NOT GUILTY OF MURDER CHARGE

ROBERT MOORE ACQUITTED OF CRIME BY JURY AT VANCOUVER ASSIZES YESTERDAY

VANCOUVER, May 21.—Robert Moore was yesterday afternoon acquitted in the assize court of the charge of murder arising from the death of Marshal Douglas who was beaten to death recently at the Canada Hotel. The jury that decided the case included five members of the jury that previously convicted Angus Nicholson of a similar charge.

"You, Moore, Mr. Justice McDonald commented, "have had the advantage of a jury accepting the theory advanced on your behalf that Nicholson alone committed this crime. You have gained this advantage by allowing your friend Nicholson to carry the load alone."

Nicholson will appear for sentence Monday. An appeal on his behalf has been practically decided upon.

REGIMENT IN SUMMER CAMP

LEAVES TONIGHT 100 STRONG UNDER COMMAND OF COL. NICHOLLS

Some 100 officers and men of the First North B.C. Regiment under Col. J. W. Nicholls, officer commanding, will entrain about 11 o'clock tonight for Terrace where they will go into annual summer camp until next Tuesday. They will be encamped near the sports ground of the interior town and will engage in drills, route marches, etc., for the period of their absence.

Capt. C. V. Eviatt left this morning with a detachment of High School cadets as an advance party. Archdeacon Bix, chaplain of the regiment, also left this morning and will hold church service tomorrow.

MANITOBA TO HOLD ELECTION

PEOPLE WILL VOTE FOR MEMBERS SAME DAYS AS REFERENDUM ON BEER BY GLASS

WINNIPEG, May 21.—The Manitoba general elections will be held on June 28, the same day as the referendum on the sale of beer by the glass, it was announced last night, following a conference of the Bracken farmer government supporters.

WOODLAND, Cal., May 21.—Robert Butchart, owner of the famous gardens near Victoria, his wife and chauffeur, are at the hospital here suffering from serious injuries sustained when their automobile capsized three miles from here. They failed to negotiate a curve.

SHARKEY WINS ELIMINATION

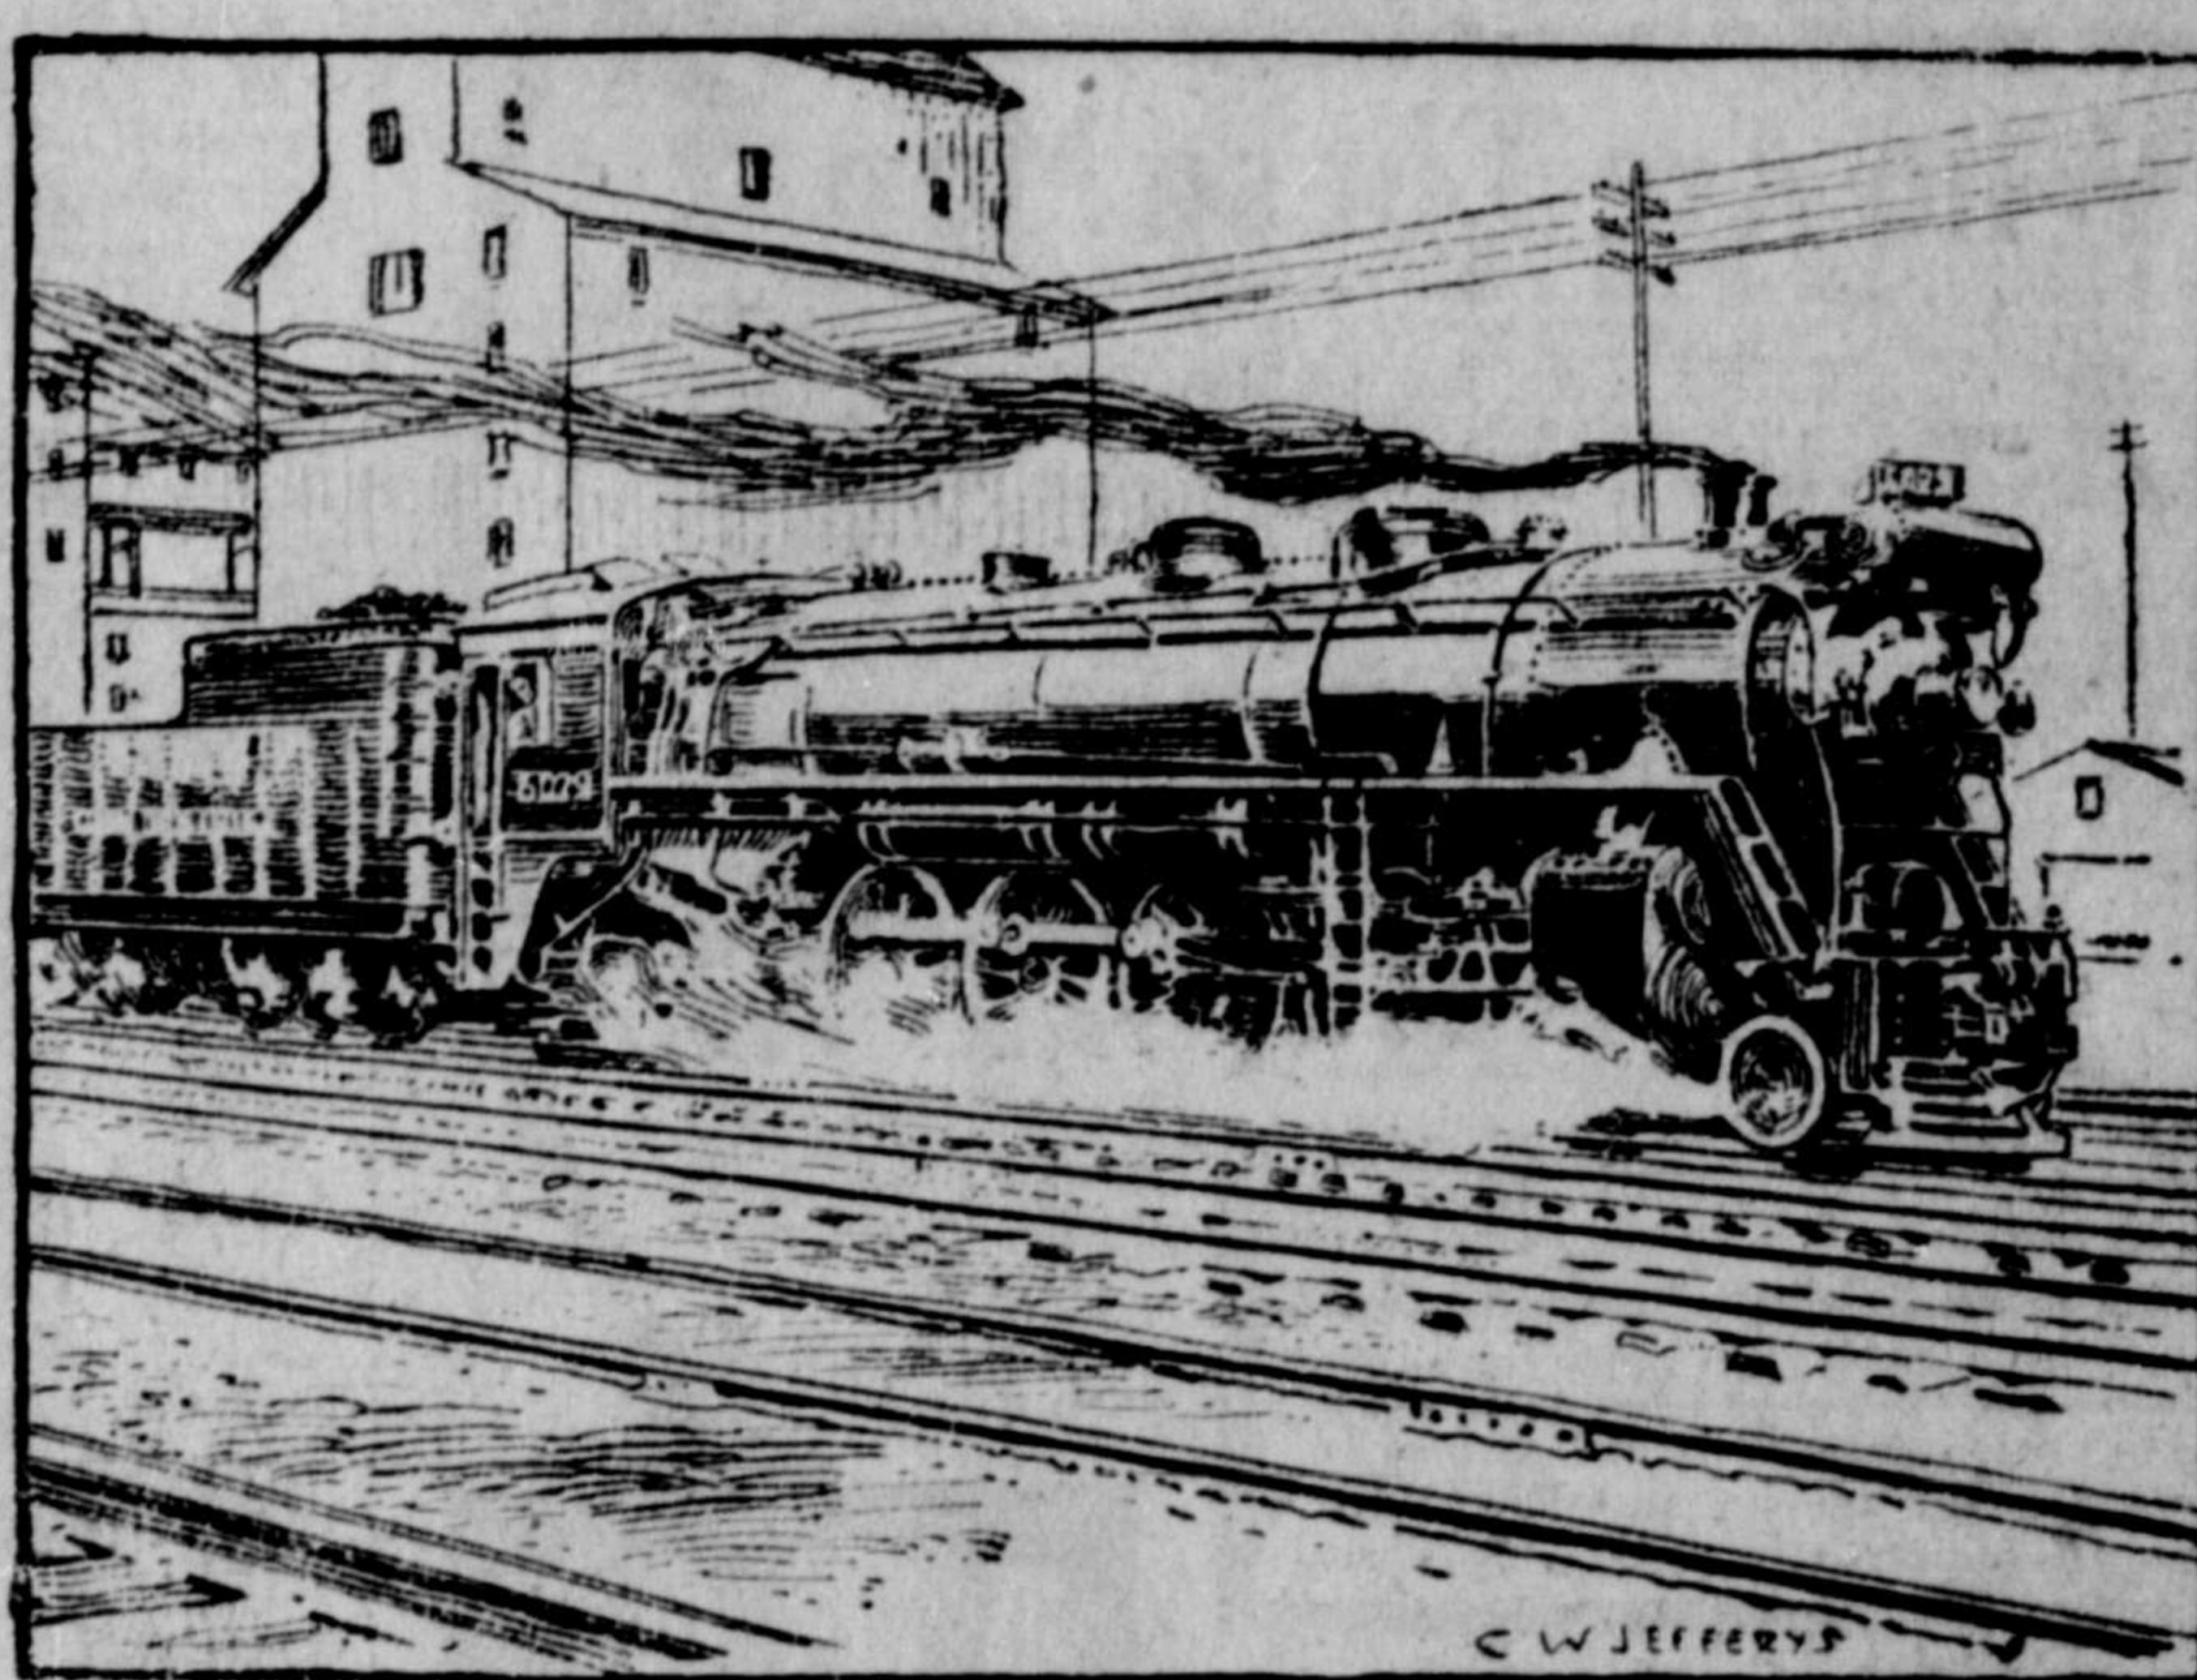

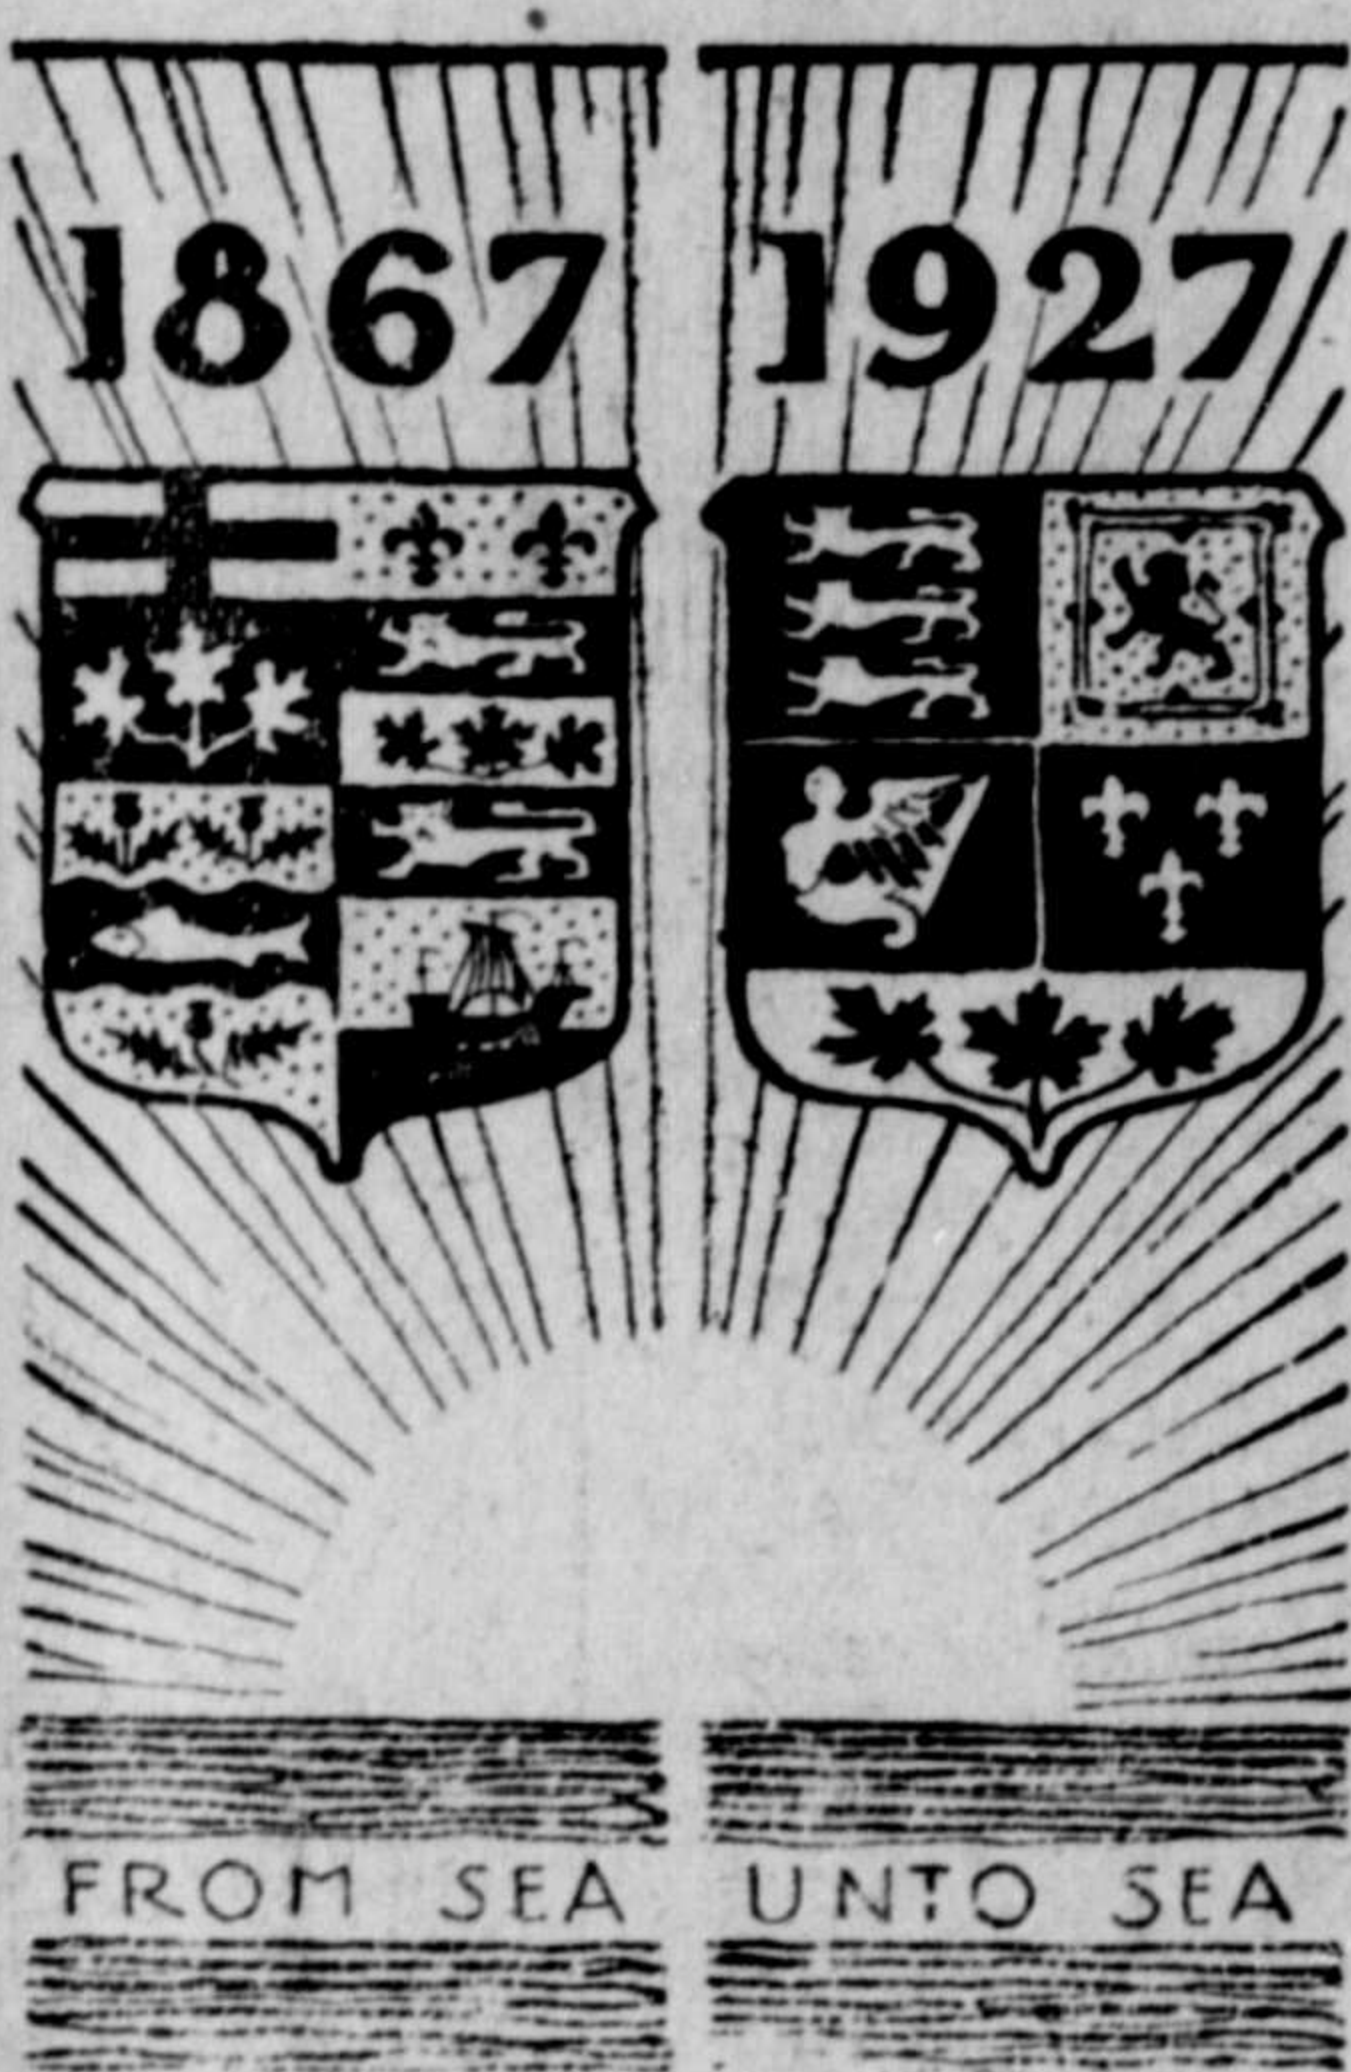

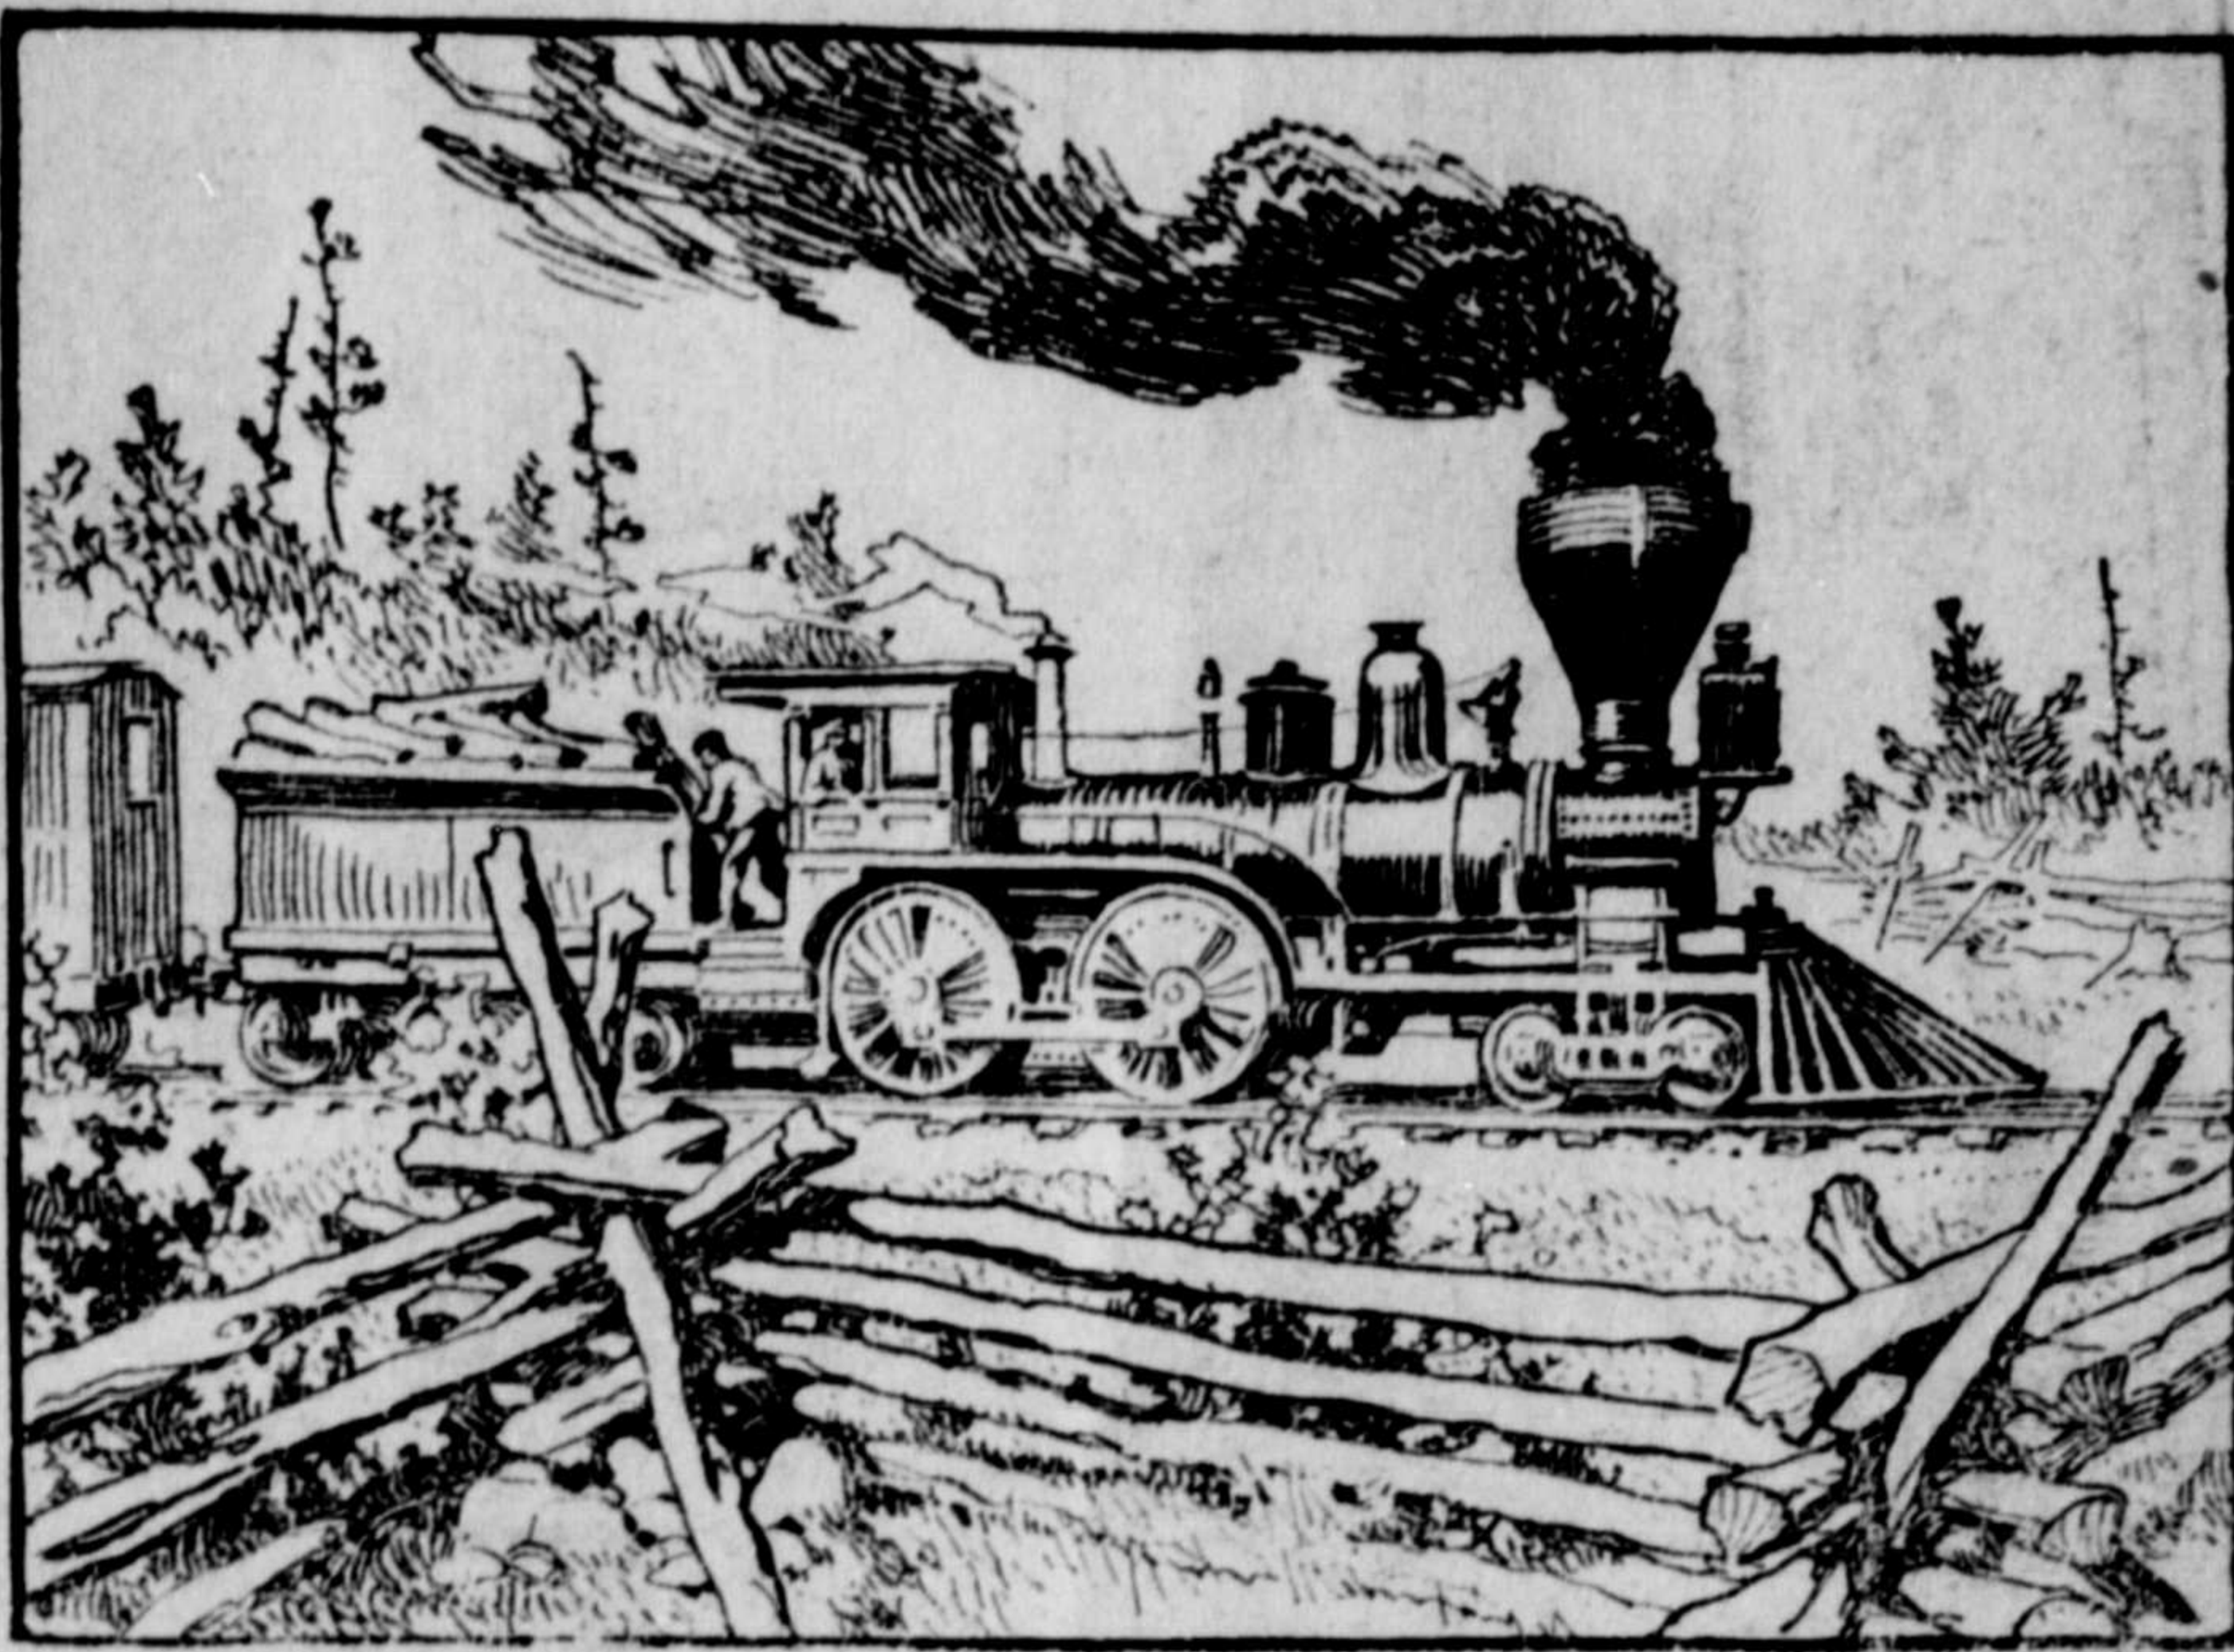

SCORES TECHNICAL KNOCKOUT AGAINST JIM MALONEY AT NEW YORK

NEW YORK, May 21.—Scoring a technical knockout over Jim Maloney in the fifth round, Jack Sharkey last night won a scheduled fifteen round fight in the Tex Ricard heavyweight elimination series put on by him for the purpose of finding a suitable contender for the crown now held by Gene Tunney.

FISHERIES REPORT IS SENT TO OTTAWA

VANCOUVER, May 21.—Commissioner Mackenzie announced yesterday that he had forwarded to Ottawa his report on the investigation into alleged illegal fishing at Smith's Inlet but that it may be some time before the result of the investigations is made public.

Thomas A. Kelley, well known Queen Charlotte Island logging operator, arrived on the Prince George this morning from Vancouver and will proceed tonight on the Prince John to Logan Inlet.

CANADA'S THREE SCORE YEARS OF NATIONHOOD

Very literally are the Provinces of Canada bound together by bands of steel. As a matter of fact, British Columbia became a Province of the Dominion in 1871 under promise of railway connection, though the actual linking-up did not become a reality till 1885. The enormous development of railroading has been one of the outstanding features of the sixty years that have elapsed since Ontario, Quebec, New Brunswick, and Nova Scotia united under one central government in 1867. At that time the new-born Dominion boasted 2,278 miles of track; it has over 42,500 miles today. In equipment, too, the evolution has been great. The old wood-burner of 1867, though capable of very creditable speed, was a pigmy in size, weight and strength compared with the huge locomotives of today. C. W. Jefferys, Canada's foremost historical artist, here graphically depicts the changes that have taken place.

Lindbergh in Monoplane Reached France Today After Atlantic Flight

PARIS, May 21.—Captain Lindbergh landed safely at Le Bourget flying field here tonight completing the New York to Paris non-stop flight in his monoplane, "Spirit of St. Louis." The plane came down here at 10.21 p.m. Paris time, which was about two and a half hours ahead of his schedule.

NEW YORK, May 21.—The French Cable Company is in receipt of official advices that Lindbergh in the transatlantic plane "Spirit of St. Louis" passed over Mayeux on the French coast at eight o'clock tonight. He was first sighted off the southwestern coast of Ireland shortly after five, flying high and headed toward Cork. Weather conditions were favorable.

NEW YORKERS BOTH BEATEN

TEAMS GO DOWN TO DEFEAT BEFORE CLEVELAND AND PITTSBURG YESTERDAY

NEW YORK, May 21.—New York's baseball representatives, who are leading the major leagues, are looking to their laurels today after tasting an unaccustomed defeat yesterday. The Yankee's winning streak of seven games ended in the west by Cleveland Indians while the Giants were slugged into submission by Pittsburgh's Pirates in twelve innings.

WERE WEDDED AT QUIET CEREMONY

Miss Ruth Dutton Became Bride of Constantine Michaloff at Manse This Morning

The marriage took place quietly at the Presbyterian Manse this morning. Rev. J. R. Frizell officiating, of Miss Ruth Dutton, daughter of Mr. and Mrs. L. Dutton, Seventh Avenue West, and Constantine Michaloff, a local machinist. After the ceremony, which was witnessed by Mrs. Carl Lindquist and Mrs. Arthur Caraven, the bride and groom left by train for a brief honeymoon trip to Hazelton after which they will return to the city and take up residence on Eleventh Avenue. Many friends of the contracting couple will extend congratulations and best wishes.

USE FOR NEWSPAPERS

TORONTO, May 21.—At a dinner of newspapermen at Right Hon. George Graham recalled the days when women were a newspaper's best customer "buying the presser's products to be made into bustles."

Tenders Being Called for First Section of Highway to Terrace Distance Four and Half Miles

One of the biggest road building projects to be undertaken in the near future in the province by the department of public works will be the construction of the first section of the Prince Rupert-Terrace highway for which it is announced that tenders are now being called. Instruction to this effect will be received shortly from Victoria by the local public works office. The section to be built this year will be some four and a half miles from the end of the already completed work to Galloway Rapids. This stretch has already been cleared and slashed and the work to be let on contract will be for grading and surfacing.

Concurrently with the work on the western end of the highway, the department intends to complete the link from the direction of Hazelton into Terrace this season, leaving the mountainous gap between Terrace and Galloway Rapids to be built later. The route for this has not yet been decided on but the minister of lands has promised that a thorough reconnaissance will be made this year by competent engineers for the purpose of deciding the route and estimating the cost of building the road.

It is thought that the main highway may turn inland at Port Edward following a natural grade and passing several picturesque lakes as far as Haysport. From there it is a question whether the river route or by an inland pass will be most feasible, but the best opinion seems to favor the river as far as Kitsumkalum.

The alternative for the section between Galloway Rapids and Haysport would be along the river close to the railway. If the road were built that way it would serve the canneries and be of greater immediate benefit to Prince Rupert. Much will depend on the report of the engineers as to feasibility and cost.

VARIED INQUIRIES WILL BE MADE HERE BY THE WAGE BOARD

VICTORIA, May 21.—The first of a series of meetings in different parts of the province will be held by the minimum wage board at Prince Rupert Wednesday next, other conferences having been arranged at Kamloops, Nelson, Cranbrook and Fernie and then at the south coast cities.

Among the classes of labor to be investigated are industrial workers, employees in hotels, restaurants and rooming houses, janitors, elevator operators, store clerks and all kinds of clerical workers. Wages paid to all adult male workers of every description, in fact, except those in the lumber industry, will be made the subject of inquiry.

Employers and workers will be asked to attend the board's meetings and outline what they consider a fair minimum wage for their business.

BORODIN FLIES FROM HANKOW

LONDON, May 21.—Despatches from Shanghai emphasizing the chaotic conditions at Hankow report that Borodin, the Russian Bolshevik, left there by airplane for Chong Shian, either to make an attempt to rally the Hunanese to the help of the southerners or in flight.

Borodin has for a long time been advisor of the Nationalist government at Hankow.

TOO COLD IN ENGLAND FOR ICE CREAM SODA

NEW YORK, May 21.—Ice cream soda will never become popular in England due to the climate, George M. Gales, president of a chain of drug stores, said as he sailed for Europe.

"The American wants something to cool him," he explained, "but the Englishman needs something to warm him."

In 700 drug stores operated in England by a syndicate of which he is a director, not one has a soda fountain, he said. "Tea is the only thing that can compete with whiskey and soda in the English climate," he said.

COLONEL ANDREWS RESIGNS POSITION PROHIBITION HEAD

STOOD FOR BRIDE IN EIGHTEEN WEDDINGS

Miss Kate Ryan is aboard the steamer Prince George today returning to her home in Stewart after spending three weeks in the south. In Vancouver she officiated as bridesmaid at her eighteenth wedding. She says she's going to make it twenty and then possibly she'll consider being something more in the ceremony than the bridesmaid.

Perhaps the man who would marry this big hearted and noted pioneer of many a Northern mining camp would be making no mistake.

DRY DOCK STAFF IS REORGANIZED

Following the transfer of Alex Watson, who has been organizing superintendent at the local dry dock; to Vancouver where he will become assistant to Richard Knox, C.G.M.M. superintendent engineer, certain reorganization has been effected in the management of the dry dock here.

Filling the gap left by Mr. Watson's departure, W. B. Morgan, who has been machine shop foreman, is raised to the post of engineering foreman. G. A. McMillan, who has been titled hull superintendent of the plant, now becomes known as shipyard manager and will be in charge of the whole plant, reporting direct to B. C. Keeley, Pacific Coast manager, Canadian Government Merchant Marine.

DON'T FORGET SALT LAKES

Already this season the Salt Lakes have been used by those swimmers who are willing to brave the elements and take a dip ahead of the regular visitors. Every warm day a few young people take a plunge, swim around for a while and then rub down hastily and jump into their clothes. Then they feel that healthy glow that comes as a result of healthful exercise.

Owing to the Salt Lake being outside the city limits, it is difficult for the city to undertake work there but, up to the present, the Swimming Club has done good work, backed by the provincial government. It is probable that this year will be no exception and that the Salt Lake Park swimming pool will be looked after. It is Prince Rupert's summer playground and is worth a great deal to the city. Being now held as a public park the public is assured that it will always be theirs and that any work they do on it will be kept for the benefit of the people.

It seems as if almost anybody can take a flier these days but only a few make a safe landing. Just like buying oil stocks.

CAUSE OF UNENDING STRIFE

As long as there is a boundary line between United States and Canada there will be friction owing to regulations against immigration on either side or customs regulations. Of late the friction has been accentuated by the fact that on one side is prohibition and on the other liquor is sold freely and special privileges are granted for export purposes. There is also irritation over visiting and immigration privileges because the United States does not want any more settlers. Customs regulations are always a nuisance, interfering with trade and increasing the cost of living. Without customs regulations, Prince Rupert would today be a big city as it would be the shipping port for Alaska. Only those on the boundary, like Prince Rupert, can properly appreciate the annoyances of the boundary line.

The friendship of Soviet Russia is something to fear. Friendship simply gives them an opportunity to plot and conspire.

There seems to be always something in need of reform. Now it is radio broadcasting and receiving. However, it is not noticed that there is any general improvement in anything as a result of the reform movements.

Vancouver is worrying because it has too much smoke and some Prince Rupert people worry because there is not enough factory smoke here. It's hard to please everybody.

A good many businesses are killed by overhead, swelled head, and red heads—the fatal trio.

KINDERGARTEN TOTS PERFORM

YOUNGER FOLKS AT ST. JOSEPH'S ACADEMY ENTERTAIN PARENTS AND FRIENDS

The Kindergarten pupils of St. Joseph's Academy gave a delightful little concert Thursday afternoon. The hall was well filled with the parents and friends of the little ones, and all thoroughly enjoyed the splendid entertainment.

A very pretty and interesting feature was a Cantata, "Earth's Awakening," in which all the tiny tots performed. Roy Mann represented the Herald; Ned Tobey, the wind; Billie Christie, the grass; Joan Watt, Spring; Mary McDonald, a Rose; Helen Gavigan, Forget-me-not; Marion McLachlan, Buttercup; Delphine Belagno, a Violet; Florence Gillis, a Daisy; Gladys Mellish, Bob Davie, and Pet Rorvik, Bulbs; Yvonne Connon, Lois Judge, Joan Marentette and Virginia White, Little Girls in the Woods.

The remainder of the program was as follows:

- Welcome Song—Boys and Girls.
- Recitation—"The Foolish Seed," Virginia White.
- Song—"Just a Bunch of Flowers," Roy Mann; accompanist, Geraldine Mann.
- Recitation—"Ways That Are Best," Yvonne Connon.
- Song—"The Dolly and the Kittens," Lois Judge.
- Recitation—"Plans," Billie Christie.
- Dialogue—"The Doctor's Visit," Joan Watt and Ned Tobey.
- Recitation—"My Ride," Gladys Mellish.
- Recitation—"Friends Tried and True," Florence Gillis.
- Song—"Peek-a-Boo," Mary McDonald.
- Recitation—"Two Kinds of a Boy," Bob Davie.
- Duet—"The Wasted Crust," Marion McLachlan and Helen Gavigan.
- Recitation—"The Lost Cap," Roy Mann.
- Chorus—"Gliding Through the Meadow," Boys and Girls.
- "Gov Save the King."

ENJOYABLE WHIST PARTY AND DANCE BY MOOSE LADIES

Women of the Mooseheart Legion were hostesses last night at the Moose Hall to over two hundred persons at a very successful whist drive and dance. Included among the guests were many officers and men of H.M.C.S. Patricia, who voted the evening one of much enjoyment, special remarks being made on the fine refreshments including the cakes which had been made by the ladies.

There were 23 tables of whist and the prize winners were: Ladies' first, Mrs. L. R. Parry; ladies' consolation Mrs. Griffiths; men's first, Ted Rorvik; men's consolation, A. McArthur, on out with L. Biggan and A. O. Franks.

After refreshments had been served, dancing was commenced, splendid music being dispensed by Miss Jean Currie's orchestra until 2 a.m. Gillis Royer was master of ceremonies and Bert Hoskins presided at the door.

The committee responsible for the success of the affair consisted of Mrs. C. Whatman Sr., convenor, Mrs. A. Strachan, Mrs. Joe Slaggard and Mrs. A. Skatobol.

LOCAL NEWS ITEMS

H. C. Fraser, school inspector, returned on the Prince John this morning from the Queen Charlotte Islands where, during the past two weeks, he has made his rounds of all the schools there.

George E. Warwick of Anyox, district deputy A.F. & A.M., left on this morning's train for Smithers to pay an official visit to Omineca Lodge there. He will return to the city next week to visit the local lodges.

To prospect for a run of summer herring which usually appears there about this, Harry Berry left today aboard the Bethune for the China Hat vicinity. It is hoped to get another supply of these fish for halibut bait purposes.

C.N.R. steamer Prince George, Capt. Harry Nadden, arrived at 11:15 this morning from Vancouver, Powell River, and Ocean Falls. The vessel will sail at 10 o'clock tonight for Stewart, returning here tomorrow evening to sail for the south at 11 p.m.

C.P.R. steamer Princess Beatrice, Capt. S. K. Gray, arrived at 10 o'clock this morning from the south, sailing at 11 on her return to Vancouver and waypoints. Included in the vessel's cargo was the big Washington-Estep engine which will be installed in a ballast boat being built at the dry dock for Lars Voge. The Beatrice, is making calls in the Skeena River this afternoon.

Ten Years Ago in Prince Rupert

MAY 21, 1917.

R. E. Allen, district forester, has appointed the following forest rangers for the season: Jerry Sullivan, Hazelton; Howard Guest, Babine; C. R. Hood, Tatla Lake; R. Duff, Bulkley Valley; M. McLean, Francois Lake. Mr. Allen will move his family from Hazel-

ton to Prince Rupert next week.

The condition of Sergeant R. W. Cameron, formerly of Prince Rupert, points to a gradual recovery. He was invalided home from the front and is now with his family in Vancouver. An arm was shattered by machine gun fire.

Following the visit of A. L. Carver, district engineer for the provincial department of public works to the Bulkley Valley, it is probable that

Automatic \$775

Changes its own Records

Plays twelve records without attention.—Runs itself for a whole hour. No operating effort on your part.—Just listen.

WHEN you turn on the current, the turntable starts to revolve; a mechanical "hand" takes the first record from the group of twelve and places it on the turntable; the tone-arm moves into position; the sound-box is lowered and the music begins. At the end of the selection, the mechanical "hand" removes the record from the turntable, slides it gently into a felt-lined concealed drawer, and "picks off" the next record from the magazine arm. These operations are repeated until the last record is played, then the mechanism stops automatically.

So magnificent an instrument demands an exterior of exceptional beauty. Victor craftsmen have designed a distinguished cabinet for the Automatic Orthophonic Victrola, in which every luxurious touch that ingenuity can devise has been incorporated.

The price of the automatic instrument is \$775. Other models of the Orthophonic Victrola Instruments are obtainable at prices ranging from \$430. down to \$115.

Obtainable on convenient terms from "His Master's Voice" Dealers. Demonstrations now going on. If your dealer hasn't one he will order it for you.

SPORT CHAT

Plenty of enthusiasm on the part of spectators has a psychological effect on players and often helps them win a game. It may not make a poor lot of poor players into good players, but when honors are about even, good backing from supporters helps. The sailors in port this week were strong on cheering. It was noticed, when they won the boat race Thursday evening.

It is announced by the management of the Victoria Day celebration that one third of the proceeds of the event will go to the fund for surfacing the grounds and for that reason it is thought will be supported by the public. The sports include half mile for boys under twelve; three quarter mile for boys under 16; one mile for boys

There also is a baseball game at three between the Gyros and Native Sons. The management is asking that entries for all the events be in not later than Monday afternoon.

PATRICIAN SEAMEN BEAT STOKERS IN PULLING MEETING

The seamen of H.M.C.S. Patrician won from the stokers of the destroyer in the pulling event yesterday afternoon with a lead of 2-3-5 seconds in the two races. In the first race, the

time of the seamen was 11 minutes and 47 seconds, while the stokers was 11 minutes, 53 seconds. In the second race it was 11 minutes 50 4.5 seconds and 11 minutes, 47 2-5 seconds respectively. A penalty which the stokers were docked in the first race for fouling at the start lost the event for them.

SMITHERS

At a public meeting called by the school board this week a site at the corner of Second Avenue and Columbia Street was chosen for the new High School here by a vote of 85 to 11 over a site near the top of the hill on Main Street. It is possible that the new building may be of brick veneer.

This is the "clean-up" period in Smithers. Between May 19 and 28 was designated by the town council as the time that premises must be put in order.

Enroute to Toronto to attend a conference with head officials of the company, H. E. Sparks of the Huronian Belt Co. of that city was a visitor here last week to go over mining possibilities in this district with L. S. McGill and F. H. Taylor. Mr. Sparks has been in British Columbia all winter gathering data for his company.

Milk and cream shipments from the Bulkley Valley to Prince Rupert increased 22.7 per cent and 41.35 per cent respectively according to report of F. B. Chettleburgh, secretary of the Bulkley Valley Dairymen's Association.

A committee from the Native Sons of Canada now has the job in hand of planting one hundred maple trees in various parts of the town.

Light users are being warned by the Smithers Electric Ltd. that they must go easy in their use of electricity. Owing to overload, the generator burned out at the power plant and Smithers was in darkness last week from Wednesday to Saturday.

Frank H. Taylor spent the week in town and brought most encouraging reports of developments at the property of the Topley Consolidated Co. at Topley. The road is practically completed and men are now at work stripping the big showing of valuable ore on the Topley group.

The Catholic Women's League here has elected officers as follows: president, Mrs. J. A. Macdonald; vice-presi-

"Will Morning Never Come?"

"If I could only sleep I believe my nerves would soon be all right, but night after night I lie awake and think about everything under the sun.

"What chance is there of getting better so long as this goes on?"

"None. Nerve force is being exhausted nearly twenty-four hours of every day, and there is no rest and sleep in which to replenish the waste."

"One thing sure I cannot stand it much longer, for I know that every week—yes, every day—finds me more restless and nervous, and less able to stand the strain of the day's work."

"I suppose the doctor could give me something to make me sleep, but I don't want that. I am weak enough now. I want something to build up strength rather than to tear down the tissues of the body."

"I believe I will try Dr. Chase's Nerve Food. I have often heard of it, but never thought I would need to use it. I was always so strong and healthy."

"This nervous trouble is a peculiar ailment. No one would believe what I suffer from sleeplessness and nervousness. I do not look like an invalid, but I certainly am one."

"One thing sure I shall not spend another sleepless night before I begin using Dr. Chase's Nerve Food. I expect it will take a little time to get my nerves right, but I shall get half a dozen boxes and give it a try out. Something seems to tell me that I shall not be disappointed."

Huge Shark Stranded in Harbor—McLean to Start Construction of Fine New Plant Next Month—Improvement in Trolling

Most unique was an incident on Tuesday afternoon when a twelve-foot shark became stranded and was captured in a tide basin east of the plant of the Canadian Fish & Cold Storage Co. towards Shawatlans Passage. The venomous monster is believed to have been chasing salmon toward the passage when he became entangled among the rocks and there either beat himself to death or suffocated as the tide receded. The fisheries experimental station was advised of the incident and Acting Director Brocklesby proceeded to the scene and took charge of operations toward recovering the creature. Five men finally succeeded in getting it into a boat in which it was taken to the Cold Storage plant where it is now being frozen preliminary to preservation.

The monster was found, besides being twelve feet in length and three feet in breadth, to weigh some 1,200 pounds. With a huge mouth, opening to a width of some two feet, the creature is equipped with small sharp teeth and all the necessary factors toward making it most vicious in appearance.

It is believed to be a unique specimen and, so far, its identity has not been established. Last year a shark of somewhat similar appearance was taken at Nanaimo but it was only some six feet long. It is the intention to retain it as an exhibit for the local fisheries experimental station but, owing to the size, methods for its preservation present some problem. It will probably be pickled or possibly stuffed.

Dr. R. Geddes Large of Port Simpson struck Ryan Point, near Simpson, with his power cruiser Sunbeam II. on a recent trip to town and the vessel was towed into port this week by the Taplow for repairs to a twisted blade and bent shaft at the Ward Ways. The work

completed, Dr. Large returned to Simpson with the boat today.

Repair work on the halibut boat Dolphin, Capt. Peter Byrne, which was damaged in a recent gasoline explosion, is proceeding with despatch at the dry dock and it is expected that the vessel will be ready next week to proceed to sea again.

Three gill net boats from New Westminster were in port this week enroute to the Skeena River for operation this season. Each were powered with Ford marine engines.

Repair work is well under way at the N. M. McLean shop on the forestry boat Alpine Fir which had her entire upper works blown off in a recent explosion, while lying moored at Butedals. Frames are now up for the house work which will be of slightly different design than formerly. Within a couple of weeks, the vessel will be ready to resume service.

NEW BOAT PLANT

Work will be started about June 29 by N. M. McLean on his new boat-building plant at Seal Cove in the small bay immediately west of the Canadian Fish & Cold Storage Co. Plans call for what will undoubtedly be one of the finest establishments of its kind on the coast.

The boat shed will be 120 by 100 feet in dimensions and will cover a marine ways which will have capacity to build or repair three boats simultaneously of almost any size.

In addition to the boat shed, there will be floats providing accommodation for some twenty-five boats. Seeing that Mr. Brady fell down on the fishermen's floats job, Mac is going to rise to the occasion. The facilities he intends to provide will undoubtedly be made full use of.

Another new job for the McLean shop is in the installation of 20 h.p. and 16 h.p. Hicks heavy duty engines in the B.C. Packers' seine boat Hanna L. and another smaller seine boat belonging to the same concern.

With the 50 foot seine boat for the Langara Packing Co. due for completion next week, McLean will lay the keel on Tuesday of a 46 h.p. seine boat for the Gosse Packers for the building of which he was recently awarded the contract. This boat, which will be the last to be built in the old shop, will be powered with a 20 h.p. Frisco-Standard engine.

Arthur Kerr is putting a new top on and generally overhauling his speedboat which is moored at the Newcombe float at Seal Cove. The snappy little vessel is powered with a Ford marine engine.

With his house furniture and family on board, Capt. Chris Hovmuller pulled out on Thursday afternoon in his new boat Helen II, originally designed for the halibut fisheries, for Vancouver enroute to Barclay Sound, on the west coast of Vancouver Island, where the vessel will take up a salmon seining charter. The return of Capt. Hovmuller, who for some years has been identified with halibut fishing out of this port, his former boat Helen I, having been the high halibutter here last year, is a matter of doubt.

Neglected Eyes

NEGLECT is doubtless the cause of most of the ills that afflict humanity. This is so self evident that it seems hardly necessary to tell you. If your eyes are giving trouble, have them attended to—and at once. OF ALL absurdities in the kingdom of foolishness, surely the loss of eyesight through neglect is the most inexcusable. DON'T lose health and efficiency through neglect. Come and see!

Next Winter---
you can have more heat at less cost by installing the famous "Hecla" Warm Air Furnace.
More comfort, too, because the Hecla eliminates dust and gas leaks, and supplies the correct amount of moisture in the warm air.
Get the Hecla dealer to show you the Patented Steel-ribbed Firepot that has three times the radiation of other firepots and saves 13% to 15% of your coal bill. We guarantee this firepot for 20 years. See also the Patented Fused Joint Radiator that ensures clean, healthful air. These two improvements alone put the Hecla in a class by itself as the finest heating installation you can buy.
You will be interested also in our "Success" Furnace, lower in cost and with some of the famous "Hecla" features.

former Lake Winnipeg steamboat captain, is again in the limelight. Although he is suffering from high blood pressure, he still craves speed and to that end he has brought about a unique power installation in his net boat, B.S.J. Capt. Ben conceived the idea of coupling up two single cylinder 4 h.p. N. and S. engines to make a two cylinder machine on the same shaft giving sufficient power to meet his desires.
Everything went just as successfully as Cap could have wished and they were just about to leave Cow Bay to make a record breaking trip out to their Smith Island home when a piece of driftwood fouled the propeller and stripped the clutch.
This necessitated another tie-up but a 10 h.p. giese clutch was expeditiously installed and the vessel left on Thursday. The boat will be operated on the Skeena River. Capt. Ben's son, Luther, superintended the operation on the B.S.J. of which he will be in charge.
New railings are being put on the Aquirite at the Prince Rupert Boat House where there is a general campaign of cleaning and painting up just now. All dolled up in new colors, the "28" has returned to her mooring place there, hardly to be recognized by her old friends. The "23" has also been slicked up for Salt Lake service and the Puchena and Myfahwy are being prepared for charter.
A. E. Wright, who for the past few years has been carrying out coast triangulation work for the government, returned to the city this week from Victoria. His boat Ethelinda is now being (continued on page six)

LET'S BE PREPARED FOR DEAR MISS SPRING—WITH COAL FOR SHE'S A FICKLE THING!

When Miss Spring gives us promise of merry sunshine—she sometimes keeps us waiting at the church in a cold drizzly rain. Just like a woman to change her mind.
Don't depend on Spring to keep you warm—our coal is much more reliable. Take no chances but give us your order today.

Quality that Cannot be Duplicated at Chevrolet Price

YOUR first ride in the Most Beautiful Chevrolet will convince you that Chevrolet has done the unexpected—the unprecedented thing—in introducing a quality which cannot be duplicated at Chevrolet price.

Power that laughs at high hills and rough roads! Smoothness that thrills you with delight! Speed and acceleration that meet your every demand! Long, resilient springs that cushion every shock! Beauty that makes you proud to be seen driving such a car! A rightness about every little detail that you would expect only in much higher-priced cars!

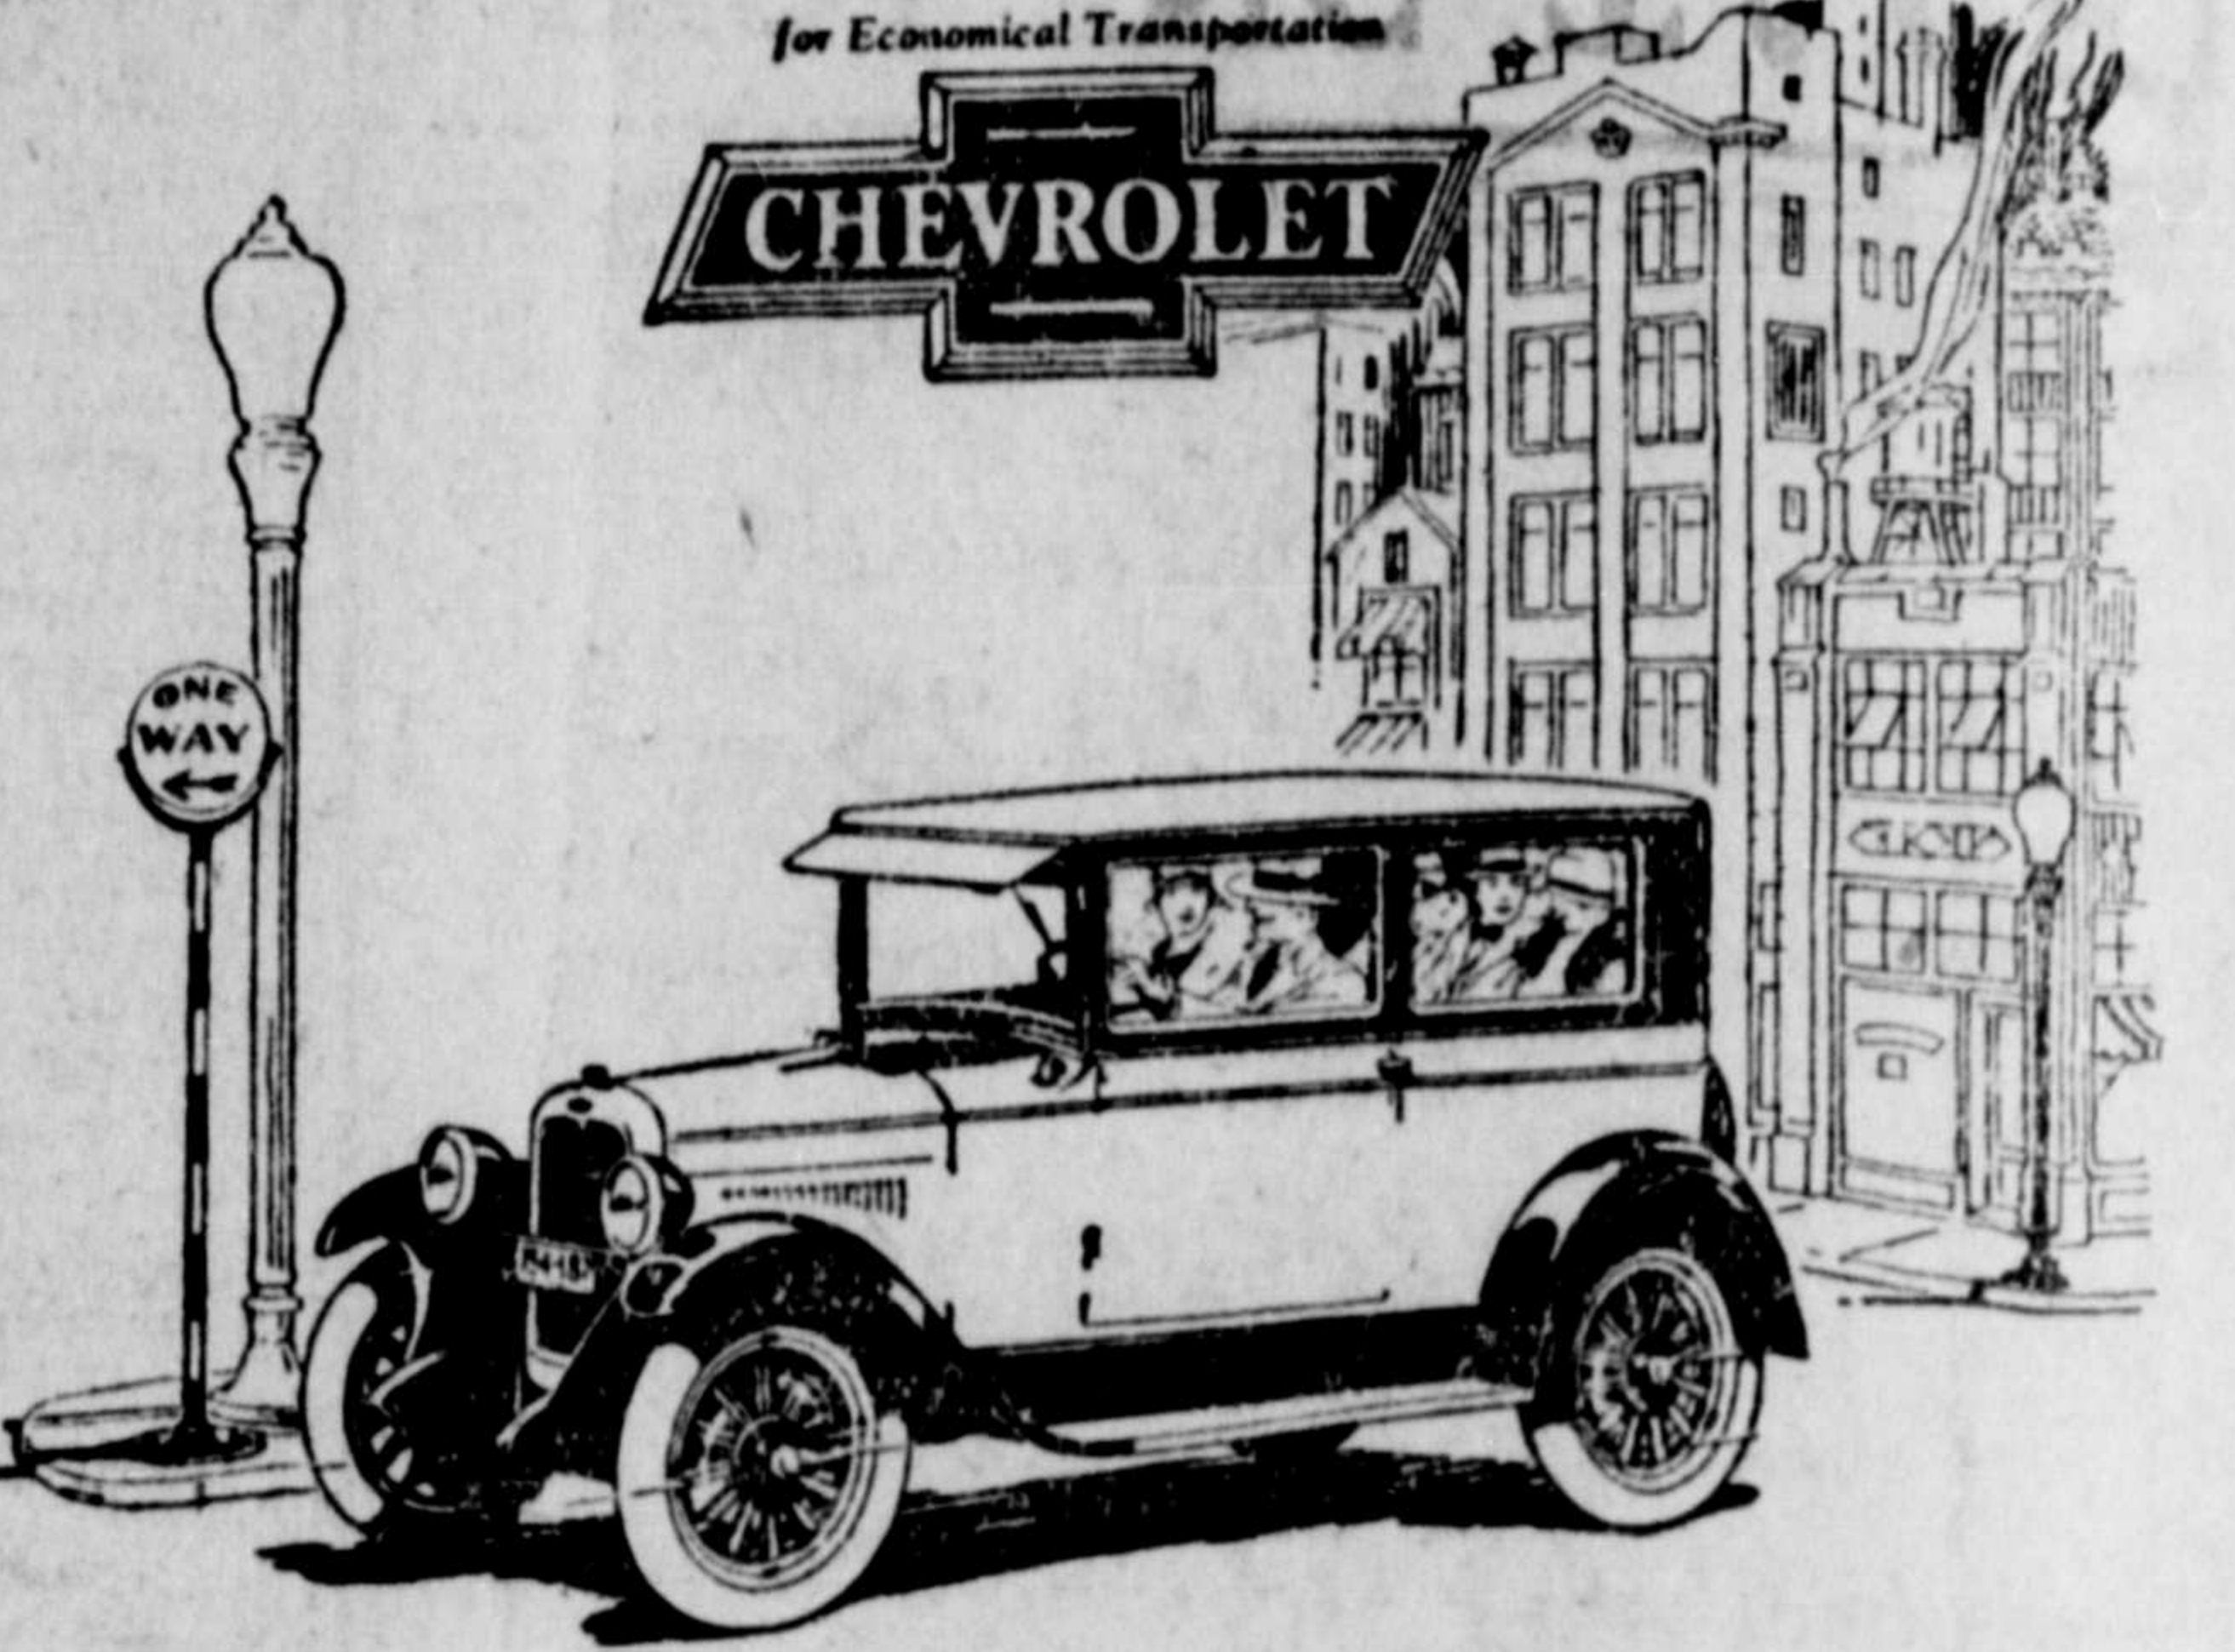

All these things Chevrolet gives you . . . and only Chevrolet can give them at Chevrolet price.

It is scarcely surprising that the Most Beautiful Chevrolet in Chevrolet History has met with a success unique in the automobile world . . . that it has, during the four months since its introduction, achieved absolute leadership and supremacy in sales and public acceptance throughout the Dominion.

The Most Beautiful Chevrolet in Chevrolet History is now selling at new and lower prices . . . the lowest for which Chevrolet has ever been sold in Canada.
