## MYSTERY OVER RAID REVELATIONS

### MONOPLANE LEFT NEW YORK FOR PARIS; SEEN AT CANSO

#### England All Agog Over Soviet Raid and Probable Revelations to be Made Next Week as Result

Government says information of such nature that Government had not time to complete and digest

#### SPECULATION AS TO OUTCOME

Former members of Labor Ministry thought to be involved in document seized by police

LONDON, May 20.—England is all agog over the Soviet House raid and possible revelations which may result therefrom. The mysterious disappearance of a state document from the British war office, which resulted in the sensational search accompanied by the dynamiting of safes and occupation of the building by the police was deepened by the announcement of Sir William Joynson Hicks, home secretary, who said he was unable to make a statement to the House of Commons regarding the raid until Tuesday of next week.

Secretary Hicks declared: "The information which has come into possession of the police through the Areos search is of such a nature that it has not been possible for His Majesty's government to complete the examination or determine the consequences of it."

Since the raid London has been filled with rumors and reports, one of which is to the effect that the missing document dealt with plans meeting hypothetical Anglo-Russian situations.

The Evening Standard says a report that the document deals with the military situation in China is a "likely guess," but it is inclined to believe "the missing paper had nothing to do with any current military operations or movements."

"It is believed Russian agents were in touch with members of the Labor ministry here and it is said the pay list was found," says the Westminster Gazette.

**U.S. FARMERS SUFFER FROM THE SMELTER**

VEGETABLES GROWERS ACROSS BOUNDARY NEAR TRAIL ASK INTERVENTION WITH CANADA

SPOKANE, May 20.—United States senator Dill asked the state department to intervene with the Canadian Government on behalf of the farmers on the Washington side of the boundary near Trail, B.C., claiming that the fumes from the Trail smelter are destroying all their vegetables.

Representative Sam Hill and the county commissioners determined that the farmers have no legal recourse at present against their Canadian neighbors.

**MENNONITES TO PEACE RIVER**

FIVE THOUSAND FAMILIES MAY MOVE INTO NORTHERN ALBERTA IS ANNOUNCED

EDMONTON, May 20.—If present plans mature 25,000 Mennonites from Manitoba and others who are newcomers to the country will be settled around the Peace River. It is expected that five thousand families will take part in the movement to northern Alberta where 800,000 acres of land would be homesteaded.

**AIRMEN START OFF FOR INDIA**

CRAWLEY, England, May 20.—Flight Lieutenants Carr and Gillman of the Royal Air Force started this morning in an attempt at a non-stop flight to Calcutta. They hope to cover the four thousand miles in forty hours.

**MEMORIAL BUILDING AT OTTAWA SUPPORTED**

VICTORIA, May 20.—The twenty-sixth annual convention of the Daughters of the King endorsed the proposed women's memorial building to be erected at Ottawa. The project will be commended to the various circles for support.

**FAILED SO FAR TO RESCUE SHIP CREW**

SAN FRANCISCO, May 20.—The unsuccessful attempts made to rescue the crew of 25 aboard the steamer Indian Harbor which is breaking up on a reef off Point Corda, forty-five miles south of Eureka.

#### WILEY MOORE PROVED STAR

HIS RELIEF WORK WON BASEBALL GAME FOR YANKEES FOUR TO THREE

NEW YORK, May 20.—Invading the eastern wing of the American League the westerners had the satisfaction that comes of a well done job. They were forced into undisputed possession of the major league spotlight for the day.

When rain halted all the games in the National League, the American furnished the task of entertaining the fans. The most interesting of this was the relief work of Wiley Moore, Yankee hurler, who was put on the mound in the second inning as a relief for Shocker after Cleveland tied the score three to three and held the enemy in subjection, and in the ninth laid down a bunt which won the game four to three.

Gehrig's ninth homer of the season tying Ruth's total accounted for the Yankee scores in the first inning.

**American League**

Boston 5, St. Louis 6.  
Philadelphia 0, Chicago 3.  
Washington 3, Detroit 0.  
New York 4, Cleveland 3.

**National League**

#### QUEENMOOR SAILED IN EARLY MORNING

British Grain Ship Loaded Here, Sailed at 4 this Morning

The British steamer Queenmoor, Capt. McCaffery, sailed at 4 o'clock this morning for the United Kingdom or continent with a full cargo of 291,200 bushels of grain loaded at the Alberta Wheat Pool's local elevator. The vessel was piloted out to Triple Island by Capt. Larry Thomson of the Federal Pilots of British Columbia. P. M. Ray of the Northern Shipping Co., agents for the vessel, made the trip out with the pilot.

#### OUTDOOR ADVERTISING WILL BE ABOLISHED BY CITY OF OXFORD

OXFORD, England, May 20.—The streets of Oxford are to lose their advertisement posters as the result of a new order issued by the authorities. The view of the authorities is that hoardings are neither an improvement nor a necessity in a modern city. In order to get rid of them they are proceeding under the Towns Improvement Act of 1847, under which Act it is a technical offence for hoardings to extend over the footway by so much as the width of a board.

Two boats sold salmon to the Atlin Fisheries this morning by private sale. The Tappin had 1700 pounds of reds and 400 white and the Elmer C. had a somewhat similar load.

#### Ramsay MacDonald Here on Trip

J. RAMSAY MACDONALD, former premier of Britain, and his daughter Isabel, now touring the United States. They came to New York on the Cunard Liner, Aquitania.

#### MONOPLANE OFF TODAY

LEFT FOR PARIS THIS MORNING FROM ROOSEVELT FIELD, NEW YORK

NEW YORK, May 20.—Captain Charles Lindbergh in the monoplane "Spirit of St. Louis" hopped off from Roosevelt Field at 7:52 this morning on a non-stop flight for Paris. He is making the flight alone and expects to complete the long journey in 36 hours.

Two hours after starting the plane was seen passing over Halifax, Massachusetts.

HALIFAX, N.S., May 20.—Lindbergh passed over Mulgrave on the Strait of Canso five minutes after two by eastern standard time this afternoon, flying high.

**PREMIER OLIVER RECOVERS RAPIDLY TO VISIT HAMILTON**

VICTORIA, May 20.—Premier Oliver's condition shows marked improvement during the last few days, according to reports received from Rochester. He will go to his son's home in Hamilton during the next few days and after recuperating will return to the Pacific Coast.

#### MOTOR CRUISER FOR THE NAVY

H.M.S. ADVENTURE JUST COMMISSIONED HAS DIESEL ENGINES

LONDON, May 20.—(Canadian Press).—Just commissioned H.M.S. Adventure is the only vessel of her type in the world and the first such vessel in the Royal Navy. She is a cruiser-mine layer. The performances of the adventure will be followed with considerable interest by naval architects as they are expected to yield data of great importance. Engineers are particularly interested in her because her propelling machinery includes a diesel plant for use at ordinary cruising speed. She is the first large warship to be thus fitted with internal combustion engines. If the experiment proves successful it will be tried on a larger scale in future cruising vessels and may prove the initial step towards motor-propelled warships.

#### WARMER WEATHER IN WHOLE OF DISTRICT

There has been a steadily rising temperature through northern and central British Columbia and the Yukon. Reports today at 8 a.m. show the following:

Prince Rupert—Clear, calm, temp. 52.  
Terrace—Clear, calm, temp. 50.  
Rosswood—Clear, calm, temp. 56.  
Aliyash—Clear, calm, temp. 52.  
Alice Arm—Clear, calm, temp. 50.  
Anyox—Clear, calm, temp. 53.  
Stewart—Calm, temp. 52.  
Hazelton—Clear, calm, temp. 60.  
Telegraph Creek—Part cloudy, calm, temp. 54.  
Smithers—Cloudy, calm, temp. 51.  
Burns Lake—Clear, calm, temp. 50.  
Whitehorse—Clear, south wind, temp. 56.  
Dawson—Cloudy, calm, temp. 50.

#### OUTBOUND GRAIN FROM VANCOUVER DURING WEEK

VANCOUVER, May 20.—The following vessels took grain cargo from here during the week:

Loch Goll, for London, 37,333 bushels; for Rotterdam, 37,333 bushels.  
Mcderdyk, for Amsterdam, 37,333 bushels; for Rotterdam, 37,333 bushels.  
Tacalosa City, for Avonmouth, 21,147 bushels.  
Northwestern Miller, for Manchester, 111,734 bushels.  
Spunsho Maru, for Yokohama, 57,167 bushels; for Moji, 79,929 bushels.  
Yoshida Maru, for Kobe, 33,333 bushels; for Yokohama, 33,333 bushels.

#### BODY IS FOUND OF CANADIAN PIANIST

JACKSONVILLE, Fla., May 20.—The body recovered in the St. John River Thursday, has been identified as that of Paul Wells, the noted Canadian pianist, officials announced.

#### VANCOUVER EXCHANGE

	Bid	Asked
Wheat	1.53	
B.C. Silver	1.64	1.69
Coast Copper	10.50	11.50
Dunwell	1.35	1.36
Glacier	0.84	0.09
Indian	0.74	0.08

Premier	2.08	
Porter Idaho	1.51	1.18
Silver Crest	0.61	0.07

Joseph Bennett, manager of the Alberta Wheat Pool's local elevator, sails tomorrow morning on the Cardena for a brief business trip to Vancouver.

#### Woman Pilot Makes Altitude Flight in Light Plane Says Nothing to Make Fuss About

HAMBLE, England, May 20.—Mrs. Elliott Lynn, the first woman air pilot, accompanied by Lady Bailey as a passenger, claimed yesterday that she established a world record for a light plane, reaching an altitude of 16,000 feet.

Mrs. Lynn said that when the altograph record had been corrected, taking into account the temperature and pressure, it would be found she had climbed 17,000 feet in the 2 hours 33 minutes she was in the air.

"It was really nothing to make a fuss about," the pilot said. "I hope my efforts will aid in popularizing the light airplane type with which it will be possible to do a 1500 mile dash. Imagine what a boon that would prove for a businessman."

#### RECORD SEASON CANNED SALMON

TOTAL PRODUCTION WAS VALUED AT NEARLY NINETEEN MILLION DOLLARS

B.C. FISH \$27,367,000

OTTAWA, May 20.—The value of the British Columbia fisheries production for the year 1925 was \$27,367,000 compared with \$22,414,000 in 1925, which was the previous record year.

The principal item contributing to the increase in value was the increase in the pack of canned salmon which exceeded 1924 the previous high year for quantity by more than 320,000 cases. The value of the salmon marketed last year was in excess of \$18,776,000.

#### NARROWS CLOSE AT WRANGELL

SHIPS MUST MAKE DETOUR FOR NEXT YEAR BUT WILL BENEFIT AFTERWARDS

PETERSBURG, Alaska, May 20.—To permit the deepening of Wrangell Narrows the channel south of here on the inside passage to Alaska will be closed to commercial vessels for at least a year commencing last night at midnight. The federal authorities are undertaking the work which when complete will permit of 24 hours a day navigation and will be a great boon to shipping.

The closing necessitates an 88 mile detour for Alaskan vessels both northbound and southbound.

#### CONSERVATIVE PAPER APPROVES ACTION OF OLIVER GOVERNMENT

(Nelson News)

Action taken by the British Columbia government, to advertise the province to eastern Canada, by a campaign of newspaper advertising, extending for this season, to the middle of July, will be universally approved.

The period over which the advertising will be done, and the association with it of the Vancouver and Victoria publicity bureaus, who will assist the province's publicity bureau suggests that ourists and trippers for summer trips, for either pleasure or serious purpose. Advertisements are being placed in 35 daily and 75 weekly papers that between them cover the east.

If only for the money left in the province by the trippers, the advertising will be worth while.

But that will be the smallest result. The big result will be giving an impetus to the cult of British Columbia in the east, and helping along a sentiment to think British Columbia-way. Such a sentiment will some day send big men and little to this province to take part in the development and settlement of it.

#### TOTEM DEMOLISHED BY AN AUTO TRUCK HAZELTON VILLAGE

HAZELTON, May 20.—An automobile truck ran into a totem pole Sunday on the Hazelton reserve and demolished it. The car ran off the road and struck the pole, splitting it into three pieces and breaking off several parts of the carvings. The pole is said to be the property of the family of Gitksan Indians led by Chief James White. It was perhaps the most artistic pole at Hazelton although much decayed.

So far the totem pole preservation party had failed to get permission to treat this pole and it lay by the side of the road trampled by cattle.

#### OWNER OF CAR HELD RESPONSIBLE FOR DRIVER OF VEHICLE

VICTORIA, May 20.—The owner of the car is responsible for the action of the man at the wheel. Judge Lampan ruled today in a county court action which he was hearing here.

**THE DAILY NEWS**  
PRINCE RUPERT - BRITISH COLUMBIA.

Member of Audit Bureau of Circulations.

DAILY EDITION. Friday, May 20, 1927

**ON THE RIGHT TRACK.**

The city is on the right track in undertaking the perfecting of recreational facilities for young and old. The most recent proposal is to construct tennis courts at the corner of Sixth Avenue and McBride Street. The grounds there were levelled off by the city for the use of the children as a baseball or football field but of late have not been used. As tennis is becoming very popular in the city and young and old are playing it, the latest proposal should meet with general approval of the citizens and doubtless will be approved by the city council.

The Gyro Club led the way in the matter of playgrounds but their grounds are of a different nature. They have earned the lasting gratitude of the city for the work they have done. Now the Rotary Club is turning its attention along somewhat similar lines and probably will get support. The cost is not expected to be large and the club proposes to finance the undertaking without any appeal to the public.

Coincidentally with this the Acropolis Hill grounds are being improved beyond recognition so that it may be said a new era for outdoor sports and games is dawning. All this makes for advancement. It is a manifestation of the tendency of the age.

There are some men who are best liked when they announce their intention to move.

Every community has a few men who keep themselves poor while they discuss how to save the country from the ills that afflict it.

**LETTERS FOR PUBLICATION**

It is often necessary to remind readers of rules in connection with letters for publication. The first is that they must be signed although when desired the signature may not be published but a nom de plume used in its place. Often there are people who wish to knock somebody or something and would do it without signing. That is not good policy and usually cannot be allowed. Constructive letters are much more welcome. What we need today is more building up and less destructive criticism. If a man has a genuine kick coming and is willing to sign his name to it he can usually get his letter published but he usually does not want to sign.

Citizens often have suggestions for improvements that would be very valuable if published. To these we offer the use of our columns. We are glad to give them the opportunity of placing their views before the public and if they prefer not to have their names published because of native bashfulness, it does not matter to us. We want their ideas. Write them down and send them in anyway. The city probably needs them.

Supposing concrete sidewalks were to be laid here and the town put on a modern appearance, some of the old timers would die of shock. Be careful, city council, for heaven's sake be careful.

Some people are too busy to play but they are likely to have to find time to be ill. For them the hospital looms ahead.

**LETTER WRITING LOST ART**

It has been said that the developments of modern civilization have had such an effect upon home life that letter writing has become almost a lost art. People do not write as well as they did once. And yet it is doubtful if this is true. There are today many good letter writers. They make their letters so interesting that the recipients are glad to receive them and feel refreshed as a result. Many a letter is like a fresh summer breeze.

On the other hand there are letters that are dead and uninteresting. They tell little and what is told is told so badly that it had better have been left untold.

Letter writing is a great art, just as important as conversation but only a few cultivate it.

It's hard to understand how a woman should have to slug her husband in order to kill him. She can always cook for him.

The man who is fooled by a political argument is the same one who buys a sure thing from an expert salesman.

**BUY NEWSPAPERS DAY OF ISSUE**

A great many people who wish extra copies of any particular number of the paper come in the day after publication expecting to secure copies. This is a great mistake because often the paper is sold out. So far as possible it is planned to have a few papers over at the end of the day but it is impossible to estimate how many will be needed and the result is that many are disappointed. This happens so often that it would seem as if people would learn but they do not. The time to buy newspapers is on the day they are issued. If there are any left over they can get them later but they have to pay the same price and it would be more convenient for everyone concerned and would save disappointment if they would make their purchases on the day of publication.

You don't mind a man being better than yourself if he does not continually let you know he thinks so.

Don't argue. It is better to let the fool have his way.

A good cook is one who can feed a fat man the kind of food that will make him thin without hearing him grumble.

The after-winter "pick-me-up"

# SHREDDED WHEAT

Food for any hour of the day  
Tempting you to appetite  
Treating you to health

**TWO BISHOPS GOING NORTH**

STRINGER OF YUKON AND ROWE OF ALASKA PASSENGERS ABOARD PRINCESS ALICE THIS MORNING

Two noted northern bishops were passengers going north aboard the steamer Princess Alice which was in port this morning.

Bishop Isaac O. Stringer, pioneer Klondike clergyman, was on his way to Dawson on a rush visit from which he will return in about a month's time to proceed direct from Prince Rupert to Edmonton on his way to the mouth of the Mackenzie River. He is now acting administrator of Mackenzie diocese. Bishop Stringer is just back from a trip to Florida which greatly benefited his health which last year had not been of the best. Going north with him was his son, Alex.

The other was Bishop E. T. Rowe of Alaska who will visit Ketchikan and Wrangell before returning south to Seattle where he will embark for Nome to visit the various points in Northwestern Alaska. Bishop Rowe, who is now making his home in Victoria where he has a son attending University College, is also just back from a trip to Florida and other parts of the Eastern States. He is contemplating retiring soon and states that he will take up permanent residence in Victoria.

**BIG DAMAGES TO FIREMAN**

MAN GETS \$12,500 FOR HAVING HEAD STRUCK BY BOX CAR NEAR EDMONTON

EDMONTON, May 18.—Absent from the court room for little more than thirty minutes, the jury of six hearing the Lord action informed Mr. Justice Walsh that they were agreed that Harry Lord, former G.T.P. fireman, be awarded a total of \$12,500 special and general damages for the injuries sustained by the plaintiff when his head was struck by a standing boxcar on a converging track at Three Hills as he was looking out of the engine cab for signals from the brakeman at the rear of the train. The accident occurred on December 10, 1925.

The jury also made a recommendation to the effect that the special damages of \$10,000 be administered as a trust fund for Lord, owing to his mental condition. (Lord lost his memory and identity and wandered away from home, it was brought out during the course of the two-day hearing.)

**NOT IN LORD'S POWER**

His lordship pointed out, however, that this was not in his power, Lord was of age and was in control of his own affairs, he declared, and there was no authority under which he could follow the jurors' recommendation. On the motion of D. Campbell, K.C., Winnipeg, who was associated with H. A. Friedmann in the case for the plaintiff, the court made an award of \$772.50 to the plaintiff for medical expenses and also gave costs against the defendant company. Mr. Maclean's request for a 30-day stay of proceedings was granted.

**OWNER OF MILK WAS FINALLY DISCOVERED**

Daily News Staff Much Worried Over Appearance of Bottle of Lactal Fluid Outside Door

A member of the Daily News staff was this morning much surprised and puzzled to find a large bottle of milk outside the shop door. As there were not known to be any who needed milk in the morning to revive them after the overnight exertions, he wondered whose it could be. What member of the staff had at last been led astray and been forced to resort to the morning restorer? The bottle was lifted gingerly and suspiciously and placed on the desk of the business manager.

On his arrival the business manager disclaimed ownership. He was no milk-sop, he declared. It must belong upstairs, but the upstairs would have none of it. They were not guilty. Editors and reporters, in the course of their official duties have to be out late often, but they do not need milk to restore them but rely on quiet sleep and a clear conscience to do the work.

What to do with the milk? was the question. It looked like good milk but no one was thirsty. At last it was decided to place it in the entry hall and give it to the first person entering who looked dry and in need of such refreshment. It did not stay there long. It was lifted by a representative of a rival establishment and the minds of employees of the Daily News were once more at ease.

Dr. Learoyd of Anyox, who was a passenger south on the Prince Rupert last night from the smelter town, will proceed to Chicago where he will take up post-graduate work. Mrs. Learoyd and family, who were also southbound, will remain in Vancouver during his absence in the East.

John Larsen, found guilty on a charge of drunkenness, was assessed \$25, with the option of thirty days' imprisonment, by Magistrate McClymont in the city police court yesterday afternoon.

**ALLEGED ABUSE OF PRIVILEGE**

COMPLAINT THAT U.S. BOATS USE CANADIAN PORTS MORE THAN IS NECESSARY

American fishermen were recently notified of a protest from the Canadian government to that of the United States regarding unwarranted visits of fishing vessels of the United States to Vancouver Island ports, in violation of the treaty of 1818 says the Pacific Fisherman. Under this treaty the United States renounces any liberty of its inhabitants to take, dry or cure fish on or within three miles of the Canadian coast, harbor, etc., with the proviso that American fishermen may enter such bays or harbors only for shelter, repairs, and purchase of wood and water.

**NOT HALIBUT BOATS**

Through inquiries directed to Washington and Ottawa, it is learned that this protest is not aimed at vessels of the halibut fleet, which have been accustomed to visit a number of British Columbia ports for purposes specified by order-in-council; but rather at salmon trolling boats which have, for the past two seasons at least, been largely using ports on the west coast of Vancouver Island and are said to have made such ports practically a base of operations, resorting to them nightly not because of unfavorable weather conditions but for comfort and rest. Such use of Canadian ports, when fishing operations are being carried on in extra-territorial waters immediately adjacent, is held to place United States boats on a practically equally favorable basis with Canadian boats in Canadian ports, notwithstanding that the catches of the latter are subject to a duty of 2c per lb. when entering United States markets.

**LICENSES**

As for the halibut boats, they are still eligible for licenses at the nominal rate of \$1.00 each to visit British Columbia ports for the purchase of bait, ice, etc.; to ship crews; to land their catches without duty for shipment in bond to the United States; and to land catches for Canadian sale on payment of duty. It is stated in unofficial quarters, however, that some American halibut boats also have been entering out-of-the-way ports of British Columbia and laying up for days at a time without licenses, and in so doing make themselves liable to trouble under the above treaty.

It is understood that the Canadian authorities will follow this matter up actively this season, and American fishermen are cautioned to comply strictly with the treaty and thus obviate necessity for punitive action on the part of the Canadians.

**WORK ON FISH OIL TANKS TO START WITHIN TEN DAYS**

VICTORIA, May 19.—Tenders are being called immediately by the C.N.R. for the construction of oil tanks to bring to Victoria business from the fish reduction plants of the west coast. C. P. W. Schwengers, president, reported at the meeting of the directors of the Victoria Chamber of Commerce. Work is expected to start in the next ten days. Railroad representatives were also coming to Victoria to investigate the inter-switching of C.N.R. and C.P.R. cars and he believed there was every indication that the inter-switching would be put into operation without the Chamber being forced to apply to the Railway Commission.

**Ten Years Ago in Prince Rupert**

MAY 20, 1917.

The establishment of an abattoir in Prince Rupert is urged. While it might be preferable that such a plant should be started privately, the city is being asked to take action on the matter.

The marriage took place in the Presbyterian Church this morning, Rev. Dr. H. R. Grant officiating of Miss S. Hatheway of Seattle and Frank A. McKinnon of Anyox. James H. Thompson attended the groom and, after the ceremony, a luncheon was held in the Bayview Hotel. After a honeymoon in Vancouver and Seattle, Mr. and Mrs. McKinnon will take up residence in Anyox.

Rev. J. F. Dimmock has been transferred at the Methodist Church Conference.

**Wash Away That Itch!**

**One Minute Does It!**  
Are you tormented with the agony of a burning, itching skin which seems to defy relief? Do you suffer from eczema, pimples, ulcers, and other forms of skin troubles?  
At no risk to you, we invite you to try this one minute test: Come to our store and get a bottle of D.D.D. on trial. Gently wash the itching portion of your skin with D.D.D. prescription, the antiseptic healing lotion. Then watch for results. If you do not experience that calm, cool sensation, if that itch is not washed in one minute, just bring the bottle back and your money will be refunded at once.

**D.D.D.**  
THE Lotion for Skin Disease  
ORMES LIMITED.

once at Victoria to Penticton. He will be succeeded here by Rev. W. S. A. Cruik.

**WOMAN ELECTRICAL ENGINEER PASSES SCIENCE TORONTO**

VANCOUVER, May 19.—Enjoying the unique distinction of being one of the few women electrical engineers in the world, Miss Elsie MacGill, youngest daughter of Judge Helen Gregory MacGill and J. H. MacGill, has graduated in this science at the University of Toronto.

Miss MacGill, with C. A. Morrison, had been engaged by the University of Toronto for the next two months to undertake important research work in an effort to eliminate the flicker of the incandescent lamp.

**GLOBE TROTTER IS VISITING THE CITY**

Harry Massey Seaton, ex-imperial ser vice man and globe trotter, is a visitor in the city over the week-end.

Mr. Seaton, in the course of a walking trip around the world, has travelled extensively in remote Asiatic countries, having almost reached Lassa, the forbidden city of the Lamas in Tibet, a region into which very few white men have ever penetrated.

While in the city Mr. Seaton expects to give a lecture on his travels which will be of intense interest to all who feel the lure of the mysterious East.

Kenny Smith was a passenger leaving here on the Princess Alice this morning for Ketchikan. He plans on spending the next three or four weeks at Bell Island hot springs.

**LAND ACT.**

**NOTICE OF INTENTION TO APPLY TO LEASE LAND.**

In Prince Rupert Land Recording District of Prince Rupert, and situate 30 chains east of northwest corner of Lot 68, Range 3, Coast District.

TAKE NOTICE that Gosse Packing Company Limited, of Vancouver, occupation Fish Cannery, intend to apply for permission to lease the following described lands:— Commencing at a post planted 30 chains east of northwest Lot 68, Range 3, Coast District; thence south 5 chains; thence east 10 chains; thence north 5 chains; thence west 10 chains to point of commencement, and containing 5 acres, more or less.

# Colmans Seasonable Recipes

Five delicious dishes fit for a King

They are not every-day menus—they are different, very different, and will add laurels to any housewife's culinary achievements. Mustard—of course—is the secret of their savouriness. Clip these recipes for future reference.

**ROAST PORK—BRUSSELS STYLE**  
Cover a piece of pork (fillet or other) with a coat of Colman's Mustard, mix with a piece of butter the size of a nut, salt and pepper to suit. Place the roast in a hot oven, when it begins to color, baste it; let it brown, baste it again after adding to the sauce 2 tablespoonsful of milk. During the cooking, baste the roast several times by adding at intervals milk to the juice. Cook thus prepared is easy to digest and has a very agreeable chicken-like flavor.

**BAKED VIRGINIA HAM**  
Select a slice of ham 1 inch thick. Mix together 3 heaping teaspoons Colman's Mustard with ¼ cup vinegar. Spread over the ham. Slice apples enough to cover ham. Sprinkle ½ cup brown sugar over the whole. Stick whole cloves through the slices of apple every 2 inches apart. Put in baking pan and bake in moderate oven from 1½ to 2 hours. Keep water enough in pan to keep liquid boiling. This is delicious served with baked potatoes.

**BREADED LAMB CHOPS**  
8 French chops; 2 tablespoons butter; 4 tablespoons flour; ½ cup chopped ham; ½ teaspoonful salt; Cayenne; 1 cup milk; ½ teaspoon Colman's Mustard.  
Make a thick white sauce, when thoroughly cooked, add ham and set aside to cool. Broil chops, season with salt, Colman's Mustard and pepper, cool and spread both sides with a layer of sauce. Let stand on buttered plate till firm, then dip in crumbs, egg and crumbs. Fry in deep fat. Garnish with paper frills and serve with Cuban or tomato sauce.

**CASSEROLE OF EGGS**  
Hard boil eggs, split lengthwise, pulverize yolks, add chopped chives, chopped olives, ½ teaspoon of Colman's Mustard and a little cream. Season to taste. Refill whites, heaping well place in buttered casserole (close together) fill up with rich cream sauce, cover all with a thick coating of grated cheese. Bake until brown.

Capt. McCann and a number of officers and men of the White Pass & Yukon Railway and Navigation Co.'s steamers were passengers going north on the Princess Alice this morning after having spent the winter outside.

Saturday Specials. See window display. Ten distinct patterns in best quality Gingham, 36 inches wide, 3 yards for 95c. Our 50c window for Saturday will contain some real values. Do not miss our Saturday Specials. Drygoods and Novelty Shop, Phone 776.

Chief Engineer Logan is back aboard the steamer Cardena this trip after an absence of several months during which time he went to the Old Country with Capt. J. A. Findlay to bring out the Union Steamship Co.'s new freighter formerly Ardgargal and now renamed Chilliwack.

Capt. Agnew, commander of H.M.C.S. Patrician, inspected the Sea Cadets at naval headquarters last night. There was a full muster of the corps under Lieut. Robert Blanche and Thomas McClymont, president of the Navy League, as well as Stanley W. Taylor and D. C. Paterson of the executive, were present. Tonight Capt. Agnew will inspect the local detachment of the Royal Canadian Naval Volunteer Reserve.

Mrs. J. C. Spencer arrived on the Cardena this afternoon from Bella Bella and proceeds this afternoon aboard the gasboat Taplow to Port Simpson where she will visit for a few days with her daughter, Mrs. C. B. Flewin. She will be in the city about the middle of next week to remain a short time. Mrs. Spencer has just recently returned from Vancouver where she represented this district at the convention of the United Church Women's Missionary Society.

### SUCCESSFUL SOCIAL EVENING LAST NIGHT BY CATHOLIC WOMEN

The social evening in the Parish Hall, at which the members of the Catholic Women's League were hostesses last night, was a success both socially and financially, many being present for cards and more coming in for dancing which followed.

At fifteen tables of cards, prize winners were as follows:  
Bridge—Ladies' first, Mrs. Woods; men's first, Vincent Meagher; ladies' consolation, Mrs. H. F. Glassey; men's consolation, Ed. Lawler.  
Whist—Ladies' first, Miss Virginia Taylor; men's first, Mr. Howett; ladies' consolation, Miss Mary McDonald; men's consolation, J. McNulty.

Refreshments were served and dancing followed to music furnished by Mrs. R. P. Ponder's orchestra. Frank Fortune acted as master of ceremonies and Leo Contoli presided at the door. Committee conveners were Mrs. M. P. McCaffery and Mrs. J. H. Meagher.

### WANTED TO SELL HIS FLIVVER AND LOT TO THE TAX COLLECTOR

In a recent number of the Edmonton Bulletin W. A. deGraves tells the following incident:

The super-optimist of Alberta showed up on Friday. He appeared at the office of the Provincial Secretary where the automobile license plates are issued, announced that he had a car but no cash, and made an offer to trade a city lot in the northwest part of the city for a set of license plates.

It took several minutes for the officials in charge to explain to him that the government was doing business on a cash basis only, and that although the deal he proposed might be all he claimed for it, with the province getting the best of the bargain, it just couldn't be done.

"Well, what'll you give me for the lot and the car together?" he finally demanded of Deputy Provincial Secretary Trowbridge. "I can't run the one and I can't pay taxes on the other and I might as well let you have 'em both."

Told again that the province couldn't deal he commented on the decadence of an "outfit afraid to take a chance" and left the office, still without his license plates.

**VISITORS BEAT LOCAL CREW 2 BOAT RACES**

COURSE WAS ONE MILE WITH CREWS OF FIVE AND COXSWAIN IN WHALING BOATS

Urged on by the cheers of their fellows and by the large crowd assembled on the dock and in boats on the water, the crew of the H.M.C.S. Patricia twice won the honors from the local crew representing the Royal Canadian Naval Reserve in a boat race last evening.

The water was calm and all the conditions were ideal for the race when the boats lined up at the starting point off the drydock. Both crews rowed well but it was soon seen that the visitors must win. They were followed by several launches and there was a huge crowd on the dock to see them come in which they did in each case with the visiting crew well in the lead.

Two whalers were used, one 25 feet in length and the other 27 feet. In order that no advantage might result from the use of the lighter boat by one crew, two races were pulled, the crews changing boats. There were five men and a coxswain in each boat and the course was one mile ending at the Grand Trunk dock.

The official time of the races was as follows:

1st race: Patricia's 10 mins. 49 sec. R.C.N.V.R. 11 mins. 13 1-5 secs.  
2nd race: Patricia's 11:26 1-5 secs. R.C.N.V.R. 11 mins. 39 3-5 secs.

The officials were: Judge, Lieut. Commander Agnew; Starter, Gunnar Tharrett; Time keeper, Lieut. Ley.

**MEMBERS OF TEAMS**

H.M.C.S. Patricia.—Leading Seaman Clements, coxswain, Able Seaman Smith, Able Seaman Walker, Able Seaman Barker, Able Seaman Nichols and Able Seaman Hobday.

R.C.N.V.R.—Chief Petty Officer Dawes, coxswain, A. Duncan, S. Raybone, T. Camm, J. McAuley and J. Nelson.

This afternoon at 5.30, the winners of yesterday's race will row with a team from the engine room department of the destroyer which has challenged them. The engine room team will be as follows: Stoker Garrington, coxswain, Petty Officer H. Brewer, Petty Officer A. O'Brien, Petty Officer A. Chalk, Stoker Lukovich and Stoker D. Jordan.

**SAILING RACE**

Tomorrow afternoon at 2 o'clock, there will be a sailing race over a three-mile triangular course with teams as follows:

H.M.C.S. Patricia.—Lieut. Lay, Leading Seaman Jones, Able Seaman Pope, Boy Summers, Boy Stone and Boy Ulrich.

R.C.N.V.R.—Lieut. Ryall, Chief Petty Officer Dawes, George Dyer, Len Howe, J. Nelson and J. De Marco.

**SPORTS CENTRE NEAR VICTORIA**

**OLD BAY CLUB MOVES ACTIVITIES TO THE GORGE VIEW TO EXPANSION**

VICTORIA, May 20.—The establishment of a sports centre at its new property and home at the Gorge is the plan of the popular James Bay Athletic Association, which will cater to rowing, swimming, rugby, gymnastics, lawn bowling and other forms of athletics. It is expected that the athletic life of the community will centre largely around this club in its fine new quarters.

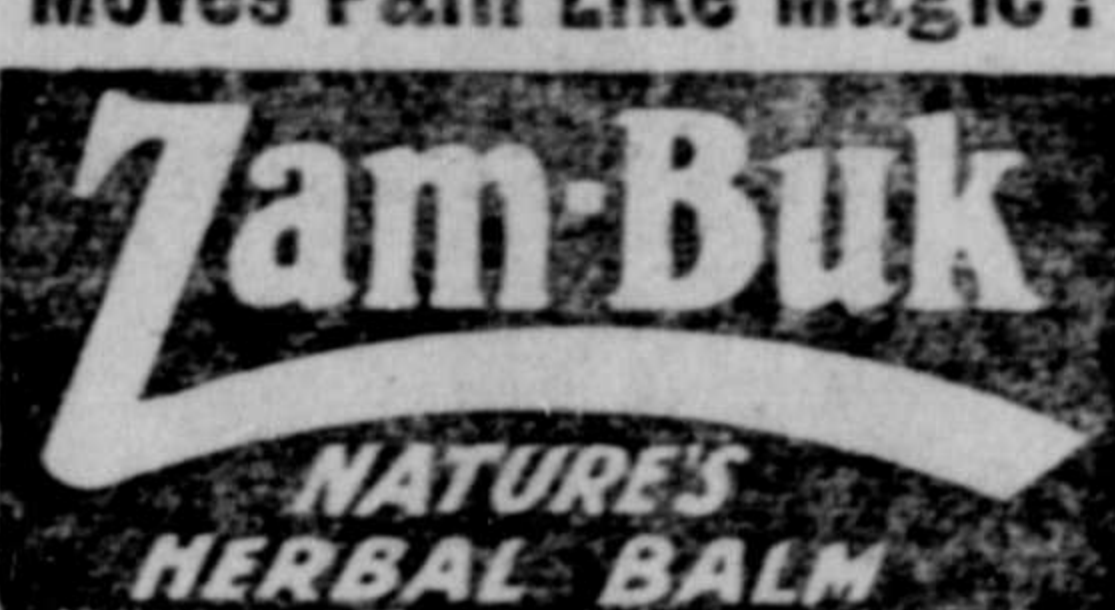

Plans have been prepared free by F. R. Rattenbury, local architect, for the building of a new boathouse on the waterfront, the construction of courts for tennis and greens for bowling, and preparation for the general beautification of the grounds. Approximately \$14,000 will be expended in effecting these improvements.

The new boathouse will provide first-class accommodation for the many shells, sculls and lapstreaks, as well as for the canoes of the members. Swimming accommodation will be provided for both men and women, and a pool will be built in which galas can be staged. A large grandstand will

**Piles QUICKLY BANISHED**

"I suffered years of agony through blind itching piles," says Mrs. W. Hughes, of Hochelaga St., Montreal. "Pain, loss of strength, complete misery, was my daily lot until I came across Zam-Buk. I know now that there is nothing on earth to equal this grand herbal healer. Since it lifted me from misery my earnest wish is to make Zam-Buk known to all sufferers." See Box.

Moves Pain Like Magic!

**THOUGHT TO BE CASE MUTINY ON HIGH SEAS**

Crew Deserted at Lawn Hill but Sent Help From Skidegate

SKIDEGATE, May 20.—Captain C. Hansen left Prince Rupert for South Bay cannery aboard his troller Annie K., his crew consisting of Mr. Burns of Queen Charlotte City. All went well until they sighted Lawn Hill when the gas ran out and a difference arose between the captain and the crew as to whether they should proceed to Skidegate or lie up at Lawn Hill. The result was the crew openly mutinied and, taking the lifeboat, rowed ashore and walked to Skidegate and reported.

**SPORT CHAT**

Prince Rupert is being treated to something new in the way of athletics with a rowing race last night between the local Naval Reserve and H.M.C.S. Patricia and the sailing race which will be held tomorrow afternoon. Water sports are a real novelty here and that is a peculiar situation for one would think that in a place like this they would be very common. Water sports are the one thing that have plenty of venue here and it seems strange that more attention is not given them. Such would form a distinctive feature for the forthcoming Diamond Jubilee of Confederation celebration and might well be given consideration. The only drawback about water sports is that it's hard to get gate receipts from them. Though they are needed, perhaps, gate

**SKIDEGATE**

A very enjoyable dance was held last Saturday in the Dufferin Pattullo school. The Cold Storage boat Chief Zibwas was in and all the members of the crew attended, there being fully one hundred people at the school. Music was supplied by G. McKay's six piece orchestra.

School Inspector Fraser has been visiting the schools around the Inlet and at Lawn Hill.

The salmon packer Nortonian, Capt. Eli Tingley, was the first packer to go out to Hippo this year. They are buying for the B.C. Packers. Capt. Christenson of the troller Chopa sold the first catch of springs 200 lbs. at

receipts are made too much of an object.

Accommodations for the 1928 Olympic games at Amsterdam are nearing completion with speed unequalled since the Stockholm games in 1912. Sixteen months before the scheduled opening of the games, the stadiums are taking definite form under the supervision of the Dutch Olympic committee. The grounds cover an area of 40 acres and are situated in the southern part of Amsterdam, 20 minutes by tramway from the city hall. A ten minute ride in an automobile takes the prospective spectator from a hotel in the central part of the city to the stadium. Beside the main Olympic Stadium for track and field sports a swimming pool, pavilion for fencing, cricket ground and tennis stadium are under construction. Only a few minutes' walk separates them. The "grand stadium" will accommodate 40,000 spectators—20,000 seated and 20,000 standing. It is 285 yards in length by 185 yards wide and contains a football field arranged for Rugby or Association and of international regulation dimensions. The cinder racing track, encircling the football field is 436 yards in length and nearly nine yards wide. The cycling track, just outside the racing cinder track, is 545 yards long.

**TERRACE**

C. R. Gilbert returned on Tuesday from a week's business trip to interior towns.

C. W. Swanson of the Skeena River Lumber Co., U.S., was a business visitor here during the week.

S. H. Hoskins, government agent, Smithers, was in town Tuesday and Wednesday holding a court of revision of the voter's list. He returned to Smithers on Wednesday.

Mrs. J. B. Colthurst returned on Wednesday from Vancouver and other southern cities where she has been visiting since accompanying her son and daughter to their respective private schools at Easter.

P. M. Monckton, left on Wednesday on a business trip to Smithers.

**TERRACE CHANGES DATE OF THE FAIR**

TERRACE, May 20.—At a meeting of the fair board Wednesday evening at the home of the secretary the date of the fair was changed to September 3 to accommodate the stock judge. A request is being sent to have the judge remain a few days to make a tubercular test of the local herds.

## ELMER GANTRY SELLS RAPIDLY

(Alaska Empire)  
"Have you read 'Elmer Gantry'?" The question seems to have succeeded "Good morning" among those who keep up, or pretend to, with the season's "best sellers."

Probably no novel since Mrs. Ward's "Robert Elsmere" appeared has created such furore among theologians and church workers as this latest publication of Sinclair Lewis, though the books are vastly different in subject and treatment. They are alike in that "Elmer Gantry," as was the case with "Robert Elsmere" nearly forty years ago, has jarred church methods and theological doctrines through its instantaneous acceptance by the public and immense sales. It is said that the first sixty days of "Elmer Gantry" produced a demand for a million copies or more and that the publishers are more than 200,000 copies behind in their deliveries to purchasers. Mrs. Humphrey Ward lived to see "Robert Elsmere" in practically all of the libraries, from which it was excluded when it was young, and "accepted" by many theologians. It is not likely that Mr. Lewis will be as fortunate, no matter how long he might live.

Said one critic, "God took Sinclair Lewis at his word and struck him dead, artistically speaking, before he wrote," and, the same critic, "Elmer Gantry" is worse than murder." Yet this critic, the member of a committee to select the book of the month for a club of 40,000 or 50,000 members, voted with the other members of the committee that "Elmer Gantry" was the outstanding new book. It is difficult to see how he could have done otherwise.

Boston, Kansas City and other places have put the ban on "Elmer Gantry," refusing to permit it to be sold in the bookstores. That is not strange. Many a cleaner book has been treated that way. The author is brutally frank in the way he calls a spade a spade. In fact, one sometimes thinks Lewis could have made his point and put over his story without making Elmer so rotten—or so ruthlessly exposing his rottenness and telling it all so brazenly.

Yet "Elmer Gantry," like all of Sinclair Lewis' books, is well done. The character painting is clear and unmistakable. The men in the book, mostly preachers, do the inevitable. Satire, irony, sarcasm, wit and humor perform their parts in the author's best style. The story rushes from cover to cover with lightning speed, save for a very few dull spots and they serve to permit the reader to catch his breath. It satisfies the average book reader's demand for an interesting plot thrillingly revealed. It is a great book regardless of what one may think of whether or not it ought to have been printed.

### LAND ACT

#### NOTICE OF INTENTION TO APPLY TO LEASE LAND.

In Range 3, Coast Land District, Land Recording District of Prince Rupert, and situated on the south shore of La-Bouchere Channel, B.C.

**TAKE NOTICE** that Gosse Packing Co. Ltd., of 325 Howe St., Vancouver, B.C., occupation Fish Packers, intends to apply for a lease of the following described lands—

Commencing at a post planted at the southeast corner T.L. 10390, Range 3, Coast Land District; thence south 5 chains; thence west 10 chains; thence north 5 chains to shore; thence easterly along shore to point of commencement, and containing 5 acres, more or less.

Per Chas. L. Roberts, Agent.  
Dated April 7, 1927.

## Neglected Eyes

NEGLECT is doubtless the cause of most of the ills that afflict humanity. This is so self evident that it seems hardly necessary to tell you. If your eyes are giving trouble, have them attended to—and at once.

OF ALL absurdities in the kingdom of foolishness, surely the loss of eyesight through neglect is the most inexcusable.

DON'T lose health and efficiency through neglect. Come and see!

## NEW ARRIVALS THIS YEAR WILL TOTAL 200,000

### IMMIGRATION DURING FIRST QUARTER SHOWS HEALTHY INCREASE

OTTAWA, May 20.—On the basis of present returns, 200,000 people will be added to Canada's population this year. For the past two weeks ocean liners have been coming into Halifax, St. John, Quebec and Montreal daily, each loaded to capacity with new citizens. One of the largest agencies interested in this work makes the statement that they are unable to handle all the settlers which they have applications for, and that it will be necessary to postpone the movement of some of these people until later on in the fall and possibly until next year.

The preponderance of the newcomers are still from European countries, but there has been an appreciable increase in the number of those coming from the British Isles. The class of settlers landed to date is probably the best the Dominion has had in many years. They are all selected. Moreover they are going to engage in agricultural work and practically all of them went directly from the boat to farm jobs which had been secured for them before they left the other side.

British immigration during the first three months, including only those sent out under state-aided schemes, totalled 102,433, as compared with 6,623 a year ago. Emigration from England does not reach its peak until May, so that statistics for the six months are likely to be exceptionally high. It is understood that the Canadian Government offices in London have applications from several hundred families of the most desirable type in excess of the number of farms which have so far been made available. There is a hope that the Overseas Settlement Committee may be able to arrange financial conditions that it will be possible to purchase a number of farms to meet requirements of the applicants now awaiting to come to Canada.

## INDIANS BELIEVE IN GOOD AND BAD SPIRITS

### Professor Hill-Tout Speaks of Totem Poles and Indian Folk Lore

VANCOUVER, May 20.—Legends of the British Columbia Indian, his habits and strange family codes, were the subjects of an address by Professor Charles Hill-Tout at the Electric Club luncheon in the Hotel Vancouver. "Primitive man," the speaker said, "is always spiritualistic." He pointed out that every group of the more backward races had a belief in spirits. The workings of the Indian mind, he stated, peopled the world with ghostly visions, some beneficent, some malevolent. The need was often felt by them for some powerful spiritual guardian.

## INTERESTING CASE IS BEFORE COURTS

### Floating Cannery Fight Mentioned in Recent Despatch to Eastern Paper

The case of the Laurel Whalen floating cannery, which is to be tried by the Supreme Court in a few days, is mentioned in a despatch to the Financial Post which says:

Test cases of far-reaching importance to the fishing and canning industry of the Pacific Coast are being fought in the Supreme Court of British Columbia between the Somerville Cannery Company and the federal department of marine and fisheries. In one case the government is prosecuting for non-payment of taxes on a can-pack and in the other it is defending in a suit for damages arising out of its refusal to permit the plaintiff to operate a floating cannery.

Upon the outcome depends the authority of the federal government to tax and regulate the Pacific Coast canning industry and to forbid operation of floating canneries.

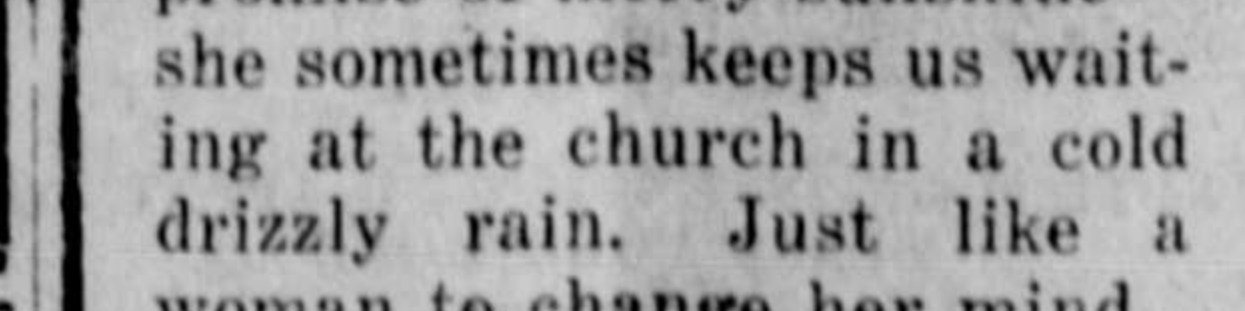

Cannery companies owning land canneries must be vitally interested in the case since a decision in favor of the plaintiff might conceivably revolutionize the salmon fishing industry of the Pacific coast. Floating canneries are hulk fitted as complete canneries units and having the great advantage of mobility. Where the salmon run is good there they might readily go, pipe fresh water from shore and operate in competition with the established land canneries. The latter are subject to the variable fortune of the run and prospects of having the "floaters" cut in on their receipts from fishermen in good seasons are not relished.

## WATER NOTICE

### DIVERSION AND USE

**TAKE NOTICE** that Gosse Packing Company, Limited, whose address is Vancouver, B.C., will apply for a licence to take and use 250,000 gallons of water out of unnamed stream which flows northerly and drains into Green Inlet about 30 chains east of northwest corner of Lot 68, Range 3, Coast District. The water will be diverted from the stream at a point about 300 feet from mouth and will be used for domestic and commercial purposes upon the land described as application to lease by applicants. This notice was posted on the ground on the 2nd day of April, 1927. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is April 21, 1927.

spirit was enshrined and could not escape, according to the Indian belief. He recalled the action of coastal tribes which, when about to do something wrong, covered the totems with blankets so the spirit could not see and condemn their actions.

Indian folklore, the professor stated, showed the Indians west of the Kootenays came from a land where there were no salmon. He recounted the ancient legend of the coastal tribes, which told of the Squamish chief, who, when his people starved in the winter time, interviewed the salmon king. According to the tale, the speaker stated, the king granted the request of the chief and sent his people at different times of the year to the rivers of British Columbia.

**NAVAL POLICY CANADA TODAY**

THAT PROPOSED BY LAURIER WAS DESTROYED AND AIR EN-PASSION TAKES ITS PLACE

(Victoria Times)

The morning paper notes that the Aurora, which, with two destroyers, was given to Canada by Great Britain after the war, has been tied up at Halifax wharf for some years and has not been used for naval defence purposes because the Government has not developed a sufficiently adequate naval policy to employ it.

Whose fault is it that Canada has not developed a sufficiently "adequate naval policy?" It is well-known that the Conservative party, allied with the anti-navy elements in Quebec in the general election campaign of 1911, destroyed the adequate naval policy which Sir Wilfrid Laurier had adopted. The Liberal government of that time had called for and did actually have in its possession tenders for no fewer than eleven of Great Britain's shipbuilding firms, any one of which was prepared to come to Canada, establish a plant, and build the cruisers, the submarines, and the other complementary craft embraced by the Laurier program.

**PROGRAM DESTROYED**

The Laurier government was defeated at the election in 1911 largely because the Conservative party under Sir Robert Borden threw in its lot with Nationalist forces in Quebec that were opposed to the naval program in question. Al-

ABUNE THEM A

**JOHN ROBERTSON'S SCOTCH \$4.50**

This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia

though it supported this policy when it first came down when it saw a chance to get into office, with the aid of the anti-navy elements, it took it. On its election to office it promptly returned the tenders which British shipbuilding firms had submitted. It ordered the dismantling of the two training ships, the Niobe and the Rainbow and, with one stroke of the pen, destroyed the organization which is so essential to the development of an "adequate naval policy."

It was that course which prevented Canada from taking her share of naval

patrol during the Great War. Australia, which had adopted a naval policy when Canada did, was able to do her part on the sea as well as on the land. This Dominion was dependent upon the good offices of other countries for the protection of her shipping.

With the removal of the German menace, naval policies of necessity underwent a very considerable overhauling. The Washington Conference produced the first disarmament program and other movements are under consideration at the present time. All of these are directed towards a substantial curtailment of fighting equipment. These aims will not be rapidly realized, however, and in the meantime certain defensive measures will be required.

**AIR POLICY**

In this regard we already have the word of the Prime Minister—and the estimates passed at the recent session of the House of Commons implemented it—that Canada's air policy is to be developed with a view to a more comprehensive use of the aerial arm in the defensive service. The country's naval policy naturally will depend to some extent upon considerations which will be clearer as time goes on. Meanwhile, there is no reason to weep over the fact that the Aurora has not been costing the taxpayers of Canada as much as it might have cost had it been in commission for the last five or six years.

**JUNIOR FOOTBALL TEAMS ARE CHOSEN**

Following is the line-up for the junior football game at 2:30 tomorrow:

**BORDEN SCHOOL WON FOOTBALL**

HIGH SCHOOL WAS HANDICAPPED BY HAVING ONLY NINE PLAYERS

In the Junior Football League match postponed from last Saturday and played last evening at Acropolis Hill, Borden won over High School by a score of two goals to one.

High played down hill and Smith forced a couple of corners which were cleared. Wicks carried play to the other end and forced a fruitless corner. Borden were having more than their share of the game and finally Nina Gurvich scored from Wick's centre. Just after Borden had a lucky escape when a long shot of Fisher's hit the bottom of the upright with the Borden defence waiting for it to go behind. Both the Smiths of the High School were prominent but with only nine men on the field High were a big advantage. Steen cleared from Smith a couple of times and then caught a shot that was well inside the upright but the referee from his position upfield was unable to see the score. High forwards were continually attacking but finished weakly. Steen misfielded one of Smith's many fine corners but the ball went past for another fruitless corner. Victor Thomas was prominent but nothing resulted.

Miwa made a good run for High but Stiles cleared. Lee headed just over from Wick's centre. The game was now much better and faster and High's nine men were playing very hard. Morrison shot past. Smith worked through but was disposed. In a break-away Lee scored with a fine shot and Borden were two up. Fisher, Smith and Thomas combined well but Stiles cleared. Nick Gurvich shot wildly. Smith worked his way right through to beat Steen from close in with a fine shot. Kane at the other end caught and cleared. Smith again worked his way through but shot from top far out and sent the ball over the bar. Gurvich handled foolishly in the penalty area but from the resulting penalty Smith hit the upright. Kane was playing well in High goal and caught and cleared several shots, one at point-blank range from Lee being a very fine save. It was anybody's game and was keenly contested but no further score resulted and Borden ran out winners by 2-1.

Jack Campbell refereed and W. W. C. O'Neill and Bobbie Irvine were linesmen.

Teams:  
High—Kane, D. Morrison, Kami Miwa, T. Sakamoto, W. Fisher, E. Smith, W. Johnson, E. Smith, V. Thomas.  
Borden—Steen, A. Styles, M. Larkin, Mick Gurvich, A. MacDonald, T. Orme, Roy Wicks, E. Batt, J. Lee, Nina Gurvich, K. Nakamoto.

**NEED OF PUBLICITY TO AVOID SUSPICION IS DESIRED BY EVERYONE**

DES MOINES, IOWA, May 19.—Divorces are increasing rapidly in England. Judge J. R. Day of Omaha told the national conference on social work. The reason, he said, is to be found in the lack of publicity given the divorce court in England.

Prohibition of published details of divorce proceedings in England has shown that divorce grows when lacking the spotlight of publicity.

"Courts should operate in the spotlight of the public," he said, "for the good of the individuals as well as the judges. Under cover operations lead to suspicion regarding the procedures. The fear of publicity settles many domestic relations problems simply by causing the principals to hesitate with their action and to iron out their differences in the meantime."

**WELSH LANGUAGE IS SLOWLY DYING**

LONDON, May 19.—The report compiled from the latest census returns, notes the decline of the Welsh language. There are still, it is stated, more than 150,000 persons in Wales who are able to converse only in Welsh, but they are only 18 per cent, fewer than they were ten years ago; while those able to speak English only, numbering nearly 90 per cent, of the Welsh population, have increased by more than 21 per cent in the same period.
