AIRPLANES ARE STILL MISSING TODAY COUNSEL FOR B.C. ADVISES FREIGHT RATES FOUGHT OUT

No Word Received of Airplanes Crossing from Europe from This Side

NEW YORK, September 8.—Hope for survival of the crew of the "Old Glory" which set out from Old Orchard, Maine, bound for Rome sank today with no word since receiving the S.O.S. Tuesday night some 500 miles east of Newfoundland. The plane should have passed Bordeaux, France, last night about midnight.

The crew of the plane was made up of the pilots Lloyd Berland and James D. Hill and the passenger was Philip A. Payne, managing editor of the New York Daily Mirror.

Liners searched yesterday and today without avail, the captain expressing the opinion that there was little chance of survival of the men if they were forced down on the rough waters which were prevailing.

William Randolph Hearst, owner of the plane, has offered \$25,000 reward to anyone finding it.

LONDON, Sept. 8.—No word has been received from the plane Sir John Carling since it left Harbor Grace yesterday morning for England with Capt. Terry Tully and Lieut. James Medcalf aboard.

The Conservative nominating convention held last night in the Conservative rooms decided that in view of the fact that it was not likely an election would be held in the near future they would defer nominating a candidate for this constituency until a later date.

Accordingly the convention adjourned to meet again at the call of the district president, W. E. Fisher. Delegates were present from the city and representatives of delegates from the canneries and islands. J. C. McLennan presided and addresses were given by J. C. Brady, D. C. Stuart, W. H. Love, and E. A. Mann. Organization work was discussed and D. C. Stuart was chosen chairman of the organization committee.

FALSE LABELS FOR WHISKEY

Scotch is Mixed at Yorkton and
Placarded With Winnipeg
Designs

OTTAWA, Sept. 8.—Fictitious labels purporting to cover pure Scotch whiskey were printed in Winnipeg and placed on bottles of liquor mixed on the premises of the Yorkton Distributors at Yorkton, Sask. The labels according to J. Bronfman, a witness before the Royal Customs Commission this morning, were printed by a Winnipeg firm, Burman & Co.

ROSSLAND WINNER SECOND BALL GAME PROVINCIAL SERIES

VANCOUVER, Sept. 8.—Rossland defeated Fraser Mills 6 to 5 in the second game of the provincial baseball playoff series. Each team has now won a game.

TRADES CONGRESS OF BRITAIN BREAKS OFF WITH RUSSIAN LABOR

EDINBURGH, Sept. 8.—The Trades Union Congress today confirmed the proposals of the general council to break off negotiations with the All-Russian Council of Trades Unions.

MARKETING TOUR TO EUROPE IS PLANNED

TORONTO, Sept. 8.—One hundred and fifty farmers are making a marketing tour of Scotland, England, and Denmark in January under the auspices of the Canadian National Railways.

FROST IN ALBERTA

CALGARY, Sept. 8.—Frost was reported in a few districts in Alberta last night, the heaviest being in the Lethbridge district.

BEARS INVADE
CAMP OF ROAD
BUILDERS HERE

While Prince Rupert people are pleased at the progress made on the new road, the bear family resent the intrusion on their domain and this week showed it in no uncertain manner. During the night they raided the Galloway Rapids camp of the contractors and played havoc with the larder. Things were thrown around and much of the food either eaten or destroyed.

GRAIN COMING TO THE WEST

McGeer Says New Rates Will
Make Vancouver Great Port

VANCOUVER, Sept. 7.—The recent order of the railway board reducing to 20c the rate on export of grain from Calgary to the Pacific Coast means a movement of grain through Vancouver this year which will jump to 75,000,000 bushels, G. G. McGeer said last night, when addressing the Vancouver South Liberal executive. This means that Vancouver will become one of the largest grain ports in the world, either third or fourth.

British Columbia still had a complaint, the speaker said, pointing out that the rate on the 968 mile haul to Quebec City was 18 cents while for the 642 mile haul to Vancouver it was 20c. He said they did not care what rate was given to Quebec but Vancouver wanted the same treatment as it was in competition with New York as much as Quebec.

REDUCTION ARMAMENTS

GENEVA, Sept. 8.—Assertions that competitive armaments create an atmosphere of war and that reduction of armaments must be doggedly fought for until achieved, were the high points in the addresses at the League of Nations assembly yesterday.

PRINCES LEAVE ON RETURN TO ENGLAND

QUEBEC, Sept. 8.—The Prince of Wales and Prince George sailed yesterday on the Empress of Scotland for England.

CREAM PRODUCTION IN STATES LARGER

WASHINGTON, D.C., Sept. 8.—Ice cream production in the United States has increased 240 per cent in 16 years, rising from 95,450,000 gallons in 1910 to 324,665,000 gallons in 1926. Although a small branch of the dairy industry, utilizing only about 3.8 per cent of all milk produced, ice cream manufacture employs more than 50,000 persons and pays out in salaries more than \$75,000,000 a year.

GRAZING IN NATIONAL FORESTS

The regulated grazing of live-stock is permitted on Dominion forest reserves or national forests in the western provinces. The number of animals pastured in the national forests in the fiscal year ended, March 31, 1926, was: cattle, 40,722; horses, 10,822; sheep and hogs, 4,923.

FOOTBALL ASSOCIATION

CALGARY, Sept. 8.—Officers of the Dominion Football Association were re-elected today.

MINE TO REOPEN

NANAIMO, Sept. 8.—The Morden mine, which was closed several years ago will be reopened, it is announced.

GOLD MEDAL FOR EXHIBIT

Big Bay Lumber Co. Wins For
Fourth Time Industrial Exhibit

The Big Bay Lumber Company of Georgetown, B.C., has won the gold medal for the best industrial exhibit at the Prince Rupert Exhibition for the fourth year in succession. Their exhibit this year was a splendid one showing all the different kinds of lumber manufactured at the company's mills at Georgetown. In consists of a model house under construction, one side being completely finished and the other left open showing the interior framing and the method of construction and the lumber used. The house is built to scale and the lumber was cut to scale at the mills specially for this job. The actual work of constructing the exhibit was done by Ben Dalgarno who is the winner of the special prize presented by the Big Bay Company for the best house model.

The exhibit also shows the different kinds of lumber manufactured at the Georgetown Mills for export to all parts of the world and also for local use. Boxwood, used in the making of fish boxes of which so many thousands are used in Prince Rupert, is one of the specialties of the Big Bay Company and the various sizes of fish boxes used in the trade are also shown.

Another interesting item in this exhibit is the old fashioned spinning chair carved out of red cedar by Wm. Miller, showing one of the many uses to which red cedar may be put.

Taken altogether the Big Bay Company's exhibit is one which deserved the Gold Medal.

District Exhibits at Fair Are Splendid Indications of What Can Be Grown in Central B.C.

The display of products of the Bulkley Valley, the Skeena River Valley, and the Francois and Ootsa Lakes district at the fair this year is a wonderful display of the products of a wonderful country. It was gathered and brought here by D. D. Munro of the Land Settlement Board who has put a lot of effort into making the collection a thoroughly representative one. It was not entered for competition but simply for the purpose of showing what these districts could do.

The display covers almost all one side of the building and is most carefully and artistically staged. There are samples of the grains and grasses, the vegetables and fruit, the world beating timothy seed and the honey produced in the districts covered. It is one of the prominent attractions of the fair and has been the subject of much comment. Prince George, too, had a very fine exhibit of district products which won first prize and the exhibits seem to indicate that the extremely dry season did not affect the crops to any very great extent.

All the district exhibits show more grain than usual, as a result of the new interest taken in grain growing in the interior country.

Freight Rates Again Before Government of the Province But Railway Action Awaited

VANCOUVER, September 8.—British Columbia will carry the freight rates fight to the supreme court of Canada or to the Governor-General in council if the advice of G. G. McGeer, provincial freight rates counsel, is accepted by the administration. Mr. McGeer indicated last night that he had advised the premier to continue the fight.

VICTORIA, September 8.—Premier MacLean said last night he had discussed the freight rates with Mr. McGeer but had reached no conclusion. In any event he would confer with his cabinet colleagues before taking action. The premier indicated that his own view would be to wait the action of the railway companies arising out of the order by the commissioners.

Infantile Paralysis Still Taking
Victims in Widely Scattered
Districts

VANCOUVER, Sept. 8.—Health authorities in widely separated districts of the Edmonton, Alberta and West Kootenay areas of British Columbia are mustering their forces to battle the epidemic of infantile paralysis, which to date has taken fourteen lives, mostly school age children. In Edmonton there have been nine deaths and 70 children are under treatment in the hospitals.

In a mild form the disease has manifested itself at Nelson, Trail and Rossland, where a total of 25 cases have been reported, five of which have proved fatal. The public schools have been closed. A twenty-year old youth is the latest Rossland victim. There were two new cases in Trail and Nelson yesterday.

CANADA FEELS LIKE HIS HOME

That is Statement of President
Falconer of University of
Toronto

VANCOUVER, Sept. 8.—There can be no question of the existence of distinguishing characteristics which will give Canada a marked identity of her own among the nations of the world. Sir Robert Falconer, president of the University of Toronto, said yesterday when addressing the Canadian Club. All across Canada the pronounced characteristics of the people were more and more apparent and there is unity everywhere. No matter where one travels in Canada, one feels at home but when you cross into the United States there is not the same feeling.

EXHIBITION BOARD JUSTIFIED

The exhibition board has been fully justified in its decision to continue the annual Fall Fair. At one time it looked rather blue and many citizens feared the event would have to be omitted this year. However, there were optimists in the city who refused to be daunted by any such thing as a deficit. They set to work courageously to prepare for the present event and laid the foundations so well that the exhibition bids fair to be a great success. The new features this year have added much to the interest. While it is difficult to get new things every year, when it is possible to do so they add much to the fair. People like change.

Money is the thing that makes life disagreeable when you haven't any.

PLEASED WITH FAIR

Visitors to the fair have been expressing how pleased they are at the general arrangements and at the outstanding exhibits of the season. Doubtless the weather has affected the district exhibits and yet there is absolutely no fault to find with any of the products except that they are not quite as large as usual.

The Bulkley Valley exhibit is excellent in quality and well balanced. The Prince George people also have sent a fine display and it is well staged. Everywhere in the hall new things are seen.

The management is to be particularly complimented on the art exhibit that they have secured from Mrs. Goodrich. While many of the scenes depicted are of the Old Country there are also some nice little pictures of this neighborhood. That Prince Rupert should have an artist of such capabilities as Mrs. Goodrich is matter for congratulation. The exhibition of her pictures should be an inspiration to local young people to take up art work.

The display of marine specimens by the biological board management headed by D. B. Finn is something quite new and very appropriate for a seaport town and fishing centre. It is well staged and extremely interesting. It is an important addition to the exhibition and one that will probably develop in years to come.

The Ketchikan Chronicle is again announcing to its readers that all subscriptions to that paper must be paid in advance. And the Chronicle seem serious, too.

OUTSIDE PEOPLE LOOKING TO RUPERT

Outside people are looking to Prince Rupert to make headway, especially since the freight rates revision order has gone through. They feel that there is a period of growth ahead of the city and are more optimistic than many people here. They realize the position in which the city is placed.

It must not be assumed from that that any great rise in real estate values is expected, although even that is possible. What they mean is that a steady growth will be experienced and that the city will become more firmly established as a port and as a distributing centre.

It is often difficult to see things when you are too close. That is the difficulty here. We are too near the activities to be able to properly visualize them.

When a woman makes up her mind to it, there's pretty sure to be a wedding.

A going concern that is advertised for sale is mostly a concern that is going wrong.

FOUR BEARS WERE TOO MANY FOR LOCAL LADY TO MEET ALONE

Mrs. Frank Moore had rather a unique experience recently while visiting with her family near Prince George. She set out for a hike alone to visit a friend north of the city when on the lonely road she came face to face with three partly grown bears. Later the old one was seen. While Mrs. Moore is a brave woman and would not be averse to a fight with a single bear, cub, four was too many to be pleasant, however the bears retreated and she continued her hike.

Mrs. Moore and two children returned home Monday.

FIRST STAMPEDE IN PRINCE RUPERT IS IN PROGRESS TODAY

With a bumper crowd in attendance, Prince Rupert's first Stampede opened at 2 o'clock this afternoon at Acropolis Hill grounds, wild steers, mean cows, and bucking broncos are doing their worst, much to the delight of not a few persons whose first experience of this kind it is.

Early this afternoon much of the stock and most of the riders paraded through the city streets. The Boys' Band participated in the parade.

The Government of Canada has two experts at home investigating the possibility of introducing reindeer into the country near the mouth of the Mackenzie river. The experts have spent a year in the north, travelling on foot and by dog-team, and their study will take, it is expected, another year.

Man in the Moon

YOU can't always tell the kind of fish by the smell, as Jake said when he looked over the marine exhibit at the fair.

A GOOD many people are now realizing that the longer the holiday the longer it takes to recuperate.

THERE'S many a hitch in the teamster business and many an explosion in the motor profession.

THE visiting cowboys seem to have captured a good many of the local girls. Hoping is a pretty nice game, it seems to me.

I NEVER could quite understand what in a mining camp is the difference between a mine, a property and a proposition. They all seem to be propositions for collecting money from the public.

THE fair is nearly over. The popcorn is all sold. And think of the many pretty yarns that still remain untold.

IT does not mean that you are in good standing with the bank just because you have big feet.

"EVANGELINE," said Egbert Earmuff to his spouse, one morning last week, "I called little Chester four times this morning and he didn't answer; so I went to his room, turned down the covers, and gave him a spanking that I'll bet he'll remember."

"My heavens!" exclaimed Mrs. Earmuff. "Oh, Egbert, how could you? That means I'll have to find a new maid."

"Why, how's that?"

"How's that? Why, because Chester stayed all night with Billy Jones and the maid slept in his bed last night."

TERRACE

Mrs. Haddon and children of Prince Rupert who have been spending a holiday at the home of Mrs. W. Anderson on the bench, returned to Prince Rupert on Monday.

Frank Hipp left on Monday to take in the Prince Rupert fair.

Liss Library, who has again taken up her duties at the Copper City school, spent Monday in town.

W. Ross Thompson left on Monday for Prince Rupert with the produce exhibit of the firm of Hamlin & Thompson.

Mrs. Glass is a visitor at the Prince Rupert fair, having gone down on Monday.

Mrs. W. C. Little of Woodcock, who spent the week at the home of Mrs. Doll, returned home on Monday.

A test of local dairy herds for tuberculosis was made here on Monday by Dr. M. S. Sparrow, live stock judge at the fair. The result of the test will be known on Thursday.

T. R. Davis has sold his mill machinery, logging and hauling equipment, etc., to J. D. J. Jones, and expects to leave for the south on Thursday.

Miss Mary Wilson returned on Monday from Vancouver where she has spent the past year attending the Business Institute and will visit for some weeks at the home of her parents, Mr. and Mrs. A. Y. Wilson at Remo. She spent Tuesday and Wednesday as the guest of Miss Fanny McLaren.

Mrs. S. Kirkaldy was hostess to about twenty young people on Tuesday evening at a dance given as a farewell for her brother Lawrence Greig who is leaving on Wednesday for his old home in Cantelvale, Sask., where he will spend several weeks before entering Emmanuel College, Saskatoon.

Mrs. H. Halliwell left on Wednesday for Prince Rupert where she will visit her daughter and take in the fair.

E. R. Watts of Ocean Falls, who has spent some time at Kalum Lake, returned to town on Monday and left for the coast.

Mrs. E. A. Hankin of Trail, president of the Rebekah Assembly of B.C., paid an official visit to the local lodge on Tuesday evening. Refreshments were served.

R. Babb and Thos. J. Lang were in from Kalum Lake at the beginning of the week.

Terrace visitors to the Prince Rupert fair 1 week include Mr. and Mrs. Wm. Vanderlip, sr., John Smith, Misses Yvonne Cote and Mary Desjardins, Mrs. D. W. Cassel and daughter, Opal, Mrs. S. Haudenschild, Mrs. Carl Pohle.

For a Perfect Cup of Coffee

USE Carnation Milk. Flavor, aroma, color—absolutely perfect. It really makes the coffee. And yet it costs only one-third as much as cream.

It is because of the wonderful flavor and golden brown color it gives to coffee that many women have come to use Carnation in all kinds of cooking.

Carnation is double-rich—and there's cream in every drop. There's no "top milk" or "bottom milk" to Carnation. The Carnation process of "homogenization" distributes the double-helping of cream evenly throughout the tin. That is why Carnation adds so much smoothness and rich flavor wherever it is used. Order several tins or a case of 48 tins from your grocer.

COCOA MADE WITH CARNATION—Three tablespoons cocoa (or 2 tablespoons for children), 2 tablespoons sugar, 1/2 cup hot water, few grains salt, 1/2 cup Carnation Milk diluted with 1 1/2 cups water, 1/4 teaspoon vanilla. Scald diluted milk in double boiler. Mix cocoa, sugar and salt and add the 1/2 cup hot water. Cook over low flame 10 to 15 minutes, stirring occasionally to prevent burning. Add to cocoa the scalded milk; return to double boiler and continue cooking for 10 minutes. Whisk with Dover egg beater just before serving. Place a marshmallow in cup and pour hot cocoa over. This serves four. Chilled, then iced, this makes a delightful, hot weather drink.

An accident to her finger prevented Miss Ollie Curtis, champion cowgirl rider, from accompanying her pals.

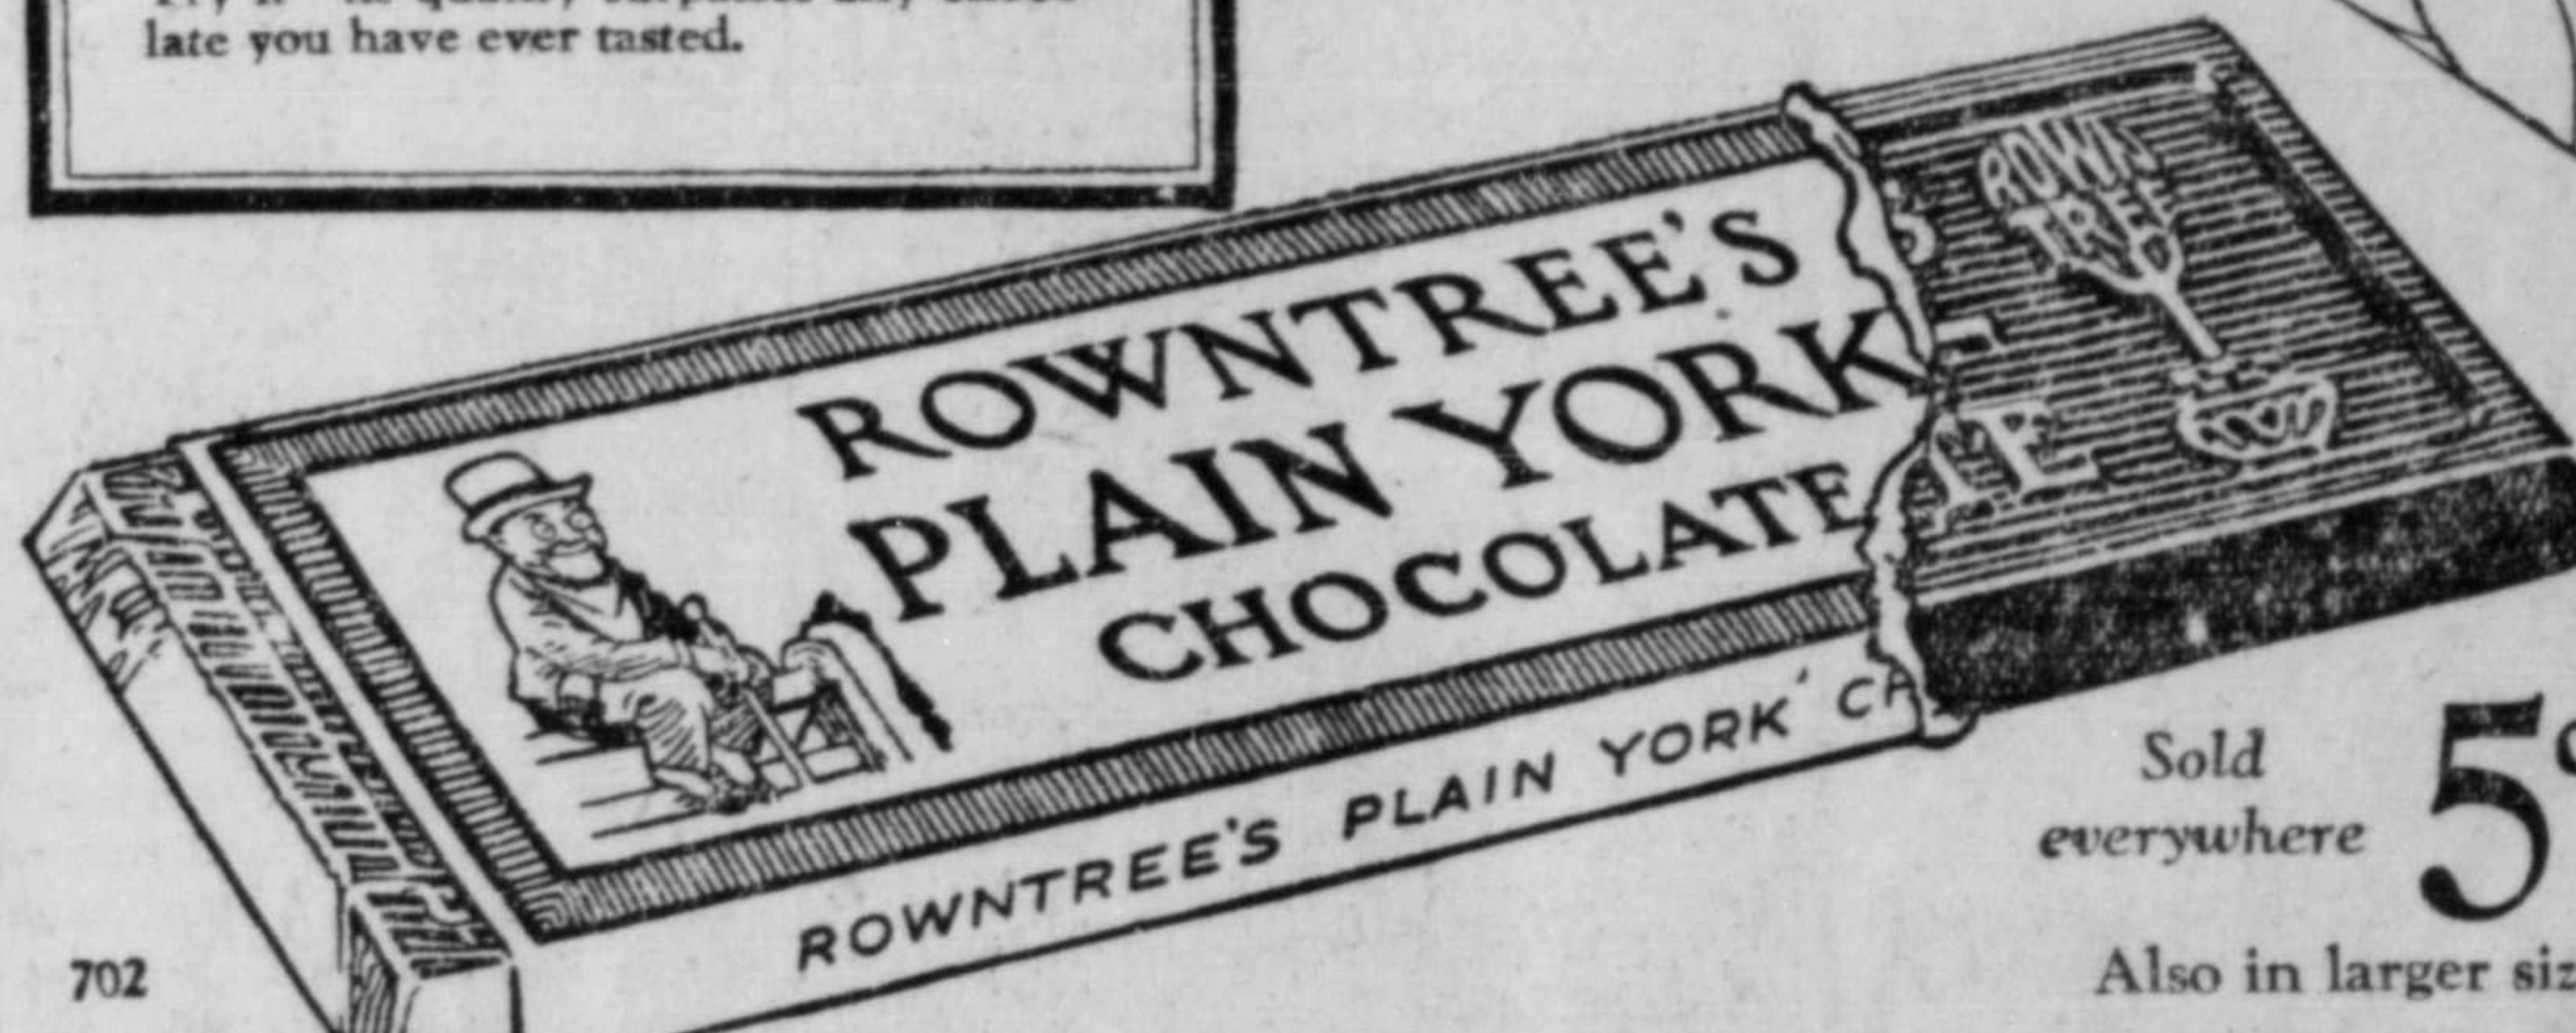

Plain Mr. York of York, Yorks., tells the boys and girls of the TASTE that set all England acclaiming and eating PLAIN YORK chocolate.

The minute the bell rings and school gets out,
Children come rushing with joyous shout
Into the store
They all want some more
Plain York—it's the choc'late they won't do without.

Trust the boys and girls to spot something good! And the minute they tried Plain York, they spotted the chocolate treat of a life-time.

This delicious, velvety-smooth plain Rowntree chocolate is the triumph of 200 years' experience in fine chocolate making. No wonder it is so truly chocolate—not too bitter, not too sweet, just right—a perfect dream of a taste. Try it—its quality surpasses any chocolate you have ever tasted.

Neglected Eyes

NEGLECT is doubtless the cause of most of the ills that afflict humanity. This is so self evident that it seems hardly necessary to tell you. If your eyes are giving trouble, have them attended to—and at once.

OF ALL absurdities in the kingdom of foolishness, surely the loss of eyesight through neglect is the most inexcusable.

DON'T lose health and efficiency through neglect. Come and see!

Prize List Announced in One of the Most Important Classes at Local Exhibition

CUP TO PRINCE GEORGE

Of all the classes of exhibits at the Prince Rupert Exhibition, none is more important than the large class which takes in fruit, garden vegetables and flowers, prize winners in which were announced last night. It is a very complete exhibit this year and is proving both interesting and attractive. Many new names are to be seen in the list of prize-winners and it may be noted that, in this regard, there is a wide spread, a few individual entrants not having won all the prizes as has so often been the case in past years.

Prince George Agricultural & Industrial Association was awarded the Fair Board's \$100 cup for the best district display. The Central British Columbia and Peace River displays were not entered in competition.

The complete list of prize-winners is as follows:

STEWART

John P. Kendall, head of the Toronto financial house of John P. Kendall & Co., who is interested in the Bush Consolidated property, has returned East, after a visit to this camp, greatly enthused with the opportunities for profitable mining in this section, and declaring that his lot is unequivocally cast with the Portland Canal district.

Funeral services for the late W. C. Cameron were held last Wednesday afternoon in St. Mark's Church which was filled to capacity with mourners. Rev. E. W. Carter read the service and pallbearers were M. R. Jamieson, R. M. Stewart, W. J. Crawford, P. S. Jack, A. E. Young and H. P. Gibson. Government offices both here and at Hyder were closed all day out of respect.

Eli Watland, one of the original owners of the Prosperity mine acquired last fall by the Granby Co., has returned to Stewart after spending the winter in Norway.

Cecil Rose and Miss Muriel Helena Forsythe will be married in Prince Rupert the latter part of October.

A public meeting is being called for this week to consider ways and means to improve the local cemetery situation.

Vancouver Mines Ltd., has returned to Seattle, after a visit here, well pleased with results of work done on the property since his last visit. He stressed the importance of road construction to the camp and expressed the view that the completion of a truck road to the head of the Bear River, with a short branch up American Creek, would cause at least a dozen properties to immediately enter the shipping class.

That present developments on the Woodbine have shown most encouraging results and everything indicates that the property will soon pass from the prospect stage and become a producing mine is the opinion of Frank J. Crossland, prominent mining engineer, who made an examination of the property.

H. E. Hunnings, prominent Victoria broker, has been looking over this district.

Stepping aside for a car and blinded by the headlights, Clay Porter, manager of the Porter-Idaho mine, fell from the Hyder dock approach and broke two ribs.

LAND ACT.
NOTICE OF INTENTION TO APPLY TO LEASE LAND

In Atlin Land Recording District of the Cassiar District, and situated at the mouth of Wann River, about 500 feet easterly along the shore from the northwest corner of the Skylark Mineral Claim.

TAKE NOTICE that I, Horace McNaughton Fraser, of Atlin, occupation B.C. Land Surveyor, acting as agent for the Engineer Gold Mines Ltd., Inc., intend to apply for a lease of the following described lands:

Commencing at a post planted about 500 feet easterly along the shore from the northwest corner of the Skylark Mineral Claim; thence northerly 225 feet; thence easterly 100 feet; thence southerly 150 feet, more or less, to high water mark; thence westerly 100 feet, more or less, to point of commencement, and containing 0.5 acres, more or less.

ALICE ARM

T. W. Falconer last week occupied the big business block at the corner of Main Street and First Avenue which has been under construction for him during the summer. It is a two-storey structure of attractive appearance, containing store, hall and living quarters.

Record time was made by Neil Forbes, Fred Martinsen, Leo Pauler, Jack Collins and William McFarlane in driving the tunnel on the Vanguard. The work being done all by hand, 274 feet of tunnel was driven by them in 56 days or an average of almost five feet per day.

Properties represented in the Alice Arm mineral exhibit at the Prince Rupert Exhibit this week include the Bunker Hill, Sunrise, Vanguard, Beach Mclydenum, Mayflower, Homeguard, Wolf and Vanguard Extension.

A. Davidson and Gus Pearson returned to town last week after a prospecting trip over the Naas River divide. The country was found to be barren as far as minerals were concerned but there was a wonderful crop of vegetables, fruit, etc.

Tug Lorne left here last week having towed the barges Bingham and Peruta, laden with logs from the F. L. Housley camp, bound for Powell River.

Paul F. Brown, New York mining engineer, who visited this camp last year, is again here.

Alice Arm is experiencing much activity in the mining industry this year. Properties that are extracting ore or being developed by mining companies include the Toric, Wolf, Esperanza, Vanguard, Red Point, Eagle, Silver Cord, Le Roy and Keystone. The first three are shipping mines while the last mentioned are being rapidly developed toward that stage. Negotiations are under way for the acquiring of other properties in the district by influential mining concerns.

HAZELTON

The Misses Scott of New Zealand have been visiting in the community for several days. It was their original intention to stop off over trains, but the scenery has so charmed them they are staying for a longer period. At a hospital service Sunday afternoon they assisted in singing a duet and a solo.

Miss Moffatt arrived Monday morning to assume her duties as teacher of the Hazelton school. She comes from Summerland.

Flower Sunday will be observed in the United Church next Sunday. Flower gardens look better now than before this season. If frost will keep off for a while we will have blooms for several weeks to come.

D. W. McDerby of the Standard Typewriter Co. of Calgary and Regina called on residents in town last week in the interests of the Corona type writer.

There was quite an exodus of residents to Telkwa on Monday to take

Constable Jack Ticehurst is out and around again after having been forced into a rest through one of his toe nails growing wild. Of course the natives wouldn't mind if he was kept in the house for a longer time.

Mrs. Tomlinson, sr., left this week for Cedarvale where she will spend the next few months with friends.

FLY-TOX QUICKLY ENDS MOSQUITO TORMENT

Normal human blood is too thick to be drawn through the mosquito's small piercing tube. They must first inject a thinning fluid. In that way disease germs are set afloat in the blood stream—bacteria of burning fever and crippling disease. There is also the danger of streptococcal infection (blood poisoning) from scratching the bite. Mosquitoes should be killed. Health authorities advocate Fly-Tox. Fly-Tox is easy to use. Safe, stainless, fragrant, sure.—Advt.

STEWART WON SECOND GAME

Locals in Poor Form Yesterday and Loses 14 to 3 to Visitors

Six innings of weak pitching by Herman Loblick together with an infield that was full of holes, star players as well as everybody else on the home team being apparently completely out of form, lost Prince Rupert the second of the two game baseball series yesterday afternoon by a score of 14 to 3 to the Stewart players who turned in errorless ball. Though Loblick was not quite up to the mark at any time, except in the third frame when he fanned three batters, it started off as if it was going to be a good game but, with the score up to the then 5 to 3 in favor of Stewart, the Prince Rupert balloon blew up in the seventh when the visitors got five runs, following up with one in the eighth and a trio more in the ninth. Some timely heavy hitting on their part added to the gain the visitors made on local errors. Only in the sixth inning did Prince Rupert tally on the score card when four hits and the three runs were made. Very few other times did the locals get farther than first. Ole Haveland was sent into the mound at the start of the eighth frame to relieve Loblick and there was a general switch-around in the infield but it was too late. They only pounded four more runs out of Haveland.

Use St. Charles Milk and you'll have better success my dear

Experienced cooks are successful because they leave nothing to chance. They know their ingredients, mix them carefully and get the results desired.

Milk is most important in a majority of staple food recipes. But the quality and richness of ordinary milk is apt to vary considerably from day to day and many dishes fail to please because of the milk used.

SPORT CHAT

The Davis Cup contest starts today. It is a little early to criticize the selection committee who appointed the American team, but sentiment apparently ruled. The younger members were not given any encouragement, despite their splendid showing all season. It remains to be seen whether the policy of America will workout. Here is the forecast of this sheet for the various games. Tilden vs. Cochet (France); Johnson vs. La Coste (France); Doubles games Friday (to America); Tilden versus La Coste (France); Johnson versus Cochet (America). France will probably lift the cup by a close margin.

SID JOHNSTONE DRIVES INTO VANCOUVER AFTER MUDDY AND RAINY TRIP

S. D. Johnstone, who left here last week for a motor trip south with C. V. Evitt, made fast time, reaching Vancouver in just four-and-a-half days after leaving here. A jump of 280 miles from Quesnel to Lytton was made in one day. A veritable cloud-burst was passed through near Quesnel and Mr. Johnstone writes: "the roads were terrible in spots but we got through all right. The car looks like a mud barge and felt like it."

NATIVE WOMEN IN JAIL LAST NIGHT

Four Appear in City Police Court Today on Drunkenness Charges—Two Men Also

There was a great pow-wow in the women's section of the city calaboose where four Indian women imprisoned overnight, pending the hearing of drunkenness charges against them before Magistrate McClymont today. Dorothy Aucks, pleading guilty, was fined \$15, with the option of fourteen days' imprisonment, and Clara Green was remanded until this afternoon. Christine Wickner and Alice Miller, native born but married to white men and therefore coming under the category of white, each pleaded guilty and fines of \$25, with thirty days' option, were imposed on both. Joshua Tait, Indian, was fined \$25, with the option of thirty days' in jail, for drunkenness and Andrew Bryant, also a native, drew a similar penalty for obstructing the police.
