Crowds Hysterical at St. Louis in Welcoming Their Hero Lindbergh

ST. LOUIS, June 18.—The energy stored up while Colonel Lindbergh was acclaimed in the cities of Europe, in Washington and New York was loosed today at a reception given the Atlantic nonstop flyer in his home town following his arrival yesterday.

Today was declared an official holiday and the city drew on all its resources to give the young aviator a royal welcome. The crowds broke through the police lines and men and women were almost hysterical in their hero worship. Hundreds of thousands of people thronged the streets through which he passed.

Bulkley Valley Farmers Are Prosperous and Crops Looking Excellent Says Visitor to City

increased Wheat Acreage and Establishment of Market for Milk and Cream at Prince Rupert Largely Responsible

The farmers of the Bulkley Valley are in better condition financially than they have ever been, according to F. Chettleburgh, of Telkwa, who was in the city yesterday and today to meet the local committee in connection with the proposed stampede for the fair. He says the crops are looking wonderfully well and there is an immensely increased acreage sown to wheat due to the ready market provided at Prince Rupert.

Mr. Chettleburgh says a number of factors have contributed to the present condition in the valley. In the first place they got a

good price for a good crop of wheat last* year, all of which graded high. A great many raised timothy seed and sold it BITTERNESS AS readily. They have established a regular market for their milk and cream in Prince Rupert, shipping four thousand gailons a month of milk and four hundred gallons of fresh cream through the darrymen's association which inspects the Prince Rupert dairies through which it is handled.

The final factor in the situation was the shortage of hay in Alberta which provided a good market for their timothy, over in the spring that their stock did not need. This was all sold at a good price, over fifty cars being shipped from Smithers, Telkwa, Quick and Houston. Mr. Chettliburgh looks for great im-

LEGS MADE FOR DISPLAY

(T.B.R. in Manitoba Freee Press) We are told in an article in the May him letters, urging him to return. One Poiret, the famous Paris dressmaker, Father Morice, now 68 years of age, we are told further that M. Maurice de Waleffe hopes that the men of this for a time to make sure of a few of the generation will soon put off their trousers and take to knee breeches and long silk stockings: a perfectly horrifying suggestion.

Messieurs Poiret and de Waleffe are, of Indian distionary which required 13 course, Frenchmen. The French are years to complete. This was destroyed supposed to have cold clear minds, which tion, yet we never saw two statements 14 in which the logical essential, the prime element in the calculation, has been so blindly and fatuously missed. Poiret and M. de Waleffe talk as though it were trousers, or breeches, that constituted the heart of the problem; whereas trousers, and breeches, are merely the variable tissues which undergo modification and variation at the impulse of powerful organic factors. It is not trousers that are the problem at all; it is legs. And unless this is well grasped, all thinking on the subject is condemned in advance to be foggy or nonsensical.

TO MAKE DECISION ON STAMPEDE SOON

Matters Will be Settled by Fair Board to witness the encounter. on Monday-Other Preparations Being Advanced

The Fair Board will make its final decision on Monday as to whether a stampede will be held in connection with the 1927 Exhibition. At a meeting last night, the board went further into the matter but decided to obtain exact estimates as to cost before making final decision.

The building and grounds committee reported that it had engaged a caretaker, James Boulton, who will reside on the Exhibition Hall premises. His presence, it is expected, will put a stop to petty thieving and destruction which has been prevailing at the building.

The prize book committee reported that the volume had been revised and was now ready for the printers. Advertising on local business stationery of the Fair was left to the publicity com-

HOSPITAL AT TERRACE TEMPORARILY CLOSED

Having no Resident Doctor Makes Impossible Operation of This Institu-

centation present.

After considerable discussion it was decided to close the hospital temporarlly, it being generally felt that its upkeep was an unnecessary expense, while practically no financial returns could be expected as long as the place was without a resident doctor. Every effort will be made to induce another doctor to settle here in the near future, when it is hoped the hospital will be re-opened. In the meantime arrangements will be made to store the hospital furniture and equipment and re-lease the build-

of Watches

Styles and models of watches are changing all the time, just like autos. Many Prince Rupert people are carrying old style watches, because they have not been able to trade them in. Many of these old watches are not only unsightly but are costing money for repairs, besides not being as reliable as a modern watch.

TRADE IN YOUR OLD WATCH! We have decided to make a liberal allowance for a short time on old watches as part payment on a new watch, so don't miss this chance.

All our watches are of well known makes and are sold at regular prices.

Chief Skugaid's Find May be Rich One-Yachting Season is Open-Halibut Landings Still Gaining

The local halibut schooner Chief Skugaid spent three months on the grounds and got 61,000 pounds which is not good fishing, but if what Capt. Bill Parsons and his men, who returned to port last Saturday, say is correct the vessel may have struck it rich just the same. Off Cape Fairweather, the boat reports, she picked up 150 pounds of what is believed to be this precious waxy-like excretion of the whale known as ambergis, which is so highly prized in the making of perfumery. PIANO RECITAL BY BALAGNO'S PUPILS

Another Year of Progress Indicated in Program at Westholme Theatre Yesterday

Indicating another year of progress in musical study under their efficient instructor, piano pupils of Charles P. Balagno were in recital yesterday afternoon at the Westholme Theatre before a good-sized group of parents and other interested spectators. There were some splendid numbers from the tiny tots up to Mr. Balagno's graduates. Assisting with the program were William Balagno, who rendered violin solos, and Miss Annie Gilchrist, who danced. The program was as follows:

"Valse Bullett" (Rathburn). Muriel Walker.

"In Solitude" (Boysen), Evelyn Rivett. "Gavotte Rustique" (Wright), Palema Cameron.

Skin Is Now Clear Had Disfiguring Eczema

Two letters which tell how Dr. Chase's Ointment has cleared the skin of Eczema.

It is not unusual for people to use pleasant smelling salves and lotions for diseases of the skin with the idea that they have medicinal value. This is of course a mistake.

Dr. Chase's Ointment is a medicinal preparation which is composed the most effective ingredients known to science. For this reason it is looked upon as the standard treatment for eczema and similar skin troubles. Mrs. Sadie Waid, Lennoxville,

Que., writes:-"My little sister's face was all covered with eczema, which even spread to her ears and was just a mass of running sores. We tried several kinds of salve, but without success, until we saw in Dr. Chase's Almanac several testimonials up-

holding your Ointment as a relief for eczema. After using a couple of boxes, she was entirely free from sores and thanks to the Ointment, her face is left without any disfiguring scars.

Miss Clara Yates, Bolton Centre, Que., writes:-"I had very stubborn little sores on my face, for which I used Dr. Chase's Ointment, when the sores

entirely disappeared. Dr. Chase's Ointment is the only ointment I would dare to recommend. I have also used the K. & L. Pills, which I found very beneficial."
