MONOPLANE ON WAY ACROSS POND

STORMS IN THE STATES RENDER MANY PEOPLE HOMELESS

Favorable Start Made Monoplane from New York Bound to Europe

NEW YORK, June 4.—Clarence Chamberlain and Charles Levine hopped off in the Bellanca plane, Columbia, this morning for a flight to an unnamed European destination, probably Berlin. Chamberlain is pilot of the airplane and Levine is managing director of the Columbia Aircraft Corporation.

HALIFAX, June 4.—Exceptionally favorable weather conditions sped the Bellanca monoplane as it hummed its way along the coast of Nova Scotia this afternoon. Off Halifax the airman were favored with a sixteen knot wind on their tail. Late afternoon reports from Cape Race gave the forecast as west-southwest winds, fine and warm.

NOTED GENERAL VISITING CITY

SIR ARCHIBALD McDONNELL, COMMANDER OF FIRST CANADIAN DIVISION IN FRANCE, IS HERE

In the course of a tour of Canada for the Association of Canadian Clubs, General Archibald McDonnell, distinguished military man who commanded the First Canadian Division in France during the Great War, arrived in the city on the Prince George this morning and will remain until tomorrow night when he will return south. This afternoon he addressed a luncheon of the Women's Canadian Club, with men as well as ladies in attendance, on the work of the Royal Canadian Mounted Police and tomorrow morning he will speak in St. Andrew's Anglican Cathedral on the Canadian Corps in France. Meeting the noted visitor as he arrived on the steamer were Mrs. G. A. Woodland, president of the Women's Canadian Club, and Miss Norah Rivett, secretary, as well as Archdeacon G. A. Hix and a delegation from the North B.C. Regiment consisting of Major S. D. Johnstone, Capt. G. P. Tinker and Lieut. J. S. Wilson. Unassuming in appearance, Sir Archibald soon impressed those receiving him with the genial manner that is so widely known and made him popular with every man under him in France.

FINAL APPEAL BEHALF SANKEY

CASE WILL BE HEARD AT OTTAWA ON JUNE 13 AND EXECUTION SET FOR JULY 8

VANCOUVER, June 4.—Final appeal on behalf of Joe Sankey, the Indian convicted of killing Miss Chisholm at Port Essington, will be heard by the Supreme Court of Canada on June 13. It was announced by J. E. Bird, counsel for the condemned man, who leaves for Ottawa to prepare for the hearing. He said he had been requested by the department for Indian affairs to appoint O. M. Biggar, K.C., to act for him. A. M. Johnson, special counsel in the attorney general's department, will represent the province.

FOUR KILLED TWO INJURED

BRANTFORD, June 4.—Four persons are dead and two injured, probably fatally, as a result of a level crossing accident outside the village of Gainsville near here, when an auto containing six persons was struck by a C.N.R. gravel train. The dead are Samuel Bellhouse, farmer, his son Russell, his wife and a hired man. Two younger children in the car were injured.

C.N.R. steamer Prince George, Capt. Harry Neiden, arrived at 10:30 this morning from Vancouver, Powell River and Ocean Falls and will sail at 10 o'clock tonight for Stewart, returning here to sail for the south at 11 o'clock tomorrow night.

EASTERN TEAMS SUFFER DEFEAT

WESTERN AMERICAN LEAGUE AGGRESSIONS MADE GOOD THEIR ASSAULT ON ATLANTIC COAST YESTERDAY

NEW YORK, June 4.—Western American League baseball teams made good their assaults on the eastern strongholds yesterday. New York, Boston and Philadelphia all tasting defeat at the hands of Detroit, Chicago and Cleveland respectively. One run was all either of the three teams was able to gather in Washington and St. Louis were idle at the capital.

In the National League, Boston and New York were able to hold Chicago and Cincinnati but the Pittsburgh Pirates continued their phenomenal winning streak by submitting Philadelphia to a 11-1 defeat. St. Louis and Brooklyn were idle in the west.

The games resulted as follows:

DOCKRILL IS TORY CHOICE

NOMINATED TO CONTEST SKEENA RIDING INTERESTS OF CONSERVATIVE PARTY AT NEXT PROVINCIAL ELECTION

Frank M. Dockrill of Telkwa, at a convention of the Central Skeena Conservative Association in Hazelton this week, was unanimously nominated the candidate of that party to contest the riding of Skeena in the next provincial election. L. S. McGill was elected party organizer for the district and campaign plans will shortly be put into operation. Hon. Dr. S. P. Tolmie, provincial Conservative leader, will visit the riding late this month.

Mr. Dockrill has already contested the interior riding on two occasions but unsuccessfully. Before redistribution, he ran as Conservative candidate against Hon. A. M. Manson and, in the last election, he entered as a Provincial party candidate and came second in the contest against Dr. H. C. Winch, M.L.A., who was elected, and R. S. Sargent, who was Conservative candidate.

The Central Skeena Conservative Association has elected officers as follows:

Hon. Presidents—Hon. Hugh Guthrie, Hon. S. F. Tolmie and J. C. Brady, M.P.
President—R. S. Sargent, Hazelton.
Vice-Presidents—John Nelson, Terrace, and "Happy" Turner of Smithers.
Secretary-Treasurer—G. V. Storkey, Hazelton.

LORD LANDSDOWNE DIES IN IRELAND ONE TIME GOVERNOR

CLONMEL, Ireland, June 4.—The Marquis of Lansdowne, former British Lord of the treasury and at one time Governor General of Canada, died here today aged 92.

JOE DUNDEE IS CHAMPION

TAKES WELTERWEIGHT TITLE IN BATTLE WITH PETE LATZO LAST NIGHT

NEW YORK, June 4.—Joe Dundee of Baltimore, won the world's welterweight championship here last night securing a decisive victory on points over Pete Latzo of Scranton, Penn., in a fifteen round match.

Thousands Homeless Result Storms in East and Business Tied Up

LOUISVILLE, June 4.—Floods, following disastrous storms in the mountains of eastern Kentucky this week, resulted in upwards of 100 deaths and property damage estimated at more than \$5,000,000, according to incomplete reports available. Today coal operators in one valley alone are said to be facing a loss of \$500,000 in business, through their inability to get cargoes of coal to Great Lake ports on account of damaged equipment and railroad washouts. Carloads of food supplies left here last night and a train is being loaded today with additional necessities for the sufferers. Thousands are homeless.

55 MISSING FROM WRECK

THOSE SAVED FROM NEGROS IN DEPLORABLE CONDITION RESULT OF EXPLOSION

MANILA, June 4.—Fifty-five men were reported missing today when a check-up was made of the survivors of the steamer Negro, according to an official report from Malaya where they were landed. The ship, when wrecked, picked up the relief ship Santua which answered distress calls and located 67 of the men who escaped from the sinking ship on two rafts. While enroute to Malaya the Santua was forced to put in at Mindoro by heavy storms, many of the survivors being brought to Manila in a precarious condition as a result of exposure, having been two days adrift on the rafts and having had later experiences in the open boats.

WITNESSES IN EGGERS CASE

TWO MEN GO TO VICTORIA TO TESTIFY AGAINST ALLEGED HI-JACKER

SEATTLE, June 4.—Troy Martin and Joseph Edwards who served formal notice last week that they would not go to British Columbia to testify in the Eggers case, yesterday went to Victoria where they are expected to appear in court today against the reputed hi-jacker, it was learned here. Extreme secrecy surrounded the trip of the witnesses, which is reported to have been made of their own free will. It was stated that only one Canadian official knew of the sudden decision to testify despite threats made on their lives if they went to Canada.

The change of decision is regarded as saving the Government's case which it was thought was destined to collapse here last night.

VICTORIA, June 4.—Martin and Edwards appeared in court today to give evidence against Eggers.

GIRL DROWNED IN VANCOUVER

DOROTHY HUGHES CAUGHT IN UNDERTOW WHEN SWIMMING IN ENGLISH BAY

VANCOUVER, June 4.—Dorothy Hughes, 14 years of age, was drowned when she was caught in an undertow while swimming in a portion of English Bay which is not patrolled by life guards here yesterday afternoon, despite efforts to save her by several bathers who brought her companion, Kathleen Clinton, ashore.

CHAMBERLAIN IS IN AN AUTO ACCIDENT

LONDON, June 4.—Foreign Minister Sir Austin Chamberlain was slightly injured in an automobile accident last night while returning from the Foreign Office.

Increased Mineral Production Shown by Report of Minister Making Very Distinct Advance

VICTORIA, June 4.—British Columbia's mineral production in 1926 surpassed all previous records in the history of the operations of the industry in this province, according to final and revised figures set forth in the annual report of the provincial department of mines issued under authority of Hon. William Sloan, provincial secretary and minister of mines. These figures indicate that with an output valued at \$67,188,842, gross profits approximating twenty-five per cent of the gross value, and dividends of nearly \$10,000,000, the year was the most satisfactory and successful one in the history of the province.

With the exception of coal (including coke) and gold, increased outputs of metals and minerals were made in all branches of the industry, the value of which shows an increase of \$5,696,600 or 9.2% as compared with the 1925 valuation of \$61,494,242, the previous high record year.

Since mining commenced in British Columbia in 1852 the total value of the

Annual Flag Day Proved to Be Great Event Under Ideal Weather Conditions Yesterday

Once again the annual Flag Day by the local Elks' Lodge has proven the occasion for great festivity on the part of the children of Prince Rupert to say nothing of the interest it commanded from the adult population of the city. It is estimated that close to a thousand kiddies attended the various proceedings on Acropolis Hill grounds yesterday afternoon while the dance last night drew an assemblage that filled the Exhibition Hall to capacity. The general committee in charge of the whole event consisted of W. E. Willis-Croft, exalted ruler of the lodge, W. D. Vance, Bert Morgan, W.

Hearst, Douglas Frizzell, L. M. Fuller, Eddie Clapp, E. Sabourin, S. J. Evans, Kenny McQuig and R. Arthur Jr. The parade lined up at 1:30 at the Westholme Theatre where flags were distributed to the children before the procession started to move to Acropolis Hill. On arrival at the grounds, tickets were given out entitling the kiddies to ice cream and peanuts but, before they enjoyed the good things provided, the Union Jack was unfurled to the breeze by Scoutmaster P. C. Miller, whose boys had led the march, and a suitable address on the meaning of the flag was delivered by Rev. J. R. Frizzell, pastor of the First Presbyterian Church. Then commenced the stamperede which resulted in the consumption of 250 pounds of peanuts, 25 gallons of ice cream as well as other goodies.

RESULTS OF RACES
By this time, the benches were filled with juvenile and adult spectators and the following races were run off with the assistance of Sergeant Hannah, chief of the city detachment of the provincial police, Constable McKinlay, D. H. Hartness, principal of Booth Memorial School; Miss S. A. Mills, principal of Borden Street School, and others:
Girls, 7 years and under—1, Dorothy Blake; 2, June Gomez.
Boys, 7 and under—1, Bobby Houston; 2, Kenneth Attree.
Girls, 10 and under—1, Janet Thompson; 2, Betty Arthur.
Boys, 10 and under—1, Roy Fong; 2, Herbert Morgan.
Girls, 13 and under—1, Velma Walters; 2, Jean Ritchie.
Boys, 13 and under—1, Roy Fong; 2, Archie Thompson.
Girls, 15 and under—1, Myrna Fuller; 2, Marie Mussalem; 3, Eleanor Tite.
Boys, 15 and under—1, Harvey Leighton; 2, Roy Fong.
Boys' Band—1, Rene Cavenaille; 2, Emil Hudema; 3, F. Derry.
Boy Scouts—1, Billy Vance; 2, Ralph Johnson; 3, Kenneth Green.

In a relay race for girls under 11, Booth School won over Borden Street, the victorious team consisting of Velma Walters, Marguerite Johnson, Mickey Casey, Beatrice Berner, Janet Thompson, Betty Arthur, Freda Mussalem and Lilian Jones.
In a baseball game, which provided lots of fun for the spectators, the Married Brother Bills defeated their single brethren by a score of 12 to 11 for a supper which will be given later. Bobby Arthur Jr. and J. Bayliss and E. Sabourin and Mike Budenich were the respective batteries. Lady umpires, Mrs. J. F. Priestly and Mrs. A. Arthur Jr., perhaps had something to do with the victory for the husbands although they too showed that they knew a little something about balls and strikes as well as base running.

Perhaps the outstanding features of the whole day's proceedings were the crowning of the May Queen and the Maypole Dance which were directed last evening by Mrs. David Thomson. In a pretty setting on a beautifully decorated platform, Miss Elizabeth Pitt of Annunciation School was crowned Queen of the May by the retiring queen, Miss May Neas. Mayor Newton gave a suitable address and, on behalf of the staff of the Premier Mine, whence she comes, a bouquet was presented to the pretty queen by Miss Myra Kinslor, Prince Rupert's first May Queen. Maids of honor were Miss Peggy Smith and Miss Nellie Gurvich. The party of court attendants consisted of Miss Phera Akerberg and Miss Margaret Clark, trainbearers; and Miss Betty Brown, Kathleen Baker, Jean McLean and Norma Archie, flower girls.

Maypole dancers were Misses Nancy Brown, Audrey Parkin, Eva Morris, Dorothy Fraser, Iren Gavigan, Rose Rice, Margaret McLeod, Myrtle Ross, Jean Scott, Edna Ireland, Adella Thurber, Aileen Yates, Myrna Fuller, Muriel Walker, Mary Evans and Enyd Morris. Costumes in Dolly Varden style were very attractive and the dancing was well executed. Accompaniments were played by Mrs. R. P. Fonder and each of the girls who participated was presented with a box of chocolates.
Dancing then proceeded until 1 o'clock with music by Arthur's Orchestra and W. E. Willis-Croft master of ceremonies.

When the Vancouver Board of Trade visits this city it is proposed to hold a conference and among the subjects discussed will be the cost of lining ships at this port. Both at Prince Rupert and Vancouver lining specifications call for heavier timbers than are used at Seattle, Portland, San Francisco or Montreal with the result that the cost of lining is higher and this militates against the British Columbia ports. If the boards of Trade of Vancouver and Prince Rupert agree they can secure a change in specifications which will place these ports on an equality in the cost of lining with other ports on the coast and with Montreal.

AIR PATROL OF FORESTS

CAPTAIN BOBBINS TO FLY ACROSS CONTINENT MAKING THREE STOPS EN ROUTE

VANCOUVER, June 4.—Captain C. W. Bobbins of Vancouver was awarded the contract recently to patrol the provincial forests. He will pilot the airplane from Montreal to Vancouver this month covering 2,600 miles and making three stops en route, at Sault Ste. Marie, Winnipeg and McLeod. Mail and express will be carried.

MANSON CRITIC ONTARIO LAW

VERNON, June 4.—Discussing the scale of charges for liquor in British Columbia and Ontario, Hon. A. M. Manson said he considered D. B. Hanna, liquor commissioner for Ontario had made a mistake in setting the prices too low. He claims that more hard liquor will be consumed as a result. At least they could afford to issue permits to American trippers and to refuse to do so would lead to much perjury and would be profitable to bootleggers.

DAMAGED SHIP BEING TOWED

VICTORIA, June 4.—With her bow low and stern high as a result of damage sustained in a collision yesterday, the steamer Arkansas is being towed to Seattle this morning by the tug Salvage King and the Suremico is proceeding to Port Townsend under her own steam.

NOBODY THINKS HIMSELF A SUCKER

Nobody thinks himself a sucker, but the clever people who use underground methods to extract wealth from those who earn it, very soon find out who the easy ones are and they are put on the "sucker list."

It has been shown that if you sell bogus shares to a man once you can do it again. He is that kind of a man. A sucker list is worth a lot to clever rogues who use the poor boob to replenish their exchequer whenever cash is needed.

Unless an employee can co-operate with other employees he loses much of his value to his employer.

SAVED LIFE OF THE CHILD

Down in New Brunswick the other day, in one of the country districts where a Red Cross Home Nursing Class had been recently formed and the course finished, a tiny child, in a busy farm house spied an attractive looking blue bottle on a shelf.

So does the Canadian Red Cross which in the past year has conducted 305 Home Nursing Classes in the provinces of British Columbia, Alberta, Saskatchewan, Ontario, New Brunswick, Nova Scotia, and Prince Edward Island.

You can't very well have friends unless you are one yourself.

FUR FARMING POPULAR TODAY

Fur farming is every year becoming more popular. North and south, east and west, the farms are spreading and in many cases are bringing good results.

Industry is necessary in every walk of life and especially so in any kind of farming and raising furs for the market needs it as much as any.

Fox farming has been established for some time and now the business is spreading to all lines of furs. Yesterday we told of a muskrat farm on Queen Charlotte Islands and before that of one near Pacific. Others have been reported in the Ootsa Lake country.

The best way to celebrate the Federation Jubilee is to make of yourself a useful citizen and to do your part in carrying on the work of development of the country.

MINERAL PRODUCTION IN PROVINCE

The increase in mineral production as shown by the report of the minister of mines and published on another page is a healthy sign, especially in this district where mining is gradually being developed into a stable industry.

It takes the nicest kind of discrimination to distinguish between a new joke and a chestnut.

DELEGATION TO SMITHERS

THREE PROMINENT MEMBERS OF BOARD OF TRADE TO OFFICIALLY REPRESENT PRINCE RUPERT

A delegation headed by M. P. McCaffery will attend the Board of Trade convention at Smithers on Friday next. Others who will be present are G. W. Nickerson and Olof Hanson and it is expected that yet more will join the party.

BRITISH GROUP IS TO VISIT THE CITY

When the convention of Chambers of Commerce of Canada meets at Vancouver and later proceeds north and visits this city it will be accompanied by a British Parliamentary party which is travelling through Canada with them.

In The Letter Box

BANDMASTER REINSTATED.

Editor, Daily News. Regarding the resignation of Bandmaster Wilson the undersigned committee and president of the Rotary Club met the bandmaster who complained of lack of support from the committee which we admit as being somewhat justified.

We have received the following letter from Bandmaster Wilson: "Dear Sirs: I am sorry that I announced last Monday to the boys at band practice that I had resigned without first of all notifying you."

In view of the above we have reinstated Mr. Wilson as bandmaster and rehearsals will continue as heretofore. J. W. NICHOLLS, J. GREER, W. D. VANCE.

INCREASED MINERAL PRODUCTION SHOWN BY REPORT OF MINISTER MARKING VERY DISTINCT ADVANCE.

Mr. Sloan's report shows, having made a larger output in 1926 than Ontario, which for many years has been in the lead. This province also continues to be the largest producer in Canada of lead, copper and zinc.

INCREASED TONNAGE. In his report Mr. Sloan points out that the tonnage of ore mined and treated in the province last year also shows a considerable increase: 4,775,073 tons of ore being produced compared with 3,849,260 tons in 1925.

Coal mining has not been in a particularly flourishing condition in recent years chiefly owing to the competition from fuel oil, but the outlook now is believed to be better than for some time past.

COPPER INCREASED

Last year copper reached second place in point of value of production having been nearly \$700,000 greater than coal. During the war years, due to a very high price for copper, the production of this metal assumed first rank in mining in the province.

SILVER OUTPUT GROWS. Silver production is rapidly increasing, the two largest contributors last year being the Sullivan and the Premier mines.

Production of gold (including placer gold) has averaged about \$5,000,000 annually during the last three years. No great increase is expected, but as much gold is recovered as a by-product of copper mining the outlook is favorable for an increase from that source.

Each Outpost serves a population scattered over hundreds of square miles. To it the settlers come... ten, twenty, fifty miles... to find the skilled attention they must have if their lives are to be saved.

Since the War THE RED CROSS has disbursed 7 Million Dollars for the Soldiers, Women, Children and Frontier Families of Canada. "STILL SERVING"

The gas container sprang a leak... in the biting darkness, the nurse and her helper pushed their hand-car four miles to a wayside station where the agent gave them food and another jigger... they arrived at the hospital early next morning.

Last year 743 mothers gave birth to their babies under the Red Cross care... most of them must otherwise have gone unattended. In all, 3088 patients spent 30,896 days in the Outpost

Hospitals. Operations were performed... fevers allayed... suffering mitigated... many lives saved to Canada. More of these Outposts are urgently needed, and will be established when you provide the funds.

On the fringes of Canada's advancing civilization stand the 39 Red Cross Outpost Hospitals. In these remote districts doctors

Canada needs the Red Cross. It brings to thousands the skilled help and kindly attention no other agency supplies.

Man of Sixty Finds the Remedy

"Fruit-a-tives" Corrected Bladder and Bowel Trouble

MR. THOS. GRAHAM

Mr. Thos. Graham of Oshawa, Ont., has found the key to health. Writing about it he says: "Just a line to tell you what good 'Fruit-a-tives' has done me. I am 60 years old and tried all kinds of medicines for bladder and bowel trouble which used to keep me from work a month at a time, until I started taking 'Fruit-a-tives'. Thanks to 'Fruit-a-tives' I have worked steadily for four years without a sick day. I have never felt better than I do now." "Fruit-a-tives" substitutes radiant health for sickness. It effectively overcomes constipation, bladder and kidney troubles because it is the kind of remedy that nature meant us to use—the juices of fresh, ripe fruits, intensified and combined with strengthening tonics. You have a right to that "Glad-to-be-alive" feeling. Give "Fruit-a-tives" a chance to restore your health. If you are constipated or worried with bladder trouble begin taking "Fruit-a-tives" today. 25c and 50c everywhere.

W. C. Orchard, C.P.R. general agent here, will sail tomorrow night on the Catala to spend a week in Stewart on business. During his absence, H. McDonald, one of the company's pursers, who arrived on the Princess Beatrice this morning from Vancouver, will take charge of the local office.

Miss Zada Palmom, R.N., who graduated from the local training school this summer and has been on the staff of the Smithers hospital for some time, will return to the city from the interior at the first of the week to rejoin the Prince Rupert General Hospital staff for the summer months.

Boxing Tournament in Exhibition Hall on Monday, June 6 at 8.30 p.m. 21 rounds of real action. Main event, Battling Curvich of Prince Rupert vs. Harry Anderson of Vancouver, ex-lightweight champion. Five good preliminaries. Charlie Brown of Vancouver will referee all bouts.

Eleven members of the Daughters of the Nile, an organization for Shriners' wives, from Buffalo, New York, arrived in the city from the south aboard the Princess George this morning. They will make the round trip to Stewart before disembarking here tomorrow evening and proceeding East by Monday morning's train.

Dr. A. R. Thomson and Dr. W. G. Woodley of Vancouver, Workmen's Compensation Board physicians, and W. Wallace, secretary of the board, after having spent a couple of days in the city on official business, will proceed to Stewart on the Princess George tonight. Returning to the city Sunday evening, they will leave Monday morning for the interior.

Capt. K. S. Irgens, commander of the steamer Stavangerjord, flagship of the Norwegian-American line operating between Oslo and New York, arrived in the city on the Princess Alice yesterday after making the round trip to Skagway. He is on a tour of Canada and left by this morning's train for the East to visit various points before rejoining his ship at New York.

OLD PALS ARE TRUE PALS

With some tobaccos it's a case of chance acquaintance and a quick "So long!" But with Ogden's, you get pally and remain so. Ogden's grows on your affections. It suits palate, pipe and pocket—and every whiff is as sweet as a breath of English April air.

BRINGING UP FATHER

GIVE TOURISTS OPPORTUNITY TO SEE CITY

BOARD OF TRADE TO TAKE UP MAT-
TER OF TOO CLOSE CONNec-
TION EASTBOUND

The too close connection between boat and train was suggested at the Board of Trade meeting last evening by Max Heilbroner, who drew attention to the fact that on the last boat there were 52 tourists and none of them got a chance to come up town as the boat was late. These tourists would like to have had the opportunity to see a new grain port but they did not leave the dock. The businesses in town were affected by it. They should be allowed at least two or three hours in Prince Rupert.

W. O. Fulton, president, thought the point well taken. The boat was nearly always late with the result that the passengers were rushed through without any opportunity to come up town. H. F. Pullen suggested that this was no new question. It had been tried to take the train out later in the day, but the visitors wanted to see the Skeena River scenery. It seemed as if the alternative was for the boats to arrive earlier, say eight o'clock in the morning.

C. H. Orme said the matter of fish transportation has some influence in the setting of the time for the trains leaving. It was difficult to arrange to suit everybody. Olof Hanson suggested the boats either start earlier or run faster, and Mr. Heilbroner added that a little more fuel oil would solve the problem. It was left for the transportation committee to take up with the officials.

MOOSE CINCH STUART SHIELD

DEFEATED GRAND TERMINALS 4-1 IN
LAST NIGHT'S FIXTURE

The fourth Stuart Shield football game between the Moose and the Grand Terminals was played last evening in glorious weather before the largest crowd of the season, the former winning 4-1 and thus clinching the trophy. The Moose, although playing uphill, pressed heavily from the start, and only deplorable shooting prevented a score. The Terminals, who were playing one man short, were reinforced by Johnny Sims after 15 minutes and thereafter had more of the play. Dickens was unfortunate with a fine drive which skimmed the bar. At the other end Sammy Currie started a fine movement which resulted in a goal. Showing fine control, he drew the defence, and sent out to Geo. Mitchell on the right, who shot in an accurate centre, from which F. Hodgkinson scored from close range. At half time the score was Moose 1, Terminals 0.

Both teams gave a fine exhibition on resuming, the Terminals having slightly the edge of the play. From a free kick Dickens scored the equaliser. The Moose soon regained the lead. Spiro Gurvich badly misjudging a bouncing shot from Frank Hodgkinson. The Moose continued to press and showed splendid combination, but met with a determined defence, until Frank Hodgkinson clinched the game sixteen minutes from the end with a superb drive. W. Murray scored again before the end with a shot which Gurvich should have stopped.

W. Murray, S. Currie and F. Hodgkinson started for the Moose, while Geo. Hill worked hard for the Terminals, who were obviously playing below form. The teams were:

Moose — W. Lambie; Skinner and Erskine; Geo. Mitchell, Currie and Koppers; J. Murray, W. Murray, Bye, A. Hodgkinson and F. Hodgkinson.

Terminals — S. Gurvich; G. Howe and R. Howe; J. Sims, G. Hill and Hunt; Farquhar, Baker, Dickens, Meagher and Hamilton.

The Stuart Shield standing to date is as follows:

	W.	D.	L.	Pts.
Moose	3	0	0	6
Regiment	0	1	1	1
Terminals	0	1	2	1

Provincial Constable A. Grant will call tonight on the Prince John for Massett where he is to be stationed.

SPORT CHAT

It is fortunate that a lacrosse match is to be included in the program for the jubilee celebration in Edmonton says the Edmonton Journal. It would do much to stimulate interest in the national game if a match could be staged in every city in Canada on Dominion Day. And unless that is done something will be missing from the appropriate observance of the occasion. Lacrosse is one of the best athletic sports. It provides ample opportunity for the development alike of muscles and self-restraint. Without these none may hope to excel. And it is a game that came down to us from the first Canadians. It native to the soil, and older than the white man's government whose development we are to celebrate. For some reason lacrosse has never "caught on" in the west. This ought to be a good time to give it a prominent place in the summer sport program.

HORSES RAN AWAY AND SPILLED DRIVER

H. Grenier of Terrace Cut and Shaken
Result of Uncontrolled Team

TERRACE, June 4.—H. Grenier received a bad shaking up and some cuts about the head on Wednesday when his team of horses, attached to a logging of wagon, ran away. The horses started to run on the Lakelse side of the bridge.

Mr. Grenier was thrown off near the bridge and the horses, negotiating the many turns around the river road, galloped through town and were caught about a mile west of town, the wagon being badly smashed. Fortunately no cars or teams happened to be on the river road at the time or a serious accident might have occurred. Mr. Grenier went to Prince Rupert on Thursday for medical attention.

NEGLECT is doubtless the cause of most of the ills that afflict humanity. This is so self evident that it seems hardly necessary to tell you. If your eyes are giving trouble, have them attended to—and at once.

OF ALL absurdities in the kingdom of foolishness, surely the loss of eyesight through neglect is the most inexcusable.

Recent Improvement in Fishing Bringing Halibut Catch up Close to That of Last Year—Many Join Yacht Club

Each week the total of halibut landings at Prince Rupert is crawling up a little closer to the record of 1926 and prospects are that the 1927 season which had a bad start, mainly on account of an unprecedented amount of unfavorable weather for the first couple of months, may yet come up to the big year previous. Total landings at the port to date are now less than 800,000 pounds behind last year. Canadian landings are just 30,500 pounds behind and next week may "go over the top." The big decrease is now in American fish, the volume of which it is gratifying to note is also steadily coming up.

During the past week a total of 809,500 pounds was marketed at this port consisting of 490,500 pounds American and 319,000 pounds Canadian. Total landings for the season to date now stand at 9,181,100 pounds as compared with last year's total of 9,971,500 lbs. The 1927 landings consist of 6,619,600 pounds American and 2,561,500 pounds Canadian as compared with respective figures last year of 7,379,200 pounds and 2,592,000 pounds.

The high American price of the week was 15.6c and 8c which the Onah received on Tuesday for 13,000 pounds. The Canadian high was 13.7c and 6c paid on Friday to the Joe Baker for 9,000 pounds. Low bids of the week were 12.8c and 6c on Saturday for American and 12c and 6c the same day for Canadian.

BRANDY NEWELL BACK
Capt. Brandy Newell hove into port at midnight Tuesday with his new fish packer Bruce I., one of the prettiest vessels of its kind ever seen in this port. Sixty feet in length, the vessel is powered with a 75 h.p. Atlas-Imperial oil engine. It had just been completed at the Erickson Bros. boatbuilding yard at Vancouver when Brandy set out for the north. The trip up the coast, running easy, took 74 hours including a wait for the tide at Seymour Narrows and a stop at Butedale for ice. Charlie Larkin is chief engineer of the vessel which left here Friday night for Hippo Island to start salmon packing from there to Butedale.

Naval headquarters at the east end of the G.T.P. wharves have now assumed the appropriate marine blue tint as a result of a painting job executed by Chief Petty Officer George Dawes who can't get over the admiration of his own work.

Prince Rupert Boat House powerboat "28," Capt. Alex. Saint, is due back today after a trip up the Stikine River to the British Columbia border where she delivered a scow containing three hundred cases of government liquor

REX-O-TONE COMPANY

Investors, Here Is Your Chance!

50 UNITS OF \$100 EACH

This Advertisement Written Especially For Prince Rupert News Readers
FOR LARGE PROFITS, QUICK RETURNS AND GREAT INCREASE IN VALUE OF INVESTMENT, NOTHING BETTER HAS EVER BEEN OFFERED IN PRINCE RUPERT.

To every subscriber of two units or more we will send complete Rex-O-Tone Free.

Owing to the unexpected demand for John Rowell's marvellous Patented Acoustic Chamber which makes all old phonographs equal to any of the highest class machines now on the market, and to cope with the demands throughout Canada, United States and Great Britain, we are now about to form a small syndicate of investors, prior to incorporation. Arrangements have been completed to have Rex-O-Tones factory-made, and our first order for one thousand placed. A small investment made now will insure a life's income. If possible, call and hear it for yourself. The first public syndicate will comprise fifty units of \$100.00 each, which will be absolutely on the ground floor. Should unit holders deem it advisable to form a corporation, unit holders will receive in shares, double the value of said unit. Directors of Company will be chosen from the holders of said units. Not more than five units will be sold to any one person.

Since our first advertisement of the Rex-O-Tone, our Demonstration Rooms have been filled to capacity until 11 o'clock every night to accommodate those wishing to hear their favorite records as reproduced by this invention. A Rex-O-Tone is not merely an attachment for a phonograph, but consists of the full sounding chamber, to take the place of the one now in use in old phonographs. A Rex-O-Tone when installed, will make the oldest phonograph equal to the finest and highest

class machines now on the market, in volume, tone and quality. We know we have an unlimited market for our product, which is as yet untouched. Our mail orders prove this. Acoustic engineers state that this man Rowell (the inventor) has accomplished what has been considered the impossible, because of the fact that he has gone contrary to all laws of Acoustics. Within the space of an average sized violin, he can reproduce Volume, Tone and Quality equal to the largest and most expensive phonographs now on the market.

These sounding chambers called Rex-O-Tones are made of selected B.C. Violin Spruce. There is no metal, nothing to get out of order, and will last a lifetime. It is the most marvellous invention in connection with phonographs that has occurred for over twenty years.

We have now at the present time, numerous offers from manufacturers and distributors to manufacture and sell for us, the Rex-O-Tone on a royalty basis. A Rex-O-Tone (meaning King of Tone), without additional experimentation is equal to the best radio horn now on the market. We have experts perfecting the device in this connection, and it is an assured success. To the present date, all expenses in connection with the Patents, Manufacturing and Demonstration, has been supplied by private capital. Additional capital is wanted for Publicity and Radio Experiments, etc.

We have orders for or have already installed Rex-O-Tones in the homes of such well known names as J. S. Cowper, Editor of the Western Tribune; Mr. Geo. Kidd, President of the B. C. Electric Co.; Harold Brown, Manager of the Union Steamship Co.; Mr. D. W. Merrick, Manager of the Bank of Nova Scotia; Chief of Police, W. H. Long; W. D. Grant, President, North Western Dredging Company; Reverend Father Woods, Victoria, B.C.; and many others of Vancouver's prominent citizens.

Endorsed by the leading musicians of Vancouver, such as, Mr. Will Pilling, Orpheum Theatre; Rowland, Rowland's Band, and Mr. Div. Organ Builder; Mr. Calladine, Violin Maker.

FOR DEMONSTRATION
We Want to Buy The Oldest Upright Phonograph Possible.

The Vancouver Sun calls the Rex-O-Tone, "Gargus's Throat." Western Tribune, April 30th, states that it is "the greatest revolutionary stride in Acoustics since Edison gave the phonograph to the world." Vancouver Sporting News states that it "sure gives the dyspeptic old phonograph a new set of lungs." South Vancouver News, "It is perfection itself." Vancouver Home Monthly, "Old records can now be resurrected and enjoyed as never before, with the use of a Rex-O-Tone."

Our price for installation is from \$15.00 to \$35.00, according to size and make of machine, and is sold on a money-back guarantee, and is considered by the public exceptionally reasonable for results accomplished which means to the Company, a profit of at least 200%. This invention is a Vancouver product, and will be demonstrated in every city and town across the continent.

Fred Kergin, who arrived home this week from attending University at Toronto, will take charge of his father's cruiser Full Moon, which, it is understood, is to be commissioned in fishery patrol work this season.

The forestry cruiser Alpine Fir, which has been undergoing extensive repairs at the McLean shop following an explosion at Butedale which blew her upperworks entirely off, is now about finished and will be ready to resume service next week. Mac says it's a real boat now. Needless to say he didn't build it. Otherwise, he wouldn't be making cracks like that.

Jack Prescott is changing engines in the trolling boat Mabel at the Cow Bay floats.

The new seineboat and packer for the Langara Fishing & Packing Co., built at the McLean shop, is now complete and is awaiting the arrival of a crew to take her across to Massett.

Necessary arrangements having at last been effected with the city building authorities from which he has seemingly won a round, C. O. Rowe is now proceeding with the completion of his new tin shop at the corner of the dry dock and government wharf roads. C. O. is not in the habit of starting things he can't finish even if sometimes it takes him a while to get there. Now if the Government comes to life and puts its projected improvements into being, he'll be out of luck.

GRAND BALL IS PLANNED

VANCOUVER VISITORS TO BE ENTERTAINED BY PRINCE RUPERT BOARD OF TRADE AND LADIES

All the plans are laid for the entertainment of the members of the Vancouver Board of Trade which are expected to visit the city on June 22. They will be entertained at luncheon aboard the boat and the members of the executive of the local board together with the mayor and city council will be their guests at dinner. In the afternoon they will visit points of interest and at night they will be entertained at a grand ball.

A letter received from Vancouver intimated that the plans were acceptable to them but that as they were a stag party they would expect the local board to provide them with dancing partners at the ball. This it is planned to do. As the visitors number over one hundred this will be no easy matter.

It is Serious When The Kidneys Go Wrong

These letters tell of two cases in which Dr. Chase's Kidney-Liver Pills afforded the desired relief.

For about half a century Dr. Chase's Kidney-Liver Pills have been known to the public as an effective treatment for the relief of kidney ills. Before that they had been for years proven in private practice. Surely they have stood the test of time. And to-day they are more popular than ever before. Why? Simply because they produce the desired results. You know when you use them that you are not experimenting with an untried medicine.

Mrs. Fred Martin, Box 61, Bradford, Ont., writes:—
"I can highly recommend Dr. Chase's K. & L. Pills, as I used to suffer agonies with gravel in the kidneys and tried several medicines with no results, until one day I decided to try Dr. Chase's K. & L. Pills and obtained so much benefit from them that I am now never without a box in use and one in reserve. I certainly wish Dr. Chase's Medicines every success."

Miss Mary Pettipas, 158, Upper Water St., Halifax, N.S., writes:—
"I suffered for two years with kidney trouble and tried a great deal of medicines, which did not help me at all. I was so nervous I could not rest at night. A neighbour advised me to try your K. & L. Pills and since taking them I feel like a new person and now sleep soundly at night, thanks to Dr. Chase."

Dr. Chase's Kidney-Liver Pills—35 cts. per box, all dealers, or The Dr. A. W. Chase Medicine Company, Limited, Toronto.

the possibility of establishing a smelter at or near Prince Rupert, Port Edward being suggested as a very suitable point. It was pointed out by President Fulton that there was now more ore available than ever before and by utilizing the Ecstall River power an industry might be established which would include the supplying of power to the city of Prince Rupert.

M. P. McCaffery suggested that the railway and the Dominion and Provincial Government might be approached with the object of securing a subsidy that would induce some company to undertake the building of a smelter. The first thing was to gather data on which to base the claim for support. The resolution to refer the matter to a committee was moved by Olof Hanson and seconded by M. P. McCaffery.

Super-Six

And it differs from all other "Sixes"—not by little margins—but bold, vivid advantages that instantly stand out from all comparison.

HERE is 50 miles an hour all day long, with ease to car and comfort to passengers. (Yet that is far below its maximum speed).

HERE is size, generous passenger room, simple, positive controls. No car of any price excels its easy riding qualities.

HERE is economy, engineered not only to savings in fuel and oil, but particularly to freedom from early depreciation, and to lowest maintenance costs.

There are four new bodies on the Essex Super-Six chassis — beautiful, smart in line, luxurious in upholstery and appointment. They are the greatest and deservedly most popular values Essex ever built.

Three pair of Albino rats are expected at the biological station next week from the University of Winnipeg. Their offspring will be used in connection with vitamin experiments, this white species of rodent being a necessary adjunct in laboratories where such work is carried on.

The station has now been hooked up for heating purposes with a gas machine on the side of a hill. Its equipment will be fairly complete with the installation of compressed air facilities in the near future.
