MANSON TALKS ON LIQUOR QUESTION

HOT MOMENTS CONTRACT ENQUIRY BEFORE COMMITTEE

Attorney General Says He Will Go As Far As Legislature Lets Him

Prohibition would be welcomed by him---elimination of gain would be ideal system of control

VICTORIA, February 5.—The amount of harm done by liquor far exceeds any good that is derived from it stated Hon. A. M. Manson, attorney general, in discussing in the legislature his bill to amend liquor control when it came up for its second reading yesterday. "If I could have absolute prohibition, I would welcome it," said Mr. Manson. He felt, however, that the present system of government control was better than the old license system. The attorney general expressed the opinion that the ideal system of control would be one in which all the objects of gain would be eliminated. He was pre-

FRANK PARDEE DIES IN SOUTH

THE LONG LIBERAL, LATE SENATOR
FOR MANY YEARS WAS PROMIN-
ENT FIGURE IN FEDERAL
PARLIAMENT

SARNIA, Ont., Feb. 5.—Hon. Frank Pardee, prominent for many years in the political field of Canada, died last night at St. Petersburg, Florida. He was 81 years of age. He had been ill for some time. A change would be of benefit to his indifferent health. For many years he was chief whip of the Liberal party in Dominion parliament. Born at Sarnia on December 29, 1857, he was educated at the public schools of this city and at Upper Canada College. Becoming a barrister, he entered politics in 1898 when he was elected M.L.A. for Lambton, holding the seat until 1902. At a by-election he entered the federal house in 1905, retaining the seat at general elections in 1908, 1911 and 1917, in 1909 being elected Liberal whip. He was unsuccessful in the general election in 1921 and was named to the Senate in 1922. He is survived by a widow and one son, P. L. Pardee.

GOVERNMENT LOSES MONEY

VANCOUVER COURT OF REVISION
DECIDES AGAINST IMPOST ON
CERTAIN TIMBER SALES

VANCOUVER, Feb. 5.—Because of a judgment given by Judge David McCreedy, at the provincial court of revision here, the British Columbia government must do without revenue which it was estimated would total some several hundred thousand to a million dollars annually. The judge allowed the appeal of the North Pacific Lumber Co. and decided that the provincial assessor could not tax the company on the sale of certain timber units. The authorities had imposed a tax of \$50,000 on part payments approximating \$1,000,000 contending that moneys from the sale were taxable profits.

FIRE DESTROYS TOLEDO CHURCH

PECULATION AS TO CAUSE DIFFERS
—MAY HAVE BEEN GAS LEAK-
AGE OR BOMB

TOLEDO, Ohio, Feb. 5.—Clyde Wilt, caretaker, and his wife were killed and another woman was seriously injured early this morning in an explosion and fire that destroyed the old First Congregational Church and adjacent parish property causing a loss of \$200,000. The cause of the conflagration is unknown but firemen believe it was due to gas leakage while there is also a belief that it resulted from a bomb.

BOARD OF TRADE WILL GIVE HELP

TO ASSIST IN REORGANIZATION OF
EXHIBITION AFFAIRS — DELEGA-
TION APPOINTED

The board of trade will give every assistance possible to have the Prince Rupert Fair placed on a sound basis and has appointed G. H. Arnold, S. D. Johnstone, C. G. Minns and D. G. Stewart as a committee of the board to attend the meeting of the Exhibition Association on Tuesday night. The matter was brought up last evening by F. W. Hart who considered that it would be a bad thing to have the Fair dropped at the present time as it would probably take five or six years to get it started again. The creditors must have their money and the situation must be faced. Mr. Hart did not know whether it was outside the scope of the board of trade to take any action in the matter but he considered it to be of interest to every business man in the city. President Fulton appreciated Mr. Hart bringing the subject up as he considered it something for the board to consider. After some further discussion on the subject, D. G. Stewart and W. H. Tobey moved and seconded a motion calling for the appointment of the committee to co-operate in lending assistance to the project.

TURNOVER TAX LEVY COMING

BUSINESS WILL PAY ONE TENTH
OF ONE PER CENT OF TOTAL
ANNUAL INCOME

VICTORIA, Feb. 5.—British Columbia business firms will be taxed one tenth of one per cent of their total annual turnover under the government's new gross income tax it was announced by the finance department yesterday. Legislation providing for the levy, foreshadowed in the budget speech, will be introduced in the legislature shortly. The new tax is expected to result in revenue of at least \$500,000 replacing the personal property tax which brought in \$335,000 last year.

NO ACTION TAKEN ON INSURANCE OF FISHING VESSELS

There were not enough members out for the meeting of the Canadian Hall-boat Owners' Association last night to transact any business so the matter of deciding on the boat insurance was left over. Various questions affecting the fishing fleet were discussed in an informal manner and members were informed that other companies had now reduced the rates of insurance on fishing vessels to practically the same level as the lowest tender which was received at the last meeting of the Association. In view of the fact that many of the boats are soon leaving for the fishing banks it is not expected that there will be another general meeting of the association until after the close of the fishing season in the fall.

Poisonous Personalities in Political Campaigns Given Vigorous Denunciation, King

TORONTO, February 5.—Vigorous denunciation of "poisonous personalities" used in politics and the slandering of public men featured a speech of Premier King at a luncheon of the Men's Liberal Association here yesterday. He scored yellow journalism and bitter personalities in political campaigns. "It is a mistake to let our political life develop into a battle of personalities," the Premier declared. He stressed the fact that, although the characters of public men were not always perfect, yet it was deplorable business to seek to destroy the reputations of men serving their country.

HOPING TO GET YOGEN MARU AWAY FROM HERE BEFORE END OF WEEK

The elevator management is trying to finish the loading of the Yogen Maru this afternoon so as to get the ship away tonight but it was not known at noon whether or not they would be successful in the effort. The vessel is loading 220,000 bushels of grain here and will go to Vancouver to complete for the Orient with other commodities. Capt. Larry Thomson of the Federal Pilots of British Columbia will take the Yogen Maru through to Vancouver via the inside passage and will return to the city by the first means available.

Conclusions of Committee at Imperial Conference Endorsed by Student Body of University

TORONTO, February 5.—Undergraduates of the University of Toronto, by a vote of more than three to one, last night endorsed the conclusions of the committee on imperial relations at the recent Imperial Conference in a debate in which Premier King was the principal speaker for the affirmative. Basing his plea for support of the resolution on the ground that the conclusions would achieve still greater unity in the British Empire and that Canadians had no fear that they were a step toward disintegration, the Premier said the results of the conference would be far reaching. He made reference to recent speeches in Canada of Premier Bruce of Australia dealing with the Dominions' contributions to Empire defence. "I say, as Prime Minister of Canada, that he made my task a much more difficult one than it otherwise would have been. I think the Canadian people would much more easily and satisfactorily decide their own matters without advice from visitors from other countries," Mr. King said.

Pooley's Charges of "Tender Tampering" Vanish Into Thin Air on Minister's Explanation

VICTORIA, February 5.—Charges of "tender tampering" in connection with the Pacific Highway job launched by R. H. Pooley, Conservative house leader, vanished into thin air yesterday when Hon. Dr. W. H. Sutherland, minister of public works, produced a letter from the R. Nickson Co. withdrawing a bid for certain work because Nickson had figured too low and lacked the necessary equipment.

Mr. Pooley charged that the lowest tender had not been accepted. Dr. Sutherland was satisfied, however, that this had been done and stated: "If you can find one five-cent piece misappropriated from public funds, I'll quit."

Chris McRae, Liberal member for Vancouver, and Mr. Pooley almost came to blows at one point in the hearing before the public accounts committee but matters were smoothed over.

BOARD OF TRADE RECEIVES REPORT HERRING QUESTION

The committee of the Prince Rupert Board of Trade appointed to consider the letter from the Halibut Boat Owners' Association in regard to use of herring as fertilizer and the conservation of this fish reported at the meeting of the board last night. The committee's report recommended "that the Prince Rupert Board of Trade most heartily endorse the stand taken by the said association that the depletion of our herring fisheries be effectively guarded against. We recommend that an effective patrol be maintained during the season and that all phases bearing on the question of preservation of the herring be systematically and carefully investigated." The recommendation was unanimously adopted by the board.

TRIO OF DOPE SELLERS TAKEN

LOS ANGELES ARRESTED WILL, IT IS BELIEVED, REVEAL MILLION DOLLARS BUSINESS ON PACIFIC COAST

LOS ANGELES, Feb. 5.—Police yesterday arrested William McIvor, Fred Ward and Shelby Murdock, alleged members of a narcotic ring which is believed to have disposed of more than a million dollars worth of drugs on the Pacific Coast during the past year. Eighty tiny bottles of narcotics, valued at approximately \$15,000, were seized when the trio was taken into custody after having accepted \$500 from police agents as part payment for drugs.

DUKE OF YORK'S TRIP ROMANTIC

BIG BATTLE CRUISER RENOWN SHOWS WHITE ROSE OF YORK AS IT NEARS AUSTRALIA

LONDON, Feb. 5.—(By Canadian Press).—Sheathed in silver, with an electrical White Rose of York on its foremast, His Majesty's Ship Renown is breasting the billows of the vast Pacific on its course for the Antipodes. This modern Argosy bears King George's second son the Duke of York and his Duchess to Australia and New Zealand. His Royal Highness bears the commission to open the Australian parliament for its first session at the new Federal capital of Canberra.

When the velvet night of the southern seas falls and the Renown nears any one of the countless isles of the Pacific natives may watch the delicately-traced outlines of the big battle cruiser gliding by, lights gleaming on its silver surface, and glowing above the captain's bridge the dazzling York rose whose petals, 24 feet from tip to tip, are luminous with electric lights.

The Renown, which will not reach New Zealand until February 22, and Australia until March 26, is silver and white from bow to stern—from water-line to wireless aerial. The great naval guns point silver muzzles fore and aft. On the centre table, while the Royal Party dines, stands a silver sloop riding upon silver waves, with mother of pearl sails. A great silver shield, gift of the Commonwealth of Australia, hangs in a place of honor on the walls, and a choir of silver bugles blows the ship's call.

SIMPLICITY WITHIN

But with all magnificence without, there is general simplicity within, a simplicity in keeping with the quiet good taste of the Royal voyagers. Furnishings in the dining room are in plain but gleaming mahogany. An electric piano and combined wireless set and gramophone—presented by the Prince of Wales—provide entertainment. Yellow shaded lamps and colored glass flowers adorn the table, and yellow curtains frame the windows. The Duke's cabin is plain and unadorned, as befits a sailor Prince, but the Duchess' tastes in interior decoration can be gauged from the setting of the lounge with its cretonne-covered chairs and couches, in the design of which flaming parakeets and tropic flowers are the prevailing motif; and in the gay tones of the silk cushions, contrasting pleasantly with white walls and dark mahogany.

Their Royal Highnesses will visit various parts of both islands of New Zealand, by the Renown and on shore, after arriving at Auckland on February 22, their first stop since the Fiji Islands which they reach February 17. Arriving at Sydney, Australia, on March 26, the couple will spend various periods in New South Wales, Brisbane, Queensland, Tasmania, Melbourne, Victoria, Adelaide and South Australia, before returning to Melbourne on May 6, for the ceremony of transference of the Federal Capital to Canberra, which will be inaugurated on May 9. Three days later they leave Melbourne for Western Australia, sailing for home on May 23, returning via Mauritius and the Suez Canal. They are expected to return to Portsmouth on June 23, five and a half months after departing.

CANBERRA "IDEAL"

The whole circumstances of the Duke and Duchess' visit to Australia have a touch of romance, to which the tale of Canberra is not the least contribution. As the seat of the Australian Parliament, Canberra will, of course, at once take its place as the great centre of Commonwealth official life, a position akin in many ways to that of Washington in the United States. There were considerable difficulties to be overcome before it was chosen as a site, Sydney, Melbourne, and other cities would gladly have secured the honor, but there was the condition that the seat of government must be in Commonwealth territory in New South Wales, not less than a hundred miles from Sydney.

The choice of Canberra is said to be ideal. An area of twelve square miles has been allocated for the city, in Federal territory covering nearly a thousand square miles. It is in pastoral country, with the great Dividing Range as background. About 200 miles from Sydney and twice as far from Melbourne, it has been laid out with the utmost care; and architects, townplanning experts, and landscape artists alike have all been fortunate in having what may be described as a vast area of virgin land in which to develop their schemes, so that Canberra may come to be regarded as one of the most beautiful cities of the world.

AUTO RATES FOR INTERIOR

BROUGHT UP AT BOARD OF TRADE MEETING LAST NIGHT AND REFERRED TO COMMITTEE

The question of freight rates on autos between Prince Rupert and points up river as well as the tariffs on the C.G.M.M. boats on the coast were brought before the board of trade meeting last night by S. E. Parker and the matter was referred to the freight rates committee. Mr. Parker spoke of the rate to Terrace as one in which citizens should be interested since the development of the tourist traffic was affected. The rate had been raised from \$20 to \$32 from Prince Rupert to Terrace which he considered to be an excessive charge. Rates between Vancouver or Puget Sound points to San Francisco were based on excess baggage rates while the rate to Vancouver from Prince Rupert was \$45.50. Tourists who wished to visit this city had no encouragement to bring their autos.

President W. O. Fulton considered the subject of interest to the city as it was expected that the road to Terrace would be finished in a few years.

D. G. Stewart supported the idea of having the matter taken up as it was imperative to have better rates than existed at the present time.

After some further discussion the subject was left with the freight rates committee to deal with.

MASONIC BALL LAST EVENING

TWO HUNDRED PERSONS ATTENDED ENJOYABLE EVENT IN MOOSE HALL

Congenial atmosphere, good music, pretty decorations in colors of the craft and fine refreshments all contrived to make the annual ball of Timpesman and Tye Lodges A.F. & A.M. held last night in the Moose Hall an affair of much success and enjoyment. There were 200 persons in attendance and the dance was kept up with enthusiasm between the hours of 9 and 2.30.

Music was by an orchestra consisting of Mrs. R. P. Ponder, J. Underwood, Dave Eastman, R. Greenfield, and J. Currie and a well arranged program was discussed. Robert Blance was master of ceremonies and D. Watson presided at the door.

The committee in charge of the event consisted of W. D. Vance, Dr. L. W. Kerling, R. E. Benson, James Simpson, R. Blance and C. O. Mills, assisted generally by members of the craft.

POLITICAL SOUR GRAPES.

When there was a suggestion that the premier of Canada might not be able to attend the Imperial Conference, the good old Tories held up their hands in holy horror and started a campaign of flag waving. If he had not gone, Mackenzie King would no doubt have been a traitor to King and country as the Tories have been pleased to dub Grits during the past decade. Now that he is back, the same Tories, who waved the flag and saw the Imperial Conference indispensable, choose to say it was no good and productive of no gain for Canada or any other Dominion. Of course, it would have been a fine conference if it had been a Conservative Premier who had gone or if the Liberal Premier had not attended. What an example of political sour grapes, of Tory destructive tactics!

RECORD FOR RUPERT AS GRAIN PORT.

Prince Rupert will hang up a record as a wheat shipping port which will exceed that of Vancouver when Alberta wheat was first started to Europe by way of the Pacific coast, says the Prince George Citizen. While the Rupert elevator is a small one, the rail facilities of the Canadian National are so ample that there is no difficulty in keeping the elevator filled. Up to Monday 3,400 cars of wheat had passed through Prince George on their way to the coast, and loaded cars are strung along the line all the way from Rupert to the Alberta line. More than four million bushels have already passed Prince George this season, and the movement will continue throughout the winter, so that the five-million-bushel mark set by Vancouver in its first wheat shipping year will be greatly exceeded by the northern port. In the wheat covered by the last release to the Rupert elevator there are half a million bushels yet to be moved, and as soon as this is taken care of other releases will follow. Friday was the greatest day in the history of the Prince Rupert port, there being four vessels in the harbor, loading or waiting for their chance to load. The announcement that fifteen million bushels would be handled out of Prince Rupert from the 1926 crop was laughed to scorn when it was made, but it would occasion no surprise at present if this estimate is not reached before the last of the 1926 crop has been started on its way.

MARIE HAS ONLY HERSELF TO BLAME.

The Toronto Globe in an editorial on Queen Marie of Roumania and her sudden distaste for America, says: "Queen Marie of Roumania is nourishing bitter feelings towards the people of the United States and everything American as a consequence of her tour on this hemisphere last year. She begins to feel that she was subjected to a species of dignity by the American public, and the more she reflects the surer she becomes that she was not accorded that courtesy which the consort of a monarch might reasonably expect from a democratic people. In New York the crowds hailed her rather familiarly as 'Marie' and there was a disposition, perhaps, to regard her more as a sort of movie star than a visitor enveloped in the awesome robes of Royalty.

"But for this she had largely herself to thank. If she was not treated with deference it was because she had comforted herself without due dignity. She cheapened herself by the 'loudspeaker' publicity with which she announced her coming—a publicity which accompanied her throughout her tour. Queen Marie lacks reserve and lack of reserve is fatal to Queenly pretensions."

IN NERVOUS DISORDERS—Free The Nerves

In cases of nervous disorders it is but logical that all effort should be directed to secure a proper co-ordination of the nervous system. If you know of the science of Chiropractic you will unhesitatingly add that Chiropractic best achieves this result.

For the science of Chiropractic deals directly with the nervous system. The Chiropractor knows that most disease is due to pressure upon nerves by spinal bones, and he removes this pressure by Chiropractic spinal adjustments.

In the case of nervous disorders adjustments go directly to the source of the trouble, and if a rare case of this type indeed cannot be benefited by adjustments.

A case in point—
 "After the sudden death of my husband, I found myself a nervous wreck. For two years I had not slept more than two or three hours out of each twenty-four. The loss of sleep brought nervous indigestion and many physical ills. I could not discuss my business affairs with my attorney without 'going to pieces' and could not attend to them at all. I was desperate when a good friend suggested Chiropractic. After the first adjustment I slept 14 hours without awakening. I took about forty adjustments, before I finished I was a new woman, sleeping all night, eating anything I wanted and attending to my business affairs without the least obstacle."—Mrs. Mary Miles Baker, Chiropractic Research Bureau, Statement No. 2115-L.

"BREAKFAST" in **Baker's Breakfast Cocoa** Means Something

The United States Food Standards define "Breakfast" cocoa as cocoa containing not less than 22 per cent of cocoa butter. Many cheap cocoas (which cannot be labelled "Breakfast" cocoa) contain not more than 14 per cent or 15 per cent of butter.

Baker's Breakfast Cocoa contains not less than 26 per cent of cocoa butter, almost unadulterated more than Government requirement. The phrase Baker's Breakfast Cocoa means a pure, delicious cocoa of high quality and possessing a considerable amount of nourishment.

Union steamer Catala, Capt. A. Johnstone, reached port last evening at 8 o'clock from Vancouver and way-points and sailed again this morning at 9 on her return south.

Last evening a letter was read at the Board of Trade meeting from the Vancouver Board in regard to pilotage matters and was referred to the port committee for investigation.

The Board of Trade has subscribed for a publication entitled "Harbor and Shipping" which will lay on the table of the secretary for some time and then be placed either in the library or the reading room.

Mr. and Mrs. A. D. Hardie were passengers on the Catala this morning for Vancouver where they expect to locate. Mr. Hardie has been manager of the R. Cunningham & Co.'s store at Port Essington for several years. This concern has been bought by J. A. Brown the Estial River mill man.

R. F. McNaughton, district passenger agent of the Canadian National Railways, had a letter before the Board of Trade last night offering the cooperation of the company in connection with the publication of any booklets which the board might undertake this year. The company would be glad to loan any cuts to the board for the purpose and would willingly co-operate in any way possible through the publicity department in having the same properly distributed. The communication was referred to the finance committee for consideration.

A report from the finance committee of the Board of Trade dealing with a communication from Hon. T. D. Pattullo in regard to contributing to a fund which the government were considering for publicity work in connection with the ports of Vancouver, Victoria and Prince Rupert was read at the meeting of the board last evening. The report recommended that the board were unable to contribute to the fund, but that when grants were considered by the government the board desired to participate, suggesting that it could use the funds to better advantage than Vancouver and Victoria bureaus. The committee's report was adopted.

MR. MacNAIR GIVES HIS EVIDENCE

FINDS "FRUIT-A-TIVES" BEST CORRECTIVE FOR CONSTIPATION

MR. S. MacNAIR.

Mr. S. MacNair of New Mills, N.B., is one of the thousands who owe much to "Fruit-a-tives". Full of gratitude he writes the simple truth as follows: "I can honestly say that 'Fruit-a-tives' are the best intestinal regulator I have ever used. Other remedies, and I have tried a great many, cause pain and griping, but 'Fruit-a-tives' always act easily and effectively. I was inclined to be constipated before, but now I am feeling first rate, and most sincerely recommend 'Fruit-a-tives' to everyone."

"Fruit-a-tives" is the sworn enemy of constipation. Made from the intensified juices of fresh fruits combined with tonics, it is a natural medicine. It is not habit forming.

Don't let constipation plague you. Get back the bloom of health, the sparkle in your eye, the feeling that life couldn't be better. Begin at once, with "Fruit-a-tives"—35c and 50c a box anywhere—everywhere. 541

PREMIER FERGUSON'S WIFE HIS BIG AID

Tribute Paid to Life Comrade of Ontario's First Man

KEMPTVILLE, Ont., Feb. 5.—In the banquet given by citizens of this town to Premier and Mrs. Ferguson, with a presentation of a week-end case, the address referred to the Premier's wife thus: "Few people realize the care and responsibilities of the wives of public men, and we would testify to the devotion, love and esteem in which Mrs. Ferguson is held by her neighbors and constituents. Quiet, mild and unassuming, she has played her part in the days of political adversity. When you were tempted to retire from public life on account of her impaired health, brought about by anxiety and care, she never faltered, but encouraged you to carry on. The services she has performed in her quiet way are not to be estimated."

WAS INFANT PRODIGY, NOW SEEKING DIVORCE

NEW YORK, Feb. 4.—Mrs. Louis H. Hyman, who was an infant prodigy, is seeking a divorce. At the age of three she noted that a cow could not leap a fence let alone the moon, called her mother a prevaricist and published an attack on Mother Goose. The child's mother, Mrs. Winifred Sackville Stoner, then became an antagonist of childhood fables. Also she has been an advocate of early marriage.

CLOSE GAMES OF BASKETBALL

STARS, MAPLE LEAFS AND GROTTO WINNERS OF LEAGUE FIXTURES ALL-STARS VICTORIOUS

Stars, 39, Colts, 12.
Maple Leafs, 27; Adanacs, 12.
Elevator, 9; Grotto, 47.
All Stars, 37; Select Team, 31.

Another good crowd turned out last evening for the basketball games at the Exhibition Hall which were all well contested. Although the Elevator team came out on the short end of a rather heavy score in the Intermediate League, they have shown great improvement since they entered the race. In the Junior game between the Stars and Colts a fine brand of basketball was dished up for the fans and the progress which the Juniors have made so far this season is very gratifying. Keen interest still continues in the ladies' contests although the Maple Leafs have won the championship of the city. The Adanacs deserve credit for staying with their opponents and both teams have shown marked improvement during the season.

The result of the games last night were as follows:

Junior League
Stars—E. Smith 7, T. Kelsey 16, A. Cross 8, D. Morrison 2, W. Donald 6. Total 39.
Colts—H. Macdonald 4, E. Hatchford 2, J. Scott, R. Stalker 5, R. Irvine 1, G. Vierick. Total 12.
George Mitchell, referee.

Ladies' League
Maple Leafs—M. Graham 4, C. Harvey 11, H. Sim, M. Thompson, L. Lowe 12, H. Grant. Total 27.
Adanacs—A. Minzgohr 4, D. Gosse 2, V. Smith 2, M. Palmer 4, W. Dyer. Total 12.
George Mitchell, referee.

Intermediate League
Elevator—T. Black 3, R. Moore, F. Biggar 2, T. Hughes 2, E. Anderson, F. Glass 2. Total 9.
Grotto—D. Gurvich 17, W. Wrathall 10, J. Sim, V. Meagher 12, F. Stalker 4, W. Murray 4. Total 47.

Exhibition Game
All-Star—E. Smith 12, G. Mitchell 6, V. Menzies 4, S. Moran 4, A. Slocumb 10, M. Budnich 1. Total 37.
Select—D. Gurvich 9, W. Wrathall 2, H. Menzies 2, J. McNulty 14, D. Gurvich, W. Murray, D. Frizzell 2, J. Sim 2. Total 31.

Heart Palpitation Dizzy, Sinking Spells

Mrs. M. A. Gagnon, Donatville, Alta., writes:—"Some time ago I was very nervous, could not sleep at night, often had dizzy, sinking spells and palpitation of the heart, and was so run down I could not do my housework, but just leave everything and sit down.

I spent a lot of money using medicine from the doctor, but it did not do me any good.

At last a friend told me to use and after using a couple of boxes I was not the same woman. I began to feel so much better, and after a few more boxes I was in perfect health. I always recommend them to all those I know who are suffering from heart trouble."

7. W. N. Rice; 8. Leslie Eaton; 9. James Voight; 10. Henry Roper.

SECOND BASKETBALL GAME IN CHURCH SERIES IS PLAYED

Rupert East Trail Rangers Win From First United by 15 to 4

The Trail Ranger camps of Rupert East United Church and First United Church played their second basketball game in First Church gymnasium last night. Rupert East winning 14 to 5.

Stan Lawrence and Harry Wilson, rival guards were the best men on the floor.

George W. Johnstone refereed and Eddie Smith and Cecil Hacker were line-men.

The teams lined up as follows:

First Church—H. Wilson, S. Kenaya, R. Nelson 4, K. Nakamoto 1, W. Bryant, J. Morrison, E. Johnson and T. Katsuyama.

Rupert East—S. Lawrence, J. Murray, A. Walters 4, C. Johnstone 6, and H. Sunn 4.

The next game between these teams will be played at Rupert East gym, February 25. Next Friday evening the Canadian Girls in Training groups will play in the East End gym, while a match between the two Tuxis Squares will also take place in the near future.

ANOTHER CONQUEROR OF CATALINA SWIM

Henry F. Sullivan, Victor of English Channel, Claims Feat

LONG BEACH, Calif., Feb. 5.—The municipal observer on Pine Avenue pier here, stated that Henry F. Sullivan of Lowell, Mass., landed on the pier here about 8 o'clock this morning, declaring that he had swam the San Pedro channel from Santa Catalina island in 22 hours and 45 minutes. Sullivan disappeared in the direction of his hotel after climbing on to the pier.

Sullivan, who conquered the English Channel several years ago but failed in the recent island marathon race won by George Young of Toronto, Ont., had been quietly training here for the last fortnight in preparation for another attempt at the channel crossing.

SPORT CHAT

The "all-star" local basketball team, which will meet the team from Kelchikan on Monday and Tuesday nights, had its final work out last night against a picked team. Monday the team arrives from the northern city and will be suitably entertained by the locals during its stay in the city. It has been suggested that, on the last occasion when an athletic team from the Alaska city competed in the city, it was not altogether satisfied with the hospitality here. It will be a good thing to endeavor to counteract this impression on the present trip and citizens and fans will most surely cooperate with this end in view. The games promise to be well patronized, which is as it should be. The Basketball Association are planning a real Rupert welcome.

At a review of a tank demonstration in England only the Dominion premiers were allowed inside the new models. It is really the first time they have been officially canned.

SO sensational has been the introduction of the Most Beautiful Chevrolet in Chevrolet History—so keen the interest in the new standards of individuality and style which this car has set in the low-priced field that it has caused an instant revision of automobile values.

When you consider just a few of the many refinements and advances introduced for the first time into the field of the low-priced car by this Most Beautiful Chevrolet in Chevrolet History—the wonderfully enhanced beauty of appearance, the strikingly individual body styles, the smart Duco colors,

the new sliding seats in the Coach model, the new oil filter and air cleaner, the new coincidental lock, the new radiator, the new full-crown fenders, and others too numerous to itemize—you will appreciate how radically Chevrolet has revised all previous conceptions of beauty and value in the low-priced car.

And today—owing to the popularity of previous Chevrolet models, and the lower costs which tremendous volume makes possible—the Most Beautiful Chevrolet in Chevrolet History is selling at new and lower prices—the lowest for which Chevrolet has ever been sold in Canada.

Waterfront Whiffs

Much activity noticed in preparation for the opening of halibut season—Chief Skugaid returning to Prince Rupert

The past week has been one of great activity, in preparation for the opening of the halibut season on February 15, now but ten days distant. New boats are being rushed to completion, repairs are being made, engines are being turned over and tuned up and there are a thousand and one operations of final preparation. Gear is in progress at all hands and the whole waterfront is a hive of industry. Machine and repair shops and the various establishments of service to the fleet have been actually called to turn work away. If these preliminary activities may be

as any indication, it will be the busiest season in the history of the waterfront.

Forecasted in these columns, a few of the local boats have already left for the Alaskan ports whence, from closer to the banks of departure, they will finally return for the banks. From February 12 to 15 will see many of the boats returning from here direct and within a few days the larger portion of the local fleet will have gone. First halibut of the season will probably be in on February 20.

After its usual winter tie-up, the Alaskan boat Northern Cross was commissioned to service again this week. Canon W. F. Rushbrook and the "sky pilot" has already commenced on his ministering cruises which will, as usual, take in various elements along the coast throughout the summer and fall.

B. Finn, director of the Prince Rupert Fisheries Experimental Station, is delivering chemistry lectures in the school this week.

R.M.P. power tug M.T. 3, made a trip to Georgetown and returned Thursday afternoon with one scow of lumber and another of boxes, the latter being shipped to Vancouver on the steamer Prince Rupert yesterday morning.

CHIEF SKUGAID COMING
Returning from what in the eyes of many, more particularly the California dry squad, might have been called evil days, the big schooner Chief Skugaid will be back in Prince Rupert, here

THE GOOD OLD DAYS
When pioneers such as Pete Anderson, Harry Daggett and George Johnson get together, reminiscences of the good old days in Prince Rupert are quite order especially when it is a rainy afternoon as Thursday was. Times certainly do change in a few years and port's brief history has been marked with some great transformations to itself and its residents. There

home port of a year and a day ago when she was owned and operated by the Canadian Fish & Cold Storage Co. For some time this pioneer vessel was engaged in the liquor trade from Vancouver until last year when she was acquired by Capt. Smith of Vancouver and chartered out as a cannery tender. Now she is to be operated as a halibut boat and Capt. Billy Parsons and Engineer Jack Mulhern left yesterday for Vancouver to bring the vessel north. The Skugaid will be fitted up first for long lining but, if it is deemed advisable, may later be equipped with gories. The vessel, which is some 85 feet long and powered with a 125 h.p. motor, will arrive here in about two weeks time. She carries a crew of ten men and gear is now being rigged here for her.

Ralph Le Pine, manager of the Big Bay Lumber Co.'s local yard, has been confined to his home this week with an attack of influenza. Friends were glad to learn that he had sufficiently recovered at the week-end to return to his duties.

Four parties left the Yacht Club floats last week-end in final quest for ducks, the season for which closed at the first of the week. Jack Lindsay's party on the Irene L. made a poor finish across the harbor but they should, previous to that, have had enough to satisfy one season's wants. Dave Stewart and Bert Wearmouth went to Delusion Bay on the former's Teekwa and brought home two geese and a brace of mallards to testify to their deadly marksmanship. Alex McRae and Bill Wilkinson reported having seen myriads of the feathery prey at Swamp Island but they brought nothing back to show that their eyesight was any good. George Bryant and large party journeyed to Big Bay and brought back a boatload more or less. If we told how little they got they would be disgraced or, on the other hand, if we disclosed the size of their bag, the game warden might want us for a witness. So nuff sed. The geese season closes February 15.

HALIBUT BOAT LAUNCHED
Harold Erickson's new halibut boat, to be named Thor, was launched on Thursday from the Suehiro boatbuilding establishment in Cow Bay. The vessel is 45 feet long and is to be powered with a 20 h.p. Hein engine which arrived from Denmark last week. The Thor is to be ready for commission by the end of the month.

John Orvik's new halibut boat, Belasco, built during the winter at Vancouver, arrived in port on Tuesday and is now at the Lipsett wharf being outfitted for her departure to the halibut banks next week. With the Belasco

the schooner Prosperity A., Capt. Andy Christiansen, also came up from Vancouver where she was wintered. The trip up the coast took three days and both boats reported a good trip.

The schooner Cape Beale, Capt. John Olsen, which was also to have come up with these boats, went around via the west coast of Vancouver Island and should be here next week.

New pistons and cylinders for the engine of Capt. Jud Thurber's schooner Muirneag arrived from San Francisco this week and repairs are now being made to a motor which fooled the boys just before the close of the season last year. The Muirneag, as well as the other Thurber boat, Mayflower, will be ready for the opening of the season on February 15.

PROSPECTING FOR HERRING
Local fishers were out this week end prospecting for the first herring of the season.

The Prince Rupert Boat House interests are going in to the herring bait business this year and, beside the Azurite, have chartered the Fredella from the Canadian Fish & Cold Storage Co. to troll for the succulent halibut and tongue tempters. It is the intention to have herring available locally for the halibut fleet by the time the vessels start to leave. Ole Skog and his brother, Eli, will be in charge of the P.R.B.H. herring seining operations.

Bradbury & Yelf and Gammon & Watt will also be again engaged in the herring fisheries this season and both outfits have preparations well in hand.

The American halibut schooner Scandia, chartered to the International Fisheries Commission, having completed its annual research work in the halibut field for the purpose of determining means of preserving the industry's resources, will return to Seattle shortly, before the opening of the season, to make its annual report to congress and parliament. The Scandia has made three trips to the Yakutat and west coast fishing grounds.

WELCOME IN KETCHIKAN
A general welcome will be extended by the businessmen of Ketchikan to the fishing fleet on February 9, which date had been set by some of the local merchants there to entertain the members of the Fishing Vessel Owners' Association and the crews of the vessels after their arrival from the south where they have spent the close season.

Under the plan adopted by the Commercial Club the vessel owners and skippers will be the guests of the club at luncheon at noon on February 9

and that night there will be a big dance in honor of all the men in the fishing fleet, arrangements for which are being made by a special committee of business men headed by K. L. Steberg as chairman.

FEBRUARY 5, 1917.

A resolution from the Trades and Labor Council favoring the abolition of plural voting in municipal elections was unanimously endorsed by the city council last night. The city solicitor will petition the provincial government to have this clause in the Municipal Act repealed.

At the annual meeting of the Prince Rupert Club last evening the following officers were elected for the year: President E. F. Doyle; Vice-president D. G. Stewart; Secretary, F. W. Doherty.

C. C. Mills has been appointed as resident manager of Kelly-Douglas Co.

Joe McPhee who was admitted to the hospital recently, is making a satisfactory recovery.

Duncan D. Munro of Terrace is a visitor in the city.

Mayor McCaffery read a report at the council meeting last night covering his recent trip south. He had taken up several matters with the provincial government.

E. F. Doby is expected in the city shortly to arrange for the building of the mill at Seal Cove.

CONFEDERATION ANNIVERSARY

BEACON FIRES FROM COAST TO COAST TO CELEBRATE DOMINION'S BIRTHDAY

UNIVERSAL OBSERVANCE

PRINCE OF WALES' VISIT ON THIS OCCASION TO BE MORE OFFICIAL TOUR THAN HIS RECENT TRIPS TO CANADA

OTTAWA, Feb. 5.—(By Canadian Press).—Plans are rapidly maturing for the celebration of Dominion of Canada Confederation's 60th birthday on July 1, of this year. It is now almost definite that H.R.H. the Prince of Wales will be in Canada for part of the summer at least, and it is understood that this year's visit will be more in the nature of an official tour than any since his first coming to Canada in 1919. Premier Stanley Baldwin's plans are not known yet, but in official circles in Ottawa he is still expected.

The government, working with the Association of Canadian Clubs, and indirectly with all the Canadian Clubs of the Dominion, is organizing for the celebration. An inter-departmental committee under the chairmanship of Dr. O. D. Skelton, Under Secretary of State for External Affairs, is being formed to advise the government and to make recommendations to the Canadian clubs and other patriotic organizations. Shortly a national committee probably under the chairmanship of Premier King will be formed to co-ordinate all the efforts being made for the Diamond Jubilee.

It is improbable that the actual celebration will be confined to a single day. Programs of various kinds will be worked out extending over several days. There will be distinguished visitors from all parts of the world, including representatives of the governments of the sister dominions of the British Empire.

VARIETIES OF CELEBRATION

The tentative plans call for field days, picnics, patriotic meetings, special instruction in the schools prior to Dominion Day, and sporting events of distinctly Canadian character. At noon on Dominion Day there will be salutes of guns and probably military displays during the afternoon. At night it is proposed to have fireworks and 10,000 beacon fires reaching from the Atlantic to the Pacific in all the cities, towns and hamlets of Canada.

Worn Out by Housework

House work is monotonous and tiresome. Doing the same things over and over again, day in and day out is what breaks down the nervous system.

And house work is hard work. Take ironing, for instance, a day's work in itself, without looking after the meals and the children and the thousand and one things which come up during the day.

In time this monotonous routine gets on the nerves. There are sleepless nights, frequent headaches, indigestion and spells of irritability and despondency.

Under such conditions there is nothing like Dr. Chase's Nerve Food to drive away the clouds by building up the nervous system.

It is wonderful the way new hope and courage come back when this building-up process is set in motion. You cannot get well in a day, but progress is such as to warrant you in keeping up the treatment until restoration is thorough and complete.

regarding the Diamond Jubilee, and it is quite possible that parliament itself may contribute its share of the celebration.

MOOSE WON CLOSE BILLIARD VICTORY FROM SERVICE CLUB

By rather a close margin, the Moose defeated the Gyros last night in the regular billiard league fixture, the score being 894 to 917. The Moose strengthened their position in second place in the league standing.

The result of the individual scoring was as follows:

Geo. McIlmoyle (Moose), 200; W. H. Long, 112.
J. Hillman, 200; W. J. Nelson, 197.
J. Judge, 131; F. Aldridge, 200.
J. Brown, 200; Angus McDonald, 185.
Ben Self, 200; J. May, 186.

The Canadian Clubs have undertaken to present to every schoolhouse in Canada a reproduction of Harrie's famous picture of the Fathers of Confederation. In some cities this has been done already. An international feature has been suggested for the occasion. The new bridge between Buffalo and Fort Erie might be officially opened by His Royal Highness the Prince of Wales.

While Ottawa will celebrate the event in a manner befitting the capital of the Dominion, all the centres of population are expected to organize their own resources to mark the day. It is understood that the Canadian Clubs in the different provinces will work in conjunction with the provincial governments in arranging for celebration.

ENGLAND ANXIOUS OVER ELLEN TERRY

LONDON, Feb. 5.—(Canadian Press).—Not since the last illness of Queen Alexandra has such a thrill of anxiety permeated everybody over thirty as over the illness of Dame Ellen Terry. "Dear Ellen Terry," as she is to thousands who have never spoken to her, is almost the last of the household names of the Victorian era. One can imagine how tiresome a patient she must make, because she never could sit still, but was always flitting about the room; and she uses her hands when talking with an easy freedom of gesture unusual with English ladies. We all used to talk of the voice of Sarah Bernhardt. But the Terry voice is equally beautiful. There have been some who said that Marion Terry was a better actress than Ellen, a view never shared by the great public. Of all her beautiful performances, Ellen Terry's Beatrice in "Much Ado" was perhaps the most incomparably fascinating. Her Olivia, at an age when others would not have dared to play such a girlish part, approached perfection. Her Queen Henrietta Maria was regal and pathetic. Her Lady Macbeth has been immortalized by the brush of Sargent. Her Pertia was so superb as to make one pause thirty years after and feel sheer joy at being old enough to have seen it.

BELATED CHRISTMAS MAIL AT ST. KILDA

GLASGOW, Feb. 5.—St. Kilda, a lonely island in the Outer Hebrides, has just received its Christmas mail, brought by the first trawler to touch the island in the last three months.

Men, women and children swarmed from their cottages to the beach and launched the worn-out lifeboat given them years ago to serve on such occasions. They scrambled aboard the trawler begging tobacco and comforts from the crew, and were bitterly disappointed to get only some paraffin and potatoes.

The captain brought away many orders for provisions, especially for soda to make scones, on which the islanders mainly exist. One elderly woman ordered a bottle of whiskey.
