## FIERCE BATTLE ON YANGSTE RIVER GRAIN TRAFFIC HERE IS NOW NEARING CLOSE OF SEASON

### Nanking Vicinity Becomes Avenue of Fire as Canton and Northern Forces Fight

Shanghai, April 26.—The Yangste River vicinity is virtually an avenue of fire. One of the fiercest battles in months was fought between five warcraft of the Cantonese and batteries at Pukow, across the river, which were in the hands of the northern forces. The firing lasted for hours.

Two thousand Northern soldiers are reported to have been driven when shells from the Cantonese batteries at Nanking sank their boats on the Yangste River. Two launches, towing a dozen loads of Northerners, attempted to reach the southern shore of Yangste last night according to reports. A searchlight revealed their approach and all the boats were sunk with eighty shells fired from the Cantonese.

### Bombardment lasted hours and two thousand Pekin soldiers are reported to have lost lives in engagement

SHANGHAI, April 26.—The Yangste River vicinity is virtually an avenue of fire. One of the fiercest battles in months was fought between five warcraft of the Cantonese and batteries at Pukow, across the river, which were in the hands of the northern forces. The firing lasted for hours.

Two thousand Northern soldiers are reported to have been driven when shells from the Cantonese batteries at Nanking sank their boats on the Yangste River. ### DEFINITE SITE OF GYMNASIUM

#### ENGINEER ASKED TO MAKE REPORT ON WHICH TO BASE ACTION

The city engineer will be asked to definitely select a site for the proposed gymnasium and swimming tank and report to the city council at the next meeting.

After a letter had been read at the council meeting last night from the secretary of the public gymnasium committee, intimating that the committee was unanimously in favor of a site on Fraser street, the council decided that the engineer had better select the site so that they might know what portion was referred to.

Speaking on the subject, Ald. Tinsley said that the committee wished to have some definite site before attempting to raise money, as it would be possible to raise the amount without having the site in view. The council plan was to secure a site and proceed with the collecting of the money and, if enough money could not be secured for the class of building which would be required, then the site would not be used.

The whole matter will come again before the council at the next meeting in the report of the city engineer is submitted.

### COOLIDGE SEES GOOD IN CANTONESE REPLY

NEW YORK, April 26.—In a speech which he devoted to an outline of United States foreign policy, President Coolidge, before a United Press dinner last night, described Cantonese Foreign Minister Eugene Chen's recent reply to the powers' protest at the Nanking affair as "conciliatory in tone and to a certain degree responsive, leaving final disposition of the matter at issue for further consideration of our government."

### FIRST STEP TAKEN IN WHALEN ACTION

Defunct Company Ordered Restored to Registry by Mr. Justice Murphy

VANCOUVER, April 26.—So that the defunct Whalen Pulp & Paper Mills Ltd. might be cited as defendant in an action brought against it by the original owners for the purpose of annulling the sale of its assets for \$4,000,000 on the ground of fraud, Mr. Justice Murphy in Supreme Court yesterday ordered the company restored to the provincial registry from which it had been struck off.

### FAMOUS MINER PASSES AWAY

"DUTCH JAKE" GOETZ, ONE OF ORIGINAL OWNERS OF BUNKER HILL MINE, DEAD IN SPOKANE

SPOKANE, April 26.—"Dutch Jake" Goetz, one of the four original owners of the Bunker Hill and Sullivan, the world's largest silver-lead mine, is dead. Deceased and his partner, Harry Baer, the only living member of the quartette, which took part in the strangest and most eventful events in the history of Idaho mining, were in partnership for 46 years. Forty-two years ago, Goetz and Baer discovered the mine, which was named after the Bunker Hill, who was prospecting with Phil O'Rourke when a burro tumbled over a rock and uncovered a vein of the mine that has now paid more than \$36,000,000 in dividends.

### BULLET IN HEAD FINNISH LABORER

Anderson Dies in Victoria Hospital as Result of Injury

VICTORIA, April 26.—The police last night called at a rooming house at the foot of Head Street and found a Finnish laborer, with a bullet wound in his head temple. He died in hospital later.

### ST. LOUIS IN FIRST PLACE

#### NEW YORK YANKEES DROP IN AMERICAN LEAGUE BY LOSING TO SENATORS

NEW YORK, April 25.—The St. Louis Cardinals topped the National League yesterday when Jess Haines outpitched Ray Kremer of Pittsburgh, allowing but three scattered hits. South's homer won the game for the Cardinals.

Five consecutive singles with none down enabled Cincinnati to score seven runs in the eighth inning and defeat Chicago after the Cubs had scored five runs in their half of the frame. Eight pitchers, four on each side, were batted out of the box.

New York Yankees and Washington Senators hitched up in a batting duel and a homer by "Goose" Goslin, in the seventh, netted the Senators three runs. The Yanks thereafter failed to hit in the pitches, having thirteen men left on bases.

The day's scores were as follows:

### STIFF DENIAL BY PATTULLO

#### CHARACTERIZED CARLOW STATEMENT AS ABSOLUTE UNFOUNDED AND UNTRUE

VICTORIA, April 26.—Before Mr. Justice Morrison's royal commission investigating the charges of Frank Carlow, Hon. T. D. Pattullo, minister of lands, yesterday characterized as absolutely unfounded and untrue the statement by Carlow that he (Mr. Pattullo) had told him to split a commission of \$5,000, allegedly secured in a foreshore deal put through for L. G. Thomas of Vancouver, with M. B. Jackson, K.C.

Mr. Jackson corroborated the minister and denied that he had received or asked for any part of the commission.

Henry C. Hall, former M.L.A., denied he had entered into any agreement or bargain with Carlow whereby commissions Carlow secured as liquor agent were to be applied toward the organization expense of the Liberal party.

Col. Winsky, former member of the Liquor Control Board, testified that neither he nor any members of the board had knowledge of the appointment of persons to positions with the board on the understanding that they were required to "give their services free, playing in the Liberal orchestra."

### SHIP ABLAZE AT SAN PEDRO

#### CONFLAGRATION LAST NIGHT ON FREIGHTER SAGADOBHO NEARLY COST LIVES OF TWO FIREMEN

SAN PEDRO, April 26.—Fire which had been smouldering for four days in one of the forward holds of the freighter Sagadobho, which arrived on Monday from New York, burst into flames last night and nearly cost the lives of two firemen before it was extinguished. A fire boat and eight land companies quelled the blaze by filling the hold with water and wetting down the bulkheads.

Already a long, hard winter is being predicted. There is nothing like getting on the job early.

### Local Elevator Will Be Clear of Wheat Before Summer Comes; Several More Shipments Coming

With the Wheat Pool's Prince Rupert elevator now about half full, there are today in the railway yards some 120 carloads of grain awaiting to be taken in and about eighty carloads are on the way here. A train of 24 cars is due to arrive this evening.

It was stated this morning by Joseph Bennett, manager of the elevator, that it was the intention to clean the plant out with shipments abroad before the season closes. It is not expected that any grain will be left in storage here but the elevator will be ready to receive next fall's crop immediately it starts to move.

### NEW UNION IS BEING FORMED

#### HOTEL AND BEER PARLORS EMPLOYEES ORGANIZE

The Hotel and Beer Parlors' Union Local was organized here Sunday, the following provisional officers being elected:

President—T. Clough.  
Vice-President—A. Evans.  
Financial Secretary and Business Agent—D. Milne.  
Treasurer—R. Butler.  
Recording Secretary—W. Scott.  
Executive—Messrs. A. Arnett, Robert McCaffery, C. Olsen, A. L. Lazarotto.

The union takes in hotel and restaurant employees and as soon as the charter is received a drive will be made to unionize the city.

There was a good sized attendance. The elected list of officers and membership will be forwarded to headquarters in Cincinnati, and on receipt of confirmation, a charter will be forwarded.

S. D. Macdonald, president of the Trades and Labor Council, acted as official organizer.

### SANKEY DECISION COMING WEDNESDAY

VANCOUVER, April 26.—It was officially announced this afternoon that the British Columbia Court of Appeal would hand down its decision in the Sankey murder case in Victoria on Wednesday. If the application for a new trial is rejected, the Port Simpson Indian will hang on May 25 for the murder of Miss Loretta Chisholm at Port Eslington on May 23 last. Should the court be favorably disposed to the application, he will obtain a new trial which his counsel asks be not held in Prince Rupert.

### RELEASE OF FEDERAL SHIP IS EXPECTED

Panama Legation at Washington Anticipates that Vessel Will Soon be Freed

WASHINGTON, April 26.—The Panama legation expects the early release of the steamer Federal Ship being held at San Francisco as a rum runner following her seizure a month or more ago by the United States coastguard some four hundred miles off the coast of California. The captain and crew have been already released. The Federal Ship was under the Panama flag at the time.

**DUAL ADVANTAGE OF ADVERTISEMENTS.**

The profit in advertisements are not alone with the advertiser. He pays for the space used and profits by the fact that they are read by the subscribers to the paper, customers are informed as to the wares mentioned and attracted to his place of business. They are direct messages sent by the advertiser to the reader of the paper, when the message is not received then the advertisement loses its worth. There must be two parties in this to make it profitable for either.

The profit which accrues to the receivers or readers of advertisements are many. In the first place time is saved by ascertaining where and when to buy either necessities or luxuries, where to find the kind of amusement desired. Secondly the profit comes to the readers when they, by receiving the message, are enabled to know what price is charged and should be paid for certain commodities.

When advertising ceases to pay the reader as well as the advertiser, then there will be no more advertisements printed.

**RECREATION IN HOBBIES.**

At a sale of rare stamps in Paris one issued in 1847 by the island of Mauritius brought 122,000 francs, which, at the present rate of exchange, is the equivalent of about \$8,000. Vastly higher prices have been fetched by stamps prized by collectors, but the sum paid for this specimen will not be despised. It commanded so large a figure only because persons have permitted their hobby of philately to over-ride their soundness of judgment.

Hobbies are a good thing. The man or woman who has a pursuit, outside of the regular or necessary daily task, which is followed not for pecuniary gain or other benefits of like character but solely for the pleasure that is derived from it, has a form of recreation that, if wisely chosen, may be productive of great good. Everybody should have a hobby.

But care should be taken not to choose a hobby that may be unduly expensive or one that requires more time than one can afford to give. The best sort of hobby is one that will take the mind as far as possible from the daily work. Refreshment of mind and body should be the main consideration. The office worker will derive most satisfaction from something that will take him out of doors; the manual laborer will profit most by resting his body and diverting his mind.

**SLEEP LEAVES LITTLE LEISURE.**

Although we all, with Sancho Panza, pray that blessings may light on him who first invented sleep, it is a time-expensive invention. A London statistician has found that one-third of our lives is spent in sleep. Sleep denies us the privilege of enjoying a third of our lives, because we cannot be said to enjoy sleep except in anticipation.

Sleep is then the largest consumer of "the days of our years," with work the second largest. We can accept the statistician's statement that we sleep and work two days out of every three of life's span. A third is left for education, eating, recreation, reading and the scores of other duties and demands of life.

With so little time unconsumed by work and sleep fortunate are those who find in their business in life their joy and the means of their spiritual, intellectual and even physical development; but millions have to find all this development, if they have it, outside of their vocations, since their work is of such a nature as to require only routine attention, and does not give them even the satisfaction in the finished product. Yet, with the shortened hours of labor, they have been given a greater amount of spare time in which to devote themselves to the things that make for the cultivation of their real selves.

The one thing of greatest value that machines have given us, besides relief from back-breaking labor, is spare time. They recover some of the time exacted by sleep. They give daily to millions a free time which is as long as the work time or as the sleep time. The working days of our years are less than a score, and if by reason of strength they be more, they still leave another score of years in which to "approach perfection" in the use of the time devoted to sundries, idling, walking, playing and reading. For the many who have to spend eight hours a day at labor merely to earn a living, the right use of leisure time thus becomes quite the most serious problem in personal as well as social progress.

**MAKES REPORT EDMONTON TRIP**

CITY COUNCIL PASSES VOTE OF THANKS TO EDMONTON AUTHORITIES

After presenting the report of his recent trip to Edmonton as representative of the city, Alderman Stephens moved at the council meeting last night that a letter of thanks be forwarded to the mayor and city commissioners of Edmonton, the Board of Trade, and to the premier and members of the provincial government for the very kindly manner in which they had treated the delegation from Prince Rupert on the occasion of their visit. Ald. Stephens referred particularly to John Blue, secretary of the Edmonton Board of Trade, who was assisting in his efforts to make the visit pleasant for the delegation. Ald. Jos. Greer seconded the motion which passed unanimously.

In presenting his report, Ald. Stephens said that he believed the trip had been a success and he was particularly impressed with the favorable attitude of the business public to the city of Prince Rupert. The provincial government also was much interested in the city and he believed that it was unanimously in favor of the Peace River outlet via Prince Rupert. The provincial government had just made a new arrangement in regard to the operation of the E.D. & B.C. railway whereby it cost only a cent more to ship wheat from points along this line to its destination than it did from Edmonton. As a result of this very favorable treatment of that territory, one hundred families had returned this year to the Peace River district to again take up farming and it was believed that large numbers would follow. He had ascertained that this year the Peace River district had produced 6,000,000 bushels of wheat but only about 130,000 bushels of that amount had been shipped through the port of Prince Rupert.

**MUCH IMPRESSED**

Alderman Stephens said that he had been very much impressed with the reception accorded to the delegation and felt that the visit would be productive of much good to the city as the Edmonton business people were looking to this port as an outlet for the products from that territory. It had been a very pleasant trip for him and he felt that if trips of this kind were continued, Prince Rupert would receive much wholesome advertising. The press of the city had devoted much space to the work of the delegation and, altogether, he felt that Prince Rupert was bound to benefit by keeping in close and friendly touch with the prairie capital.

**CITY UTILITIES GETS NEW TRUCK**

Purchase of \$1,700 Machine Authorized by Council Last Night

On recommendation of the utilities committee the city council last night decided to buy a one ton Graham Bros. truck for \$1,700 f.o.b. Prince Rupert.

Ald. W. M. Brown explained that the light truck used by the utilities department was worn, out and the cost of repairs was heavy each year.

Ald. Stephens asked what disposition was to be made of the old truck and was told that certain parts would be used in equipping the new truck and the remainder of the truck had little value.

It was explained to the council that this truck was often used for the purpose of stretching cable and a little heavier truck was needed than the one in use.

**DEPOSITS OF COAST RANGE**

LACK OF ECONOMICAL TRANSPORTATION HINDERS PART OF MINERAL EXPLOITATION

It has long been known that a fairly broad area along the eastern contact of the Coast Range Batholith in British Columbia is geologically favorable for the occurrence of mineral deposits, states F. R. Kerr, of the Dominion Geological Survey.

This has been amply borne out by the discovery of many valuable ore deposits in areas adjacent to Portland Canal, Alice Arm, Atlin Lake, and at other points farther north and south. One of the serious obstacles to the development of the mineral resources east of the coast range has been a decided lack of economical transportation. At only a few places where the range is cut by long arms of the sea or great rivers, or traversed by railways, has it been feasible to develop mineral deposits profitably. This absence of transportation facilities combined with the physical character of the country has tended to discourage prospecting in which otherwise present considerable possibilities of reward. The Stikine River, though it has formed a highway of entry to the placer gold fields of the Cassiar for fifty-two years, has so far failed to be a means of developing that section of the zone along the contact through which it passes.

**TESTED FOR GOLD**

During the Cassiar and Klondike gold rushes this area was probably tested extensively for placer gold. The bars of the Stikine River itself and of the Clearwater, a tributary which, rising to the northwest, flows along the base of the coast range, yielded some gold. Incidentally, a few lode deposits of gold, copper and silver-lead-zinc were discovered and developed to a small extent. These deposits support the belief that this section of the contact zone may prove as rich as others which have already demonstrated their great worth. Some prospecting of the hard rock has been done, but on the whole the area is almost untouched.

**VIRGIN TERRITORY**

Between Portland Canal and Atlin two of British Columbia's rich mining camps, lies a virgin territory nearly three hundred miles long and of undetermined width which offers possibilities of producing camps like those situated at either end. This great area awaits the prospector and affords him a wonderful hunting ground. The sole disadvantage being that travel is difficult owing to the ruggedness of the country and the severity of the climate. Development should work outward from the routes of navigation, of which the Stikine River is by far the best. It crosses the margin of the coast range batholith and flows within a short distance of it for many miles, affording fair transportation facilities during five or six months of the year. The zone is also penetrated and cut by large tributary valleys.

**URGES STUDY CANADA ANTHEM**

WINNIPEG WRITER PUTS IN PLEA FOR BETTER RE rendition OF "O CANADA"

WINNIPEG, April 26. — (Canadian Press)—A staff writer on the Free Press puts in a vigorous plea for the study of "O Canada." The Canadian National anthem as it is sung:

O Canada!  
La la la de de land  
De de dee ma ma ma ma ma.  
(Here glancing at your neighbor and see how she is getting along. Feeling sure that she does not know any more about it than you do yourself, you resume) and finally with great relief, swell out the chorus.

"Now that we have a real national anthem of convenient length, set to noble and inspiring music, let us learn the first verse at least, so that visiting Old Country people and Americans may not have reason to stare askance at our uncomfortable efforts to cover 'up our ignorance."

"The opening 'O Canada' is always sung with a mighty enthusiasm. Then there is an immediate and miserable falling-off in volume until the last two

**Could Not Sleep Heart and Nerves Were So Bad**

Mr. Geo. Meek, Windsor, Ont., writes:—"I suffered with my heart and nerves and could not sleep at night for noises in my head. I managed to keep at my work somehow, until I began to have dizzy spells which got so bad I could not go to my work. I was afraid to go out any place, for very often I would stagger on my feet, and everything in front of me would turn black and fade away. While I was home sick a friend told me to take I got four boxes and by the time I had used them the pains and noises in my head ceased and I was able to get a good night's rest. Although that was six years ago I have never been troubled with that complaint again."

Price 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

**CAN ONE VARNISH BE USED FOR EVERY PURPOSE?**

A MAN wouldn't use a spade to do the work of a hoe. A woman wouldn't buy a piece of fine silk to make a work apron.

Why would you expect one varnish, for general purposes, satisfactory?

Varnishes are compounded from a mixture of gums and linseed oil. But — just what gum, how much oil, how much "cooking" and what degree of heat, depends upon the purpose for which the varnish is intended.

It's not a difficult matter for you to decide what varnish you need. Simply tell the dealer at Paint Headquarters what the job is, or write Sherwin-Williams, 897 Centre Street, Montreal, for a copy of the "Household Guide Manual." There are good Sherwin-Williams Varnishes for every purpose and the world knows none better.

lines are reached, when it is possible to work in rightly or wrongly several more vociferous "O Canada's".

"The Weir version seems to have met with the greatest approval and is generally adopted for use. But even if one of the older versions is preferred, it would surely be better to be singing something definite than to be moving his lips in the production of unintelligible noises."

### MASSIVE OLD SPIRE TO BE DEMOLISHED

Steeple of Christ Church Cathedral, Montreal, Being Taken Down

MONTREAL, Que., April 26.—(Canadian Press).—For 70 years one of the features of Montreal's skyline has been the spire of Christ Church Cathedral, which was 240 feet high. Now it is to disappear as the general vestry of the church has decided to take it down. The Cathedral is situated on St. Catharine Street West.

The removal of the massive stone pile follows upon the recommendations of a commission of three experts who reported that its removal, while not a matter of immediate necessity, is advisable owing to the great weight bearing on unsatisfactory subsoil, because of certain faults in the original design, and because of the deterioration of some of the stonework in the tower and spire.

A careful examination of the tower structure has revealed no present danger, but owing to the construction of large buildings in the neighborhood, and other forces the subsoil conditions are changing, and it was decided to face the situation now rather than to await signs of further deterioration. Dean Carlisle, rector of the Cathedral, expresses deep regret at the removal of what is regarded as one of the most graceful and picturesque of the city spires, and the hope that means will be found to strengthen the foundations and reconstruct it in a manner in keeping with the general architecture of the cathedral. Recently another aspect of St. Catharine Street, West, underwent a great change when it was decided to build shops fronting St. James Methodist Church.

### RAMSAY MACDONALD VISITING NEW YORK

Former British Premier Visiting With Lady Who Was His Host Thirty Years Ago

NEW YORK, April 26.—Rt. Hon. J. Ramsay MacDonald, former Premier of Great Britain, accompanied by his daughter Isabel, arrived here on the Cunarder "Aquitania" on a pilgrimage to scenes he visited on his honeymoon thirty years ago during the days of his greatest happiness.

The object of the former Premier's visit is stated to be a call on an elderly woman who was a perfect host to him and his wife in the late 'nineties.' She recently begged Mr. MacDonald to see her before she dies.

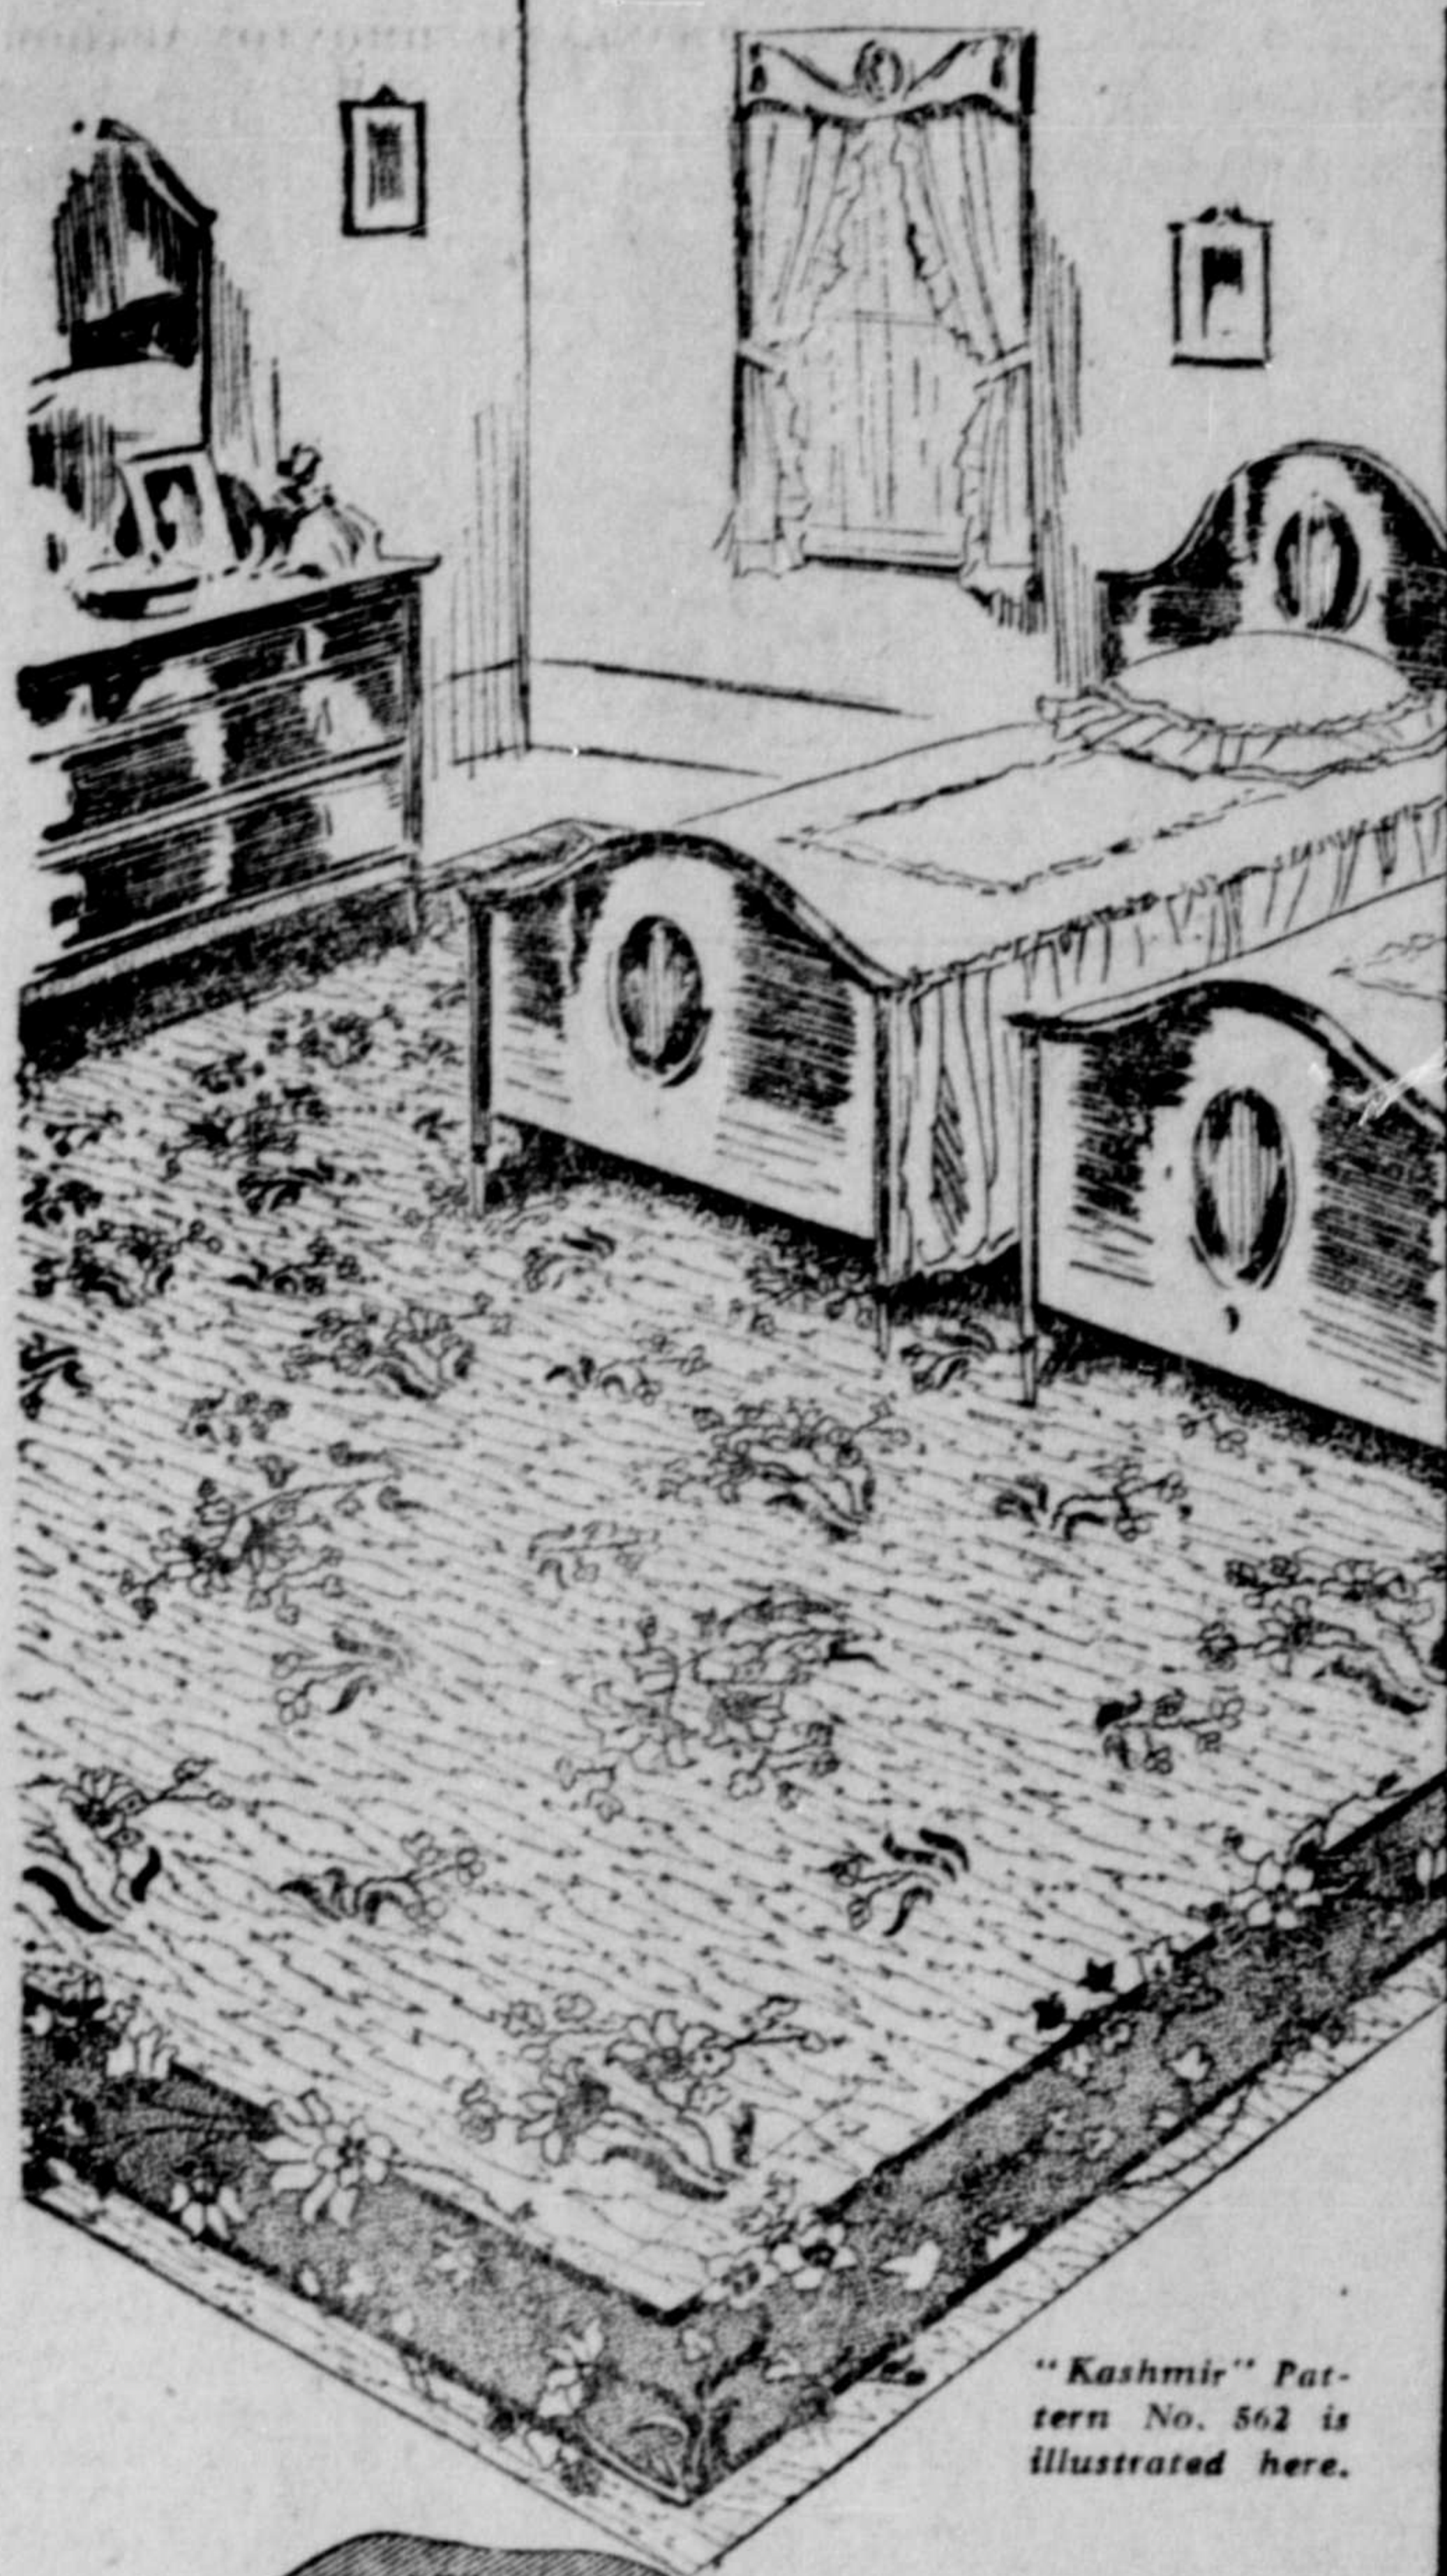

While in New York, Mr. MacDonald and his daughter are guests of Miss Lillian D. Wald, of "The House on Henry Street." Miss Wald is internationally known as a social worker. Mr. MacDonald also met her on his wedding trip.

## BRINGING UP FATHER

### VANDERHOOF

To celebrate the twenty-fifth anniversary of their wedding in Toronto, Mr. and Mrs. Ernest Smedley gave a party in the Community Hall last Tuesday evening.

The Margret family has returned from Drumheller, Alberta, and intend to make their home in Vanderhoof.

Miss Ada Doherty, school teacher at Marten Lake, and Miss McKay, teacher of Encombe school, spent the Easter holidays here as the guests of Misses Meilish and Morrow.

The annual meeting of Nechako Assembly, Native Sons of Canada, was held last week, officers being elected as follows: president, R. C. Abbott; first vice-president, Dr. W. Ross Stone; second vice-president, R. G. Matthews; secretary, J. H. P. Lacey; treasurer, H. H. Mansell; chaplain, W. F. Manson; sergeant-at-arms, R. M. Patterson; inner guard, A. J. F. Rae; outer guard, C. Smedley; historian, M. J. Griffin.

The wedding took place at the home of the bride at Fort St. James recently. Rev. Father Wolfe officiating, of Miss Norah Alleen, second daughter of Mr. and Mrs. Charles P. Bloomfield, Fort St. James, and Owen William Arthur Burdette, son of Mr. and Mrs. Owen Burdette of Vanderhoof.

Mrs. H. Bradshaw is visiting her sister, Mrs. Gilbert Hopfe.

Miss Ruth Harvey, teacher of Chilco school, spent the Easter holidays at her home in Vancouver.

Mrs. R. C. McCorkell has as her guest during the Easter holiday week Miss Huffman, teacher of Fort St. James school.

Church of England congregational meetings were held at Nechako school house on Thursday evening and in Christ Church, Chilco, on Friday.

The Vanderhoof Chess Club was entertained on Thursday evening by Mr. and Mrs. Stephen Holmes, eighteen tournament games being played.

David W. Donald has returned from the Edmonton and Calgary stock shows, bringing with him three bulls—two Herefords and one Shorthorn—and thirteen Hereford heifers which he purchased at the prairie centres.

Rev. Father Allard spent Holy Week among his Indian flock at Stony Creek village.

Miss Harris, teacher of Prairiedale public school, spent the Easter week vacation in Vanderhoof as the guest of Mr. and Mrs. Ernest Smedley.

Sam Lee went to Fort St. James last week by automobile, being the first to drive over the road in a car this season. L. R. Seldon and family made the first trip into Vanderhoof over the Fort Fraser road.

On Friday night Mr. and Mrs. Joseph Redmond held a housewarming in their new ten-roomed home on their farm in the Nechako district. There were over one hundred guests and card playing and dancing was enjoyed. Mr. Redmond has become one of this district's most prosperous farmers.

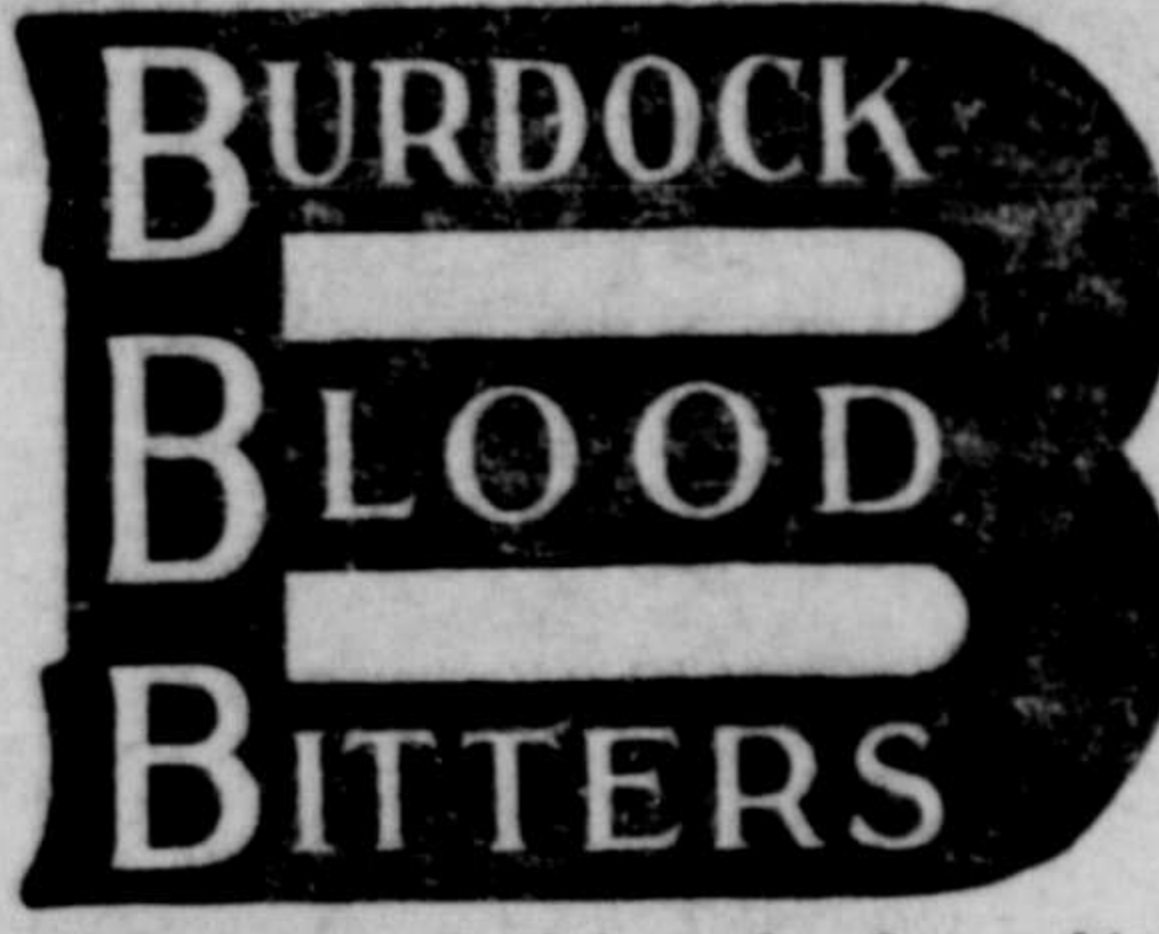

Constable E. Fortar is writing in the Nechako Herald of his recent trip from Vanderhoof to Tachle River with Fred J. Burden and the pulp mill syndicate survey party with a dog team.

### BURNS LAKE

Ell Ferguson, Palling weather prophet, who has not made a miscalculation in the last thirty years' predictions, states that the weather, during the coming season, will be favorable with plenty of moisture for the crops.

### Had Salt Rheum, All Over Her Hands

Mrs. Herbert J. Mason, Grand Falls, N.B., writes: "I had salt rheum all over my hands and especially between my fingers. It got so bad it was impossible for me to put them in water or do my housework. After trying many medicines and salves, that did me no good, I heard of

being so wonderful, and after taking three bottles I am entirely relieved of my trouble. I am sure I can't recommend B.H.B. too highly to those who have salt rheum like I had."

B.H.B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

He forecasts that hay and vegetables will be plentiful and that haying and harvesting weather will be fine.

Mrs. Titmore of Fort Fraser was an Easter week visitor here with Mrs. T. G. Martin.

E. A. Beach of Francois Lake is engaged in sawing birch wood for M. F. Nourse.

Mrs. Martin, mother of T. G. Martin, is on her way here from the Old Country to visit with her son.

Gordon G. Harris of Topley visited here last week and was the guest of Mr. and Mrs. Sidney Godwin.

J. N. Fitchett, school teacher at Forestdale, spent the Easter holiday at Francois Lake visiting with friends.

Kenneth Sherer of Prince Rupert was a business visitor here last week.

Earl Bennett spent a few days here last week.

Johnny McEneaney made a business trip to Tintagel last week.

Eric Anderson of McBride was a business visitor in Burns Lake last week.

Carl Undritz has become mechanic with the Burns Lake garage of which D. M. Gerow is now sales manager.

Mrs. A. Thring was a business visitor in Burns Lake last week.

Mr. Elasky, while working for the S. Anderson Co., had his shoulder broken at 9:30 p.m. eastern standard time, will

when the top of a dead tree fell on him.

E. Merrill of Decker Lake was here last week to undergo a minor operation at the hands of Dr. J. T. Steele.

Mr. and Mrs. William Sherrah of Winnipeg were visitors in Burns Lake last week.

Mrs. Connors of Tchesinkut Lake visited in Burns Lake last week.

A. Brindamour of Fraser Lake was here last week looking over business locations.

Victor Carlson had a hair raising experience last week when the ice gave away as he was crossing Francois Lake. He lashed the horses into a trot and the forward impetus just kept the ice from breaking until a safe crossing was made.

B. A. Smith of Palling was a business visitor here at the end of last week.

The efforts of three local ladies, Mrs. C. Hartley, Mrs. H. J. Jewell and Miss G. Wayman, saved the provincial public works tool shed from burning last week. They extinguished a fire which had started in an automobile cushion.

R. Lowe has been appointed agent here for the Imperial Oil Co.

Jim Morgan, who spent the winter in Prince Rupert, has returned to Ootsa Lake and will resume his duties as fire warden next week.

The Wistaria Farmers' Institute is seeking to have a clover growing competition held during the coming season in the Wistaria district.

### CANADIAN NATIONAL PUTTING NEW TRAIN VANCOUVER SERVICE

WINNIPEG, April 25.—An important extension of Canadian National Railway passenger train service between eastern Canada and the Pacific coast, is announced by H. H. Melanson, general passenger traffic manager of the system. Under a new schedule which becomes effective on June 24 from Toronto and June 27 from Vancouver, trains No. 3 and No. 4 now operating between Winnipeg and Toronto only, under the name of "The National" will operate between Toronto and Vancouver on a 93 hour schedule westbound and 91 hour and 10 minutes scheduled eastbound. It was announced also that, in honor of Canada's Diamond Jubilee, the trains under the new service will bear the title of "The Confederation."

The westbound train, leaving Toronto at 9:30 p.m. eastern standard time, will arrive at Winnipeg at 8:45 a.m., central time, on the second day Brandon 1 p.m., Regina at 6:40 p.m., Saskatoon 11:40 p.m., Edmonton 10:00 a.m. on the third day; Jasper National Park at 6:40 p.m.; Kamloops 4:00 a.m. on the fourth day and Vancouver 3:00 p.m. The arrival of this train in Vancouver during the afternoon is of importance to travellers desirous of taking night boats either up the Pacific coast to Prince Rupert and Alaska points, to Victoria and Seattle, or other coastal points as it provides for a short visit to Vancouver before taking the night boats. This extension of service is being made to accommodate the ever-increasing tourist travel between eastern Canada, the Rocky Mountains, and Pacific Coast points.

### SPORT CHAT

A meeting of the First North B.C. Regiment football team executive was held last night, those present being J. S. Wilson, chairman, C. J. Norrington, secretary, M. M. Lamb and Andy Murray. Andy Murray was named trainer with James A. Kelly, his assistant. The following players were reported to be available for a regimental senior team: Percy Tinker, J. S. Wilson, C. J. Norrington, Andy Murray, H. Corbett, Pete Doherty, B. Walters, J. Perry, F. Russell, A. McDonald, Jack Harris, Rich. Mortimer, Stan Wilson, F. Hunter, W. Wallace, Henry Heilbroner, Charlie Youngman and Malcolm Lamb.

Efforts are being made throughout Canada to revive interest in amateur lacrosse this year. As one of the features of a sports program for the Jubilee celebration, it is being attempted to interest the children of school age in this great Canadian pastime. Ocean Falls is reputed to have a better team this year than last when they gave Winnipeg a close run for the championship of the Dominion. If the locals could witness a few games of real fast lacrosse this year it would do much to stimulate interest and might result in placing Prince Rupert on the map as an up to date sports town. As in hockey or baseball, lacrosse players are not made in one season but as a result of practice for many years. There are many old players in the city who would be glad to teach the younger ones the fine points of the game and a full equipment is available from former seasons so it would seem to need only good leadership to make this game a regular attraction in the city. Perhaps, before the sports season is well under way, we shall have a few games of lacrosse for the fans to argue about.

A Marathon race will be run this summer at Hamilton, Ontario, to decide the Canadian runners who will go to the Olympic games next year to represent Canada.

"Our life," remarks a speaker, "is one of checks and balances." With an occasional notice here and there of insufficient funds,

J. A. FRASER SAYS THIS IS RIGHT WAY—MINISTER OF RAILWAYS DECLARES IT IS INTENTION TO DEVELOP LINE

"Let me point out that taking into consideration the topography of the country, everything indicates that the controlling factors from a transportation point of view all converge at Prince George; all these routes come to that point," said J. A. Fraser, member for Cariboo, in discussing the Peace River railway project in the House of Commons at Ottawa recently. "There you have as present the Canadian National railways running from Red Pass Junction to Prince Rupert, and a very significant statement was made in the committee the other day by the Deputy Minister of Railways for Alberta, who stated that if you do not provide the Canadian National Railways with the traffic of the Peace River country there is no justification for further continuing the operation of the Grand Trunk Pacific branch of Canadian National from Red Cross Junction to Prince Rupert.

"The road carries an investment of the people's money of something like \$70,000,000 or \$80,000,000, and its operating loss is something like \$2,000,000 per annum. If you are going to give that road an opportunity of doing away with that operating loss, you must give it the traffic from the Peace River country. The railway is tributary to that country, and, as stated by the deputy minister, that is the only opportunity the road has of paying, so far as the people of the Dominion are concerned.

far as the people of the Dominion are concerned. "Prince George is the centre of that whole country, and if you bring this railway through the Peace River pass you not only have the opportunity of shipping grain to Prince Rupert, but you have the alternative route to Vancouver, and if you are not satisfied with either of those you have the third alternative of providing a new route down the Fraser River from Prince George to Vancouver, distance of 400 miles with a grade four-tenths. I submit that the solution of the whole proposition is to connect Prince George with the Peace River country, and I submit that the solution is not difficult; it will be necessary to build only 400 miles of road, and there is no necessity for a preliminary survey at present. Put your engineers to work, make your location surveys and go ahead and build the road.

# DISCUSSION ON SEWER SYSTEM

CITY ENGINEER ASKED TO MAKE REPORT ON DEFINITE COSTS

Considerable discussion took place at the meeting of the city council last night in regard to the sewer bylaw which was passed by the ratepayers at the last municipal election. The matter came up when a report from the board of works was read suggesting that the city engineer be asked to proceed at once in getting everything in shape for the construction of the trunk sewer. Ald. Stephens objected to the form of the recommendation as some idea should be given those who planned to connect up with the system what it would cost. He did not favor constructing the main trunk unless there was a sufficient number of people who would bear the cost of constructing the laterals to join up with the trunk sewer. There had been nothing presented to these people to show them what it would cost for the connection. Ald. Perry, in explaining the position of the board of works, said that all the members had been besieged with requests for the sewer and the people wanted to know when a start would be made.

If the work was proceeded with at once it would be next year before any connections could be made with the trunk sewer and he felt that it was time for a start to be made.

Ald. W. J. Greer, Ald. Larsen, Ald. Jos Greer and Ald. Tinker all took part in the discussion which followed and Ald. Stephens said that he would not oppose the resolution although he felt that it did not interpret the spirit of the bylaw as passed by the ratepayers. They had a right to know what the laterals would cost before the trunk sewer was constructed and, if the cost was going to be too high, there would be no use in constructing the trunk sewer unless residents in that locality connected up with it. Ald. Perry then suggested that Alderman Stephens' suggestion be included in the recommendation asking the engineer to ascertain where the laterals would run and what would be the cost of connecting up these with the main sewer. After this suggestion had become part of the recommendation the council adopted the resolution unanimously.

## NATIONAL PARK IN BELLA COOLA BELT

Member for Skeena Asks Government if Anything is to be Done About it  
Before the session of the House of Commons at Ottawa closed, J. C. Brady, M.P. for Skeena, who returned home today, asked if there was any intention of doing anything toward the Mackenzie Park in the Bella Coola district being made into a national park. Mr. Brady's reason for asking the question was that a great number of inquiries have been made regarding Mackenzie Park, and this year a direct descendant of Sir Alexander Mackenzie came all the way from Johannesburg, South Africa, in order that he might see the place where the great explorer came across the continent. The member thought the importance of that splendid area for a national park, might consider that the time was fairly ripe to establish another of these splendid national parks for the benefit of the people of Canada.

EDMONTON JOURNAL PUBLISHES PICTURE OF LOCAL MEN AND REPORT OF LUNCHEON

Besides publishing a picture of the delegates on its front page last Wednesday, the Edmonton Journal gave the following account of a Rotary Club luncheon at which the Prince Rupert men were guests.

With representatives of the government, the city and the board of trade joining in extending a welcome, members of the Prince Rupert delegation who are visiting Edmonton were guests at a complimentary luncheon in the Macdonald at 12.30 Wednesday. The spirit of inter-city and inter-provincial friendliness was particularly in evidence, and importance of a development of closer relations between Edmonton and Prince Rupert being emphasized.

Following a few words of welcome on behalf of the board of trade by President C. G. Robson, Alderman F. A. Keillor extended to the visitors a hearty civic welcome. He was followed by Hon. George Hoadley, who extended the welcome of the province.

SOUND ECONOMIC BASIS The Alberta government is in entire sympathy with the object which prompts the visit of the Prince Rupert men Mr. Hoadley declared. Not only from a sentimental standpoint but on a sound economic basis as well, is it in the interest of Alberta to co-operate with the neighboring province to the west.

Peace River can reach its full development only through a western outlet, and for this outlet Prince Rupert would appear to be the logical port, he added. The latter city had problems which touched very intimately on the welfare of this section of Alberta.

Friendly visits such as that of the Prince Rupert delegates to Edmonton— which visit was reciprocal of a similar trip made by Edmonton business men to the coast—served a useful purpose, W. O. Fulton, president of the Prince Rupert board of trade, pointed out. The interests of the two provinces were very similar, and the governments of Alberta and British Columbia would do

well to co-operate to the greatest possible extent.

PEACE RIVER OUTLET That the Peace River outlet was by no means a dead issue was another point made by Mr. Fulton, who emphasized the importance from an immigration standpoint of this district's development. Prince Rupert was 500 miles nearer the Orient than any other coast port on the North American continent, and therefore had special claims on the

traffic of the prairies.

A mission rather of goodwill than of anything else, was Alderman M. M. Stephens' description of the visit of his fellow citizens from Prince Rupert. Both Edmonton and the west coast city had many things to offer which the other needed, and an interchange of trade would be valuable.

NO DIVIDING LINES

Hon. R. G. Reid, who accompanied the Edmonton delegation to Prince Rupert, expressed himself as strongly impressed with the similarity in the aspirations and viewpoints of these two cities. At the two provinces got to know each other better, theoretical dividing lines would disappear.

Hon. Vernon W. Smith, a former Prince Rupert man added a word of welcome to the visitors. An interesting feature was the presentation of a huge bunch of bananas by way of "dessert," to W. O. Fulton, who is known as the "Banana King" of Prince Rupert.

The six Prince Rupert delegates were introduced, as were coal operators from different parts of the province, who are here to attend a conference of the Canadian coal publicity committee.
