# PREMIER BALDWIN TALKS OF PEACE

## WEATHER IN OLD COUNTRY IS COLDEST IN MANY YEARS

### Weakening Britain Would Not Advance Cause of Peaces Says Premier Baldwin to Pacifists

Premier says weight of British Empire adds to strength of treaties and country would be prey to hostile forces

LONDON, December 21.—"The effectiveness of the Locarno Treaty depends very largely on the knowledge of all parties that in the event of an unprovoked attack the mighty weight of Great Britain would be thrown into the scale against the aggressor," Premier Baldwin said, in replying to 125,000 people who, in a peace letter, declared they would refuse to support any government resorting to arms.

The Premier added: "To deprive the country of that weight, treaties would be deprived of nearly all their value. Once more in Eastern Europe would spring up that fear and unrest, that uneasy dread which the treaties have done so much to allay.

"You cannot strengthen the League of Nations by weakening the British Empire. England, totally disarmed and an easy prey to hostile forces—can you think of anything more likely to excite cupidity and hostile intention. We should sink to the level of a fifth class power. Our colonies would be stripped from us and our commerce would decline. I share your longing for peace but I have yet to learn that the cause of peace would be served by rendering Britain impotent."

### RANGERS LEAD IN U.S. HOCKEY

Joliet Has Scored Eleven Goals This Season So Far, Heading League

TORONTO, Dec. 21.—The Rangers resumed the leadership of the American section of the hockey league by defeating the Americans five goals to two.

The game between Boston and Ottawa played at Boston last night was an even affair but the home team had slightly the best of it, scoring one goal. Auriel Joliet for the Canadiens leads the scorers with eleven goals and three assists. Morenz, a team mate of Joliet, comes next, while Frank Boucher of the New York Rangers is third.

### ELEVEN ESCAPE COPRA VESSEL

Steamer Niagara Picked up Men From Burning Ship Bound to San Francisco

HONOLULU, Dec. 21.—Eleven of the members of the crew of the motor schooner Doris Crane were rescued from the burning vessel by the liner Niagara due from Vancouver tomorrow. One man, A. Gilbert, an Islander, perished.

### OPENS IN BUSINESS SELLING POTATOES BUT SOON CLOSES UP

VANCOUVER, Dec. 21.—W. H. Hammond of Ashcroft, who started a retail potato business yesterday on Powell Street, decided to close after operating less than a day until he had proper qualifications for a license.

### PRINCE OF WALES ELIMINATED TODAY IN SQUASH RACKET

LONDON, Dec. 21.—The Prince of Wales was eliminated in the semi-final round of the Royal Navy squash racket championships by Commander R. A. I. Mackenzie 9-3, 9-7, 3-3. The Prince failed to maintain the form shown previously.

### LOGGER IS ARRESTED CHARGED WITH MURDER FOLLOWING SUICIDE

MERRITT, Dec. 21.—Jack Ellison, a logger living in a lonely cabin five miles from here, was arrested yesterday in connection with the death of the prospector "Lucky" Todd, more properly Emmett Todd.

### INDUSTRIAL PEACE TO BE DISCUSSED BY TRADES COUNCIL

LONDON, Dec. 21.—Sir Alfred Mond's invitation to the council of the Trades Union Congress to take part in a conference for discussion of industrial peace, has been accepted.

### GRAIN VESSELS ARE BUSY HERE

Sydland Here From Rotterdam and Newport News is First Swedish Vessel for Port

AINDERBY SAILED

Ohio Maru Coaled Here and Will Begin Loading at Elevator Today

The British freighter Ainderby, Prince Rupert's fifth grain ship of the season, sailed at 9 o'clock last night for the United Kingdom or Continent with a full cargo of grain loaded from the Alberta Wheat Pool's Prince Rupert elevator. Piloted by Capt. Gus Foellmer, the vessel is going via Union Bay where she will bunker coal.

The sixth boat of the season, the British freighter Sheaf Mount, is still loading at the elevator and it is expected she will get away within a day or so.

The seventh boat, the Japanese freighter Ohio Maru, completed lading early this afternoon and moved away from the ocean dock to Philpott & Eritt's wharf where she will take on some ninety tons of coal for her bunkers. She will then move to the elevator to start loading a full cargo for the United Kingdom or Continent.

The eighth boat of the season, the Swedish freighter Sydland, arrived in port at 2.30 yesterday afternoon and to the ocean dock early this afternoon to start lading. It will be late in the week before the vessel goes on berth at the elevator.

The Sydland comes here from Rotterdam, Holland, which port she left on October 14. Through stress of weather, she called at Newport News, sailing from there on November 23 for Prince Rupert via the Panama Canal.

Prince Rupert's largest grain ship to date and first vessel of Swedish registry, the Sydland, is commanded by Capt. A. N. Larsen and carries a crew of 37 men. The captain has with him on the voyage his daughter, whose home is in Gothenberg, Sweden. The Sydland is said to be the finest appointed grain ship that has yet visited Prince Rupert.

The Sydland was piloted to Prince Rupert by Capt. Percy Shadforth of the Federal Pilots of British Columbia who she picked up off Victoria. The vessel came up via the outside passage around Vancouver Island, through Hecate Straits, Beaver Passage, and Ogden Channel.

It was announced at the elevator this afternoon that the Sheaf Mount will be ready to sail tomorrow morning for the United Kingdom or Continent with a full cargo.

Railway trouble now being cleared up, steady movement of grain from the prairies to the local elevator has been resumed. There are sixty-five carloads in the yards today waiting to be unloaded.

### BOSTON HOCKEY CLUB SELLS STAR PLAYER TO THE TORONTO CLUB

BOSTON, Dec. 21.—Boston Hockey Club today announced the sale of "Sailor" Herberts, star centre-ice man, to Toronto. The reported price is \$15,000.

### SENATOR APPOINTED

OTTAWA, Dec. 21.—N. K. Laflamme, K.C. M.P. for Drummond, Athabaska since 1921, has been appointed to the Senate from Quebec.

### NO SIGN OF LIFE

BOSTON, Dec. 21.—No signs of life were found in submarine S-4 when diving operations were resumed today.

### Winter Holds Britain and Rest of Europe in Her Grip While Gales Lash the Shores

LONDON, December 21.—Winter still holds Great Britain and continental Europe in her grip. Snow and rough winds have heaped up casualties by land and sea. In one of the fiercest gales to whip the British coast, the small schooner Pearl sank off the head of Kinsale in Cork County and the crew of five perished.

In the north of England and Scotland the roads were blocked with snow. It is cold in Germany and the cold is growing more intense. Breslau experienced a temperature of 20 degrees below zero, the coldest on record since 1799.

In Belgium seven people are reported dead from cold, the weather being the bitterest in fifty years. In Jugoslavina the cold weather caused the death of twenty railroad workers at one place and seventeen soldiers at another.

In England, the oldest inhabitant in Monmouthshire, 130 years of age, Rev. C. A. Wood, died from injuries received when falling on a frozen pathway. He served his scattered country parish for 75 years.

### Huge Airship is Being Built in England for Establishing a Service Across Atlantic Ocean

LONDON, December 21.—The most wonderful skeleton in the world—the metal framework of the airship R 100—has been shown at Howden, in Yorkshire, says the London Daily Mail. The Mail says:

The R 100 is to be finished in April. It will carry 100 passengers, 35 of a crew, and 10 tons of mail or other freight. You will be able to travel in her from London to New York or Montreal in 48 hours for a fare of £100. An all-in first-class liner fare is about £125. These are among the claims made for R 100 by Commander C. D. Burney, M.P., the managing director of the Airship Guarantee Company, Limited, who are building her to the order of the air ministry.

"This ship," said Commander Burney, "is entirely for commercial purposes—useless in war time—and she will be made as a commercial production job. Her total cost will be £450,000" (approximately \$2,000,000).

The dining room, with its 5-ply wooden floor will be 36 feet by 20 feet. It will seat 50 people, or, cleared, provide dancing space for an equal number. The music will be provided by wireless. There will also be 36 bunks in two and four-berth cabins and two promenades on this floor. The floor above is a lounge, from the centre of which you look over a balcony into the dining room. Surrounding this lounge are 60 more berths. Below the dining room are the kitchen quarters, connected by service elevators.

### OFFICERS CHOSEN FOR BANK OF NOVA SCOTIA

TORONTO, Dec. 21.—S. J. Moore of Toronto, director of the Bank of Nova Scotia, was today elected president succeeding the late G. S. Campbell. J. M. McLeod, general manager, was elected director and vice-president, while Hector McInnes of Halifax, a director, was also chosen vice-president.

### EDDY BUSINESS TO BE UNDER BRITISH CONTROL

OTTAWA, Dec. 21.—The match business of the E. B. Eddy Company Ltd. at Hull, Quebec, is to be taken over by a new company under the presidency of George W. Paton of London, England, chairman and managing director of Bryant & May, the British match manufacturers.

### WHITE PASS MOVES OFFICES TO COAST

SEATTLE, Dec. 21.—Removal of the head office of the White Pass and Yukon Railway from Chicago to Vancouver, B.C. and Seattle will become effective on January 1, was announced by the general manager and new president. Increased mining activity and tourist business necessitate the change.

### Petition Circulated Asking Peace Railway or Northern Province

People Being Asked to Sign Request to Dominion Government for Immediate Construction of Line With Prince Rupert Outlet

A petition, asking that a railway be built from Peace River to the Canadian National Railway at once or else that authority be given to form a new province out of the northern part of British Columbia and the Peace River section of Alberta, is about to be circulated. It has been drawn up by Theo. Collare and endorsed by the president of the board of trade and is accompanied by a lengthy memorandum setting forth the urgent need of the railway and the desirability of making the outlet at Prince Rupert. The petition reads as follows:

To the Honourable William Lyon Mackenzie King, To the Honourable Members of the Dominion Government, To the Honourable Members of Parliament of Canada, Gentlemen—

We, the undersigned, citizens of Prince Rupert, B.C., humbly petition the Dominion Government and the members of parliament of Canada, to take action at the coming session of parliament, to provide the necessary and long promised railway outlet for the Peace River country to the Pacific coast.

This outlet to connect with the Canadian National Railway at Vanderhoop, or at some point further west, giving outlet to the coast at the already established port of Prince Rupert, where all facilities are provided for the handling of grain and of shipping of every description.

The attached memorandum will give the honorable members all information and data tending to prove that a northern outlet is the most economical and the most feasible as to gradient and mileage and also that the farmers of the Peace River country would get the cheapest rates as against any other port on the Pacific coast.

Failing the above, to grant us the privilege of being organized into a separate province as outlined by Mr. Charles W. Frederick, former mayor of Peace River, as follows:

The northern boundary would be the 60th parallel of latitude extending eastward along the present northern boundary of British Columbia and Alberta to the 114th degree of longitude (the 5th meridian) thence south to the southern boundary of township 6 (the 18th line) thence westward to the 116th degree of longitude; thence south to the 54th parallel of latitude, and thence west of that line to the Pacific, including islands and portions of island north of the 54th parallel and within Canadian waters.

### COAST COPPER TAKES A JUMP Rises Today From \$19 to \$31 and None Offering Less Than \$35

VICTORIA, Dec. 2.—Coast copper closing at \$19 yesterday climbed eleven dollars today, closing at \$30 bid at noon and none offered below \$35.

Buying orders flooded in from Montreal, Toronto and Vancouver. Two weeks ago this stock was selling at from \$13 to \$15.

### MRS. CLAPPERTON PASSES TO REST

Death Occurred in Prince Rupert General Hospital of Well Known Local Lady

Death came as a happy release at the Prince Rupert General Hospital about 10:30 this morning to Mrs. Alex Clapperton who has suffered with fortitude and patience for several months from a serious illness, lapsing into coma during the past few days which indicated that the end was not far removed.

The late Mrs. Clapperton, who has resided in Prince Rupert for many years, came originally from Edinburgh, Scotland. Besides her sorrowing widower, she leaves to mourn her loss two sons—John Clapperton of Prince George and William Clapperton at home in this city. To the family will be extended general sympathy of the community for, like the deceased, they are all well known.

Funeral services will take place on Saturday afternoon under the auspices of the St. Andrew's Society. Arrangements are in the hands of the B.C. Undertakers.

### FISHERMEN AT VANCOUVER ARE AGAINST PLAN

Strong Opposition to Proposed Scheme for Conserving the Fisheries on Coast

VANCOUVER, Dec. 21.—The proposed fishing areas with the restriction of canning to the areas in which the fish are caught and limitation of gear was strongly opposed by the salmon fishing industry as reflected at a meeting held here Tuesday with W. A. Found, director of fisheries at Ottawa.

A vote taken showed 68 opposed to the first proposal, against 38 favoring it, while for the last proposal 77 opposed and 24 favored.

Mr. Found in addressing the gathering urged co-operation between the fishermen and canners to permit "economic conduct of the industry." He told the conference that the department was determined that at all costs the fishery must be saved. If conditions continue as at present they must be prepared for much more stringent regulations.

NEW WESTMINSTER, Dec. 21.—Fishermen on all parts of the coast in the Fraser River district are unanimous in their opposition to the three proposals of the department of marine and fisheries for the protection of the salmon industry.

### ALLEGED RUM RUNNER TAKEN

Has to Appear Before Immigration Board on Charge of Illegal Entry

VANCOUVER, Dec. 21.—Joe Parents, wanted in San Francisco under indictment as a rum runner and much sought after, was arrested in North Vancouver yesterday afternoon and released under a bond of \$5,000 to come before the immigration board Thursday to answer a charge of entering the country illegally.

### FOUR DROWNED ON WAY TO A FISHING CAMP

PRINCE ALBERT, Dec. 21.—A fishing party of four, two brothers named Tabor, Mrs. Tabor, a bride of three months and R. Dahl of Fenton, Sask., were drowned in the Montreal River while journeying to a fishing camp at Lac de Ronze. They left here six weeks ago and have not been heard from since.

### KILLED ON AIRCRAFT CARRIER AT SAN DIEGO

SAN DIEGO, Dec. 31.—James R. Ailsworth, aviation chief carpenter's mate, was killed and four others seriously injured in an explosion aboard the aircraft carrier Langley yesterday.

PRICE OF WHEAT. VANCOUVER, Dec. 21.—The price of wheat today is \$1.46 1/2.

DAILY EDITION Wednesday, Dec. 21, 1927

REVIVAL OF MINING IN NORTHERN CANADA

While just now winter has wrapped her white mantle over the mining districts, there is no doubt whatever but that the early spring will see a great revival in the industry throughout the whole of northern Canada.

FLIN FLON MINE

A chronicle of trial and error, perseverance and failure and a large amount of luck makes up the story of Canada's latest frontier mining development. Flin Flon has been an obscure pin-point high up on the map of North America.

The new community is said to contain 18,000,000 tons of copper-zinc-gold-silver ore which the prospector of a generation ago would have passed by as being of too low a grade.

ASSAY WAS MISLEADING

Four prospectors in 1915 were broke. They were known as the Four Musketeers for their loyalty. It took them most of the winter to find a "grub stake" which two Toronto men finally provided.

An American firm about this time became interested and after taking an option in 1919 let the proposition drop. In 1920 the Mining Corporation of Canada appeared on the scene and commenced work.

Unusual interest in the undertaking is being taken in Canada on account of the comparatively close proximity of the Hudson Bay Railway which is being built by Canada, Northeast from the Pas.

WILL BALAGNO AT VICTORIA

Newspaper Tells of His Work at Empress Hotel Musical Club

The December recital of the Ladies' Musical Club held at the Empress Hotel last evening served as the happy medium for the reintroduction to Victoria of a former local musician, William Balagno, who has returned to make his home here after an absence of some years in Eastern Canada.

An enthusiastic welcome was tendered to Mr. Balagno when he appeared for his first group, the Allegro Vivace, Andante and Presto movements from the Sonata in G Minor (Sjogren), and as he progressed through an exacting and beautiful program the audience showed their appreciation of his playing in unmistakable terms.

Other numbers which afforded him opportunity for the display of his undoubted gifts as a serious musician were Sarasate's "Romance Andalusa" and "Symphony Espagnole" (Lalo).

Miss Merle North, popular young mezzo-soprano, was the assisting soloist, contributing the difficult aria, "My Heart as They Sweet Voice" from "Samson and Delilah," and Rogers' "The Star," for her first group and, for her second, Gluck's "O del mio dolce ardir" and "Valley of Laughter" (Sanderson), singing with much expression and purity of tone.

Miss Beatrice Hicks and John Moss shared the role of accompanist, Miss Hicks playing brilliantly in support of Mr. Balagno, through a most exacting program while Mr. Moss lent artistic support to Miss North.

WORLD NICKEL FROM SUDBURY

Ninety Percent of Production of This Metal Comes From Canadian Mines

TORONTO, Dec. 21.—Canada produces from the Sudbury area about 90 per cent of the world's nickel, according to T. W. Gibson, deputy minister of mines for the province of Ontario, in a recent address here.

In a review of the history of the metal-mining in Ontario since the first discovery in 1915, when copper was found in the province, Mr. Gibson dealt with the discoveries in Northern Ontario, Cobalt, etc., and said that one of the greatest romances was the way in which the nickel producers of Canada had recaptured a market lost to them when battleships became unpopular.

Mr. Gibson declared that Canadians were just mining on the fringe of the great Pre-Cambrian Shield which formed the main part of Northern Ontario.

As to gold, Mr. Gibson told of the wonderful "Golden Staircase," one of the finest showings of high-grade gold ore in the world, a portion of which had been on view in the Ontario Parliament Buildings for many years.

IF MAN IS WISE HE DODGES AUTOS

Judge Comments on Rapid Change in Conditions on Streets in Cities

TORONTO, Dec. 21.—In his charge to the Grand Jury at the opening of the General Sessions of the Peace here this week Judge Coatsworth commented particularly upon the prevalence of motor accidents in Toronto, and expressed the hope that no means would be left untried to reach a method by which the streets of the city would be made safer for citizens.

Rev. Canon W. F. Rushbrook returned to the city on the Camosun yesterday afternoon from Alice Arm where he conducted Anglican Church services last Sunday.

TROUBLED OVER WESTERN ROUTE

Edmonton Paper Suggests Government Inquiry to Find Out Why Wheat Goes East

According to the Vancouver Province the western route is not functioning at all as it would be expected to function in a year when Alberta has an abnormally large amount of wheat to move, nor in the active way that people in Alberta have supposed it to be functioning.

There was, the Province stated on December 8, not enough wheat in the elevators there to load the ships then in port. There were ships in port whose particular grain cargoes had not arrived.

That something was seriously "the trouble" is apparent from the following comparison: "In so far as this port itself is concerned, shipping men point out, the situation is that a great volume of business which was promised for this month now gives no promise of realization."

There was, the Province states, a prospect that some of the grain vessels would move to Portland, and there fill up with United States wheat.

This appears to be a case calling plainly for investigation by the Dominion Department of Trade and Commerce. If the Dominion Government has invested millions of dollars in Vancouver terminals only to have those elevators stand empty in December, while ships sent to that port to load wheat have to go to Portland and load United States wheat, it is at least time that the Canadian tax-payers were told the facts and made aware of the cause of this ridiculous situation.

Man in the Moon

A WOMAN gets a permanent wave but a man gets a permanent rave. At anyrate that's what Melinda says, and she ought to know because she's been married.

THE chief occupation of women this week is shopping, and the chief occupation of men is getting the cash for the women to shop.

THINGS are speeding up in Prince Rupert. Two eastern mails to read yesterday. It's rumored that there may be another this week.

"WILL you walk into my parlor?" Said the spider lurking by. "No, kind sir, I walk no longer. Recently I learned to fly."

TELEGRAPH tolls are said to be coming down. Then we shall possibly be able to give the news about Santa Claus coming.

OVER in Ireland the other day some people were on the rocks. Irish troubles are just like ours.

BEATTY is being asked to take a bite at the railway situation in Northern British Columbia and Alberta. The Alberta government has thrown the book once more for the C.P.R. president, and it is hoped he will rise to the occasion but not carry off the bait.

Ten Years Ago in Prince Rupert

DECEMBER 21, 1917

Hon. T. D. Pattullo, minister of lands, has offered the city some waterfront lots, contingent, however, on the city deeding over its rights in Cow Bay to the G.T.P. railway.

Local Unionist headquarters have received word that fully 2,000 soldiers overseas voted for Col. C. W. Peck in the recent federal election. This will counteract an adverse majority against Col. Peck in the local voting.

Lieut. Jack Dowling, who went overseas with Prince Rupert's first contingent, has secured his discharge from the infantry and is now training at Greenwich, England, for the Naval Air Service. He is the son of Mr. and Mrs. F. W. Dowling of this city.

Sealed Tenders will be received by the Minister of Lands at Victoria, B.C., not later than noon on the 12th day of January, 1928, for the purchase of Licence X9581, to cut 272,000 lineal feet of Cedar Poles on an area situated on Lots 292 and 1579, Sewell, Massett Inlet, G.C.I. District.

Sealed Tenders will be received by the District Forester, not later than noon on the 29th day of December, 1927, for the purchase of Licence X7004, Barnard Cove, Princess Royal Inlet, C.R. 4, to cut 1,182,000 feet board measure of Spruce, Cedar, Hemlock and Balsam sawlogs.

Sealed Tenders will be received by the District Forester, not later than noon on the 15th day of December, 1927, for the purchase of Licence X9590, south shore Drane Inlet, C.R. 2, to cut 875,000 feet board measure of spruce, cedar, hemlock and Balsam sawlogs.

SUPPLY WATER TO ALICE ARM

Syndicate's Plans Endorsed by Meeting at Northern Mining Camp

ALICE ARM, Dec. 21.—Alice Arm will shortly enjoy the use of a modern light and water system, if plans now under way come to fruition. These plans will be put into operation and B. C. Marsh, who represents a syndicate of Fupert and Vancouver capital, who was here this week, discussed before a representative gathering of the citizens of the camp and district their proposition.

The proposal calls for the taking and use of fifteen second feet of water from Falls Creek, which flows into the Kilkait River about a quarter of a mile north of the camp, the erecting of a power house on the flats, and the putting in of water mains to supply the town with water.

The method of fixing the rates to be charged for light and water was to be by a representative of the syndicate, a representative of the district, and with the government sanction.

The probability that the plant will only be able to dispose of a minimum amount of its electrical output during the next few years, and that its operating costs against its investment will thus be greatly enhanced, was brought out at this meeting and further it was shown as this being an unorganized district, and no grants looking towards the easement of operating costs could be granted by the district, the meeting went on record by a resolution: that the government should be asked to consider granting or fixing the price at a minimum figure of a power site on the Indian reserve ground, which the government now owns, and also, to give further consideration to the fixing of rates of taxation on the plant and fixtures until such time as the operating costs would show a profit.

Mr. Marsh stated that the syndicate was duly organized and financially able to carry the project through to completion. Present plans call for the beginning of early construction, and to have the plant completed and in operation by late summer.

A meeting of the board of directors will be held at Prince Rupert in the immediate future. At this meeting future plans for operating the property will be made, and a new secretary elected to take the place of Mr. Murray who recently left for the south.

Formerly the Esperanza was owned by a syndicate of Anyox men. Later Prince Rupert men were interested, but not enough money was available for operations on a scale large enough to pay dividends. With the expansion of the company it is expected that ample funds will be available for the conducting of operations on a larger scale.

The Esperanza has shipped a large quantity of high grade silver ore, and it is the opinion that the ore bodies have only been scratched. It is ideally located for cheap mining, being only about two miles from the government wharf.

NEW COMPANY FOR ESPERANZA

Alice Arm Mine to be Operated With Renewed Vigor During Coming Year

Operations at the Esperanza mine will be considerably extended during the coming year according to present plans, says the Alice Arm Herald. The management of the mine have successfully effected a reorganization, a new company having been formed with a capitalization of \$500,000.

It is understood that one of the first things undertaken by the company will be the installation of a power plant. A compressor has already been purchased and is ready for shipment when required.

N. Fraser, who is in charge of operations at the mine states that the mine is looking good.

A meeting of the board of directors will be held at Prince Rupert in the immediate future. At this meeting future plans for operating the property will be made, and a new secretary elected to take the place of Mr. Murray who recently left for the south.

Formerly the Esperanza was owned by a syndicate of Anyox men. Later Prince Rupert men were interested, but not enough money was available for operations on a scale large enough to pay dividends. With the expansion of the company it is expected that ample funds will be available for the conducting of operations on a larger scale.

The Esperanza has shipped a large quantity of high grade silver ore, and it is the opinion that the ore bodies have only been scratched. It is ideally located for cheap mining, being only about two miles from the government wharf.

MINING DINNER AT SMITHERS THURSDAY

Arrangements have been completed by the executive of the Omineca branch of the British Columbia Chamber of Mines for the holding of a mining dinner on

She Coughed Night and Day Could Not Sleep

Mrs. Leonard Haywood, Victoria Corner, N.B., writes:—'Last fall I took an awful cold which I caught while driving in an open car on a cold day.

'I coughed night and day, could not sleep at night, and my eyes ran water so that I could hardly see a thing.'

'My husband got me a bottle of Dr. Wood's Norway Pine Syrup

and before I had taken the whole of it my cold had disappeared.'

'Dr. Wood's' has been on the market for the past 39 years; price 35c. a bottle, large family size 60c.; put up only by The T. Milburn Co., Limited, Toronto, Ont.

On the occasion of the annual general meeting of that organization, this will be held in the Bulkley Hotel at Smithers on Thursday, December 29, at 10.30. It was decided to throw open the dinner to other than members of the organization and a large attendance is looked for.

SPECIAL CHRISTMAS SAILING FOR SOUTH

In order to accommodate those desiring to go south for Christmas, Canadian National Steamships announce that the s.s. 'Prince Rupert' will sail southbound Thursday, December 22, at 10.00 p.m. instead of on the regular schedule Friday morning. This boat will arrive Vancouver 9.00 a.m. Saturday, December 24, making connection with boats and trains for Victoria and Seattle.

In order to perform this service, this steamer will sail for Anyox and Stewart at 4.00 p.m. Wednesday, December 21, instead of the usual sailing hour of 9.00 p.m., returning from the North, arriving here 7.00 p.m. Thursday, December 22.

Accommodation on southbound sailing is fast being taken up, and it is suggested those going South, make reservations early at City Ticket Office, Third Avenue. Phone 260. 299

Dr. Joseph Gosse sails this afternoon on the Princess Mary for Vancouver and Victoria where he will spend the Christmas and New Year holiday season visiting with relatives and friends.

HIGH SCHOOL STAGES SHOW

Splendid Entertainment Last Night and Tonight Reflects Credit Upon Teachers and Scholars

Consisting of three dramatic sketches, vocal and dancing numbers, minstrel show and choruses by the school choir, the entertainment by pupils of the Prince Rupert High School in the auditorium of Booth Memorial School last night was a great success, the audience which filled the hall to overflowing being well satisfied and highly pleased with the performance. Thomas Peddie, principal of the High School, presided and in making opening remarks, thanked Miss E. A. Mercer, principal of the Booth Memorial High School, for the use of the hall, the facility having been offered at some difficulty to herself. Mr. Peddie also expressed his gratitude to members of the High School staff who had been unstinted in their efforts at a difficult time to make every item on the program a success.

He referred to the fact that the entertainment had followed a strenuous week of examinations, rehearsals having been carried on at such odd moments as presented themselves. He therefore asked the indulgence of the audience in overlooking any defect that might occur.

Miss M. I. Jackson was responsible for the direction of Grade 11 play which was a great success, keeping the crowd's audience amused throughout. Outstanding characters were Miss Bernice Ross as a scullery maid and Miss Victoria Krikevsky as a parlor maid. Miss Jackson also had charge of the doll dance, which was one of the outstanding numbers on the program and in which the dancing of the girls could only be characterized as superb, as well as two vocal items.

Miss W. D. Rushforth had charge of the French play presented by Grade 12. This is probably the first time that such a performance has been attempted in Prince Rupert. It was very successful and proved highly popular. Excellence of enunciation and acting was shown by practically every member of the cast, outstanding among whom were Misses My Clark, Dorothy Palmor and Rosemary Winslow. The Grade 9 play, under the direction of D'Arcy Marsh, was equally well performed, despite the short notice at which it was gotten up. It was the dramatization of a story by Oscar Wilde in which Miss Annie Gilchrist and Miss Jean Arthur especially distinguished themselves.

Another item deserving of special mention was the minstrel show organized by the boys of the school. This kept the house in roars of laughter, the singing of Bruce Stevens being a feature.

Choruses at the beginning and close of the program were rendered effectively as well as the vocal numbers.

THE PROGRAM The program of the entertainment, which will be repeated tonight, was as follows:

PART I. School Choir: "Songs of the Nations." (a) "O Canada." (b) "Ye Mariners of England." (c) "All Hail to Thee, Cambria." (d) "The Dear Little Shamrock." (e) "Gaudemus."

Grade IX: "The Birthday of the Infanta." (Founded on Oscar Wilde's Story.)

Cast: The Infanta of Spain.....J. Arthur Duchess of Albuquerque.....O. Munro The Penitents.....M. A. Gilchrist, The Chamberlain.....D. G. Marsh The Count of Tierra-Nueva A. Thomson Page.....J. Wilson Moorish attendant.....G. Mohr Directed by D'Arcy G. Marsh.

School Minstrel Troupe. — Messrs. Stevens, Irvine, Skatkehol, Hunt, Scott, Smith, Cross, Cameron, Colison and Jorgensen. Pianist—Margaret Gilchrist.

Grade XII.—Scenes from "Les Prestigeuses Ridesules" (Moliere) Cast: "a Grange.....R. Winslow Du Croisy.....D. Stewart "orgibus.....J. Mackay Madelon.....D. Patmore Cathos.....L. Stephens Marotte.....L. Taper Almanzor.....J. Walters Marquis de Mascartille.....M. Clark Vicomte de Jodelet.....J. Parker Two Porters.....E. McLean and J. Mackay Directed by Miss W. D. Rushforth.

Solo—Miss Jackson. Interval—Ten minutes.

PART II. Grade XI—"Playgoers." A domestic episode in a London flat. Cast: The Master.....E. Stevens The Mistress.....F. Tremayne The Cook.....M. Gilchrist The Kitchenmaid.....E. Rivett The Parlourmaid.....V. Krikevsky The Housemaid.....H. Sims The Gossip Maid.....B. Ross The Odd Man.....W. Colison Directed by Miss M. I. Jackson.

Grade IX, Girls. "Doll Dance." School Choir: (a) "Sweet and Low." (b) "High School Song." (c) "The Maple Leaf Forever." (d) "God Save the King."

## STERILIZATION WILL BE LAW

Bill to be Re-introduced at Edmonton and Passage Thought Probable

EDMONTON, Dec. 21.—That Alberta will be the first province in Canada to enact a law legalizing surgical sterilization now seems certain. When in Toronto recently the Hon. George Hoadley, minister of health and agriculture for Alberta, stated that he intends, at the forthcoming session of the Legislature, to re-introduce the sterilization bill which was discussed last session.

"Since my bill was introduced last session," said Mr. Hoadley, "I have received a great many resolutions on the subject, only one of which was opposed to sterilization.

"Of course, the proposed Alberta law is designed in such a way as to apply to protect the rights and liberties of the individual. It does not mean compulsory sterilization. No person will be sterilized except with his own consent. If he is incapable of giving consent, then his next-of-kin must agree.

"The bill provides for the appointment of a board to be composed of three members, one appointed by the Alberta College of Physicians and Surgeons, one by the Senate of the University of Alberta and the other by the Lieutenant-Governor-in-Council. This board will decide whether a given individual shall be sterilized or not. Persons to whom the proposed act is meant to apply are those inmates of provincial institutions who, but for the danger of transmitting mental taint to possible future offspring, might with safety be allowed their liberty.

"Possibly the provisions of the act may at some future date be extended, but at present I shall be well satisfied if we succeed in establishing the principle of sterilization."

Salesman (discussing details with purchaser)—And what kind of a hooter would you like, sir?

The New Owner—One with a note of distain.—London Opinion.

## NAVIGABLE WATERS' PROTECTION ACT.

Revised Statutes of Canada, Chapter 115

BRITISH COLUMBIA FISHING & PACKING COMPANY LIMITED, HEREBY GIVES NOTICE that it has under Section 7 of the said Act deposited with the Minister of Public Works at Ottawa and in the office of the Registrar of Land Titles at Vancouver, British Columbia, a description of the site and plans of a cannery, cannery wharf and berths thereto, proposed to be built on the lands covered with water fronting on Lot 1295 and Lot 1485, Range 3, Coast District, in the Province of British Columbia, which said Lots are situated at Johnson Channel in the said Province.

AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this notice, British Columbia Fishing & Packing Company Limited will, under Section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa for approval of the said site and plans and for leave to construct the said cannery, cannery wharf and berths thereto.

DATED at Vancouver, B.C., this 15th day of November, 1927.

JAMES H. LAWSON,

1318 Standard Bank Bldg.,

510 Hastings St. W.,

Vancouver, B.C.

Solicitor for the said Company.

## PAYING MONEY TO SEE HOCKEY

Reason for Professionalism Explained by Snappy Writer

The ten clubs in the National Hockey League perform their extravaganzas in arenas, gardens, coliseums and forums, which represent in round figures an investment of \$15,000,000 in real estate and buildings. The palaces which house the smaller clubs are, of course, less costly, but even though we allow for the remaining twenty-eight only an equal investment with the major league ten, certainly a very moderate estimate, that makes \$30,000,000 of hard cash, tied up in equally hard bricks, mortar and ice. A bet of \$30,000,000 that professional hockey is a popular spectacle!

"If \$30,000,000 isn't Big Business, then Henry Ford's a piker".

In this breezy fashion, Frederick B. Edwards, in an article "High Hat Hockey," which appears in MacLean's, makes it very plain that the grand old game of hockey has passed from the schoolboy class to the domain wherein the mammoths of muscle—and those who lead them gently along the path of financial righteousness—see to it that spectacular cavortings bring in impressive shekels.

REASON FOR PROFESSIONALISM  
Mr. Edwards thus shrewdly analyzes the reasons which lead to professionalism in sport:

Let's get retrospective and find out how this strange thing came about.

Recognized professional hockey had its origin in the beginnings of the present century. During the game's early growth it was honestly amateur, a home-brew proposition filled with the fine, feverish frenzies of local pride running wild. There were seven men on a team, rinks were barns, ice was natural and any true fan was ready to lick the everlasting daylight out of any other true fan who claimed that the team from the village of fan number one was inferior to the seven from the village of fan number two.

Shrewd men, especially in centres of population, discovered that people could get so crazy about hockey; that they would actually give up two bits at the door to get into a rink and see a game.

Professionalism, in any sport, starts with the establishment of a box office. Spectators, who will accept with easy tolerance an inferior performance for which they do not have to pay money, become critical and articulate of their criticisms when cash is extracted from them at a ticket window.

KICKING OVER

If performances continue inferior, the stung sucker will supplement his squawk with direct action. He will refuse to come back, and if he has been very badly stung, he is quite likely to kick over the box office on the way out, just for emphasis.

Incidentally, when the performance has quality, so that the suckers continue to gather in ever increasing numbers, the players, observing that the promoter grows fat with profits while they remain in rigid training on a diet of kind words and pleasant smiles, begin to speak one with another in the market places.

They remark, pointedly, "Say, who's playing this darn game, anyway? Who's taking the bumps, and the slashes, and the butt ends in the ribs? Not that fat slob. It's us. Well then, where does he get off to get all that jack, while we don't get a nickel?"

This is a blunt, crude point of view, of course, but a very human one, brethren, a very human one.

Finally, then, the situation amounts to this: The spectators won't come unless the play is worth watching, and the boys who make the play worth watching won't perform unless they get a cut in the house.

## SPORT CHAT

For the purpose of demonstrating a deep interest in sports other than boxing, the Madison Square Garden club in New York, commonly known as the "six hundred millionaires," announced that a banquet will be tendered champions in all major sports, January 1. Acceptances have been received, the announcement said, from "Big Bill" Tilden, outstanding tennis player; Johnny Weismuller, swimming champion; Devereaux McBurnie, polo star; Gene Tunney, heavyweight boxing champion and Babe Ruth, home run king. No reply has been received from Bobby Jones, golf king. Close to 800 sportsmen are expected to attend.

It has been said in disparage of Gene Tunney that he is not the ideal champion—he thinks too much, he yearns after highbrow stuff, and he isn't the jolly, good, rough-and-ready fellow that a pro boxer ought to be. Yet he seems to have come off very well before one of the most difficult audiences imaginable—a crowd of schoolboys. In a talk

## THREE YEARS IN REFORM SCHOOL

Fourteen-Year-Old Boy, Charged With a Number of Offences, Sent Down by Magistrate

Pleading guilty to charges of breaking and entering and stealing money and jewellery as well as of another of unlawfully removing an automobile, a fourteen year old boy was sent down by Magistrate McClymont in city police court this morning to industrial school for three years.

The house entered by the boy was that of Mrs. A. B. Lizney, Sixth Avenue East, who reported her loss to the police a few days ago. The car the boy took was that of Earl Barrie in which he was found about 1.30 Monday morning by the police at the end of the Katen Island Highway. The boy had his boots off and apparently intended to sleep in the car. The jewellery that he had stolen from Mrs. Lizney's house, the boy stated, he had thrown away. The police have not yet been able to recover it.

There was another charge against the boy, to which he pleaded not guilty, of stealing a purse, containing money, checks and jewellery, from Miss Jean Bailey.

## ILLEGAL FISHING CASE PROCEEDING

Evidence Taken in Hearing of Capt. John Wick Over Which Three J.P.'s are Presiding

With three justices of the peace—W. E. Collison, J. L. Christie and S. D. Macdonald—on the bench, evidence was taken this morning in the case of Capt. John Wick of the halibut boat Iris, who is charged, with illegal fishing with a salmon net, and adjournment was made until tomorrow morning when more evidence will be submitted, followed by argument of counsel. In this case, Justices of the Peace S. D. Macdonald and W. E. Collison disagreed in the first trial, necessitating the second.
