respect to various items on the memorandum which was presented by W. H. Cottrell of Vancouver assisted by other members of the executive. The labor delegation was given a cordial reception and there was every reason to believe that sincere consideration would be given by the cabinet to the matters thus brought before them. These proposals, as reported to the meeting by Mr. Macdonald, were as follows:

WORKMEN'S COMPENSATION ACT

- (1) That the Act be amended by deletion of words "By accident" in 2nd line of Part 6 (Part 1, Div. 2—Compensation).
- (2) All compensation to be based on rate of wages being paid to workman at time of injury.
- (3) In all cases of dispute on questions of physical disability the workman shall have the right of appeal from the decisions of the Board's medical adviser to an independent medical board consisting of three doctors nominated by B.C. Medical Society. The decisions of such appeal Board shall be final and binding.
- (4) Increase of compensation from 62½ per cent to 66 2/3 per cent same as Ontario and Manitoba.
- (5) Amend Section 20, Clause 1, by deleting the following words—
"or is able to earn in some suitable employment or business after the accident"
and substitute an amendment in conformity with sub-section 4, Section 9, British Compensation Act, 1925, which reads as follows—
"If a workman has so far recovered from the injury as to be fit for employment of a certain kind proves to the satisfaction of the judge of the county court that he has taken all reasonable steps to obtain, and has failed to obtain, such employment, and that his failure to obtain such employment, is a consequence, wholly or mainly, of the injury, the judge shall order that his incapacity shall, for the purposes of this Act, continue to be treated as total incapacity for such period, and subject to such conditions, as may be provided by the order, without prejudice however to the right of review conferred by this Act."

MOTHERS' PENSIONS ACT

- (1) The word "indigent" to be eliminated from the regulations of the Board and the benefits of the Act extended to all cases where there are not adequate means of support.
- (2) Widows with or without children, to be brought within the Act.
- (3) Amend sub-clause (2) of Clause 2, by deleting the words "five hundred dollars" in the third line, and inserting the words "one thousand dollars," and by deleting the words "fifteen hundred dollars" in the 4th line and substituting therefor the words "two thousand dollars."
- (4) A woman otherwise eligible to receive the Pension, except for the fact that she is still a married woman and, therefore, cannot be naturalized in her own right, may complete her eligibility by appearing before the proper authorities and declaring her allegiance to the British Empire.
- (5) Where there is only one child and the mother is not receiving the Pension but working for a wage equal or less than the minimum wage for women as stipulated in the "Minimum Wage Act" that the mother shall receive from the Mother's Pension Fund a sum equal to that paid for a child in a case where the mother is in receipt of the Pension.
- (6) That the Pension allowed the mother under this Act shall not be reduced or cease because a mother has one or more children over the age of sixteen working for wages, when the wages received by them does not exceed the minimum laid down in the Minimum Wage Act, while there is still a child or children in the family under the age of sixteen.
- (7) Where a mother in receipt of the Pension owns her own home that there be no deduction made in her Pension allowance because of the same.

EIGHT HOUR BILL

We favor the extension and enforcement of the eight hour principle to all industries within the province.

OLD AGE PENSIONS

We appreciate the fact that the British Columbia Legislature reaffirmed its decision of last year—

"That the necessary steps be taken to formulate some plan in conjunction with the Dominion Government to provide Old Age Pensions and that the other

provinces of the Dominion be requested to take similar action."

We urge the Provincial Government to continue its efforts to co-operate with other provinces and the Federal Government in instituting adequate Old Age Pensions. In the meantime grants should be made to aged persons without means of support.

MINIMUM WAGE ACT

- (1) This Act should be amended to include boys by substituting "Minors" instead of "Girls under eighteen."
- (2) That the Minimum Wage Act be amended to prevent its evasion by what are known as Trade Schools.
- (3) That we urge upon the Government the vital necessity for an amendment to Clause 3, Section 2, compelling employers to keep orders posted in a conspicuous place in each room in every establishment in which employees affected by the order are employed.

AMEND FACTORY ACT

Strike out those sections wherein it permits children of any age to be employed in the business of curing fish or packing fruit and the work incidental thereto, during times of the salmon runs or runs of other classes of fish and during the respective fruit seasons.

Also strike out the clause which removes the limit upon hours children may be employed which reads as follows: "Provided further that the limitations upon the hours of labor, the hours of commencement and cessation of work, as set forth in the Act shall not be binding upon the employers of any child, young girl or woman in the business of canning, or curing fish, or fruit packing within the time or times aforesaid."

WEEKLY HALF HOLIDAY ACT

Amend Sec. 1—definitely setting "1.30 p.m." as the time, not later than which employees may be kept employed, instead of the wording now used—"not later than one half hour after 1 p.m."

AUTOMOBILE INSURANCE

That all automobile owners be compelled to carry insurance against physical or property injury to others.

We would draw to the attention of the Provincial Government the urgent necessity for enforcement of legislation regarding glaring headlights on automobiles.

MUNICIPAL ACT

- (1) That legislation be enacted giving to every person, male or female, in all cities and municipalities, who is a British subject of 21 years of age (and to all from whom a poll tax is collected) the right to vote in all civic and municipal elections.
 - (2) That legislation be passed prohibiting any person to vote in any more than one polling division in any "city or municipal election."
 - (3) Legislation abolishing property qualifications for all elective offices in cities and municipalities. As an alternative qualification we suggest five years' residence and endorsement by one hundred and fifty electors.
- We particularly request your earnest consideration to the proposed legislation being passed before this session, covering better protection for public safety while fire apparatus is answering fire calls, etc.; by the B.C. Provincial Federation of Firefighters.

Before arriving here Miss Tuck paid an extended visit to Keewatin and other Eastern points.

The fortuitous circumstances attending the recent Imperial Conference are being recognized the world over and a great deal of space in leading publications of all countries has been given to the meeting. The current issue of the Saturday Evening Post has a article on the subject from the pen of Richard Washburn Child entitled "The Strongest Tie of All." Accompanying the article are a number of interesting illustrations including one group showing King George with all the Premiers of the Dominions gathered around him, Mackenzie King of Canada being given the position of prominence in the foreground with His Majesty.

ANNUAL MEETING MINES CHAMBER HELD, SMITHERS

WAS LARGE ATTENDANCE IN SPITE OF COLD - WORK REVIEWED AND OFFICERS ELECTED

SMITHERS, Jan. 21.—The annual general meeting of the Omineca Branch of the B.C. Chamber of Mines was held in Smithers on Tuesday. In spite of the fact that the thermometer was standing at 30 below zero outside, a fair attendance was present and listened with great interest to the annual reports.

The president reviewed the work of the past year in the many undertakings of the organization and predicted that 1927 should be a better year than any previous ones for mining in this district. The secretary-treasurer presented his annual report and financial statement, showing a surplus of \$6 on hand at the commencement of the year.

A communication was read to the meeting from Alderman Frank E. Woodside of Vancouver, president of the provincial organization. He conveyed the greetings of the provincial body and complimented the local organization on the work done by it during the past year. He also announced that, for every member who pays his annual fee of \$5.00 to the local branch during 1927, another \$1.00 would be added from the general funds of the B.C. Chamber of Mines to supplement the local finances. The members of the branch were unanimous in expressing their gratitude for the hearty co-operation received throughout the year from the provincial officers.

The meeting passed a resolution of thanks to the president and secretary for efficient work during their term of office and both were re-elected to their respective positions for the coming year. In recognition of his services, which have been rendered without remuneration, the secretary was voted an honorarium of \$25.

The full slate of officers elected for 1927 is as follows:

Hon. President—Hon. Wm. Sloan, minister of mines.

Hon. Vice-President—J. F. Duthie (Seattle).

Sec.-Treasurer—H. C. Liffon (Smithers).

Vice-President—Frank H. Taylor (Topley).

Representative on Provincial Executive—A. C. Garde (Vancouver).

Directors—J. R. Turner (Duthie Mine), A. R. McDonald (Hazelton), F. B. Chettleburgh (Telkwa), Alex. Chisholm (Smithers), A. S. Millar (Smithers), Jas. Wright (Smithers), Peter Schuler (Lake Kathryn), B. F. Messner (Babine), G. H. Gazeley (Smithers), Angus McLean (Smithers), D. A. McRae (Smithers).

TERRACE VESTRY HOLDS MEETING

REPORTS PRESENTED AND OFFICERS ELECTED AT ANNUAL GATHERING ON FRIDAY

The annual meeting of the vestry of St. Matthew's Church was held in the church hall on Tuesday evening. Despite the unusually severe weather it was the most largely attended vestry meeting ever held here.

In making his report for the part of the year during which he was in charge of the work, Rev. T. J. Marsh also spoke of his retirement and asked that the same feeling of good will and fellowship which had been accorded to him be extended to his successor, Rev. A. W. Robinson.

Mr. Robinson, in a few well chosen words, welcomed Mr. and Mrs. Marsh back after their being long absence and the doxology was then sung in thankfulness for what they had done in Terrace.

As well as his own report, that of vicar's warden, A. C. Fowler, also presented the report of J. K. Frost, secretary-treasurer, and the report of the Sunday School. Mr. Fowler was highly commended on the assistance he had given in keeping the church open during a part of Mr. Marsh's illness and later when the church was without a regular vicar.

The report of the Women's Auxiliary was presented by Mrs. W. H. Burnett and the members were congratulated on the accomplishments of the year.

The elections of church officers for the ensuing year resulted as follows:

Vicar's Warden—A. C. Fowler.
People's Warden—Geo. Dover.
Secretary-Treasurer—R. M. Cory.
Sidesmen—Wm. Attwood, P. C. Bishop, J. B. Colthurst, Wm. Donald, N. Sherwood, Mrs. Von Hees.

Assistant Sidesmen—A. Carr, W. Farr, R. L. McIntosh, Mrs. Gilbert, Mrs. Haney, Mrs. Marsh.

The meeting was closed with prayer, the vestry then adjourning to the rectory where refreshments were enjoyed during an hour of social intercourse.

SMITHERS

With all the equipment now under cover as a result of an active ten day building campaign, mining development work started on the Richfield property at Topley on Tuesday. The cross-cut tunnel driven by Frank Taylor will be extended until it reaches a desired point when a raise will be made to the surface where hoists will be established and ore taken out. Charles Wilson has now filled the Booth Canadian Fisheries houses at Lake Kathryn with ice and has started on a large contract for the Canadian National Railways. Mr. Wilson is in Prince Rupert on business this week.

Following a blizzard on Sunday which raged all day, Smithers had its coldest weather of the year on Monday when the thermometer went down to 32 degrees below zero.

At the first of a series of dances being held by the Fair Association to clear off its debt, Mrs. Lach, Mrs. Porteous and Mrs. Baker were the respective winners of cash prizes of \$8, \$5, and \$2.

Renewing interest in a part of town that is favored as a residential section, C. L. Dimock last week reached water at a depth of 78 feet in a well he is digging on "the hill." A good flow was obtained.

The branch of the Canadian Legion here has elected the following officers: president, Thomas Brewer; first vice-president, J. Finerty; second vice-president, J. H. Byrne; executive, Robert Elliott, L. S. McGill, N. H. Kilpatrick, J. A. Macdonald, J. Beesley and C. Warner.

Mrs. N. P. Moran returned on Sunday from Edmonton where she was with her son, Raymond, during an operation for the effects of which he is now satisfactorily recovering as is also J. Graham who, too, went under an operation in the Edmonton capital.

Charles Reid, manager of the Smithers branch of the Royal Bank of Canada, will leave on Saturday night on a visit to his old home in Scotland where he has been called on account of the illness of his mother.

Hoping to recover from his long illness, William Mitchell left at the end of last week for Kamloops, being accompanied by Dr. C. H. Hankinson. Mrs. Mitchell has left for Forestdale where she will reside on the Mitchell farm.

Leonard Raabe returned to Smithers this week after having been on railway duty at Prince George and other points east. Mrs. Raabe is also back from Prince Rupert where she was visiting for several weeks with friends.

TERRACE

Rev. Arthur Barner, superintendent of Indian Missions returned with Rev. Wm. Allan from a priver points on Tuesday and was a guest at the parsonage here, going on Wednesday to visit the Indian School at New Kitseias.

Mrs. Jarman, Mrs. J. Downing's mother, who suffered a broken ankle while on her way to Sunday School Sunday afternoon, was taken to the Prince Rupert Hospital on Tuesday accompanied by Mrs. Downing.

C. H. Sawle was a business visitor here from New Hazelton at the beginning of the week.

The W.A. met on Thursday at the home of Mrs. W. C. Sparkes and the Ladies' Guild met the same day at the home of Mrs. Thos. Brooks.

Fire started from hot pipes in the home of Mr. and Mrs. Finter on Tuesday morning and but for the presence of mind of Mrs. Finter might have destroyed the building. As it was little damage was done.

HAD REGULAR MONTHLY MEET

GOOD ATTENDANCE AT LAST NIGHT'S MEETING OF TRADES & LABOR COUNCIL

The regular monthly meeting of the Trades & Labor Council, held last evening, was very well attended, and the different items of business were given close attention.

Credentials were presented by Alex. McRae and Thos. Black, from the Electrical Workers' Union.

There was a communication from T. J. Shenton, enclosing a contribution in helping along the work of the Trades & Labor Council in Prince Rupert. This was ordered to be suitably acknowledged.

A letter from the Trades Congress of Canada asked that the Union label be given whole hearted support. This communication was laid on the table for a month.

A report was received to the effect that the Factory Act, in certain instances, was not being recognized in Prince Rupert. This matter will be investigated.

Among those present were Ald. W. J. Greer and Ald. W. M. Brown, whose reelection to the City Council was referred to by the president. Both spoke briefly.

PROTEST HERRING FERTILIZER

The following is a copy of a night letter sent to the federal minister of marine and fisheries by the Deep Sea Fishermen's Union, which was read and unanimously endorsed:

At a meeting of this Union, a unanimous resolution was passed protesting against the use of herring for fertilizer from January 1 to May 1 in each year, as this is the period in which herring usually spawn. We therefore respect-

SPORT CHAT

There will be no basketball games tonight for the same reason as they were called off on Tuesday, namely on account of the cold weather. The next games will be next Tuesday night, providing it is not too cold then.

Joe Bloomfield, old country boxer, a promising welter and heavy-weight, met his first knockout recently at Cardiff, the end coming in the fourth session when he was floored by Frank Moody.

Fans will not patronize the local basketball games in cold weather even though arrangements are made to try to heat the building. Hockey attracts good crowds even in the coldest weather but then of course that is a cold weather sport.

It is now certain that a very representative Scottish football team will visit Canada this season. At first the leading clubs were loath to part with their men. This difficulty has been overcome and, according to reports, Glasgow Rangers have placed all their players at the disposal of the S.F.A. with the exception of Muirhead.

Gorman, the Canadian speed skater, has again won the Middle-Atlantic speed championship which he captured last year with 110 points out of a possible 120. The races were held at Newburg, N.Y., and Miss Lella Brooks of Toronto won the Women's Championship by defeating Elsie Muller who

a dramatic bit of life familiar to everyone who has been brought up in the midst of the crowded city. Because she wanted to have a nice home, where she could bring her friends without a feeling of inferiority, this girl, as portrayed by Miss Moore, had to sacrifice the love of her father and almost broke her mother's heart.

The parents conducted a delicatessen store and lived in back of it. Certainly these well meaning citizens of two decades of American existence were not giving their daughter a fair chance in the face of all the competition the modern girl must combat in keeping real friends.

How the girl left home for her own ideals and found the man she loved makes a most interesting and unexpected of developments.

Miss Moore has the support of a splendid cast. It includes Jean Hersholt, Malcolm McGregor, Arthur Stone, Rodin Sosing, Cleve Moore, Dorothy Seastrom and Mary O'Brien. The picture was adapted from Brooke Hanlon's short story, "Delicatessen."

ALL IS WELL IN EUROPE STATES BISHOP BUNOZ

ROTARY CLUB HEARS PROMINENT LOCAL CLERIC, JUST BACK FROM TRIP OVERSEAS

TELLS OF PROBLEMS

In spite of Difficulties, Everyone Seems Happy—Found no Unemployment

The members of the Rotary Club at their luncheon yesterday afternoon had the pleasure of listening to a very informative and interesting discourse by Bishop E. M. Bunoz who gave the club some of his impressions from a six months' tour of Europe. Everywhere he had been asked the question on his return "How is Europe? What do you think of it?" to which he had no difficulty in giving the reply, "Everything is well with Europe."

It had been his privilege, the Bishop said to visit many historic monuments and cathedrals and he had been in many of the countries which a short time ago were at war with each other. He came back with a feeling of great joy at having been able to make the trip.

In England during the coal strike he found things well, the people did not worry. They bought coal from the Belgians who seemed very pleased at the opportunity of selling it.

In Holland he visited the great peace palace erected by Andrew Carnegie and to which the various nations contributed in the equipment and embellishments. The palace was empty, however, as none of the nations would go there. It was used mainly now by tourists who went to admire it.

He also visited Belgium and was there when the wedding of the Archduke of Belgium to the daughter of the King of Norway took place.

CASUAL OBSERVER

From Belgium the Bishop went to France and Italy and, in every place, the very best treatment was received. Tourists were accorded every consideration. The impression that all was well with Europe he had gained, however, as a casual observer and he did not take credit for being able to interpret these nations or give an explanation of their souls. In some of the countries there were many divisions and sub-divisions of political parties and the bitterness which developed sometimes was very acute and it was almost impossible to follow the various parties into the by ways of their struggles.

The economic question was at its zenith during his stay in Europe, and it affected every individual from statesman to peasant. Political supremacy affected the value of money and in Paris a change in government was accompanied by such a protest from the business interests that the government only lasted a day and a half. The various groups in France often found themselves supporting parties and policies which they opposed but found it necessary for stability and to save the franc.

NO UNEMPLOYMENT

As far as the speaker could ascertain there was no unemployment in Europe. There was no evidence of misery except in isolated cases. Belgium and France had a great problem in valorization and stabilization of the franc. Belgium had succeeded in this whereas France had not. Since the war the class which had suffered in France most was what the so-called middle class. The laboring class had plenty of work but the middle class had invested largely in Russian railway stocks before the war and in consequence had suffered badly. Touching upon the social conditions in this country the speaker said that he found no one more opposed to socialism than the French peasant. They were rather prosperous at the present time and he had seen bladders and tractors from Chicago in use there. When he had inquired as to why they had imported these from a foreign country they replied that it was because they wanted the best.

Referring to Italy the Bishop spoke of the wonderful accomplishments under the leadership of Mussolini concerning whom there was some doubt existing up to two years ago. However, he had made the grade and became the idol of the country. The necessity of the situation had made him. Before Mussolini, the mob was handling all things, business was at a standstill, and everything was in a deplorable state. The railroads had been run any old way and it was indeed remarkable to have a train on time. This had all been changed under the guiding hand of the Duce and trains were now running on time and industry was flourishing. Italy used to buy all manufactured cotton goods, but now was in a position to sell some to other countries.

ITALY'S PROGRESS

The fields which used to lie fallow now were producing and the country was developing a merchant marine. "This all comes from order, and social peace which that man has brought to that country," said the Bishop. Today fully two thirds of the people were followers of Mussolini. It was here that the Bishop expressed regret that the press did not receive more correct and complete information about various agencies and less about things of a different character.

THE INSPECTOR'S MISTAKE

A rather irritable inspector, visiting a provincial school, was worried by the noise of the scholars in the next room. At length, unable to bear the uproar any longer, he opened the door and burst upon the class.

Seeing one boy taller than the others talking a great deal, he caught him by the collar, hustled him to the next room, and placed him in a chair, saying, "Now sit there and be quiet!" Ten minutes later a small head appeared round the door and a meek little voice said: "Please sir, you've got our teacher!"

LOVE WISE

Him: "I love you as no one ever loved before."
Her: "I can't see much difference."—The Weather Vane.

The Well-Managed Home

THE manager of a household is the purchasing agent for a large proportion of the family needs. In order to do a good job she must know what, when and where to buy. She must study goods and the concerns which make goods and have them to sell. She must put her home on a business basis and run it on business principles in order to make the most of the family income.

Information is the only basis for intelligent purchasing. And the right way to get the greatest amount of necessary information is to read the advertisements.

Advertisements tell you what is new and good in merchandise. They reveal improvements and inventions to make your home life easier, more comfortable and more convenient. They give you information about a thousand and one things that are useful.

Every manager of a household—every member of the household who shares the responsibility for the family's welfare—should make a habit of reading the ads.

Read the advertisements in order to buy wisely

very best strategy in electing its candidates, yet some of these European nations employed strategy which was of a very doubtful kind. Questions which should not enter into political discussions at all became part of the political system.

In conclusion the Bishop informed his hearers that if any one cared to go to Europe that they need not be afraid but would be treated well. They were very anxious to get tourists and would be given every consideration.

NO DANGER OF WAR

"Shall he have war or peace?" inquired the speaker in referring to his impressions of international relationships and assured his hearers that in this generation there would be no danger of war. The remembrances of the past war were so fresh in the minds of those who suffered that there was no danger until these had become effaced by another generation. There was room for improvement, however, on both sides. If the suspicion which was harbored was suppressed, relations would become more cordial. The speaker spoke appreciatively of the spirit of Rotary which was doing such a valuable work in fostering a splendid spirit among the nations and wished the local club every success that the world might be better for their work and spirit.

President C. H. Orme warmly welcomed the bishop back from his trip and expressed the pleasure of the Rotary Club in having Rotarian Bunoz with them again and thanked him most cordially for his splendid address.

COUNCIL TALKS PROTECTION FOR FISHING BOATS

CO-OPERATION OF VARIOUS PUBLIC AND SEMI-PUBLIC BODIES TO ENLISTED

The matter of providing shelter for the fishing fleet at Prince Rupert was brought up at the meeting of the city council last night by Ald. Larson. He stated that he had been informed that the matter had been discussed by the Deep Sea Fishermen's Union and also by the Boat Owners' Association and, in view of the damage which had been sustained in the recent blow, he felt it an opportune time to press the claims of the city in that connection. He suggested a mass meeting of citizens to formulate resolutions.

Mayor Newton said that he agreed with every word that had been spoken by Alderman Larson and he knew that the matter had received attention during the past week and representations had been made to J. C. Brady, M.P.

Alderman Stephens was in entire sympathy with the suggestion that action be taken but felt that more might be accomplished by interesting the various public and semi-public bodies in the city and having each one endorse strong resolutions. Sometimes a mass meeting with large numbers did not accomplish as much as smaller bodies. If the matter was left to the fishery committee of the city council it would be able to co-operate with these various bodies and secure action.

Alderman Tinker agreed with Alderman Stephens that it would probably be more effective to enlist the support of the various organizations. It was finally decided that the mayor communicate with the Board of Trade, Trades and Labor Council, Retail Merchants' Association, Boat Owners' Association, Deep Sea Fishermen's Union, The Canadian Legion, The Rotary Club, The Gyro Club, The Liberal Association, The Conservative Association, The Prince Rupert Yacht Club and any other organizations and have representatives

PRETTY WEDDING AT RUPERT EAST CHURCH

Miss Jessie Strachan Becomes Bride of Ole Strand—Reception in Boston Cafe

A pretty wedding took place last evening in Rupert East United Church at 7:30 when Rev. Evan Baker united Miss Jessie Strachan, daughter of Mr. and Mrs. William Strachan, Second Ave., in marriage with Ole Strand, also of this city.

The bride, prettily attired in champagne color crepe de chine with hose and slippers to match and a silver band entwined with orange blossoms in her hair, carried a bouquet of white carnations and ferns. She was attended by Miss Nellie Wilson who wore a dress of pale blue taffeta with pale blue hose and black slippers and carried a bouquet of pink carnations and ferns. Miss Alexina Wood presided at the piano. After the wedding a reception was held in the Boston Hall where over seventy guests took occasion to wish

NEGOTIATIONS OPENED BETWEEN RAILWAY COMPANY AND CITY ON TAXATION AGREEMENT RENEWAL

(continued from page one) decreased from year to year.

HIGHER HERE I wish to point out that the taxes payable by the Railway Company at Prince Rupert are higher than at any other point in the western region, for example, taxes paid to the City of Vancouver for 1926, on the Company's right of way, yards, terminals, docks and wharfs including lease holds, amounted to \$38,683.78 and included improvement taxes at 50 per cent of their value.

Having in mind the renewal of the agreement for a fixed tax, it would seem unnecessary at this time to enter an extended discussion of the merits or demerits of the assessment and the valuation placed upon the property by the assessor. I may state, however, that, after a careful examination of the property and the opinion of experienced valuers and having in mind the assessment at other points, the company feels that a fair valuation of the property at the time the previous agreement was made would not have resulted in a greater annual tax than that fixed by the agreement.

In conclusion, I wish to express my appreciation of the friendly relations which have existed between the city and the company and trust that the same will be maintained, and that an agreement may be arrived at which will be mutually satisfactory.

The mayor last night appointed Alderman Stephens, W. J. Greer, Larson, Jos Greer and himself as a court of revision on the city assessment roll for 1927. The court will sit next month.

HOW IT MAY HAVE BEEN "You don't mean to stand there and tell Slackputter, that Swiggins actually forgot to put on his pants before going into the crowded Palace Restaurant?" astoundedly said Mayor Number of Petunia.

"I didn't say whether he forgot 'em or not, for I don't know," replied Constable Slackputter. "But my guess is that he busted a bottle of bone-dry licker in his hip pocket, and it just nacherly ett his pants up while he was hurrying there for help."

ANNUAL REPORT OF FIRE CHIEF

WORK OF YEAR REVIEWED AND RECOMMENDATIONS MADE FOR IMPROVEMENTS IN 1927

The report of the fire chief for the year 1926 was read at the meeting of the city council last night and showed that the department had answered fifty calls during the year, forty-three of which had been received by phone, five from box alarms, one test alarm, and one still alarm.

The report showed that the total amount of damage from fire and water amounted to \$160,745.58 and the amount of insurance paid covering damages was \$160,245.68, leaving an actual loss to property owners of only \$500.

The department during the year made 360 inspections of business houses, hotels, schools, hospital and moving picture house and gave one hundred and ten verbal and seventy-five written notices to correct unsafe conditions therein. During the year there had been two deaths from fire, Mrs. Alberta Daniels and Captain Martin Fotland.

Improvements recommended in the report included an eight inch main from Fulton Street along Eighth Avenue to Hays Cove Avenue with hydrants, and also that a hydrant be placed near the hospital on Fifth Avenue.

The report further showed that the total expenditure for the year in connection with the maintenance of the fire department amounted to \$16,511.42.

The fire chief, in concluding his report, made kindly reference to the co-operation and assistance of the city council, the faithful attention to duty of the members of the department and also to the assistance rendered by the various departments of the city at fire-opportunities was taken, in the concluding portion of the report, to thank the public and press for their courtesy during the year.

SUCCESSFUL WHIST DRIVE AND DANCE

Orange Men and Ladies Were Jointly Responsible for Enjoyable Affair Last Night in Metropole Hall

The whist drive and dance held last night in the Metropole Hall by the Loyal Orange Lodge and the Ladies Orange Benevolent Association was a great success.

There were nineteen tables of whist and the prize winners were: ladies' first, Mrs. A. Paton; ladies' second, Mrs. M. Hamilton; men's first, J. G. Viereck; men's second, D. Graham.

Refreshments were served and dancing was in progress until 2 o'clock quite a crowd of additional people coming up for the dance.
