STEAMER STRIKES VANCOUVER SPAN MANY RESOLUTIONS PASSED AT LIBERAL CONVENTION

Much Damage When Freighter Sheers Into Second Narrows Bridge

LOADED TO CAPACITY, LUMBER SHIP EURANA COMES TO GRIEF WHILE PASSING DOWN BURRARD INLET FROM DOLLARTON

VANCOUVER, March 11.—Loaded to capacity with lumber, the freighter Eurana, outward bound from Dollarton in Burrard Inlet for New York, crashed into the first section of the north span in the steel bridge over Second Narrows last night, both the bridge and the vessel being badly damaged. All the steamer's upperworks so far back as the funnel were carried away but no one was injured. With the aid of tugs, the vessel pulled clear after having been caught for two and a half hours.

It is stated that the tide, which at certain times runs heavily at the point in question, caused the vessel to swerve from her course as she was making for the open draw to pass through the bridge.

Damage to both vessel and bridge will be heavy, conservative estimates placing it at \$100,000.

ALBERTA PLANS NEW RAILROADS

GOVERNMENT WILL BUILD MORE THAN FIFTY MILES THIS YEAR FURTHER INTO PEACE RIVER

EDMONTON, March 11.—More than fifty miles of railway construction is planned this year by the Alberta government, according to the Edmonton Bulletin, which forecasts extensions to the government roads in the Peace River and Lacombe, northwestern territories.

CHARLES PIERCE OF BUTE INLET APPARENTLY TOOK HIS OWN LIFE AS RIFLE IS FOUND NEARBY

VANCOUVER, March 11.—The body of Charles Pierce, a trapper at Moh Creek, Bute Inlet, was found in his cabin with the face blown away according to a report received by the provincial police. A rifle was beside the body.

MRS. WELLINGTON KOO, wife of the former Chinese minister in Washington and then in London—now foreign minister at Peking. Dr. Koo has sent a note to the British representative asking the "immediate recall" of the British troops now in China or on their way to that country.

AVIATORS ARE SAFE

URUGUAYAN FLYERS, WHOSE PLANE WRECKED ON COAST OF MOROCCO, REACH SAFETY

MADRID, March 11.—Major Tadeo Barre-Borges, Uruguayan aviator, and his companions, who were attempting a flight across the Pacific Ocean and who had been missing since their plane was wrecked off the coast of Morocco last week, arrived at Cape Queto yesterday afternoon. It was learned here, it is reported that they suffered no harm while being detained by Moorish tribes near the coast.

The aviators are said to have encountered a heavy storm which destroyed the undercarriage supports, broke the fuel pipe, making necessary a forced landing. Natives, who assisted them, at first showed no indication of hostility although later they relieved them of their personal effects including money, jewellery and arms.

WEATHER REPORT.

BIRTH.

At Vancouver General Hospital on March 11, to Mr. and Mrs. Wm. A. Paterson, 2797 Broadway West, a son, James Ledingham.

Plain Talk from Official of Canadian National Was Given Before Rail Board

OTTAWA, March 11.—Since the opening of Panama Canal, water competition has acutely affected freight business on Canadian railways, Frank Watson, traffic expert, testifying on behalf of the Canadian National Railways, told the sitting of the Board of Railways Commission yesterday. Pointing to the clear statement made by counsel for Manitoba that whatever rates were made to the Pacific coast from Alberta, Manitoba would demand similar consideration, Watson declared that any lowering revision would mean sweeping and disastrous reductions throughout the west.

He said that, while United States manufacturers were protected in that country with high tariffs, the lower preferential and normal duties on many commodities in Canada from foreign sources did not afford the same measure of protection to Canadian manufacturers.

"If it comes to an issue," Watson said, "of either applying so-called competitive transcontinental rates to intermediate territory or withdrawing special rates to Pacific Coast cities, we will adopt the latter alternative, cancelling these coast rates. If we are forced out of this business, it will mean a loss of revenue which at present contributes to our overhead and current expenses which will have to be made up in some other direction."

CANNERY PEOPLE ON TODAY'S BOAT

MR. and Mrs. J. F. Strang, J. E. Lord and A. M. Kipp Among Cardena's Passengers This Trip

Union steamer Cardena, Capt. A. Johnstone, which arrived in port this afternoon from the south, brought north this trip several managers of district canneries as well as crews for the plants and heavy freights. Included in the vessel's passenger list were Mr. and Mrs. J. Field Strang for Sunnyside; J. E. Lord, manager, and H. W. Harris, accountant, North Pacific, and A. M. Kipp and crew for Mill Bay.

Grit Meeting in South Deals with Matters of Much Importance B.C.

GREATER REPRESENTATION FOR WOMEN, OLD AGE PENSIONS, REFORESTATION, RANGE CONTROL, ETC., ARE GIVEN APPROVAL

VANCOUVER, March 11.—A number of resolutions were proposed, discussed and endorsed at the afternoon and evening sessions here of the convention of the British Columbia Liberal Association. Larger female representation on conferences, conventions, boards and commissions, whether administrative or investigative; old age pensions; reforestation; range control for the upbuilding of the livestock industry; special grants of money to encourage experienced teachers to remain in rural schools; a policy of assistance to farmers in the dry belt by irrigation, and assistance to returned soldiers were all endorsed.

FEW PIONEERS IN WINNIPEG

ONLY TWENTY-SIX OF "ORIGINAL" ARE STILL LEFT IN MANITOBA METROPOLIS

WINNIPEG, March 11.—Of the pioneers who settled on the fertile plains at the confluence of the Red and Assiniboine rivers—a community which later developed into the city of Winnipeg—only twenty six are listed as still residing here, according to the latest city directory recently released.

Among those settlers who came here in the early 70 are noted such figures as Dr. Charles N. Bell, William F. Alloway, Rev. George Bryce, D.D., Ven. Archdeacon Fortin, Sheriff Colin Inkster, Sir Daniel McMillan, K.C.M.G., Thomas Ryan and Alexander Macdonald. The population of Winnipeg, including the suburban areas is shown as 294,646, representing an increase during the year of 17,000. When the city of Winnipeg was incorporated in 1873, it had a population of 1,867.

PLANE SERVICE AT ANCHORAGE

INSTITUTED YESTERDAY WITH DEPARTURE OF FIRST OF FOUR SHIPS

ANCHORAGE, March 11.—An airplane passenger and freight service out of Anchorage was inaugurated on Thursday with the departure of a four passenger plane for Bethel on the lower Kuskokwim River, 400 miles west of here. The plane is one of four to be used by a commercial air line recently organized here.

SNOW BURIED FRASER ROAD

BIG SLIDES STOP TRAFFIC ON HIGHWAY BETWEEN ALEXANDRIA BRIDGE AND BOSTON BAR

VANCOUVER, March 11.—Two slides, one a hundred feet long and sixty feet deep, the other sixty feet long and ten feet deep, buried sections of the recently constructed Fraser Canyon highway, according to information received here.

BANDITS BLOW UP CASH TRUCK

ONE HUNDRED THOUSAND DOLLAR PAYROLL OF PITTSBURG COAL COMPANY IS TAKEN

PITTSBURG, March 11.—Nine armed bandits blew up an armored truck with a bomb while it was enroute to the Pittsburg Terminal Coal Co.'s Coverdale mine this afternoon and escaped in an automobile with payroll money estimated at \$100,000. The truck driver and two guards were badly injured.

DAILY EDITION.

Friday, March 11, 1927

THE WOMAN OF 1927.

Three divergent opinions as to woman's future place in the world have issued out of London. All take into consideration her "duty" to society and the effect upon civilization the road she takes will have.

Viscountess Rhonda, England's foremost business woman, wants to see those of her sex busy at all odds, whether in the home, in business, in public life, or all three. But she believes woman should, and could, take part in the work of the world, doing the same things men do.

G. K. Chesterton, British novelist, wants woman to keep "the shrine of individuality, the home." He belongs to the old school which thinks there are places for both sexes in this world but that they are not the same. Man for business and politics and woman for home-making, is his creed.

For the unusual look to George Bernard Shaw. Even in this age-old discussion he does not disappoint. With the terse observation that "woman should do what she likes," he dismisses the whole question.

One is apt to agree with Viscountess Rhonda that "the woman of leisure is a new menace," at least to certain conventions and traditions and parts of the moral code. But not all women who are not in business or politics are women of leisure. The woman who properly manages her home and raises a family cannot finish her day's work within the limits of the union or legal working day for women. The fact is, many young women are choosing the office, factory or store in preference to the home because easier work and shorter hours are found in the former three. Wives who keep their old positions and employ servants and nurses often do so because the old position allows them more leisure and is less taxing to strength and nerves.

MAN IS LIVING FASTER AND LONGER.

Medical men meeting in Chicago enumerated five simple rules for longevity which, according to experts, would increase the life expectancy from 60 years to 100 years. The trouble with rules, however, is that they are easy to promulgate and difficult to follow.

It is wise to endeavor to educate the general public up to standards of living conducive to longevity, but such an educational process is necessarily slow in its effects. The man in the street cannot watch the process of prolonging life so adopts an eat-and-be-merry attitude which embraces the philosophy of permitting tomorrow to take care of itself.

Medical and surgical science is in the golden era of life prolongation. The average child born in England this year will live twelve years longer than his grandparents. The average life span in the United States has increased nearly a score of years in that many years.

There are many contributing factors to the increasing span of life, among which are the advances made in medical and surgical knowledge, improved public sanitation, disease control, protection of the infant and a higher standard of living.

So when one smiles at how-to-live-to-be-a-hundred rules, the smile is for the rules and not for the idea of lengthening man's stay in this life. The silver lining for the future of the race lies in science, rather than in the observance of rules compiled by those who have lived to be a hundred in spite of themselves.

As fatal accidents tend to cut down the life expectancy, the rapidly lengthening average span of life is the more remarkable for being contemporary with an age of industrial and traffic accidents numbering into the thousands annually.

PIONEERS HAVE FINE GATHERING

DINNER AND DANCE LAST NIGHT ATTENDED BY ASSEMBLY WHICH FILLED BOSTON HALL TO CAPACITY

MAYOR PRESIDES

Old Times in City Recalled by Several Speakers—Program of Music and Dancing

Over two hundred persons assembled last night in the Boston Hall for the annual banquet of the Prince Rupert Pioneers' Association and there would have been many more in attendance had the accommodation permitted. It was an enthusiastic and enjoyable gathering, a fine banquet spread and well arranged program contributing to the pleasure of all who were present. Mayor S. M. Newton presided and there were addresses by Fred Stork, G. Hanson, Bishop E. M. Bunoz, Thomas McClymont, A. W. Edge and Mrs. P. W. Anderson. During the dinner, there were selections by Prof. Pryce's Juvenile Orchestra.

The affair was opened by Mayor Newton who briefly expressed the gratification of the Association that there should be such a splendid response to its efforts. The blessing was asked by Bishop Bunoz. After the supper, the usual toast to the King was observed and the gathering, under the baton of F. W. Hart, sang "We're Here Because We're Here." Mrs. William Millar, Mrs. Jarvis McLeod and Meth Davies rendered acceptable vocal solos, W. Vaughan Davies accompanying.

There was a silence of one and a half minutes in tribute to dead departed pioneers who were eloquently and feelingly referred to by Bishop Bunoz as the assemblage remained standing.

FRED STORK

In his speech which was on "The City," Fred Stork, Prince Rupert's first mayor, opened with several humorous sallies, one in regard to the first function of such a kind he had attended, back in 1912 in the old Premier Hotel when there was nothing against having something stronger than water in the teapot. During his thirty years of residence in the province and nineteen in Prince Rupert, Mr. Stork said, there had been much development. Thirty years ago, Vancouver was not half the size of Prince Rupert and there were hardly any white people north of Seymour Narrows. The building of the Grand Trunk Pacific Railway had started Central British Columbia.

Opportunities in Prince Rupert, the speaker said, were still as good as they ever were. When one looked at the rest of the country, one saw that Prince Rupert was still as good a place as any. The growth of a new country was naturally slow but pioneers found enjoyment in overcoming pioneering difficulties. People had come to Prince Rupert in the beginning because they had wanted to come and had remained here because they had done as well as they could anywhere else. Prince Rupert today, Mr. Stork declared, was a much more substantial town than it was a few years ago. A bright future was assured. The city would yet prove up to the faith and confidence of the pioneers and nobody would regret having come to Prince Rupert.

G. Hanson, speaking of the industrial possibilities of the city and district, said that the resources here were unlimited. Fishing, lumbering and mining had barely started. It was on account of these possibilities that old timers continued to remain here. Those who had come here in the early days would be rewarded.

THOS. McCLYMONT

Punctuating his speech with many witticisms, Thomas McClymont spoke on the pioneers of the city. He was pleased to note the juvenile appearance of an audience which might have been expected to consist of middle-aged people. The present appearance of the townsite, when compared with its appearance a few years ago, indicated work that had been done and done well by the pioneers.

Perhaps, there might be disappointment among some at the progress that had been made in Prince Rupert. That was because too brilliant a picture had been painted at first and too much had been expected of governments and railroads which later there had been the inclination to blame. While admitting the good work that had been done by the pioneers, Mr. McClymont felt that newcomers were also very necessary and without them there could be no progress. Pioneers were often pessimistic and it was the newcomers who saw opportunities that the old timers might possibly overlook. Grain shipping and fishing had not entered the original picture of Prince Rupert, Mr. McClymont said. The Panama Canal had practically wiped out transcontinental rail shipping but it had made possible shipments such as grain from Prince Rupert to the United Kingdom. The fishing industry had for many years been the bread and butter of the community.

Mr. McClymont expressed the view that a vigorous immigration policy would bring another era of prosperity to Canada such as had followed the Sifton immigration policy of twenty-six years ago. The natural resources of a country were not worth the snap of one's finger if there were not the people. A million more people brought into Canada would find employment for themselves and would make employment for those already here. History had already proven that.

TOAST TO LADIES

A. W. Edge proposed an eloquent and

fitting toast to the ladies to which Mrs. P. W. Anderson briefly responded.

In closing the banquet portion of the evening's proceedings, Mayor Newton thanked the speakers and vocalists, F. W. Hart rising to reiterate the sentiments of His Worshipship.

Tables were then cleared and the evening was given over to dancing and card playing with F. W. Hart and Fred Wesch as master of ceremonies. Music for dancing was furnished by Mrs. Ponder's orchestra and there was a violin solo by Miss Kathleen Bulger, accompanied by Miss Bowen; Irish Jig by Miss Eleanor Moxley; hornpipe by Miss Kathleen Eastman, and a reading "The Cremation of Sam McGee" by Rev. Thomas D. Rinde. There were a number of old time dances including "Rory O'More," French Minuet and Quadrilles.

COMMITTEES

The committees in charge of an altogether successful function, which broke up about 1:30, consisted of F. W. Hart, A. W. Edge, Mayor Newton, F. Wesch, William Millar, F. J. Fuller, H. B. Eastman and A. O. Franks.

The ladies' reception committee consisted of Mrs. P. W. Anderson, Mrs. H. E. Tremayne, Mrs. R. L. McIntosh, Mrs. J. O. Reddie, Mrs. Fred Stork, Mrs. G. Viereck, Mrs. A. Akerberg, Mrs. O. A. Johnson, Mrs. A. J. Galland, Mrs. Phil McDonald, Mrs. Oiler Besner, Mrs. William Millar and Mrs. Gust Anderson.

Ten Years Ago in Prince Rupert

MARCH 11, 1917.

There are prospects of many shipments of ore being made this year from smaller mining properties which have been developing in the districts tributary to Prince Rupert. Already several shipments have been sent south, some of them coming through the city.

D. J. Rainey, aged 62, Stewart's oldest pioneer, having arrived at the mining camp in 1898, was killed at Stewart when he fell over a cliff while working at the Franklin mine, death being instantaneous. It was just about a year ago that deceased was in the Prince Rupert Hospital, recovering from an accident.

Chief Gammon of the provincial police was notified this morning that the bounty on coyotes will be reduced from \$3 to \$2 and that on wolves from \$15 to \$10.

In The Letter Box

TARIFF ON FISH

Editor, Daily News.

I shall be glad if you will allow me space in your valuable columns, to express an opinion on the Bill introduced by Representative Shreve of Pennsylvania, raising the tariff on imported fish from the present 2 cents to 4 cents per pound. Should this Bill be passed by the United States, it will mean "Death" to the Canadian halibut and salmon fishermen and ruination to this port. A firm stand should be taken now by all Canadians engaged in the industry to combat this tariff, and representation made at once to Ottawa requesting a measure of retaliation in a similar tariff, or harbor dues on American fishing vessels and their cargoes entering a Canadian port. As a beginning the harbor dues could be raised, similar to the dues paid by a Canadian vessel entering an American port, also poundage on fish landed, whether in bond or not. This, I think, would make "our rich relation" sit up and take notice, that Canada is not Mexico and "things" cannot be "killed" here with impunity. The policy of "Wait and See" is the curse of Canada in all her industries.

ACCIDENTS!

WHETHER it be a cut, a bruise, sprain, burn or scald, Zam-Buk provides the handiest and surest means to quick, perfect healing.

It is from certain valuable herbal extracts that Zam-Buk gets its power to subdue pain and inflammation, its germ-destroying activity and fine skin-growing property. Zam-Buk is splendid for chapped hands, frost bite, chilblains, etc. Get a box to-day!

Zam-Buk

Never did a Cup of Coffee taste as good as this....

Such a remark is a tribute to any hostess—but it is deserved when coffee is served with Eagle Brand Condensed Milk instead of cream and sugar.

Eagle Brand improves the finest cup of coffee, gives it a richer "body," a delicious mellow flavour, a tempting golden color. Eagle Brand is pure creamy milk, thoroughly blended with granulated sugar. It is not only more satisfactory in coffee than ordinary cream, or top-milk, and sugar, but more economical, as well. It keeps perfectly in the open tin until used. Your grocer can supply you.

Borden's EAGLE BRAND CONDENSED MILK

An EAGLE BRAND Recipe

Cocoanut Macaroons

Melt 2 squares of chocolate and mix well with 1 can of Borden's Eagle Brand Condensed Milk. Add slightly over 1/2 pound desiccated cocoanut, mix thoroughly and add 1 teaspoonful vanilla. Drop on greased pan 1 teaspoonful at a time, about an inch apart. Bake in a moderate oven until nicely browned. This makes 30 macaroons. Omit chocolate for plain macaroons.

Send for Free Recipe Book

Scores of dainty, appetizing dishes which call for milk and sugar can be made better if Eagle Brand is used.

Write Dept. E, The Borden Co., Limited, Vancouver for free copy of Eagle Brand Recipe Book.

Nestle's MILK

The whole world knows NESTLE'S for its richness and purity

Prepared by the makers of Nestle's Baby Food.

THE LABEL IS RED AND WHITE

Its Uniformity Makes it Good For Baby!

ONE of the great advantages of Carnation Milk as a baby food is that its goodness never varies.

Another advantage Carnation offers—the Carnation process of "homogenization" breaks up the fat globules and makes Carnation very easy to digest.

All the food value of milk is in Carnation, for Carnation is just pure, fresh milk evaporated to double richness and kept safe by sterilization.

CARNATION CARAMEL TAPIOCA—One-third cup tapioca, 2 cups Carnation Milk diluted with 2 cups water, 2 small eggs, few grains salt, 1 cup light brown sugar, 1 cup broken nut meats.

Send for a free copy of Mary Blake's Cook Book. Address Carnation Milk Products Company, Limited, Aylmer, Ontario.

NORMAN A. WATT, Official Administrator, Prince Rupert, B.C. Dated the 24th day of February, A.D. 1927.

"SALADA" TEA

has always been foremost in protecting and serving the interests of the tea-drinking public.

What "SALADA" does is, therefore, frequently imitated. Since 1892 every pound of "SALADA" has been sold in metal foil containers—the most effective known way to preserve the full flavour of tea.

This is one reason why more "SALADA" is used today than any other tea sold on this continent.

It never varies—always delicious!

TERRACE BOARD OF TRADE MEETS

ENTHUSIASTIC DINNER HELD—RUPERT ROAD DISCUSSED AND COMMITTEES NAMED

TERRACE, March 11.—An enthusiastic business meeting and general discussion of local conditions and future prospects followed the Board of Trade dinner in the Terrace Hotel on Tuesday evening. Over fifty guests enjoyed the splendid dinner, a number of others coming in later for the meeting.

Immediately after dinner President J. K. Gordon called on A. R. Barrow, of Prince George, an old timer of the north, he having been a member of Prince Rupert's first city council.

Following Mr. Barrow's brief talk, C. R. Gilbert spoke on farming and timber conditions; Engineer McKay, Prince Rupert, on the Terrace-Usk road; H. L. Frank on dairying; A. H. Barker on financial conditions in the district; T. Turner Sr. on prospectors' views; S. A. D. Davis on mining; J. Willman of Usk on the Terrace road; A. Y. Wilson on Remo district conditions; Rev. T. J. Marsh on the past history of Terrace Board of Trade; Dr. Turpel on first impressions of Terrace by a stranger, with suggestions for improvement; L. H. Kenney on possibilities of tourist trade; H. A. Swain on dairying; V. Williams on activities of the Smithers Board of Trade; and Capt. Colthrust on Terrace experiences.

J. Hepburn sang a vocal solo, "Mary of Argyle."

Routine business was then conducted and a number of new members were signed up.

ROAD TO RUPERT

Two letters from the Smithers Board of Trade were read, one asking for endorsement of the provincial highway with special reference to furthering renaissance work on the Terrace to Rupert end, the other requesting that Terrace send a delegate to a convention of boards of trade to be held there sometime during the spring for the purpose of forming a central board of trade for Northern B.C. These letters were tabled to be dealt with at a future meeting.

President Gordon then announced his committees which are composed as follows:

- Public works—E. T. Kenney, L. G. Skinner and W. C. Sparkes.
- Mining—T. Turner, F. Nash and J. Couture.
- Entertainment—O. T. Sundal, W. H. Burnett, W. F. Lindsay, A. H. Barker and J. McLaren.
- Timber—Geo. Little, A. Y. Wilson and C. L. M. Giggay.
- Agriculture—H. L. Frank, C. H. Thomas and K. Olson.
- Civic—L. H. Kenney, R. W. Riley and Jas. Richmond.
- Publicity—C. R. Gilbert, T. Nash, Geo. Dover and Rev. A. W. Robinson.

PRINCE GEORGE

Miss Ina Allen and Miss Alma Grindall are away ahead in the popularity contest being held here by the Canadian Legion. The former has 4146 votes and the latter, 3500.

"One of the finest and cleanest teams that ever engaged in provincial sport, the Prince George boys were outstanding favorites in their contest with the Victoria Cononists." In such words did the Revelstoke Review comment on the recent provincial intermediate hockey championship series which was won by Prince George.

The city council has decided to purchase a six-cylinder Reo fire truck at a price of \$4,713.50 from the local agent, Richard Corless.

Mr. and Mrs. Samuel McLean celebrated their golden wedding in their home at Shelley this week. There were fifty guests present and a purse of \$100 and radio receiving set were presented.

The Fort George District Liberal Association has elected officers as follows: president, H. B. Guest; vice-president, D. W. Hay (McBride); second vice-president John Newsome (Willow River); third vice-president, George Boothroyd (Nichol); secretary treasurer, Frank Clark.

The Prince George Liberal Association has elected officers as follows: president, G. B. Williams; first vice-president, S. McNeil (Salmon River); second vice-president, Mrs. J. B. Minaker; third vice-president, J. D. Gillies; secretary treasurer, Frank Clark.

TERRACE

John De Kergammeaux left on Sunday for Premier where he has accepted a position.

George Powers returned on Monday from Prince Rupert where he took his son, Billy, for medical treatment.

Mrs. Ardagh returned to Kitwanga on Monday after spending several days with Mr. and Mrs. James Richmond.

P. Stratton was in from Lakelse hatchery at the beginning of the week.

Mr. Pethick, assistant district engineer, successor to T. E. Clark, of Smithers and G. C. McKay, district engineer, Prince Rupert, were in town on an official business trip during the week.

A. I. Barrow of Prince George is

BRINGING UP FATHER

By George McMannis

superintending the loading of a quantity of C.N.R. ties here.

S. A. D. Davis and J. M. Hoar, mining men of Cedarvale, were in town on Tuesday and Wednesday.

The W.A. to the Terrace hospital met on Tuesday afternoon at the home of Mrs. George Little, work being carried on as usual. Mrs. Head, the president, reported that the Hospital Board approved of the suggestion that the auxiliary work with a view to purchasing a small x-ray machine at a later date, and a motion was then passed that activities be carried on with that object in view. The treasurer was instructed to transfer one hundred dollars of the funds on hand to a savings account as a start for the x-ray enterprise.

The pupils of the senior room of the local public school had a holiday on Wednesday owing to the illness of Principal L. F. Spragg.

The B.D. Bridge Club met on Tuesday evening at the home of Mrs. W. H. Burnett.

J. Willman of Usk, was in town on Tuesday.

W. Lang Muir, government checker scaler of Prince George, is in the district on an official visit.

Mr. and Mrs. C. R. Gilbert left on Thursday for San Jose, California, on a combined business and holiday trip. They expect to be away for two months.

during which time Fred Nash will have charge of Mr. Gilbert's interests here.

SMITHERS

The support of all organizations in Smithers will be sought by the Native Sons of Canada in staging the celebration on July 1, of the Diamond Jubilee of Confederation. It is planned to have here the greatest celebration ever held in Northern or Central British Columbia.

F. G. Heal, who was the first white man to settle near Telkwa, having arrived some 25 years ago from Victoria, died at his home there last Sunday. Deceased, who was widely known and highly popular throughout the district, is survived by his widow, six sons and one daughter.

Claimed by the manager, J. R. Turner, to be the most important development at the mine since work was started on it several years ago, a rich strike of ore has been made at depth in the Duthie mine. Shipments of ore from the mine are being made steadily and construction of the new mill is proceeding.

Chairman of committees of the Smithers Board of Trade has been appointed by the president, L. B. Warner, as follows: finance and membership, Stephen H. Hoskins; agriculture, Geo. Outton; fur, game and fisheries, James H. Groat; mining, L. S. McGill; retail trade, H. M. Matthews; entertainment,

J. G. Stephens; publicity, L. B. Warner; lumbering, H. G. Olsen; public works, W. S. Henry; railway and rates, Charles Reid; tourist traffic, J. P. Wheeler.

C. L. Dimock, former assistant engineer for the provincial department of public works at Smithers, has been appointed the new village clerk, succeeding F. Ockleshaw, resigned. There were three applications for the position.

Two happy and informal dinner parties were held in the private car of Superintendent W. H. Tobey recently in connection with the presentation of first aid certificates. The winners here were J. Conner, William Duff, T. L. Jenkins, A. Higginbotham, Mr. Washburn and Mr. Baker.

James Groat and S. A. Eby are attending the Liberal convention in Vancouver as delegates from Smithers. They took a resolution with them asking for early completion of the Hazelton-Terrace section of the road to Prince Rupert.

Dr. C. H. Hankinson, leaving his sickbed for the purpose, performed a successful operation on the infant child of Mr. and Mrs. H. M. Seaton.

Mrs. Dunlop is on a business trip to Vancouver, accompanied by her son, Jack.

Ernest Woodworth has returned to Smithers after an extended holiday trip to Halifax and other points in Eastern Canada.

GYROS HAVE GOOD WIN OVER MOOSE BILLIARD LEAGUE

In the concluding billiard game between the Moose and the Gyros last night, Geo. McMilloyle (Moose) won from W. H. Long (Gyros), by a score of 200 to 129. For the five games the Gyros made 929 points while the total for the Moose players was 762.

The league standings to date are as follows:

Team	Games	Total	Aver.
Terminals	15	13,629	909
Grotto	16	14,449	903

Colts having won in the Junior; Grotto, Intermediate, Maple Leafs, Ladies; and Mrs. Senior, fans will be looking forward to certain post-season features such as the sudden death game for men's Northern B.C. championship with Port Simpson tonight; the Northern B.C. ladies' championship in which series, the local Maple Leafs will play Smithers at Smithers during the next fortnight, the winners to play Anxox here, and the still possible visit to Prince Rupert of the Edmonton Commercial Grads.

W. R. Reith, veteran Old Country golfer, has been retained as professional of the Pine Ridge Golf Club in Winnipeg for the coming year. Mr. Reith is a new addition to Canadian golf ranks, coming to this country after a record which gave him a prominent position in British golfing circles for nearly forty years. He first entered the professional ranks with Elton club in 1892. He was one of the four organizers of the British Professional Golf Association and in 1922 was honored with the captaincy of that institution. Such famous golfers as Harry Vardon, James Braid, Ted Ray, Sandy Herd, Arnold Massey, Willie Fernie and the late Willie Park, have acted as vice-captains during Mr. Reith's regime. He has always devoted his energies to the working side of the profession, specializing in organization, green keeping and club making.

Coughed So Hard Could Not Sleep

Mrs. Daniel Dickey, Lyn, Ont., writes: "Last January I had a very severe cold and coughed so hard I could not sleep nights. I tried everything, including doctor's medicine, but nothing gave me relief until I tried Dr. Wood's Norway Pine Syrup which was recommended to me by a neighbor. I will never be without it in the house again." You don't experiment when you buy "Dr. Wood's" as it has been a household remedy for the past 38 years. Price 25c a bottle; large family size 60c.; put up only by The T. Milburn Co., Limited, Toronto, Ont.

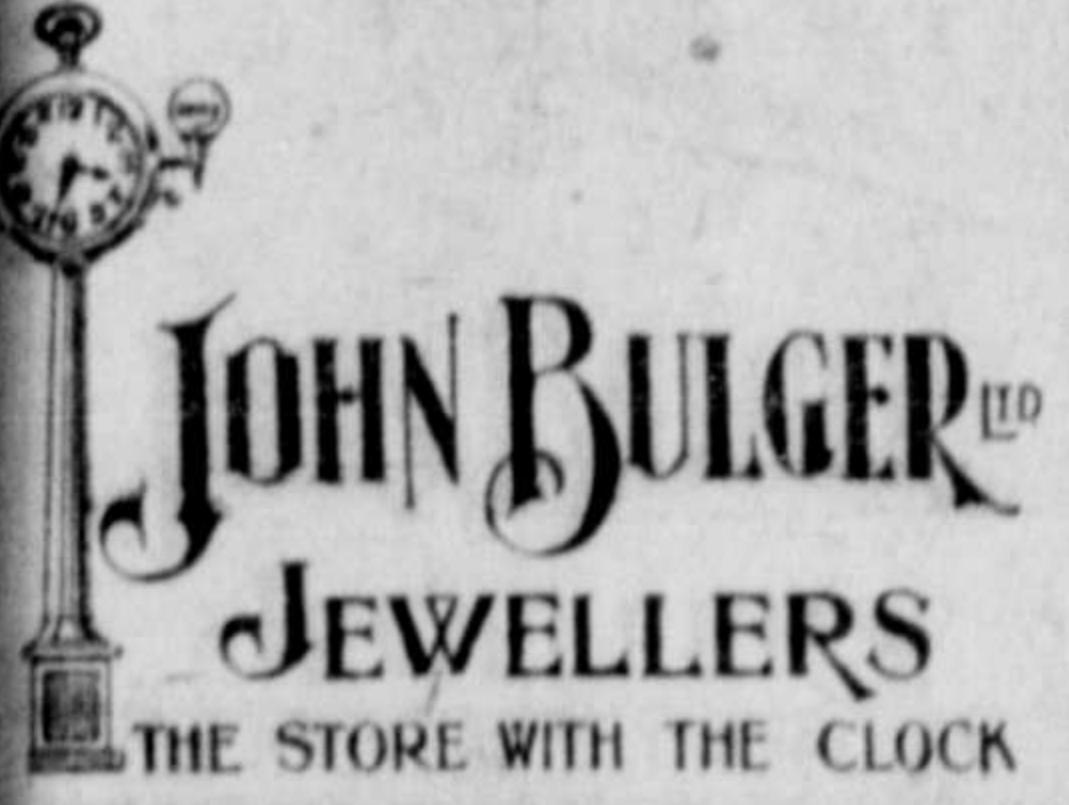

SPORT CHAT

The concluding fixture of the Billiard League's season's schedule will be played tonight between the Grand Terminals and St. Andrew's. It is hardly possible that the former team will be displaced from the top place and the season's honors. To bring about such an eventuality, the Terminals would have to be very badly beaten tonight in which case the Grotto might be left at the top. It is almost impossible though. Billiard interest will now centre on the forthcoming city individual championship series, entries for which close tonight.

With the championships in all the local basketball leagues settled now, the

APPEAL CASE IS STILL ON

TAXATION COMMISSIONER FOR CANADIAN NATIONAL ON STAND ALL YESTERDAY AFTERNOON

R. R. Nichol assistant taxation commissioner for the Canadian National Railways, gave evidence yesterday afternoon in the appeal case of the railway company from the judgment of the civic court of revision. The evidence of Mr. Nichol was more or less technical and a large number of statistics were submitted dealing with percentages of assessment in various years and the relation of the civic assessment—on other than the company's property—to the assessment of the company's property, since the year 1922 to the present year. One of the main contentions of Mr. Nichol, as presented through these comparisons, was that the assessment of city property had decreased during the past five years whereas the assessment of the company's holdings had increased. In answer to a question from Mr. Alexander, witness said that he knew of no reason why the property of the railway company should be assessed more in 1927 than in 1922. The number of leases on waterfront property was the same in 1927 as in the year 1922. E. F. Jones, in cross-examining Mr. Nichol, asked as to his information concerning the reported sale of the elevator property by the company to the government. The witness declared that he had no knowledge of the sale and, even if Mr. Jones should read from Hansard the statement of Mr. Robb, the finance minister, it would not satisfy him as evidence of the sale. Counsel then asked, if the amount mentioned had been paid, would witness admit it to be a fair price. Mr. Nichol answered "No." Proceeding along this line, Mr. Jones elicited from the witness that the department of taxation often was asked for the assessed value of certain property, and a request for the assessed valuation of the elevator site, had resulted in the necessary information being given.

WATERFRONT LEASES

The matter of waterfront leases was the subject of numerous questions by Mr. Jones and the witness admitted that there was some difficulty in securing leases due to the position of the company which was in the hands of a receiver. It had apparently been the policy of the company, however, not to sell any of its waterfront property. The city solicitor then questioned the witness as to how he arrived at the value of the company's property when there were no sales made, and also asked how he, a resident of Winnipeg, was able to give an opinion on the value of property in Prince Rupert. The answer of Mr. Nichols related how he had spent some considerable time in the city and had gone over the property very thoroughly. There were many things to be taken into consideration in arriving at a valuation, which was possible even though there were no sales.

G. H. Arnold, of this city, was the next witness for the railway company and, in answering counsel, gave his valuation of the various parcels of land along the waterfront, including the foreshore, from where the railway enters the city up to the land occupied by the salmon dock. The land was divided into waterfront property, right of way, graded acreage and ungraded acreage, and Mr. Arnold sought to give a valuation to the various descriptions. He was proceeding with his testimony when court adjourned at 5 o'clock until 10 this morning.

SCHOOL BOARD HAS MEETING

REPORTS OF PRINCIPALS SHOW SATISFACTORY ATTENDANCE — NEW ROOM AT BORDEN STREET

Reports from the principals of the city schools, which were read at the meeting of the school board last night, showed satisfactory attendance in the various rooms for the past month. In a few cases, illness had slightly affected the average attendance but, on the whole, the attendance was good.

Trustee H. B. Rochester, who was re-elected to the chairmanship of the board during his recent absence from the city, thanked the board for the confidence expressed. He had expected that some one else would have been assigned the duties of chairman for the coming year.

The report of Miss Mills for Borden Street school showed an attendance during the month of an even 300 scholars of whom 145 were boys and 155 girls. The average attendance for the month was 94.47 per cent. During the month there had been a gradual increase in the school bank accounts.

There were 40 girls and 25 boys in attendance at Seal Cove school during the month with an average of 90.9 per cent according to the report of Mrs. Lesney, the principal. Slight illness accounted for the poorer percentage.

Principal Hartness, in his report for Booth Memorial School, showed an attendance of 240 boys and 194 girls during the month with an average attendance of 93.10 per cent. Deposits in the children's savings accounts amounted to \$112 for the month. In supplementing the written report, Principal Hartness referred to needed improvements in the heating and ventilation plant and also asked the board to consider, in making up its estimates for the year, a small appropriation for the improvement of the school grounds. He referred also to the library which had been assisted by the school.

HIGH SCHOOL

The report of the High School was presented by Principal Thomas Peddie. The total enrollment for the month amounted to 136 of whom 56 were boys and 80 girls. The average attendance for the month was 94.1 per cent. Inspector H. C. Fraser had visited the school from February 1 to February 4 and had made some helpful suggestions to the principal which were very much appreciated. The boys' and girls' athletic clubs had been active and the Literary and Debating Society had held two very keenly contested debates. The latter society was grateful for two addresses delivered during the month — one by D. B. Finn, director of the Fisheries Experimental Station, on Bio-Chemistry and the other by Rev. W. J. Seeds on "Dickens."

The school board discussed informally the need of another room at Borden Street School and it was decided that the whole board would make a visit to the school in the near future and go into the matter carefully before reaching any decision. Miss Mills, who was present, explained the situation but said that she would be able to show the board better when it made the proposed visit.

D. C. McRae, on behalf of the Remington Typewriter Co., made an offer to the board to take back the machines which had been purchased in 1291 and replace them with the latest models. A committee of the board was appointed to consider the proposition and take whatever action it might consider advisable.

The school board discussed informally the need of another room at Borden Street School and it was decided that the whole board would make a visit to the school in the near future and go into the matter carefully before reaching any decision. MODERN FAMILY CLASH PORTRAYED IN "PADLOCKED"

Dwan Film Presents Timely Theme With Broadway and Society Backgrounds

Realistically picturing the clash between the old and the new generation, "Padlocked," Allan Dwan's latest Paramount production, opens at the Westholme Theatre tonight.

The picture, aside from its excellent entertainment qualities, is a moving and powerful plea for tolerance and sympathetic understanding on the part of the older folk in their relation to modern youth.

Readers of the Cosmopolitan Magazine will recall the story by Rex Beach which appeared serially some months ago. It is a story of what is happening today in thousands of homes where parents and children look at life from different points of view. Edith Gilbert is a shining example of the modern, freedom-loving American girl, who resents her narrow-minded father's efforts to "padlock" her soul, stifle her ambitions and repress her innocent pleasures.

When his intolerance finally leads to her mother's accidental death, the girl runs away from home to become a cabaret dancer in New York. Her exciting adventures amidst the gay night life of Broadway and the millionaire society atmosphere of Long Island is vividly and brilliantly portrayed. The manner in which the elder Gilbert is brought to a startling realization of his injustice to his daughter, their subsequent reunion and the girl's romance with a young scion of wealth brings the picture to a stirring climax and a happy ending.

Lois Moran who jumped into the limelight via "Siella Dallas," gives a memorable performance as the modern daughter; Noah Beery handles the exacting role of the bigoted father in his usually deft fashion; and Louis Dresser adds to her laurels with her effective delineation of a woman with a past.

The Well-Managed Home

THE manager of a household is the purchasing agent for a large proportion of the family needs. In order to do a good job she must know what, when and where to buy. She must study goods and the concerns which make goods and have them to sell. She must put her home on a business basis and run it on business principles in order to make the most of the family income.

Information is the only basis for intelligent purchasing. And the right way to get the greatest amount of necessary information is to read the advertisements.

Advertisements tell you what is new and good in merchandise. They reveal improvements and inventions to make your home life easier, more comfortable and more convenient. They give you information about a thousand and one things that are useful.

Every manager of a household—every member of the household who shares the responsibility for the family's welfare—should make a habit of reading the ads.

Read the advertisements in order to buy wisely

SUCCESSFUL BASKET SOCIAL WAS HELD

A basket social held last night in Rupert East United Church was well attended and proved a very enjoyable affair.

Rev. Evan Baker was chairman and there was community singing under the leadership of W. Howarth who also sang solos as well as Meth Davies.

Robert Wilson was the winner of a hat trimming contest for men and Miss Muriel Brewerton and W. Howarth won the prizes for a threading the needle contest.

Mrs. Robert Wilson was accompanist for the evening while T. Ross Mackay acted as auctioneer and Andrew Murray as cashier.

Committees in charge of the event were as follows:

Entertainment—W. Robinson, R. Wilson and A. J. Squires.
Decorations—Mr. and Mrs. B. G. Beale.

Refreshments—Mrs. W. Robinson, Mrs. A. J. Squires and Robert Wilson.

NOTICE

Under and by virtue of the provisions of Section 26 of the "Mineral Act," notice is hereby given Messrs. Malcolm Smyth, Edmund Langis, Harold Hansen and Albert Moore, that there is owing to the undersigned for Assessment Work performed on the Cordilla Group of Mineral Claims, Princess Royal Island, Skeena Mining Division, the sum of \$393.88, and that unless said persons pay their proportionate share of the cost of such Assessment, together with all costs of advertising, etc., to the undersigned at Butedale, B.C. on or before May 12, 1927, application will be made to the Gold Commissioner, Prince Rupert, B.C., to have their respective interests in the herein mentioned Mining Group of Mineral Claims vested in the undersigned.

DAVID CORDILLA,
JACOB KOSKI.

"FLU" DEADLIER THAN THE WAR

U.S. GOVERNMENT STATISTICS REVEAL STARTLING FACTS IN RELATION TO PEACE AND WAR TIME DEATHS

The United States Bureau of Census, investigating the recent epidemic that swept, not only over all of this country, but over most of the civilized world, found that deaths in America, properly chargeable to influenza, were far greater in number, than deaths from all causes—among American troops in the great conflict. Official figures available from forty-six large cities of the country, show that 78,000 persons died as the direct result of the epidemic of influenza. The bureau, on the basis of the report received, believes that from 40,000 to 45,000 American boys gave up their lives abroad—this number including those who died from disease or accident, as well as those killed or fatally wounded on the battlefields. The forty-six cities, whose figures were examined, have only a little more than one-fifth of the total population of the country.

The experiences of this terrible epidemic, which claimed so many lives, have shown one thing conclusively, that is—that the method for combating the "flu," which met with the most marked success was—Chiropractic Adjustments. It was the only method that was uniformly successful during the epidemic.

The percentage of recoveries from "flu" was higher under Chiropractic adjustments than under any form of treatment.

That is not all, important though it is. Most people dread influenza, not for itself alone, but because pneumonia only too often results from it. Here is another fact, which in view of this is of the utmost importance and significance:

During the epidemic, pneumonia developed in but a very small percentage of cases.

IN THE SUPREME COURT OF BRITISH COLUMBIA.

Re PRINCE RUPERT HYDRO-ELECTRIC COMPANY LIMITED

SALE BY ORDER OF THE COURT.

TAKE NOTICE that pursuant to the order of Mr. Justice D. A. McDonald, dated the 18th day of February, 1927, in a bondholders' action instituted in the Supreme Court of British Columbia between The Royal Trust Company and Prince Rupert Hydro-Electric Company Limited and others, being R.1602/1916, brought to enforce the trusts of an indenture dated the 30th day of June, 1911, tenders are invited by George Edward Winter the Receiver appointed by an order of this Court dated the 16th day of September, 1916, and the device in the said action dated the 21st day of November, 1916, for the purchase of all the remaining properties and assets of the said Company. The said properties are described as follows:

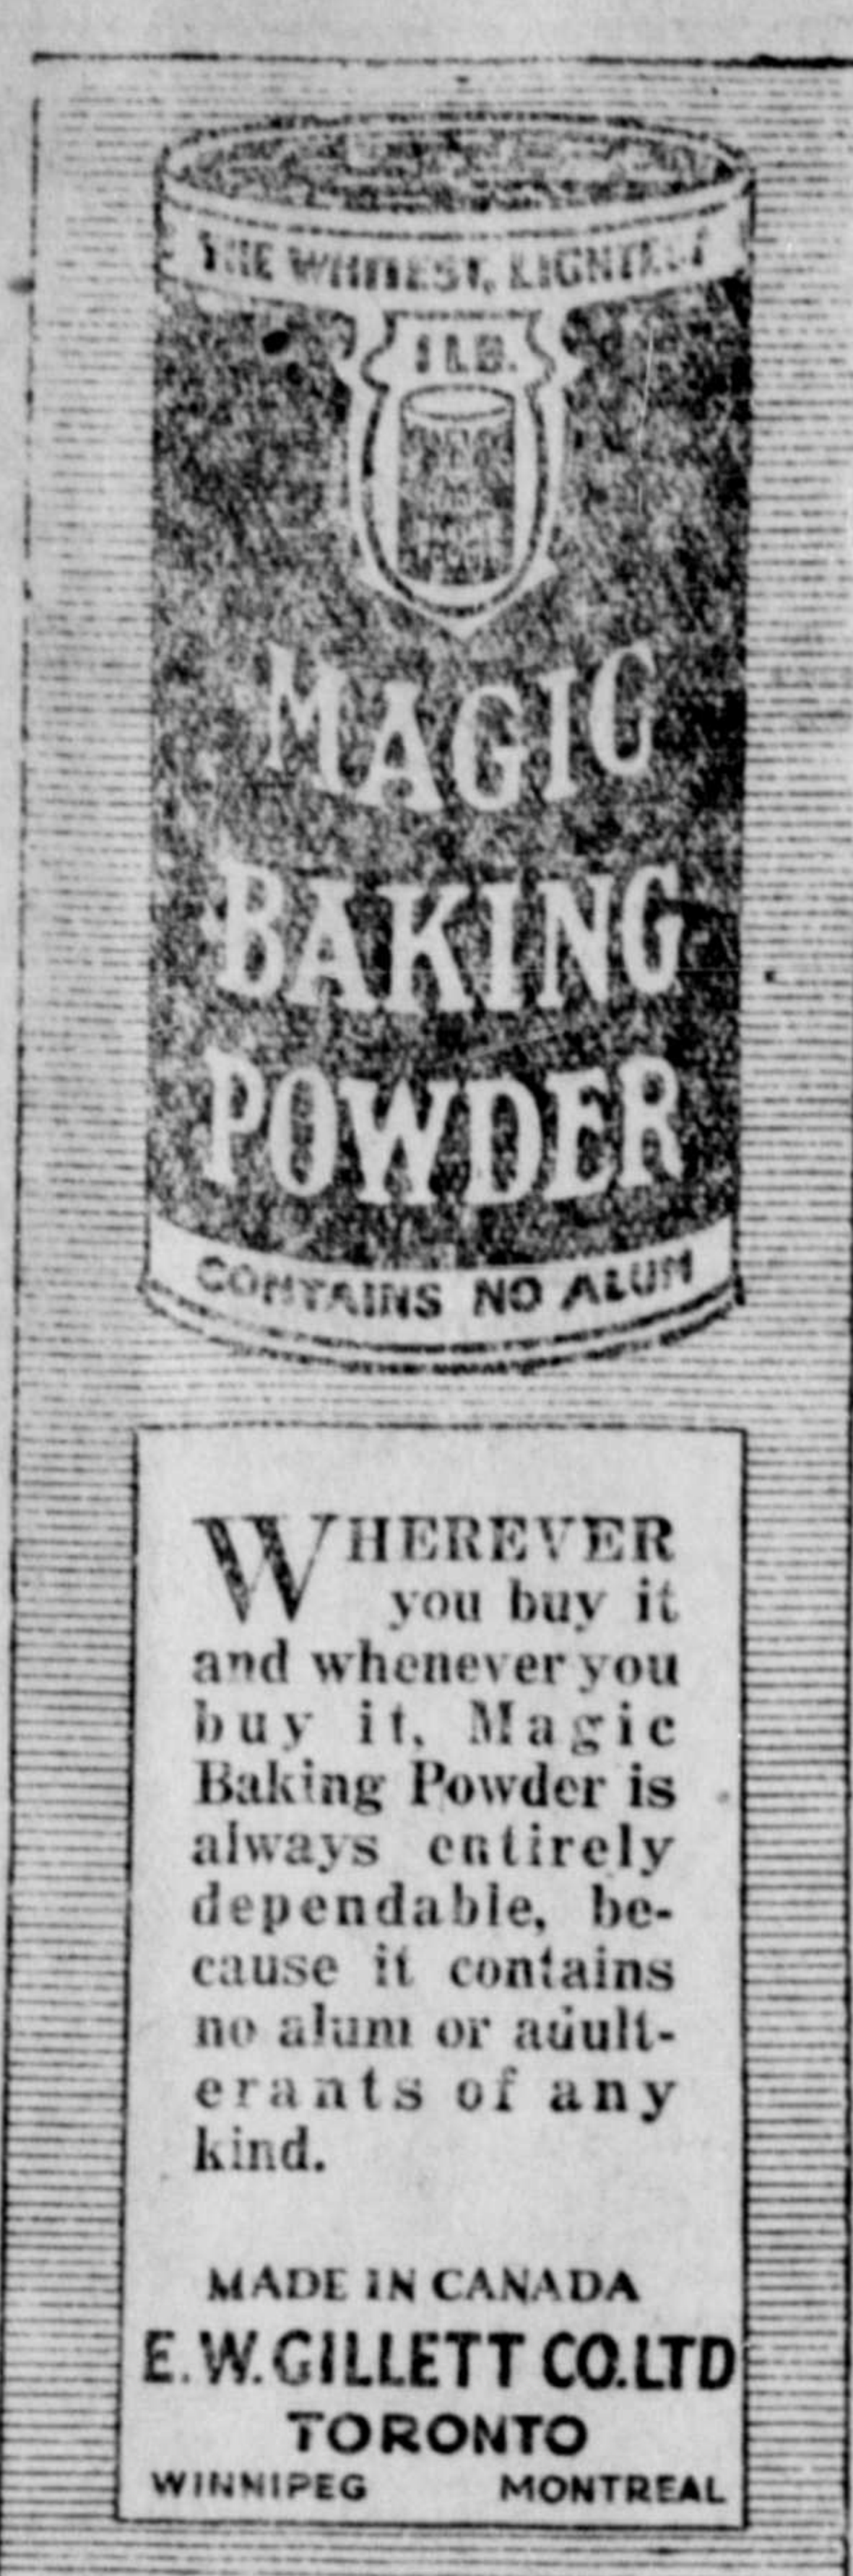

1. That certain parcel of land and premises situate in the Province of British Columbia more particularly described as Lot 635, Range 3, Coast District, containing 160 acres more or less.
2. That certain parcel of land and premises situate in the Province of British Columbia more particularly described as Lot 1386, Range 5, Coast District, containing 37 81/100 acres more or less, excepting thereout a strip of land one chain in width measured from highwater mark.
3. That certain parcel of land and premises situate in the Coast District Province of British Columbia, and more particularly described as Lot 628, Range 5, containing 32 50/100 acres more or less.
4. Maps dealing with surveys of drainage areas rainfall and runoff data, designs of dams, power plants, transmission lines and receiving station for Falls and Khatada Rivers development, and plans of works.

The Receiver is informed that the above lands parcels 1, 2 and 3 were selected by the engineers of the Prince Rupert Hydro-Electric Company Limited, as being suitable sites for the construction of water power plants.

Tenders may be made for all the said parcels together or for one or more separately.

Particulars and conditions of sale may be had upon application at the office of Messrs. Riddell, Stead, Hodges & Winter, Bank of Nova Scotia Building, Vancouver, or at the office of the undersigned.

DATED the 2nd day of March, 1927.

tion. He does this by a skillful thrust, re-adjusting the misaligned spinal bones to normal position. In accomplishing this he removes the pressure from the nerve or nerves, which in turn re-establishes transmission of the nerve force to the organs and permit them to operate with healthy vigor. The accumulated waste matter is then removed from the circulations and tissues, conveyed to the bladder and skin and thence out of the body. The waste eliminated, removes the necessity for the natural forces in the body to burn the toxins by fever, so the bodily temperature returns to normal and the fever is broken.

With time to recuperate from the internal disturbance, the body, in keeping with natural law, returns to normal and health is the result. By locating the cause and removing it, the effect (disease) always vanishes.

As a means for getting rid of the after-effects of the "flu," a surprisingly few Chiropractic adjustments provide a sure way to return the body to normal.

PROOF

Further proof of the correctness of this basic Chiropractic principle is evident when we see it in operation. In at least one locality, during the worst period of the great "flu" epidemic, statistics show that chiropractors lost but one patient by death, out of a total of 886 cases handled. No other health method can show a record even approximating this. Being based on the infallible operation of natural law, Chiropractic is right, and such statistics only confirm what millions of people already know and what thousands of Chiropractors, all over the world, are proving in their offices every day.

If you feel out of sorts, phone D. A. McMillan, Chiropractor (Palmer Graduate) for appointment, Rooms 6 & 7, Exchange Block, Phone 691.

DENTIST

age of cases under Chiropractic adjustments—other complications and after-effects were also much less frequent.

There are three common forms which influenza manifests itself: The Respiratory form, the Gastro-Intestinal form, and the Nervous form. "Spanish influenza" seems to exaggerate the respiratory symptom and to pass directly into pneumonia. Starting often at what the victim supposes is only another "mere cold" (a common inflammation of the nasal mucous membrane), the inflammation is apt to involve the membranes of the mouth, larynx, trachea and bronchial tubes, in order named and reaching the lungs last.

REMOVING THE CAUSE

Influenza is the result of a toxic condition of the body, that is: an accumulation of waste materials, which should have been eliminated.

The Chiropractor realizes the "cause and effect" principle back of every bodily disorder. He is scientifically trained to detect and remove the cause. He drives straight to the condition responsible for the sluggish organs of excretion.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 25 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e. carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be accepted for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 30 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, newcomers and travellers, up to ten head.

ORDERS PLACED BY C.N. RAILWAY

WINNIPEG, March 11.—Orders for 64 locomotives, 15 snowplows and 200 refrigerator cars, have just been placed by Canadian National Railways, according to officials of the company. The Montreal Locomotive Works, Montreal, and the Canadian Locomotive Works, Kingston, Ont., have each received orders for 20 locomotives of the 4-6-4 type, designed for heavy passenger and manifest freight service, in the Dominion, and the American Locomotive Company, and the Lima Locomotive Works, will build the locomotives for service on the Grand Trunk western lines in the United States.

In general design, it is pointed out, the 4-8-4 engine is similar to the "6,000" class, which is known as the largest and the most powerful locomotive of its class used anywhere within the British Empire. The new locomotives, however, will possess increased boiler pressure and will have twenty per cent increase in tractive power. The large boiler has been designed for burning any grade of coal. The total weight of the new engines in working order, will be 320 tons, as compared with 290 tons of the "6,000." The relationship between the present class and the new locomotives will be preserved in the numerals, the type being known as the "6,100."

The snowplows and refrigerator cars, will be constructed by the Eastern Car Company, Trenton, N.S.

APPEAL CASE IS STILL ON.
 (continued from page five)

HOTEL SITE.

The whole of the morning session of the court today was taken up with the examination of G. H. Arnold by Mr. Alexander, who is representing the C.N.R. Continuing his evidence, Mr. Arnold took all the property of the railway company between the salmon shed and the city limits beyond Seal Cove and gave his valuations of the various parcels. As was done yesterday the portions of land were subdivided into waterfront property and acreage placed on the railway and valuation placed on each portion. Mr. Alexander, in each instance, had his witness describe the nature of the land or waterfront giving the elevation, nearness to streets, and the use which might be made of the land. The waterfront property and land back of it on which the wharfs of the C.N.R. are placed and are occupied as well by the station was considered by Mr. Arnold as worth \$100 per front foot. The portion of this section which faces on Second Avenue was divided into imaginary lots for the purpose of valuation and the value of each lot differed according to location and elevation.

The property which had been excavated for the hotel site was in the opinion of Mr. Arnold the best location for a hotel in the city and if used as such the excavation would be of value. If, on the other hand, the property were used for the purpose of erecting business blocks, the excavation would take away from the value.

His lordship intervened to ask witness the area of these imaginary lots and was told that they were figured as standard size lots 25 x 100 feet. The judge replied that lots of that size were too small, in his opinion, if the people here ever wished to build a city.

One block of acreage valued by Mr. Arnold at \$100 was assessed at \$17,000 according to the evidence and the witness valued the whole holdings of the company apart from the rails at \$681,713 as compared with the city assessors valuation of approximately \$3,000,000.

COMPANY'S CASE ENDING

This afternoon, E. F. Jones for the city began his cross-examination of Mr. Arnold. The C.N.R. has one more witness before concluding its case and then it is understood that the city will call about ten witnesses to refute the case of the company and substantiate the

findings of the civic court of revision.

PERSONALLY CONDUCTED EUROPEAN TOURS

Personally Conducted Tours have been arranged this Summer, under the joint supervision of the Canadian National Railways and the Cunard Steamship Company to Great Britain and Europe and return. All transportation, hotel and sight-seeing expenses included in fares. Call at City Ticket Office, Third Avenue, or phone 260, for particulars and descriptive literature.
