URGE CONSTITUTIONAL AMENDMENTS

"BLACK BEAR" JURY IS HAVING DIFFICULTY IN AGREEING

British North America Act Alterations Asked Winnipeg Labor Man

CONFERENCE BETWEEN FEDERAL AND PROVINCIAL GOVERNMENTS PROMISED BY ACTING PREMIER ON QUESTIONS RAISED BY WOODSWORTH

OTTAWA, March 10.—"A special committee to consider what alterations might be made to the British North America Act which, while conserving the principles of confederation, would enable us to cope adequately with the complicated problems which now confronting Canada" was proposed in the House of Commons yesterday afternoon by J. S. Woodsworth, Labor member for Winnipeg, who gave as his reasons: (a) the constitutional developments of the last sixty years; (b) the dissatisfaction of certain provinces; (c) changed conditions in industries, commerce and finance not anticipated at the time of confederation; and (d) the action of the senate in preventing the enactment of popular legislation.

LIQUOR ACT IN ONTARIO HOUSE

MEASURE TO PROVIDE FOR GOVERNMENT CONTROL BROUGHT DOWN YESTERDAY BY PREMIER FERGUSON

TORONTO, March 10.—Premier George H. Ferguson introduced in the Ontario provincial house yesterday legislation providing for government control and sale of liquor in the province superseding the Ontario Temperance Act in compliance with the recent expressed mandate at the polls.

The bill has a two-fold purpose, first, to prohibit transactions in liquor, except through government agencies and under government supervision; and, secondly, to provide the organization of a liquor control commission by means of which prohibition and control may be made effective. The Premier some time ago named D. B. Hanna, Hon. Dr. R. J. Benson and Stewart McLennan as members of such a commission.

SASKATCHEWAN JUDGE NAMED

MR. JUSTICE MARTIN WILL INVESTIGATE BRITISH COLUMBIA'S CLAIMS FOR RETURN OF LANDS

VICTORIA, March 10.—The appointment of Mr. Justice Martin of the Supreme Court of Saskatchewan as a special commissioner to investigate the claims of British Columbia that lands allotted to the federal government at the time of confederation should be returned to the province was announced by Premier Oliver yesterday following receipt of word from Ottawa.

LEGISLATURE OF NEW BRUNSWICK

SESSION OPENED TODAY WITH SPEECH FROM THRONE FORECASTING TALK ON LIQUOR

FREDERICTON, March 10.—"Important provisions will be submitted for your consideration in connection with the sale of intoxicating liquors," the speech from the throne read at the opening of the New Brunswick Legislature here this afternoon. Premier Baxter declined to amplify whether this meant government control or not.

MAN MEETS INSTANT DEATH WHEN STRUCK BY TELEPHONE POLE

VANCOUVER, March 10.—George Ferrell, aged 43, was almost instantly killed when he was struck by a telephone pole as he was engaged in hoisting in Point Grey. The hoisting tackle slipped and the pole struck Ferrell's head.

ENTHUSIASM PREVAILS LIBERAL CONVENTION

VANCOUVER, March 10.—The crowd of several hundred delegates here today from all parts of the province for the opening of the Liberal convention indicates that party enthusiasm is far from dampened. An air of great optimism prevails and everywhere there is confidence as to the future of the party both in federal and provincial affairs. The convention has been called for the dual purpose of overhauling the party's program and laying plans for a provincial contest that will be held within a year or two. Premier Oliver and other prominent leaders of the party are here to speak and generally give their assistance in the proceedings.

INCREASE IN WAGES ASKED

TWENTY-FIVE HUNDRED C.N. EXPRESS EMPLOYEES FILE DEMAND WITH OFFICIALS

WINNIPEG, March 10.—Employees of the Canadian National Express Co., representing 2,500 persons from coast to coast, have served notice upon company officials of a demand for wage increases understood to average twenty-eight per cent. It was learned yesterday.

The exact demands are not stated but they are known to call for equalization of wages paid different classes of employees as well as the wages paid the same classes in different territories and changes in the overtime rate.

KILLS FAMILY AND SUICIDES

BRUTAL KILLING RECORDED LAST NIGHT IN HOME OF CONTRACTOR AT TACOMA — THREE DEAD AND TWO MORE MAY DIE

TACOMA, March 10.—Harold Jensen of Tacoma, contractor, killed his wife and one-year-old baby and probably fatally wounded his twelve-year-old son and nine-year-old daughter, then committing suicide himself, at his home here last night. Jensen used a machinist's hammer and hand-axe in his efforts to wipe out his family. Following the brutal attack on his wife and sleeping children, he called the police by telephone and told them of his act. He then took poison and was dying when the officers reached the house.

There is said to be no hope for the injured children.

AGED WAR VETERAN DEAD IN EDMONTON

Justice D. Wilson, 77, Served in Riel Rebellion, Boer War and Great War

EDMONTON, March 10.—Justice D. Wilson, seventy-seven, a veteran of the Riel rebellion, South African war and the World War, is dead here. Despite his advanced age he went overseas in command of Company D in the Forty-Ninth Battalion and served through operations at Messines, Kemmel Hill, and Ypres Salient.

FISH ARRIVALS

Only Two Canadian Boats Sold Catches Through Fish Exchange This Morning

The Prosperity A. and Nornen, both Canadian boats, were the only vessels to market catches through the Fish Exchange this morning. The former vessel sold 13,000 pounds to the Canadian Fish & Cold Storage Co. for 12.5c and 7c and the latter, 2,000 pounds to the Atlin Fisheries for 12.6c and 7c.

Others' opportunities always seem to be better than one's own.

GRIT MEETING IN VANCOUVER

PREMIER OLIVER, MEMBERS OF CABINET, AND M.L.A.'S ARE PRESENT AT BIG GATHERING OPENING TODAY

VANCOUVER, March 10.—With Premier Oliver and all members of the cabinet in attendance, with the exception of Hon. William Sloan, minister of mines, who is ill in Nanaimo, as well as nearly every Liberal member of the legislature, the provincial Liberal convention opened here this morning. The first session is being taken up with routine matters.

Mrs. Mary Ellen Smith is presiding and, while she is being mentioned as the permanent head of the provincial association, the names of Noble Binnie of Trail and Kenneth Campbell of Nelson are also freely mentioned for the honor.

HERRING RUN SATISFACTORY

QUANTITIES SUFFICIENT TO MEET ALL LOCAL REQUIREMENTS ARE NOW COMING IN

The run of herring now in progress near Port Simpson is proving adequate to meet all local requirements. Boats out there are selling while others are engaged in regularly packing the fish in The Rupert Marine Products plant at Tucks Inlet is busy reducing herring; the Millard floating cannery Laurel Whalen is salting it at Seal Cove; the Canadian Fish & Cold Storage Co. is getting its requirements for freezing, while fresh herring pounds outside are being filled.

Greatest Grit Meeting in History of British Columbia Held Today

PREMIER OLIVER GIVEN TREMENDOUS OVATION WHEN HE RISES TO WELCOME DELEGATES AND TENDER THEM ADVICE

VANCOUVER, March 10.—The greatest Liberal convention ever held in British Columbia got under way this morning with more than three hundred delegates registered at noon. Premier Oliver was given a tremendous ovation when he welcomed the delegates and, in the course of his speech at that time, he said he was not afraid to meet any of the accusations of the opposition, declaring that all charges would be successfully repudiated. He pleaded for tolerance in passing resolutions which might be all right in principle but which it would be impossible to work out in actual practice. In other words he stated: "It's a fine thing to have your head in the air but it is always best to have your feet on the ground." The premier felt sure that the province had received beneficial legislation and administration from the Liberal government.

Premier King telegraphed his greetings from Ottawa saying "I sincerely hope that your deliberations may advance not only the well being of the Liberal party in British Columbia but also the increased happiness and prosperity of the people of Canada."

There wouldn't be a great deal of striving after fame if one couldn't cash it at the paying teller's window.

Judge Asks Reconsideration of 11 to 1 Split in Verdict Favoring Woman's Conviction

FAIRBANKS, March 10.—The "Black Bear" mail robbery jury, after deliberating for forty-eight hours, reported to Judge Ritchie late Wednesday night that it was hopelessly deadlocked. The jury was instructed to continue its consideration of the case which has been in progress for twenty-three days. The hearing is that of Mrs. Nellie Bates, better known as "Black Bear" who is charged with the theft of mail pouches containing \$33,000 from a government dog sled near Flat, three hundred miles southwest of here, some three years ago.

Attorneys said the jury divided eleven to one in favor of conviction. A unanimous verdict is required.

SEVENTEEN YEARS AGO TODAY PRINCE RUPERT BECAME INCORPORATED

Today is the seventeenth anniversary of the incorporation of the city of Prince Rupert, which event took place on March 10, 1910. The anniversary will be duly celebrated at the banquet of the Pioneers' Association tonight when the first mayor of the city, Fred Stock, will be the chief speaker and the present chief magistrate, Mayor S. M. Newton, will preside.

HARD GOING FROM CHINA

TORONTO MISSIONARY AND HIS FAMILY ARRIVE IN TRISCO FROM SCENE OF CIVIL WAR

SAN FRANCISCO, March 10.—Dr. C. M. Selleny of the foreign commission of the United Church of Canada arrived here today with his wife and sons from the scene of civil war in China.

Mr. Selleny, whose home is in Toronto, said that it took him two months to make the thousand mile trip to the Chinese coast from his station in Janshow in the province of Szechwan. The family travelled by sedan chairs, junks, mule back and leaky river boats and were frequently fired upon. Their barge was pierced by bullets. In boats, carrying far beyond their passenger capacity, men had to sleep on decks and women on the floors.

Applications for Waterfront Leases Disclosed at Session of Supreme Court Tax Appeal

The first session of the Supreme Court hearing the appeal of the Canadian National Railways against the city assessment was held this morning with Mr. Justice Gregory presiding. The session was taken up largely with entering and proving various exhibits which will be used during the hearing of evidence. The assessment roll of the city with amendments made by the court of revision as well as the certificate of the court were entered. F. W. Leeper, divisional engineer for the railway company, was called by A. Alexander, who is presenting the case for the railway, and identified certain maps of the waterfront, including

Blockage, which he had checked up. He had calculated the graded acreage as 39.10 acres and the ungraded as 235.333 acres.

Questioned by E. F. Jones, who is representing the city in the appeal, the witness said that the railway plan showed a right of way 100 feet wide.

W. H. Tobey, C.N.R. divisional superintendent, gave rough estimates of the amount of filling which he considered necessary along certain pieces of the waterfront before the particular pieces would be of any value for the construction of wharves. Block A on the railway plan, he considered, would require a heavy fill, possibly 750,000 cubic yards, which would cost approximately \$1.00 per cubic yard. This block was two miles from the present station site. Block C was similar to Block A and would require the same amount of filling. The company had had no demand for waterfront in Block C. Block G also would require a fill.

G. W. Nickerson, witness said, had made application for 250 feet of this block and, east of this application to the Cold Storage plant, there was no property which it would be feasible to use under present conditions. Mr. Alexander asked Mr. Tobey whether the present developments of the company were sufficient to take care of the needs of the city for some time and Mr. Tobey replied in the affirmative, with the exception of minor improvements. Sufficient developments were here, however, to take care of a population four or five times the present population of the city.

SALE OF ELEVATOR SITE
Mr. Jones questioned Mr. Tobey as to his knowledge of the sale of the elevator site to the government by the railway company and also as to whether the company had not granted certain leases on the waterfront based on the assessed value. The line of questioning changed then somewhat as Mr. Jones sought to show that the country back Fraser River near here late Wednesday of the city was very rich and that when they lost their way, Joseph Crell there was a possibility of the Peace line and R. Campbell, in charge of an River railway line coming to Prince Rupert. He also asked the witness as to the amount of grain shipped to the city and the amount of fish shipped, per from the port each year. He asked Mr. Tobey if it was not considered to be a fact that San Francisco, Vancouver and Prince Rupert were the three only great harbors on the Pacific coast. Evidence was also adduced as to the number of steamship lines which had boats call here.

Answering Mr. Alexander, Mr. Tobey said that the company had waterfront unleased which they would like leased. So far as he knew however, he informed Mr. Jones that none of the property was for sale. C. C. Ketchum had applied for a lease of waterfront which had been held up as the purpose for which it would be used would not give traffic to the railway.

At the conclusion of Mr. Tobey's evidence adjournment was taken at noon until this afternoon when hearing of the case was resumed.

LADYSMITH TO HAVE PROVINCIAL POLICE

LADYSMITH March 10.—Inspector Parsons of the Provincial Police Department, attended a special meeting of the City Council recently and much discussion took place regarding police affairs of the city and district. The city agreed that the Provincial Police should do the work of the city requesting the police department to make provision for the existing members of the force if possible. The Provincial Police will take over these civic duties as soon as the agreement of the above is received and is officially signed.

CONLEY ACTION IS THROWN OUT

DAMAGE CLAIM OF HOPE HOTEL PROPRIETOR AGAINST LIQUOR BOARD INSPECTORS DISMISSED BY JURY

VANCOUVER, March 10.—The damage action of James Conley, former president of the Vancouver Liberal Association, against George Miller and Ernest Middleton, liquor control board inspectors, was dismissed by a Supreme Court jury which found that the officials had exercised reasonable care in bringing the charge and that there was no malice.

Conley, who was the owner of a hotel at Hope, up the Fraser River from here, was charged in January, 1925, with having sold liquor through his servant or agent. His tenant had previously been convicted but the charge against Conley as the owner was dismissed by a New Westminster magistrate. A damage suit against the two Liquor Board officials followed.

MAN IS FOUND SHOT TO DEATH

AMBULANCE DRIVERS IN FRASER VALLEY, ANSWERING SICK CALL, MAKE GROSS DISCOVERY

VANCOUVER, March 10.—While seeking directions for a sick-call they were making on Mitchell Island on the Fraser River near here late Wednesday when they lost their way, Joseph Crell there was a possibility of the Peace line and R. Campbell, in charge of an River railway line coming to Prince Rupert. He also asked the witness as to the amount of grain shipped to the city and the amount of fish shipped, per from the port each year. He asked Mr. Tobey if it was not considered to be a fact that San Francisco, Vancouver and Prince Rupert were the three only great harbors on the Pacific coast. Evidence was also adduced as to the number of steamship lines which had boats call here.

DENIES THAT HE RECEIVED MONEY

R. H. GORDON, ROBSON STREET LIQUOR VENDOR, TAKES STAND BEFORE MURPHY INQUIRY IN VANCOUVER

VANCOUVER, March 10.—R. H. Gordon, vendor of the Robson Street government liquor store, told Mr. Justice Murphy's inquiry yesterday that he had never received money at any time or in any way from J. F. Wilcox, sales promoter of the Reifel liquor companies. He declared that he had never discussed liquor requisitions with Wilcox, and emphatically repeated that he had received no money from him whatever.

THROWN FROM HORSE. GIRL DIES IN SOUTH

Daughter of City Relief Officer in Vancouver Succumbs to Injuries Sustained in Stanley Park

VANCOUVER, March 10.—Thrown from a horse she was riding in Stanley Park on Wednesday, Miss Margaret Ireland, nineteen-year old daughter of Rev. George Ireland, city relief officer, died this morning from a fractured skull.

PAINKILLER

PERRY DAVIS

FOR
Sprains — Strains — Bruises

For Sprains and Strains, rub with Painkiller every two hours until pain subsides. Keep injured part at rest. Then wrap bandage soaked in Painkiller around affected part; cover with dry cloth. Renew twice daily until well. For Bruises, raise bruised part if possible. Apply first, cloths wrung out in ice-cold water; change often to keep cold. Then wrap with bandage soaked in Painkiller.

DAILY EDITION.  Thursday, March 10, 1927

SITUATION IN CHINA.

That the situation at Shanghai is critical goes without saying. If it is true that the safety of the international settlement now depends primarily on the foreign forces there, it is also true that the safety of the Chinese citizenry will be best assured if the Cantoneses are prompt in capturing the city.

It is believed the foreign troops now in Shanghai are adequate to preserve order in the foreign section but if not there are thousands more approaching on ships a few days distant from the city. Moreover, the Chinese living within the foreign concessions are strongly on the side of peace between the native factions and between China and the outside world. But the foreign troops, including those China-bound, could not hope to maintain peace within the huge native city, nor halt the advance of the nationalist army.

Whether the situation will result in disaster or merely acute tension and minor "incidents" will in large part depend on whether nationalists and foreigners agree to co-operate in the preservation of life and property. The gravest danger is from mutual hatred developed by the intolerable arrogance of the settlement and the arrogant intolerance of the nationalist extremists.

CANADA'S TREMENDOUS PER CAPITA PRODUCTION.

During the past two years, Canadian agriculture, mining, fishing, manufacture and transportation have been experiencing a fundamental prosperity which indicates an insistent world demand for the varied products of Canadian industries, says the Royal Bank of Canada's monthly letter. That a country with a population of less than ten million people should have exported \$1,271,000,000 worth of goods in 1925, and \$1,269,000,000 worth in 1926, implies a tremendous productivity per capita. Canada is now the leader in the production of newsprint, asbestos, nickel, cobalt, and salmon, and furnishes the world's largest exportable wheat supplies. Since Canada also stands second in the per capita number of telephones in use and in the production of automobiles and lumber; third in gold and silver production; seventh in steel production and tenth in that of coal, it is evident that the prevailing prosperity is dependent upon a healthy condition in many industries rather than upon a temporary expansion in some single line.

This rapid development of the natural resources of the country is attracting widespread investment interest and has resulted in the investment of about five and one-half billion dollars from foreign sources. Of this amount, about three billion has come from the United States and two billion from Great Britain. The major items of British investment have been public securities, railway, mortgage, banking and insurance securities, while a large proportion of money from the United States has been invested in mining, forestry and manufacturing. One result of this conservative policy on the part of the British investor has been that he has received a much lower return on his investment than that which has accrued to the investor from the United States, who has been more directly interested in primary production.

In 1925, the products of Canadian mines had a value of two hundred and twenty-five million dollars; in 1926, the value aggregated two hundred and forty-two million dollars—a new record. Besides the important minerals mentioned above, there are also important mines of zinc, talc, feldspar, mica and graphite. Perhaps the most important developments of the past year have been the exploration of twenty oil fields in the West, resulting in the location of a number of large producing wells in Alberta; the discovery of promising deposits of gold in the Red Lake area, and of gold, zinc and copper in the Rouyn area. The construction of a smelter is now under way at Rouyn, and this year, tin and antimony are being refined at Trail. In his annual speech, Sir Herbert Holt, president of The Royal Bank of Canada, said "Although the mineral industry is third in importance in Canada, the greater part of our land area is as yet unprospected and only sufficiently explored as to indicate in a general way its main geological features and prospective mineral wealth. With technical prospecting reaching further and further afield, and utilizing the latest scientific apparatus (in the way of aeroplanes for transportation and electrical methods for prospecting), I feel that the development of the mining industry will be the outstanding feature of the next decade."

MALKIN'S BEST TEA

Superior in Quality and Flavor

Annual Report of District Forester Tells of Timber Industry in This Vicinity

The year 1926 was normal in the Prince Rupert District, says the annual report of R. E. Allen, district forester. A slight advance was shown in saw log scale which was offset by a decrease in the minor forest products, poles and ties, giving a total scale of approximately the same as in 1925.

The Pacific Mills plant at Ocean Falls was the only pulp and paper mill operative. The Swanson Bay (Whalen Pulp and Paper Mills) has not yet been re-opened under the new management and is rapidly deteriorating. There is much talk of the entire dismantling of this plant and rebuilding on a modern scale.

The logging and milling industries throughout the district have suffered from lack of profitable market during the past year. This applies more especially to the lumber industry. There are 20 mills located in the district, of which 13 were operative and 7 were closed all year. There were also 13 portable and semi-portable mills operating spasmodically.

HOW MILLS OPERATED

The Prince Rupert Spruce Mills' large mill at Prince Rupert was destroyed by fire in November 1925, and as yet, has not been rebuilt. The site has been cleared for what is said to be a new mill to be constructed this year by the owners of the Big Bay Lumber Company, which new mill may gradually take over the production of their present mill at Georgetown.

At Port Clements the old Lynch mill was taken over, reconditioned and operated since spring by the Canadian Lumber Yards Ltd. This mill closed at Christmas and as yet there are no indications when it will reopen.

Another closure was that of the Sitka Spruce Mills at Queen Charlotte City, controlled by the Southern Alberta Lumber Co. and which had operated steadily since the spring of 1925.

The Skeena Lumber Co., operating the mill at Usk closed down pending re-adjustment of the company's affairs. While fire destroyed the Canada Products mill near Usk in October.

The Lakelse mill at Ambury, now controlled by Messrs. Little & Watt of Terrace, reopened during the summer for reconditioning and commercial sawing has just recently been started.

REASON FOR DEPRESSION

The principal reason for the depression is over-production of the class and grade of lumber obtainable in this district. A very large percentage of the lumber produced by the mills in this district does not grade above No. 1, common with the result that the operators are forced to compete in price with the mills in the south who more or less stuff this grade for whatever is offered for it, figuring on getting their profits out of the higher grades of which there is a much larger percentage than is obtainable from the timber of this district, especially in the interior. During the past year there has been very little lumber shipped to the eastern market owing to coast competition where water freight rates are much more favorable than rail freight rates, competition being keener on account of slackness in the export business from coast mills. Business with the Canadian prairies has dropped away considerably since about June. There seems to be plenty of competition with very little business offering. Up until about June prices were such that a reasonable profit remained after the heavy freight toll was deducted. Several of the mills in the interior received some good orders from the Canadian National Railway for cedar timbers that were used for cribbing.

In summing up general conditions in the lumber industry in this district during the past year, we find that the mill men had a very hard time, several closing down, others going into liquidation and the few that continued to operate did so under very adverse conditions and, as a result, nobody made any money and most of them lost money. Cost of logs at mill was approximately \$8.00 per thousand, not including stumpage and royalty. On the Queen Charlotte Island common labor was paid 45c per hour while interior mills paid 40c per hour.

HEWN TIMBER

A wholesale reduction of hewn tie contracts has taken place since 1924 in which year 1,100,000 ties were shipped. This was reduced to 800,000 in 1925 and to 544,000 in 1926. Operators were further handicapped on account of weather conditions, lack of snow making the haul difficult. A new feature was the letting of direct contracts of 1000—2000 ties direct to settlers at a price of 5c per tie less than to large contractors. The prices f.o.b. cars in year 1926 were 67c, 57c, and 35c for No. 1, 2 and 3 respectively and 5c less on the settlers' contracts. This year's highest prices are 65c, 55c and 30c respectively. Full contract figures for 1927 are not yet to hand but they will approximate 1925 figures.

Scale of 1,846,135 lineal feet in cedar poles and piling as against 2,584,802 lineal feet for 1925 was recorded. The pole business is reported as fair with prices somewhat lower than last year. Practically all shipments were made by the Hanson Lumber & Timber Company of Smithers. The J. H. Baxter & Co. operated their first camp in Massett Inlet and, to date, have shipped two cargoes of approximately 390,000 lineal feet export to the United States. Further shipments will take place regularly.

BABINE PROVINCIAL FOREST

Two parties were engaged throughout the summer of 1926 in the recently created Babine Provincial Forest. One party was engaged in mapping and tim-

ber cruising. The other was employed in making a soil survey with a view to determining those portions of the area adapted to agriculture as distinct from pure forest land. Much valuable data was obtained and it is proposed to continue the work during the summer of 1927.

A rough reconnaissance was also made of the upper Kitsumkalum Valley and the country drained by the Kitsumkalum River and its tributaries.

PRODUCTION TABLES

Sawlogs, F.B.M.	138,489,615
Poles and piling, lineal feet	1,846,135
Hewn Ties (pieces)	544,823

Poles and piling, lineal ft.	1,916,992
Ties, pieces	251,000
Total estimated revenue from timber sales,	\$220,500.

DEAF SINCE HE WAS CHILD; HEARS

SECRETARY OF LETHBRIDGE SCHOOL BOARD UNABLE TO ACCOUNT FOR "MIRACLE"

LETHBRIDGE, March 9. — Partially deaf since childhood, and greatly handicapped in his work, H. Fleetwood, secretary treasurer of the public school board of this city, has regained his hearing.

Mr. Fleetwood is unable to account for the "miracle" as he characterized it. As a matter of fact, he admitted, he is not seriously trying to discover the cause, for he is too elated in having recovered his auditory powers and is trying to "catch up" with those things of which he has been deprived in the past as a result of his disability.

He can now listen to ordinary conversation, without asking the speaker to shout into an ear phone. It came about very suddenly, according to Mr. Fleetwood. He was walking along with his wife when suddenly he felt an acute irritation in his ears. These sensations came spasmodically and finally the member cleared up and he heard everything going on about him. Medical men are unable to explain the sudden change.

Ten Years Ago in Prince Rupert

MARCH 10, 1917

Mrs. McIntosh, mother of Mrs. W. D. Vance, who has been visiting in the city, has returned to her home in Edmonton.

A. R. Neale has resigned as assistant horticulturist to the department of agriculture and will be leaving Prince Rupert shortly.

A society named the Serbian National Defence League of Prince Rupert has been organized.

M. Albert has returned to Vancouver from Yokohama, having found it impossible to enter Russia at present.

There was a shortage of fish cars yesterday and four boats cleared for Seattle.

Being unable to dispose of 50 tons of herring which he brought to the city yesterday, Alex Smith was obliged to dump them into the harbor.

Bert Pearce, a well known local boy, who saw service in France, returned

for Nervous Headache

Never did a Cup of Coffee taste as good as this...

Such a remark is a tribute to any hostess—but it is deserved when coffee is served with Eagle Brand Condensed Milk instead of cream and sugar.

Eagle Brand improves the finest cup of coffee, gives it a richer "body," a delicious mellow flavor, a tempting golden color. Eagle Brand is pure creamy milk, thoroughly blended with granulated sugar. It is not only more satisfactory in coffee than ordinary cream, or top-milk, and sugar, but more economical, as well. It keeps perfectly in the open tin until used. Your grocer can supply you.

Borden's EAGLE BRAND

CONDENSED MILK

An Eagle Brand Recipe Cocoanut Macaroons

Melt 2 squares of chocolate and mix well with 1 can of Borden's Eagle Brand Condensed Milk. Add slightly over 1/2 pound desiccated coconut, mix thoroughly and add 1 teaspoonful vanilla. Drop on greased pan 1 teaspoonful at a time, about an inch apart. Bake in a moderate oven until nicely browned. This makes 30 macaroons. Omit chocolate for plain macaroons.

Send for Free Recipe Book

Scores of dainty, appetizing dishes which call for milk and sugar can be made better if Eagle Brand is used.

Write Dept. E, The Borden Co., Limited, Vancouver, for free copy of Eagle Brand Recipe Book.

home on the Princess Maquinna last evening.

No man is old until he needs a shave about half the time.

NAVIGABLE WATER PROTECTION ACT.

R.S.C. CHAPTER 115.
MASSETT CANNERS LIMITED hereby give notice that it has, under Section Seven of said Act, deposited with the Minister of Public Works at Ottawa, and at the office of the District Registrar of the Land Registry District of Prince Rupert, at Prince Rupert, B.C., a description of the site and plans of the wharf and pier proposed to be built on the Massett Indian Reserve, Number One, on Graham Island, Province of British Columbia.

AND take notice that after the expiration of one month from date of the first publication of this notice, Massett Canners Limited will, under Section Seven of said Act, apply to the Minister of Public Works at his office in the City of Ottawa, for approval of site and plans, and for leave to construct said wharf and pier.

DATED at Prince Rupert this 26th day of February, 1927.
MASSETT CANNERS, LIMITED.
By its Solicitors,
Williams, Manson & Gonzales

NOTICE

Under and by virtue of the provisions of Section 28 of the "Mineral Act" notice is hereby given Messrs. Malcolm Smyth, Edmund Langis, Harold Hansen and Albert Moore, that there is owing to the undersigned for Assessment Work performed on the Cordillera Group of Mineral Claims, Princess Royal Island, Skeena Mining Division, the sum of \$393.88, and that unless said persons pay their proportionate share of the cost of such Assessment, together with all costs of advertising, etc., to the undersigned, at Butedale, B.C., on or before May 12, 1927, application will be made to the Gold Commissioner, Prince Rupert, B.C., to have their respective interests in the herein mentioned Mining Group of Mineral Claims vested in the undersigned.

DAVID CORDILLA,
JACOB KOSKI.

LAND ACT

NOTICE OF INTENTION TO APPLY TO LEASE LAND

In Prince Rupert Land Recording District, and situate at Huston Inlet, Queen Charlotte Islands.
TAKE NOTICE that Robert M. Currie, of Vancouver, B.C., occupation fish packer, intends to apply for a lease of the following described land:—
Commencing at a post planted at northeast corner about 1,000 feet westerly from miners' cabins at head of Huston Inlet; thence westerly 20 chains; thence southerly about 12 chains; thence easterly 20 chains; thence northerly about 12 chains, and containing 24 acres, more or less.

ROBERT M. CURRIE,
Applicant.

LAND ACT

Skeena Land District, District of Queen Charlotte Islands.
TAKE NOTICE that sixty days after date, I intend to apply to the Chief Commissioner of Lands for a licence to prospect for coal and petroleum over 640 acres of land bounded as follows:—
Commencing at a post planted at the southwest corner of Section 36, Township 3, Graham Island, and marked "A.J.G.'s southwest corner"; thence east 80 chains; thence north 80 chains; thence west 80 chains; thence south 80 chains to point of commencement, being Section 36, Township 3, Graham Island, B.C.
A. J. GORDON,
Locator.

Dated December 17, 1926.

LAND ACT

NOTICE OF INTENTION TO APPLY TO LEASE LAND

In Prince Rupert Land Recording District of Prince Rupert, and situate on the north shore of Crescent Inlet, Moreby Island, Queen Charlotte Islands, in the Province of British Columbia, and being about one and a half miles from the head of the Inlet.

TAKE NOTICE that James Field, of Prince Rupert, B.C., occupation Marine Broker, intends to apply for a lease of the following described lands:—
Commencing at a post planted on the north shore of Crescent Inlet, about one and a half miles from the head of the Inlet; thence northwesterly 20 chains; thence southwesterly 20 chains; thence southeasterly 20 chains; thence northeasterly 20 chains, and containing forty (40) acres, more or less.

JAMES FIELD,
Applicant.

MINERAL ACT

CERTIFICATE OF IMPROVEMENTS NOTICE

Juanita, Arroyo, Granby, Alamo, Rodeo, Pinto, Wann Fractional No. 2, and Monte Fractional Mineral Claims, situate in the Atlin Mining Division of Cassiar District, Where located:—On Wann River, Taku Arm of Tagish Lake.
TAKE NOTICE that I, Charles V. Bob, Free Miner's Certificate No. 85788, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 86, must be commenced before the issue of such Certificate of Improvements.

Dated this 1st day of January, A.D. 1927.
H. MCN. FRASER, Agent.

LAND ACT

NOTICE OF INTENTION TO APPLY TO PURCHASE LAND

TAKE NOTICE THAT I, Arthur Robertson, Massett, B.C., occupation Millman, intend to apply for permission to purchase the following described land:—
Commencing at northeast corner of Lot 1965, Q.C.I. District; thence south fifty chains; thence east forty chains; thence north to shore; thence following highwater mark to point of commencement, containing one hundred acres, more or less.
Located this 30th day of December, 1926.

THE LABEL IS RED AND WHITE

Its Uniformity Makes it Good For Baby!

ONE of the great advantages of Carnation Milk as a baby food is that its goodness never varies. No matter where you buy it or when you use it, baby's delicate digestion is never upset by a change in quality or purity.

Another advantage Carnation offers—the Carnation process of "homogenization" breaks up the fat globules and makes Carnation very easy to digest.

All the food value of milk is in Carnation, for Carnation is just pure, fresh milk evaporated to double richness and kept safe by sterilization. Consult your physician regarding a feeding formula for your baby. Also write us for baby feeding chart. Order several tins or a case of 48 tins from your grocer.

CARNATION CARAMEL TAPIOCA—One-third cup tapioca, 2 cups Carnation Milk diluted with 2 cups water, 2 small eggs, few grains salt, 1 cup light brown sugar, 1 cup broken nut meats. Add tapioca, salt and sugar to hot diluted milk. Cook in double boiler for 25 minutes or until tapioca is transparent. Beat eggs thoroughly and add slowly to tapioca, cooking for two minutes longer. Finally add nuts. Chill and serve with whipped cream. This serves eight.

Send for a free copy of Mary Blake's Cook Book. Address Carnation Milk Products Company, Limited, Aylmer, Ontario.

FAMOUS HOME BEING RAZED

NAZIMOVA'S PALACE IN HOLLYWOOD TO MAKE WAY FOR MOST EXCLUSIVE HOTEL IN AMERICA

HOLLYWOOD, Cal., March 10.—Movie town's most famous landmark is about to be wiped out. It is the beautiful estate of Alla Nazimova, once the most famous of cinema vampires.

The cry of gold was heard by the great actress and she responded by disposing of her entire estate, except a small plot of ground on which the garage stood. The garage, which once housed only her numerous cars and servants, has been remodelled into a home for herself, with a portion still reserved for the automobiles.

Hollywood business men have commercialized this former rendezvous of celebrities from all parts of the world. The house has been demolished and the groves of rare trees and tropical plants set out by Nazimova have been uprooted.

In their place will spring the most exclusive hotel in America. Costing nearly two million dollars, the hostelry will accommodate not more than 200 guests.

GARDEN OF ALLA

"The Garden of Alla"—Nazimova stipulated that this name should be used when she signed the ninety-nine-year lease—will soon become a rendezvous of millionaires. Work already has commenced and present plans call for an opening sometime this summer.

The entire three-acre estate has been transformed into a tiny city having the appearance of a residence section of Old Madrid. Twenty-five individual villas of Spanish design will surround a large administration building.

Sponsors of the magnificent garden estimate that at least a \$100,000 annual income will be necessary if one is to occupy one of their lavish suites or bungalows. Rent alone will range from \$1,500 to \$5,000 monthly. About one-third of the villas probably will be rented to motion picture folk on yearly leases.

BOWSER URGED TO RUN IN VICTORIA

TORIES GETTING TIRED OF WAITING FOR DR. TOLMIE MAY YET CALL UPON "OLD CHIEF"

VICTORIA, March 10.—Consistent with rumors that have been going that the Conservatives of British Columbia, impatient with Dr. Tolmie, who does not seem inclined to leave his present post at Ottawa, may yet call upon the "old chief" to be their leader again, a petition has for some days past been circulated throughout the various Conservative ward organizations of the city urging W. J. Bowser, former provincial Conservative leader, to consent to his nomination as a candidate for the City of Victoria in the next provincial election.

This petition, which is largely signed, will be presented to Mr. Bowser on his return from California.

BIGGEST BOOK FOUND IN BRITISH MUSEUM

Volume Which Was Presented to Charles II. in 1660 Measures 5 Feet by 3 Feet

LONDON, March 10.—While the smallest books in the world, the Bijou and London Almanack—some of which could be covered with a postage stamp—were being sold at auction the other day, the world's biggest book was being acquired for the British Museum.

This is a huge tome five feet, ten inches high by three feet two inches across. It was wheeled out on a trolley for inspection.

The reader found it to be a volume of maps presented to Charles II. by merchants at Amsterdam in 1660.

The binding is morocco, four skins being used for each panel. It is decorated in gold figures of harps, roses and crowns, with huge bosses and clasps.

WILKINS PLANS HOP OFF IN FEW DAYS

Plane Alaskan Has About Completed Haul in Preparation for Flight Over Arctic Ocean

FAIRBANKS, Alaska, March 10.—Capt. George H. Wilkins announces that he contemplates a take off about the middle of next week for Point Barrow with his entire personnel with the exception of one radio operator who will be stationed here to receive and transmit dispatches regarding the expedition.

Overhauling of the plane Alaskan is about finished. She has new wings and other fuselage replacing the parts damaged in the smashup last spring. This work was rushed while awaiting the arrival of the two Stinson planes aboard the steamer Northwestern, so as to permit unhindered progress assembling them.

CENTENARIAN DIES EDMONTON DISTRICT

William McLeman Passed Away Yesterday at Age of 106

EDMONTON, March 10.—William McLeman, who farmed for thirty years in the Stagg-on District, died yesterday, aged 106.

A man's best friends

Even a woman can understand a man getting pally with a good gun and a good dog. But it takes a man to understand the chumminess of good tobacco. That's why red-blooded fellows fall in love with Ogden's and so put one over on old Euclid by learning that three makes one—happy.

DR. J. F. MAGUIRES NEW OFFICES

OLD TIME DENTIST RETURNS TO CITY AFTER TAKING POST GRADUATE COURSES IN SOUTH FOR TWO YEARS

Dr. J. F. Maguire, Prince Rupert's old time dentist, has returned to the city and is opening offices in the Alder Block, over Ormes'. Dr. Maguire has been taking post graduate courses in Portland, Ore., during the past two years and is bringing the latest equipment and appliances known to dentistry.

The quality of Dr. Maguire's work in previous years won for him the confidence of the public then and he hopes to merit it no less now.

The new offices will be ready for business within the next few days, where appointments may be made for dental service. Remember the address, the Alder Block, over Ormes'. Adv.

Mr. and Mrs. P. W. Baldwin and family, who arrived in the city yesterday from Vancouver, will return south tomorrow morning.

If a man's face is his fortune some of us are in debt.

CELEBRATION GETS SUPPORT

MANY ORGANIZATIONS TURN OUT TO ASSIST NATIVE SONS IN OBSERVING SIXTIETH ANNIVERSARY OF CONFEDERATION

That the celebration of the sixtieth anniversary of confederation is to receive general support was indicated at the preliminary organization meeting called for last night when delegates from many local organizations were present and expressed their willingness to co-operate. The meeting was called by the Native Sons of Canada and George Johnstone occupied the chair, H. M. Daggett acting as secretary.

A. J. Prudhomme was named permanent chairman of the joint celebration committee with S. D. Macdonald, vice-chairman; H. A. Breen, secretary, and D. C. Paterson, treasurer. Those officers will appoint chairmen of various committees who, in turn, will strike the membership of the committees. Another meeting will be held two weeks hence.

The following have been named delegates from various organizations of the city to the central committee, the most of them having been present at the meeting last night:

LIST OF DELEGATES

Native Sons of Canada—George Johnstone, A. J. Prudhomme, Ald. M. M. Stephens, Harry Love, P. W. Anderson, Ald. W. J. Greer, T. J. M. Fortune, J. M. Morrison, H. M. Daggett, L. J. Dell, H. A. Breen and Jarvis McLeod.

Women's Canadian Club—Mrs. Norman A. Watt and Mrs. S. P. McMorris, City Council—Mayor S. M. Newton and Ald. M. M. Stephens.

Canadian Club—W. S. Fisher, Government Agent—Norman A. Watt, Board of Trade—W. O. Fulton, Gyro Club—L. W. Waugh and G. R. Tite.

Rotary Club—H. B. Rochester and D. C. Paterson.

Trades and Labor Council—S. D. Macdonald.

Pioneers' Association—F. Wesch and P. W. Anderson.

Canadian Legion—S. A. Bird and C. L. Youngman.

St. Andrew's Society—J. S. Irvine and Howard Steen.

St. George's Society—A. W. Edge and F. J. Fuller.

Lodge Valhalla—Ald. Oscar Larsen, Moose Lodge—Jack Judge, Elks—W. E. Williscroft.

Knights of Pythias—M. L. Stepp and H. M. Blake.

Oddfellows—W. A. McLean.

Knights of Columbus—J. J. Gillis, Imperial Order, Daughters of the Empire—Mrs. Sheldford Darton and Mrs. John Manson.

Loyal Orange Lodge—W. F. Cameron, School Board—H. B. Rochester.

School principals—Miss S. A. Mills, D. H. Hartness and Thomas Peddie.

Retail Merchants' Association—W. Watt, Bert Morgan and L. M. Fuller.

Canadian National Railways—W. H. Tobey and A. Haines.

Pythian Sisters—Mrs. C. J. Stevens and Mrs. John Bulger.

Rebekah Lodge—Miss E. M. Earle and Mrs. Alex McNeill.

Ladies of the Royal Purple—Mrs. H. F. Glassey.

Ladies' Orange Benevolent Association—Mrs. J. Munro and Mrs. George Leck.

Catholic Women's Legion—Mrs. J. L. Hilditch.

YOUNG PERFORMERS IN RECITAL BEFORE LADIES' MUSIC CLUB

Junior musical students of the city acquitted themselves creditably in a recital yesterday afternoon at the home of Mrs. A. T. Parkin, 844 Borden Street, before the Ladies' Music Club. There were many interesting numbers on the program which was arranged by Mrs. Parkin and which was much appreciated by the ladies.

The program was as follows:

"O Canada."

"Director's Choice" (J. G. Liddicoat).

"Hungarian Melody" (Keller Bela).

Prof. Pryce's Juvenile Orchestra, Miss Molly Lawrence accompanying.

Piano solo, "Varsovia" (Vannasse), Miss Anita Lipsin.

Violin solo, "Blue Bells of Scotland" (Henry Farmer), Miss Nellie Lawrence, accompanied by Prof. Pryce.

Piano solo, "Sonatina Opus 20 No. 1" (Dusseck), Miss Jean Ritchie.

Piano solo, "Doll Dance" (Mercadante), Miss Ruth Nelson.

Violin solo, "Mandolinata" (Albert Prinz), Miss Audrey Parkin, accompanied by Miss Ewana Olafson.

Piano solo, "Blue Fairy" (Paldi), Miss Elizabeth Pitt.

Violin solo, "Romance" (Rose Eversole), Miss Bernice Ross, accompanied by Prof. Pryce.

"God Save the King."

During the course of the afternoon, Mrs. E. W. Marentette read a paper on "The Value of Musical Education."

Mrs. Parkin, in a brief speech, emphasized the fact to the students that Canada's anthem was "O Canada," but that the national anthem of Canada was "God Save the King." Those assisting Mrs. Parkin were Mrs. Marentette, Mrs. Walker and Miss Lenox.

STEWART

Development work on the Albany property during the past winter has disclosed a vein of ore which it was not known previously existed and which carries values of \$24.86 to the ton.

BRINGING UP FATHER

Work is to be continued with an increased crew of men. It is the intention to install a compressor and air drills and, eventually, a power plant.

Jack Coughlan, who has been manager of the establishment for the past three years, has purchased J. P. Hawkins' restaurant here.

S. P. Fitzgerald, president of the Independence Mining Co., returned here last week from Victoria.

The newly formed Woodbine Gold Mining Co. has taken over the Woodbine and Vancouver groups on Cascade Creek opposite the Premier and will carry out extensive development work thereon. The Woodbine numbers as its directors J. B. Watson, Vancouver, president; W. A. Tuck, Victoria, vice-president; R. W. Mayhew, Victoria; E. G. Brown, H. Boardman, Vancouver; A. C. Russell, Calgary, and Dr. George W. Fletcher, Winnipeg.

A new tunnel, two hundred feet below the old workings, is being driven on the Independence. This week, the compressor was moved down and a double crew put to work. The main tunnel has been driven a distance of six hundred feet.

ALICE ARM

After a cessation for the past few months, mining has been resumed on the Wolf mine, on the hill near town.

Alice Arm is developing as a farming centre. J. Saur, who operates a ranch on the Kitsault flats, has imported two oxen, two cows and pigs.

Word has been received that S. Morrison, brother of Jock Morrison, has been married in Scotland whence he left a few months ago.

Miss B. Crawford, who left a year and a half ago for Prince Rupert, has returned to Alice Arm.

Nineteen days Mr. Bayley was on the trail, with his faithful dogs as sole companions. It was a gruelling test and part of the drive was made in blinding blizzards and extreme cold.

Before daybreak each day, he and his five huskies were on the trail travelling till daylight when he pitched camp. Trail rations, solid and easy to carry, were Mr. Bayley's food, while fish was caught for the dogs. The northern "musher" did not stay long in civilization. He disposed of his furs and after purchasing a few necessities for his distant camp, departed for The Pas, and is now racing for his outpost, which is about 180 miles from the Hudson Bay and 60 miles east of the Shamattawa river.

At least that is the conclusion reached by authorities who report the third Charleston accident in as many weeks. The latest victim was displaying the intricacies of the dance at a party when she slipped and—well, she woke up in the hospital. An x-ray showed she has sustained a complex fracture of the right leg.

Winnipeg, March 10.—Despite the apparent popularity of "Black Bottom" and other new dance crazes in the larger cities on the continent, devotees of the terpsichorean art in St. Boniface, Man., remain loyal to the Charleston.

Winnipeg, March 10.—Despite the apparent popularity of "Black Bottom" and other new dance crazes in the larger cities on the continent, devotees of the terpsichorean art in St. Boniface, Man., remain loyal to the Charleston.

At least that is the conclusion reached by authorities who report the third Charleston accident in as many weeks. The latest victim was displaying the intricacies of the dance at a party when she slipped and—well, she woke up in the hospital. An x-ray showed she has sustained a complex fracture of the right leg.

LONG DISTANCE RECORD FOR "MUSHING" CLAIMED

Karl Bayley of Northern Manitoba Travels 600 Miles With Catch of Furs

WINNIPEG, March 10.—A long distance "mushing record" has been set for Manitoba this season by Karl Bayley, a fur trader of the North country, who recently arrived in Winnipeg with a catch of furs.

Over a trail of six hundred miles, the trapper wended his way across the snow covered country from Sturgeon river to the Hudson Bay railway. He finished the last leg of his trip to Winnipeg by train, leaving his dogs at The Pas, Manitoba.

Nineteen days Mr. Bayley was on the trail, with his faithful dogs as sole companions. It was a gruelling test and part of the drive was made in blinding blizzards and extreme cold. Before daybreak each day, he and his five huskies were on the trail travelling till daylight when he pitched camp. Trail rations, solid and easy to carry, were Mr. Bayley's food, while fish was caught for the dogs. The northern "musher" did not stay long in civilization. He disposed of his furs and after purchasing a few necessities for his distant camp, departed for The Pas, and is now racing for his outpost, which is about 180 miles from the Hudson Bay and 60 miles east of the Shamattawa river.

At least that is the conclusion reached by authorities who report the third Charleston accident in as many weeks. The latest victim was displaying the intricacies of the dance at a party when she slipped and—well, she woke up in the hospital. An x-ray showed she has sustained a complex fracture of the right leg.

Alberta capital city, their act being a picturesque patrol the "Marche Militaire," one of the outstanding acts of the production. Present and former members of the team will participate in the revue which is being held from tonight until the end of the week at the New Empire Theatre.

A number of players in the prairie professional hockey loop are likely to be missing when the teams line up for renewal of hostilities next fall. Scouts from the various clubs of the National hockey league and the Central American league, have been looking over the material performing in those parts and tempting offers are reported to have been made to several players. Lloyd Turner, manager of the Minneapolis Millers, and formerly owner of the Calgary Tigers, is known to be after the services of Harry Cameron of the Saskatoon "Blacks" while he is also said to be angling for either Connor or Stevens of the same club. Turner is coming to the prairies for the championship play-off series and will size up the teams in the hope of landing some reserve players to bolster up his American league entry. High bids are also known to have been made for Galt and Headley, Calgary defence players and inquiries have been made by Eastern interests for "Spunk" Sparrow, Tiger centre, who has been one of the outstanding stars of the league this season.

A big sporting event will be held at Anyox Beach gymnasium on March 25, under the auspices of the B.P.O. Elks. Dick Stubbs, the well known Anyox wrestler will come to grips with J. M. Brown, New Westminster, who is coming north for the occasion. Brown held the 145 lb. championship for two years, 1923-24, and retired on account of a bruised collar bone. The record of both men is well known. Battling Gurvich of Prince Rupert will box J. O. Kirk of Anyox. These boys are in the 150 lb. class. Billy Reynolds and Jack Barnes, 135 lbs. will also box. A special 18 ft. ring will be built and a new wrestling mat provided. Everything will be in Tex Rickard style.

OPTION IS TAKEN ON LAROSE MINE

LONDON INCORPORATION INVOLVED IN DEAL OF PROMISING ALICE ARM PROPERTY

An option has been taken on the LaRose Mine by G. R. Bancroft and associates, says the Alice Arm Herald. The price is in excess of \$175,000. An examination will be made as soon as possible, and if satisfactory the option will be taken up and development of the mine on a big scale will be undertaken. It is understood that Mr. Bancroft represents London capital, and ample funds are available for any program of development and equipment that the mine warrants.

Mr. Bancroft recently successfully negotiated a deal whereby the Sebake, a subsidiary of the Selukwe corporation of London, took over the National Silver mines at Stewart. He had charge of the work there which resulted in striking the ore body. He formerly represented the Tonopah Mining Co. of Nevada in Canada, and had charge of the work on the Mandy mine, which is at the Pas, Manitoba.

The La Rose is counted among the most promising properties in the Alice Arm district. It consists of four claims and is owned by the LaRose Mining Co. whose head office is in Prince Rupert. It is situated in the Kitsault Valley and is less than two miles from the Dolly Varden Railway.

BIG TONNAGE
Several shipments of ore have been made, and development work done in the last two years has proven that the mine contains much high grade ready for mining. In addition to a big tonnage of milling ore.

A few years ago a shipment of twenty-two tons was made, which gave returns of nearly 300 ozs. silver per ton. Last year a shipment of forty tons of ore was made, which yielded 177 ozs. silver and \$435 per ton.

Considerable underground work has been done. A good sled road provides transportation to the Dolly Varden Railway, and with active development work it should not be long before it becomes a steady producer.

STIMULATE MINING
The operation of the LaRose to capacity will stimulate mining in the district.

PACIFIC GREAT EASTERN RAILWAY COMPANY

TENDER
Sealed Tenders endorsed "Tender for Steamers" will be received by the undersigned up to noon Thursday, March 31, 1927, at the offices of the Company, 579 Dunsinuir Street, Vancouver, B.C., for the purchase of the hulls, machinery and equipment of the two steamers "Operator" and "Conveyor," lying on the south side of the Nechako River at Prince George. Offers should be for the vessels as they stand, complete. To arrange for inspection, communicate with Mr. A. A. Belbeck, Prince George, B.C. The lowest or any tender not necessarily accepted.

INDIGESTION Gas on Stomach Caused Severe Pains

Mrs. C. F. Wheeler, R.R. No. 1, Glen Ewen, Sask., writes: "For years my eldest son suffered from severe pains and agony from imperfect digestion. He dieted and used artificial digestants, but all to no avail. At last I got him a bottle of

and he had not taken the whole bottle before he was greatly relieved. The severe stomach attacks ceased, there was no more gas on the stomach, and he could eat anything he wished."

GYROS DISCUSS PLANS FOR YEAR

THREE PROJECTS WERE PLACED BEFORE SERVICE CLUB AT BUSINESS MEETING YESTERDAY AFTERNOON

The Gyro Club, at its regular monthly business meeting yesterday afternoon, discussed plans for its public service activities during the coming year. Three suggestions were put before the club: first, the construction of an athletic field on park property on Ninth Avenue West; second, the putting in of another playground on Summit Avenue, near Taylor Street; and third, the damming of Morse Creek so that a permanent skating rink might be established there. These matters were talked over at some length and it was finally decided to have the playground committee report on each at the next business meeting of the club in April when it is possible some action may be taken.

It was generally felt that the Ninth Avenue athletic field would be too big a proposition for the club to undertake on its own and, if it is decided to support it, assistance will probably be sought from the city council or other interested bodies. The club has so far largely devoted its efforts to the installation of playgrounds and, if it is decided to put in one on Summit, it will be the fourth that has been provided by the Gyros.

President E. A. Mann occupied the chair at the meeting during which W. Watt was initiated and Morris Blott elected to membership. Leo Waugh and George R. Tie were named to the committee that is being organized by the Native Sons of Canada in connection with the celebration of the Sixtieth Anniversary of confederation on July 1.

FAULTY IGNITION CHIEF CAUSE OF AUTO TROUBLE

VANCOUVER, March 10.—Figures just received by the service bureau of the Automobile Club of British Columbia from an affiliated organization show that over a three year period, where club towing services were required, 22.5 per cent of the trouble was caused by faulty ignition, while the next worst offender in this respect was rear axles.

The reliability of these statistics is emphasized by the bureau finds, by the fact that a complete record of every free towing case was kept for the years 1924, 1925, and 1926, with an almost negligible amount of variation in the percentage of trouble from the different units of the cars assisted.

Accidents were third in the favor of the "Grief" demon, with 12.2 per cent, the report shows, while wheels and suspension, and the steering assembly were next in the order named, with 6.4 and 6.3 per cent respectively. Other causes run from 5.8 which was carburetion, down to .5 per cent, caused by brakes that refused to function.

They say that hand painted knees are coming into style for the ladies. We'll bet there will be many an old joint that no one will ever recognize.

WHITE SLAVERY STILL RAMPANT

WHOLESALE TRAFFIC IN NARCOTICS IS ALSO REVEALED BY LEAGUE OF NATIONS

LONDON, March 10.—World-wide smuggling in drugs and the increase in the white slave traffic, both of which have reached alarming proportions, are being discussed at the meeting of the League of Nations, now in session at Geneva.

A sensational report on the immense illicit trade in narcotic drugs has been published by the league, while documentary evidence concerning the white slave traffic is expected to be revealed in a few days.

The report on drugs mentions transactions involving more than 65 tons of raw opium, 220 pounds of heroin, 638 pounds of morphine and 39 pounds of cocaine. In this connection an inquiry is still proceeding, which has revealed a diversion of 1,650 pounds of drugs through one channel alone.

WORLD DRUG TRAFFIC
From the German police comes a report that during the last few weeks they discovered the existence of an organization of international smugglers, whose traffic in drugs extends all over the world.

In India, the illicit traffic in cocaine is forty times as great as the legitimate import, while Egypt, where no drugs are produced, is rapidly becoming a land of drug addicts, and the league's report warns the nation that disaster is inevitable unless the trade is stopped.

Another startling disclosure is the fact that within the space of one month Egyptian maritime customs officials seized 37 pounds of morphine and 583 pounds of heroin.

WHITE SLAVE TRAFFIC
The white slave report reveals that the main direction of the traffic in girls is from certain European countries to Latin America and Egypt. Owing to passport restrictions, illicit marriages are now part of the game, and these insure continuance of the traffic, which is organized and run by both men and women.

New measures of stamping out these deplorable conditions will be considered by league officials, and in this connection it is proposed to demand greater vigilance at the ports and to devise means by which the girls can be informed that their marriages are not legal before they are lured abroad.

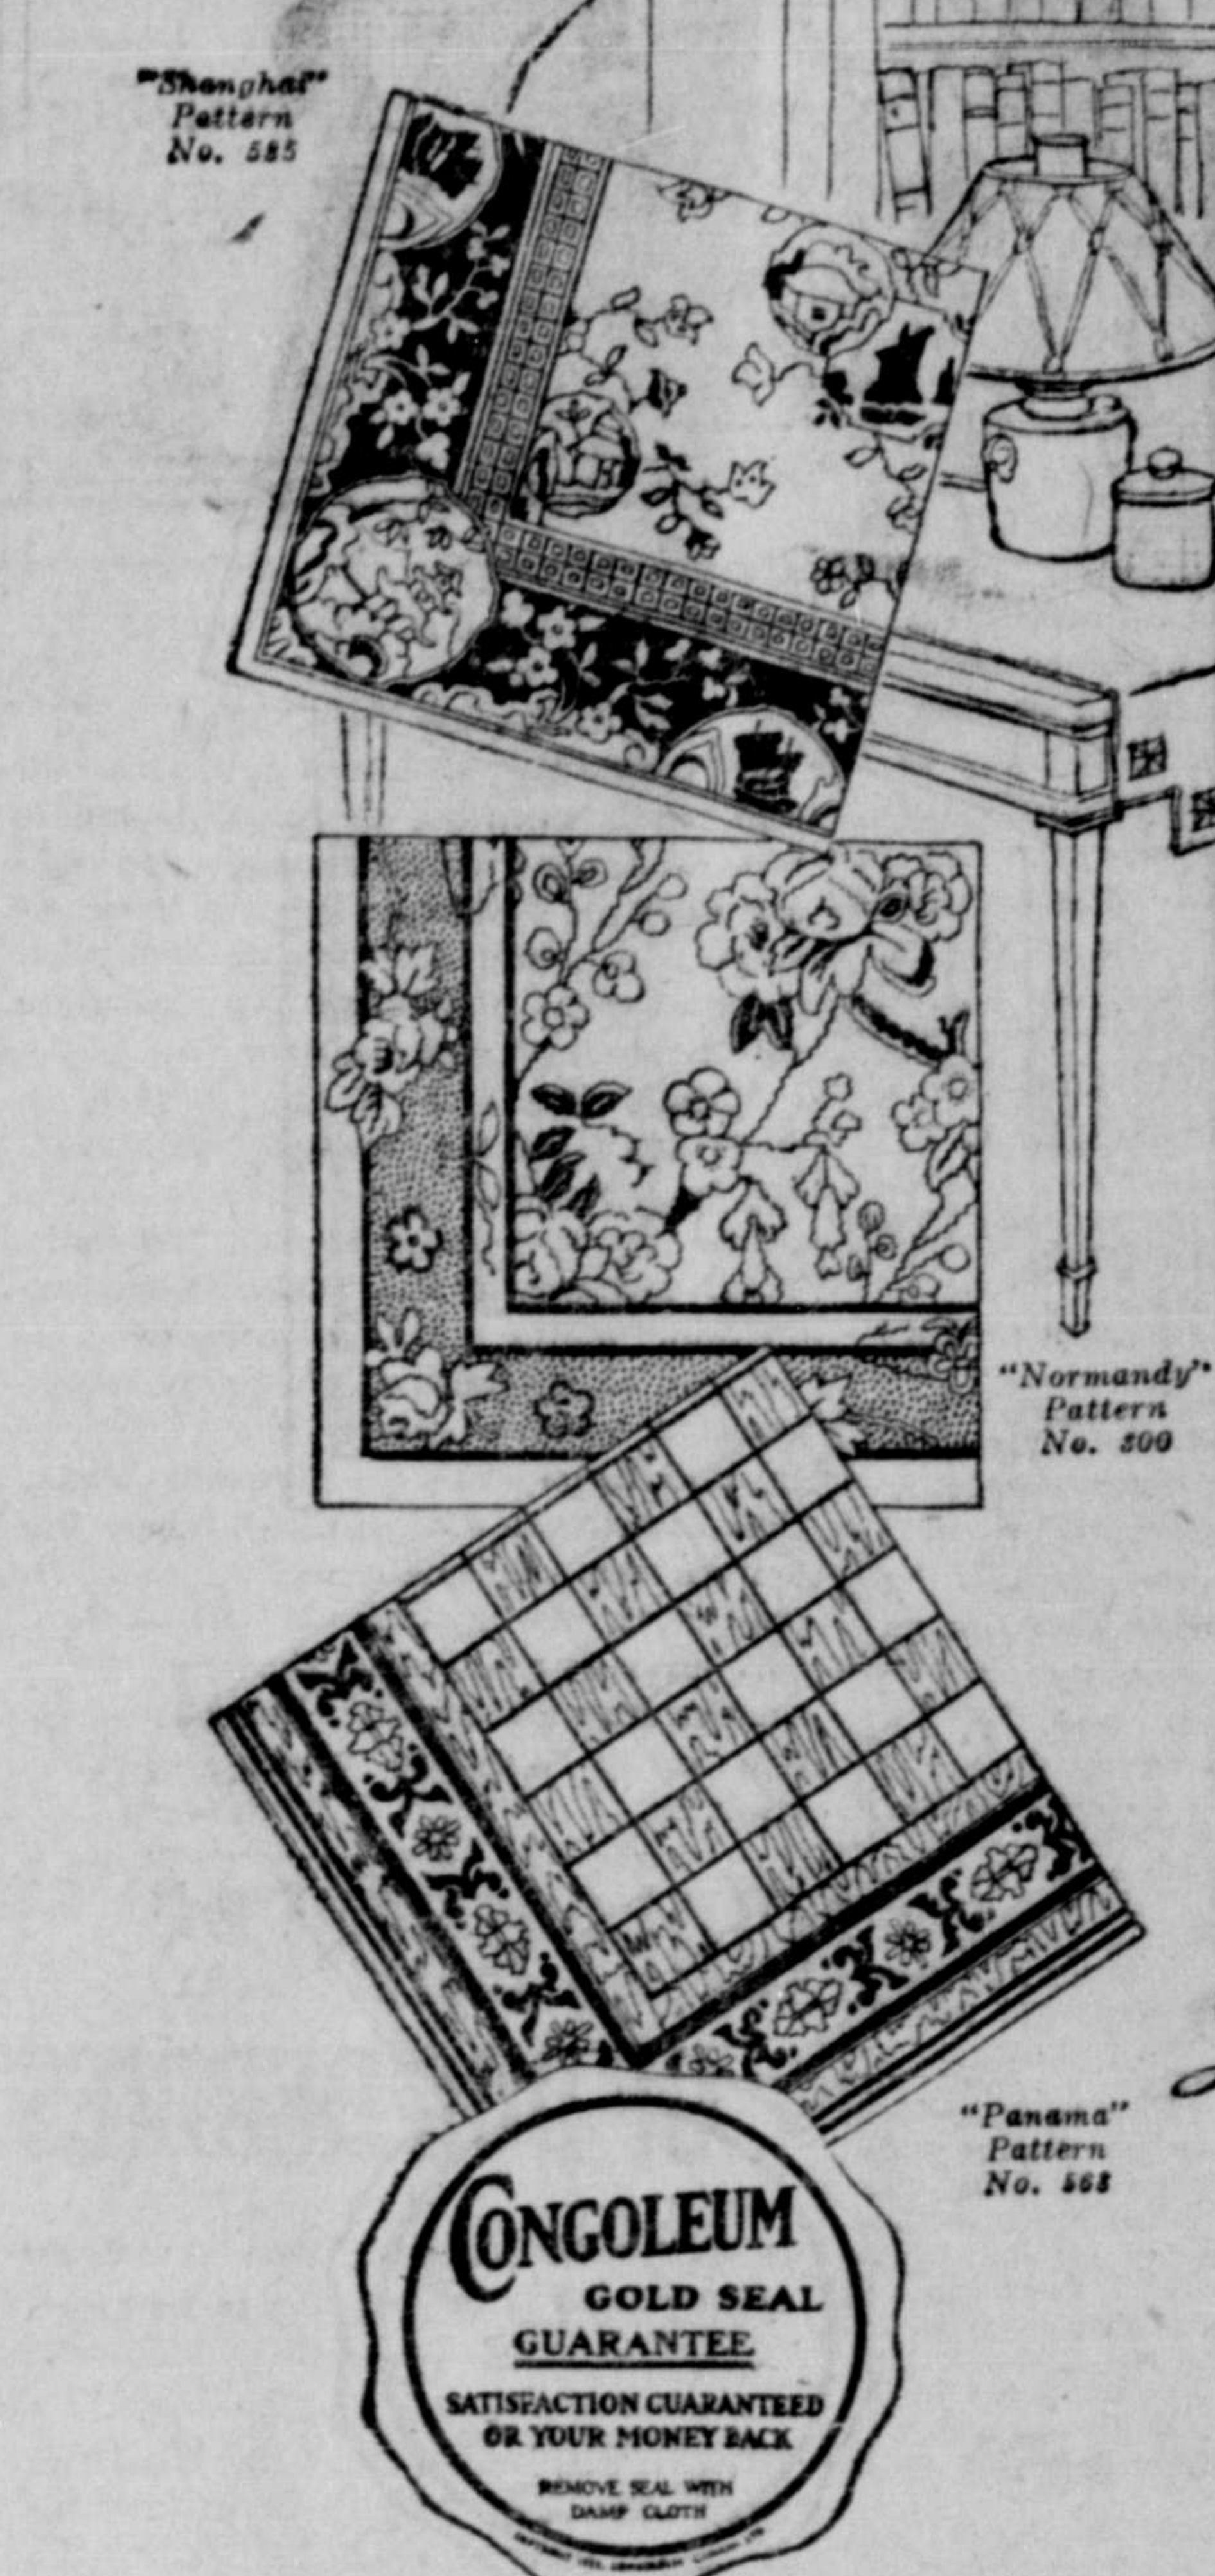

The foreign secretary, Sir Austen Chamberlain, accompanied by his wife and several foreign office secretaries, are in Geneva for the meeting of the council.

Have Your Eyes Examined

Poor eyes and poor glasses are a pitiful combination. Good glasses will make good eyes of poor eyes.

If your present glasses do not suit your eyes for any reason, you are criminally negligent of your future if you do not secure the proper glasses at once.

NEED AIRPLANES ON FISH PATROL

MORE PERMANENT OFFICERS FOR PATROL WORK ARE ALSO REQUIRED STATES MAJOR MOTHERWELL

VANCOUVER, March 10.—"The fisheries service requires more permanent officers for patrol work," states Major J. A. Motherwell, chief inspector, in summing up the activities of the department for 1926. "Some of the districts at present are so large and the operations conducted therein so intensive as to make it impossible for the present staff to give them the necessary close attention."

"Efforts looking to conservation must keep pace with increased intensive fishing, and unless the administration in B.C. can be provided with the necessary facilities in the way of air service and efficient patrol boats, it is going to be impossible to conserve sea products."

Major Motherwell states that the use of airplanes in patrol of the fisheries greatly facilitate the work, at the same time making possible a more thorough

IN THE SUPREME COURT OF BRITISH COLUMBIA.

Re PRINCE RUPERT HYDRO-ELECTRIC COMPANY LIMITED

SALE BY ORDER OF THE COURT

TAKE NOTICE that pursuant to the order of Mr. Justice D. A. McDonald dated the 18th day of February, 1927, in a bondholders' action instituted in the Supreme Court of British Columbia between The Royal Trust Company and Prince Rupert Hydro-Electric Company Limited and others, being R1602/1916, brought to enforce the trusts of an indenture dated the 30th day of June, 1911, tenders are invited by George Edward Winter the Receiver appointed by order of this Court dated the 15th day of September, 1916, and the decree in the said action dated the 21st day of November, 1916, for the purchase of all the remaining properties and assets of the said Company. The said properties are described as follows:

1. That certain parcel of land and premises situated in the Province of British Columbia more particularly described as Lot 635, Range 5, Coast District, containing 160 acres more or less. That certain parcel of land and premises situated in the Province of British Columbia more particularly described as Lot 1386, Range 5, Coast District, containing 37 81/100 acres more or less, excepting thereout a strip of land one chain in width measured from high water mark.

2. That certain parcel of land and premises situated in the Coast District Province of British Columbia and more particularly described as Lot 695, Range 5, containing 32 50/100 acres more or less.

3. That certain parcel of land and premises situated in the Coast District Province of British Columbia and more particularly described as Lot 695, Range 5, containing 32 50/100 acres more or less. The Receiver is informed that the above lands parcels 1, 2 and 3 were selected by the engineers of the Prince Rupert Hydro-Electric Company Limited as being suitable sites for the construction of water power plants.

Tenders may be made for all the said parcels together or for one or more separately. Particulars and conditions of sale may be had upon application at the office of Messrs. Riddell, Stead, Hodges & Winter, Bank of Nova Scotia Building, Vancouver, or at the office of the undersigned.

DATED the 2nd day of March, 1927.
WILSON, WHEELER & SYMES,
Solicitors for the Plaintiff,

NAVIGABLE WATERS PROTECTION ACT.

R.S.C. CHAPTER 115

William J. Crawford hereby gives notice he has, under Section 7 of the said Act, deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of the Land Registry District of Prince Rupert at Prince Rupert, B.C., a description of the site and the plans of what proposed to be built in the Portland Canal on Lot 4607, District of Cassiar.

And take notice that after the expiration of one month from the date of publication of this notice William J. Crawford will under Section 7 of the said Act, apply to the Minister of Public Works at his office in the city of Ottawa for approval of the site and plans, and for leave to construct the said wharf.

Dated at Stewart, B.C., this 3rd day of March, 1927.
W. J. CRAWFORD.

survey of activities than can be carried on with boats.

AIRPLANES ESSENTIAL

In checking poaching, he states, the airplane is essential, as boats fishing in restricted areas cannot escape the officer when he suddenly appears from the skies. In many sections of the coast it is utterly impossible to maintain patrols by boats, he declares.

"Unless this arm of the service is made available for future seasons it will be absolutely imperative to restrict the operations of the fishermen as to seriously affect the cost of production," states the chief inspector.

Major Motherwell recommends reduction of salmon purse seine licences. In 1912 ninety-two were issued, and in 1926 there were 445 granted. These operators can use small boats, and by fishing in the mouths of the streams they take so many fish that the future sources may be greatly reduced, salmon not being able to reach spawning grounds.

GIRLS WINNERS OF DOG DERBIES

MUSHERS OF FUTURE MAY HAVE TO LOOK TO LAURELS IF THIS KEEPS UP

WINNIPEG, March 10.—(By Canadian Press)—The dog "mushers" of the future must look to their laurels if the young girls of Winnipeg pursue their hobbies in later life.

For four successive years a young maid has shown the way to ambitious boys, who have entered the school children's dog derby held here annually.

For three years the honors were won by Pearl Spencer, a girl of thirteen summers. She was precluded from competing this year, however, as her

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner. Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOME SITE LEASES

Unsurveyed areas, not exceeding 50 acres, may be leased as home sites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 400 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.

family had moved to the Pacific coast. With her departure the lady breathed a sigh of relief and undoubtedly believed that the crown would fall on the brow of a "he musher."

They failed to reckon on little Violet Wood, 12, one of the three girls who were entered against the field of 64 boys. She won her preliminary heats in line style and then romped home a winner in the final. She proved a favorite, however, with her opponents, who extended their congratulations to her, but warned her to keep in training for next year's event.

Miss Wood gave all the credit to her three-year-old colic "Beaver" who she trained since he was a pup.

DENIAL IS MADE OF SHORTAGE OF WINTER FEED ON PRAIRIES

SASKATOON, March 10.—Investigation of reports that the winter feed shortage in Saskatchewan was reaching alarming proportions, shows that while many horses are dying off, this is largely due to the carelessness of their owners, who turned them out last fall unshod.

The deep snow made it more difficult for horses to forage on the prairies by pawing through the icy crust for the dead grass underneath. Unshod, they soon developed sore feet which quickly became worse until unable to dig any more they died of starvation.

A farmer reaching Saskatoon recently reported that in a day's travel by sleigh along the Old Battleford trail he had counted the bodies of 150 horses.

WELL KNOWN NATIVE YOUTH PASSES AWAY

Eric Douglas Leighton, Aged 25, Succumbed at Metlakatla on Tuesday—Funeral Being Held Today

Eric Douglas Leighton, aged 25, a native of Metlakatla, died in the native village on Tuesday afternoon. He is survived by a widow and was a member of the well known Leighton family. The funeral takes place this afternoon in Metlakatla, Archdeacon G. A. Rix officiating. Arrangements for the interment are in the hands of the B.C. Undertakers.

A Kick From The Kidneys

If the comic papers be accepted as a criterion, there is something inherently humorous about the kick of a male. Whether this be so, or not, it can be stated upon the authority of the death statistics that there is nothing funny about a kick from the kidneys.

The kidneys are charged with the duty of absorbing and discharging all liquid poisons generated within the body. Let them fail in their work and disease and death is the outcome.

Kidneys depend upon vital energy furnished through the nervous system for their motive power. If spinal pressure upon a kidney nerve makes it impossible for them to function, you get "a kick from the kidneys." This is the time to see a chiropractor—have the nerve pressure removed.

Bad Kidneys Made Good.

"Adjustments made a new person out of me. My kidneys were bad and my back was in terrible condition when I saw a chiropractor. The first adjustment helped—six worked wonders." —Isabelle East, Chiropractic Research Bureau, Statement No. 2095N.
