## Fair Association Adjourns for Week: Then It Will Be Decided Whether or Not It Carries On

Unless a substantially increased measure of public support is at once forthcoming, it is probable that the Prince Rupert Exhibition will be abandoned for the coming year at least. Such was practically the decision of the Northern British Columbia Agricultural & Industrial Association at its annual meeting last night. One group in the meeting expressed the feeling that, if the present general apathy with regard to Exhibition affairs was to continue, it would be just as well to call the project off while another group was of the opinion that, to get the Exhibition out of its present financial difniculty, the only thing to do was to\*

carry on. As a compromise measure, \$7,000. it was decided to adjourn the meeting until next Tuesday night to give all those interested, particularly the much better if the Fair building were creditors of the Association, an oppor located down town. ## Announcement!

The Prince Rupert Laundries Ltd., capital stock \$100,000.00, has been organized to take over and operate the local industries known as the "Pioneer Laundry Ltd." and the "Canadian Steam Laundry."

This move is in line with the present day trend toward concentration of production-is not a stock selling or promotion scheme-but is entered into in order that the local laundries may effect the economies which result where duplication of processes

is eliminated. It is the sincere desire of the laundry interests of Prince Rupert to furnish the public with efficient laundry service at the lowest possible cost. With this in mind, we have decided to place certain lines of work exclusively with each plant. The public will greatly assist us in this by allowing us this privilege. They will benefit by better work and better service.

Thanking you all for past patronage and bespeaking for the new company your further goodwill, we are, yours for better laundry service,

# Well-Managed Home

THE manager of a household is the purchasing agent for a large proportion of the family needs. In order to do a good job she must know what, when and where to buy. She must study goods and the concerns which make goods and have them to sell. She must put her home on a business basis and run it on business principles in order to make the most of the family income.

Information is the only basis for intelligent purchasing. And the right way to get the greatest amount of necessary information is to read the advertisements.

Advertisements tell you what is new and good They reveal improvements and inventions to make your home life easier, more comfortable and more convenient. They give you information about a thousand and one things that are useful.

Every manager of a household---every member of the household who shares the responsibility for the family's welfare--should make a habit of reading the ads.

WELL KNOWN CUSTOMS OFFICER FELL INTO HARBOR LAST NIGHT AND SUCCUMBED AT HOSPI-TAL THIS MORNING

A large number of friends were shocked this morning to learn of the sudden death of a pioneer citizen and war veteran William George Hughes, at the Prince Rupert General Hospital at 5 o'clock this morning.

Deceased was on duty as customs of ficer yesterday on the grain ship Seine Maru which was berthed at the grain elevator and, it was about eight o'clock last evening, when the watchman on the boat heard calls for help and groaning over the ship's side. Upon investigation it was found that deceased had fallen into the water and was clinging to some piling awaiting rescue. Help was summoned and it was soon evident that medical attention was necessary and the deceased was removed to the hospital where he was attended by Dr. J. A. West. He was visited by Mrs. Hughes and his sister, Miss Hughes, who found him resting comfortably and he chatted with them concerning the accident and other matters, after which Mrs. Hughes and Miss Hughes retired home. Early in the morning, however, the deceased took a turn for the worse from which he did not rally, passing peacefully away at 5 o'clock. Will Hughes, as he was commonly
